THE PACIFIC CABLE.

Britain Will Give a Subsidy to the Imperial Line.

THE TRANSVAAL IS ARMING.

Joubert, the Boer General, Is Out Looking for Sites for Entrenchments—Chinese Mining Concession to Anglo-Americans Receives Imperial Consent—Explorers Land on Antarctic Continent.

London, April 27.—The Times announces this morning that the British Government has decided to contribute an annual subsidy to the full amount recommended in the report of the Pacific cable committee of 1896 for the construction of a Pacific cable from British Columbia to Australia. After expressing its satisfaction with the Government's decision, The Times says: "It is not obvious why the Government have decided to pay a subsidy instead of joining on the same terms as Canada and the other colonies. The subsidy method seems to involve foregoing all shares in the probable profits, as well as the right of nominating commissioners in case the line pays and the subsidy should no longer be required. If there be any alarm as to supercession by wireless telegraphy, that scare may be dismissed, as the new system does not promise to bridge vast spaces."

BOERS UNEASY

Over the Uitlanders' Petition to Mr. Joseph Chamberlain, and Are Evidently Getting Ready for a Fight.

Cape Town, April 27.—There is renewed uneasiness over the situation in the Transvaal. President Kruger's chief of staff, General Joubert, is inspecting the frontiers and selecting places suitable for entrenchments. More rigid inspection of the military has been ordered.

Kruger, as he intimated a month ago, evidently is expecting hostilities with England. The Dutchmen are uneasy over the result of the petition to Joseph Chamberlain, England's Colonial Minister, signed by 21,000 English residents of the Transvaal and setting forth their grievances. Chamberlain's action, it is believed, will mark a crisis in English-Dutch relations.

The British army here is being steadily augmented.

That Chinese Mining Concession.

Pekin, April 27.—The contract with the Chinese Government providing for the concession of mining rights in the Province of Ssechuan to Mr. William Morgan, M.P., and his American associates, by which the latter are assured equal rights with the British shareholder, has received the Imperial consent.

HARD FIGHTING IN SAMOA,

But It Was Between the Opposing Factions of Natives.

Auckland, N.Z., April 27.—Advices just received here from Apia, Samoan Islands, dated April 18, report that severe fighting has taken place between large bodies of friendly natives and the rebels. No Europeans were among the injured.

Antarctic Explorers Landed.

Christiania, April 27.—A letter has been received here from Capt. Borchgrevink, in command of the expedition making an exploration of the Antarctic continent, dated from Cape Adair, Victoria Land, Feb. 28, in which he says: "I have now landed on the great Antarctic continent with my staff, instruments and 75 dogs. The greatest discipline has prevailed throughout."

Salisbury's Policy Defended.

London, April 27.—The Earl of Selborne, Under Secretary of State for the Colonies, addressing a Conservative mass meeting last evening at St. Albans, Hertford, said he thought that if any justification of Lord Salisbury's policy were required, it was afforded by the present relations between the United States and Great Britain.

NEWS IN BRIEF SPACE.

D. B. Chisholm, formerly of Hamilton, is said to be a member of the Idaho Legislature.

At the Napanee Assizes on Wednesday ex-Mayor Carscallen was awarded $700 because he broke his leg on a defective sidewalk.

John Hall, a prominent resident of Blenheim Township, dropped dead in a shoe store at Woodstock on Wednesday. He was 74 years old.

The news comes from Cleveland, O., of the death there of Mr. Charles McBroom, formerly of the Equitable Life Assurance Company of Toronto. Mr. McBroom was a son of the late William McBroom, for many years a prominent merchant of Galt, in which town he was educated.

Willie Brown, an employe of the Telfer Manufacturing Company, Toronto, walked into the open elevator shaft in that building on Wednesday afternoon on the third floor and fell to the ground floor, a distance of 50 feet. He had two broken ribs on the right side and a bruise on his shoulder when picked up.

SIEGE OF CALUMPIT.

The Americans Have Partly Taken the Invested Town.

FILIPINOS USING CANNON.

Thought That This Display Is the Last Stand of the Insurgent General Aguinaldo in Force—Strong Philippine Entrenchments Captured—The Losses So Far in This Engagement Are Small.

Manila, April 27.—Aguinaldo's army yesterday defended Calumpit energetically, which is said to indicate that the rebels are finally making that place their last ditch, or stand, which the Americans expected them to make at Malolos. For the first time the Filipinos are employing artillery. They brought two guns into action in the trenches yesterday before Calumpit, firing modern shrapnel, which burst over the heads of General Wheaton's men without effect. The fighting was resumed at 6 o'clock in the morning.

During the night the American engineers repaired the Bagbag bridge, thus enabling the American troops to cross the river.

General Wheaton's brigade advanced in extended order, with the Kansas Regiment to the west of the railroad and the Montana Regiment to the east of it, and took up a position covering one and a half miles on the south bank of the Rio Grande. On the opposite bank were fortified trenches, from which a few American soldiers would have been able to defy thousands, so strongly were they constructed.

The Americans found the trenches on the south bank of the river deserted, which furnished them with cover from which they could pick off Filipinos whenever one of them showed his head.

Rebels Had Cannon.

When the rebels began firing, two puffs of smoke simultaneously from the trenches on each side of the railroad track showed they were using cannon, which was a genuine surprise to the Americans. Several shells burst close to General Wheaton's staff, but it seemed that the Filipinos failed to master machinery of modern shells, as they were unable to get the right range.

Young's Utah Battery was ordered into position in the centre of the Kansas Regiment to silence the rebel guns, and at 11 o'clock the rapid-fire guns had been carried across the river and came into line.

At noon the rebels were still pouring a heavy fire in the direction of the Americans, who returned it spiritedly. Two Americans were killed and seven were wounded.

General MacArthur has secured an order issued by Aguinaldo to the rebel commanders, telling them to instruct their men to economize their fire, save the empty shells, and not to fire at the enemy when the latter is under cover. The Filipinos are also instructed never to fire at a longer range than 150 metres, and, when they have a river or other obstructions in front, to hold their fire until within 80 metres.

This order was issued after the recent encounters between the Filipinos and the Americans.

A Hard Road to Travel.

General Lawton is meeting with the greatest obstacles in the character of the country. His troops have only had a few skirmishes thus far, resulting in five of his men being wounded. But he had been forced to put his men at work building roads, and the transport service is giving much trouble, bullocks dying of the heat and exhaustion and Chinamen having to be employed in pulling some of the carts. Therefore the General has been unable to cover the ground he hoped to cover.

A few Filipino sharpshooters are harassing the American flanks.

More U. S. Troops Arrive.

The United States transport Zealandia, from San Francisco, March 28, having on board several companies of the 9th Infantry and a large quantity of supplies, arrived here yesterday after an uneventful voyage. Her troops are now camped on the water front.

The United States transport Sheridan sails for home to-day. The Sheridan has on board several officers' families who find Manila an undesirable residence.

LATEST MESSAGE FROM MANILA.

Lawton's Force Has Suffered Little—MacArthur Having a Hard Time.

Washington, April 27.—The following cablegram was received at the War Department late last evening from Manila:

Lawton at Norzagaray and Angat, his two columns, united, have driven enemy to north and west. Slight casualities, names not reported. Only means of communication, couriers. MacArthur has taken portion of Calumpit, south of river. Movement attended with difficulties on account of jungle, heat and strong entrenchments. His casualities yesterday three killed, 11 wounded. Developments thus far satisfactory. (Signed) Otis.

MAJOR STONE.

Canadian Artillery to Be Under Command of a British Officer.

Ottawa, April 27.—It is announced that another officer in the Imperial service has been appointed to a command in the Canadian militia. The gentleman is Major Stone of the Royal Artillery, who is to hold a commission next under Major-General Hutton in command of the Canadian artillery. Major Stone's salary is to be $5,200 a year, with or without an allowance for fuel and light according to where he is located, and his expenses in coming to Canada are also to be paid. This is one of the improvements in the service introduced by Major-General Hutton, but it is only intended that it should last one year until the artillery is reorganized.

A Cargo of Corpses.

New York, April 27.—The United States transport Crook arrived yesterday from Ponce, Santiago, and Guantaname, with 356 bodies of soldiers who were killed in battle or died in Porto Rico and Cuba.

Economy Encouragers

While the Alterations are going on at this Store we do not mean to let it interfere with our Sales, and though we have been sort of Topsy-turvy, the SPECIAL INDUCEMENTS which are being Offered have had the Beneficial Effect of Enlarging in no small way the Volume of Business.

Any Prices we quote or have quoted will remain the same till Alterations cease, provided Lines are not sold out.

"Like Diamonds Raindrops Glisten."

Drops of Hood's Sarsaparilla are precious jewels for the blood which glisten in their use, and, like the rain, disappear for the good of humanity. Each dose when taken is in a very short time thoroughly mixed with the blood and actively getting in its work of purification. Hood's never disappoints.

Running Sore—"My mother was troubled with rheumatism in her knee for a number of years, and it broke out into a running sore. She took three bottles of Hood's Sarsaparilla and is now well. Hood's Olive Ointment helped to heal the eruption." MRS. JOHN FAAR, Cloverlawns, Ancaster, Ont.

Dyspepsia—"My wife suffered from rheumatism, dyspepsia and pains in her stomach. She had medical attendance but did not get relief. She read about Hood's Sarsaparilla and tried it. Three bottles entirely cured her. She is now a well and hearty woman." T. W. COVERT, Cape Sable Island, N. S.

Eczema—"I was run down with complaints peculiar to my sex. Large sores broke out on my body head and limbs. I could not do any work on account of the itching. My trouble was termed eczema and I doctored for it for a long time. I then tried Hood's Sarsaparilla and several bottles effected a cure." MRS. J. G. BROWN, Brantford, Ont.

Swellings—"I had a swelling on my chest. It caused me great pain and many sleepless nights. Physicians advised an operation but my daughter urged that I take Hood's Sarsaparilla instead. I did so and after using six bottles, the swelling went away and I have not had any more pains." MRS. J. W. C. CRONKWRIGHT, 432 Front St., Belleville, Ont.

Organs Affected—"I was run down in health and had spells of coughing which left me prostrate. My lungs, heart and kidneys were affected. Took Hood's Sarsaparilla upon advice and soon felt better. I continued the treatment and now feel like a new woman." MRS. SUMMERVILLE, 217 Ossington Avenue, Toronto, Ont.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Daily Examiner.

THURSDAY, APRIL 27, 1899.

HORSE BREEDING.

In the annual report of the Dominion Minister of Agriculture, Dr. William McEachran has a paper on horse breeding. Dr. McEachran says:

"That horse breeding can yet be made profitable there need be no doubt. That branch of stock raising has seen its worst day. The scarcity of good horses for all purposes is very much felt in all populous centres and large cities. The wholesale relinquishment of breeding of horses, both in Canada and the United States, for nearly ten years back is having its effects on the numbers marketable, and consequently on the prices obtainable. Canadian horses are now well known and much appreciated in Britain, and the Canadian farmer who raises carriage, saddle and draught horses of good quality and breeding, with size, bone and action, will have no difficulty in realizing handsome profits. The breeds which will be found most profitable are thoroughbred crosses and heavy draught. They should be very carefully selected for size, bone, action and temper. Of draught horses ,Clydesdale and Shire will pay best. In these size is the most important; the nearer to a ton they can be produced the greater the value for exportation. Such can only be produced by using expensive imported stock — medium sized draught horses do not pay as well. In London, Liverpool, Glasgow and other large cities horses from 1,200 to 1,500 pounds are largely used on omnibuses and vans for goods delivery. To find ready sale, however, they must have good knee and hock action, and be prompt in their movements, a class hitherto difficult to find in Canada."

(t will pay the farmer to raise only the right kind of horses. The trouble in this country is that farmers pay too little attention to the quality of their animals, The cheapness of the sire is the chief consideration, and when there is a suitable sire available, the mare is not there.

The low prices prevailing during the past few years have also stopped breeding. There is no doubt that the two classes most in demand are the thoroughbred cross and the heavy draught. There are very few mares in this country suitable to cross with a heavy draught Clydesdale or Shire stallion, and capable of producing a horse that, at 4 years old, would weigh 18 to 20 hundred. There are, however, a number of mares in the county fairly suitable for crossing with what is known as the thoroughbred and also the standard bred trotter.

The happy-go-lucky way of breeding that is now so general will always be a losing business. The giving prizes to general purpose stallions shows what loose ideas prevail as to breeding. The general purpose stallion is a cross bred horse, and, whatever his own appearance may be, cannot be depended on to produce an animal like himself. A mongrel or cross bred stallion should never be used. If a farmer had a finely bred collie bitch and wanted to raise a litter of collie pups, he would not use a dog of unknown breeding. He would look for a thoroughbred collie. But the same man would probably stint his mare to a general purpose stallion if he was only a good looker.

It is this senseless breeding that is responsible for the numerous mongrels found in the county and which can hardly be sold at any price,

Farmers should determine the class of horse they want to breed. Having determined that, they should get the right kind of mare and stallion of that particular breed.

EDITORIAL NOTES.

Do the newspapers, asks the Sturgeon Falls Colonization, that are hounding Mr. Tarte and impudently reviling him as "the master of the Administration," realize that, while they are adding to Mr. Tarte's popularity by such a course, the fair-minded public regard these attacks as attacks on our French Canadian fellow citizens?—another form of the pecudo-French domination crusade led by the Toronto Mail and Empire and other journals that place partyism before patriotism.

At the grand banquet under the auspices of the Democratic club of New York, which was attended by about sixteen hundred guests, among the speeches was one by Judge Augustus Van Wych, who spoke on "Our Country and her Commerce." In the course of his remarks, he said:

"Canada is at work deepening her canals with a view to having at least fourteen feet of water from Lake Michigan to Montreal. When we shall have completed the improvements now in progress on the Erie canal, connecting New York city, by way of the Hudson River, with Lake Erie, we shall have a depth of just seven feet. What I invite our merchants to consider is whether, as men of enterprise, they think it safe to leave the state and metropolis at so manifest a disadvantage. The statistics of the port prove that we are not holding our own with Canada in the matter of lake traffic."

The school inspectors throughout the province have received a circular from the education department pointing out that the 23rd of May has been chosen for observance as Empire Day. Mr. Ross hopes that by the holding of patriotic exercises on this occasion the children will be impressed with the advantages which they possess as citizens of the Empire. The minister suggests that part of the afternoon be taken up with "a familiar talk by the teacher on the British Empire, its extent and resources; the relation of Canada to the Empire; readings from Canadian and British authors, etc." The aim of the teacher should be to make Canadian patriotism "intelligent, comprehensive and strong." It is also thought advisable that outsiders be invited in to deliver addresses appropriate to the occasion and that the flag be hoisted over the school building. It will be remembered how successfully the celebration of Jubilee Day was carried out in the schools two years ago. Many at that time expressed the opinion that it would be advisable if such a day became a regular feature of the school year. If our people are not taught the love of country when they are children they do not often learn it when they rise to manhood and womanhood. Mr. Ross innovation should have good results.

NORWOOD.

(From our own Correspondent.)

Mr. B. W. Squire returned home last week.

Mr. J. H. Kirkpatrick was in Marmosa on Tuesday on business.

Quarterly meetings will be held in the Methodist church on Sunday next, the 30th inst.

Mrs. Carmichael, of Peterborough, formerly of this place, was the guest of Mr. and Mrs. Richard Nicoll last week.

Mr. D. A. Fraser was in Marmora this week on business.

On Sunday last the Rev. H. McQuade, of Havelock, conducted services in the Methodist church here, preaching special sermons on the education-work of the church. Mr. McCamus conducted the services at Havelock.

Mr. Turner, of Peterborough, occupied the pulpit in Christ's church here on Sunday last in both the morning and evening services. The congregation meet on Thursday night to decide who will be their next pastor to fill the vacancy caused by the removal of Mr. Gibson.

Dr. A. J. Robertson returned from Toronto this week.

The Rev. J. A. McAmes, pastor of the Methodist church here, is a member of the Board of Examiners who are examining the candidates who are trying for the Methodist Ministry this week at Stirling.

Mr. D. F. Wood left on Tuesday last for Winnipeg, Man. He was accompanied by Mr. A. Elliott, of Campbelldford.

The Norwood Cheese Factory has started operations this week.

Mr. Michael Kenneally, of Keane, was in town on Monday last.

Mr. George Swan, Belmont, left on Tuesday for Manitoba.

Mr. J. J. Crowe, License Inspector for East Peterborough, was in town on Monday.

J. Finlay & Son have a large gang of men employed cutting elm which he purchased last winter,

Messrs. Wallser, Ewing, Kennedy, and Brown, of Warkworth, were in town on Sunday.

Mr. Dave M. Hunter, teacher in No. 9 school house, Asphodel, was taken suddenly ill on Sunday with pneumonia.

Mrs. Wm. McWilly, of Asphodel, died last Saturday after a lingering illness of some months.

Bailiff Pengelly was in Warsaw on business on Saturday.

The Norwood High School Football Club met April 10th and elected the following officers for the coming season: Hon. Pres.—Jno. Davidson, L.L.D.; President—W. R. Robertson, B.A.; Vice Pres.—A. Stewart; Captain—F. N. Rutherford; Secretary-Treasurer—D. Pettigrew; Curator—J. Weir; Executive Committee—Officers elected and J. Weir, E. E. Moore and W. Matthieson. The club is open for all matches.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in the back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man I know they saved my life, and robbed the grave of another victim," no one should fail to try them. Only 50c., guaranteed at Jas. Lynch's Drug Store.

KEENE.

Dr. Harrison left on Saturday for Georgia. He will go by way of New York, visiting the National capital and taking steamer from New York to Atlanta. The doctor intends visiting the interesting mountaineers of Georgia and will no doubt secure many rare views. We wish him all pleasures on the tour.

James Campbell, of Queen's, is home for the summer.

Miss Susie Campbell was the guest of Miss Campbell, Lakeview, for a few days this week.

Misses M. Quinn and Josephine Kennedy have returned from an extended visit with friends in Marmora.

Mr. D. Divina is spending a few days this week the guest of Mr. Pat Quinn.

Miss Lettie Miller, of Zion, spent Sunday in Keene.

Harvey Fife left last week for the Canadian Northwest where he will again participate in mining.

Messrs. George Carey, J. Nealon, T. O'Reilly and E. Velve, of Hastings, spent Sunday in the village.

Prof. Orr will give an exhibition of apple tree spraying on the first of May in the orchard of Mr. James Elmhurst.

The high water in the river caused the boom holding the logs of Mr. Yourex to give way and the logs were set adrift in the river. The Dixon brothers are collecting them, yet a loss will occur as all can not be collected.

MADAME WALLACE.

Cured of Female Weakness by Dodd's Kidney Pills.

Montreal, April 17.—The ladies of this city are rapidly coming to realize the value of Dodd's Kidney Pills, as a specific for all Female Troubles.

Mdme. Sarah Wallace, modiste, 338 Papineau ave., has had an experience that goes to show that no other medicine can equal Dodd's Kidney Pills for Female Troubles.

Mdme. Wallace writes:—"I suffered for three years with Female Weakness, and none of our physicians could relieve me. I was advised to try Dodd's Kidney Pills, and had only used one box when I felt better. Now I am cured, and have taken only two boxes."

Dodd's Kidney Pills always cure Female Troubles.

A BOON FOR ALL BUSINESS MEN.

FREEDOM FROM DYSPEPSIA AND NERVOUS HEADACHE ENSURED.

By The Use of Dodd's Dyspepsia Tablets, the Only Positive, Rational Cure for Dyspepsia, Indigestion, and Similar Stomach Diseases.

Why should the merchant go to his store in the morning suffering the torments of a severe Nervous Headache?

There is no more need for him to do so than there is for him to walk through the drifted snow, instead of on the base sidewalk.

No man need suffer from Nervous Headache now-a-days, unless he prefers to do so. For there is a means of cure, absolute, positive and permanent, within the easy reach of every man, woman and child on the North American Continent.

Dodd's Dyspepsia Tablets will positively cure the worst case of Nervous Headache that can torture poor humanity.

Nervous Headache is in nine hundred and ninety-nine out of every thousand cases the result of starving the nerves.

The nerves starve because the supply of rich blood is not sufficient to nourish them.

The supply of rich blood is insufficient because all the food eaten is not digested and converted into blood.

The food is not all digested because the stomach is weak and unable to supply the juices needed to carry out the process of digestion.

Dodd's Dyspepsia Tablets digest all the food eaten. This is converted into rich and nourishing blood, which strengthens and gives vitality to the nerves. When the nerves are healthy and strong you can never have Nervous Headache.

This is why no person need suffer from this agonizing complaint. Dodd's Dyspepsia Tablets cure it and keep it cured.

Dodd's Dyspepsia Tablets are sold by all druggists at 50 cents a box, six boxes $2.50, or sent, on receipt of price, by the Dodd's Medicine Co., Limited, Toronto.

The Falling Leaves Give Warning of Winter

So the falling of the hair tells of the approach of age and declining power.

No matter how barren the tree nor how leafless it may seem, you confidently expect leaves again. And why?

Because there is life at the roots.

So you need not worry about the falling of your hair, the threatened departure of youth and beauty. And why?

Because if there is a spark of life remaining in the roots of the hair

AYER'S HAIR VIGOR

will arouse it into healthy activity. The hair ceases to come out: it begins to grow: and the glory of your youth is restored to you.

We have a book on the Hair and its Diseases. It is free.

The Best Advice Free.

If you do not obtain all the benefits you expected from the use of the Vigor, write the doctor about it. Probably there is some difficulty with your general system which may be easily removed. Address,

DR. J. C. AYER, Lowell, Mass.

THE DOMINION HOUSE.

The Minister of the Interior Settles Opposition Stories.

A REVERSAL OF THE EXODUS.

Bills Introduced Dealing With Insurance Funds—Reserves to Be Calculated on a 3 1-2 Per Cent. Basis—Benevolent Society Legislation—The Coal Oil Duties Discussion Deferred.

Ottawa, April 27.—In the House yesterday afternoon a question by Mr. McAllister (Restigouche) afforded the Minister of the Interior an opportunity to give a denial to the statements which have appeared in various newspapers recently of the alleged exodus of large numbers of Canadians to the United States. Mr. Sifton said that the information in the possession of the Government is that there is no foundation for the reports. On the other hand, the Government had definite information that thousands of Canadians who had gone to the United States in past years came back to reside in Canada last year, and thousands more intend coming back this summer. The Minister of Finance introduced two Government measures, one to simplify the process of incorporation of benevolent societies, and the other lowering the rate of interest in calculations made in connection with the reserve fund of insurance companies from 4½ to 3½ per cent. The question of a reduction of the duty and amendments to the regulations respecting coal oil was introduced by Mr. Moore of Stanstead, and, after an animated debate, the House again declined to deal with the question pending the delivery of the budget speech. At the evening session a number of private and public bills were advanced a stage.

The Insurance Act.

Hon. Mr. Fielding introduced a bill to further amend the Insurance Act. He explained that the bill related to the rate of interest which it is asserted would be earned by insurance companies on their reserve funds. At present the computation of safety for policy-holders was based on the assumption that insurance companies would earn 4½ per cent. on their investments, but the rate of interest in the open market was tending downwards, so that this rate could not be any longer relied on, and it was proposed to place the rate of computation at 3½ per cent., which would apply to all new business from Jan. 1 next. With respect to existing business, a reasonable period would be allowed to elapse before the act shall become operative, and it will not, therefore, affect existing business for two years. Another important feature was in relation to the power of investment of the various companies, and the bill seeks to establish a common standard for investment, and all companies which are willing to come in under it are made to invest under this class of securities. The bill was read a first time.

Benevolent Societies.

The Hon. Mr. Fielding introduced a bill respecting the incorporation of benevolent societies. He said the House was aware that from time to time benevolent societies conducting insurance business under the laws of the several provinces have been in the habit of applying to the Parliament of Canada for Dominion incorporation, and the question of the powers that may be properly conferred upon these companies by the Dominion has been a very vexed question for a number of years. Last year, it will be remembered, there were several bills of that character. One bill was accepted by the Government and insurance department, and passed by both branches of Parliament, whereby a standard was accepted, which it was thought was a standard of safety. Another bill of a less favorable standard passed this House, but did not became law. The association to which he referred is known as the Ancient Order of Foresters, and the purpose of the bill he was now introducing was to take the legislation of last session and make the standard accepted by that company as a proper standard of safety, and make provision that other companies which may desire to obtain Dominion recognition may obtain it by something like letters patent by filing their papers and making the proper application. In this way they may obtain what is practically a Dominion incorporation under a general act without special legislation in each case. He did not intend to treat this measure in the ordinary way of Government bills, but would ask that it be referred to the committee on banking and commerce, so that all the various companies may have an opportunity of appearing before the committee and stating their objections, if there be any objections to the policy outlined. The bill was read a first time.

Government Illustration Stations.

In reply to questions by Messrs. Dugas and Martin, the Minister of Agriculture announced the Government's intention to establish a tobacco-growing illustration station at St. Jacques, Montcalm, and agricultural illustration stations elsewhere as provided for in the estimates; also that in conjunction with the local Government experiments in spraying fruit trees and packing fruit would be made in Prince Edward Island. Mr. Martin was also informed that several poultry-feeding establishments would be started this session.

The Exodus to the States.

Mr. McAllister inquired if the attention of the Government had been drawn to the several despatches in The St. John Sun from places in New Brunswick and Nova Scotia noting the departure of scores of people for the United States.

In reply, Mr. Sifton said the telegrams appeared to him to be manufactured for political rather than news purposes, and he read an extract from The Mail and Empire, in which the statement was made that "Canadians are not going in any numbers to the United States."

The Duty on Coal Oil.

Mr. Moore (Con., Stanstead) moved the following resolution: "That in the opinion of this House it would be in the interest of the farming and laboring classes and the country generally to reduce the duty upon coal oil for illuminating and manufacturing purposes, that it would also be in the interest of the consumers of coal oil for lighting or manufacturing purposes to permit its storage in tanks, and its distribution therefrom, also from tank cars in wagons or other suitable vehicles, to dealers and consumers, thus saving to the latter the cost of barrels and cooperage, and to take such means as may be deemed necessary to protect the Canadian people from the evil effects of trusts, combines and monopolies upon this important industry."

Speaking to his motion, the mover said both parties had given greater protection to coal oil than the consideration of interests of the consumer justified. Oil, he said, which sold in the United States for 10 cents cost 25 cents in Canada. By allowing distribution in tank wagons the cost would be reduced about three cents a gallon, while if the privileges were allowed to dealers in Canadian oil only, the duty could be reduced. He quoted figures to shew that the duty was most oppressive.

Major Beattie, who moved the adjournment of the debate, contradicted many of the foregoing allegations, pointing out also the misleading nature of the charge that the Standard Oil Trust controlled the Canadian wells.

Messrs. Rogers (Patron), Oliver, and Richardson supported the resolution.

The Finance Minister supported Major Beattie's motion for adjournment of the debate, and the Minister of Inland Revenue pointed out the objections, from the consumers' standpoint, to the tank wagon distribution.

Mr. Clancy criticised the regulations and pointed to the fact that the reduction in the duty had not reduced the price of oil.

Mr. Clarke Wallace contended that by controlling the refineries the Standard Oil people controlled the output of coal oil, and for this he blamed the Government, for while the price of crude oil had fallen from $1.40 to $1.15 per barrel, the price of refined oil had increased.

After further discussion the motion of Major Beattie to adjourn the debate carried.

Several private bills, passed through committee, were reported and read a third time.

Casey's Drainage Bill.

Mr. Casey moved that his bill concerning drainage on and across the property of railway companies be referred to a small special committee, when it could be better discussed than if it was sent to the railway committee or considered in committee of the whole.

Sir Charles Tupper objected to so important a bill being sent to a small committee. The proper way was for the Government to assume responsibility for the bill.

Sir Wilfrid Laurier agreed with the leader of the Opposition as to the importance of the bill and moved the adjournment of the debate, which was carried.

Mr. Britton's bill to amend the Criminal Code was discussed at some length, and on the motion of Sir Louis Davies the debate was adjourned.

The Naturalization Act.

Mr. McInnes, in moving the second reading of his bill to amend the Naturalization Act, explained that it was intended to render it more difficult than it is at present for Japanese and other foreigners in British Columbia to take out naturalization papers before a notary public and then obtain fishing licenses. He wanted all foreigners applying for naturalization to appear before a judge and answer certain questions.

Mr. Monk said the bill would not be at all suitable for the Province of Quebec, where the present act worked satisfactorily.

Mr. Davin thought it would cause great inconvenience in Manitoba and the northwest, where farmers may have to drive 40 or 50 miles to find a judge.

Sir Wifrid Laurier moved the adjournment of the debate and the House adjourned at 10.30.

THE SENATE.

Ottawa, April 27.—In the Senate yesterday afternoon Hon. David Mills, in answer to Sir Mackenzie Bowell, said he was engaged in preparing an act to meet the lottery evil in Montreal conducted under the guise of art union drawings.

On the orders of the day Senator Perley called the attention of the Government to exodus going from the Maritime Provinces to the United States. He had been amazed to see from the press the number of young men and women who were leaving those provinces for the United States.

Senator Boulton thought there must be something wrong in the Maritime Provinces to cause this large exodus of Canadians.

Senator Mills was not surprised at the two speeches on this subject, though they were the last that might be expected from two Senators from the northwest. Both speeches were worthy of the Senators who had delivered them. He would like to know how the Government was going to keep the people of the Maritime Provinces in Canada who wished to leave. Did they want the Goverament to issue warrants to detain them.

The debate was continued by Senators McCallum, Ferguson, Power and Primrose.

Sir Mackenzie Bowell moved the adjournment of the House, and congratulated Senators Perley and Boulton on having aroused the ire of the Minister of Justice. The Minister often spoke at random and he had done so in his reference to immigration. There had been a wonderful change in Mr. Mills' opinion since the day when he declared that the National Policy was driving the people out of the country.

Hon. David Mills replied, the motion for the adjournment of the House was then withdrawn and the Senate went into committee on the bill for the preservation of public health on public works. The bill, as amended, was reported.

Do You Want A New Back?

Hundreds of People Daily Exchanging their Old, Aching, Lame, Weak Backs for Strong, Painless, New Backs.

There is no man or woman in Canada who is suffering from those dreadful backaches but would like to get rid of them.

The trouble is, most people fail to recognize what the meaning of a bad back is—don't know that it is the kidneys underneath the back that are the seat of the trouble.

Once it is understood that the back pain is the kidney's cry for help, then people know what to do—go to their assistance with Doan's Kidney Pills.

All over Frontenac county, as well as in Kingston itself, people are having the pains and aches taken out of their backs—having weak backs strengthened. Doan's Kidney Pills is the remedy they use.

Doan's Kidney Pills is the only remedy powerful enough to touch the seat of the disease. That is the opinion of many respected Kingston citizens. That is the experience of Mrs. Presley, 190 King-st.

For several years she suffered with her kidneys. The pain in her back was almost unbearable. She was afflicted at times with violent headaches, and felt worn out and tired most of the time.

The various remedies she tried gave no relief. One day she chanced to see an advertisement of Doan's Kidney Pills and decided to try them.

"They gave me great relief from the very first," said she. "Before taking them I hadn't been able to do a day's work for a month. Now I am able to do my housework with ease."

"I have no more kidney or bladder trouble, and the backaches and headaches have disappeared."

Doan's Kidney Pills are the only never-failing remedy for backache, lame back, puffness and dark circles under the eyes, weakness of the kidneys in children and old people, gravel, sediment in the urine, etc. Sold by all druggists, or sent by mail on receipt of price, 50c. a box, or three for $1.25. The Doan Kidney Pill Co., Toronto, Ont.

Ask for Doan's and refuse all others.

LORD MINTO MADE LL.D.

Queen's Also Confers Degrees of Various Ranks Upon Others.

Kingston, Ont., April 27.—Lord Minto and Rev. W. H. Fitchett of Melbourne, Australia, had conferred upon them the degree of LL.D., and Rev. W. G. Jordan of Strathroy the degree of D.D.

Many students, including a number of ladies, obtained B.A., M.A., and B.Sc. degrees.

These scholarships were announced: Gowan foundation essay, Archy D. M. Solant; Latin prose, Ursilla McAllister, Prescott; Greek prose, J. S. Macdonnell, Fergus; Lewis lecture, J. S. Shortt, Calgary, N.W.T.; McBean essay, T. K. Scott, Glenmorris.

Chancellor Fleming presented a bust of Lady Aberdeen, the work of Hamilton McCarthy. Justice Maclennan uncovered a memorial brass in honor of Senator Gowan and other benefactors. Lord Minto planted a tree in honor of his visit.

The New Woman

Now enters upon pursuits formerly monopolized by men. But the feminine nerves are still hers and she suffers from toothache. To her we recommend Nerviline nerve pain cure—cures toothache in a moment. Nerviline, the most marvellous pain remedy known to science. Nerviline may be used efficaciously for all nerve pain.

RICHARDSON MADE CHAIRMAN.

The Debates Committee Chose Him as Its Head—Pelland's Job.

Ottawa, April 27.—A meeting of the debates committee was held yesterday, when R. L. Richardson was made permanent chairman. A sub-committee reported that room ought to be found in the building where the work of translation should be done under the control of the committee.

A long discussion took place on doing away with the revised Hansard, but the committee would not come to a decision on this point. It was, however, decided that once a member did revise his speech, he could not have a second revise.

Ten applications were received for the position of translator made vacant by the dismissal of Pelland, and a sub-committee of French members was appointed to report on these applications. A claim for $500 was made by Mr. Pelland, but it was not entertained.

Indians an Objection.

Toronto, April 27.—The license commissioners of Nipissing district have refused a license to the thriving burg of Copper Cliff (near the Canadian Copper Company's mines). There are too many bad Indians in the locality.

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1898 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. **Organs of every description at Wholesale Prices.**

Big Bargains now on hand in slightly used. Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

THE IMPERIAL LIFE INSURANCE CO. OF CANADA.

Seven Cardinal Reasons for Insuring in the Imperial:

1. **It Affords Unquestionable Security** to policy-holders, by its large Capital Stock of $1,000,000, and its Dominion Government Deposit of $250,000, being the largest Government Deposit of any Canadian life insurance company.
2. **Its Policy Reserves** are held on the most stringent basis used in Canadian Actuarial calculation.
3. **Its Policies do not Restrict** the assured in respect to residence, travel or occupation, and are payable immediately on receipt of satisfactory proof of death.
4. **Its Policies cannot be Forfeited** after three annual premiums have been paid, but provide for surrender values by way of cash or paid-up insurance
5. **The Premium Rates Compare** favorably with those of other insurance companies, and a grace of month is allowed in payment hereof, during which time the policy remains in full force and effect.
6. **Its Policies are Automatically Continued** in force after three years premiums have been paid, for such time as the whole reserve is sufficient to pay premiums.
7. **Liberal Cash Loans** are granted under policies after three annual premiums have been paid.

Toronto. Hatters. Peterborough.

County Police Court.

A special session of the County Police Court was held at 2 o'clock this afternoon to investigate a charge of assault between two mill employees of Ashburnham. It was settled by the offender paying a $2 fine and $8.40 in costs. The assault occurred on March 10th.

More Sailors at Miss Delaney's.

Miss Delaney was in Toronto this week and secured a choice lot of 100 new sailor hats, which are being offered at 25 cents each. Had they been bought in the regular way the price would have been 50c. They are intrinsically worth double, but the ladies will get them now for just half price. Miss Delaney also brought with her several new pattern hats, which the fair sex will be interested in seeing. 3d

Grafton & Co's Leadership in the Clothing Trade.

There isn't the slightest doubt as to where the best and safest place is to buy clothing. For years we have taken first place as clothiers and each succeeding season our easy leadership became more strikingly in evidence, this year, more so than ever. It is best shown by our magnificent stock of Mens', Boys' and Childrens Suits, which at every point of comparison easily discount anything you may find outside this store in Peterborough. Now we are not going to ask you to accept our statement for that fact, but we expect you to prove it by making your own comparison. That being done carefully and intelligently, we may safely expect you to spend your money here, where your interests are always served to the best advantage.

GRAFTON & CO. Clothing Manufacturers of High-Grade Clothing.

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

—Judge Weller will hold Division Court to-morrow.

—There was no session of the police court this morning.

—Port Hope will hold Dominion Day sports as usual.

—City Lodge, I. O. G. T., meets to-night to elect officers for the term.

—Art examinations will be held this evening in the Public Library building.

—There were a number of loads of hay on the market this morning. It is selling at $9 per ton.

—Several citizens were on George street adorned with brand new straw hats this morning.

—Rev. Mr. Shorey will assist at the opening of Picton's First Methodist church on May 11th.

—This is the last week to secure dog tags. Persons neglecting to secure them are liable to a fine.

—The rotary traps, the property of the Gun club, are under several inches of water in Riverside Park.

—Local dealers are ordering large supplies of lacrosse sundries and there are bright prospects for a lively season of sport.

—The farmers in this vicinity are commencing to grumble at this glorious spring weather. They say they want some rain.

—Constable McGinty has changed his beat from the front streets to the rear alleys. He is on the war path against dirty yards.

—Fairweather & Co. have placed a new Cyclone air pump in their bicycle department, for the use of the public free of charge.

—The finance committee will hold a meeting to-morrow evening to prepare a report for the monthly council meeting on Monday night.

—Mr. D. J. Kennedy, C.E., of Owen Sound, is in town arranging for the erection of the new Electric Power Station, work on which will be commenced shortly.

—A broken plank in the crossing at the rear of the George street church should be looked after immediately. The sidewalk in that vicinity is also in bad condition.

—The Townsend street bridge over the creek is in danger of being swept away. There are only a couple of inches between the level of the water and the bridge flooring.

—James McGuire, an employe of the Canadian General Electric Works, was the fortunate winner of the bicycle given by the OleOlson Company at the Opera House last night.

—Bicyclists are objecting to the fact that some wheelmen refuse to keep on the proper side of the road and thereby endanger those who do so. All should go to the right.

—Look your best to-night and have your picture taken by electric light at J. W. Green & Son's studio, Hunter street. Open from 7 to 10 p.m. Photographs taken at night as well as by daylight.

—Walter Guy, an employe of Calcutt's Brewery, was taken from that institution to his home in Ashburnham this morning suffering from pneumonia of the lungs. Later he was transferred to Nicholls Hospital.

—Infringements of the by-laws regulating bicycling were a source of considerable revenue to the town last year; and the authorities have in no way relaxed their vigilance. Bicyclists should bear this in mind.

—A guest of the "International," Ashburnham, while taking a seat last evening missed the chair and went through the window to the sidewalk, taking two large panes of glass and the sash with him.

—Prof. R. Gliddon's orchestra will assist at the reception in St. John's church this evening, which is being given for the young people of that congregation and All Saints by the members of the King's Daughters and Girls Guild.

—Mr. Whiten, the photographer, is improving the hall entrance leading to his studio on Hunter street. Mr. Whiten's hobby is to have his premises right up-to-date in regard to furnishings and decorations, as well as in first-class equipment of latest studio accessories.

—There was a man doing some tall swearing this morning, in front of the Police Station on Water street. On investigation it was found that he had endeavoured to get a drink at the fountain, but it was running so swiftly that it had splashed all over a shiney new cuff on his right wrist and completely wilted it. The power should be checked somewhat, as it is nearly impossible to fill a cup, so rapidly does the water flow.

AN OTONABEE FIRE.

RESIDENCE OF JAMES ROSE ENTIRELY DESTROYED.

The Water Supply was Not Close Enough at Hand to be of Use.

Last evening about 7.45 the attention of many was attracted by a bright glare that lit up the sky to the south of the town. Those in buggies and on bicycles turned their faces in that direction and soon discovered that it was something more than a haystack or a stable that was furnishing the fuel for the blaze. Ammongst the curious ones was a reporter for the Examiner, and as soon as the source of the trouble was discovered he made tracks for the scene of interest, arriving there shortly after the fire got under headway. The burning building was a large brick residence with verandahs, just below the locks on the east side of the river, on concession 13, lot 26, of Otonabee township.

The owner of the building and of the accompanying six acres of land is Mr. James Rose, a brick layer by trade, who occupied a portion of the house with his wife and six children.

A wild scene of confusion was witnessed. Men of all ages and conditions were rushing in and out of the burning building carrying out the furniture. Everyone volunteered and everyone's aid was accepted. The yard in front of the building was soon littered with furniture and newly arrived spectators perched themselves upon it and watched the progress of the flames, which were licking up everything in the building.

The house is a large two-storey one, 30 feet in width by 34 in depth; built of brick, and was one of the best residences in the vicinity. Mr. Rose was near the barn, which is about 100 yards from the house, when he noticed a smouldering blaze around the chimney on the left side of the roof and hurried forward to examine it. Just then it burst into flames.

The entire roof was soon enveloped in flames and smoke. As soon as it was seen that it was impossible to extinguish the fire all attention was given to saving the contents and furniture, which was successfully accomplished with the exception of some clothing in a rear closet and a stove on the upper storey. The origin of the fire is unknown, but it is supposed that it started from the cook stove, which contained the only fire in the house.

About 8.30 the roof fell in with a crash, and as there were several men in the building at the time there was some fear for their safety. James Rosebury, a butcher who lived in part of the house with his wife and three children, was on the second floor at the time and narrowly escaped accident. He was endeavouring to save some small articles, and the roof giving way his retreat by the stairs was cut off, so he leaped to the ground from the window, thereby receiving an injury to his back which disabled him for the remainder of the night.

The woodshed in the rear was in immediate danger of conflagration, but with the assistance of saws and axes it was cut loose and saved.

About 9.30 the big front wall toppled in, and as most of the woodwork accompanied it a fierce blaze shot up for a short time, but soon subsided, and the house was left a heap of smouldering ruins.

Efforts were made at an early stage of the fire to exterminate the blaze by forming a bucket brigade, but as a spring several hundred yards away was the only source of water supply it was practically impossible to do much, so all attention was directed to saving the contents.

The building was valued at $1500 by Mr. Rose and was insured for $1,000 in the Manchester Insurance Company, through Cox & Davis.

Mr. Rose seemed to take his loss in a philosophical manner, and as he is a builder by trade he will doubtless soon repair his loss. His household effects along with those of Isaac Rosebury were moved into a neighboring house. The various members of the two families were billeted among the kind-hearted neighbors for the night.

During the evening many spectators were attracted by the glare and bicyclists were as thick as flies in a bakery.

PERSONAL.

Miss Hill is visiting Miss Grace Cornell, of Ops.

Mr. Samuel Bickell is in Belleville to-day on business.

Mr. W. B. Talbot is in Cannington to-day on business.

Mrs. John Hall and son arrived last evening from Chicago.

Mr. John Craig, of Lakefield, is in town to-day on business.

Mr. Fred Clarry, of Hastings, is in town to-day on legal business.

Mrs. Thorn is visiting her sister, Mrs. Mark Gardiner, at Garden Hill.

Miss Stella LeMay, of Watertown, N.Y., is visiting her sister, Mrs. H. LeBrun.

Capt. Bottom, the jovial proprietor of the Hastings House, Belleville, is in town to-day.

Mrs. W. H. Kennedy, of Omemee, has returned home after visiting friends in town.

Mrs. James Hill and Mrs. Rehill are guests at the residence of Mr. T. J. Parsons, Omemee.

Mayor Davis is in Toronto to-day.

Dr. Rose, dentist, went to Belleville this morning.

Mr. W. Squires, formerly of town, sang at the Quinte Club Smoker in Belleville Tuesday evening.

Miss Lillie Hall has returned home after spending several pleasant weeks with friends in Detroit.

Mrs. Metcalfe, Wapella, Ass., N.W.T. is visiting her mother-in-law, Mrs. Wm. Metcalfe, 251 Simcoe-st.

Mr. Harold Nelles, formerly connected with the Auburn Woolen Co., is in town to-day renewing old acquaintances.

THE NEW STORE. 385 GEORGE STREET.

Daily Examiner.

THURSDAY, APRIL 27, 1899

WEDDED IN TORONTO.

Marriage of Miss Lizzie Arnott of Toronto, and Mr. Israel Church of Haultain.

An interesting wedding ceremony was solemnized by Rev. Mr. Newham of Grace church, at the residence of Mr. Wm. Arnott, 129 Peter-st., Toronto, on Wednesday evening, April 5th, when his eldest daughter, Miss Lizzie, was married to Mr. Israel Church, of Hamilton.

The bride who was charmingly dressed, was attended, as bridesmaid by her sister, Miss Maggie, and Mr. Jas. Arnott supported the groom.

Mr. and Mrs. Church received a large number of handsome presents as well as the best wishes of all their friends for a long and happy married life.

New Food For Hens.

Saturday a gentleman stepped into this office and purchased one hundred or more old newspapers with which to feed his hens. He tears the paper into shreds and soaks it in sour milk until the whole mass becomes a pulp, when he feeds it to the hens, and he claims that it adds greatly to the egg-producing qualities. The newspaper is gradually extending its field of usefulness. From food for thought it has expanded, until within its sphere is already included food for goats and hens.—Exchange.

Look Out When the Colours Run!

Did you ever buy Wall Paper in which the colors run so badly when the paste went on that the paper hanger could not make a decent job? Well, that's the kind to keep clear of. It's usually sent out to be sold to bankrupt stock dealers. You may feel quite sure that no such stuff will be found in the Wall Paper stock of the Peterborough Bookstore. We find plenty low-priced wall papers with permanent colors to make an attractive room which we can sell at prices no higher than what is asked for the common trash.

A. H. STRATTON & CO.

SPRAYING ORCHARDS.

The appended information relative to the spraying of orchards in the Eastern Division is being sent out from the Experimental Farm, Guelph.

Instructions will be given in the preparation and application of insecticides and fungicides at the following places:

Beamsville — Tuesday, April 25th, 2 p.m., I. G. Houser's orchard.
Markham, Wednesday, April 26th, 2 p.m., A. H. Crosby's orchard.
Prince Albert—Tuesday, April 27th, 2 p.m., F. W. Weir's orchard.
Omemee—Friday, April 28th, 2 p.m., Joseph Sandy's orchard.
Havelock—Saturday, April 29th, 2 p.m., Robert Johnston's orchard.
Keene—Monday, May 1st, 2 p.m., James Elmhirst's orchard.
Colborne, Tuesday, May 2nd, 2 p.m., N. D. Seetsinger's orchard.
Wellington — Wednesday, May 3rd, 2 p.m., D. Gillander's orchard.
Milford—Thursday, May 4th, 2 p.m., Andrew Head's orchard.
Demorestville—Friday, May 5th, 2 p.m., John Crawford's orchard, Bethel P.O.

For the preservation of honey bees spraying while trees are in full bloom is prohibited by law. Penalty $1 to $5.

Anyone wishing a 32-page Bulletin, "Instructions in Spraying," can obtain a copy free by applying to the Ontario Department of Agriculture, Toronto, or to the agent at the orchard on the day of spraying.

W. M. ORR,
Superintendent, Fruitland P. O., Ontario.

Telegraph and Telephone, Winona.

EVENING GLOVES.

In white, cream, yellow, hello blue, pink, green and black Silk; were 60 to 85c, for 50c a pair, at Sutcliffe's.

Is Your Piano in Tune?

The change of season affects pianos as well as anything else. Mr. George Gumpricht, practical piano maker and tuner, with 28 years experience, attends to all orders left at Mr. H. S. Macdonald's drug store.

Linen Centrepieces and Doilies greatly reduced at MRS. APPLEBY'S 426 Water street.

THE FIRST HANDICAP FOR THE GOLFERS.

THE COMMITTEE MADE THE DRAW YESTERDAY.

No Handicap Greater than Eighteen Points Can be Allowed any Player.

An important meeting of the Golf Club Executive was held yesterday afternoon at the President's chambers on Water street. The members present were: R. Max Dennistoun, President; Peter Campbell, W. D. Parker, R. C. McHarrie, J. H. Burnham, R. M. Hamilton, and the Hon. Sec., A. S. Houston. A good deal of business was transacted, and J. H. Burnham was unanimously appointed Chairman of the Executive. Judging from the enthusiasm, and earnestness of the members, it is evidently the intention to make the local champion, Mr. F. C. Napier, (he of North Renwick fame) fight for the laurels, which he so easily won last year. The whole situation is full of the greatest interest for all lovers of the game; and it is confidently predicted that there will be many surprises by the time the genial president's handsome golf medal is competed for, which will be in the fall of the year.

The following draws have been made by the Committee for the 1st handicap. The fee is twenty-five cents each for those playing, the money being devoted to the purchase of first and second prizes the balance going into the funds of the club. Entrance fees must be handed in to the secretary by 12 o'clock Saturday; and the first draw must be played off by the following Saturday. The 2nd draw will be made by the Committee that evening. Members joining between now and Saturday 29th, may enter this competition. In view of the number of those playing, participants will kindly make arrangements so as to expedite the work of the Committee.

THE DRAW.

J. A. Culverwell 6 vs. E. W. Lamprey 12; C. A. Barton 9 vs. S. Ray 12; J. H. Carter 12 vs. F. C. Napier J. W. Garvin 12 vs. Geo. Hatton 18; R. Max Dennistoun vs. H. Ritchie 9; A. S. Houston 18 vs. R. M. Hamilton; E. H. Skill 9 vs. J. H. Burnham; J. W. Bennett 18 vs. C. Bell 12; K. A. Juthie 18 vs. E. H. D. Hall 9; C. J. Rogers 18 vs. F. B. Francis 6; C. Poussette 9 vs. A. G. Parker 9; Fred Hall 6 vs. A. St. A. Smith 9; W. D. Parker vs. P. Campbell; R. C. McHarrie 12, bye.

Some of the new players think that their handicaps are not sufficient, but as the greatest handicap given is never more than one stroke for each hole, it can be seen that more than 18 points advantage cannot be given.

For the two prizes offered for competition to players after 1st September of last year by Mr. R. C. McHarrie, Manager of the Bank of Commerce, a draw was also made. The offering of these prizes had in particular view the encouraging, and developing of the younger members of the club. The competition must be over by the 15th May, and the members are requested to play off their respective matches in the first round before that date; the first prize as a golf bag; the second an approaching mashie. The draw is given below.

Houston vs. E. H. D. Hall; C. J. Rogers vs. McHarrie; Ray vs. Carter; Juthie vs. Lamprey; A. G. Parker vs. A. St. A. Smith; Francis vs. Poussette; Ritchie vs. Skill; Bennett vs. Culverwell; Hatton vs. Bell; Garvin vs. Fred Hall.

THAT FAKE WRESTLER.

Additional Details of Doyle's Escapades in Tilbury.

Tilbury, Ont., Times, April 21st.—Ed. Reakes passed through here on the C.P.R. Sunday, with a lawyer on his way to fight extradition proceedings on behalf of his brother Bob, who cut such a swath here lately under the name of Walter Norman. He flourished a roll of $1,500 which he said he was prepared to spend to aid his brother. He said the swag his brother got in Tilbury amounted to between $700 and $800, and stated that there is no longer any money in legitimate wrestling, and all wrestlers now find it necessary to do crooked work. He claims that the man who is pushing the charge in New York state was also victimized similarly to the Tilburyites, on a "sure thing," except that the victim also put up his watch and chain, so that the charge against Reakes is for stealing the latter, as well as mortgaging furniture which did not belong to him.

The fact that the charge may fall through is shown by a letter to the Times from the Little Valley, N. Y., sheriff, advising the Tilburyites to swear out warrants against the prisoner, if they have any grounds, in case his proceedings are defeated. Tom, who aided his brother here, is a prosperous real estate owner of Mt. Pleasant, Mich.

The editor of the Little Valley Herald writes the Times: "Reakes worked Randolph people, Cattaragus Co., on nearly the same game as your paper tells me. I have a cut that the sheriff brought here when he had the postals printed which caught the lad. He is a fake of the first water and a hard man on the mat.

Linen Centrepieces and Doilies greatly reduced at MRS. APPLEBY'S 426 Water street.

RAILWAY NOTES.

—It is reported that the new rules will go into effect on the G.T.R. system on May 1st.

—The C.P.R. is about to inaugurate the "Empire Limited" train from coast to coast. The train is to average 45 miles per hour in its transcontinental passage, and will make no stops save to change engines and take water.

—A small landslide occurred east of Omemee on Monday night and the train leaving at 9 o'clock ploughed into it, but got through all right. The earth was promptly removed by section men.

—Mr. Arthur White, divisional agent, of the Grand Trunk R. R., will visit Midland in a few days with Hon. Mr. Drummond of Montreal, to select a site for the new blast furnace. It is expected that the new industry will open in November.

ALL HEADACHES
from whatever cause cured in half an hour by HOFFMAN'S HEADACHE POWDERS

W. LECH & SONS.

HALLS GLEN.

To the Editor of The Examiner.

Dear Sir,—I noticed an item in the last issue of your paper of the 20th inst., regarding the License Commissioners meeting, or rather the petition sent in requesting that license be withheld from Mr. Morgan's hotel at McCracken's Landing, Stoney Lake.

Now sir, I affirmatively conclude that the writer of the above mentioned item, has either made some partial or incorrect statements intentionally or else he did not exactly understand that about which he was writing. One of the errors were that Mr. G. A. Hamblin did not appear with the petition against Mr. Morgan or his hotel, but rather in the interests of temperance in general. I positively and firmly reply in the negative.

Mr. Hamblin did not appear with his petition absolutely in behalf of temperance in general.

In the first place the hotel is not needed there and secondly the effects of such is disturbing and injuring our neighborhood, and for these just reasons only was the appeal made for justice. The second statement I wish to repute is the number of electors on the voters' list. The writer said there were 140 entitled to votes in this municipality, yes, well Mr. Writer you count a great deal faster than I do. I am prepared to prove there are only about 126 or 128 disincluding the dead and those who are residing elsewhere. You also said the petition contained only 63 signatures. I answer as one who knows for a certainty there were 68, two of which were objected to, leaving 66 substantial signatures. This gives a majority. On the other hand, the writer misrepresenting it, gives a large minority against the hotel. It may be noticed that a number of persons who signed for Mr. Morgan to build the hotel after two years experience have repented and signed against him now, and if he got 90 signers I understand a number was got outside this sub-division, No. 4.

ARCHIE C. CARVETH.

In regard to the above it might be mentioned that Mr. Carveth was not at the meeting of the Commissioners of which he writes, whilst the writer of the report complained of was in attendance and therefore in a better position to know what actually took place.

—Those interested enough to begin to question as to whether they are getting quality and value for their money should purchase one single packet of "Salada" Ceylon Tea and give it an opportunity to prove its wonderful drawing qualities, then form your judgment.

STOCK NOTES.

Mr. Maurice O'Brien, of Douro, has sold his British Lion Canadian Draft Horse, "Good Enough" to Mr. Albert Bertrand of Myersburg, Mr. Bertrand is to be congratulated on securing so magnificent a horse as "Good Enough," who always swept everything before him in his class at the fall fairs. Besides being a good shower in the ring "Good Enough" was a grand stock getter and has probably sired more matched teams than any horse in the Midland District. At the two last spring stallion shows in Peterborough the horse took first prize and a diploma at both. Farmers can make no mistake in using "Good Enough" and an improvement in the stock around Meyersburg will be sure to follow his advent in that district. Breeders in the neighborhood of Peterborough will greatly regret to hear of the departure of this great Canadian bred draft. He was raised by Mr. James Baptie of Springville, who also bred a half brother to him, which has won a great name for itself.

Babies Tortured

By flaming itching eczema, find comfort and permanent cure in Dr. Chase's Ointment, a preparation which has a record of cures unparalleled in the history of medicine. Eczema, Salt Rheum, tetter, scald head, old people's rash, and all itching skin diseases, are absolutely cured by Dr. Chase's Ointment.

Silver Plating.

Silver plating neatly, promptly and cheaply done by the Peterborough Lock Manufacturing Company. Ladies, look over your silverware and when you have forks, knives, spoons or any pieces of silverware tarnished or plate worn off, bring it to us and have it nicely done over and made as good as new.—The Peterborough Lock Company. d

GOOD NEWS TO THE PEOPLE:

I've come again to get another pund o' yer good 25 cent Japan tea. We think your tea the best, an' that's just the reason we buy it. It is fine tea, and John says anbody ocht to get the best value for their bawbees, and your just the mas to gie it. We've tried either shops, but were richt at last, and we wull stay wi' ye. We are pleased to see that the people of the town and country appreciate our efforts to give them the purest and best teas, general groceries and provisions at honest prices. There is no gold mine to give away, but we promise to give our friends and customers the best value all round that can be given. We invite all the people to come and share in the good things to eat. Good assorted stock of Fresh Vegetables, Canned Goods, Pickles, H. Radish, Preserves (home made), at low prices at the place where the people buy the good tea.

JAS. SUTHERLAND, 328 George St. Peterborough.

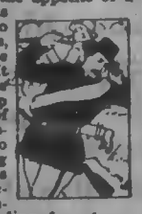
Mercer's

High - Class Cash Tailors and Gent's Outfitters.

The man who has lost a leg on the field of battle may find a fairly serviceable substitute in a crutch or a wooden leg, but the man whose lungs have been invaded by the deadly germs of consumption must act promptly or give up all hope.

There is no substitute for a destroyed lung, and there is no hope for lungs that are crippled, save in Dr. Pierce's Golden Medical Discovery. Although sweet to the taste it contains no syrup or sugar, which so often disagrees with the dyspeptic stomach. It contains no alcohol to inebriate or create morbid craving for stimulants. It is the only known medicine that, acting through the blood, will build new and healthy lung tissues. It builds up the lungs because it builds up the whole body. It endows a man with the appetite of a football player. It puts strength and muscle into the stomach and intestines, and causes the digestive juices to flow freely. It fills the blood with the elements that build up every organ and tissue of the body. It turns diseased lung tissue into healthy tissue by aiding nature in her own process of tearing down and rebuilding. It cures bronchitis, weak lungs, bleeding from lungs and lingering coughs. It prevents consumption by curing the weakness that leads up to it. Honest druggists do not offer substitutes, and urge them upon you as "just as good." Below is one of the thousands who have testified to these facts.



Abram Freer, Esq., of Rockbridge, Greene Co., Ills., writes: "My wife had a severe attack of pleurisy and lung trouble; the doctors gave her up to die. She commenced taking Dr. Pierce's Golden Medical Discovery and she began to improve from the first dose. By the time she had taken eight or ten bottles she was cured, and it was the cause of a large amount being sold here. I think the 'Golden Medical Discovery' is the best medicine in the world for lung trouble. My wife is now using the 'Favorite Prescription' for 'turn of life.'"

Feel cranky? Case of constipation. A man or woman who neglects constipation suffers from slow poisoning. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.

MARKET REPORTS.

Chicago Wheat Options Declined Early, But Recovered—Liverpool Dull—

The Latest Prices.

Liverpool, April 27.—Wheat futures yesterday were easy, closing ½d per cental below Tuesday's final figures.

Chicago, April 27.—Wheat futures were erratic yesterday. The market opened weak and declined on liquidation and short selling. The May option fell 1½c, the July option ½c, and the September article 1c. At the decline there was buying through commission houses, and before the close futures had pretty fully recovered the early loss.

A Good Thing Well Done.

New and pleasing ideas in advertising always interest. Nothing has appeared for years which is so attractive as the Hood's Sarsaparilla advertisements, utilising proverbs and wise sayings as headings, each followed by a little homily cleverly connecting the proverb with the subject. Besides this, the quaint Jensen italic type for the preliminary sentences, finishing with a script slogan, "Hood's Sarsaparilla Never Disappoints," adds to the effectiveness. All this work is running in over 7000 papers.

Winnipeg News Notes.

Winnipeg, April 27.—Rev. J. Iverach, D.D., a distinguished Scottish professor of theology, arrived in the city yesterday, and will give a three weeks' course of lectures in Manitoba College.

The last word from Kildonan yesterday afternoon was that Senator Sutherland is gradually sinking and is not expected to last more than two or three hours longer.

Seeding is general throughout the province.

The Wood Company, Windsor, Ont.

Wood's Phosphodine is sold in Peterborough, by H. H. Edmison.

THE STORE DETECTIVE.

One Occasion Where He Got Decidedly the Worst of It.

The tables were turned upon a woman detective in one of the large department stores recently when a woman whom she had been following from counter to counter turned on her and not only pulled her hair, but tore her gown. To a policeman who was summoned by the detective the shopper said that she was not a thief, and that the detective's espionage was an insult. No arrest was made.

The female detectives are known to the regular patrons of the stores where they are employed, and it is not improbable, when the shopper said that it was an insult to be followed by this woman, that she was thinking what opinion the other shopppers might form of her. One store in this town which obtained a lot of free advertising several years ago because of the energy of its female detective has paid heavily for it since. It was a store which by its arrangement offered great temptation to shoplifters, and undoubtedly it suffered from them. The woman detective was engaged, and as she was the pioneer of her class she attracted so much attention that she became unduly ambitious in her line of work. If a shopper happened to pick up an article and walk to another counter with it, a habit of many women, the detective was right beside her, and she felt that in the eyes of the sleuth she was a probable thief, even if no arrest was attempted.

The annoyance of this woman's actions became so great and the numbers of arrests made by her was so large that the old patrons of the store fell away. They felt that the risk of being mistaken for a shoplifter outweighed the advantage of the bargains offered.—Chicago Chronicle.

A Remarkable Piano.

One Bouchet, who compiled a history of Acquitaine, describes a remarkable pianoforte built for Louis XI by the Abbe de Baigne. The king one day hearing a drove of hogs tuning up preparatory to a general rush for and promiscuous scramble at the slop pail, laughingly ordered the priest to contrive means by which these seemingly discordant sounds might produce harmony.

Tradition does not affirm that the reverend gentleman scratched his head thereat, but owing to the prevalence of the tonsure it is safe to assert that he did not. Notwithstanding which, however, he managed to nicely grade the drove, from the thin treble of the shote to the bassoon grunt of the tusked boar and, having arranged them in stalls under a pavilion, announced to his astonished majesty, who had not thought of the matter since, that the piano was in tune.

The king, incredulous, attended, and when the abbe struck the keys there poured forth to the delight of the entire court a burst of music such as Orpheus never conceived. The explanation, when the crafty prelate chose to expose his plan, was most simple. The keys being struck, a prong set in motion by the action was stuck into the pig, grazing or piercing, according to the force and temperament of the player, the resulting squeal, howl or groan producing harmony

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

Paste Gems.

The pleasure of wearing sparkling stones is to a great extent the knowledge that others cannot afford to wear them. But this is a pleasure with which I have no sympathy. Jewels should simply be regarded as an ornament, irrespective of their intrinsic value. But so little is this realized by the wealthy classes that many ladies wear sham diamonds exactly similar to those that they possess, which are kept at their bankers for fear of theft. This is much like a person plastering himself over with certified bankers' checks. It is a mere advertisement to all that the person is so wealthy that he or she can afford to leave a vast amount of capital locked up without interest.—London Truth.

A Backward Boy.

President of the Company—I guess you'd better discharge that boy.

Manager—Why? He seems to be a nice, quiet kind of a boy, and I haven't noticed that he has neglected his work.

President—That's all very true, but I don't think he has the making of a financial genius in him. He's been around here for more than three weeks now and hasn't given either you or me to understand that he knows more about the business than we do.—New York World.

Some of the machines for making matches which are used in these days make 200 revolutions in a minute and turn out about 2,500,000 matches daily, or about 900,000,000 annually.

The vine attains a great age, continuing fruitful for at least 400 years. It is supposed to be equal to the oak as regards longevity.

Ground For a Pension.

"What grounds have you for asking a pension?"

Applicant—Why, when the engagement began I lost my head.—Baltimore Jewish Comment

Realism.

When the realistic artist
Got thirsty at his work,
He seized his facile pencil
And deftly drew a cork.

Bed Bugs.

The housewife's horror—driven out of the house with Persiatic Bed Bug Exterminator. It is a liquid—much more effective, searching and cleaning than a powder. One or two applications, on the parts infected will completely exterminate every trace of insect pests. Persiatic Bed Bug Exterminator is the most powerful insecticide in the market. At all druggists; price 25 cents.

The PICKHARDT RENFREW CO., Stouffville, Ont. LIMITED

Found His Dead Body.

St. Catharines, April 26.—Howard, the 4-year-old son of Mr. William Goodliffe of the Western Hill, this city, was missed from his home yesterday morning, and although some anxiety was felt nothing serious was anticipated until one of the G.N.W. Telegraph linemen found his body in the 19-mile creek lifeless. He had been playing in an old boat and it is supposed he fell into the water.

Negro Killed by Negroes.

Galena, Kansas, April 26.—Charles W. Williams, alias Jones, colored, was shot to death in the city jail yesterday by a mob of negroes. Williams killed Laura Canafax, a negress, the day before. The mob, composed of about 25 masked negroes, went to the jail, and four gained entrance by breaking the door.

Swung for the First Time.

Sault Ste. Marie, April 26.—Yesterday afternoon the new swing bridge of the Canadian Pacific Railway over the Government Canal at this place was swung for the first time. The superstructure is 408 feet long, and is said to be the longest swing bridge in Canada. The Canadian Canal is now open.

Fish and Wife Arrested.

Dubuque, Iowa, April 26. — Oliver Campbell Fish and wife are under arrest here charged with the theft of $6,000 worth of merchandise from a store at Emsdale, near Parry Sound, Ont. They have agreed to return to Canada without extradition proceedings.

Brothers Died Together.

Bismarck, N.D., April 26.—James and Joseph Caldwell, brothers, living on a ranch near Williamsport, quarrelled last night and James shot his brother to death with a rifle. He then committed suicide by drinking carbolic acid.

ITCHING PILES. . .

Positively and permanently cured by Dr. A. W. Chase's Ointment.

Dr. A. W. Chase's Ointment is an absolute cure for piles, and has never been known to fail to cure the worst forms of this disease which has baffled medical skill for ages.

This statement may sound rather strong to persons who do not know the superior merits of Dr. A. W. Chase's Ointment, but it is perfectly true, and heartily endorsed by the grateful testimony of thousands of men and women who have been cured by it after years of suffering, and after trying many preparations and consulting the best doctors.

Mr. H. Bull, Belleville, Ont., says: "I take pleasure in stating that after thirty years of suffering with Itching Piles, Dr. Chase's Ointment has completely cured me. I tried every remedy that was advertised, with little or no benefit, but as I have told different persons affected as I was, Dr. Chase's Ointment made a perfect cure."

Dr. Chase's Ointment has a record of cures unparalleled in the history of medicine. It is guaranteed to cure any case of piles. For sale by all dealers, or Edmanson, Bates & Co., Toronto.

SUED FOR PAYING MORE WAGES.

A Novel Suit Entered in the District Court at Washington.

Washington, April 26.—A novel suit was filed in the District Court yesterday by Abraham Lisner, proprietor of a large combination store, against Hect & Co., a firm in a similar business. The damage asked is $5,000, but the main object of the action is to determine the right of the employer to induce the employes of another to leave the service of the latter by offering higher wages.

In his bill the plaintiff alleges that Hect & Co. conspired to entice and persuade Caroline Hirsch, one of the clerks, to leave his employ and enter that of the defendants, by reason whereof he was compelled to increase the salary of Miss Hirsch in order to have her re-enter upon and continue to perform her duties as one of his clerks.

Mr. McLaughlin Is Very Ill.

Avonmore, Ont., April 26.—John McLaughlin, M.P.P., has severe typhoid fever at his home here. His son, Dr. James A. McLaughlin of Benson, Minn., arrived yesterday morning, and immediately held a consultation with Dr. W. C. Whittaker. Poor hopes are entertained for the patient's recovery.

American Soldiers Starving.

Havana, April 26.—Five American soldiers who were discharged on Sunday and who were waiting for transportation and pay have been compelled to sleep in the parks and beg for food. Of 200 men discharged on Sunday only 38 received tickets, although more than $200 was due to each man.

Summoned a Toronto Man.

London, Ont., April 26.—At the Police Court yesterday morning Col. Smith of Orillia, a retired British officer, applied for a summons to P. Sharpe of Toronto, who, he alleges, assaulted him at the G.T.R. station on Monday.

Who Was the Man?

Harriston, April 26.—The inquest on the body of the unknown man found on the road near here on Saturday evening was resumed yesterday, but nothing new was discovered.

A Brakeman Killed.

Winnipeg, Man., April 26.—A brakeman named Percy Holling was killed at Birtle yesterday by falling from a freight train. Deceased leaves a wife and four children.

FREE!

Medicines and Appliance

To any honest man who may try them a reasonable time.

If he is pleased with the result, he is to keep and pay for them. If he is dissatisfied, he has simply to return the appliance and remainder of medicine to us, and that ends the transaction without any expense whatsoever. There is no C.O.D. fraud, no deception of any nature.

Our treatment is so sure to give bodily strength, to remove impediments to marriage, to stop unhealthy losses, to bring natural development and tone to every portion of the body, and to restore to weak men the feelings and buoyancy of youth, that we gladly make this offer in good faith.

Our new medical book will be mailed without charge in plain sealed envelope.

Hands and Arms Covered with Salt Rheum.

No rest night or day for those afflicted with that terrible skin disease, Salt Rheum, or, as it is often called—Eczema.

With its unbearable burning, itching, torturing night and day, relief is gladly welcomed.

There is no remedy like Burdock Blood Bitters for giving relief to such sufferers.

Apply it externally and it takes out the stinging, itching and burning and promotes healthy healing. Take it internally according to directions and it gets at the source of the disease in the blood and completely and permanently drives it out of the system.

Hundreds of permanent cures of this severe skin disease by B.B.B. have been reported to us during the past year.

One of these is that of D. A. McLellan, Pelee Island North, Ont., which is as follows:

"I wish to bear testimony to the good I have received from Burdock Blood Bitters.

"About 8 years ago I was troubled with Salt Rheum.

"My hands and arms were covered with sores to the shoulders.

"I took three bottles of B.B.B. and it made such a complete cure that I have never been troubled with that disease since."

NORTH AMERICAN LIFE Assurance Co.

J. L. Blakie, President.
Wm. McCabe, F.I.A. Manag'g. Direct'r

This financial institution is acknowledged by all to be one of the soundest on the continent. Its record in 1898 was quite in accord with its unexcelled success in previous years:

Policies issued amounted to over	$ 4,000,000
Insurance in force to over	20,000,000
Cash Premium Income	650,000
Cash Interest Income	142,483
Total Assets over	3,137,000
The Net Surplus	474,000

Last year the interest earnings alone exceeded in amount the Death Claims—a remarkable fact.

DR. GAUTHIER ENDORSES

The statement that Mr. Major owes his life to . . . . **DR. CHASE'S Kidney Liver Pills**

Dr. J. T. A. Gauthier, of Valleyfield, Que., writes: "I, the undersigned, certify that the contents of this letter, in regard to the cure of Mr. Isadore Major, by the use of Dr. Chase's Kidney-Liver Pills, is correct."

Here is Mr. Major's letter: "After so years of suffering from backache and kidney disease I owe my life to Dr. A. W. Chase. I had tried an endless variety of remedies to no avail, and on the recommendation of a friend began the use of Dr. Chase's Kidney-Liver Pills. Two pills that night and two next morning gave great relief, and I continued their use until now I am completely cured. My friends are surprised and pleased to see me well again, for I spent hundreds of dollars in vain trying to get cured. Before using Dr. Chase's Kidney-Liver Pills my back ached so I could not put on my shoes and couldn't lift so lbs. My shoulders were sore, I had headaches and a bad taste in the mouth. These troubles are now entirely gone and what I say I am ready to prove. I have told my friends of my wonderful cure, and many have been greatly benefited by using these pills."

Dr. Chase's Kidney-Liver Pills are the greatest kidney cure the world has ever known. One pill a dose, 25c. a box at all dealers, or Edmanson, Bates & Co., Toronto.

TALKING DOWN THE TUBE.

Unpleasant Results From Keeping a Harsh Voiced Maid.

One of the unpleasant features of life in a flat is that you unconsciously turn friends or indifferent acquaintances into active enemies. Some one rings the bell. Your faithful maid rushes from the kitchen to the speaking tube.

"Who is it?"

But no words can describe the forbidding tone in which this natural request is made. You say to yourself, "I must sandpaper Emma's voice."

If you were at the other end of the tube, you would hear a well bred question:

"Is Mrs. Smithers in?"

"Who is it?" (Emma is uncompromising.)

"Is Mrs. Smithers in?"

"What's your name?" (Fortissimo.)

"I asked if Mrs. Smithers was in."

"Yes, but who are you?" (You rush into the hall to expostulate.)

"Will you tell Mrs. Smithers that Mrs. De Lancey Montressor called?"

"Come up."

Silence.

Ominous silence. You look out of the window. Mrs. Montressor is going away. The back of her head looks angry.

And it was only last Thursday that you invited her to talk with you at your home about getting up a class to study Dante in the original.

Emma is in the kitchen. You dare not reproach her. In the first place, you yourself told her always to ask a caller's name before opening the door. In the second place, she is getting dinner —Boston Journal.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard street, Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remembering doing before. I feel like sounding its praises throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c and $1.00. Trial bottles free at Jas. Lynch's Drug Store; every bottle guaranteed.

In Boston.

"Mother," remarked little Emerson Beans, aged 8, as he laid aside the morning paper, "in my perusal of the journal of intelligence that each morning is left at the portal of our domicile I find that an unfortunate pugilistic encounter occurred in the metropolis last evening. The account states that one of the fistic champions, by applying a peculiar fluid to the puter covering of the contest gloves, wrought serious damage to the optics of his opponent."

"Does it say that, Emerson?"

"Well, mother, not in so many words. The headlines read 'The Husky Bloke Put His Pard's Lamps on the Outs With a Brace of Doped Mitts,' but I infer that it means the same."

Hairene for the Hair

Dr. Andrew Grant & Co., Toronto:

Dear Sirs,—Having had your "Hairene" in stock now for about a year, I cheerfully testify to its merits, not only as a seller, but one giving entire satisfaction to my customers, and is the best article of the kind that has ever come under my notice.

Yours very truly,
W. R. HOWSE,

The fac-simile signature of Chas. H. Fletcher is on every wrapper.

WASHINGTON IRVING.

He Was an Utter Failure as an After Dinner Speaker.

Washington Irving was not a ready after dinner speaker. The author of "American Bookmen" says that he shunned public appearances. Yet when Dickens came to New York, in 1842, Irving could not escape presiding at the great dinner in his honor. They had already become friends through correspondence, for Irving's delight in Little Nell had to be expressed in a letter to the author, and Dickens, in his enthusiastic response, had said:

"'Diedrich Knickerbocker' I have worn to death in my pocket, and yet I should show you his mutilated carcass with a joy beyond expression."

The night of the public dinner came, and Irving's dread of the introductory speech kept him murmuring throughout the repast. "I shall certainly break down."

At the proper time he rose to his feet, began bravely, but could only utter a few sentences, and ended by taking refuge in the announcement of the toast:

"Charles Dickens, the guest of th nation."

The applause was generous, and Irving took his seat.

"There!" he said. "I told you I should break down, and I have done it!"

Later, while on his way to Madrid, he found himself called upon at the dinner of the Literary fund in London to respond to the toast, "Washington Irving and American literature." All he could say in acknowledgment of an enthusiastic reception was:

"I beg to return you my very sincere thanks."

One Englishman at the table was heard to make the laconic comment. "Brief!"

"Yes," said another beside him, "but you can tell the gentleman in the very tone of his voice."

KISS ECHOES.

It will be noticed that the spinsters' crusade against kissing was not begun until after Hobson had left the country.—Pittsburg News.

And now nobody says that meningitis is spread by means of the kiss. But it will take something worse than meningitis to stop the kissing habit.—Louisville Courier-Journal.

Hobson will be appalled when he hears that Miss Marguerite Lindley has said: "I hope to see the day when kissing is entirely unknown. I wish it could be made illegal. It is not a clean thing to do. It should be discontinued by every thinking woman."—Duluth Herald.

ENGINEER GRAHAM,

Of Montreal, Cured by Dodd's Kidney Pills.

Montreal, April 24.—Proof positive and convincing has already been given in Montreal that Dodd's Kidney Pills are the only sure cure for diabetes. And day after day fresh evidence comes to light to make the proof more emphatic and convincing.

Engineer James Graham, 54 Victoria Square, says: "I suffered with Diabetes for six years. One of our best doctors told me I could not be cured.

"I read of Dodd's Kidney Pills and decided to try them. Three boxes made me well, and I have not suffered from Diabetes since."

Such cures as this prove the efficacy of Dodd's Kidney Pills.

Cranky Vessels.

Even the best designers never know how their ships will turn out when completed. They may break all records for speed, or they may be so slow as to be entirely useless—a mere waste of money.

Years ago two mud barges were built at San Francisco, exactly alike, constructed from one design. One of them was quite commonplace, but the other raced every barge in the bay and beat them all; raced every yacht on the Pacific coast and beat them. She was so fast that yachts were built on her lines, but turned out mere barges for sloth. Nobody could see how this craft differed from her crawling sisters or from the yachts.

In 1851 the America went to Cowes, England, and raced for a prize cup. She won that trophy, and then an Englishman bought her and improved her hull, stiffening it with knees throughout. After that she lost every race.

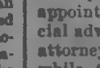
The French Supreme Court.

The constitution of the cour de cassation is as follows: One president, or chief justice, stands at the head of the organization, having below him three subordinate presidents, each of whom has charge of a chamber. Next in order come 45 minor judges, styled councillors, 15 for each chamber. Besides these strictly judicial functionaries, who are appointed for life, there are seven official advocates, one of whom is a sort of attorney general to the whole body, while two practice in each of the divisions.

To this staff must be added four chief clerks and about a score of minor officials. Of the three chambers, the first is a court of requests, serving to decide what cases shall be allowed to go before the civil and criminal chambers respectively. Eleven judges in all the divisions are necessary to form a quorum. The courts only sit three days a week, from 12 to 4, so that this huge machine does its work very slowly.

That Throbbing Headache

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents, money back if not cured. Sold by Jas. Lynch, Druggist.



Cook's Cotton Root Compound

Is successfully used monthly by over 10,000 Ladies. Safe, effectual. Ladies ask your druggist for Cook's Cotton Root Compound. Take no other as all Mixtures, pills and imitations are dangerous. D-O-D-D-'S

DYSPEPTIC CARLYLE.

His Deprecatory Opinions of Several of His Famous Contemporaries.

Dr. J. B. Crozier, a Canadian physician, in a volume called "My Inner Life," tells of a very breezy interview he had with Thomas Carlyle, whose advice he once sought about going in for literature. Dr. Crozier, in reply to the old man's query as to what authors he knew, mentioned John Stuart Mill. Carlyle broke out:

"Oh, aye, poor Mill! He used to come to me here with his Benthamism, his radicalism, his greatest number, and a' that nonsense, but I had to tell him at last it was a' moonshine, and he didna like it. But he was a thin, wire drawn, sawdustish, logic chopping kind of body, was poor Mill. When his book on liberty came out, he sent me a copy of it to read, but I just had to tell him that I didn't agree with a single word of it from beginning to end. He was offended, and never came back to me.'

The doctor tried Buckle:

"Of all the blockheads by whom this bewildered generation has been deluded that man Buckle was the greatest. • • • A more long winded, conceited blockhead, and one more full of empty, barren formulas about the progress of the species, progress of this and progress of that, and especially the progress of science, I never came across—a poor creature that could be of service to no mortal."

And finally Herbert Spencer:

"Spencer! An immeasurable ass. • • • And so ye've been meddling with Spencer, have ye? He was brought to me by Lewes, and a more conceited young man I thought I had never seen. He seemed to think himself just a perfect owl of Minerva for knowledge. • • • Ye'll get little good out of him, young man."

No Half Way Invalid.

"My friend," said the nervous man, "don't you think you ought to take something for that cold? You know what a great deal of trouble may arise from a slight cough."

"That's all right," answered Derringer Dan. "I never had a slight cough in my life. When I cough, I cough like blazes."

Horseback Riding.

Horseback riding possesses, according to some physicians, the faculty of both increasing and reducing weight. If meals are taken immediately after riding, additional flesh is gained, otherwise a decrease of flesh results.

DID YOU EVER

stop to consider that neglected Coughs and Colds are followed by Bronchitis and other throat and lung diseases—all breeders of Consumption?

Dr. Wood's Norway Pine Syrup.

Better stop the Cough now with a few doses of Dr. Wood's Norway Pine Syrup, than suffer ever afterwards.

Mr. Frank Jennings, Coldwater, Ont., says he was troubled with sore throat and weak lungs, but Dr. Wood's Norway Pine Syrup cured him when other medicines failed.

Price 25c. and 50c. At all dealers.

A WOMAN'S HAND.

The dawn grew golden in the east,
The dancing and the music ceased,
The world, the world of men, awoke
And then the guest who tarried spoke.

And as he spoke he took her hand
In his (he could not understand
And hold it, tiny, white and slim,
While she in silence gazed at him.

"Soft little tender, birdlike thing,
May time or toil," he murmured, "bring
No fine to thee, poor girlish hand!"
(Oh, he could never understand!)

Then she, with one strange wistful look,
Drew back the hand he idly took
And, smiling, bid it from his gaze
While he bowed low and went his ways.

The little hand remained the same
Soft, birdlike thing, and no toil came
To take its tenderness away
Nor steal its beauty day by day.

For in the world its only task
Was but to press a wayward heart
(Ah, little hand, so white and slim!)
That ached with all her love for him.
—Arthur J. Stringer in Harper's Magazine.

Nature's Cunning.

Protective mimicry, that cunning device of nature to preserve animals from their enemies, is well shown in the eggs of certain fishes, notably the Californian shark known as Gyropleurodus francisci. The shark is of a sluggish habit, lurking among rocks, and its dark egg resembles a leaf of kelp or seaweed folded up spirally. It is deposited among the beds of kelp and clings to the leaves by the edges of the spirals. The young shark bursts open the end of the egg and swims away. Another shark's egg of the Pacific coast has tentacles which clasp the seaweed and also imitate its appearance.

Peerless.

"So you have no house of lords in this country?" said the visiting Englishman.

"No, we haven't," replied the American. "This is a nation without a peer."—Harper's Bazar.

PUBLIC CONFIDENCE.

The individual who fulfils his promises gains public confidence, and thus holds one of the strongest levers to success. The same is true of institutions, and in this connection the **SUN LIFE ASSURANCE COMPANY OF CANAD**, has a record in which it can take a pardonable pride.

Instead of over-estimating the profits on its investment policies, the management of the Company has wisely based the calculations on the proper earning power of money, having due regard to contingencies that are bound to arise. As a result of this the holders of matured Endowment policies are from time to time being agreeably surprised, and not disappointed, in the results of their policies.

The following letter speaks for itself and bears the eloquent and substantial evidence of the fact that the Sun Life of Canada keeps faith with its policy holders:

To the District Manager:—

DEAR SIR,—I beg to acknowledge with thanks receipt of cheque for twelve hundred and sixty-four and 96/100 dollars ($1264.96) from The Sun Life Assurance Company of Canada to cover Policy No. 15002 on my own life.

This amount represents a return of all premiums which I have paid to the Company and three hundred and thirty-four and 80/100 dollars ($334.80) besides, or about 4½ per cent. compound interest on my investment. In addition to this the Company has carried my risk for thirteen years for nothing, all of which is very satisfactory.

CHURCH WOMEN MEET IN TORONTO.

MEETING OF THE ANGLICAN WOMAN'S AUXILIARY.

Operations of the Society Have Spread Greatly in Recent Years—Reports of the Work.

The thirteenth annual meeting of the Church of England Women's Auxiliary began yesterday morning at half-past ten o'clock in St. James' Cathedral, with Holy Communion, which was celebrated by the Bishop of Toronto and the Bishop of Algoma, assisted by the Rev. Mr. Wallis and the Rev. Mr. Ashcroft.

Those present from Peterborough were.

St. John's church—Mrs. R. M. Denistoun, Mrs. J. Best, Miss M. Errett and Miss A. M. Clarke.

St. Luke's church—Mrs. E. A. Peck, Mrs. Stephen Gaskins and Mrs. J. J. Turner ,Jr.

All Saint's church — Mrs. Harry Smith.

A most helpful and interesting address was given the workers by the Bishop of Algoma from the text, "Without Me ye can do nothing," in which his Lordship dwelt upon the benefit of union in work with one another and with the Head. He also spoke of true missionary zeal as differing from religious excitement or from emotional effort.

The attendance at the service was very large, the cathedral being quite filled, principally with women. Afterwards a short morning session was held, and at 1 o'clock an adjournment was made for lunch.

The appearance of St. James' schoolhouse when the afternoon meeting began

Was Particularly Attractive,

Having been most tastefully decorated by members of the Girl's Branches, whose handsome banners hung on all sides, while tall plants in blossom of sweet Easter lilies and vases of cut flowers decorated the platform very effectively.

After the opening prayers and hymn the President, Mrs. Williamson, read her annual address, in which, on behalf of the board, she cordially welcomed the large number of delegates who were in attendance. Dwelling on the wonderful encouragement that had been given to the auxiliary in various ways, she alluded to the earliest work undertaken by the society in this diocese, which was the support of a lady missionary on the Blackfoot reserve, then a new mission station, where now two large boarding schools and mission hospital are all doing most satisfactory work, and where workers are supported by the auxiliary. Touching also on the growth of the work in many other fields, the President urged upon the members their own individual responsibility, never to grow weary in well-doing, remembering how much remains to be done, and the privilege of being an enrolled worker in the grandest cause. Mrs. Williamson referred in feeling terms to the death of Bishop Sullivan, the warm friend of the auxiliary, and also to the death of Mrs. Rogers, the devoted President of the auxiliary in the Diocese of Ontario. In the annual reports of the diocesan officers the record of the year's work was most satisfactorily set forth.

Expansion of the Work.

Miss Mabel Cartwright, the Recording Secretary, chronicled the fact that ten new junior branches had been organized during the year, the total number of junior branches being 132, with a total membership of over 4,000. The branch with the largest membership outside the city is that of Collingwood, while St. George's, Toronto, heads the list in the city. The visits of missionaries from various parts of the mission field during the year had been most helpful in stimulating interest. The Corresponding Secretary in her report gave a graphic report of the triennial meeting of the whole auxiliary, which was held in Montreal last autumn, at which this diocese was largely represented. Mrs. Grindley, Diocesan Treasurer, stated the general receipts which had passed in cash through her hands to have been $9,221.95, which included a balance from last year of $1,605.21.

The Dorcas Secretary, Mrs. Banks, gave the next report, in which she stated that 233 bales, containing 2,190 new and 2,973 good second-hand garments, with 5,023 miscellaneous articles, had been sent out by the branches to the needy missions, even as far away as the Artic Circle, and as near at home as in this diocese, $4,666.08 being expended in freight charges. Mrs. Julius Miles, Treasurer of the extra-cent-a-day self-denial fund, was glad to report the amount received was larger than ever before, being $533.39, all of which had been voted to meet urgent appeals that had been brought before the monthly board meetings. Miss Hoskin, Secretary, of the Literary Committee, said that the Missionary Lending Library had been much more generally used by the members than in former years, and that several valuable volumes had been placed on the shelves lately. Mrs. Hoskin, Secretary, of the Parochial Missionary Collections Committee, reported the receipts through that source to be $3,621.90, of which amount $3,067.04 was for the diocesan missions.

Junior Work.

Mrs. Forsyth Grant, the Secretary for junior branches, gave an interesting account of the work of the 46 junior branches, in which she alluded also to the death of some of the active juniors. The report of the Treasurer of the junior branches, Mrs. E. F. Blake, was read in her absence by Miss Tilley, the cash contributed by the children being $617.97. The last report, that of the Ministering Children's League, an affiliated society, was read by Miss Cayley, which stated that the children in the various branches had been actively engaged in missionary and philanthropic work. After a short discussion upon the present arrangement of the Monthly Letter Leaflet, which was led by Mrs. Summerhayes, a vote was taken, when it was carried by a large majority that the recent changes should be permanent. The question drawer was then opened, and a lot of inquiries were answered by the President, the singing of a hymn concluding the meeting.

During the afternoon Mrs. McQueen, Mrs. Waller of Japan and Mrs. Du Moulin of Hamilton were introduced to the meeting, the latter speaking feelingly of her pleasure at being at a Toronto meeting again. In the evening the school house was again crowded to the doors, the meeting being for the junior branches. An interesting address was given by the Bishop of Algoma, and a missionary exercise, with lighted tapers, entitled "Little Lights," was capitally given by some boys and girls of St. Margaret's branch. Mrs. Waller, wife of Rev. J. G. Waller, a Canadian Missionary in Japan, now home on furlough with her two very little sons, appeared in Japanese dress, and the wee boys sang several Japanese hymns very sweetly, after which their mother gave an interesting account of the native children of Japan and of phases of the mission work in that country. The chair was taken by Mrs. Williamson, Diocesan President. Today the meetings which are all open to the public, will be continued in the morning, afternoon and evening.

THE MIRACLE ENJOYS A BOOM.

More Evidence of the True Merit of Miracle Washing Compound—Local Storekeepers Duplicate their Orders.

Peterborough, April 22, 1899.

Mr. L. B. Fetcher, Manager for M. E. Smith Co.

Dear Sir,—Please duplicate my last order for Miracle Washing Compound.

J. W. BUTCHER,
Ten Cent Store.

TELEPHONE MESSAGE.

Monday Morning, April 24th.

"Hello! Is that Mr. Fetcher?"

"Yes, Lem's talking to you."

"I am entirely out of Miracle Washing Compound. Better send ten gross more."

"Who am I talking to?"

"Henry & Co."

"Alright, my boy—the Miracle will go forward forthwith."

MR. JAS. BLAIN SAYS:

"I never saw anything that would produce the same brilliant polish on mirrors, silver, and other metals, with so little exertion, as the Syrian Polish."

BRIDGENORTH.

(From our own Correspondent.)

An exceptionally interesting and instructive social entertainment was held in Bridgeworth Temperance Hall on Friday evening of last week by the I.O.G.T. Lodge, in which the following programme was creditably given:

Instrumental... ... ...Bros. Telford and Japling.
Chairman's Address ... Bro. Geo. Nurse
Dialogue...All is not Gold that Glitters
Recitation... ... Harold's Fall, or the Murderous Glass... ... E. Nurse.
Song... ... ...Miss P. Udy
Recitation... ... ...Jane Conquest
Miss Whipple Kelly.
Song... ... ...Miss M. Milburn
Dialogue... ... ...Taking Census

The latter number was exceptionally well rendered, after which was given a few minutes recess, during which the social part was well received.

Following is the remainder of the programme:

Instrumental... ... ...Bros. Jopling and Telford.
Recitation... ... ...Malden's Sacrifice
Bro. Jopling.
Recitation... ... ... Saved and Saviour
Miss Gussie Dobbin.
Instrumental... ... ...Bros. Jopling and Telford
Dialogue... ... ...Three Smart Girls
Which fairly brought down the house.

The meeting closed with the singing of the national anthem and all went home well satisfied with the evening, which was pleasantly and profitably spent.

LACROSSE.

Mr. Fred Lynch, Peterborough's big point player, leaves on Friday for Nelson, B.C., where he has secured a lucrative position. Lacrosse is booming this year in British Columbia and Fred will figure on the defence of the Nelson team, where he should give a good account of himself. His loss will be felt by the Peterboroughs, but as the prospects in the west are very bright, the boys are pleased to see "Stutto" bettering his position.

A despatch from Ottawa says, apropos of the assertion which the Capital Lacrosse Club made that the Orillia club broke faith last year the Orillia answer was that Orillia paid the full $150 agreed on for an exhibition match, but that the Capitals wanted to stick them for hotel expenses. The Capitals publish today the letter they received prior to the trip from W. Dunn, secretary of the Orillias. Mr. Dunn wrote: "In reply to your telegram of the 27th inst., I have been instructed by the O.L.C. to write you offering the Capital Lacrosse Club one hundred and fifty dollars guarantee, 50 per cent. of the gate money over that amount and provide your hotel accommodation while in Orillia."

Afterwards, according to the Capitals, the Orillia men having quarrelled with Mr. Dunn, alleged that he had no right to make that agreement, and the Capitals had to pay the hotel bill as the hotel keepers put an embargo on the $150, the Orillias were to pay in cash. The Capitals say that before going to the northern town they were warned by Toronto friends to have nothing to do with the Orillia team as they never lived up to their agreement. The Capitals add that there will be two moons in the sky before the ex-champions visit Orillia again.

The Ottawa Citizen says: The Orillia crowd are a poor lot of sports. They not only gave the Capitals dirt, but also acted in a most unsportsmanlike manner with the Aberdeen hockey team, and there is not a man on the junior champions' team who would consent to play in the place again.

The following are the games the Hastings lacrosse club played and won last year, meeting with not a single defeat during the season.

Won from.	Played at.	Score.
Madoc,	Stirling,	5 to 0
Peterborough,	Hastings,	7 to 0
Madoc,	Madoc,	4 to 3
Midland,	Hastings,	4 to 2
Marmora,	Campbellford,	3 to 0

Hastings would like to try conclusions with Peterborough's best senior team.

ROWING.

Jake Gaudaur, champion oarsman of the world, will row but one more race, and that will be with Hackett, of Rat Portage, for the championship. The race will probably take place in Rat Portage on July 1st. Gaudaur will of course rule favourite in this part of the country, but the other man is said to have unlimited backing in the west.

THE KENNEL.

Dr. Poole's fine thoroughbred collie bitch "Mona" has whelped seven beautiful puppies. They are sired by Stratford Laddie, Benedict's great son, which took second prize in the open class at Peterborough last January. The breeding of the litter is therefore "giltedged."

LAWN TENNIS.

—The secretary to-day received a communication from the Toronto Intermediate League, suggesting the formation of a Provincial Association. The proposition is to divide the province into several groups, of which Millbrook, Port Hope, Peterborough, Uxbridge and Lindsay will form one, the winners of the various groups to play the finals in Toronto. This is a splendid idea, and would give this excellent game a great impetus. Judging from the success with which the Ontario Curling Association carry the style of competition through a Tennis League on the same lines could be easily effected.

THE TRACK.

Jimmy Michael's friends are worried over the little cyclist's future prospects on the cycle track.

"I'm blessed if I know just what Jimmy Michael intends to do this season," said Billy Bainbridge, last year's trainer of Michael, to a reporter. "From what I can pick up, though, I wouldn't be surprised if he stuck to the horses and deserted the bicycle altogether. When Jimmy sailed to Europe last fall it was his avowed intention to quit cycling for good, but when he was on the other side he received an offer of $1,000 to return to New York and ride an exhibition, as well as be a member of the team of middle distance riders which was to ride a pursuit race with the sprinters. Jimmy came back and did his exhibition all right, but when it came to getting up in competition he flunked. I think he didn't have the nerve to take a licking. Of course that broke his contract, and I do not think that he got all of his $1,000. Then came the California offer for exhibitions, and as Jimmy had never been in that part of the world he took it up. You know what he did there and how he fled back to the ponies. I think he will stick to them now.

"Jimmy isn't near as game as he used to be. When he first came to this country he had a pretty easy snap. The middle distance game was new and we had no good men to back, so Jimmy scooped the boards. In the last two years the Americans have improved wonderfully, and it is grown harder for Jimmy to win. Indeed, toward the last it was only the superior pacing Michael had that won him his races.

"You know that boast of Tom Linton's of having run Jimmy out of Europe? Well, I guess there was more truth than poetry in that, for Jimmy used to come to me and say: 'My, but that Tom Linton is a great rider. 'E's a 'ard man to beat. 'E's game to the backbone.' When he kept repeating this I knew the boy was scared and it was hard work to get him keyed up to the proper pitch to go against his countryman.

BASEBALL.

A meeting to organize a baseball club for the season was held last week at Havelock. A very fair number were present and the organization work successfully carried out. The election of officers was as follows:

Hon. President—A. McAuley.
President—W. S. Dodd.
Secretary—A. E. McGuire.
Treasurer—H. Tonge.
Manager—John [illegible]
Captain—James [illegible]

With such an able selection of officers and the general enthusiasm of all present, the success of baseball in Havelock for the coming season should be assured.

THE CYCLONE'S FURY.

Cuts a Path a Quarter of a Mile Wide in Kirksville, Mo.

SIXTY KILLED, 1,000 INJURED.

Newton, Mo., 40 Miles Northwest of Kirksville, Also Visited and 33 Persons Killed—400 Buildings and Homes Demolished in Kirksville—25 Dead Bodies Recovered—Storm Elsewhere.

St. Louis, Mo., April 28.—A special to The Globe-Democrat from Kirksville, Mo., says:

A gathering storm that had been threatening all afternoon, broke upon Kirksville at 6.20 o'clock last night in all the fury of a cyclone. A path a quarter of a mile wide and as clean as the prairie was swept through the eastern portion of the city, and 400 buildings, homes and mercantile establishments, were levelled to the ground in scattered ruins.

In the heavy rain that followed the people who had escaped turned out to rescue the injured. For two hours not much was accomplished, as all was confusion, but by 8 o'clock 25 dead bodies had been taken from the ruins. It is expected that the list of dead will reach between 50 and 60, if it does not exceed that. Almost a thousand people were more or less injured. Daylight will be necessary before an adequate estimate of loss of life and property can be had.

The list of killed so far as known is as follows:

William Howell, Mrs. W. H. Sherbourne, James Weaver, sr., Theodore Brigham, Ed. Beeman, Mrs. W. W. Green and daughter, Miss Bersie, Mrs. Henry Billington, Mr. A. W. Glaze, Mrs. Ben Green, Mrs. John Larkin, sr., Mrs. T. Mahaffey, Mrs. C. Woods, Mr. A. Little, Mrs. A. Little, Joe Woods, Mrs. Joe Woods, A. W. Rainschott, Mrs. A. W. Rainschott, Mr. C. A. Gibbs, Mrs. C. A. Gibbs, A. C. Beal, James Cunningham, Mrs. Mitchell.

Debris Took Fire.

Intense darkness prevailed after the cyclone and the rescuers were at a disadvantage for a short time, until fire broke out in a dozen places in the ruins and shed light over the scene. No attempt was made to extinguish the fires, partly because the rescuers had no time and partly because of the need of light. On both sides of the storm's path the debris was piled high and burned fiercely. In all probability a number of bodies have been incinerated.

The storm first struck the eastern portion of the city, near that part occupied by the boarding houses of the students of the American School of Osteopathy, State normal school and McWard's seminary. It was just supper time for the students, and it is thought very probable the list of dead will be well filled with students, as a large number of these boarding houses were demolished. As far as known last night, these three institutions of learning escaped the storm.

The storm then went northwest and wiped out Patterson's nursery, pulling the trees out of the ground and hurling them through the city. A second section of the cyclone followed the first, 20 minutes later. It came as an inky black cloud, widely distributed, and covered the whole town, but passed above the houses, doing no material damage.

Destruction Out in Nebraska.

St. Edwards, Neb., April 28.—A terrific wind storm, approaching almost the fury of a hurricane, swept over this place last night, doing a great deal of damage to property and injuring several persons. Hail covered the ground to the depth of two inches. Considerable live stock was killed. Everybody in St. Edwards went into caves or cellars. Hail broke most of the windows in town. Meagre reports of the storm come in from the country, but it is feared that some lives have been lost.

Boy Killed, Others Hurt.

Onawa, Iowa, April 28.—The storm broke about 10 o'clock last night. The house of George Ferren, three miles from Ute, was totally demolished and the contents scattered. A 10-year-old boy was instantly killed, and Mr. and Mrs. Ferren and five daughters are not expected to live. A great deal of damage was done to other property, but it is not known whether any more lives were lost or not. Details are impossible to obtain at present.

37 Others Killed.

A despatch to The Kansas City Journal reports the killing of 37 other persons in a tornado at Newton, Mo., 40 miles northwest of Kirksville.

SIRDAR'S LONG CAMEL RIDE.

Gen. Lord Kitchener Has Returned From His 800-Mile Camel Ride.

Cairo, April 28.—Gen. Lord Kitchener, Sirdar of the Egyptian forces, who has just returned to Berber from an 800-mile camel ride through Eastern Soudan, telegraphs that wherever he has gone, except on the Abyssinian frontier, near Gallabat, he has found security of life and property. The people everywhere are delighted at release from the tyranny of the dispersed Dervishes.

The Cars Killed Him.

Brantford, Ont., April 28.—Mr. Noble Montgomery, aged about 77, was killed yesterday afternoon on the G.T.R. track near the Colborne street station.

TRENT WATERWAY ADVANCE.

A BUSINESS GOVERNMENT GIVES IT A BIG LIFT.

A Live Administration's Live Interest in a Live Work—$365,500 Appropriated for Canal Construction and Improvement—New Sections to be Put Under Contract.

On Tuesday last the Dominion estimates of the receipts and expenditures for the fiscal year were placed upon the table of the House by Hon. Mr. Fielding, Minister of Finance.

Among the items of local interest is a particularly gratifying item in reference to the Trent Valley Waterway. The estimates inform us that the Government has recognized, in a very practical and substantial way, the importance of wisely expending the receipts in the improvement of the transportation facilities of the country. Under the items chargeable to capital account there is found an appropriation of $845,000 for construction in respect of the Trent Waterway—the largest sum ever appropriated for such a purpose at one time on capital account. Of this sum $400,000 is a revote in connection with the contracts of Corry & Laverdure, Brown, Love and Aylmer, Andrew Onderdonk in the Balsam Lake section and the Hydraulic Lift Lock; and $445,000 is for new work—the placing of additional sections under contract. The particulars of the intention of the Department of Railways and Canals have not yet been announced; but it is believed that the Trenton-Frankford section and the Simcoe-Balsam Lake sections will be placed under contract. Until, however, definite announcement is made of the disposition to be made of the appropriation, nothing as to the new work to be undertaken can be stated beyond conjecture.

The efforts of the Trent Valley Canal Association, ably seconded by Messrs. John Lang, M.P. and George McHugh, M.P. and the other members along the route of the waterway, have doubtless co-operated with the policy of the government to improve the transportation facilities of the county, in influencing the latter to take action towards the completion of one of the most important links in the chain of water connections between the grain fields of the Northwest and extension of the internal way in the interests of local traffic, by which Peterborough and other towns between Orillia and Trenton will be immediately and very greatly benefitted, incidentally as will all the towns on the route of the waterways when completed to Georgian Bay. It is also the intention of the deputation to urge upon the Government the necessity of impressing upon the contractors the importance of prosecuting their contracts with greater vigour. It is very desirable that the stretch of waterway from Little Lake to Lakefield be completed as promptly as possible, both in local interests and in the interest of the speedy completion of the entire work.

The estimates also include $600 for two concrete piers for Rosedale bridge, between Balsam and Cameron Lakes; also $1,000 for guard booms at Fenelon Falls; also $1200 for a landing pier at the lower entrance of Lovesick Lock; also $1200 for a similar pier at the lower entrance of Burleigh lock; Mr. Lang has also secured a grant of $2500 to remove the rock and dredge the Hastings channel, and $3500 to dredge shoals in the Otonabee between Peterborough and Rice Lake, and arrangements have also been made for a first-class wharf at Keene and an addition to be made to the wharf at Mount Julian.

The sum of $10,000 has been appropriated for works of repair, which include lower lock gates at Hastings, new hull for the dredge "Otonabee," and miscellaneous items of repair.

Under public works there is placed $1,000 to be devoted to public works repairs in the county.

THE HYDRAULIC LIFT LOCK.

Excavation Work Now Well Under Way—Men, Steam Shovels, Steam Pumps and Steam Motors a Factor in the Problem of Excavating the Lock Pit.

The work in connection with the construction of the hydraulic lift lock, on the Peterborough-Nassau section of the Trent Waterway. The first lock of its kind to be constructed on this continent, is now under way for the season. The lock is behind Armour's hill and would be in the middle of Elizabeth street, Ashburnham, if that street were continued eastward to to the canal.

There are yet about 20,000 yards of earth to be removed from the lock pit. Messrs. Corry & Laverdure have on hand two small locomotives for drawing the small dump cars for removing the earth. At present fifty men are employed and fifty more are represented by the steam shovel which will do the work, it is estimated of half a hundred men. Water for the use of the little steam motors and the steam shovel is pumped up through pipes from Little Lake by means of a portable engine and a line of pipe.

The scene is a busy one now, the little donkey engine puffing up the steep grade to the upper level like the energetic Paucks, touched up by Dickens in "Little Dorritt," the steam pump unwatering the pit as work progresses and the numerous visitors moving about, impart an air of animation and bustle to the scene.

At No. 6 look at the entrance of Little Lake, the high water has put a veto on work which will be resumed as soon as the lake falls sufficiently to permit of the coffer dam being unwatered.

Is Your Piano in Tune?

The change of season affects pianos as well as anything else. Mr. George Gumpricht, practical piano maker and tuner, with 28 years experience, attends to all orders left at Mr. H. S. Macdonald's drug store.

Economy Encouragers

While the Alterations are going on at this Store we do not mean to let it interfere with our Sales, and though we have been sort of Topsy-turvy, the SPECIAL INDUCEMENTS which are being Offered have had the Beneficial Effect of Enlarging in no small way the Volume of Business.

Any Prices we quote or have quoted will remain the same till Alterations cease, provided Lines are not sold out.

"Like Diamonds Raindrops Glisten."

Drops of Hood's Sarsaparilla are precious jewels for the blood which glisten in their use, and, like the rain, disappear for the good of humanity. Each dose when taken is in a very short time thoroughly mixed with the blood and actively getting in its work of purification. Hood's never disappoints.

Running Sore—"My mother was troubled with rheumatism in her knee for a number of years, and it broke out into a running sore. She took three bottles of Hood's Sarsaparilla and is now well. Hood's Olive Ointment helped to heal the eruption." MRS. JOHN FARR, Cloverlawns, Ancaster, Ont.

Dyspepsia—"My wife suffered from rheumatism, dyspepsia and pains in her stomach. She had medical attendance but did not get relief. She read about Hood's Sarsaparilla and tried it. Three bottles entirely cured her. She is now a well and hearty woman." T. W. COVERT, Cape Sable Island, N. S.

Eczema—"I was run down with complaints peculiar to my sex. Large sores broke out on my body head and limbs. I could not do any work on account of the itching. My trouble was termed eczema and I doctored for it for a long time. I then tried Hood's Sarsaparilla and several bottles effected a cure." MRS. J. G. BROWN, Brantford, Ont.

Swellings—"I had a swelling on my chest. It caused me great pain and many sleepless nights. Physicians advised an operation but my daughter urged that I take Hood's Sarsaparilla instead. I did so and after using six bottles, the swelling went away and I have not had any more pains." MRS. J. W. C. CRONKWRIGHT, 422 Front St., Belleville, Ont.

Organs Affected—"I was run down in health and had spells of coughing which left me prostrate. My lungs, heart and kidneys were affected. Took Hood's Sarsaparilla upon advice and soon felt better. I continued the treatment and now feel like a new woman." MRS. SUMMERVILLE, 217 Ossington Avenue, Toronto, Ont.

Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Daily Examiner.

FRIDAY, APRIL 28, 1899.

OUR OTTAWA LETTER.

(From Our Own Correspondent.)

Ottawa, April 27.—With the coming of spring there are evidences of greater and ever growing progress and development in Canadian industries. Last year the trade of the Dominion increased $47,000,000 over the previous twelve months, which was itself the biggest up to that time; the indications this year are that there will be another increase of probably $60,000,000. The increase is not all in natural products, though naturally and necessarily these are responsible for the lion's share. Manufacturers are developing with giant strides and every part of the country from Nova Scotia to Vancouver Island, is sharing in the forward movement. It is announced that a larger blast furnace than has yet been constructed in Canada is to be built in Toronto and that others will be started in Midland, Deseronto and Owen Sound.

A New Steamship Company.

A new steamship company is seeking incorporation that it may do business in Canada's inland waters, and it is the intention of the company to at once build a fleet of ten solid steel carriers each with a capacity of 87,000 bushels of wheat. These boats will place the transportation question in much better shape than it is at present, and it will be no longer a reproach to Canada, that 88 per cent. of our wheat product is carried to the sea-board in American bottoms via New York. These boats will also go extensively into the business of bringing iron ore from the head of Lake Superior to the several blast furnaces now operating or about to be constructed.

A Note for Manufacturers.

The London, Eng., correspondent of the Globe gives publicity to a couple of incidents which cannot be too widely known throughout Canada for they emphasize a principle upon the observation of which much of the success and permanency of our business with the Old Country depends. They are, he remarks, a splendid example, first of how to do things. In the first case an agent for a Canadian patent came over to introduce his goods and met with such success that he had difficulty in getting out the orders, and this because he noted the exact condition and requirements of the British market and modified his goods accordingly. The other case was that of a representative of a syndicate of furniture manufacturers whose orders were not filled according to specification but were made up from standard patterns in stock which did not meet the requirements of the market, and were refused as unsatisfactory, the British dealers naturally declining to accept the dictum of the Canadian manufacturers that the goods were "very much better" than those ordered. As the correspondent remarks, "perhaps they prefer the home trade, if so they have no right to ruin the market in Britain for others whom it will pay to do business in a business-like way." He follows this comment by repeating the excellent advice previously given and quoted in these letters, that it will pay any Canadian manufacturer to make a personal study of the requirements of the British market.

Emigration Statistics.

The Imperial emigration statistics for the month of March show that Canada is still holding her own in the proportion of settlers coming to her shores. The figures given show 1,596 Britishers left England for Canada as against 1,569 in March of last year and 1,172 foreigners as against 799 lasty ear. In both the British and foreign classes there is a considerable falling off in the number going to the United States and the total emigration for the month is also less than it was a year ago. The figures for the three months ending March 31st from Great Britain are: In 1899, 2,622; in 1898, 2,595; foreigners in 1899, 2,317, and in 1896 1,477; or an increase of twenty per cent. The total emigration from Great Britain in the same period shows a decrease of about eight per cent.

A Significant Omission.

It is indeed strange that when all other matters of political discussion have been overshadowed for the past two weeks by the indiscrimate and incoherent charges against the administration of the Yukon, and when the chief and most striking of these charges refer to the late administrators whose home is in Brockville, Ontario, the entire subject has been practically ignored by Opposition speakers in the bye-election campaign in that city. One would have imagined that such an opportunity to drive the charges home and clinch the indictment on the spot would have been eagerly seized by the opponents of the Government, but on the contrary the position has been to all intents and purposes abandoned. It is true that Sir Charles Tupper, stung into action by the pitiless castigation his worthy son, the member for Pictou, has received on all hands for his reckless and unsubstantiated speech earlier in the debate, has taken an hour to reiterate much that Sir Hibbert said, repeating the allegations with true Tupperesque disregard for facts, and no attempt to produce corroborative evidence, but the country has got so thoroughly used to the peculiarities and idiosyncrasies of the Tuppers that they produce so little effect in the country, and even in the house itself, the honourable gentlemen's personal supporters and colleagues will not take the trouble to stay in the house and listen to them.

The Importance of the Horse.

The annual horse show which has just been held in Toronto is of far more than local interest, for the breeding of horses can be made a source of great wealth to the Dominion. In previous years the show has largely depended for public favour and patronage upon extraneous attractions, such as military displays and other spectacular trimmings. This year, however, the function was a horse show pure and simple, and the fact that the public patronage was as large as ever is exceedingly satisfactory. It is yet more gratifying to note that the exhibits were more numerous than ever and the quality more than up to the standard. It remains with Canadians themselves to get out of the business the money that is in it for the intelligent and progressive breeder and shipper.

The Intercolonial.

There is no one topic upon which the Opposition loves to dwell like that of the Intercolonial Railway. It was for many years such a sink-hole into which to pour public monies that the Opposition cannot apparently dissociate the idea of a deficit from its management. Ther ehave been very few years in the history of the road that there has not been a deficit in current expense accounts, and the total cost of running the road since it was opened has been some millions more than has ever been received back in the form of revenue. Last year as usual there was a deficit, but it was largely owing to the fact that there was two years' expenditure for repairs included in the one year's statement, and even then the total expenditure was lower than it was in several ordinary years under the previous administration. But the revenue for 1898 was $55,000 higher than the next previous best, and this year, with the Montreal extension in full operation there can be no question that the improvement will be very marked. Under live and business-like administration there is no doubt whatever that the Intercolonial Railway can be made a source of permanent revenue to the country.

ABOLISH IT HERE.

St. Thomas Journal.

The law passed in New York State prohibiting the kissing of the Bible in taking an oath is one worty of imitation by other legislatures. Why this form has been retained so long can only be explained on the ground that amid all progress there is still a remnant of superstition left in the minds of most people. To take the Bible in the hand, or indeed not to take the Bible at all, but to uplift the hand or go through some other recognized solemn form, would be equally as binding upon the conscience and adequate penalties for taking a false oath or affirmation, as now, there would be no more danger of false statements being made in court than there is at present. Indeed, some people have advocated doing away with an oath in court altogether, and if the making of a false statement there, not under oath, were made as great an offence as taking a false oath, it would seem that such procedure would be just as good as the present. The special reason for abolishing the kissing process is the danger of disease. And it is a common sense idea which is worthy of the consideration of the Minister of Justice with a view to framing a law of that kind for the Dominion.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in the back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man I know they saved my life, and robbed the grave of another victim," no one should fail to try them. Only 50c., guaranteed at Jas. Lynch's Drug Store.

Children Cry for
CASTORIA.

IN MEMORIAM.

In loving remembrance of Mary Lee, cousin of Miss A. and Sarah Tobin, who died in Rochester, April 20th, 1899, and neice of Mrs. J. Drain, Ashburnham.

Amongst the pillows, chaste and white
A fading form lay;
While 'round about in raptures wild
The fluttering angels stay.

For up in heaven that dawning morn
A voice, all kindness, told
The guardian of our darling one
To bring her to the fold.

Forthwith, descending from the throne,
All clothed in bright array,
A troop of angels wandered down
And bore her soul away.

Her angel spirit felt them near,
And knew her trouble's o'er,
And to the loved one's waiting 'round
She said "I am no more."

Dear father, brother, sister, friends,
Think not of me as dead,
But as a long imprisoned bird
Now with its playmates fled.

Behold! the golden gates roll back,
And in triumph borne home,
The angel yields her cherished prize
To him upon the throne.

One moment more—the Saviour smiles,
What is it He doth say?
"Well done, my good and faithful child,
Thou'rt with me from this day.

What rapturous joy! the cup runs o'er,
Such bliss cannot contain.
When lo! a long-lost mother's arms
Are clasped 'round her again.

What cruel friends would call her back
From such bright realms as these
To wander through a cold, dark world
Where pain the heart doth freeze.

Kind friends who weep, dry up those tears,
For round that glorious throne
Two loving ones are waiting
To greet you when you come.

With deep sympathy. Requiescat in pace.

MADAME WALLACE.

Cured of Female Weakness by Dodd's Kidney Pills.

Montreal, April 17.—The ladies of this city are rapidly coming to realise the value of Dodd's Kidney Pills, as a specific for all Female Troubles. Mdme. Sarah Wallace, modiste, 336 Papineau ave., has had an experience that goes to show that no other medicine can equal Dodd's Kidney Pills for Female Troubles.

Mdme. Wallace writes:—"I suffered for three years with Female Weakness, and none of our physicians could relieve me. I was advised to try Dodd's Kidney Pills, and had only used one box when I felt better. Now I am cured, and have taken only two boxes."

Dodd's Kidney Pills always cure Female Troubles.

THE CIVIL SERVICE.

Mr. Monk's Bill to Amend Given the Six Months' Hoist.

AN INTOLERABLE MEASURE.

Sir Wilfrid Laurier's Objections to the Proposed Law Railway Passes Again—Mr. Bostock's Bill to Compel Railways to Carry Members Free Defeated—Many Questions Answered.

Ottawa, April 28.—The House yesterday threw out two bills of interest—Mr. Bostock's, to compel railway companies to issue passes to members of Parliament, and Mr. Monk's, to compel the Government to grant to every civil servant who is discharged a statement of all particulars as to complaints against him. Sir Wilfrid Laurier, in advising the withdrawal of Mr. Bostock's bill, suggested that a proposition to compel subsidized railways to issue passes to members, coupled with the abolition of mileage allowance, would probably be fairly considered by the House. The bill was lost without a division. Mr. Monk's bill was given the six months' hoist by a vote of 64 to 39. Messrs Stubbs, McCarthy and Rogers voted with the Opposition.

Relating to the Canada Life Assurance Company, Mr. Wood (Hamilton).

Respecting the Great Northwest Central Railway Company, Mr. Macpherson.

To amend and consolidate the act relating to the harbor commissioners of Quebec, Mr. Fitzpatrick.

Questions and Answers.

Nineteen questions were answered, amongst them the following:

Sir Louis Davies informed Mr. McIsaac that the total cost to Canada of the Behring Sea commission was $140,781, of which $71,847 was for legal expenses, $51,177 for living and travelling expenses of secretaries, attendants, etc., and $18,908 for travelling expenses of Ministers, etc.

The Postmaster-General informed Col. Sam Hughes that the issue of the two-cent stamped envelope would cease when the stock on hand was exhausted.

Mr. Monk asked: "Has the honorable the Prime Minister obtained the opinion of the Department of Justice in regard to the use of the French language in the Northwest Territories of Canada, and the jurisdiction of Canada in regard to the same as intimated by him last year? (Page 2,561 of Hansard). What is the opinion of the Department of Justice on the said matter?" Sir Wilfrid Laurier said the opinion of the Minister of Justice had been obtained and would be laid on the table on Monday.

Hon. Mr. Fielding, in reply to Mr. Carscallen, said the Government had not formed any conclusion as to the erection of a mint in Canada.

In answer to Mr. Clarke, Hon. Mr. Sifton said that to agents, owners, etc., of British steamship companies was paid seven shillings per head for adults and three shillings and sixpence for children. In answer to the same question as to foreign steamships, $5 for adults over 12, and nothing for children.

Col. Prior drew the Government's attention to the action of United States customs officials at Skaguay in refusing to pass goods from British Columbia destined for the Yukon. Mr. Sifton explained how the difficulty arose and said that latest reports indicated that the trouble was over, and goods were going through without interruption.

Mr. Borden (Halifax) asked if the Government had taken any steps to have the Newfoundland regulations preventing the sale of bait removed. Several Nova Scotia schooners had to return without cargoes, owing to a regulation preventing the sale of bait between March 15 and April 15. Sir Louis Davies said that in view, however, of assurances given to him in Washington by Sir James Winter, he did not think it possible such restrictive regulations had been put in force.

In moving the second reading of his bill to oblige railways to issue passes to Senators and members of Parliament, Mr. Bostock (Liberal, Yale and Cariboo) said there was a feeling that members of Parliament obtaining passes from railways were thus placed under an obligation to the companies, who expected something in return. The passage of such a measure as he proposed would dispel that feeling by making it compulsory for the railways to carry members of Parliament free.

Sir Charles Tupper could scarcely think, he said, that the mover was really serious, for such a measure would certainly make the House of Commons a laughing-stock, the acceptance of a pass by a member of Parliament placed him under no obligation whatever. The bill was simply an invasion of private rights, and all it needed to complete the farce was to compel railways to give passes also for the dining and sleeping cars. It was only necessary to attend the meeting of the railway committee to be convinced of the thoroughly impartial manner in which members discharged their duties in matters affecting railways.

Mr. Rogers (Patron) said that while it might be true members were not influenced in their judgment by such favors, the impression throughout the country was to the contrary, besides the people thought it unjust to members to travel on passes and take their mileage allowance as well. Either the system of granting passes should be done away with altogether or made compulsory.

Mr. Ives objected to the communistic principle of the bill. It would be quite as reasonable to compel railways to carry freight free for members.

Mr. Ross Robertson could not see that the bill imposed any extra obligation on the railways, inasmuch as it merely obliged them to do what they now did willingly out of the abundance of their affection for members.

Sir Wilfrid Laurier did not regard the pass system as wholly free from objection; nevertheless, he urged the withdrawal of the bill.

Mr. Bostock, however, did not fall in with the suggestion of his leader, so the question was put, and the bill declared lost on division.

AN INTOLERABLE LAW.

Mr. Monk's Proposed Civil Service Reform Bill Defeated.

Mr. Monk moved the introduction of a bill to amend the Civil Service Act.

Mr. Monk (Jacques Cartier) said the bill was only a short one, consisting of a couple of clauses. It enacted that all appointments to the civil service shall be during pleasure, but whenever such pleasure is exercised in the direction of removing a person employed in such service, the person removed shall, upon application in writing to the head of the department within the 30 days following his removal, be entitled to obtain a certificate setting forth:

1. The duration of his employment in the civil service of Canada.
2. The nature of such employment.
3. The reason of his removal.
4. The number and nature of the complaints made against him.
5. The name or names of all persons who made complaints against him.
6. The decision arrived at by the department upon all complaints so made.
7. A copy of all proceedings had at any inquiry held by or under the direction of the department.

Under it no person shall be appointed or promoted to any place below that of a deputy head unless he has passed the requisite examination and served the probationary term hereinafter mentioned. He also provided in the act that these provisions shall apply to every person removed from the civil service of Canada since the first day of July, 1896, provided he avails himself of the said provisions within 30 days from the commencement of this act.

Dr. Marcotte (Champlain) supported the bill in a speech delivered in French.

The Premier's Speech.

Sir Wilfrid Laurier said he did the mover no injustice when he said that the hon. member had discussed it more from an American than from a British point of view, as though he had forgotten that we are not under American but British rule. The hon. gentleman has discussed the bill as if the Government existed for the civil service, instead of the civil service existing for the Government. If the bill became law the whole system of reponsible government such as we have it in Canada would become nil. The civil servant has no more right than the ordinary employe, but exactly the same as any other ordinary servant. He asked his hon. friend if such a law as he had proposed would be tolerated anywhere else but in the civil service. Of course, if a servant be dismissed from office, whether public or private, he has the right to seek from his employer a certificate of character. If his employer is a merchant he has the option to determine whether or not he will give the certificate, and if the master refuses to give it, what recourse has the servant? Why should the Government be subjected to a condition to which no other portion of society is subject? If the Government comes to the conclusion that the man should not be kept in the service, the civil servant has no greater right against the Government than he would have against the private employer. The mover sought by the bill to subject the Government to a condition which he would not dare to impose upon a private person, and which would not be tolerated by any other section of the community. He agreed with everything that had been said as to the evil of the spoils system, but he did not think there was any fear of it being introduced in this country, neither did he believe that the people of the country would sanction the active interference of officials in politics. The member for East Grey (Mr. Sproule) had encouraged the officials to express their opinions upon political matters, and that was what he objected to. He called the attention of the House and the country to certain strictures which had been passed upon the Government, but so far as his memory went there had been no dismissals for offensive partisanship in the inside service. The officials in the buildings know that they are servants of the public and should not interfere. No one objected to their registering their votes; the law gives them the right to do that. All the dismissals that have taken place have been in the outside service, and chiefly among officers whose time was not occupied with their duties, and the remuneration for which would not keep them. He did not agree that men had been deprived of employment because they could not get a certificate of character. He was not aware that any man dismissed from office had ever applied to the head of the department for a certificate. If he had done so he would have got it, setting forth the facts. He saw no reason why the time-honored practice should be departed from, and moved the six months hoist.

Sir Richard Cartwright, Minister of Trade and Commerce, seconded the amendment.

Sir Charles Tupper's View.

Sir Charles Tupper said Mr. Monk's introduction of the bill was a clear, lucid exposition of a plain, practical question, in which the hon. member gave the House most conclusive reasons why it should be adopted, but he had listened with considerable surprise to the opposition of the leader of the House (Sir Wilfrid Laurier), who lowered and degraded civil servants down to the level of his personal servants in his own household. This Government had driven the best men in the civil service out of that service.

The question was then put, and a division being challenged, there voted: For the amendment 64, against 39; Government majority, 25.

Yeas.—Bain, Basinet, Beausoleil, Beith, Belcourt, Bethune, Blair, Bostock, Bourbonnais, Bruneau, Campbell, Carroll, Casey, Champagne, Davies, Davis, Dechene, Desmarais, Demers, Douglas, Dupre, Edwards, Erb, Featherston, Fisher, Gauthier, Gauvreau, Godbout, Guite, Haley, Holmes, Hurley, Johnston, Joly de Lotbiniere, Lang, Lavergne, Lemieux, Lewis, Livingston, Mackie, Macpherson, McGregor, McHugh, McIsaac, McLellan, McLennan (Inverness), McMillan, McMullen, Madore, Maloin, Marcel, Meigs, Mignault, Morrison, Parmale, Proulx, Rinfret, Ross, Scriver, Semple, Snetsinger, Somerville, Sutherland, Tarcot —total 64.

Nays.—Bell (Addington), Bennett, Broder, Cargill, Carscallen, Casgrain, Clancy, Clarke, Cochrane, Craig, Earle, Ferguson, Foster, Ganong, Gillies, Gulliet, Henderson, Hodgins, Ives, Kendry, Laricoere, McCarthy, McInerney, McNeill, Marcotte, Mills, Monk, Moore, Morin, Pope, Prior, Rogers, Rosamond, Sproule, Stubbs, Taylor, Tupper (Sir Charles Hibbert), Wallace, Wilson —total 39.

It will be seen from the above that Messrs. McCarthy, Stubbs, and Rogers voted against the Government.

Sir Richard Cartwright moved the adjournment of the House, and the House rose at 9.50 p.m.

IN THE SENATE.

Ottawa, April 28.—Senator Ogilvie gave notice yesterday that he would move that when the Senate adjourns to-day it stands adjourned until Wednesday, May 10.

Hon. David Mills moved that the bill for the preservation of the public health on public works be read a third time. The bill was read a third time

Early Accidents

Cause Lifelong Suffering.

A Case that is Causing Talk.

When a lad about eight years of age I fell into a cellar a distance of ten feet, striking on my head, and causing concussion of the brain. I was taken to a London, Eng., Hospital, the first seven days not recovering consciousness. I am now 35 years old and from the time of my accident until I began taking Dr. Ward's Pills five months ago I had been subject to fainting spells, never being more than two weeks without an attack of fainting. As I grew older these spells became more frequent, lasted longer, and left me with less vitality. I was weak, had no strength or stamina, always very low-spirited and down-hearted; imagined that every thing and every person was going against me, and life only had a dark side for me. My appetite was poor most of the time, but I am now happy to say that, since taking Dr. Ward's Blood and Nerve Pills, I have only had one fainting spell, shortly after I began taking them, so I have no hesitation in saying that Dr. Ward's Pills cured me. Before taking these pills I always looked for a fainting spell not more than two weeks apart; now, I would be greatly surprised at a recurrence of these spells. Life is now bright—the constant, morbid, down-hearted feeling is gone, being replaced by a contented, hopeful feeling. I feel like working. My appetite is good, and in every respect I have experienced the health and strength restoring properties of Dr. Ward's Blood and Nerve Pills. They certainly have proved a great blessing to me. Yours truly, (Signed), Thomas Stanton, Brighton, Ont.

Dr. Ward's Blood and Nerve Pills are sold at 50c. per box, 5 boxes for $2.00 at druggists, or mailed on receipt of price by The Doctor Ward Co., Limited, Toronto.

HICKS-BEACH TO THE COLONIES.

Preferential Trade Will Hardly Be Won by Protective Tariffs.

London, April 28.—Besides interviewing the Chancellor of the Exchequer personally, the agents-general of the self-governing colonies will send a strong joint memorandum to Right Hon. Joseph Chamberlain, Secretary of State for the Colonies, upon the subject of the wine duties and their incidence upon wines grown in British colonies. However, the Chancellor in the House of Commons last night, replying to a question asked by Sir Howard Vincent, the well-known Imperialist, said that Victoria and South Australia, the colonies principally interested, in requesting the British Government to return to a system of preferential duties were asking for the inception of a change in the British fiscal system of great importance, and he did not see why a preference should be made in favor of colonies which levy a high protective tariff upon British manufactures.

The intimation was received with cheers.

Hon. William Mulock's cable resolutions are here regarded as having been the final cause of the action by the British Government in granting the annual subsidy to the Pacific cable.

The New Woman

Now enters upon pursuits formerly monopolized by men. But the feminine nerves are still hers and she suffers from toothache. To her we recommend Nerviline nerve pain cure—cures toothache in a moment. Nerviline, the most marvellous pain remedy known to science. Nerviline may be used efficaciously for all nerve pain.

A Floor Collapse Injures Many Men.

York, Pa., April 28.—While a sheriff's sale was in progress on the second floor of J. E. Snyder's implement warehouse at Goldsboro, this county, the floor gave way and about 100 men fell to the floor below. A quantity of machinery fell on the men and pinned some of them fast. Twenty-three were slightly injured and several had limbs broken. John Fetrow, a farmer, had both legs broken and was otherwise injured and is still unconscious. It is thought he will die.

Messrs. Sifton and Tarte.

Toronto, April 28.—The president of the Board of Trade will entertain Messrs. Sifton and Tarte at luncheon at the Albany Club to-day. The affair will be a semi-social one, and the transportation question will also be discussed.

That Throbbing Headache

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents, money back if not cured. Sold by Jas. Lynch, Druggist.

LOCAL NEWS

Fell from a Ladder.

Mr. T. C. Elliott, of McDonnel st., met with an accident yesterday, which might have resulted seriously, as through the breaking of a ladder he fell from a second story window to the ground. Fortunately he received no injuries.

Closing Exercises.

Y.M.C.A. gymnasium closing exercises will be held to-night. The programme will be spicy and interesting, marching, free hand and dumb bell work by the juniors, bicycle drill, torch light swinging, regular squad work by the seniors, solos by Jas. Dawson and F. Turner.

More Sailors at Miss Delaney's.

Miss Delaney was in Toronto this week and secured a choice lot of 100 new sailor hats, which are being offered at 25 cents each. Had they been bought in the regular way the price would have been 50c. They are intrinsically worth double, but the ladies will get them now for just half price. Miss Delaney also brought with her several new pattern hats, which the fair sex will be interested in seeing. 3d

Scales Extraordinary.

Mr. R. A. Dutton, the George st. Fish and Fruit merchant, has purchased a Stimpson Computing Scale which is the most complete thing in the weighing machine yet introduced on the market. A sliding scale moves over a table of figures giving the weight and exact price of the article which is being weighed. This is only one of the many advantages possessed by the new scale, which to be appreciated has to be seen.

"The 50" Club.

This is the name applied to the present Y.M.C.A. membership hustle. Fifty of the members are after fifty new ones. One young man brought in four last evening. The Board have arranged for the benefit of new members, who join before May 20th, that they shall have the summer privilege free. All joining before that date will have their tickets dated to expire Sept. 1st, 1900. A year and four months privileges for a year's fee.

Grafton & Co's Leadership in the Clothing Trade.

There isn't the slightest doubt as to where the best and safest place is to buy clothing. For years we have taken first place as clothiers and each succeeding season our easy leadership became more strikingly in evidence, this year, more so than ever. It is best shown by our magnificent stock of Mens', Boys' and Childrens Suits, which at every point of comparison easily discount anything you may find outside this store in Peterborough. Now we are not going to ask you to accept our statement for that fact, but we expect you to prove it by making your own comparison. That being done carefully and intelligently, we may safely expect you to spend your money here, where your interests are always served to the best advantage.

—A horse and buggy, a bicyclist and a small dog were the ingredients in a little mix up on Simcoe street last evening. It seems that it will be necessary to have somebody laid up in the hospital before people will become more careful.

—One of the prettiest sights in town these days is the large and beautiful lawn in front of St. John's church. In slightly altered poetic language it is a "thing of beauty and a joy for about 8 months in the year."

—This is a great town for sports. Yesterday four youthful members of the fraternity arranged to give a boxing and wrestling exhibition in Campbellford. They had arranged the hall and advertised and two of them went down on the morning train to complete arrangements. It was the intention of the other twain to follow on the afternoon freight but they missed it and the affair was cancelled.

THE LICENSES GRANTED

WEST PETERBOROUGH LICENSE COMMISSIONERS MEET.

One Saloon License is Struck Off the List this Year—A Deputation Received.

A meeting of the Board of License Commissioners for West Peterborough to deal with the application for licenses in Peterborough was held this morning, all the Commissioners being present.

A deputation from the Ministerial Association composed of, Messrs. J. G. Potter, of St. Andrews; S. J. Shorey of George street; H. Symonds, of St. Luke's; J. E. Bastow, of Murray street Baptist; O. C. Elliott, of Park street Baptist and Wm. Bennett addressed the Board.

Rev. Mr. Potter speaking on behalf of the deputation said that they appeared before the Commissioners owing to a rumour that was current that it was the intention of the Commissioners to continue the license to what was known as the Bodega saloon, which under the law would be closed in the usual way this year. Mr. Potter said that he hoped that such was not the intention of the Commissioners, as they would have the support of the citizens of the town in their refusal to re-issue a license for this place, as it did not conform in any respect with the law.

Rev. Shorey said that a strong case should be made out before the license should be granted to the Bodega. Public attention had been called to the matter, and the general concensus of opinion, not only of the Association, but also of the citizens generally, was that no license should be continued to this place.

Mr. Walton, chairman of the Board, said that he was glad to have the Ministers meet them. He could say on behalf of the Board that it never was the intention of the Commissioners, nor had there been any desire on the part of anyone to urge the Commissioners to grant this license.

The Bodega was granted a saloon license under the law previously, but the law had changed and a license could not or would not be issued to the Bodega under the law.

The commissioners were unanimous in their opinion that reasonable efforts should be made to comply with the law. One license had to be cut off this year in accordance with the Act and the commissioners were unanimous in their opinion that this place had the least accommodation.

Rev. Mr. Symonds expressed his cordial thanks for the cordial manner in which the deputation had been received. The Association were gratified to learn that the License Commissioners were ready to carry out the law. He realized the many difficulties which the Board had to contend with. The recent acts of the Commissioners reflected credit on themselves as well as the community at large.

Rev. Mr. Shorey stated that the decision of the Commissioners had given him greater confidence in the Board.

Mr. Graham stated that the work of the Commissioners was sometimes difficult, but the Board were unanimous in the decision in the matter referred to them.

Rev. J. E. Bastow, who has recently come to Peterborough, said that the temperance people of the United States were speaking of the progress Canada was making along the temperance line. He hoped they would continue along this line.

Rev. Mr. Shorey said that before leaving he had been asked to call the attention of the Commissioners to a by-law passed by the Township of Smith restricting the number of licenses to be issued. He thought the number issued should not be in excess of the number required by the by-law. The deputation then withdrew.

The Commissioners considered the following licenses, which were granted:

A. P. Morgan, Morgan House.
Wm. Croft, Croft House.
Margaret O'Shea, Commercial Hotel.
A. Rountree, Little Windsor Hotel.
S. Holland, American Hotel.
Catharine Graham, Oriental Hotel.
John Clancy, Peterborough House.
W. J. Overand, C.P.R. Hotel.
Edward Phelan, Phelan House.
Wm. Snowden, Snowden House.
J. B. Larocque, Montreal Hotel.
Mary Bowman, Oxford Hotel.
Jas. Dolan, City Hotel.
C. LeBrun and L. Felcher, The Palace.
J. Carew, Carew House.
R. White, White House.
F. J. Clunan, Clunnan House.
Jas. White, National Hotel.

The application of Elias Burnham and John S. Bowswell was held in abeyance. The Commissioners decided before disposing of this license to wait a reasonable time for the owners of the property to procure a desirable tenant.

The application of Joseph Armstrong, of the Bodega, for a tavern license was declined and the usual three month's extension was granted, as in cases where a license is not continued.

The following shop licenses were issued: M. L. Henry, F. J. R. Mitchell, E. Brown & Co., Alex. Elliott and a wholesale license was authorized to be issued to Alex. Elliott & Co.

The license for the Carleton House, Young's Point, was granted to Mr. Wm. Brooks. License was also granted to Mr. Wm. Leahy, of the Midland House, Lakefield, on condition of improvements being made to the property in accordance with the report of the inspector.

A license to Mr. H. Calcutt, brewer, was then granted. The Commissioner then adjourned.

DIED.

LEBRUN.—In Montreal, on April 27, 1899, Mrs. LeBrun, wife of Mr. J. LeBrun, aged 76 years.

GAMBLE.—At Canajoharie, N. Y., on April 26th, 1899, Margaret, widow of the late John Gamble, aged 79 years. Funeral private.

A SEWER CAVE-IN.

Mr. Robert Tamblin has a Narrow Escape from a Serious Accident.

What might have easily proved to be a fatal accident occurred yesterday in a sewer which is being constructed in an alley branching off Park street between Gilmour and Charlotte streets. The alley is a narrow one and the sewer being 8 feet deep, a large quantity of earth was piled directly at its edge, thereby causing considerable extra pressure. Robert Tamblin, the contractor and foreman of the gang of five men working on its construction, was endeavouring to dig out a large stone that was preventing progress with the work. Finding it awkward to extricate he dug for a considerable distance around it and by that means undermined the bank so that it caved in. Several tons of earth and gravel came down with a crash and buried Tamblin up to his neck, severely injuring his left leg and arm. The rest of the men hurried to the scene and proceeded to dig the imprisoned man out as rapidly as possible, he in the meantime not saying a word until he was freed.

Mr. Tamblin was back at work today, but was feeling very sore and limped around in a painful manner. He admits that there should have been some cribbng in the sewer to prevent such an occurrence,

THE NEW POWER HOUSE.

Work Soon to be Begun on the Fine New Structure.

Mr. J. C. Kennedy, the contractor, will soon begin work upon the construction of the new power house of the Dickson Company for supplying light and motive power for manufacturing and street railway purposes.

The new building, which will be erected upon the site of the Brodie Woolen Mills building, is to be 50x50 feet in area and three stories in height of which two stories will be basement—under the level of Race street which passes the building. The basement will be of concrete and stone and the superstructure of brick Mr. Richard Sheehy, having the contract for the brickwork. The designing architect is Mr. Wm. Kennedy, jr., of Montreal and Messrs. W. Kennedy & Sons of Owen Sound, will supply the turbines, shafting, gearing etc. The new building which will be modern in every way, and quite up-to-date, will cost, including electrical equipment about $30,000, the contract price.

Auction Sale of Household Furniture.

I will sell by public auction on the Market Square on Saturday, the 29th April, a quantity of furniture, two cooking stoves, crockery, glassware, together with numerous sundries.

Sale at ten o'clock.

JOHN HAGGART,
Auctioneer.

Look Out When the Colours Run!

Did you ever buy Wall Paper in which the colors run so badly when the paste went on that the paper hanger could not make a decent job? Well, that's the kind to keep clear of. It's usually sent out to be sold to bankrupt stock dealers. You may feel quite sure that no such stuff will be found in the Wall Paper stock of the Peterborough Bookstore. We find plenty low-priced wall papers with permanent colors to make an attractive room which we can sell at prices no higher than what is asked for the common trash.

ENNISMORE REMEMBERED.

DOMINION GOVERNMENT GIVES $10,000 TOWARDS A NEW BRIDGE.

The Government Recognizes the Necessity of a Bridge Over Chemong Lake—Our Island Township Not Forgotten.

The commendable action of the Dominion Government in appropriating $10,000 towards the construction of a new bridge across Chemong lake to replace the present floating bridge, deprives the county of any excuse for the contemplated abandonment of the bridge, and will prevent the people of Enniamore and the northern townships from being cut off from direct access to the county town and their market.

It will be remembered that towards the close of the session of the Dominion Parliament of 1898, a deputation consisting of the Warden, Mr. Pearce, of the county, and several members of the County Council, Mayor Davis and several members of the Town Council, Messrs. Paul Costello, reeve of Ennismore; John Lang, M.P., George McHugh, M. P., J. E. Belcher, county engineer, and J. R. Stratton, M.P.P., waited upon the government to urge the government to take steps to assist in constructing a bridge of substantial character across Chemong Lake. Mr. Lang in introducing the deputation, pointed out that the county council had been compelled to lengthen the approaches of the bridge and go to great additional expense to maintain the bridge, owing to the original level of the lake being raised by the construction of the government dam at Buckhorn. It will also be remembered that Hon. Mr. Blair attentively heard the views of the deputation and promised that he would investigate the matter and report the result to his colleagues. Immediately afterward Mr. Blair communicated with Mr. R. B. Rogers, superintending engineer, requesting him to make a report upon the subject, and a report was forwarded early last fall. It must be satisfactory to the town and county of Peterborough to note the prompt manner in which the Minister has recognized the responsibility of the Government in connection with the increased cost of construction and maintainance of Chemong bridge, arising from the construction of the original dam at Buckhorn, the county is certainly indebted to Mr. Lang for his persistency in submitting its claims upon the Government, and with such successful results, and the Government is to be congratulated upon their ready recognition of the rights of the County to aid in the construction of the bridge in question. The county with this substantial assistance available, will now be in a position to give practical attention to the construction of a much needed and substantial bridge between Ennismore and Bridgenorth. A Government that does things—that recognizes public needs and provides for them, has a proper sense of its responsibility to the people.

DIED IN MONTREAL.

The Mother of Two of Peterborough's Citizens Expired Yesterday.

The death occurred yesterday, in Montreal, of Mrs. Joyal LeBrun. She was the mother of two of Peterborough's prominent citizens, Mr. H. LeBrun, the George street clothier, and Mr. C. LeBrun, of the Palace Hotel. The latter left yesterday for the metropolis and was followed by the former on the noon train to-day.

Mrs. LeBrun was 87 years of age and the mother of 9 children, all of whom are living, in Montreal, with the exception of the above mentioned gentlemen. A short time ago she celebrated the 58th anniversary of her wedding day. The family will have the sympathy of their many friends in their bereavement.

PERSONAL.

Mrs. A. McIntyre is dangerously ill.

Mrs. Green of this town is visiting in Lakefield.

Mr. J. I. Davidson left yesterday on a trip to Montreal.

Rev. Mr. Spence of Green Bay, Wis., is visiting friends in town.

Miss Nino Sherin of Lakefield, who has been visiting friends here has returned home.

Mr. R. C. McHarrie, manager of the local branch of the Bank of Commerce, is in Toronto to-day.

Mr. Charles D. Crawford, auditor for the Rathbun Co., is in town auditing the accounts of the local office.

FROM THE KLONDYKE.

Mr. George Kincaid, formerly of Harvey Street, Remembers his Friends.

Mr. William Baptie of Lakefield, who has just returned from the Klondyke, brought home with him from Mr. George Kincaid a number of gold nuggets for his friends. The nuggets are very rich looking, and will be mounted for tie pins, etc.

A well-known Peterborough Nimrod was also remembered, and on opening up his package found half-a-dozen moose hairs as well as a nugget.

Y. W. C. A. NOTES.

The Saturday Club will hold its sixth regular meeting to-morrow evening. The new officers will preside and a pleasant time is anticipated. A special feature of the evening is a seong by Mr. G. W. Mulligan.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard street, Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remembering doing before. I feel like sounding its praises throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c and $1.00. Trial bottles free at Jas. Lynch's Drug Store; every bottle guaranteed.

ALL HEADACHES
from whatever cause cured in half an hour by HOFFMAN'S HEADACHE POWDER
10 cents and 25 cents at all druggists.

THE TRENT WATERWAY.

It is a fortunate thing for the people of Peterborough, the people on the route of the Trent Waterway and the country at large, that the present Liberal Government came into power, especially in connection with the Trent Waterway. The prompt appraisement by the government of the value of this waterway as an important element in the scheme of transportation improvement as represented by a total vote of $865,000 for construction and repairs in connection with the Trent Waterway, is a matter for congratulation to both the district and the country. The present Government is a Government of large ideas, a business Government, a Government that acts, a Government earnestly striving to use the money of the country, to advance the development of its great resources, a Government that treats public and important projects on their merits instead of making them political conveniences. We all know that the unbounded natural resources of Canada have remained largely undeveloped, owing to the lack of transportation facilities—ready means of access to the markets of the world. In its energetic crusade in deepening the St. Lawrence canals, which will open a waterway for grain laden vessels of large draft, clear through from Lake Superior to Liverpool or any part of the world, and make Fort William practically a seaboard harbour, the Government has done well. It has in some respects done better by promptly recognizing the importance of the much shorter route represened by the Trent Waterway and by promptly translating that recognition into action. When the energetic immigration policy of the government shall have peopled the great Northwest, every possible outlet for the products of that fat region will be needed to get the millions of bushels of wheat to the old world markets. For the present the St. Lawrence system of waterways and canals and the Trent Waterway system may suffice, but with the extension of cultivated regions in the North west the Ottawa and Georgian Bay route will be needed. The unlimited possibilities of development of this country will need as a factor, the transportation conveniences represented by these routes. Providence dosen't do everything for man. It has provided Canada with an espeanse of soil the richest on earth, of continental area. It has left for the enterprise of our people the problem of making this natural wealth and our other immense treasures of wealth—our mines and forest—available. Two of the most important media in bringing about this condition, the St. Lawrence route and the Trent route, are nearly completed and the Government has shown wisdom, public spirit and prompt recognition of its responsibility in taking such commendable action in both cases. A Government that makes appropriations instead of promises is the Government the people of Peterborough, the people along the Trent Waterway route and the people of Canada can appreciate, and we believe, do appreciate, as time will tell.

Interest Increasing.

The interest that is being aroused in the Passion Play can be estimated when it is stated that although 350 people were admitted to witness it at Richard Hall & Son's last evening, yet fully as many more were turned away from the door. The performance continues to-day and to-morrow.

NOTICE.

TAKE NOTICE that the Municipal Council of the Corporation of Peterborough intends to construct Granolithic Sidewalks on the following streets and parts of streets in the Town of Peterborough as Local Improvements under Section 678 of the Municipal Act and the other provisions of the said act relating to Local Improvements:—

On Water Street—Both sides, from Simcoe street to Dublin street.

On George street—Both sides, from Brock street to Smith street.

On Simcoe street — From Water street to Bethune street, both sides, and on the north side from Reid street to Park street.

On Hunter street—Both sides, from Water street to Bethune street.

On Brock street—Both sides, from from Water street to Aylmer street.

On Charlotte street—On the north side, from Bethune street to Park street.

On Park street — From Charlotte street to Hunter street, on the west side of Park street.

On Hunter street—From Reid street to Park street on the south side of Hunter street.

On Reid street—From Simcoe street to Hunter street on the west side of Reid street.

On Dalhousie street—On the north side, from Aylmer street to George street, and on the south side from Aylmer street to the creek.

On Aylmer street—From Charlotte street to Hunter street on the east side of Aylmer street.

On Stewart street—From Hunter street to Charlotte street on both sides of Stewart street.

On Murray street — From Water street to the lane west of the Separate School on the north side of Murray street, and from George street to the Baptist church on the south side of Murray street.

And to assess the final cost thereof less the cost of that part of the work which is incurred in respect of street intersections and opposite exempted properties and less forty per cent of the remaining cost of such work, to be provided by the municipality under section 678 of the Municipal Act, upon the property abutting thereon and to be benefitted thereby.

Persons desiring to petition the said Council against undertaking any of the said proposed work must do so on or before the 15th day of June, 1899.

Dated the 27th day of April, 1899.

S. R. ARMSTRONG,
Town Clerk.

Millinery Reflection.

When you hold the mirror up to your Spring Hat you want it to reflect Beauty, Becomingness and Style.

When you buy your Hat here you are sure of all these points.

Grocers Selling Miracle Washing Compound

Will in any case refund money, where the Compound fails to do all we claim, for it, when the following directions are carried out, ASSYRIAN POLISH also.

DIRECTIONS FOR AN ORDINERY WASH TUB:—

Slice one cake of Miracle Compound and one bar of soap into two quarts of water and boil until dissolved; pour it while **hot** into your tub containing enough **boiling** water to cover your clothes; wet white clothes, curtains and cotton fabrics a few minutes in cold water wring out and place them in the hot suds, stirring them enough to enable the suds to reach every part and let stand 30 minutes. **If boiling is Desired**, pour the mixture into the boiler containg enough **boiling** water to cover your clothes; put your clothes into the boiler and stir enough to enable the suds to reach every part, let them boil for 30 minutes; rince in warm water, blue and hang on line.

For Coloured Clothes—Same suds can be heated and let clothes stand as for white.

Blankets, Flannels or Woollens should not be put into cold water, but placed at once into hot suds made as directed for other goods, and allow to stand for thirty minutes; then rince and hang in warm place. If directions are followed, you will be delighted to see how soft and fluffy they will feel.

SPORTING PASTIMES.

Interesting Items of Local and General Interest.

LACROSSE.

There is considerable talk of the Torontos joining the C.L.A If they do they would be put in the local district in all probability. The average weight of the team is 160 pounds.

Hastings has decided to join the C. L. A. and will play home and home games with the Peterborough Juniors for the championship of this district. The dates of the games will be arranged next week. The juniors will have to get into great shape to cope with the husky stickhandlers of Hastings, who were not defeated once last season.

THE WHEEL.

The Canadian General Electric Club will take a run to Chemong tomorrow afternoon leaving the Central Park at two o'clock.

BASEBALL.

The Lindsay Post says: Now that the baseball season is here, we notice that no steps have been taken to organize a senior team. The boys should put their heads together and call a meeting, elect good officers, and communicate with the promoters as to joining the proposed league with Oshawa, Bowmanville, Port Hope, Cobourg and Peterborough. We think there would be no trouble in getting a large attendance at all the games if our boys got in the league.

How Old Are You?

A woman is mighty sensitive about her age. Some have been known to fly into a passion on the witness stand when an inquisitive lawyer asks, "How old are you?" The actual number of years don't count for much in a healthy, vigorous woman. If she be forty, she will look younger than a weak woman at 25. Dr. Pierce's Favorite Prescription keeps women looking young by keeping disease away from those marvelously delicate organs which distinguish the female sex. It cures all the debilitating wastes and drains, all the aches and pains. It quiets the nerves, and stops those bearing-down sensations. It fits the wife for the task of child-bearing, making the period of gestation one of comfort, shortening labor and making it almost painless. It fortifies the whole system, so that recovery after confinement is quick, and there are no dangerous after-effects. The babe of the woman who takes "Favorite Prescription" is sure to be healthier than the babe of the mother who does not take it. There is no alcohol or opiate in this medicine. It is a pure, non-alcoholic tonic and nervine.

Mrs. Axel Kjer, of Gorlonville, Cape Girardeau Co., Mo., writes: "When I look at my little boy I feel it my duty to write you. This is my fifth child and the only one who came to maturity; the others having died from lack of nourishment—so the doctor said. I was not sickly in any way, and this time I just thought I would try your 'Prescription.' I took nine bottles and to my surprise it carried me through and gave us as fine a little boy as ever was. Weighed ten and one-half pounds. He is now five months old, has never been sick a day, and is so strong that every body who sees him wonders at him."

In cases of sudden sickness, the Common Sense Medical Adviser (1008 pages) may save a life. Sent free in paper-cover for 21 one-cent stamps to pay customs and postage. Cloth-cover 50 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

ARCHBISHOP O'CONNOR.

The Details of the Installation Ceremony Now Complete.

Toronto, April 27.—The details of the ceremony in connection with Archbishop O'Connor's installation have now been completed. The Most Rev. Archbishop Gauthier of Kingston will celebrate solemn pontifical high mass, assisted by Rev. Father Sullivan, deacon, and Rev. Father Hand, sub-deacon. Very Rev. Father Marijon will be assistant priest. The Very Rev. Father McCann and Very Rev. Father Harris will be deacons of honor to Archbishop O'Connor.

Rev. Father Ryan, rector of St. Michael's Cathedral, will read the papal brief, appointing Rev. Dr. O'Connor to Toronto archdiocese, and Rev. Dean Egan will read the priest's address. The Rev. Dr. Tracey will be master of ceremonies. Mr. J. J. Foy M.P., will read the address of the laymen. Mr. S. R. Richardson will conduct the choir, and Mrs. C. Smith will preside at the organ.

Nineteenth Century Folly.

The greatest piece of folly of the nineteenth century is to suffer the tortures of rheumatism when a permanent cure can be obtained by using Dr. Hall's Rheumatic Cure. Mr. C. W. Trotter, Cushendall, Ont., suffered with Muscular Rheumatism for three years. One bottle of Dr. Hall's Rheumatic Cure completely cured him. He has not had a pain or ache since. This preparation is used internally. One bottle contains ten days' treatment, price 50 cents. For sale at all drug stores.

Marine Insurance Raised.

Chicago, April 27.—The marine insurance rates on vessels, which were given out to-day by the old line companies, show a sweeping advance on all classes of boats, while on the lower grades the rates are prohibitory. The season of navigation, which has extended until Dec. 12 for two years past, is made to end Dec. 1. The excess charge on vessels out after that time is so high that practically everything will be in port by the end of November.

A Mad Dog's Work.

Toronto, April 27.—Sombra Township, in Lambton County, is agitated over a recent visit of a mad dog. Several dogs, cows and a horse were bitten, and the horse has since died of hydrophobia. Dr. Bryce has received a letter from Dr. Stinton of the district, and the Board of Health will order that all the unfortunates bitten by the insane canine be destroyed.

His Early Swim Was Fatal.

Flesherton, Ont., April 27.—At 4.15 p.m. yesterday while some boys were bathing in a pond near here, Thomas McAuley, the eldest son of Andrew McAuley, cattle dealer, was drowned. The body was found shortly afterwards by Archie Kennedy.

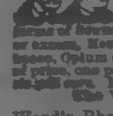
Happy Thoughts.

To please attract and give people something to talk about is an art in writing a prosaic advertisement. Hood, of Sarsaparilla fame, is the originator in an extensive sense, of the the idea of using proverbs and wise saws as a prefix to a pleasant introduction to the well known virtues of America's Greatest Medicine. These quaint quotations often fit the news of the day with startling directness and the moral is easily drawn, with natural good to Hood's Sarsaparilla.

Obeying the Robin's Warning.

In some parts of Warwickshire the tapping of a bird around the house is looked upon by the superstitious as a warning. A doctor was recently summoned in hot haste to a farmhouse not many miles from Birmingham. He found an old man in bed, but in perfect health, and asked why he had been sent for.

"Why, sir," replied the daughter-in-law, "there coom a little robin about the door; we knowed it was a 'call, and we thought it must be granfer, so we put un in bed and sent for you."—London Telegraph.



Before. After. **Wood's Phosphodine,**

The Great English Remedy. Sold and recommended by all druggists in Canada. Only reliable medicine discovered. Six packages guaranteed to cure all forms of Sexual Weakness, all effects of abuse or excesses, Mental Worry, Excessive use of Tobacco, Opium or Stimulants. Mailed on receipt of price, one package $1, six $5. You will please, so will cure. Pamphlet free to any address.

The Wood Company, Windsor, Ont.

Wood's Phosphodine is sold in Peterborough, by H. H. Edmison.

THE SAMOAN TROUBLE.

Commander of the Falke Blames Some of His Countrymen for the Ill-Feeling in Samoa.

Berlin, April 27.—With the view of rectifying the reports of the discord said to exist between the three naval commanders at Samoa, The Nord Deutsche Zeitung publishes extracts yesterday from the reports of the commander of the German warship Falke up to March 22, in which Captain Schoenfelder says:

"The wildest rumors are current concerning the relations between the officers and crew of the Falke and the Americans and English. The reports are due to some of our countrymen, who do not tire of creating ill-feeling between the officers and men of the three countries by promoting such rumors.

"As a matter of fact, the relations between the different commanders and officers are thoroughly courteous and of an accommodating character. In spite of the arduous nature of the guard duty, Captain Sturdee attended the funeral of a German sailor, Wichi, with a deputation of an officer and 16 men, and Admiral Kautz hoisted his flag at half-mast. No disputes have occurred between the German and the American or English crews. At a recent meeting, the military representatives of the three powers expressed indignation at the rumors, and whenever the commanders and officers of the Falke meet the American and English officers and consuls social forms are strictly observed."

Dealing with the commencement of hostilities on March 15, and the fact that a fragment of one of the Philadelphia's shells entered the German consulate, the report says: "The German consulate was not previously notified of the commencement of hostilities and was still inhabited, I immediately despatched an officer to inform Admiral Kautz that the German consulate was not evacuated, and that his shots had struck the building, and requested him to cease firing over Apia until the Germans were in safety. Admiral Kautz told the officer that, owing to my representations, he would not continue firing over Apia, and the following day he sent his flag lieutenant to me and expressed regret at the occurrence.

"Admiral Kautz, on March 15, directed that uniformed officers and men should be allowed to pass freely at all times. The Americans on guard duty were always most civil."

KAUTZ ADDS TO THE TANGLE.

Wrote a Letter to a Relative Who Gave It Publication.

Cincinnati, April 27.—A letter written by Rear-Admiral Kautz to his cousin, Mrs. Charles Lindely of Cincinnati, has been made public by the recipient. It is dated March 23, and is in the easy vein of a relative's private correspondence. In the letter he says: "I am not king here, but just plain boss of the ranch. The German consul had that position up to my arrival, but since then he has been a very silent partner. I am very much afraid he does not like me; in fact, I am not at all popular here with the Germans. But I am all right with the English, and hope to pull through with them. I have no doubt of being sustained by the Government in all I have done."

Caused Consternation.

Washington, D.C., April 27.—The publication of Admiral Kautz's letter referring to his position at Samoa caused absolute consternation at the Navy and State Departments at first reading, but there was soon shown a disposition to minimize the affair before it was clearly apparent that the letter was nothing more than a strictly private communication passing between members of the same family. In official German quarters the letter was not treated very seriously, and there was no indication that the German authorities would take cognisance of it.

Coghlan Reprimanded.

Washington, D.C., April 27.—The case of Capt. Coghlan may be considered as finally closed. The German ambassador, Dr. von Holleben, called at the White House yesterday afternoon and had a conference on the subject with the President of such a satisfactory nature that the matter was regarded as settled. The President explained the course the Navy Department had taken in administering a reprimand to Capt. Coghlan. During the day the Navy Department administered to Capt. Coghlan the reprimand in the form of a letter from Secretary Long to the officer. It is stated at the State Department that the letter will not be made public before the officer has received it, and probably not then.

Brewers and Maltsters Elect Officers.

Toronto, April 27.—The annual general meeting of the Brewers and Maltsters' Association of Ontario was held at the offices of the O'Keefe Brewery Co., Limited, yesterday, the president, Mr. George Sleeman, in the chair. The officers and executive elected for the ensuing year are as follows: President, George Sleeman, Guelph; first vice-president, Hume Blake, Toronto; second vice-president, H. Carling, London; secretary-treasurer, E. O'Keefe, Toronto; assistant secretary, W. T. Kernahan; auditors, William Ross and L. Reinhardt, jr.; executive, Messrs. Blake, Cosgrave, Carling, Griggs, McCarthy, O'Keefe, H. Taylor, L. Reinhardt, J. A. Woodhouse, George Sleeman, William Ross.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

Sensitive Clocks.

A Lewiston (Me.) merchant has in his store an old fashioned clock which is peculiarly sensitive. It sometimes stops, and if any one steps into the store or goes by it will stop again, and if a horse steps on a certain spot in the street it will start.

A man who happened to notice it and who had one like it himself said that his would not run after he had started his furnace in the fall. In the spring, after he ceased to keep a fire, it would run all right.

Great Lovers of Water.

The Siamese are more devoted to the water than any other nation in the world. They are nearly always bathing, generally with their clothes on, and they never go anywhere by land if they can possibly go by water. The streets of Bangkok are like those of Venice, and the inhabitants say that their idea of paradise would be a town with canals where there were currents in both directions, so that they might be spared the effort of rowing.

ALL HEADACHES

from Whatever cause, cured in half an hour by HOFFMAN'S HEADACHE POWDERS. 10 cents and 25 cents at all druggists.

Take No Other. Get the Genuine. Refuse Imitations. There's Only One Dodd's.

Persiatic Plant Food—Stores up life and energy in the plant. Feeds the roots—they become strong and healthy, assists the flow of the life-giving juices, giving strength to the plant fibres and tender shoots. Produces strong vigorous foliage and bloom. Heighthens the natural color and perfume of the blossoms and prevents insect pests. At all druggists and dealers. 25 cents.

THE PICKHARDT RENFREW CO., Stouffville, Ont. Limited.

TAPS.

It is against the rules to carry matches on board of modern men-of-war.

The United States has never used explosive projectiles in its small arms. No country but Great Britain has done so, and Great Britain has only used them against savage tribes.

The common soldier in Russia receives 3 rubles per annum—about $2.50. The day's rations consist of two pounds of coarse bread made of cracked rye, a small quantity of salt and some soup.

The British soldier is the best fed individual of his class in Europe. He receives for his daily rations 16 ounces of bread, 12 ounces of meat, 2 ounces of rice, 3 ounces of dried vegetables, 16 ounces of potatoes and once a week he receives 3 ounces of salt, 4 ounces of coffee and 9 ounces of sugar.

CUTS AT CUBA.

The Cuban insurgents have raised hades long enough. Now let them raise cane.—Chicago Times-Herald.

The best use the Cuban assembly can make of itself is to dissolve into a group of hardworking planters.—New York Tribune.

General Gomez calls the Cuban assembly "a collection of black clouds, with much thunder and little rain." The general may wind up by chasing the assembly out of town with an umbrella.—St. Louis Globe-Democrat.

Do Not Fear Sharks.

In his book on Australia, Richard Semon declares that the prevailing ideas of danger from sharks are greatly exaggerated. Individual sharks may possibly, he thinks, develop cannibal tastes, but such are exceptions, rarer than man eating tigers and crocodiles. The divers and fishermen in the Torres strait, where big sharks abound, do not show the least fear of them.

A WRONG IDEA OF... DYSPEPSIA

Throws all the Blame on the Stomach—The Real Seat of Trouble is the Intestines—The Permanent Cure is Dr. Chase's Kidney-Liver Pills.

It is an old idea long since exploded that digestion is confined to the stomach. No modern scientist denies that by far the greater part of digestion and the more difficult part takes place in the intestines. This explains why dyspepsia is never really cured by preparations which merely aid stomach digestion and act only on the stomach.

This fact also explains why Dr. Chase's Kidney-Liver Pills have been so remarkably successful as a cure for the worst forms of dyspepsia and indigestion.

Dr. Chase's Kidney-Liver Pills act directly on the kidneys, liver and bowels, and give new tone and vigor to the intestines, and make them able to perform their work of digesting the substances on which the stomach has no effect.

Stomach treatment may do well enough for slight indigestion, but if you have chronic indigestion or dyspepsia of a serious nature you can profit by the experience of scores of thousands who have been permanently cured by using Dr. Chase's Kidney-Liver Pills. One pill a dose, 25c. a box, at all dealers, or Edmanson, Bates & Co., Toronto.

WANTED FOR CASH.

Hides, Skins, Tallow, Rubbers, Rags, Bones, Scrap Iron and Metals of all Kinds.

HE WAS AARON NOBLE.

Harriston's Mystery Partly Solved—Belief That He Was Murdered.

Harriston, Ont., April 27.—The man whose body was found near here on Saturday night has been identified, and that the case is one of murder is now apparent. The cap found near the body and the shoes on the deceased's feet have been identified as those worn by Aaron Noble, who hired on Nov. 4, last year, to work for A. Darroch, Minto Township. Noble remained at Darroch's only until Nov. 8, when he left before breakfast without his wages. At that time he wore a brown suit of clothes and carried a satchel. The latter is missing, and the high constable, who is investigating, is certain the man has been murdered and the clothes taken from the corpse, and the duck pants and coat put on in their place. When Noble left Darroch's he had $60 in his pockets.

A Frightful Blunder

Will often cause a horrible burn, Scald, Cut or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heals and Cures Old Sores, Fever Sores, Ulcers, Boils, Felons, Corns, all skin eruptions. Best Pile cure on earth. Only 25c a box. Cure guaranteed. Sold by Jas. Lynch, Druggist.

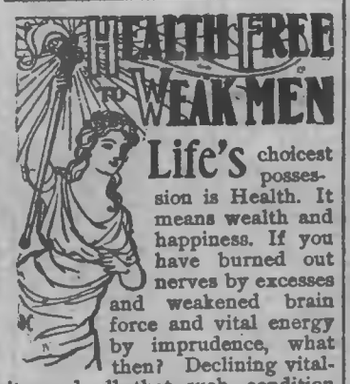
SPALDING IS WORKING IT.

Nearly a Hundred Bicycle Plants to Come Under One Management.

Cleveland, O., April 27.—There is a strong probability that within a few days nearly 100 of the largest bicycle manufacturing plants in the United States will be under the control and ownership of one gigantic company, capitalized at $50,000,000. The capitalists behind the scheme have exact data on the situation, and this week will see the footing up of the sum totals of the various phases of the proposition, and definite action will come at a meeting of the manufacturers early next week. A. G. Spalding of Chicago is the chief figure in the enterprise.

Col. Domville Retired.

Ottawa, April 27.—Col. Domville of the 8th Hussars, New Brunswick, has been suspended by General Hutton, and Brevet-Col. Markham takes command. The reason given for the change is that Col. Domville was absent without permission last November and December, also that he has been too long in command (15 years).



Life's choicest possession is Health. It means wealth and happiness. If you have burned out nerves by excesses and weakened brain force and vital energy by imprudence, what then? Declining vitality and all that such condition means. Write us for our 30 days' "Treatment on Approval." Marvelous developing appliance goes with it. If dissatisfied **send back everything—NO COST TO YOU.**

No advance payment. No C. O. D. No appeal to your fancy or your fears. Ours is an honest Association, dealing with honest men on honest principles. Write us for particulars and priceless information, FREE.

GROWING GIRLS

Should Take Milburn's Heart and Nerve Pills.

They Enrich the Blood, Strengthen the Heart, Tone Up the Nerves and Build Up the Health.

The young girls we see on the street every day—how many of them have pale, pinched, care-worn faces, dark circles

under the eyes? How many complain of headaches, backaches, sideaches and weak, tired-out feelings?

There is not one of these but with ordinary care and the use of Milburn's Heart and Nerve Pills could soon be free from every pain, have cheeks like roses, eyes bright, step elastic and life joyous. These pills supply the very elements needed to build up and strengthen the nerves, enrich the blood and invigorate the heart. Every mother who has a daughter weak and nervous should read the following statement made by Mrs. A. M. Strongman, 564 Colborne Street, London:

"On account of close application to study my daughter Annie became much run down in health and strength.

"I got a box of Milburn's Heart and Nerve Pills for her, and the results have been remarkable. Strength has been imparted to her physical and nervous system by their use, and I am highly pleased to recommend them.

"From the great benefit derived by my daughter from Milburn's Heart and Nerve Pills. I cannot do less than highly recommend them to those suffering from similar complaints."

WEDDING CAKES

From LONG'S are always made of the very best material and have delighted all who have favoured us with their orders. Wedding Breakfasts supplied with all the delicacies of the season.

At Homes and Evening Parties supplied with Choice Delicacies and Refreshments and attendance furnished when required. Ice Cream in shape—Fruit, Neapolitan and other kinds Home-made Cakes iced and nicely ornamented.

Dr. A. W. CHASE

DISCOVERED A NEW TREATMENT FOR **NERVOUS DISEASES**

In his study of diseases of the nerves, Dr. A. W. Chase found that in nearly every case the cause of trouble was improper nourishment. About one-fifth of all the blood in the human body is found in the brain, and unless this blood is rich and pure the nerves cannot obtain proper nourishment, and become worn out and exhausted.

Nervous depression, nervous headache, nervous dyspepsia, loss of sleep and vital force, lack of energy, are symptoms of weak, watery blood and exhausted nerves.

It was as a food for blood and nerves that Dr. A. W. Chase's Nerve Food was prepared. Its remarkable success in curing all diseases arising from thin blood and impoverished nerves is proof that Dr. Chase's theory of feeding the nerves and blood is the proper one; stimulants only urge on the tired and worn out nervous system until there comes a complete collapse.

Dr. A. W. Chase's Nerve Food creates new brain and nerve cells, and makes the blood pure and rich. It restores to the exhausted nerves the vigor of perfect health. 50c. a large box, at all dealers, or Edmanson, Bates & Co., Toronto.

USERS OF MORPHINE.

THE DRUG RAPIDLY ENLARGING ITS CIRCLE OF VICTIMS.

Women In New York, Says a Physician of That City, Are Worshiping at the Shrine of the Death Breeder In Great Numbers.

"The amount of morphine used by women in New York is increasing at an alarming rate," said a physician. "I do not give the drug at all, save in extreme cases, for I believe we doctors are largely responsible for the spread of the evil. It seems such an easy, merciful thing to relieve acute suffering by a dose of morphine, and it would be all right if the patients couldn't get the drug themselves. They can get it. There's the trouble.

"I was called to see one of my patients last week. She is a wealthy woman. She developed the morphine habit two years ago, when she had a serious illness. Since then she has had periodical sprees with morphine, in spite of all we could do to prevent her. She always says that the deplorable state she gets into is due to other causes, but I can tell, as soon as I see her, whether she has been taking morphine. Last week, when I went to see her, she was a nervous wreck and said she had been agonizing with rheumatism. Rheumatism is a handy thing. A doctor can't swear that a patient hasn't got it. I accused the woman of having been on a morphine spree. She denied it. I appealed to her husband. He searched her bureau and chiffonier and found 200 morphine pills. She had bought them all at one time, but wouldn't tell who sold them to her.

"Of course there's a law against selling morphine except on prescription, but a morphine fiend can always get it if he is persistent, and generally he is so. Any physician can tell a habitual morphine taker at a glance. So can a druggist. The latter reads the unmistakable signs in a man's face and, if he hasn't a conscience, will sell the morphine victim what he wants. The druggist knows that the purchaser will guard the secret quite as closely as he could. But, if a person with no symptoms of the morphine habit wants to buy the drug, he will probably have great difficulty in getting it. No pharmacist, even if not particularly reputable, wants to take the chances of being hauled up for a breach of the law.

"I am constantly running across cases of the morphine habit, especially, as I said, among women. The life they lead when active socially uses up their nerves, and they take morphine for neuralgia until they can't get along without it. Usually they are ashamed of the habit and conceal it carefully, but sometimes they are quite open about it, take their morphine regularly and will not listen to reason. Not a month ago a beautiful young woman showed me a new chatelaine ornament she had just bought. It was a remarkably handsome gold case, studded with jewels, and looked like a vinaigrette. The top opened, and inside were a tiny hypodermic syringe and tube of morphine. I said something more forcible than polite and tried to make her see the insanity of the thing, but she only laughed and told me she carried morphine pills in her chatelaine bonbonniere, so that she would be all right if she happened to be where she couldn't use the hypodermic, which she preferred. I threatened to tell her husband, but she said he knew about it and didn't care. She didn't bother him, and he didn't bother her. I went to the husband, and he merely shrugged his shoulders and said he never interfered with his wife. Then I relieved my mind again and told him what I thought of him—and now there is one family less on my list of patients.

"That was an exceptional case, I admit. Usually relatives and friends of a person who takes morphine do everything possible to break up the habit, but a morphine fiend is remarkable for cleverness. A great many women who don't want any one to know that they have the habit work the physicians for morphine. I know women of good family who never go more than two weeks without terrible attacks of neuralgia or rheumatism or something else that causes excruciating pain. The doctor is called in and relieves the woman, but he knows nothing of the matter until he tries morphine. If he is clever enough to see through the thing and too conscientious to help out the little farce, he gives up the case. Another doctor is called in and another, until one prescribes what is wanted. That's an old, old game. Many a struggling young doctor has thought his fortune made because a wealthy woman in his neighborhood called him in, but when she is seriously ill she goes back to her old doctor. She only wants the new one to prescribe morphine for her neuralgia.

"There's no excuse in the world for a doctor acquiring the morphine habit. He knows better. Yet some of the doctors do it. One famous old New York doctor used to take his morphine as regularly as he took his breakfast, and, whenever he gave a hypodermic injection to a patient, he took one himself while he had the syringe out, just for sociability, I suppose. He never went to pieces under it, but I presume he would have done so in time.

"No one but a physician can realize how this special vice is increasing and how serious a problem it presents. As a class the medical profession takes a strong stand against it, but I confess I'm feeling rather discouraged. The person who takes a dose of morphine for anything within the limits of endurance is a fool—but the world is full of fools."

THE BALKY HORSE.

A Simple Scheme of the Motorman That Made Him Go.

People near the New York entrance of the bridge saw a balky horse frustrated with delightful ease the other day by a man who openly confessed that he had no practical or theoretical knowledge of horsemanship. He was the motorman of a Fourth avenue car bound toward the terminal at the bridge. The horse was one of those angular, cockeyed, ungainly beasts that no amount of currying and feeding could make respectable.

It had stopped square in the middle of the track and had spread its feet apart as though its mind was made up to hold the street against the world. In a few minutes four trolley cars were backed up behind the cart and more were in sight down Center street. Motormen, conductors, truck drivers, assorted citizens and a policeman stood around and gave the usual advice. The driver kicked the horse and two or three men called to the policeman to stop him. Then they in turn made humane suggestions about starting a fire under the beast's stomach. A woman said that it would be easy enough for any one to coax him along with a lump of sugar.

The motorman of the fifth trolley car, which had by this time reached the end of the blocked line, walked up and surveyed the situation.

"Whose car is this?" he asked, pointing to the first car that had come up behind the wagon to which the balky horse was attached.

"It's mine," said another motorman, who was fingering a brass motor handle as though he would like to brain the horse with it.

The motorman from the rear hoisted the car's front fender and strapped it in place, folded against the dashboard.

"Now," he said to the motorman who had claimed the car, "go ahead, very easy." Then, turning to the disconsolately profane driver of the horse, he said, "Get up and take hold of the reins."

The car ran forward until the fender reached the tailboard of the wagon. "Now," said the self appointed master of ceremonies to his fellow motorman, "start up as fast as you durn please, and don't stop until you get to the bridge."

The car started. The wagon started. The horse in the shafts simply had to start. He slid and shoved back for a few inches and then broke into a helpless gallop. The car came banging along behind, giving the horse no chance to change his mind and balk again. The spectators cheered. The ingenious motorman looked the assembly over with a sneer.

"Say!" he said. "Say! Some people are dead slow, eh?"

"Sweet Bells Jangled Out of Tune"

How much of woman's life happiness is lost for lack of harmony. A hundred sweet melodious tones ruined by one little note of discord. Women who ought to enjoy the perfect happiness of love and wifehood and motherhood are miserable from one year's end to the other, because of some weakness or disease of the delicate organism of their sex.

These delicate complaints, which make a jangling dissonance of so many lives, are not by any means a necessity of womanhood. They may be overcome and completely eradicated under judicious treatment.

There is no need of repugnant examinations. Dr. Pierce's Favorite Prescription cures the troubles of the feminine organism positively, completely and safely.

For nearly 30 years Dr. R. V. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. He is an eminent and expert specialist in this particular field of practice. Any woman may write to him with perfect confidence, and will receive, free of charge, sound, professional advice and suggestion for self-treatment by which 99 out of 100 cases of female complaint, even of the most obstinate kind, may be completely and permanently cured. Address him as above.

"While I was living at Eagle Rock, Botetourt Co., Va.," writes Mrs. G. A. Connor, of Alleghany Spring, Montgomery Co., Va., "a lady friend came to me and said: 'My daughter, aged 15 years, has repeated hemorrhages at the nose, and she has never had the necessary indispositions of womanhood.' I advised her to get Dr. Pierce's Favorite Prescription. The lady purchased one bottle and it cured her daughter. She was well and happy when I left there."

"I was a sufferer from womb trouble for twelve years," writes Mrs. Harry Pomeroy, of Box 258, Monona, Clayton Co., Iowa. "I doctored with six different physicians and have used a great deal of patent medicine but could find only temporary relief. I began using Dr. Pierce's Favorite Prescription, and have used six bottles and three of the 'Pleasant Pellets.' I feel like a new woman. I haven't felt as well in twelve years as I do at the present time, and I hope and pray that this will induce some other poor sufferer to try Dr. Pierce's medicines and be cured. I think there is no medicine in the world as good for sickly women as 'Favorite Prescription.' I have recommended it to a great many of my friends and they are on the way to health and happiness, and I can proudly say that I am too. I can never praise your medicine enough, and it has done me a world of good."

"Words fail to describe my suffering before I took your 'Golden Medical Discovery,' 'Favorite Prescription' and 'Pleasant Pellets,'" writes Miss Lulie S. Hardy, of South Seabrook, Rockingham Co., N. H. "I have been greatly benefited by the use of your medicines. I never feel any pain unless I stand too long. Before I commenced to use the medicines I could hardly walk across the room. I have been sick off and on for two years. I am feeling quite well now and your medicines did it. I had an abscess on the fallopian tube and it discharged through the bladder. Of course it left the bladder in an irritable condition and also left the womb inflamed. I had an awful burning in my stomach at times; no appetite; wasting drain; constipation; excruciating monthly pains; backache all the time. I was confined to my bed five months. I went to the hospital last April, leaving in May but not feeling much better. Then I commenced the use of your medicines. I have taken them regularly for five months; ten bottles in all, five of each. I have taken your 'Pleasant Pellets' for one year and I would not be without them in the house. I have been greatly benefited by the use of your medicines and I will recommend them as long as I live."

A good, practical home medical work is invaluable. Dr. Pierce's Common Sense Medical Adviser is such a book. It contains 1008 pages and 300 illustrations. Several chapters are devoted to facts that every wife and mother should know. Over a million women possess copies. A new edition is ready and will be given away free. If you want a paper-covered copy, send 21 one-cent stamps, to cover the cost of customs and mailing only, to the World's Dispensary Medical Association, Buffalo, N. Y. Send 50 stamps for cloth-bound copy.

ENGINEER GRAHAM,

Of Montreal, Cured by Dodd's Kidney Pills.

Montreal, April 24.—Proof positive and convincing has already been given in Montreal that Dodd's Kidney Pills are the only sure cure for diabetes. And day after day fresh evidence comes to light to make the proof more emphatic and convincing.

Engineer James Graham, 54 Victoria Square, says: "I suffered with Diabetes for six years. One of our best doctors told me I could not be cured.

"I read of Dodd's Kidney Pills and decided to try them. Three boxes made me well, and I have not suffered from Diabetes since."

Such cures as this prove the efficacy of Dodd's Kidney Pills.

A Sure Test.

The schoolmaster put to his class the question: "Two jars of gas, one containing nitrogen and one carbon dioxide, are given. How may the gases be discriminated?"

One eager little pupil said: "Get a man, and let him take a deep breath of both. When he gets the carbon dioxide, he'll die. That's the way to tell."

The Pressure Cure.

Dr. Negro of Turin has succeeded in curing 100 out of 118 cases of sciatica by digital pressure over the painful part. The pressure is applied with all possible force for 15 or 20 seconds and is repeated for same length of time after an interval of a few minutes. In many cases six treatments are all that is necessary.

Quite a Side Show.

Missouri is said to be the best circus state in the Union. This may account for the pleasing tradition that a Missourian has to be shown.—St. Louis Globe-Democrat.

Hairene for the Hair

Dr. Andrew Grant & Co., Toronto:

NEW CURE FOR COBRA BITES.

A Yarn That Will Shake Up American Snake Story Inventors.

American inventors of snake stories must look to their laurels. The educated Bengali has entered into competition, and judging from the sample given in good faith by a native paper at Calcutta he will be hard to beat. Some time back the lovely daughter of a wealthy Zemindar was bitten by a cobra and died in the course of a few hours. As her remains were being conveyed to the Ganges for sepulture a passing patriarch of reverend mien proposed that he should be allowed to experiment with resuscitation. As he bore a high reputation as a professor of occult science, the sorrowing relatives readily consented.

The sage then obtained three cowries, and after praying very energetically threw the shells on the ground. Instantly one disappeared, and the spectators were wondering what had become of it when a huge cobra burst out of the adjacent jungle, bearing the missing cowrie on its forehead. It must have been a humble sort of reptile, for when ordered by the sage to suck the wound on the deceased lady it at once complied, and then died to save further trouble. Within an hour its human victim had quite recovered, and went off merrily with her husband and relatives, none the worse for her little adventure.

"Such was the marvelous treatment," says the narrator, "of the peasant, Moula Bux, professor of the occult science, which, with the spread of the so called western civilization, has almost died out of the land." What we cannot understand is why snakes committed more atrocities when occult science was in its prime than under western civilization.

PUBLIC CONFIDENCE.

The individual who fulfils his promises gains public confidence, and thus holds one of the strongest levers to success. The same is true of institutions, and in this connection the **SUN LIFE ASSURANCE COMPANY OF CANADA,** has a record in which it can take a pardonable pride.

Instead of over-estimating the profits on its investment policies, the management of the Company has wisely based the calculations on the proper earning power of money, having due regard to contingencies that are bound to arise. As a result of this the holders of matured Endowment policies are from time to time being agreeably surprised, and not disappointed, in the results of their policies.

The following letter speaks for itself and bears the eloquent and substantial evidence of the fact that the Sun Life of Canada keeps faith with its policy holders:

To the District Manager:—

DEAR SIR,—I beg to acknowledge with thanks receipt of cheque for twelve hundred and sixty-four and 95/100 dollars ($1264.95) from The Sun Life Assurance Company of Canada to cover Policy No. 15002 on my own life.

This amount represents a return of all premiums which I have paid to the Company and three hundred and thirty-four and 80/100 dollars ($334.80) besides, or about 4½ per cent. compound interest on my investment. In addition to this the Company has carried my risk for thirteen years for nothing, all of which is very satisfactory.

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1898 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. **Organs of every description at Wholesale Prices.**

Big Bargains now on hand in slightly used, Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

IMPERIAL LIFE INSURANCE CO.

OF CANADA.

Seven Cardinal Reasons for Insuring in the Imperial:

1. It **Affords Unquestionable Security** to policy-holders, by its large Capital Stock of $1,000,000, and its Dominion Government Deposit of $250,000, being the largest Government Deposit of any Canadian life insurance company.
2. Its **Policy Reserves** are held on the most stringent basis used in Canadian Actuarial calculation.
3. Its **Policies do not Restrict** the assured in respect to residence, travel or occupation, and are payable immediately on receipt of satisfactory proof of death.
4. Its **Policies cannot be Forfeited** after three annual premiums have been paid, but provide for surrender values by way of cash or paid-up insurance.
5. **The Premium Rates Compare** favorably with those of other insurance companies, and a grace of month is allowed in payment hereof, during which time the policy remains in full force and effect.
6. Its **Policies are Automatically Continued** in force after three years premiums have been paid, for such time as the whole reserve is sufficient to pay premiums.
7. **Liberal Cash Loans** are granted under policies after three annual premiums have been paid.

A YOUNG GIRL BADLY BURNED.

Her Clothes Took Fire From a Falling Lamp.

Maud McDonald, a girl of 17 years of age, daughter of Mr. Addison McDonald, had a terrible experience in Campbellford on Thursday night, which nearly had a fatal termination and sent a thrill of terror into every person who witnessed it.

The girl was employed in Mr. Thos. McLean's tailor shop, and about 8 o'clock, while she was engaged running a sewing machine, a lamp slipped off the stand, and falling to the floor was smashed to pieces. In a few moments, before she had time to realize her danger, her clothing ignited from the oil that was spattered upon it and it quickly became ablaze. Miss Laura White, who is also employed there, but was at this moment at the foot of the stairs, heard the frightened girl scream, and on reaching the top of the stairs she saw a burning apron lying in the doorway, and Miss McDonald was near it, pulling off her clothes and making desperate attempts to put out the fire. Failing in this she rushed out of the room, dropped her skirt on the landing of hte stairs and ran down to the street. By this time her clothing was burning like a lighted torch. Mr. James Shaw, who was standing a little way from the entrance to the stairs, grabbed her and threw her down on the sidewalk, and in his efforts to smother the fire three fingers of his hand were burned. A large crowd of excited people immediately gathered, all anxious to render assistance. Nearly all the clothing of the poor girl from her waist to her boots was consumed, and her legs are burned in a shocking manner, every inch of them being affected and in some spots the flesh is almost cooked. She was carried from the street in a semi-conscious condition into the Windsor Hotel, and then conveyed to her home, where her injuries were immediately attended to. She has suffered severely, and it is feared that the injury combined with the nervous shock she received might prove fatal, but we are pleased to state that her condition at the present time has improved.

THE PROBLEM SOLVED.

THE NEW MEDICAL DISCOVERY TESTED.

Results of the Test in Various Forms of Dyspepsia.

Chronic indigestion or dyspepsia, while a very common trouble, has for some time been looked upon by able physicians as a very serious thing, and that no time should be lost in treating it properly at the start, because recent researches have shown that the most serious, fatal and incurable diseases have their origin in simple dyspepsia or indigestion.

Diabetes is simply one form of indigestion, the sugar and starchy food not being assimilated by the digestive organs. In bright's disease the albumen is not properly assimilated.

While consumption and dyspepsia are twin diseases, and it is beyond question that dyspepsia makes a fertile soil for the seeds of consumption.

But the trouble has been to find a remedy that could be depended on to cure dyspepsia, as it is notoriously obstinate and difficult to cure.

This has been the question which has puzzled physicians and dyspeptics alike, until the question was solved three years ago by the appearance of the new dyspeptic cur ein the medical world known as Stuart's Dyspepsia Tablets, which it was claimed was a certain reliable cure for every form of stomach trouble.

Physicians, however, would not accept such statements without first giving the new remedy many tests and carefully observing results.

For three years the remedy has been thoroughly tested in every section of the country and with surprising and satisfactory results.

Stuart's Dyspepsia Tablets can honestly be claimed to be a specific, a radical lasting cure for indigestion in the various forms of acid dyspepsia or sour stomach, gas or wind on the stomach, too much bile, undue fullness or depressure after eating and similar symptoms resulting from disordered indigestion. Stuart's Dyspepsia Tablets were not placed before the public until this three years' trial left no doubt as to their value, and they have recently been placed in the trade and can be found at all druggists at the nominal price of 50 cents per package.

No false claims are made for the remedy. It will not cure rheumatism, pneumonia, typhoid fever nor anything but just what it is claimed to cure, and that is every form of stomach trouble.

No dieting is necessary, good wholesome food and plenty of it, and you may rest assured that Stuart's Dyspepsia Tablets will digest it.

Druggists claim for it that it is a pleasure to recommend it to dyspeptics, because it gives such universal satisfaction.

Little book on stomach diseases sent free by addressing F. A. Stuart Co.,

NAVIGATION NOTES.

Ripples of News From the River and Rice Lake.

It is said that the Otonabee is running ten miles an hour.

The river is higher than it has been for a number of years.

The Steamer, City of Peterborough is being fitted up to burn coal this year. It is otherwise being overhauled and repainted and will commence regular trips about June 1st.

The warm weather has brought thousands of ducks on Rice Lake. Their presence is accounted for by the lateness of the spring.

The water continues to rise daily on the river and if it continues, considerable damage is prophesied.

The steamer, Eclipse is under the sole control of Chas. Calcutt this year. It will commence daily trips shortly.

A number of local people are interesting themselves in the reorganization of the canoe club and it is to be hoped their efforts will be successful.

It is said that the water power on the river is not improved by the high water. It seems it causes a back-up which does not help the situation any.

The log drives will soon begin to arrive.

Extra precautions should be taken this spring to see that no drowning accidents occur. Surely people can learn to be careful without such a sacrifice having to be made.

Mr. Roy's steam launch has not been able to get below the C. P. R bridge yet on account of high water.

Rabies Tortured

By flaming itching eczema, find comfort and permanent cure in Dr. Chase's Ointment, a preparation which has a record of cures unparalleled in the history of medicine. Eczema, Salt Rheum, tetter, scald head, old people's rash, and all itching skin diseases, are absolutely cured by Dr. Chase's Ointment.

Silver Plating.

Ladies, look over your silverware and when you have forks, knives, spoons or any pieces of silverware tarnished or plate worn off, bring it to us and have it nicely done over and made as good as new.—The Peterborough Lock Company. d

YOUNG LADIES ENTERTAIN.

A Pleasant Reception at St. John's Church Last Evening.

Last evening a delightful affair took place in the school room of St. John's church when a reception was tendered to the young people of that congregation and also All Saint's by the members of the King's Daughters and Girl's Guild. The school room was tastefully decorated with flags of various nations, the platform being similarly attended to, and everything presenting a decidedly attractive appearance. About the room were numerous tables about which groups of young people soon formed and enjoyed themselves.

The programme was an extensive one and contained many artistic and pleasing numbers. Mrs. Wallace was in good voice and sang several solos in a very pleasing manner. Miss Fox and Miss Maude gave a violin duet, the accompaniment to it being played by Mr. Percy Owens. Vocal solos were also contributed by Mrs. Seward and Mr. Harold Cluxton and were well received. Mr. Pigeon gave a violin selection and Mr. R. Gliddon, the popular band leader, gave two cornet solos, thereby exhibiting his complete control of that difficult instrument. A large orchestra under Mr. Gliddon's direction did good service during the evening and supplied a number of selections. Readings were given by Miss Alma McCollum and Miss Cook and both were enthusiastically applauded for their efforts.

A pleasant intermission occurred during the programme, when a number of young ladies distributed refreshments and made the bashful young men feel perfectlhy at home. The affair was one that will long be remembered by those who were fortunate enough to be in attendance.

Woman's Troubles

Are usually the result of an exhausted nervous system which can be fully restored by the use of Dr. A. W. Chase's Nerve Food. Women made nervous and irritable by the wasting diseases which drain their system find new life, new vigour, new energy, in Dr. A. W. Chase's Nerve Food, the world's greatest blood and nerve builder.

DEATH-DEALING BLAST

Fifty Persons Dead in the Ruins of Their Homes.

THE SOUTHWESTERN TORNADO.

Desolation and Suffering in Kirksville, Newton and Other Missouri Towns—Sufferers' Stories Wring the Heart—The Appearance of the Cyclone—The Dead May Number One Hundred.

Kirksville, Mo., April 29.—The stories of the victims of Thursday evening's tornado are heartrending. Mr. Howells, his wife and three little boys crouched in their home in a group when the storm burst. The house was blown into kindling wood; the father was left dead, the mother badly injured, and the children more or less hurt. Mrs. W. W. Green and daughter, Miss Bessie, a student in the State normal school, were crushed as their house fell, and their bodies were found far out among the wreckage. The little son, Audry, was found yesterday, with severe injuries.

The Weaver family of eight saw the coming death cloud, but stood calmly by the chair of John C. Weaver, the aged father, who was an invalid. The grown sons might have run with wives and babies 100 yards out of the storm's path. The house flew into fragments. The old man was crushed in his chair. The others were knocked senseless. Miss Ella Weaver's legs were both broken, but the aged mother was not hurt. Joseph Weaver, his wife and babe and brother Samuel were terribly crushed.

Dead Remained in the Ruins.

Many of the dead and dying remained in the ruins of their homes during the night; others who had been found and taken to places of shelter died before morning. A small corps of doctors from the Osteopathy College, students, and citizens spent the dark hours in a ceaseless hunt for the unfortunates; the dead were carried away to a selected spot, to be cared for when the needs of the injured could be satisfied. From every locality the cry comes up, "Send surgeons." There are men, women and children in agony, and the rescuing corps are lifting roofs and searching the basements of houses all along the edge of the death track, not entirely demolished, for the forms of the bleeding, dying and dead. Cabs, express wagons, private conveyances and stretchers are all in service, yet the supply is wholly inadequate, and many needy ones are limping out of the wreckage and making their way as best they can to asylums.

Dun Grey and Inky Black.

On the border of the storm which struck this town at 6.20 on Thursday evening the clouds were dun grey, but the core was inky black. Its roar and suction deafened everybody in its path for the minute, and most of those who escaped unhurt report having been rendered unconscious for brief periods. The cyclone first took effect, as far as known here, two miles south of Kirksville; it plowed a way through the town and went on northeast for 15 miles. The storm zone in some places was swept clear as a threshing floor. Along other parts a tangle of timbers, trees and bricks knee deep was left, but the debris was pulverized as if it had gone through a stone crusher. The cyclone approached Kirksville from the south, and missed the heart of the city by two or three blocks. Henry Lowe and three children, living three miles north of the town, were crushed to death beneath their demolished home. The other members of the family escaped. Other fatalities are reported from the country, but no names are given.

The Town of Kirksville.

Kirksville is the country seat of Adair County, and has a population estimated at 5,000. The State normal school of the first district and business colleges are located there. The town is best known through the teachings of the American School of Osteopathy. Persons afflicted with many diseases visit Kirksville to be treated, and it was in the students' and patients' quarters that the tornado wrought havoc.

Reports coming in from the country districts state that many farmers have suffered severely, and that several lives have been lost outside of Kirksville. The latest details show that the list of known dead had been raised to 49 by the identification of 24 more bodies. The number of injured has also been considerably increased.

THE DOMINION HOUSE.

A Quiet Day Spent Principally in Committee of Supply—The C.P.R. and the Intercolonial.

Ottawa, April 29.—In answer to Mr. Foster, Sir Wilfrid Laurier said he would be prepared on Monday to make a statement with reference to the proposed business of the session.

Hon. Mr. Foster called the attention of the Minister of Railways to newspaper rumors of negotiations between the Government and the Canadian Pacific Railway for running powers over the Intercolonial between Halifax and St. John, and asked the Minister to give any information on the subject.

Hon. Mr. Blair said that negotiations were in progress, but nothing had been definitely settled, and that while he was not in a position to say that the negotiations would not terminate in an arrangement being made, they were not at present in a condition to justify making any statement.

Hon. Clarke Wallace read a telegram from Mr. Fitzgerald, vice-president of the Imperial Oil Company, in which that gentleman denied the statement made by Mr. Wallace some days ago that the price of crude oil was lower since the Standard Oil Company had come into Canada and the price of refined oil higher. Mr. Wallace said that he read the telegram as a matter of justice to Mr. Fitzgerald, but he had every reason to believe the correctness of his own statement when he made it.

Mr. Bennett referred to a question asked by him with reference to the lowering of the waters of Lake Simcoe, and hoped that no action would be taken in this matter until the municipality of Orillia and other places on the lake which would be affected had been consulted.

Hon. Mr. Foster asked if the Minister of Finance adhered to his plan of delivering the budget speech next Tuesday.

Hon. Mr. Fielding said that was his present intention, but if for any reason the date of the budget speech should be changed he would give the ex-Minister of Finance timely notice.

Sir Louis Davies promised that the report of the lobster commission should be printed and distributed immediately, and Hon. Mr. Blair said that the report of the engineer as to the work done on the Drummond County Railway would be laid on the table before the resolution for the purchase of the road was dealt with.

The House then went into committee of supply, taking up civil government and dealing with the items for the Department of Railways and Canals.

The items for Railway Department and Agriculture were presented.

After recess, Mr. Russell, on the third reading of the bill respecting the Ottawa Electric Railway Company, moved that the order for third reading be discharged and the bill referred back to the railway committee for further amendment, which was carried.

The act respecting the Brandon & Southwestern Railway Company was read a third time and passed.

A number of bills were read a second time and referred to their respective standing committees.

The House then again went into supply and resumed the discussion of the item of $2,500 for printing voters' lists, which was commenced before recess, the discussion continuing until 10.20, when the House adjourned.

MISS BUDKINS'

—STORE NEWS—

Timely Helps

DISASTER AT NEWTON.

Twenty Persons Were Killed and From Thirty to Forty Hurt.

Chillicothe, Mo., April 29.—Reports from Newton, Sullivan County, are that 20 persons were killed in last night's tornado, and between 30 and 40 injured. Many of the injured will die. The known dead: S. Bedford and wife and five children, L. Evans and two daughters, William Hay, wife and seven children; unknown man.

The entire eastern half of the town was destroyed. The path of the storm was about 500 or 600 feet wide and hardly a dwelling in its course escaped. Frame houses were lifted from their foundations and crushed like eggshells. The more substantial buildings were partly wrecked, and half a hundred persons at least are homeless.

A Terrific Storm Followed.

A terrific electrical storm followed the tornado, and the excitement was intense. Women and children ran about the streets shrieking for their parents and friends, and men searched the ruins in the drenching rain, hoping to locate the bodies of victims. Houses of survivors were thrown open to those who were rendered homeless, and everything possible was done for the injured. Fully one-third of the business portion of the city was destroyed.

Newton is a small town of 600 inhabitants, in Sullivan County, 40 miles north of Kirksville.

Holland's Trip a Failure.

London, April 29.—J. P. Holland, the inventor of the Holland submarine boat, sailed for New York yesterday on the steamship Etruria. His negotiations with the Admiralty for the sale of his invention to the British Government failed completely, the Government objecting to the principle of submarine boats, not against Mr. Holland's specific system.

Mr. and Mrs. Sloane Divorced.

New York, April 29.—Justice Stover in the Supreme Court yesterday granted a decree which established a divorce between Henry T. Sloane and wife. Rumors that this wealthy and well-known society couple were about to dissolve their marriage by means of the law have been frequently circulated and denied of late.

Is Now Mrs. Belmont.

New York, April 29.—Perry Belmont and Mrs. Jessie A. Sloan, the divorced wife of Henry T. Sloane, were married at 8.30 o'clock last night at Greenwich, Conn., by the Rev. Walter M. Barrows, pastor of the Second Congregational Church of that city.

SATURDAY, APRIL 29, 1899.

SCHOOL SAVINGS BANKS.

A few days ago the Examiner referred to the subject of Schools Savings Banks and subsequent inquiry has since confirmed the opinion then expressed that they would be most desirable adjuncts to our already excellent schools, that is if the evidence furnished is reliable, as it seems to be. The idea of such a departure is by no means a new one, though it may appear novel to many. In slow-going Europe, the system has been in operation nearly seventy years. It was established in 1834 and has been put into operation in 100,000 schools. In 1885, it was introduced into the United States, and is now established in 400 schools and it has also made its way into Canada. The system, though only recently adopted in Brantford and Galt public schools, according to advices received, is working admirably. In discussing the subject there is much to be said in favour of savings banks in schools while there seems to be practically no serious objections. Success in adult life is based on thrift and habits of industry and appreciation of the value of money. A chidl, unless a born miser, seldom appreciates the value of money. The first dollar earned or saved evokes quite a different regard from that held for mere gifts in which the element of personal interest except on the very lowest grounds—self-gratification—is eliminated. If the habit of thrift is one of the chief essentials to success in adult life, the proper time to form that habit is in childhood—in other words the practical application is called for of the principle of the injunction of the royal wiseacre, "Train up a child in the way it should go." There is no argument in favour of savings banks for adults, that does not apply to the same for children. The advantage appears to be so open that it is not necessary to urge it.

Judging from the testimony and experience of those who have tried the system, objections to it are practically non-existent and do not weigh for a moment against the advantage offered. Mr. T. R. Preston, editor of the Brantford Expositor, and also a member of the school board and father of the system in Brantford, says: "The consumption of school time is extremely small, only ten or fifteen minutes per week, and the cost of operating is practically nothing. If parents should find it troublesome, because of the frequent demands of children for money to deposit, they have only themselves to blame. The intention of the system is merely to give the children a convenient and safe depository for their "earnings" and for such small sums as most parents indulge them with sweet meats, etc."

Mr. F. S. Jarvis of the Merchants' Bank, Galt, and a member of the school board, which has adopted the with for sweetmeats, etc."

"I am getting up an address on the subject for the county school convention and shall with a great deal of pleasure send you a copy and be delighted to be in any way possible, of use to you in adopting this system of thrift-training in your town. This is the second month of the working of the system here and the deposits of the children are at the rate of $3000 per year. The working is very simple, when once running."

The apparent advantages of school savings banks are so great that as to justify the space we willingly devote to throwing light upon a matter which is almost certain to prove of inincalculable advantage to our school children and to the community of which they will be the future citizens.

For the benefit of those who have not given the subject much attention, we reproduce a few expressions of opinion from leading educationalists of the neighbouring republic, beginning with the U. S. Commissioner of Education, Dr. W. T. Harris:

> If every child can be trained to save, and, as well, given the knowledge which assures his earning, much will be done towards protecting the very poor from the temptations and sufferings of poverty. The school savings banks have already yielded excellent results in this direction. The system tends to make children thrifty, orderly, economical and discriminating in the use of money. It has its influence upon all phases of economy and prophesies virtue.

Mr. N. C. Schaeffer, the Superintendent of Public Instruction, Pennsylvania, a State in which the savings banks system has made great progress:

> It affords me pleasure to bear testimony to the value of thrift-teaching in connection with the school savings banks as they have been introduced into some of the schools in Pennsylvania. Careful management of these savings and the teaching of thrift by this means will prepare the pupils for their future duties as citizens and the makers of homes. I wish school savings banks the most abundant success!

Michigan's experience comes in force as follows:

The introduction of the system of school savings banks in the public schools of Grand Rapids in 1894 was opposed by the more conservative members of our board, but when consent was obtained for its trial in four of the thirty-two school buildings, its success was so immediate and pronounced that it at once won over its strongest opponents, and now it is in every school besides spreading at once to every parochial school in the city, where it has been as equally successful as in the public schools. Commenced in the early part of the financial depression it has shown but little decrease In 1896 its deposits were nearly $11,000. Its advantages seem best appreciated by the middle and poorer classes of people. School authorities who give thought to this matter cannot avoid seeing its benefits, and no thoughtful person can assign a reason why a child should not be taught economy and the value of money and the theory and practice of saving from its first appearance in the school. F. I. Maybury, ex-School Trustee of Grand Rapids, Mich., Public Schools. All here are in favour of school savings banks. We find they do the greatest good in localities where the population is largely composed of labouring classes. Instances are many where savings accumulated by the children have been a great help to families in time of sickness or when the heads of the family have been thrown out of work. Still we do not consider this the most beneficial result attained. Habits of thrift, and economy are being formed which we trust will ultimately be of great value to the next generation. Mr. F. R. Hathaway, Supt. of Grand Rapids, Mich., Public Schools.

School savings banks were introduced into the several public schools of Norristown, Pa., January, 1880. Sixteen hundred and fourteen pupil depositors have now to their credit $17,700.13. The deposits during the nine years have been $65,382.85. Supt. Goterals says:

> "The interest in the system has not in the least abated. The children's deposits during the month just closed were $1400. I wish to emphasize the idea that it does not create a spirit of parsimony and jealousy. Money that might have been foolishly spent has been used for family support in times of need. Some boys have told me that they gave up the use of cigarettes to put the money in the savings bank. The habit of saving money continues with the pupils after they leave school. They learn, too, it is more blessed to give than to receive.

Testimonials might be multiplied, but sufficient has been given to show the warm support which the system receives from experienced educators, and the invariable satisfaction it has given wherever tried.

We add two or three endorsations from bank officials. To begin with, Mr. J. H. Smedley, secretary of the Long Island city savings banks:

> "It may appear at first that the business is too small to bother with, but our fourteen years' experience proves to the contrary. I know of no medium that will bring a bank in closer relation with the people. Beyond the selfish consideration shines out the fact that one is benefitting humanity. I know of many cases where these school savings have relieved distress. As an educational feature of great merit the system must continue to spread. We have upwards of 2,000 accounts with the children and each year the number increases.

Mr. E. H. Longstreth, secretary-treasurer of the Security and Safe Deposit Company, Camden, N.J., says:

> "At the present time we reach about fifteen thousand children, their deposits amounting to nearly *fifteen thousand dollars.*
>
> "In this city, (Camden, N. J.,) where the benefits of the institution come directly under our observation we notice that it is teaching the poorer classes how to save money, as many of the parents are depositing small amounts weekly through the agency of their children, which otherwise they would have felt a delicacy about depositing in a regular savings fund owing to the smallness of the amount.
>
> "We regard it as a grand educational feature, one which should be introduced into every school so that the rising generation might be more thoroughly taught to appreciate the value of small savings."

Mr. W. J. Jones, of the Pittsburg Savings Bank, speaks enthusiastically as follows:

> "The school savings movement is one of the great ideas of the century, and in this locality it has countless adherents. In another year's time we will have the system instituted in every school in the city.

School savings banks were introduced into the three public schools of West Chester, Pa., February, 1890. The collections in the nine years have been $16,684.72. Supt. Jones says:

> "Our savings bank deposits are constantly increasing. Habits of economy are being formed. The project is a success, and has become a part of the education our people expect us to give their children."

Charles B. Boyer, principal of public schools, Atlantic City, is also a strong friend of the savings banks, and sends the following certificate:

> "This is to certify that the school savings bank system has been in operation in our public schools four years and that is has been a very profitable part of our school work. Our pupils have up to date deposited almost sixteen thousand dollars. We find the best harmony existing among our depositors. Parents are in accord with the movement, and the teachers have a great interest in its success. We find the larger number of depositors come from the homes of the ordinary working classes."

School savings banks were adopted in the public schools of Tacoma, Washington, March 1898, and in ten months thereafter 2,000 of the pupils in the seventeen school buildings had to their credit $5,300. The whole amount of deposits in that time had been $8,000. $2,700 having been withdrawn by the children for use. Dr. Field, a member of the Tacoma Board of Education, puts himself on record as follows:

> "The school savings bank is a very popular feature in the seventeen schools of Tacoma, Washington. The system was adopted less than a year ago and the pupils now have on deposit over $5,000, besides having withdrawn between two and three thousand dollars. The system is invaluable as an aid to character building, in the practical lessons it teaches of economy, self-denial and industry. I do not think the parents, teachers or children would be school work which has in this short time proven its value so thoroughly."

From the foregoing it will be seen that the Peterborough Board of Education, one of the most progressive and intelligent in the province, may now give the subject of school savings banks practical attention. A system which has worked so well elsewhere is certainly worthy of discussion, at least, for a town, whose progressive character, demands that it should keep pace with the progress of other enterprising towns and cities. It would do no harm for the board to talk the matter over.

"A Good Paymaster Starts Not At Assurances."

There is one good paymaster who is around on time, gives full value, and never fails in his duty. It is your privilege to select him, and his name is pure, wholesome blood. This paymaster makes the rounds of the body, visits brain, stomach, kidneys, liver, heart and head alike. Hood's Sarsaparilla acts as guarantor that this paymaster will do his duty.

If the blood is impure, it cannot do its duty, and you are the sufferer,—but you need not be. Hood's Sarsaparilla purifies, vitalises and enriches the blood. *It never disappoints.*

Scrofula—"An abscess on my hip was lanced and never healed. Another broke out on the other hip and the next year three more appeared. I took Hood's Sarsaparilla and it helped me. Since taking six bottles of the medicine I have not been troubled, and previous to this treatment one of the eruptions had discharged for seven years." Mrs. Franklin H. Tebb, Freeport, N. S.

After the Grip—"Suffered from weakness after the grip. Began taking Hood's Sarsaparilla and found it as recommended. It relieved my son of rheumatism." Mrs. R. Meyer, Zepher, Ont.

Blood Poison—"Was troubled with blood poison and pains in my heart. Tried Hood's Sarsaparilla by advice of a friend and it gave me relief." Mrs. Lucy J. Cook, Windsor, N. S.

Rheumatism—"Pains in my limbs finally settled in my back. I was obliged to stop work. My blood was poor and I did not have any appetite. I could not sleep nights. I tried Hood's Sarsaparilla and Hood's Pills and these medicines made me a well man. Others of my family have taken Hood's Sarsaparilla after the grip with good results." G. R. Rafus, South Waterville, N. S.

Hood's Sarsaparilla

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla

CHAPTER III

1. In the noonday of life, when the vigorous rejoice in the ripeness of strength—

2. When the heart should feel young, and the red blood of health glow with warmth in the veins—

3. The dyspeptic walks wearily in the shadows of despair.

4. O, the agonies of the flesh that robs life of its joys!

5. And the ignorance of dyspeptics who remain pilloried in pain until relief and cure are easy to attain—

9. At all druggists—

7. When you ask for Dr. Von Stan's Pineapple Tablets, which contain the peptic growth in the juice of the fruit.

8. A single tablet relieves heartburn, sour stomach and other distresses of indigestion, and many chronic cases of dyspepsia are cured with one box—sixty tablets in the box—for 35 cents.

A CURIOUS MYSTERY.

INDIAN POISONS THAT PUZZLE OUR MEN OF SCIENCE.

A Concoction That Takes a Year to Finish Its Deadly Work and Against Which There Is No Remedy—A Poison That Paralyzes.

"I venture to say that no poisons known to science the world over can compare in their effects with the deadly mixtures used by the conjurers, or medicine men, of the Cree and Salteaux tribes of Indians away up in the northwest region of British Columbia," says Dr. James Melden of Manitoba.

"These tribes," he said, "live in that vast, wild region from 700 to 1,000 miles north of Winnipeg, just on the border of Eskimo land. They are the last tribes to be met with before the Eskimos are reached, and they get along very amicably with them, as hunting ground demarcations are mutually understood and respected. No doubt the extreme rigor of the climate accounts for it, but they are conspicuously peaceful for redskins and perform almost incredible feats of endurance. I have known 'bucks' of these tribes to run ahead of a dog sled as guides for over 100 miles. But, for all they have such amiable dispositions, just let one of them get his anger or spirit of revenge aroused through jealousy or envy, and the victim of his wrath meets a death more horrible than the tortures of the inquisition by the use of these mysterious, baffling poisons. The modus operandi is simple enough. He takes his case to one of the conjurers of the tribe—for the same custom prevails among both the Crees and the Salteaux—who undertakes the job of removing the objectionable 'buck.' The conjurer then starts off into the dense forests alone and gathers a collection of barks and herbs unknown to botanists. With these he returns to his wigwam and brews the destructive mixture that does the business.

"Now for the peculiar way in which it works," the doctor continued. "I want to say, by way of parenthesis, that these tribes never go on the warpath. They make no use of tomahawk or scalping knife. They never resort to the popular redskin method of removing an enemy by shooting him down from ambush. Poison is their sole recipe for settling scores. Fortified, then, with his potent drug, the man who is out for vengeance manages to have it administered to his doomed foe in his food. It may be months before the effects are visible. At whatever time of the year the poison is taken it never begins to operate before spring. Here is one of the most amazing features. The first sign is the appearance of sores on the body, and especially on the face, of the victim. In the course of a month or so these would, apparently, dry up and be followed by scales. But that is merely the seeming calm before the storm, for in the course of a few months more, during which the poor buck suffers indescribable tortures, these scales drop off, and in their place great tufts of hair spring up. The last stage before death follows in its most agonizing form, far worse than the tortures from prussic acid and a great deal more prolonged.

"I remember well," resumed the narrator, "how we had heard of these Indian poisons in a vague way for some time in our country; but, knowing the medical books contained nothing of that sort under the head of toxicology, we put the whole thing aside as a yarn. We were rudely aroused one day from this infidelity by the appearance among us of a buck about 40 years old who had been under his enemy's poison. He was in the earlier stages before the scales formed. As he was a man of wonderful strength and superb physique, it was hoped by a missionary who had lived for many years with these tribes that the victim's life might be saved if he could reach civilization and get the benefit of professional skill. So he had brought him, like a good Samaritan, over that vast Sahara of snow and ice and put him in our hands.

"Here at last was flesh and blood proof of the poisons we had laughed out of court as impossible, and we lost no time in deciding to cure him. No mortal was ever more carefully watched and dosed than that redskin. We tried every antidote known to materia medica, both simple and compound, but the poison turned around and laughed us out of court, securing a double revenge. Nothing we administered could stop the slow but deadly work of the Indian mixture. The giant buck went through all the stages I have described, until the most excruciating death put an end to his miseries. All our science was bound hand and foot, utterly helpless in the presence of this curious, fatal brew of an Indian conjurer.

"We know nothing and can learn nothing," he went on to say, "of the herbs that enter into this mixture. This poison mystery has long been kept a secret among the conjurers of those two tribes. They are always few in number and exercise the greatest caution in transmitting it to those who come after them. They require a long and severe training on the part of any buck who feels inspired to enter the conjurers' mystic circle. So severe is the preliminary training that few are able to pass through it successfully. As the brewing of these deadly mixtures is the conjurers' chief occupation they form a sort of college of poison.

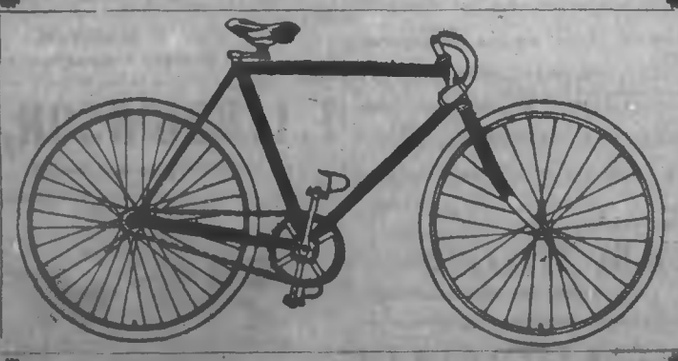
"But," Dr. Melden continued, "there's still another branch of this Indian mystery quite as baffling as the one I've told. These tribes have wonderful powers of endurance and make great boasts of their running qualities. In this there is the fiercest professional rivalry—worse than anything among the theater folks—and when a certain buck is outclassed he generally hunts up the conjurer for a modified form of revenge. He doesn't care to kill his rival. It will satisfy him to have him crippled and placed out of the race. The conjurer is ready for business on that basis, too, and gives his caller a brew that makes short work of the objectionably rapid buck. Sometimes these drugs will paralyze the legs of the victim and have no other effect whatever. At other times they will so stiffen his limbs that he practically hobbles about on a pair of wooden legs. Altogether it is the most curious poison mystery in the world, more than ever curious among tribes that know nothing at all of intoxicating beverages and never brew any sort of intoxicating stimulant."

The Red Bird---Best To-day and Good For Years.

A GENTLEMAN'S MOUNT

Such as Critical Wheelmen Choose.

THERE are such a number of important '99 features in the handsome Red Bird Special, Model 51, shown in the accompanying illustration, that riders of experience are almost unanimous in pronouncing it the most perfect bicycle ever offered for sale in Canada.



There is a new handle bar adjustment, a new seat post adjustment, new front and rear hubs, new front forks and new improved caged bearings.

Every new feature was thoroughly tested and proved valuable before being adopted. Every wheel must pass the most careful examination before being permitted to leave the factory.

Quality is the watchword throughout the entire big factory at Brantford, and every workman has instructions to spare neither time nor labour in his endeavors to turn out an absolutely perfect bicycle. The wheels at your nearest Red Bird Agency show how well we succeed.

McPHERSON & YOUNG, Agents, Peterborough.

LAUGH AND GROW FAT.

The Dream of the Geometrician.

Alexander Kniotowski, Polish born investigator
Into subjects geometrical,
With logarithms deep,
Sat on brookside green and bosky, where his mental incubator
Hatched no truths trigonometrical.
And so he fell asleep.

He thought he was incarcerated in an octohedron,
Where a host of things pentagonal
In horrid conclave sat,
And where his wits were enervated by dodecahedron,
Wearing over mien diagonal
An algebraic hat.

In a costume of trapeziums and circles fabricated,
Which refused to be square rooted
To his horror he was dressed,
And he found that his trapezoids would not be eradicated.
He was parallelo booted,
Though he did his very best.

In this life somnambulistical he ran from apparitions,
In a course circumambulatory
Toward a vast abyss,
Where with his mind statistical he found geometricians
Giving facts somewhat consolatory
Of a short death's bliss.

No asinorum pons appeared to cross peripatetically.
The scholar leaped elusively.
With awful eerie scream,
And himself upon the grasses he found not apathetically,
And was convinced conclusively
That all had been a dream.
—Pearson's Weekly

A Sermon.

She—Why is it, I wonder, that a bird never uses the same nest two years in succession? It very frequently happens that one of last year's nests is just as good as new.

He—Oh, I guess birds are like women, in one way!

She—I'd like to know how you draw the connection!

He—Well, I never see you wearing one of your last year's hats, although some of them must be about as good as new.—Chicago News.

Curiosity.

"That's a curious carload," said Manchester to Birmingham, as the two stood on the platform and looked down the aisle.

"What's curious about it except that all the passengers are women?"

"Well, where will you find more curiosity than in a carload of women?"—Pittsburg Chronicle-Telegraph.

A Futile Effort.

It was a pleasant day in spring
When Mrs. Spriggins went
(With Mr. Spriggins on behind)
To find a tenement.
It must be modern, up to date,
All fresh and clean and nice,
With all the new conveniences
And moderate in price.

So here and there and up and down
She went with purpose set
(With Mr. Spriggins on behind).
Hunting the sign "To Let."
She looked at half a hundred flats
And left them with a sigh,
For either something didn't suit
Or else the price was high.

From morn till noon, from noon till eve
She climbed up stair on stair
(With Mr. Spriggins on behind),
With no luck anywhere.
Then, when she settled down at home,
She said: "This flat is dear.
But I have got my mind made up.
We shall not move this year."
—Somerville Journal.

Qualified.

Penn—I am writing a book on golf.

Brushe—What do you know about the game?

Penn—Nothing; but you can't stump me on Scotch dialect.—New York Journal.

How the Quarrel Began.

She—I'm sure I've cast my bread on the water many a time, and I don't see any results.

He—No; I guess your bread would sink, dear.

Fancy and Finance.

He longed to greet the sunlight,
He longed to feel the rain,
He longed to see the violet
In beauty once again.

He longed to hear the buzzing
Of wandering honey bees.
He longed to hear the joyous song
Of birds among the trees.

His longing caused repugnance
To work of any sort.
In fact, he longed so much that he
Was nearly always short.
—Washington Star.

In Printing House Square.

Dauber—Whom does that statue represent?

Scribbler—Don't you know? That is Ben Franklin the first American joke writer.

PUBLIC CONFIDENCE.

The individual who fulfils his promises gains public confidence, and thus holds one of the strongest levers to success. The same is true of institutions, and in this connection the **SUN LIFE ASSURANCE COMPANY OF CANADA,** has a record in which it can take a pardonable pride.

Instead of over-estimating the profits on its investment policies, the management of the Company has wisely based the calculations on the proper earning power of money, having due regard to contingencies that are bound to arise. As a result of this the holders of matured Endowment policies are from time to time being agreeably surprised, and not disappointed, in the results of their policies.

The following letter speaks for itself and bears the eloquent and substantial evidence of the fact that the Sun Life of Canada keeps faith with its policy holders:

To the District Manager:—

DEAR SIR,—I beg to acknowledge with thanks receipt of cheque for twelve hundred and sixty-four and 95/100 dollars ($1264.95) from The Sun Life Assurance Company of Canada to cover Policy No. 15002 on my own life.

This amount represents a return of all premiums which I have paid to the Company and three hundred and thirty-four and 80/100 dollars ($334.80) besides, or about 4½ per cent. compound interest on my investment. In addition to this the Company has carried my risk for thirteen years for nothing, all of which is very satisfactory.

THE PHONOGRAPH.

Some of the Puzzles That the Interesting Invention Presents.

"There are lots of mysterious things about the phonograph that puzzle even those who are most familiar with their mechanism," remarked a gentleman who has had long experience in the talking machine business. "As a matter of fact, no scientist has ever been able to explain exactly why the thing talks. They say a 'duplicate vibration' is set up, but when you pin them down they all are obliged to admit that they don't know why the operation of the transmitter should produce any such result. Then, again, the difficulty in recording certain tones has always been a puzzle.

"The most improved form of the machine has, as you know, an extremely large cylinder, nearly four times the size of the ordinary one, and for some unknown reason it very materially increases the volume of sound. It would seem, then, to be a logical inference that the bigger the cylinder the louder the tone, and, proceeding on that theory, a very bright young electrician of this city started the other day to build an instrument that was really gigantic.

"He put it together without much trouble and made an experimental cylinder nearly a foot in diameter. I was present when it was tested. Every part of the machine worked perfectly, and a beautifully engraved record was secured, but when the transmitter was attached we were astonished to find that the sound was barely audible. As nearly as we could figure it out the tone was magnified up to a certain point by making the cylinder larger, but beyond that the process was reversed, and it was progressively diminished. Queer, wasn't it?"—New Orleans Times-Democrat.

THE FRENCH MENAGE.

Complaint That It Is Not the Model Affair Claimed For It.

An English writer who has evidently suffered inveighs rather severely against the long extolled thrift of the French housekeeper, which, if it be thrift, is, according to his notion, pernicious economy. He considers the meager messes served and reserved until the last scrap is consumed which make up the course dinner of the French people most unsatisfactory and far from appetizing. "It has been said," he quotes, "that a French housekeeper will serve a grilled chicken foot, making it a substantial course." This he denies—not the service, but the substantial part of it.

As to the soup of the provincial French home, he asserts it is not a thing to be described by the uninitiated, and it is certainly not meant for a delicate palate. It tastes like hot water in which quantities of cabbage have been boiled. "Then," he goes on to affirm, "the only dish of meat will often consist of that which has been used in the making of the soup."

This testimony is borne out by American travelers, who get very tired of soup meat as a dinner dish. For the flavoring and finishing of a dish the French are doubtless unsurpassed, but the allegation that the sauce is made more important than the substantial and that the garnishing takes precedence over the dish it surrounds is not without considerable foundation. The well known story of the French cook who won a wager by serving a boot heel scraped and stewed and simmered and finally served with an entrancing sauce is a good illustration of much French cooking.

A custom peculiar to Buddhists is that of wandering about the country with hammer and chisel and carving holy symbols upon rocks by the wayside

Hairene for the Hair

Dr. Andrew Grant & Co., Toronto:

Dear Sirs,—Having had your "Hairene" in stock now for about a year, I cheerfully testify to its merits, not only as a seller, but one giving entire satisfaction to my customers, and is the best article of the kind that has ever come under my notice.

Yours very truly,
W. R. HOWSE,
Druggist.

DEATH ABOARD SHIP.

HOW BURIALS AT SEA FROM OCEAN LINERS ARE MANAGED.

Little Ceremony and Hasty Funerals the Rule When Sailors or Steerage Passengers Are the Victims—Efforts to Cheat the Sharks.

There is no place where death is more unwelcome than on board a passenger steamer, and between the death and burial of a sea traveler the melancholy influence of the event extends to every one on board. The limitations of space are very likely responsible in part for this, for there is the feeling that until the body has been cast into the arms of the sea there is no getting away from it. So spake a man who has crossed the Atlantic ocean many times and who on more than one occasion had been a passenger on one of the big liners when death had claimed a victim from among those on board.

Sailors dread a death on board their vessel as much as anything, and when one occurs they are all anxiety to render the body the last service, and this fact is often responsible for the haste and scant consideration with which burials at sea are too often conducted. But the days of such ceremonies are fast dying, and efforts are now being made which will permit of the body being carried for the remainder of the journey after death and properly buried on land.

Even now it is generally only sailors and steerage passengers who are buried at sea, and frequently these are cast to the waves without so much as the vessel being slowed down and within an hour or two of their death.

Often enough a death occurs in a vessel without the fact becoming known to more than one or two of the crew or steerage passengers. Every effort is made to keep the event secret, and in the stillness of night, when better class passengers are comfortably curled up in their bunks, a little band of men, moving like shadows across the deck, bear a body from below, and, while the vessel is plowing the sea, the mortal remains wrapped in canvas or inclosed in a crudely made box, are quietly slipped over the ship's side into the mysterious deep.

The presence of a dead body on board has sometimes not even been suspected by the passengers until some one has noticed the sharks that are following, for it is no mere sailor's story that sharks know when a ship contains a corpse. A vessel carrying a dead body and passing through waters frequented by sharks is almost sure to be followed by one or more of those fishes, if it does not outspeed them.

Rather than bury a corpse while sharks are following a vessel the captain will sometimes have the body placed in the ice chamber and full steam put on the engines until the hungry fishes have dropped astern completely.

In one case at least a body was actually cremated on board by the captain's orders because of the sharks. But sharks are not often obstacles to prompt burial, and, generally speaking, when a death occurs at sea, the body is slipped into the water at night with none to witness the proceeding but a couple of the crew and the captain, who reads an abridgment of the service from the prayer book.

The manner of burial of course depends greatly upon the captain's own feelings in respect to the dead, and it must be acknowledged that these feelings are in some cases all that they should be. Some captains have the greatest objection to "dumping" a dead body into the sea and, when it is unavoidable, will do their uttermost to conduct the ceremony with all possible reverence and respect.

For all that, there is always the feeling of the ship's crew and the melancholy effect of the presence of a corpse to be reckoned with, and the argument that more consideration is due to the living than the dead often prompts a captain to "dump" a steerage passenger in the dead of night without mentioning the event to more than a couple of hands.

Thus it often happens that while a concert or a private theatrical performance is going on in the saloon the captain is engaged making arrangements for the burial of some unfortunate creature.

The "Change of Air" Cure.

"There is no sense," said a New York physician, who has passed the days when he must practice even if he does not wish to, "in the haphazard way in which a patient is sent away from home to exhaust his strength and spend his money in the hope that a change of air will do him good. There is no use in sending a person away to die.

"Many physicians are not at all considerate about this sort of thing. There are some cases in which the influence of climate is a potent factor in the treatment of certain diseases, but not half so many of them as is generally supposed. Quiet and rest at home, plenty of sunshine, good food and pure air are worth far more than a change of climate, that is so often recommended as a cure all."—New York Herald.

Condensed.

"Do you buy condensed milk, madam?"

"I presume that we must, but I never thought of it before. I always order two quarts and pay for two quarts, but it never measures more than three pints."—Detroit Free Press.

CITY CLOTHING STORE.

THE MODERN ENGLISHMAN.

An Incident Which Aptly Illustrates His Deliberateness.

To illustrate the deliberateness of the modern Englishman let me tell of a hat which blew off a mechanic's head on the top of a bus crossing Albert bridge. A stiff breeze blew up the Thames, and the hat was whirled against the side of the bridge and then went spinning down the footway in the opposite direction from that which the omnibus pursued. "I say," said the mechanic, reaching over and touching the driver on the shoulder; "me 'at's blowed off." The driver fidgeted a moment at this sudden interruption, then took a tighter grasp of the reins and clucked to the horses to quicken their pace. The hat and the vehicle spun along in opposite ways. "I say, driver," said the mechanic; "me 'at's blowed off." The driver fidgeted again, but now his mind grasped the situation, though most unwillingly.

"It 'as, 'as it?" he said, turning to the man. "Well, then, that'll teach you to buy 'ats to fit your 'ead. I 'ad a 'ole lot of 'ats blow off before I made up me mind to get 'em to fit me 'ead. After that I 'ad no more trouble."

The hat was still bowling along and was now at the farther end of the bridge. The mechanic looked at it dully. I was in a fever of gratuitous impatience for the bus to stop or for the man to climb down. The driver turned back to his work and clucked to his horses, who quickened their gait. Just then a vagrant stopped the flight of the hat and ran and caught the bus and got a penny for his pains. So every one was happy, even I.—Julian Ralph in Harper's Magazine.

Payn's Fearful Writing.

James Payn's chirography is something fearful to contemplate. It is simply execrable. The Academy tells a nice story about Payn's "bewildering handwriting." Miss Jane Barlow sent a poem as a first contribution to The Cornhill when Payn was its editor. Think of the lady receiving a brief line which she interpreted as follows: "I have no use for silly verses."

Of course Miss Barlow indulged in copious tears. There never was such an ill mannered snub. Then she commenced to study the scrawl. Now came a gleam of light, for she dimly made out what it really was. "I hope to use your pretty verses."

Alas, when you are, as a poet, "declined with thanks," there is today no possibility of error, for the fatal missive is always typewritten.

The HEIGHT of PERFECTION IS ATTAINED ...BY...

BUCK'S Happy Thought Range

PATENT CORRUGATED OVEN giving one-third extra radiating surface in the oven, making it the most even baker in the world, and the strongest, most durable construction known.

PATENT ILLUMINATED DOOR. Process of baking can be observed without lowering the temperature of the oven.

PATENT UNOBSTRUCTABLE DAMPER, given perfect control of the fire.

PATENT RESERVOIR DAMPER the easiest to regulate.

PERFECT SYSTEM OF OVEN VENTILATION, insuring thoroughly cooked, wholesome food.

UNAPPROACHABLE FIRE BOX AND FLUE SYSTEM, making it a wonder fuel economizer.

DOUBLE FLUE COVERING ENTIRE BACK OF OVEN the only complete double re-inforced oven in the world.

Why not fall into line, and get the best? Don't be misled into taking something said to be "just as good," and regret it ever after.

ADAM HALL,
Sole Agent for Peterborough

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOOMBE PIANO is the finest made in Canada. Children often complain about practising; they like it if they have a NEWCOMBE PIANO. 1899 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. Organs of every description at Wholesale Prices.

Big Bargains now on hand in slightly used. Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOOMBE PIANOS. Every NEWCOOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

Wm. McCabe, F. I.A. Manag'g. Direct'r

This financial institution is acknowledged by all to be one of the soundest on the continent. Its record in 1898 was quite in accord with its unexcelled success in previous years:

Policies issued amounted to over	$ 4,000,000
Insurance in force to over	20,000,000
Cash Premium Income	600,000
Cash Interest Income	122,000
Total Assets over	3,127,000
The Net Surplus	474,000

Last year the interest earnings alone exceeded in amount the Death Claims—a remarkable fact.

It gives activity to all parts that carry away useless and poisonous materials from your body. It removes the cause of your suffering, because it removes all impurities from your blood. Send for our book on Nervousness.

To keep in good health you must have perfect action of the bowels. Ayer's Pills cure constipation and billousness.

Write to our Doctors.

Perhaps you would like to consult some eminent physicians about your condition. Them write us freely all the particulars in your case. You will receive a prompt reply, without cost.

Address, DR. J. C. AYER, Lowell, Mass

VERY LIKE ANOTHER BLUFF.

A Threatening Washington Despatch to The Detroit Free Press.

Detroit April 29.—A Washington special to The Free Press says: The Treasury Department is preparing to act in the matter of taking retaliatory measures to offset the course of the Government of Ontario in prohibiting the exportation of logs cut from Crown lands purchased by Americans prior to the enactment of the statute requiring the produce of Canadian stumpage to be manufactured within the Dominion.

Secretary Gage has telegraphed to Senator Fairbanks, chairman of the American contingent of the joint high commission, requesting him to come to Washington for an early conference with regard to the subject of invoking the provisions of the Dingley Act. Mr. Fairbanks will arrive here early next week and an important conference will follow. Secretary Gage has advanced the proposition to impose a duty of $4 per thousand upon lumber, but to give notice that such duty is not to take effect until after the expiration of 30 days, in order to give the Canadian Government ample opportunity to meet the situation by removing the prohibition against the exportation of logs.

That Throbbing Headache

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents, money back if not cured. Sold by Jas. Lynch, Druggist.

The Farmers' Institutes.

Toronto, April 29.—Superintendent Hodson has announced the dates of the annual meetings of the Farmers' Institutes of the province. The meetings will be held during June, and this year speakers will be sent by the department to address the meetings. They will be George E. Day, B.S.A., Miss Laura Rose, lady instructor in dairying; J. H. Reed, V.S.; A. E. Shuttleworth and J. B. Reynolds of the Guelph Agricultural College. The institutes will be asked to discuss the formation of women's institutes, for which provision has been made by the department. Mr. Hodson states that the institutes now have a membership of 15,637, an increase over last year.

MOTHER AND COLONIES

How Best to Help the Cable Line Not Yet Decided Upon.

THE CURRENT OF EMIGRATION.

The Filipinos Sue for Peace—The Capture of Calumpit Followed by the Appearance of a Flag of Truce—Gen. Otis Will Not Recognize the Filipino Congress.

London, April 29.—In the House of Commons yesterday the Government was questioned on the subject of the proposed Pacific cable, mentioned at the semi-annual meeting on April 26 of the Eastern Telegraph Company. The Secretary for the Colonies, Mr. Joseph Chamberlain, said that the Government had made proposals to the Governments of Canada and Australia on the subject, but that no final agreement had been made. Statements which appeared in the press, Mr. Chamberlain said, did not accurately represent the proposals made.

With reference to New Zealand's offer to send volunteers to Samoa, the Parliamentary Secretary for the Foreign Office, Right Hon. William St. John Broderick, said that the offer had been declined, as the Government considered the naval force now at Samoa as sufficient to cope with the exigencies of the situation. The Government, however, Mr. Broderick said, expressed its high appreciation of New Zealand's offer.

SETTING TOWARDS CANADA.

The Tide of Emigration Now Strongly Coming Our Way.

London, April 29.—The British Board of Trade emigration returns for the first three months of the current year are very flattering to Canada. The number of people leaving the United Kingdom ports for Canada show an increase of 24 per cent. over the corresponding period of 1898, while emigration to the United States shows a decrease of 15 per cent., and that to other British colonies, including South Africa, has practically remained stationary, or shows a slight falling off.

SUING FOR PEACE.

Aguinaldo Sends Representatives to Gen. Otis at Manila After the Capture of Calumpit—The Day's Fighting.

Washington, April 29.—The news from the Philippines yesterday was that Aguinaldo had sent representatives, under a flag of truce, to General Otis to ask for a cessation of hostilities until the Philippine Congress could be summoned, to decide whether the people wanted peace or not. General Otis replied that he did not recognize the existence of a Filipino Government, and, after a short conference, another meeting was arranged for to-day.

General Otis cabled here the news above given, which was at once wired to President McKinley, who was at Philadelphia. The President had a congratulatory message sent to the officers and troops at Manila, thanking them for their gallantry, and rejoicing at their triumph.

An unofficial despatch to The New York Journal said General Luna, Aguinaldo's field commander, with a large force, had surrendered, but this was afterward denied." The Filipino Junta in London admitted that the report of steps being taken looking to a cessation of hostilities was probably correct, and it was believed a settlement would be reached.

The Latest Fighting.

Regarding the latest fighting, reports show that at Calumpit the Filipinos, under General Luna, had for the first time come out into the open to fight, but they were defeated. Fifty Americans were overcome by the heat, and Col. Funston, who had displayed conspicuous gallantry, was utterly exhausted. At Taguig the Washington Regiment rallied out to meet a force of insurgents and had a pretty hot skirmish in the jungle. The Filipinos were found to be well entrenched and the Americans lost two killed and ten wounded before the enemy was dislodged.

President McKinley and Capt. Coghlan.

Philadelphia, April 29. — President McKinley and his party yesterday morning visited the cruiser Raleigh, which lay at anchor in the Delaware River.

Accompanied by Capt. Coghlan, the President proceeded to the cabin of the cruiser, where he held an informal reception. Capt. Coghlan introduced the men of the ship, and after passing before them with bared head, the President addressed the Manila heroes.

A LITTLE RETALIATION

Adopted by United States Officials in the Klondike.

Skaguay, Alaska, April 12, via Seattle, April 29.—It is understood that the Canadian Government has instructed its collector to see that all American convoys

Ask your doctor how many preparations of cod-liver oil there are.

He will answer, "Hundreds of them." Ask him which is the best. He will reply, "Scott's Emulsion."

Then see that this is the one you obtain. It contains the purest cod-liver oil, free from unpleasant odor and taste. You also get the hypophosphites and glycerine. All three are blended into one grand healing and nourishing remedy.

50c. and $1.00, all druggists.

SCOTT & BOWNE, Chemists, Toronto.

Grocers Selling Miracle Washing Compound

Will in any case refund money, where the Compound fails to do all we claim, for 19, when the following directions are carried out, ASSYRIAN POLISH also.

DIRECTIONS FOR AN ORDINERY WASH TUB:—

Slice one cake of Miracle Compound and one bar of soap into two quarts of water and boil until dissolved; pour it while hot into your tub containing enough boiling water to cover your clothes; wet white clothes, curtains and cotton fabrics a few minutes in cold water wring out and place them in the hot suds, stirring them enough to enable the suds to reach every part and let stand 30 minutes. If boiling is Desired, pour the mixture into the boiler containing enough boiling water to cover your clothes; put your clothes into the boiler and stir enough to enable the suds to reach every part, let them boil for 30 minutes; rinse in warm water, blue and hang on line.

For Coloured Clothes—Same suds can be heated and let clothes stand as for white.

Blankets, Flannels or Woollens should not be put into cold water, but placed at once into hot suds made as directed for other goods, and allow to stand for thirty minutes; then rinse and hang in warm place. If directions are followed, you will be delighted to see how soft and fluffy they will feel.

BRING THE BEST RESULTS

THOSE TERRIBLE NERVOUS HEADACHES.

ROB THOUSANDS OF THE PLEASURES OF LIFE.

Dodd's Dyspepsia Tablets Cure Nervous Headache and Make Life Worth Living—They Remove the Cause of Trouble Quickly and Permanently.

What's the use of suffering from those terrible Nervous Headaches when you need not do so?

Who would be poor, if he could get rich for fifty cents?

Who would endure the agony of Nervous Headache, when he can get certain relief for fifty cents?

Dodd's Dyspepsia Tablets cost only fifty cents a box, and will cure absolutely, thoroughly, positively, permanently, the worst nervous headache that ever tortured poor humanity.

This is no idle, baseless boast.

It is truth—plain, simple, homely, honest truth.

If you suffer from Nervous Headache, buy a box of Dodd's Dyspepsia Tablets, and you will realize the happiness of relief.

How do Dodd's Dyspepsia Tablets cure Nervous Headache?

Simply by removing the cause of the trouble.

In nine hundred and ninety-nine cases out of every thousand, Nervous Headache is caused by bad digestion.

Make the digestion perfect, and the Nervous Headache will vanish just as a scaffold falls when its supports are removed.

Now Dodd's Dyspepsia Tablets make digestion perfect. They themselves digest the food.

That's how they cure Nervous Headache.

Try a box and be convinced. To try them is to be cured; to be cured is, surely, to be convinced.

ONE GASP FROM DEATH.

And Yet Not Beyond the Power of Dr. Agnew's Cure for the Heart to Save and Cure you—This is not Fiction but Fact.

The constant terror and distress of those in the thrawls of heart disease, only the sufferer can know, and what a boon, so magical a relief and cure as Dr. Agnew's Cure for the Heart has proved itself to be. In many cases recorded the patient seemed but a gasp from the grave, and this wonderful liquid heart specific has tided over the crisis, given relief in 30 minutes, and after taking a bottle or two perfect health has been restored and all the distressing symptoms and sufferings seem but as a dream. It cures hearts weakened by la grippe. Sold by H. S. Macdonald and Ormond & Walsh.

Philip Schrank, King Village, brought suit at Osgoode Hall on Friday to have his marriage with Alice Hollingshead of King Village annulled, on the grounds that he was forced into the marriage by threats and intimidation. The marriage was proved, and witnesses swore that Schrank of his own free will agreed to marry the defendant. Justice McMahon dismissed the case with costs.

John Lewis Scholes, the champion featherweight boxer of Great Britain, an ovation on Friday night on his return home fresh from the scene of his victory. They also gave him a split-second gold hunting-case watch.

AWFUL DOUBLE TRAGEDY.

DUAL TRAGEDY IN NORTH END.

John Webber Shoots His Wife and Then Himself.

DOUBT EXISTS REGARDING THE CAUSE.

Bullet Holes are Found in Mrs. Webber's Cheek and Mouth, the Latter of Which is Filled With Blood and Broken Teeth—The Husband Shot in the Temple.

A dual tragedy, most shocking in its details occurred on Water street this afternoon, when John Webber, the oldest engineer connected with the waterworks pumping station, shot his wife to death and then took his own life.

The details obtainable concerning the affair are necessarily meagre, as at the time the tragedy occurred there was no one in the house with the exception of the two victims. It is known that Webber and his wife have not lived on the best of terms for some time, a difference of opinion existing in regard to the virtue of faith healing. Whether the bickerings over this matter

Reached the Climax

this afternoon, or whether some extraneous cause was responsible for the husband's sudden attack on his wife will never be known.

The family have been engaged in moving during the last day or two from a residence on the corner of Antrim and George streets to the premises at No. 841 Water street. The neighbours living in the vicinity of the latter residence were alarmed at about half-past one o'clock to hear the sharp detonation of a revolver shot followed by the terrified shrieks of a woman. Another shot quickly followed the first and a few minutes later another one was heard. A large crowd quickly collected in front of the house and in the yard at the side, but although the unfortunate woman could be seen lying on her face near the back door under an open shed, all were afraid to approach, thinking that Webber might

Turn His Revolver

on any intruders. It was only a few minutes later that a son about 17 years of age arrived on the scene and rushed away to find a doctor, others of those present having already telephoned to the police. Dr. Fife was the first physician alarmed, and hitching up his horse he drove to the scene, picking up Dr. Bell on the way. At this time it was thought that the husband was still alive in the house and no one entered, until the arrival of the Chief of Police, who on opening the door leading from the kitchen to the dining room found Webber lying on the floor, dead, with a revolver between his knees.

A hasty examination of the husband and wife was then made, revealing the fact that Mrs. Webber had

Been Shot Once

through the cheek and once in the mouth. A bullet hole in the right temple indicated how Mr. Webber had reached his end.

It was found that four chambers of the revolver were empty, so in all probability, a post mortem examination will reveal the fact that more than three bullets reached a human billet.

The bodies were laid side by side on a table in the diningroom on the order of Coroner Bell, who has not, as yet, decided whether an inquest will be necessary or not.

The members of the family at home state that during the morning they noticed no change in their father's demeanor, but they are at a loss to account for the presence of the revolver, as he was never known to carry one.

A strange co-incident happened in connection with the case at police headquarters. Chief Rousel received the message at 20 minutes after two and left immediately for the scene, placing a pair of handcuffs in his pocket, as he understood that only Mrs. Webber was dead. About an hour later he returned and discovered that the clock had stopped at exactly 20 minutes after two, as if appalled with the awfulness of the affair.

During the afternoon the crowd drawn to the premises was very large, general sympathy being expressed for the family, the members of which are held in the highest esteem.

Mr. Webber was about 60 years of age and was a native of Peterborough. He was an excellent mechanic and has been in the employment of of the Peterborough Water Co. ever since the works began operation. He was the first pumping station engineer of the company and began work in that capacity in 1882. He was in fact the first man to be given permanent employment by the company and the character of his services may be inferred from the fact that he has continued to serve the company all these years and was in their employment up to the time of this afternoon's terrible double tragedy. For years he has suffered more or less from ill health, which did not however ,prevent his attendance on his duties, and the affection of the liver which troubled him affected his disposition, which was inclined especially at times to be gloomy and despondent. Last year his illness took a more serious form and

He Had to Quit Work

and was for four months under treatment in the Nicholls Hospital. Altogether he was off active duty from the first of October, 1898, to the 15th of March, 1899, when he resumed his engineering duties at the pumping station, and has been at work since, quitting at 7 o'clock this morning, when he was relieved by Mr. Thos. Connor, who took the alternate shifts with the late Mr. Webber. Mr. Connor this morning did not notice anything peculiar in Mr. Webber's manner, but has noticed that of late Mr. Webber was never cheerful, but always seemed to be in a gloomy, brooding mood. There seems to be reason to believe that his ill health made the unfortunate man very much dissatisfied with life, in fact in more than one instance he has thrown out dark hints in regard to ending it. Once last summer he left a note in a record book at the pumping station, with a request to Mr. Connor to forward it to a relative in case of anything should happen to the writer. It is reasonable looking at all the circumstances to infer that Mr. Webber at the time of his perpetrating the terrible double tragedy that has shocked the town, was not responsible for his actions.

The deceased man was married and the father of ten children, of whom two were at home, two married and living in town, three in Montreal and two in the west. The hearty sympathy of the entire community will go out to the bereaved relatives in the appallingly sudden and terrible bereavement that has come upon them.

WALL PAPER SALE

SATURDAY, APRIL 29, 1899.

DEATH OF MRS. GAMBLE.

Her Demise Occurred on Wednesday Last at Canajoharie.

The many friends of Mrs. John Gamble will be grieved to hear of her death during the week at Canajoharie, New York State, where she was visiting her daughter. It seems that Mrs. Gamble has been ill since January, when she contracted an attack of la grippe from which she never rallied. The remains were brought to Peterborough last night and the funeral will take place tomorrow afternoon at half past two from the family residence, Antrim street.

The Canajoharie Radii makes the following reference to the death of the deceased:

"Mrs. Margaret Gamble, widow of the late John Gamble, of Peterborough, Canada, died last evening, after an illness of many weeks, at the residence of Mr. James Roseborough, in this village. Mrs. Gamble was seventy-nine years of age, and had been a resident of Peterborough for fifty-nine years, having moved thither with her husband, from Montreal, when the country was almost a wilderness. Mrs. Gamble survived her husband about three years. She was a devout member of the Methodist church, and a woman of much refinement of manners and sweetness of disposition. Five children survive her; Mrs. James Roseborough, of this village; Mrs. George Dunsford and Miss Margaret Gamble of Peterborough; David Gamble of Ocala, Florida; and Mr. Samuel Gamble of Schaghticoke, N. Y."

OBITUARY.

Demise of Mrs. Lawrence Twomey on Friday Morning.

The many friends of Mrs. Lawrence Twoomey, will regret to learn of her sudden death which took place at the family residence, Ennismore, on Friday morning. The deceased lady leaves an affectionate husband and three children to mourn her loss. Mrs. Twoomey has been suffering from a tumour for some years, but her death was not looked for so suddenly. She was a daughter of the late Timothy Murphy and resided in the township all her life.

The funeral will take place from the family residence on Sunday morning at nine o'clock and proceed to St. Martin's church, Ennismore. After mass the body will be interred in Chemong Lake cemetery. Mrs. Twoomey had a large circle of friends who will regret exceedingly her demise. She was a loving wife and a kind neighbor.

A Coming Event.

The married ladies of the George street church, will give a social on the evening of Tuesday, May 16th in the school room. The social is being arranged with several novel features, and the programme will include refreshments, as the entire arrangements are in the hands of the married ladies, who for once decided to ignore masculine assistance. The occasion promises to be an unique one and particularly interesting.

MARKET MEMS.

Information About the Offerings and Prices this Morning.

The fine spring weather and good condition of the country roads, assisted no doubt by the attraction offered by the stallion show, caused a large attendance of both buyers and sellers at this morning's market.

The market hall was crowded with basket women and business was brisk.

A large offering of eggs sold at 10 cents a dozen, a little lower in price than formerly. Butter brought 17 cents for the best and 15 cents for second grade. Chickens sold at 50 cents to 75 cents a pair, and good plump turkeys could be purchased from $1 upwards.

In green goods and garden truck lettuce was most prominent, bringing 5c a bunch, as did also onions, by the large bunch. Rhubarb is still selling at 10c a bunch and is being offered in small quantities. Radishes sell at 5c a bunch for greenhouse products and 20 cents a peck for last season's variety. Carrots, beets and parsnips are still at the even dollar mark per bushel. Potatoes are coming in in large quantities and are valued at $1 per bag, some of the seed variety selling at 75c. Apples $1 a bushel, with a small supply and big demand.

In meats the prices remain stationary, veal being worth 8c a pound and pork bringing 6 and 7 cents.

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

—Peterborough has seventeen miles of water mains.

—The robins are piping merrily, making melodious music.

—There is a scarlet fever placard posted on Hunter street west.

—Small jobs of spring repairs make mechanics and labourers busy.

—Kingston has a potato famine and is importing tubers from Quebec.

—The Saturday Club of the Y.W. C. A. will hold its sixth regular meeting this evening.

—The steel sprinkler settled the dust on the market for the horse show this afternoon.

—There is ice still in cisterns, badly protected from frost and well sheltered from the sun.

—The streets on which sewers were laid down last fall, don't bring down the blessings of bicyclists.

—The Ottawa Electric Company has offered a twelve months option on its plant and good will to the city.

—The warm weather will bring out the leaves in time to feed the caterpillars the sunshine will hatch out.

—Town Clerk Armstrong issued a large number of dog tags to-day. Monday is the last day to secure them.

—A vagrant was arrested by the police yesterday afternoon but was allowed his freedom later in the day.

—The finance committee held a meeting last evening in the town clerk's office and passed a number of accounts.

—The St. Lawrence Hall hotel in Port Hope will be re-opened on Monday, when a dance will be held in the evening.

—There were twenty-four cases on the Division Court docket yesterday morning. They were finished shortly before noon.

Garnet Green on Charlotte street
Has come to town to stay,
When you want good photos taken,
Step around that way. 3d-1w

—The directors of the big rolling mill company in Belleville met yesterday and awarded the contracts for the erection of the several buildings required.

—The Havelock Standard states that a rumour is current to the effect that that the C.P.R. will reconsider its decision relative to removing the trainmen from that point.

—The question of dredging the Pigeon river so that it may be made navigable is, said Mr. Tarte in reply to Major Sam Hughes, receiving the careful consideration of the government.

—Kingston cheese board is already in operation. Even fodder cheese brought 9 1-4 cents. Will the risk of the reputation of Canadian cheese make fodder cheese a paying product?

—Look your best to-night and have your picture taken by electric light at J. W. Green & Son's studio, Hunter street. Open from 7 to 10 p.m. Photographs taken at night as well as by daylight.

—Messrs. Fairweather & Co. have set up opposition to the oratory at Ottawa, by providing "wind" for bicycle patrons with this important difference, however, that the local wind is furnished free, while the Ottawa article costs big money.

—A member of the Melleville Presbyterian church, Montreal, the fashionable church of West Mount, charged the pastor with bringing beer in bottles into the Manse. The session heard the charge, exonerated the minister and expelled the member who had borne false witness.

—Many of the willows and soft maples are already shooting forth their buds, preparatory to assuming their summer apparel. The spring this year is several weeks later than usual. At noon to-day, however, it was over 80 degrees in the shade, and nature may yet make up for lost time.

—They were sitting on the sofa the other night talking about the beautiful springtime, the coming of the birds, the blossoming of the flowers in the woods, and all that gush, when he exclaimed: "I dearly love birds." Then she hastened over to the piano, and softly began playing: "I Wish I Were a Bird." They are looking for a nest now.

John Green, charged a river driver named Oliver with assault at this morning's session of the police court. Green said the assault occurred in a hotel and that Oliver endeavoured to threaten him into treating. Some humourous evidence was brought out on cross-examination, but as the affair seemed to be a trivial one the Magistrate dismissed the case.

TO CURE TOOTHACHE IN A MINUTE

Use NERVOL. One application cures; if not, your money back. Equally good for Neuralgia and Headache. 25c, at all Druggists.

MEN'S AND YOUTHS' HATS.

All the Favourite Hats

For 1899—newest in Style and Shade—with no pinching of Qualities to make the profit-margin bigger. We fit every possible need of Gentlemen, Young Men, and Boys, in Spring Derbys and Fedoras, in all the recognized Colours and Shapes.

Business hasn't drifted this way blindly, and those who make comparisons will find our VALUES the best within their reach.

Caps in all the New Materials and Fashions.

W. LECH & SONS.

PERSONAL.

Miss Helen Boucher is visiting her friends in Toronto.

Mr. Court Strange of Kingston, was in town yesterday.

Mr. W. L. Allen, who is now located in Cobourg, was in town yesterday.

Mrs. Thos. Callaghan and Mrs. M. Callaghan of Campbellford are in town to-day.

Mr. Artie Allen of Toronto, was in town yesterday looking up old friends.

John Edmison has returned from Queen's University. He left to-day to take charge of the Presbyterian mission at Buckhorn.

Thos. Marks, theatrical manager, passed through town to-day to take up his residence for the summer in his native home, Perth, Ont.

Miss Grace Barnett, is down from Mrs. Neville's Toronto school, spending Sunday at "the Pines" with her sister, Mrs. C. B. McAllister.

Mr. Charles Macfarlane left to-day for Vancouver, B.C., on business for the Wm. Hamilton Mfg. Co. He will be absent two or three months.

Mr. Norval Baptie, of North Dakota, a celebrated skater, is again in town to-day. Mr. Baptie won a number of important races in Montreal last February.

Mr. W. J. McDonald, of Coubourg, who is now in charge of the Idyl Wyld hotel, was in town to-day and gave the Examiner a pleasant call. Twenty additional rooms are being added this spring to the hotel and in the fall the old structure will be torn down and the new building further enlarged.

Mr. W. L. Allen, who recently retired from the hardware firm of Kingan & Allen, has purchased the fine business hitherto conducted by McNaughton & Co., in Cobourg, and will take up residence in that town on Monday. Mr. Allen was a partner in the Kingan & Allen firm for five years, during which time he resided in Peterborough and won the confidence of the town to such an extent as to be elected to a seat in the Council Board last year. Cobourg is to be congratulated on having the ranks of its business men recruited by one whose energetic traits of character are certain to win him the esteem of all. Mr. Allen's energy was not only applied to his business, whilst in Peterborough, but it brought him to the front in sports as well. Last season he was one of the Tankard series of the Granite Curling Club, the two rinks of which did so remarkably well in the series, winning the District Medal and only being beaten but by Oshawa by one shot in the race for the tankard. Mr. Allen's many friends in town will regret to hear of his decision to leave Peterborough, but they will all join in wishing him all kinds of success in Cobourg.

Is Your Piano in Tune?

The change of season affects pianos as well as anything else. Mr. George Gumpricht, practical piano maker and tuner, with 28 years experience, attends to all orders left at Mr. H. S. Macdonald's drug store.

A Great Athlete.

Mr. Tom O'Rooke, of Toronto, one of Canada's most famous athletes, was in town to-day. Mr. O'Rooke is a splendid specimen of physical development and one can easily believe the tales of his wonderful feats. He has twice came second in the Dominion athletic games for Canada, and in 1887, the jubilee year, he was the winner of 27 first prize gold medals. Mr. O'Rooke is a resident of Toronto, but is in attendance at the stallion show to-day. It is his first visit to Peterborough, and he has the greatest praise to give for the wide-awake and business-like appearance of the town.

TELEPHONE No. 46. Calls Day or Night promptly Attended to.

For four years Mr. Zingsheim suffered with piles but now his suffering has entirely vanished and he has gained twenty-five pounds.

John F. Zingsheim, Esq., of No. 9 Lark Street, Amsterdam, N. Y., writes: "I was afflicted with piles for four years brought on by heavy lifting. My suffering was extreme and the piles gradually increased in size notwithstanding the fact that I tried many different kinds of treatment. After becoming physically incapacitated and unable to work at all, and after much hesitation, I wrote to you. I am very happy to state that your advice has done me great good. You advised Dr. Pierce's Golden Medical Discovery, also his 'Pleasant Pellets.' They have cured me. I thank you most heartily for what you did for me. All suffering has entirely vanished and I have gained about twenty-five pounds in weight. I used only one bottle of 'Golden Medical Discovery' and one vial of the 'Pellets.'"

Piles is a disease that is usually treated locally with ointments which are well enough in their way but do not touch the *cause*.

This is where Dr. Pierce's medicines excel—they cure the cause of disease and of necessity the disease itself disappears. Piles are caused by a severe inflammation of the lining of the rectum and lower intestines, and this inflammation is due to the presence of effete, poisonous matter. To cure it two things are necessary. 1st—thorough cleansing of the bowels; 2d—the soothing and cooling of the inflamed membranes.

The first is produced by Dr. Pierce's Pleasant Pellets. Two little 'Pellets'—about twice the size of a pin head—are a dose. They are the pleasantest cathartic known. They do not gripe but they do their work.

Dr. Pierce's Golden Medical Discovery cools and purifies the blood and acts as a general tonic to the whole digestive system, neutralizing and eradicating all poisonous, irritating matter.

The patient who takes these two remedies will not only find his piles cured but will soon discover that his general health is greatly improved.

Dr. Pierce's Pellets cure biliousness.

EVIL OF SCORCHING.

Leamington Bicyclists Ran Into Each Other and One May Die.

Leamington, Ont., April 29.—An accident which may prove fatal took place here last night. Elton Clemons, an employe of the Post Printing Company, was riding northward on his bicycle, and came into collision with another bicyclist, Charles Irwin, who was riding very rapidly, and they came into collision with fearful force. Young Clemons was picked up unconscious and carried to his home. Up to this hour he still remains unconscious. Irwin was badly hurt, but was able to walk home.

A JEWLLERS' CASE.

MR. R. F. COLWELL, OF WINDSOR, TELLS HOW DODD'S KIDNEY PILLS

Cured him of Brigh's Disease, After Many Other Remedies had Utterly Failed—Dodd's Kidney Pills Helped him from the start

Windsor, April 28.—In no city in Canada has that celebrated medicine, Dodd's Kidney Pills won a brighter record than in Windsor. The number of persons cured of deadly Kidney Diseases by Dodd's Kidney Pills in this city is surprisingly large and increases daily.

One of the latest to testify to the magic power of Dodd's Kidney Pills is Jeweller R. F. Colwell, No. 9, Oullette street. He says: "I have endured for two years the greatest torture from back-ache and pains in the loins. A puffiness appeared under my eyes, my limbs bloated, and my urine was of a dark unnatural color, and bad odour.

"I tried many remedies, but all failed to help me. When I ascertained that I had Bright's Disease, I became thoroughly alarmed. I was told of the efficacy of Dodd's Kidney Pills in all Kidney diseases, and I began to use them.

"After the first few doses I began to improve. The pains left me, my sleep became sound, puffiness and bloating vanished, my urine resumed its normal condition, and my health gradually became all I could wish it to be. I used only a few boxes of Dodd's Kidney Pills, but they cleaned my system thoroughly of that dread curse—Bright's Disease.

There is no case of Bright's Disease, Diabetes, Dropsy, Gout, Gravel, Stone in the Bladder, Rheumatism, Lumbago, Diseases of Women, or any other Kidney Disease that Dodd's Kidney Pills will not cure.

Dodd's Kidney Pills are sold by all druggists, at 50 cents a box, six boxes $2.50, or sent, on receipt of price, by The Dodd's Medicine Co., Limited, Toronto, Ont.

They Fear American Competition.

Bremen, April 29.—The great Belgian coal miners' strike, in which 77,000 men are now involved, has become a menace to the companies working the Westphalian collieries. These German miners have threatened to join in a sympathetic strike if the operators sell their coal in Belgium. The companies are in a quandary. If they ignore the demand of their miners they might as well close their shafts; whereas, if they yield they fear lest American coal obtain a foothold in Belgium.

Howards' Heart Relief Cures

Heart Disease and Weak Circulation

by its peculiar influence on the heart, arteries and nerves.

It also makes good healthy blood—so as to make the cure permanent.

This prescription is in daily use in the great hospitals of England, America and Germany. The great heart specialists say it has no equal for heart derangement or sluggish circulation.

Mr. John Molash, Garnet P. O. was recently cured of heart disease of eight years standing.

Mrs. Mary Proctor, Dundas, Ont cured of dizziness, loss of appetite and weakness. Is now the smartest lady we know at such an advanced age.

Joseph Morlock's child, Ragerville, 11 years old—born with defective circulation through the brain—was nervous and intellectually dull. Has been made bright like other children.

Many to be had at drug stores or by mail at 50c. per box or 5 boxes for $2.00.

S. W. HOWARD, 71 Victoria St., Toronto.

A BRILLIANT SUCCESS

Ministers at the Brantford Young Liberals Banquet.

A GREAT GALAXY OF TALENT.

Mr. Tarte on "Our National Highways," Mr. Sifton on "Our Great West," and Mr. Paterson on "Our Commercial Interests"—Mr. Fraser Wins the Freedom of the Town.

Brantford, April 29.—The Young Liberals of Brantford had the honor and pleasure of entertaining at their annual banquet last night in the Kerby House three distinguished members of the Dominion Cabinet and a most popular and eloquent member of the House of Commons. The gentlemen guests in question were Hon. William Paterson, Minister of Customs; Hon. J. Israel Tarte, Minister of Public Works; Hon. Clifford Sifton, Minister of the Interior, and Hon. Duncan C. Fraser, member for Guysboro.

A Galaxy of Talent.

In obtaining such a galaxy of talent for their annual celebration the Brantford Young Liberals were exceedingly fortunate. Either one of the guests mentioned would have been a great attraction in himself, but together they formed an irresistible combination, their speeches being characterized by a happy blending of the initiative power and farseeing sagacity of the statesman, the ripened experience of the man of the world, the glowing diction of the orator and the keen sense of the humorous which marks the wit.

Subjects Happily Chosen.

The subjects of the addresses were happily chosen, and allowed each Minister to speak more particularly of the branch of service which he administers. For example, the Minister of Customs was called upon to respond to the toast of "Our Commercial Interests," the Minister of Public Works to that of "Our National Highways" and the Minister of the Interior to that of "Our Great West." The enthusiastic plaudits of their hearers evidenced how well each member of the Government acquitted himself.

Mr. Fraser was happy and witty as usual in his remarks, and after his speech last night he can have the freedom of the town at any time.

A Regretable Absence.

There was just one regretable feature about the gathering, and that was the absence of Hon. A. S. Hardy, Brant's talented son. The Ontario Premier, however, experienced so much benefit from his sojourn at Atlantic City that he decided to take a further rest of a few days before returning to the cares of office, and was reluctantly obliged to forward his apologies for absence. From whatever point viewed, the banquet was a grand success, and the Young Liberals of Brantford as a result can add another triumph to the laurels they already so proudly display.

A BUSINESS MAN'S FAITH.

Tortured by Rheumatism for Months he Pins his Faith to South American Rheumatic Cure and is Healed—It Cures in One to Three Days.

Mr. S. Barker is a business man in Toronto, and lives at 9 Suffolk Place. He contracted very acute rheumatism and for months was a great sufferer. He treated with the best physicians without any relief. He took South American Rheumatic Cure for what it claimed to do in advertisements he read of it, and when he had taken two bottles he was completely cured. He says: "I voluntarily give this testimonial that other sufferers may be benefitted, as I believe the remedy is a perfect specific." Sold by H. S. Macdonald and Ormond & Walsh.

THE PACIFIC CABLE.

The Proposed British-Canadian-Australian Cable Line Cannot Be Run to Points Which Make the Money.

Ottawa, April 29.—Sir Mackenzie Bowell spoke on the cabled report of the action proposed to be taken by the Imperial Government on the Pacific cable question, and made a speech full of information on the subject. Hon. R. W. Scott said that Sir Mackenzie's remarks were only too true, and he felt that unless the cable was built now it would never be built. Hon. David Mills said the matter was more grave than would appear. There had never been a more serious attempt in 100 years to cripple the commercial growth of Canada in the interests of a monopoly. Sir Mackenzie Bowell got an order for a return of all names of all commissioners appointed by order-in-council to inquire into charges of offensive partizanship against the Government. The Senate adjourned till May 17.

The Pacific Cable.

The cause of Sir Mackenzie Bowell's remarks referred to above, was the laying on the table of the Senate a copy of the agreement between Great Britain and the Eastern Extension Cable Company in 1893, received in November of that year by Lord Aberdeen, and not made public until now. The clause limiting the time to five years for the laying of a cable connecting Hongkong with Canada and Australia by Her Majesty's Government, the Dominion of Canada or any colony in Australia has now lapsed as the document is made public, and that paying port cannot now be entered by the proposed British Canadian Australian cable. Where the document has been all these years does not clearly appear.

The New Woman

Now enters upon pursuits formerly monopolized by men. But the feminine nerves are still hers and she suffers from toothache. To her we recommend Nerviline nerve pain cure—cures toothache in a moment. Nerviline, the most marvellous pain remedy known to science. Nerviline may be used efficaciously for all nerve pain.

KOLADERMIC SKIN FOOD—Cures impurities of the skin—dissolves freckles, moth patches, and other discolorations — brings blackheads and flesh-worms to the surface where they dry and fall off. Koladermic removes the facial defects caused by indigestion and stomach troubles. It imparts a clearness and robustness foreign to a diseased and impure skin. At all druggists, 25 cents.

THE KOLADERMIC SKIN FOOD CO. Stouffville, Ont.

EMPEY BOUND IN $1,800.

The Alleged Brockville Ballot Forger Committed for Trial.

Brockville, Ont., April 28.—The case of Gordon Empey, who was arrested on Saturday last, charged with attempted ballot-stuffing, was up for hearing before the police magistrate yesterday. A charge of forging a ballot was also entered against him yesterday. Two witnesses were sworn, the returning officer and a Conservative scrutineer, and as a result of their evidence Empey was committed for trial at the Assizes. He was allowed to go on furnishing bonds to the amount of $1,800.

DR. LACKNER AGAIN CHOSEN.

Lately Unseated North Waterloo Member Nominated by Conservatives.

Waterloo, Ont., April 28.—The Conservatives of North Waterloo met in convention here yesterday afternoon and again nominated Dr. Lackner as their candidate to contest the riding in the coming bye-election. About 150 delegates, mostly from Berlin and Waterloo, were in attendance. The old officers of the association were re-elected.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in the back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim," no one should fail to try them. Only 50c., guaranteed at Jas. Lynch's Drug Store.

It Didn't Work.

Magistrate (to prisoner)—You were caught in the act of opening a bedroom window.

Prisoner—Yes, your worship. I believe in hygiene, and I was only going to open the window an inch or two for the benefit of the occupant's health. It's frightfully unhealthy to sleep with your bedroom window completely shut up, your worship!

But the excuse availed him not.

THIN GIRLS GET PLUMP

while using Dr. A. W. Chase's Nerve Food.

There comes a critical time in the life of every woman when the bud of girlhood is unfolding into the full blown flower of womanhood. Mothers at this time should carefully guard their daughters' health, for this is a time when many a girl falls victim to insidious diseases which make life a misery.

Loss of flesh, headaches, pains in back and side, nervousness, irritability, dull eyes and a pale, sallow complexion, these are the symptoms that warn you to use Dr. A. W. Chase's Nerve Food.

The blood is impoverished and the nerves require nutrition. Nature must have assistance and there is no better way to help nature than by using Dr. A. W. Chase's Nerve Food. It is a food for blood and nerves, and creates rich, red blood, solid flesh and new nerve tissue. The color will return to the cheek, the brightness to the eye, and increase in weight will tell of solid advance in health.

Dr. A. W. Chase's Nerve Food, 50c. a box. At all dealers, or Edmanson, Bates & Co., Toronto.

CHILDREN'S AID SOCIETY.

(Incorporated by Act of Legislature, 1891)

Children for Adoption

NEWS IN BRIEF SPACE.

St. Thomas has broken the record for low salaries paid to teachers, having just engaged a young lady at $10 per month.

The large brick house occupied by James Rose of Otonabee was totally destroyed by fire on Wednesday night, the contents being saved.

A Montreal eye and ear specialist removed Thomas Stewart's good eye last week by mistake. Now the lad, who is 17 years of age, is entirely blind.

The Canadian Fraternal Association at Toronto on Thursday passed a resolution asking Hon. Mr. Fielding to delay passing his benevolent societies bill until next session.

A young man named Huyck, who came from Selby as a student to Albert College, Belleville, broke his kneecap on Thursday whilst running in a baseball match at the latter place.

Virulent smallpox has appeared simultaneously in various parts of Germany, notably at Iserlohn, Hanover and Moonadlo. The Prussian authorities are taking prompt steps to prevent its spreading.

The executive of the Canadian Bankers' Association at Montreal on Thursday declared against a Canadian mint for the coinage of gold, and intimated that it was disposed to give Fortin's insolvency bill favorable consideration.

Oliver C. Fish and Kate Bender of Emsdale, Parry Sound, who have recently been living at Ackley, Iowa, have been brought back to Canada under arrest, charged with stealing from R. J. Fish of Emsdale, brother of the male prisoner.

The eighth annual meeting of the Canadian Fraternal Association began in Toronto on Thursday, the president, Mr. Lyman Lee, in the chair. There are now en fraternal insurance societies in the association and these were all represented.

The petition of Mr. Alexander to have an order made winding up the Bell Piano & Organ Company of Guelph came up in Toronto on Thursday before the Hon. Chief Justice Sir William Meredith. His lordship enlarged the petition indefinitely.

A deputation representing the educational institutions of the Dominion, including all the universities and most of the schools and scientific societies, presented a petition to the Hon. William Paterson, Minister of Customs, on the 26th inst., asking for a more liberal interpretation of the tariff regulations relating to the free importation of scientific apparatus.

A CARD.

We, the undersigned, do hereby agree to refund the money on a twenty five-cent bottle of Dr. Wills English Pills, if, after using three-fourths of contents of bottle, they do not relieve Constipation and Headache. We also warrant that four bottles will permanently cure the most obstinate case of constipation. Satisfaction or no pay when Wills' English Pills are used.

A SENATOR DEAD.

Hon. John Sutherland Succumbs to His Long Illness on Thursday.

Winnipeg, April 28.—Senator Sutherland died at 3 o'clock yesterday morning.

The Hon. John Sutherland was born in Winnipeg August 28, 1821. He was the son of Alexander Sutherland of Sutherlandshire, Scotland, who came to Canada and settled in Winnipeg in 1815, after serving in the British army in the Peninsula campaign. John Sutherland was educated at St. John's College. He was a member of the Council of Assiniboia from 1866 until its abolition. He was a director of the Commercial Bank, Manitoba, and of the Winnipeg Trusts Company. In 1870 he was high sheriff of Manitoba, and resigning that office, he was called to the Senate in 1871. In politics he was an Independent Conservative.

Kipling Going to England.

New York, April 28.—Rudyard Kipling is to sail for England on May 24, and has already engaged passage on the steamer Cymric of the White Star Line. His rooms at Lakewood, N.J., have been taken until May 7, and after that date it is understood that he will be entertained by friends on Long Island.

Feminine Features.

"While woman may have her face on the dollar," said the cornfed philosopher, looking thoughtfully at the coin, "yet, to tell the truth, she is more apt to have her eye on the 38 cents."—Indianapolis Journal.

The depth of water affects the speed of steamers very considerably, the vessels moving more slowly in shallow than in deep water.

About one German woman in every 27 works in a factory.

CATARRH CHOKED HIM.

Insidious, Deep-Seated, Relentless Disease—Bound to Vanish under the Dr. Agnew Catarrhal Powder Treatment—Relief in Ten Minutes.

Mr. Benjamin F. Wonch, 31 McGee street, Toronto, says: "I was troubled with that insidious disease—catarrh—for many years. It became very deep-seated, and was rapidly growing worse, with disgusting discharges from my nostrils and the dropping in my throat almost choking me at times. I tried a dozen so-called catarrh cures without any relief, but after using a few bottles of Dr. Agnew's Catarrhal Powder I was completely restored, and I believe permanently cured from this loathsome disease." Sold by H. S. McDonald and Ormond & Walsh.

THE CYNIC.

When a man is patient, he is unnatural.

When it comes to politics, everybody is prejudiced.

Some people are talked about, and others imagine they are talked about.

When a man is making money, his wife insists on the neighbors knowing it.

There is so much talk about the need of charity because so many people need it.

A man can always make a woman repent of her ill treatment of him by falling sick.

If only those without sin were allowed to cast the first stone, there would be nobody to give good advice.

If a woman is "good" to her boys, they never light a fire until they are married and their wives make them begin.

Get any one far enough away from his parental home, and the little house and lot, plastered with a mortgage, become a valuable "family estate." — Atchison Globe.

Unruly Waves.

Comedian (during ocean scene)—What are the wild waves saying?

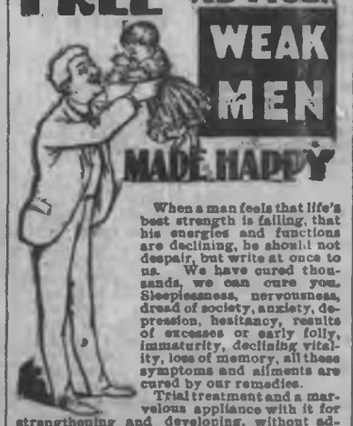
Manager—They threaten to strike if I don't raise their salaries.—New York Journal.

"Talk" Won't Build Roads.

We've heard it stated, "Talk is cheap!"
So while the mud is two feet deep
In many highways of the land
The people scold to beat the band.
But very likely, by and by,
When summer comes, and roads are dry,
Those ones who now put up a bluff
Will say, "Our roads are good enough!"
—L. A. W. Bulletin.

FREE MEDICAL ADVICE.

WEAK MEN MADE HAPPY



When a man feels that life's best strength is failing, that his energies and functions are declining, he should not despair, but write at once to us. We have cured thousands, we can cure you. Screamed ... WITH.. Agony

From the Terrible Itching, Burning Tortures of ...

Eczema on the Scalp

Some of the cures effected by Dr. Chase's Ointment are more like miracles than anything else. The case recorded here was one of the worst ever brought to the attention of Toronto's best physicians, and when doctors gave up all hope of recovery Dr. Chase's Ointment was successful in producing a perfect cure.

Mr. James Scott, 136 Wright Ave., Toronto, states: "My boy Tom, aged ten, was for nearly three years afflicted with a bad form of Eczema of the scalp, which was very unsightly and resisted all kinds of remedies and doctor's treatment. His head was in a terrible state. We had to keep him from school, and at times his head would bleed, and the child would scream with agony. For two and a half years we battled with it in vain, but at last found a cure in Dr. Chase's Ointment. About five boxes were used. The original sores dried up, leaving the skin in its normal condition. To say it is a pleasure to testify to the wonderful merits of Dr. Chase's Ointment is putting it very mildly."

Dr. Chase's Ointment, at all dealers, or Edmanson, Bates & Co., Toronto.

McLEOD STEWART A HUSTLER.

Liverpool Chamber of Commerce Endorses Georgian Bay Canal Scheme.

Liverpool, April 28.—McLeod Stewart, formerly Mayor of Ottawa, Canada, who is in England endeavoring to obtain Government backing for the Montreal, Ottawa & Georgian Bay Canal project, addressed the Liverpool Chamber of Commerce on that subject yesterday. Much interest was aroused by his presentation of the advantages of the canal, which, he said, would save 1,000 miles over the present route, and would result in the enormous development of the cattle trade and the wood pulp industry. The maximum cost of the enterprise he estimated at £6,000,000. The Chamber passed a resolution calling upon the Imperial and Colonial Governments to aid in the promotion of the enterprise.

A Frightful Blunder

Will often cause a horrible burn, Scald, Cut or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heals and Cures Old Sores, Fever Sores, Ulcers, Boils, Felons, Corns, all skin eruptions. Best Pile cure on earth. Only 25c a box. Cure guaranteed. Sold by Jas. Lynch, Druggist.

Drowned in the Cistern.

Boston, Ont., April 28.—Yesterday afternoon the 15-months-old daughter of Thomas Turnbull, near this place, while playing in the yard, fell into the cistern, which had been left uncovered. She had been there about ten minutes when found. Every effort was put forth to revive the child, but without avail.

Sprayed Everything in Sight.

Toronto, April 28.—Prof. Lougheed of the Ontario Agricultural Department has sprayed the nursery stock in eastern Ontario to prevent San Jose scale and has returned to Toronto. Fruit prospects, he says, are good.

Wood's Phosphodine,

The Great English Remedy. Sold and recommended by all druggists in Canada. Only reliable medicine discovered. Mailed on receipt of price, one package $1, six, $5. One will please, six will cure. Pamphlets free to any address. The Wood Company, Windsor, Ont.

Wood's Phosphodine is sold in Peterborough, by H. H. Edmison.

A DAY OF FIGHTING.

Americans Take Two or Three Small Filipino Towns.

NO WORD ABOUT CALUMPIT.

MacArthur's Advance Over the Rio Grand—Lawton Sweeping the Back Country—Toilsome Travel and Toil for the Weary Soldiers of the Big Republic—Hostilities May Soon Cease.

Manila, April 28.—Gen. MacArthur's division crossed the Rio Grande yesterday and advanced on Apalit, completely routing the flower of the rebel army. Most of the rebels fled to Apalit Station, where two trains were waiting for them. They left hurriedly, presumably for San Ferandon. The towns of San Vinento and Apalit were simultaneously burned and evacuated by the natives. Twenty prisoners were captured, including a Spaniard. The American troops also captured a brass cannon and a quantity of arms and ammunition, and they captured a Maxim gun on the railroad.

The fighting lasted from noon until 4 o'clock. The American loss is one of the Montana Regiment killed and three officers and six men wounded.

The enemy were very strongly entrenched on the river bank, near both sides of the railroad bridge. Gen. Wheaton sent Col. Funstone across with two companies of the 20th Kansas Regiment, a couple of privates swimming the swift stream with a rope under a galling fire for the purpose of guiding a raft. The men crossed in squads of 20 and attacked the left flank of the rebels. The rest of the regiment was compelled to cross the bridge, in single file, along the stringers. All the wooden work and much of the iron work had been removed. The First Montana Regiment followed the Kansas across the bridge.

TIRESOME TRAVEL.

Hardships of American Soldiers Under the Energetic Lawton.

Manila, April 28. — Gen. Lawton's advance has been a remarkable demonstration of the resistless energy which characterizes all his undertakings. The last troops forming his column only reached Norzagaray yesterday. The men were badly played out, as during the past two days they had dragged bullock carts over roadless jungles and through swamps, cutting their own way for miles. They will rest three days and then, with Colonel Summer's command, consisting of the Oregon and Minnesota Regiments, the troops will resume the march westward, co-operating with General MacArthur's forces in the important enterprise.

The committee of Filipinos organized to mediate between the Americans and Aguinaldo fear to approach the rebels after the refusal of the latter to receive the Spanish commissioners, who were bearing a white flag. The commission, after consulting with the American commissioners, propose to tell Aguinaldo that while no terms except unconditional surrender could be offered after the length to which the war had been carried, they could assure the rebels that they would be treated according to the American traditions of leniency to the conquered, and that there would be no punishments or confiscations of property if they laid down their arms.

The leaders of the committee told United States Consul Williams that they would go if he would accompany them, believing the rebels trusted Mr. Williams. The latter, however, refused, having no authority in the matter. He said: "I do not believe the Filipinos would harm me, but they might detain me for months."

The American commission is hampered in its work of enlisting the support of the friendly Filipinos by the fear, expressed by many of the latter, that the "anti-expansionists" may obtain control of the American Government and cause the withdrawal of the Americans troops from the Philippine Islands, thus leaving the natives who have assisted the Americans to the mercy of Aguinaldo's followers. Under these circumstances men of property are reluctant to risk the result of becoming identified with the American regime.

Aguinaldo Is Careful.

Madrid, April 28.—The Minister of War, General Polavieja, it is announced, has received advices to the effect that Aguinaldo intends "to retain the American and Spanish prisoners, as, in the event of a cessation of hostilities, it will enable him to demand better terms of peace."

Former Ottawa Man Killed.

Ottawa, April 28.—Word has reached Ottawa of the death of Peter Tompkins, who was killed on April 14 in the charge against the Philippine insurgents. He was at one time a resident of Ottawa.

Japanese Intervention.

London, April 28.—According to a special despatch from Shanghai, it is reported there that Aguinaldo's agents in Japan have issued a strong appeal for Japanese aid and sympathy, and are urging Japan to a friendly intervention with the United States.

ENGINEER GRAHAM,

Of Montreal, Cured by Dodd's Kidney Pills.

Montreal, April 24.—Proof positive and convincing has already been given in Montreal that Dodd's Kidney Pills are the only sure cure for diabetes. And day after day fresh evidence comes to light to make the proof more emphatic and convincing.

Engineer James Graham, 54 Victoria Square, says: "I suffered with Diabetes for six years. One of our best doctors told me I could not be cured.

"I read of Dodd's Kidney Pills and decided to try them. Three boxes made me well, and I have not suffered from Diabetes since."

Such cures as this prove the efficacy of Dodd's Kidney Pills.

ALL HEADACHES

Liverpool Markets.

Liverpool, April 28.—Prices closed yesterday as follows: Wheat futures, quiet, at 5s 8½d for May and July. Maize, 3s 5½d for new spot; futures, 3s 5⅝d for May and 3s 5¾d for July. Flour, 17s 9d.

Cheese Markets.

Kingston, April 28.—A regular meeting of the Frontenac Cheese Board was held yesterday. There were 810 boxes of white cheese boarded; no sales on the board. Cheese was sold afterwards at 9¼c.

Woman's Troubles

Are usually the result of an exhausted nervous system which can be fully restored by the use of Dr. A. W. Chase's Nerve Food. Women made nervous and irritable by the wasting diseases which drain their system find new life, new vigour, new energy, in Dr. A. W. Chase's Nerve Food, the world's greatest blood and nerve builder.

Census Taking In China.

In china census methods are simple. They don't have much trouble to take a census there. When the time for making a count of the families and their individual members comes around, the head of each house is compelled by law to write on a slip of paper the number of individuals living with him and the name of each person. The authorities lay particular stress upon correct spelling, and there is a severe penalty attached to any misrepresentation either as to the number of persons or their names. This obviates in the beginning the wrestling with unpronounceable names, which helps to make life interesting for the American census taker, and reduces the enumeration of the population of a Chinese city to a very simple process.

George Crane Accidentally Killed.

St. Thomas, April 28.—George Crane of Dutton met with a peculiar accident on Wednesday evening, which resulted in his death at midnight. The deceased was assisting a companion to saw some wood, and in throwing the wood into a pile a piece thrown by a man named Chapman struck Crane on the head. He became unconscious and remained so until his death. He was unmarried.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

REV. WILLIAM STOUT'S STATEMENT

Proves conclusively that Burdock Blood Bitters permanently cures Scrofula.

The Reverend gentleman a sufferer for 23 years—tried the most skilled physicians in Ontario, who failed to do him good—B.B.B. cured him 17 years ago, and to this day there has been no sign of the disease returning.

When Rev. Wm. Stout's statement of his wonderful cure of Scrofula by Burdock Blood Bitters was given to the public some fifteen years ago, the case was so remarkable, as it had defied the skill of leading physicians and surgeons in Canada, that many were inclined to believe that the disease would surely come back on him again.

To this day, though, the reverend gentleman, who is now stationed at Kirkton, Ont., has never had a sign or symptom of this terrible affliction returning, which is another strong and convincing proof, added to the long list we have already published, that when B.B.B. cures you you're cured to stay cured.

The following is the statement Rev. Wm. Stout made of his case in 1883.

In the autumn of the year 1859 an indolent, painless swelling was observed by my friends to be rapidly growing on the left side of my neck. Iodine was freely applied during the following winter, but swelling continued to enlarge, until it reached the size of a large apple.

In the spring of 1861 I applied to Dr. Symmes, of Meaford (now dead), who blistered it and punctured it but pronounced it devoid of pus; but upon a deep incision being made over half a pint of genuine pus was discharged. Immediately it healed, and began slowly to grow again; and in the spring of 1863 I had it operated on by Dr. Chas. E. Barnhardt, of Owen Sound, after which a terrible inflammation having set in, I went to the hospital at Toronto, and was about a month under the care of that eminent surgeon, Dr. Aikens. He treated the swelling by free incisions, and by setons which were continued for six months with no real benefit. In December of that year I was again under the care of Drs. Barnhardt and Allen Cameron for three months. It continued emptying and filling until March of 1864, when, it being closed over, I attended the Grammar School at Kincardine, but in June had it operated on by Drs. Moore and Martin, then practising in that town. I had it opened that fall several times, and had it filled with the tincture of iodine for the purpose of destroying the sac. I began teaching in school section No. 1, Kincardine, in Feb., 1865. In about three weeks it violently attacked me again, and I was advised to go to Dr. P. R. Shover, of Stratford who, with Dr. Hyde, opened the abscess and applied iodine freely into the inner walls of the cavity, which destroyed the rotundity of the sac, but produced no other benefit. In June, 1867, it inflamed again most violently, and I was under the care of Dr. S. Secord, of Kincardine, for six months. From that time until 1873 it was an open unsightly sore. I removed to Virgil, township of Niagara, and taught during 1872, trying to labor, though under intense suffering. At Niagara I was so completely worn down that I consulted Dr. Wilson, who said he could only prescribe a nourishing and stimulating diet in order to meet the drain on the system. This kept me about, but offered no permanent benefit. In 1873 I moved to Port Credit Public School, but after eighteen months resigned my charge, afterwards assuming charge of Glen Williams School, County Halton. In May, 1874, suffering terribly, I again went to Toronto to the same Dr. Aikens that had treated me in the General Hospital in 1863. That summer and fall I was greatly afflicted, and suffered fearfully during the winter of 1874-5. The next summer I went to Dr. Mullin, of Brampton, under great suffering. He treated me very skillfully and kindly, advising me precisely as did Dr. Wilson, of Niagara. January, of 1876, I became head master of Bath School.

During a nine months' stay at Warkworth, Dr. McRae and Dr. Goldsmith, of that village, both operated on me, as also did Dr. Mitchell, while I was attending college at London. After my ordination on the 18th of June, 1878, I volunteered to take the Bishop's poorest mission, and through painful trial labored on, under the providence of God. I now have three fairly good churches. Starting from nothing, I have made for myself a pleasant and desirable home. When I came to Wiarton in July, 1878, I was again violently attacked and confined to bed for over two weeks under the care of Dr. Wigle, who incised the abscess, and by care I did my work until the following spring, when his services were again necessary, and again in December, 1879, I went to London and consulted Dr. Morehouse, and afterwards Dr. Woodruff. Although I had to work very hard that winter, I was under constant suffering. The abscess assumed a cancerous appearance.

I assisted the Bishop in March of 1879 at St. James' Church, Westminster, at which time my neck was complete covered with a white cloth. I am rejoiced to say that I no longer need to cover my neck to hide my affliction, and fear no recurrence of the same. Dr. Wigle, of Wiarton, operated on me in May, 1880, and again in December of that year. I then went to London, and on my return I was again attacked more violently than ever. I was almost on the verge of despair, having been treated by the best medical skill the country contained, as the many eminent names previously mentioned will show. When I had exhausted the skillful resources of the regular profession, I then resorted to nearly all the patent medicines that promised to cure scrofulous and blood diseases, but without any benefit whatever. When in an almost helpless condition, I tried Burdock Blood Bitters. I took it for about four months, and in that length of time used several bottles internally, and having faith in its common-sense like rational promises, and believing that if it was a good alterative blood-purifying medicine that would act upon the grandular system when taken internally, why, I reasoned, would it not, by the power of absorption, excite the grandular system and the secretions to a healthy action by direct application *outwardly*, through the medium of the skin, and thus exert a double curative influence. I applied it freely externally with the most astonishing and gratifying results. Believing I had made a singular and valuable discovery, I persevered in my efforts, and they to my great joy were crowned with success, and for the first time for years I was able to dispense with surgical aid, which I firmly believe I shall never require again for the same disease. More than two years have elapsed since I have had any attack of the disease, and I feel as well and safe now as if it had never affected me, which after more than twenty-three years of terrible suffering seems almost like a miracle to relate.

I have tried Burdock Blood Bitters for one of my children, who was afflicted with an obstinate humor of the blood, and whose face was covered with sores, now perfectly smooth and clean; also my servant, treated for swelled neck, and many other cases in our parish, to whom we have given and recommended the remedy. Such is our faith in its virtues that I seldom go abroad without taking a small bottle for any suffering friend. Knowing that it cured me, and believing that it saved my life, I most earnestly and heartily recommend it to suffering humanity, and would urge all who may be similarly afflicted to give it a trial.

I believe it to be a true specific for all constitutional Scrofulous Blood Diseases, and unsurpassed as a rare healing remedy of great cleansing and curative power. I know of some who have died of my disease, and one in the very neighborhood where I was attacked, who, perhaps, might, like me, have rejoiced in restoration to health had they been possessed of this invaluable remedy. (Signed)

WILLIAM STOUT,
Parsonage, Wiarton, Ont.

Rev. Wm. Stout is at the present time rector of the Anglican Church at Kirkton, Ont., and under the date of July 26th, 1898, wrote the following, showing how during the past 17 years there has been no sign of the disease returning.

"It is now seventeen years since I was cured by Burdock Blood Bitters, and fifteen years since I first gave a statement of my case.

"During all these years there has not been the slightest return of the scrofulous abscesses which for so long a time defied the skill of some of the best physicians in Canada.

"All that I said of B.B.B. in 1883 I can say with greater emphasis now. My cure has certainly been a permanent one, and I can assure you I owe a deep debt of gratitude to B.B.B., and only desire that its wonderful healing and curative properties shall be made more widely known to suffering humanity." (Signed)

WILLIAM STOUT,
Parsonage, Kirkton, Ont.

Look where you may, you can find no other remedy producing such a record of permanent cures of severe and malignant diseases as B.B.B. is presenting from time to time. The reason of this is that B.B.B. attacks disease at its source and origin in the blood, makes that life-giving fluid rich and pure, and removes from the system all those poisonous products on which disease germs thrive.

WAS RIDDLED WITH BULLETS.

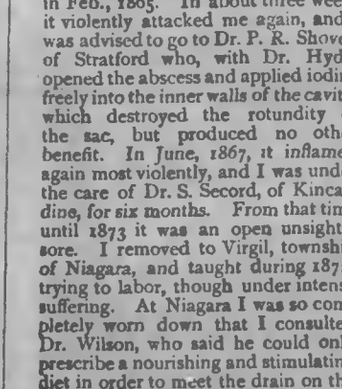
Body of Mitchell Daniel, a Negro, Found in a Georgia Road.

Leesburg, Ga., April 28.—The body of Mitchell Daniel, a negro, was found in the road near here yesterday, riddled with bullets. The man who came in to notify the coroner said he did not know who killed Daniel, but he had heard the shooting at 3 o'clock in the morning.

Daniel and other negroes had recently made inflammatory talks against a family named Laramore and others, charging them with complicity in a lynching near here some time ago.

Three negroes about a week ago tried to force an entrance into the room occupied by Mrs. William Laramore. Her screams brought help and the parties ran, but dogs trailed them home. Daniel was supposed to be implicated in this affair. Following this outrage the Laramore house was fired into a few days ago.

Be on Your Guard!



THE BEST is always imitated. Dodd's Kidney Pills, sold only in boxes like this, are widely imitated, because they are the best Kidney cure. Take none but

D-O-D-D-'S

Race Question Crops Up.

Atlanta, Ga., April 28.—The race question was a disturbing feature of yesterday morning's session of the international Sunday school convention. It made its appearance in two ways—the endeavor of Georgia and South Carolina negroes to place colored men on the committee on nominations with the whites, and by reason of the fact that the convention in permitting negro delegates to be seated with the whites, is violating not only a city ordinance, but a State law, which requires that the whites and blacks be separated in all public gatherings. The public called the attention of Col. Asa G. Candler, chairman of the entertainment committee, to the matter, but after a discussion it was decided to let the delegates sit as they wished.

Happy Thoughts.

To please attract and give people something to talk about is an art in writing a prosaic advertisement. Hood, of Sarsaparilla fame, is the originator in an extensive sense, of the the idea of using proverbs and wise saws as a prefix to a pleasant introduction to the well known virtues of America's Greatest Medicine. These quaint quotations often fit the news of the day with startling directness and the moral is easily drawn, with natural good to Hood's Sarsaparilla.

The term "filthy lucre" originated in Scotland and referred in the first place the well-worn £1 notes of that country.

ITCHING LIMBS

For Three Years. Nights Itching and Burning Terrible.

Wife Suggests CUTICURA. Uses it. Presto! What a Change.

Feels Like Kicking Doctors for Three Years' Suffering.

The itching and burning I suffered in my feet and limbs for three years were terrible. At night they were worse, and would keep me awake a greater part of the night. I consulted doctor after doctor, as I was travelling on the road most of my time, also one of our city doctors. None of the doctors knew what the trouble was. I got a lot of the different samples of the medicines I had been using. I found them of so many different kinds, that I concluded I would have to go to a Cincinnati hospital before I would get relief. I had frequently been urged to try CUTICURA REMEDIES, but I had no faith in them. My wife finally prevailed upon me to try them. Presto! What a change. I am now cured, and it is a permanent cure. I feel like kicking some doctor or myself for suffering three years when I could have used CUTICURA remedies.
Sept. 11, 1896. H. JENKINS, Middleboro, Ky.

BABY'S FACE SOLID SORE

My little nephew, John Staunton, was afflicted with the worst sores I ever saw all over his body. His head and face at times were a solid scab and he suffered dreadfully. He was a pitiable sight. His father used all the remedies that he heard of, and doctored with all the doctors. He wore a tar cap, also, which did no good, but got no relief until he used the CUTICURA (ointment) and CUTICURA SOAP. Now he is a clean, healthy child.
March 3, 1898. P. E. FOLTZ, Pugh's Run, Va.

CUTICURA

Begins with the Blood and Ends with The Skin and Scalp.

That is to say, CUTICURA RESOLVENT, greatest of blood purifiers and humor expellers, purifies the blood and circulating fluids of HUMOR GERMS, and thus removes the cause, while warm baths with CUTICURA SOAP, and gentle anointings with CUTICURA (ointment), greatest of emollient skin cures, cleanse the skin and scalp of crusts and scales, allay itching, burning, and inflammation, soothe and heal. Thus are speedily, permanently, and economically cured the most torturing, disfiguring humors of the skin, scalp, and blood, with loss of hair, when all other remedies fail.

Sold throughout the world. POTTER D. AND C. CORP., Sole Props., Boston. "How to Cure Every Humor," free.

SAVE YOUR SKIN Hands and Hair by using CUTICURA SOAP.

THE CLOSING EXERCISES.

A Large Crowd Attended the Y. M. C. A. Last Evening.

That the interest in the physical culture department of the Y. M. C. A. is in no way abating was evidenced last evening when over 300 people crowded into the balcony of the gymnasium to witness the closing exercises of the winter class. Amongst the spectators were many parents and friends of the boys taking part, and there were many proud smiles of satisfaction as the excellent training received by the boys was exhibited in difficult feats of strength and skill.

The programme was a varied one, consisting of gymnastic and athletic movements as well as vocal solos. The juniors went through club and dumbbell exercises in a systematic manner that showed much care in training. An Indian club race by the boys caused great excitement and was only won after a hot struggle.

Several more features were introduced that have never before appeared in Peterborough. Six bicyclists gave a fancy drill that was pleasing to the eye and they were rewarded with enthusiastic applause. The new art of self defence that has recently been developed in England was given a practical demonstration by Physical Instructor McLeod and two others, one of whom represented a policeman. Methods were shown whereby an offensive person may be conducted out of the room. A method was shown making escape easy from a man who jumps on a person's back and pinions the arms. In this movement the tormentor was thrown clear over the head of the attacked person and a storm of applause greeted this difficult feat. Another feature was the torch swinging, which was performed in the dark with lighted torches and, as the performers went through the various movements in a symmetrical manthe effect produced was decidedly pleasing.

A number of movements on the various kinds of gymnasium apparatus showed considerable dexterity on the part of the young men and displayed the style of training given at the institution. Exercises were given on the parallel bars, the horizontal bar and the vaulting horse.

An important feature of the programme was the presentation to Mr. Sandford Hall of the medal donated for the best all-round athlete of the winter classes. The presentation was made by Mr. A. McCallum, the chairman of the Y.M.C.A. committee on physical culture. He expressed his pleasure on being asked to make the presentation and dwelt upon the good work accomplished by the institution. It was donated by Messrs. A. H. Stratton, W. H. Lech and Dickson Davidson. The medal is a beautiful piece of workmanship and its possessor no doubt will fully appreciate it.

During the evening vocal solos were given by Messrs. James Dawson and Frank Turner and proved to be pleasing variations on the programme.

Mr. J. M. McLeod, the physical instructor, deserves the greatest praise for the high standard of merit to which he has brought his various classes. Although a young man he has a vim and snap about him that augurs well for his success and the exhibition last night can easily be granted to be the most successful in the history of the institution. Mr. Geo. Williamson, the conscientious secretary, also deserves credit for the manner in which he handled the crowd last night. He wore his usual genial smile throughout, and nothing could ruffle his serenity, not even the torments that many small boys endeavoured to inflict.

FOR

COLDS

Dr. Humpreys' Specifics and Life Insurance.

Shock from Rejection.

The shock caused by the refusal of Life Insurance to the applicant, is often the first victim of decline in health.

Most of these rejections are on account of Kidney Disease—often slight—but whatever slight or serious, it soon yields to the use of Specifics No. 77 or 36, and the risk is gladly accepted by the best companies.

For other Specifics consult Dr. Humphreys' Manual.

At druggists or sent prepaid; 25c each.

Humphreys' Medicine Co., Cor. William & John Sts., New York.

ILLEGAL FISHING.

The Overseers are on the Watch for Lawbreakers in this Vicinity.

Mr. Joseph H. Yelland, Fishery Inspector for the Otonabee river, returned from a several days trip down the river on Friday morning. He reports that fishing is not being carried on to the extent reported currently but that during his several nights on the waters, no jacklights or illegal fishers could be found. He also says that the fish are coming to the beds and spawning and that he has made ample provision to protect the district in his charge, so that illegal fishermen may receive surprises. He says any information supplied will be acted upon in confidence and that he has several detectives on the waters in the vicinity of the creeks. Mr. Yelland will keep special watch on the river for some weeks and has completed his arrangements for private information as to illegal fishers.

It should be the duty of every sportsmen to assist the overseers in their efforts to enforce the law and any information that would be supplied the overseers should be voluntarily given. Mr. Yelland is convenient to the waters and the public are looking for a rigid enforcement of the law.

LICENSE COMMISSIONERS.

The Board for East Peterborough Met this Morning.

The East Peterborough License Commissioners met this morning with all the members present. Licenses were granted to Mr. Morgan at McCracken's Landing and to Mr. Clancy at Norwood. Decision in regard to their applications was held over from the last meeting. Messrs. T. Blezard, M.P.P.P., Thos. Fraser and Richard Crowe appeared and spoke in behalf of a license being granted to Mr. Clancy.

Mr. John McDiarmid, f Havelock, asked to have his license transferred to Mr. Jas. Greig and Mr. Peter Fletcher preferred a similar request in regard to his license at Keene, asking to have it transferred to Mr. Samuel English, formerly of Omemee.

A special meeting of the commissioners will be held on May 20th to decide the question of the transfers.

ADJOURNED SALE OF FURNITURE.

Mr. Stapleton will resume the Sale of Mr. Roper's Furniture at 372 Hunter street on Tuesday next at one o'clock sharp.

THE MILK QUESTION.

To the Editor of the Examiner.

Dear Sir,—I live in Peterborough and have a home and family and my family and myself use what is sold as milk. I have serious doubts, some mornings, whether it is milk or not. Am generally inclined to think that it is not. Thinking that something was wrong with the quality of that which I procured from my milk vendor, I made a change and bought from another dealer, but the milk I am now receiving is even more watery than that obtained from the previous vendor. I write you to ask if the chief of police has any duty to perform in regard to inspection of the milk delivered in town, or is he just paid to smile and be happy in the town offices. Could you inform me as to whose business it is to ascertain whether the milk is pure or not? Is there any combination between the Medical Health Officer and the Chief as to the quality of milk to be supplied? I myself like a little more milk and less water.

Yours truly,
A CITIZEN.

"Citizen" is at liberty to take proceedings against anyone for diluting milk, if he feels he has a grievance in this respect. The Chief of Police is also authorized to investigate and if he has any reason to suspect that the milk is being tampered with, he is supposed to act in the matter.

Perhaps "Citizen" will communicate with the Chief, personally or give the Examiner liberty to give his name or if the intention of our correspondent is merely to call the attention of the Chief, to the matter, his letter may have the desired effect.

St. Luke's Church, Ashburnham.

The sermon to-morrow night in St. Luke's will be the second of the course on Christian Evidences. Subject: The Relations of Faith and Reason.

The Baby's Outing.

Time now for the baby to begin taking its outing—time to think about buying that carriage—for the mother's sake as well as baby's. When the subject is up for consideration give "The Peterborough Bookstore" a hearing. This is where you are likely to find a carriage that in style and finish and quality and price will justify you in making your selection. Will agree to give you back your money if you find you might have done better elsewhere.

Bread and Meat Mixed.

The two staple articles of food, meat and bread, often come into contact with each other, but this morning there was an argument in a rather [illegible] manner. A horse attached to a [illegible] wagon was proceeding [illegible] street near George [illegible] Mann's bread wagon and immediately concluded to [illegible] of the contents. At any rate [illegible] steered directly for the wagon, running into it and mixing things up generally. The driver of the meat rig was stunned somewhat, [illegible] injured. The accident occurred about eleven o'clock.

CHURCH CHIMES.

JEWELER and OPTICIAN.

BRITAIN AND RUSSIA

Have Signed a Self-Denying Agreement About China.

LORD SALISBURY'S COMMENT.

Australian Colonies Are Framing Preferential Tariffs With the Mother Country — Agent-General of Tasmania Makes an Important Announcement — Canada's Example Doing Good.

London, May 1.—The announcement that England and Russia have signed a self-denying agreement regarding China, which is intended to put an end to the contention over railway and other concessions in that country, is the most important news of the day. It was officially confirmed here on Saturday afternoon, and the papers are running it with big headlines.

The present agreement puts an end to the Anglo-Russian struggle in China, and is tantamount to a settlement of the question of the spheres of influence of the two countries. Under the agreement Great Britain has undertaken not to press railway or other concessions in North China, while Russia agrees to the British demand that no part of the basin of the Yangtsekiang shall be alienated. Russia also recognizes explicitly that British commercial interests are supreme in the Yangtse basin, which is understood to extend a considerable distance north and south of the river, though no attempt has been made to define the region. Everything recently has pointed to Russia's desire for a settlement, in order to allow the successful exploitation of the Siberian Railway, and also with a view to raising money in Great Britain for the development of the industries of Russia.

SALISBURY'S HOPEFUL TALK.

The British Premier on the Gratifying Agreement With Russia.

London, May 1.—The annual banquet of the Royal Academy was held at Burlington House on Saturday evening. Replying to the toast to "Her Majesty and Her Ministers," Lord Salisbury said he did not wish to exaggerate the extent of the gratifying agreement signed with Russia, but in view of the relations which in the course of the last half century had from time to time prevailed between the two great countries, it was a matter for congratulation that they had come to an agreement with respect to China, which to a certain extent would prevent the likelihood of a collision between the interests and objects of the two countries for the future.

Continuing, the Premier said: "We have talked of alliances. In a certain sense the phrase is a just one, but an alliance in the sense that with any nation we will go out to war together and bear the cost and danger together and for each other, can only very rarely take place. The alliances of which we speak are alliances of good feeling between peoples and governments, and not engagements likely to bring either side into war."

Referring to the international conference to be held shortly at The Hague, Lord Salisbury said: "Whether the peace conference will effect any improvement in the relations of the nations we do not know, but the fact that such a conference has been summoned is a good omen for future peace, and an augury on which all who value the interests of peace, civilization and Christianity may fitly dwell."

PREFERENTIAL TARIFFS.

Three of the Australian Colonies to Follow Canada's Lead.

London, May 1.—At a meeting of the British Empire League held at Eastbourne on Saturday the agent-general of Tasmania, after predicting the speedy and unanimous adoption by Parliament of the Australian federation bill, added the important announcement that recently he had been able to inform the Secretary of State for the Colonies, Mr. Chamberlain, that three of the Australian colonies were framing tariff bills differentiating in favor of British manufactures and against imports from other countries.

THE PACIFIC CABLE PROJECT.

It Is Suggested That the Samoan Islands Be Connected.

London, May 1.—The decision of the Government to support financially the Pacific cable project has given great satisfaction, and is warmly approved by all sections of the press, in which it is suggested that a cable be laid connecting the Samoan group of islands. The hope is also expressed that Great Britain has taken care to reserve the chance of profits. The Government's present arrangement limits the liability to £20,000, and nothing is to be paid until the end of the first year's working of the cable. It is expected to reduce the rate from 4s 6d to 3s a word between England and Australia.

WRECK AND DEATH.

Rochester Excursion Cars Leave the Track While Going Round a Curve at Full Speed.

Rochester, N.Y., May 1.—The most disastrous railroad wreck that has ever happened on a Rochester railroad occurred at 2.40 yesterday afternoon on the Rochester & Lake Ontario Railroad, better known as the Bay Railroad, about one-half mile north of the city line, when two cars on an excursion train, filled with passengers, left the track while going round a curve at full speed, and were completely wrecked. Three passengers were killed, a dozen fatally hurt and over 50 injured. The injuries of four of the hurt are so serious that death may come at any moment, while others have simple and compound fractures of the arms and legs.

The train, which was crowded with excursionists bound for different points along the shores of Lake Ontario, left the Bay Depot in this city at 2.41 o'clock in the afternoon, about 15 minutes late. Every seat in the coaches was filled and a large number of people were standing on the platforms. The train was made up of an engine, one closed and two open coaches. There is a grade about 100 yards from the corner of North avenue and Ridge road, and when this grade was reached the speed of the train increased perceptibly. Those standing on the platforms clutched the railing and standards, and the passengers in the open cars clung to their hats and capes.

Down the grade swept the train, its speed increasing almost constantly. When the fatal curve was reached the engine rounded it with startling rapidity. Next to the engine was the closed carriage, and when it reached the curve it veered over to the north and rode around the curve on the wheels on the left side. It had negotiated but part of the bend in the track when it left the rails and shot straight ahead. There was a sudden crash as the couplings between the engine and coach were severed, and then it again veered over and plowed through the earth for several feet before dropping on its side in front of the Ridge road Hotel.

The first coach left the track, the engine sped on down the track and the other coaches were forced off the track. The second coach scraped alongside of the one that left the track, tearing away the platform and otherwise injuring the car. These cars, impelled by the force they had already received, ran ahead for about 100 feet. The engine whirled on down the track and was not stopped until it had gone nearly a mile.

The closed coach, which was overturned, had in it a partition that divided the front part from the rear. The front apartment was a smoking compartment. In it were several men and standing in the entrance were two women and a little girl. These were thrown into a jumbled mass against the roof of the car and were pinioned under the seats and the partition in the car, which was torn in splinters.

John Hilberg was standing on the platform between the second and third cars when the crash came and was caught between the two cars and crushed to death. His body was removed with great difficulty and sent to the morgue.

A few minutes after the accident occurred railroad men and others were at work removing the sufferers from the wreck. The work of rescue was energetically carried on and as soon as each sufferer was taken out he was sent to the hospital. Ambulances had been quickly summoned from the city, and, although it was a long run, remarkably quick time was made. The ambulances carried extra doctors, so that the wounded were quickly attended to and the more seriously hurt were removed to the several hospitals.

They Have No Quarrel.

Vancouver, B.C., May 1.—The officers of the steamer Cutch, which arrived from the north on Saturday night, report from Porcupine District that at a recent meeting of United States miners indignation was expressed at the rumors spread about of friction between themselves and the Canadian police, and a committee was appointed to write to the press to inform the people that the "utmost harmony prevails in this district between the miners and the Northwest Mounted Police.

THE PASSION PLAY.

The Trouble which Mr. Marks had with the Police.

There was no presentation of the Passion Play in the Opera House on Sunday as the proprietor thereof, had been warned by the Chief of Police that any attempt to operate the cinemetograph would result in the constables interfering. As the fact was not generally known, the Opera House was crowded to the doors on Sunday afternoon and much disappointment was evidenced by those present, when an announcement was made to the effect that there would be no presentation of the Passion Play owing to a ministerial complaint, which had been made to the police department. At night fully six hundred citizens assembled at the Opera House doors, not knowing of the existing state of affairs.

Mr. Marks in an interview stated that the Chief of Police had approached him on Saturday evening at about nine o'clock and told him that Rev. J. G. Potter, on behalf of the Ministerial Association, had made a complaint that the provisions of the Lord's Day Act would be violated if a presentation of the Passion Play took place on Sunday. Mr. Marks states that he then invited the Chief to witness the play, which invitation was accepted. In response to a query as to what the Chief thought of the play, Mr. Marks replied that he was so well pleased that he wanted his children so see it.. "Rev. D. O. Crossley who was with him was also pleased," added Mr. Marks.

"What was your next move, Mr. Marks," asked the reporter.

"I went and consulted Mr. W. A. Stratton, of the firm of Stratton & Hall, and asked his advice. On my telling him that we had a $400 contract to fill in Ottawa beginning on May 1st, he advised me not to attempt to make a presentation of the play on Sunday, as though the case might be defended successfully, yet summonses would be served on every employee of the company necessitating the abandonment of the Ottawa contract.

"Were you ever interefered with *before for presenting the Passion* Play on Sunday, Mr. Marks?

"Never since I started out with the play has any objection been raised until I struck Peterborough and yet I understand that an evangelist named Ranton delivered an address against gambling in the same Opera House and charged twenty-five cents to hear it. If the Ministerial Association had made their complaint to me personally. I would rather have given all the receipts to some charity in town than disappoint those two big crowds on Sunday, who wished to gain an idea of the circumstances surrounding the crucifixion on the Saviour. One minister in speaking to me on the subject objected to the presentation of the Passion Play on the ground that I was not showing it for the purpose of saving souls. My reply was that I was trying to make a living and in my opinion there were very few ministers who would preach the gospel unless they drew enough salary to live upon. There is nothing in the play to suggest anything but the most religious thoughts and these have always been associated with its presentation. The accompanying lecture is given by Rev. Smith Warner, an ordained clergyman and the organ is played by his wife, who leads the singing.

"I suppose then, Mr. Marks, this ends the matter as far as you are concerned,-- asked the reporter.

"No, it don't! not by a good deal," was the prompt reply. "I intend to come back to Peterborough after I am through with the Ottawa contract and put on the Passion Play on a Saturday and Sunday and if there is trouble made for me there will be a lot of other people, who will be in the same box and we will carry the case as far as possible. Rev. Mr. Warner preaches, as does any other minister on a Sunday and the only man the Ministerial Association can get after is my operator and if he is to be prosecuted for violating the Lord's Day Act, what about the company that supplies him with the electric light?"

Rev. J. G. Potter, who made the complaint in question was seen and briefly stated that a number of *prominent citizens had spoken to* him, as president of the Ministerial Association and asked him to interfere with the presentation of the Passion Play on Sunday. He had heard from other towns that whilst the citizens had objected to the Sunday exhibitions they had taken no action until it was too late. He also understood that the Corbett-Fitzsimmons fight was shown from the same machine in the same towns at times and this fact together with the circumstance of tickets of admission being sold induced him to make a formal protest to the police.

SUING FOR SALARY.

An Interesting Case which will be Heard To-morrow.

An important special session of the county court will be held to-morrow morning at 10 o'clock. The case to be considered is the civil action of Wm. Smith, the caretaker of the Benafort Bridge, to recover three years' salary against the Township of Monaghan, the County of Peterborough, and the joint counties of Durham and Northumberland. Mr. Smith has been bridge tender for four years and the trouble arose from the above counties and township refusing to assume the responsibility of looking after the maintenance of the bridge. Mr. Smith's interests will be looked after by the firm of Dennistoun, Peck & Stevenson. Mr. George Edmison appears for South Monaghan; Stratton & Hall for the County of Peterborough, and F. Holland, of Cobourg, for the counties of Durham and Northumberland.

Silver Plating.

Into the Last Week

OF THE ALTERATION SALE

We have swung with interest unabated. Hundreds have come, seen, bought and gone away pleased. Other hundreds are still coming. They come with confidence. They know that when we say prices are down, or that things must go, we are not using empty words.

O O O

That is one feature of our talk to you in the Papers—telling the truth. No matter how much we might try to deceive you, no matter how easily we could deceive you in the store; it would be stupid for us to do it.

O O O

Take advantages of the prices this week, and mind we do not want you to buy a thing even during this Alteration sale that you don't want after you get it home.

J. Sutcliffe & Sons,

LINDSAY—PETERBOROUGH—KINGSTON.

"'Tis Worth a Bag of Gold."

This applies to nothing better than the glorious Spring time that moves all verdure to life and brings around the day when all humanity can have an opportunity to cleanse their blood and thus put into operation all the health and vigor that is possible. Everybody naturally turns to America's Greatest Spring Medicine. Hood's Sarsaparilla, to prepare themselves for the joys and pleasures of summer. *It never disappoints.*

After Fevers – "My little girl took Hood's Sarsaparilla after scarlet fever and it made her well and strong. Since then I have given it to all my children as a blood purifier. It is a priceless panacea in my family. Hood's Pills have also proved of great benefit to me. I would not be without these medicines." MRS. TYLER, 56 Winchester Street, Toronto, Ont.

After Grip – "The grip left me very weak. Three bottles of Hood's Sarsaparilla built me up. I now weigh heavier than before my illness. I recommend Hood's Sarsaparilla to all who suffer from weaknesses of the body." ALFRED SMITH, 23 Bank Street, Toronto, Ont.

Out of Sorts – "Had no appetite, could not sleep, was out of sorts. Had trouble with my kidneys. Since taking Hood's Sarsaparilla have good appetite, sleep soundly and enjoy better health." MRS. MARGARET BIRD, 582 Bethune Street, Peterboro, Ont.

Strength Builder – "Myself, wife and children have taken Hood's Sarsaparilla and it strengthened us. It relieved me of a lame back." DAVID MCGEORGE, caretaker, Colt Institute, Galt, Ont.

Blood Purifier – "I have taken Hood's Sarsaparilla and find it beneficial for myself and baby. It purifies the blood and strengthens the system." MRS. HENRY WALZ, Clinton, Ont.

Scrofula – "Hood's Sarsaparilla has cured me of scrofula. I was weak and debilitated but it made me strong and well. After a severe cold had catarrhal fever. Again resorted to this medicine and it cured me." SARAH E. DEBOT, Annapolis, N. S.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Daily Examiner.

MONDAY, MAY 1, 1899.

CHRISTIAN UNITY.

A Demonstration in Montreal on April 20th.

The Montreal "Herald of the 21st contains the report of an event which is likely to attract widespread notice as a practical manifestation of Christian unity, which is no doubt the outcome of the discussion upon the subject which has of late been so frequent in Canada and the United States.

Eight Protestant clergtmen representing various denominations dined together on April 20th. The Venerable Bishop Bond occupied the chair, and at the close of the meal many excellent speeches were made, all breathing the spirit of Christian unity and a desire for some closer bond between the denominations of Christendom.

The chairman in his opening speech, which was characterized by that direct brevity which marks Bishop Bond's utterances, said: "Brethren, I thank you for the great honour you have done me. I give you a motto for to-night, and not only for to-night —One Lord, one faith, one baptism, one God and Father of all, Who is above all, through all and in you all." The Bishop proceeded to say that they were there as protestants, glorying in the name, and as holding as our rule of faith the word of God, from which we learn to love the brotherhood. He urged greater unity, especially in the promotion of practical Christianity.

Rev. Dr. Lafleur (Baptist), spoke on the right of the citizen to freedom of conscience. Prof. Campbell (Presbyterian) on the growth of toleration of opinion. Dr. Shaw (Methodist) aptly compared the dinner to a New Testament love feast. He also said: "How vast is the area covered by us in common, how comparatively small is that on which we disagree. It would take a long time to state the great body of truth on which we agree. Our differences could be stated with comparative brevity."

Rev. Mr. George (Congregationalist) expressed the opinion that more could be done in the future by united efforts of the Christian churches than in the past. Dean Carmichael's speech was an eloquent plea for unity. He said he was convinced that the day will come when Protestantism will find that if it wants to do its work for God, must close up its ranks and be one.

The dinner was organized by Rev. Canon Dixon, an Anglican who is chairman of the ministerial Association in Montreal.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard street, Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remembering doing before. I feel like sounding its praises throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c and $1.00. Trial bottles free at Jas. Lynch's Drug Store; every bottle guaranteed.

Hairene for the Hair

Dr. Andrew Grant & Co., Toronto:

Dear Sirs,—Having had your "Hairene" in stock now for about a year, I cheerfully testify to its merits, not only as a seller, but one giving entire satisfaction to my customers, and is the best article of the kind that has ever come under my notice.

Yours very truly,
W. H. HOWSE,
Druggist.

Whitby, Ont.

For sale by all druggists. Price $1 per bottle.

FILIPINOS WANT PEACE.

Gen. Otis So Cables His Government of the Filipinos—Terms Offered and Refused.

Washington, May 1.—The following despatch from General Otis was given out on Saturday:

Manila, April 29.—Adjutant-General, Washington: Conference with insurgent representatives terminated this morning. They request a cessation of hostilities for three weeks to enable them to call their Congress to decide whether to continue the prosecution of war or propose terms of peace. Proposition declined, and full amnesty promised on surrender. Believe insurgents are tired of war, but seek to secure terms of peace through what they denominate their representative Congress. (Signed) Otis.

It is stated at the War Department that the insurgent leaders probably will confer, and then seek another conference with General Otis, and that the General will no doubt grant general amnesty.

The Yorktown's Men.

New York, May 1.—The Herald has a despatch from its correspondent at Manila, which says that the insurgents at Baler state that they have the missing men of the gunboat Yorktown, and are holding them as prisoners.

This refers to Lieut. Gilmore and the 14 marines captured near Baler some time ago.

Are They Marking Time?

Manila, May 1.—Manila is divided between two opinions, the majority believing that the Filipinos desire peace, while others think that they are sparring for time in which to rehabilitate their demoralized army. The latter opinion gained color from the fact that reinforcements have been sent to the south, opposite the American lines.

Col. Argueleses, who is a lawyer, splendidly illustrated the Malay subtlety at words. While he declared with apparent frankness that the Filipino leaders wanted a chance to give up the struggle gracefully through the Congress, instead of surrendering ignominiously, he asked for a fortnight's armistice, so that the Congress might be summoned on May 1. He endeavored to commit the Americans to greater concessions, and wanted terms guaranteed by treaty. He was told that recognition of the Filipino Government was impossible, and he was given to understand that a written guarantee of amnesty for all insurgents was the utmost that could be given. Col. Argueleses argued that Spain had given similar guarantees and broken them, and he laid much stress on the Spaniards' honor. He persistently declared that the Filipinos must be permitted to retire with honor.

Mr. Schurman's Promises.

In the course of the conference on Saturday Mr. Jacob C. Schurman, chairman of the United States Philippine commission, told Col. Argueleses that if the insurgents would now lay down their arms he and his colleagues of the commission would consult them regarding the plan of government to be submitted to President McKinley. He said he could not promise that all the suggestions would be adopted. He had to assure them that there would be a presumption in favor of their suggestions, adding that the commissioners would be especially desirous of satisfying the legitimate aspirations of the Filipinos.

Fighting on Saturday.

Saturday, before Gen. Otis had issued the order directing Gen. Lawton to return to Angat, the troops of his command encountered the rebels in a circle of hills outside San Rafael, about five miles northwest of Angat, but dislodged them after an hour's fighting. The Americans had three wounded. A thousand armed Filipinos fell back as the Americans advanced.

MR. WILLIS, WOODSTOCK.

Escaped a Deadly Enemy by the Aid of Dodd's Kidney Pills.

Woodstock, May 1.—(Special) This city is deeply agitated, with joyous excitement, because another popular residetn, has escaped from the fatal grip of kidney disease, by the aid of Dodd's Kidney Pills.

Everyone knows Mr. H. A. Willis, the genial proprietor of the "Buckingham" hotel. He tells his story, thus: "For two years past I have suffered intensely from Lame Back and Kidney Disease. Nothing I ever used helped me.

"My sufferings grew worse daily. I heard so much of Dodd's Kidney Pills that I decided to try them. I got relief from the first box. Three boxes cured me entirely."

Dodd's Kidney Pills always cure.

GENERAL MILES IS SAT UPON.

Canned Beef Court Says His Charges Are Not Sustained.

Washington, D.C., May 1.—The Wade court inquiry on Saturday concluded its work in connection with the allegations of General Miles concerning the beef supplied to the army during the war with Spain.

The report is of about 30,000 words. The text has not been made public, and will not be until after the President shall have read it. The verdict, however, is known to be that the allegations which General Miles made before the war investigating commission are not sustained with reference to the refrigerated beef, although his contention that the canned roast beef was not a suitable continuous ration is admitted. There is direct criticism of General Miles for failing to promptly bring to the attention of the War Department the reports made to him concerning bad beef, and "several individuals" are censured for failing to observe the proprieties of their position as commanding officer in this and other respects.

FOURTEEN CHARRED CORPSES.

Four Hundred and Forty-Eight Houses and 933 Stables Burned at Guta.

Buda Pesth, May 1.—The town of Guta, County Komorn, Hungary, northwest of Buda Pesth, was almost wholly destroyed by fire on Saturday, and many lives were lost. A kettle of burning grease in a courtyard set fire to a dwelling, and no efforts availed to check the flames. The fire burned for 36 hours, and died down only for lack of fuel after 448 dwellings and 933 stables and other outhouses had been consumed. Fourteen charred corpses have been taken from the ruins, and a number of persons are missing.

Took the Wrong Medicine.

Ottawa, May 1.—Mrs. Dominique Vashon of Young street, Hintonburg, had been ill for some time and had been taking medicine, as well as using a liniment. The servant girl, by mistake, gave Mrs. Vashon a dose of the liniment in mistake for the medicine. The mistake was soon perceived. Slight hopes are entertained of Mrs. Vashon's recovery.

THE POPE'S JUBILEE BULL.

It Will Be a Farewell Exhortation From His Holiness.

London, May 1.—Enterprising newspaper men in Rome have been making strenuous efforts to obtain an advance copy of the Pope's bull proclaiming a jubilee at the close of the century. It was finished before His Holiness underwent the recent operation. It will be issued simultaneously in all the Catholic churches of the Christian world on Ascension Day. It will be found to be in the nature of a farewell exhortation to be faithful to the Holy Church and strenuous in well doing. The Pope himself regards it as his final announcement to the Catholic world.

Accused of 16 Murders.

Breslau, May 1.—The most sensational murder trial in German annals began in Breslau Thursday. A shoemaker named Hermann Borne, aged 34, living at Reugersdorf, Silesia, stands accused of 16 murders. His alleged victims are his first and second wives, 12 of his children and two of his mistresses. His career of crime extends over many years.

Advertise in The Examiner.

SIXTY-TWO MEN KILLED.

Water Gets Into the Ketschnar Gold Mine in Poland—Shaft Collapses.

Berlin, May 1.—Owing to an inrush of water at the Ketschnar gold mine, near Toigk, Poland, on Saturday, a shaft in which 95 men were at work collapsed. Sixty-two of the miners were killed and nearly all of the remainder were seriously injured.

May Day Precautions.

London, May 1.—Special reports have been received from the Political Department of Scotland Yard on the plans for labor demonstrations on May Day, and the result has been communicated to all the governments of Europe. The reports say that there is no international organization or even informal understanding among the workers. Here in London there will be a harmless parade and much speechmaking. Trouble is anticipated only in Belgium and Bohemia, and possibly in Vienna.

Put Your Finger on Your Pulse

You feel the blood rushing along.

But what kind of blood? That is the question.

Is it pure blood or impure blood?

If the blood is impure then you are weak and languid; your appetite is poor and your digestion is weak. You cannot sleep well and the morning finds you unprepared for the work of the day. Your cheeks are pale and your complexion is sallow. You are troubled with pimples, boils, or some eruption of the skin. Why not purify your blood?

Ayer's Sarsaparilla

will do it. Take it a few days and then put your finger on your pulse again. You can feel the difference. It is stronger and your circulation better. Send for our book on Impure Blood.

If you are bilious, take Ayer's Pills. They greatly aid the Sarsaparilla, They cure constipation also.

Write to our Doctors.

Write them freely all the particulars in your case. You will receive a prompt reply, without cost.

Address, Dr. J. C. AYER, Lowell, Mass.

DEATH'S RECORD.

Kirksville's List Was 59 Dead and 186 Injured—Newton's List 11 Dead, 32 Injured.

St. Louis, Mo., May 1.—The roll of killed and injured at Kirksville, Mo., where half the residence portion was destroyed by a tornado Thursday evening, has been revised, and shows the names of 59 dead and 186 injured. At least a dozen of the injured are so badly hurt that their lives are despaired of. M. R. Elliott is added to the list of missing. Scarcely a household in the devastated district but lost a member by death, or suffered injury in some way. In several instances whole families were wiped out. The total financial loss is placed at $350,000.

It is believed that all the dead and injured at Newton have been accounted for. The number of dead is placed at 11 and the injured at 32.

PROHIBITION BY PROVINCES.

Dominion Alliance Committee Prepares a Resolution.

Ottawa, May 1.—The committee appointed by the Dominion Alliance to draft a resolution for presentation to Parliament calling for action as the result of the prohibition plebiscite met on Saturday morning. A resolution was drafted which will appear on the order paper early next week, and in which they look for the sympathetic consideration of the Government. It will ask the Government to bring in legislation for total prohibition of the manufacture, importation and sale of intoxicants, provided, however, that the same shall only be operative in such provinces as see fit to confirm and accept the principle by popular vote.

That Throbbing Headache

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents, money back if not cured. Sold by Jas. Lynch, Druggist.

Ran Train With Broken Arm.

Atlantic City, N.J., May 1.—With his right arm broken by the reversing lever, David Smith of Camden yesterday afternoon brought the Reading mile-a-minute express train, of which he is engineer, safely into the station with 300 passengers on the train. He was bent double with pain, but clung to his post, refusing to allow the fireman to handle the throttle in violation of the train rules. The reversing lever failed to catch in the cog and flew forward breaking his arm below the elbow. He was flung to the floor of the cab. His fireman happened to see him fall, and finding him unconscious, propped him in his seat, where Smith ran the engine with his left hand for 40 miles in 40 minutes, reaching here on time.

Geo. F. Baird Is Dead.

St. John, N.B., May 1.—George F. Baird, who contested Queen's with G. G. King in 1887, and who was declared elected, although it was alleged King received a majority of votes, over which unfortunate events arose, died Saturday evening. Mr. Baird, after sitting in Parliament one session, resigned. In 1891 King again received a majority of votes, but the election was protested, and Baird got the seat, after King had occupied it one session. He began life as a carpenter, and died a millionaire. He was 68 years old. He was one of the world's best-known ship-owners, having vessels on every ocean.

MOB BLOWS UP MILLS

Striking Miners Riot at the Town of Wardner, Idaho.

USE FIRE AND GIANT POWDER.

Deadly Effect of the Five Charges Placed Under the Sullivan and Bunker Hill Mills at 60 Seconds Apart—By Mistake They Fire on Their Own Pickets—Dead and Wounded.

Wardner, Idaho, May 1.—Wardner on Saturday was the scene of the worst riots since the deadly labor war of 1892. One man is dead, another thought to be mortally wounded and property valued at $350,000 has been destroyed by giant powder and fire. The damage was done by union miners and sympathizers from Canyon Creek, about 20 miles from Wardner.

In the morning a mob of from 800 to 1,000 men, all of them armed and many masked, seized a train at Burke, the head of Canyon Creek. There were nine box cars and a passenger coach, and they were black with the mob. The visitors brought with them 5,000 pounds of giant powder.

After a parley of two hours, 140 masked men, armed with Winchesters, the Burke men in the lead, and those from Wardner following, started with yells for the Bunker Hill and Sullivan mills and other buildings, a third of a mile from the depot. They sent pickets ahead, and one of the pickets fired a shot as a signal that the mill was abandoned. This was misunderstood by the main body of the mob, who imagined that non-union miners in the mills had opened fire on them, and they began to fire upon their own pickets. About 1,000 shots were thus exchanged between the rioters and their pickets, and Jack Smith, one of the pickets, formerly of British Columbia, and a noted figure in drill contests, was shot dead.

By this time the strikers had taken possession of the Bunker Hill and Sullivan mills, which they found deserted, the manager having directed his employes not to risk their lives by battling with the mob. Powder was called for and 60 boxes were carried from the depot to the mill. The heaviest charge was placed under the brick office building. Other charges were placed around the mill. Then the boarding-house, a frame structure, was burned. Fuses leading to the charges were lighted and the strikers, carrying the dead body of the picket, retired to a safe distance.

At 3.36 p.m. the first blast went off. It shook the ground for miles, and buildings in Wardner two miles away trembled. At intervals of about 60 seconds four other charges went off, the fifth being the largest and completely demolishing the mill. The loss to the Bunker Hill and Sullivan mills is estimated from $250,000 to $300,000.

In a few minutes the strikers went back to the station, the whistle was blown for stragglers, the mob climbed aboard, and at 5 o'clock, just three hours after its arrival, the train started for Canyon Creek.

The 230 non-union miners at the Bunker Hill and Sullivan mills had warning of the coming of the mob and left the mine and took to the hills before it arrived.

NEWS IN BRIEF SPACE.

The Chinese have changed their base and are trying to enter the United States by way of Mexico instead of Canada.

A 5-year-old girl named Chauvette was crushed on Sunday beneath a Montreal street car, and her life is despaired of.

A loss of $2,500 was caused by fire in Paul Normandy's tobacco warehouse and John Struthers' house on Saturday at Chatham.

The 80th anniversary of the founding of the I.O.O.F. in America was celebrated with a procession and sermon on Sunday in Toronto.

The Belgian royal yacht is preparing for a three months' cruise, in the course of which King Leopold will visit the United States.

The Owen Sound Sun has changed hands, and will hereafter be in charge of George W. Dawson of The Stratford Herald and William H. Davis of The Mitchell Advocate.

The trial of William Ponton will begin at the Toronto Sessions before Justice Robertson on May 15. Mr. T. C. Robinette will be associated with Mr. Porter in the defence.

The International Sunday School convention has decided to hold their next meeting at Denver in 1902. There was a spirited contest between Toronto, Indianapolis and the Colorado capital.

A violent earthquake shock was felt in Louisville and in Jeffersonville, Ind., shortly after 8 o'clock on Saturday night. Considerable damage was done. There was only one shock, and it lasted only ten seconds.

London newspapers say that Cissy Loftus' divorce from Justin Huntley McCarthy is no good in England, and that either party marrying again will be liable for bigamy in that country should they visit it.

Contracts for the erection of the new rolling mills, spike nail and horseshoe factories in Belleville have just been awarded to Ald. Hanley and Walter Alford. The works will be got into shape as rapidly as possible.

For Primrose Day, held last week, no less than 96,000,000 blooms of primroses found their way to London alone. To produce this would require at least 4,000,000 plants, which, planted side by side, would cover 90 acres of land.

A Board of Trade was formed at Huntsville Friday night, comprising a large number of business men of the town. The officers elected were: President, W. H. Matthews; vice-president, J. W. White; secretary, J. E. Fisher.

Miss Anne Fitzgibbon, daughter of the Right Hon. Gerald Fitzgibbon, Lord Justice of Appeal in Ireland, was married in St. Stephen's Church, Dublin, on Saturday, to John Stewart Gladstone, nephew of the late Right Hon. William Ewart Gladstone.

While riding between two freight cars on the Grand Trunk on Saturday a young lad named Ball, aged about 15 years, residing at London, was knocked under the cars at the Clarence street crossing and had his right leg severed just below the knee, besides receiving some bad cuts on the head. The lad died just before midnight.

A New Prayer Wanted.

London, May 1.—The Bishop of London and many other clergymen of standing have been considering an interesting addition to the Church of England prayer book. It is felt that, in view of the very rapid increase of cremation, there ought to be a new form of religious service before committing bodies to the flames. The committee which was appointed to consider the new form of service has completed its labors, but what that form is has not yet transpired.

The French Shore Question.

St. John's, Nfld., May 1.—The Newfoundland Government, it is announced, does not intend to agree to enforce the French shore modus vivendi any longer than the close of this year, by this step forcing the British Government to bring about a settlement of the difficulty during the present session. When the Colonial Legislature meets, on May 11, an important pronouncement is expected on this question.

The Child Was Drowned.

Dunnville, Ont., May 1.—The body of a boy 7 or 8 years of age was picked up by Martin Bros. of Port Maitland, on Saturday morning about a mile out in Lake Erie. It is probably the body of Mr. Martin's little son, who mysteriously disappeared early last winter at Port Dover, and is supposed to have been drowned. Mr. Martin of Port Dover is on his way to identify the body.

Deadman's Island B.C.'s Property.

Vancouver, B.C., May 1.—Chief Commissioner of Lands and Works Carter Cotton, after investigation in the records, reports that Deadman's Island, Stanley Park and Point Grey belong to the Provincial Government, and that the province will take steps to conserve rights.

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practising. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practising; they like it if they have a NEWCOMBE PIANO. 1899 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and no pianos every musical ear. Organs of every description at Wholesale Prices.

Big Bargains now on hand in slightly used, Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new inventions and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

LOCAL NEWS

Died at the Hospital.

The death was announced this morning of Mrs. Amy O'Hara, at Nicholls Hospital. The deceased lady was twenty-five years of age and was buried from that institution this afternoon. Interment took place in the Little Lake cemetery.

Disturbed the Army.

Last evening about nine o'clock an officer of the Salvation Army went to police headquarters and reported that a number of rowdies were disturbing the meeting in the barracks. Accompanied by a constable, he returned, but the creators of the disturbance were like the proverbial boy on the burning deck and they could not be located. The army officers say that it is their intention to prosecute any persons who are found in the future to be creating disorder.

An Exciting Runaway.

An exciting runaway occurred at the C.P.R. depot this morning when the 7.10 train came in. A team of horses attached to a cab, being loosely tied, broke away and started on a gallop across the station yard for George street. Just as the outfit reached the road it swung around against one of the large poles supporting the trolley wires and snapped it off near the ground. The team then tore wildly up the street, and meeting an ice wagon they succeeded in puncturing the rear end of the big van with the tongue, one horse going on each side. Getting free from the big vehicle the horses dashed up through the streets and ended the race at their own stable, where they trotted into their stalls. The back was a sorry looking sight and the owners say that the damage will amount to about fifty dollars.

A peculiar incident happened at the place where the pole was demolished. When it came down it brought a number of wires with it, and a little boy who was riding the broken end of the timber, grasped a live electric light wire and thereupon let out a howl of anguish that could be heard for blocks. A spectator near by pulled the boy loose and he ran off wondering from what section of the compass the cyclone had come that had struck him.

Linen Centrepieces and Doilies greatly reduced at MRS. APPLEBY'S 426 Water street.

PETERBOROUGH STUDENTS.

They "Smash" Examination Papers in Good Style.

Peterborough young men and young ladies, too, in the various examinations they have recently taken have come well to the front.

Mr. G. Milne Hamilton, son of Peter Hamilton, in his third year's examination at McGill's stood third in the class of his year. Mr. Hamilton has held a front rank in all his three examinations, and promises to make a brilliant finish to his studies in mechanical engineering.

Mr. Ernest V. Moore, son of Mr. D. H. Moore, has passed his third year in mining engineering at the same university with good success.

Mr. W. A. Davidson, son of Mr. J I. Davidson, successfully passed his graduating examination in mechanical engineering and was invested with his degree on Friday. His father was present at the ceremony which was witnessed with natural and pardonable pride.

Miss Lily McKee and Miss Bella Best took very high standing in their second year's examinations at Queen's University.

Mr. D. Owens, son of Mr. T. Owens, who is taking a divinity course at Trinity, took first place and double honours in his year and also stood first in reading.

These students have not only covered themselves with credit, but that credit is strongly reflected upon the Collegiate Institute where the solid foundations of their solid standing in their university classes were firmly laid.

MINISTERIAL ASSOCIATION.

The Regular Monthly Meeting—Visitation of the Hospital and Home.

The regular monthly meeting of the Ministerial Association was held this morning, in the Y.M.C.A. building, the following members being present: Rev. S. J. Shorey, Rev. J. G. Potter, Rev. D. O. Crossley, Rev. J. E. Bastow, Rev. J. Kilgour, Rev. H. Symonds, Rev. Wm. Bennett, Rev. J. E. Moore and Rev. O. C. Elliott.

The chair was occupied by the president, Rev. J. G. Potter.

Rev. Alexander Laird, of Port Hope, was present and was introduced to the Association.

The deputation appointed to wait on the License Commissioners in reference to the Bodega license, reported that they had attended the meeting in question, where they ascertained much to their satisfaction that the Commissioners had already decided against issuing the license.

An invitation was received from the promoters of the Free Library inviting the members to meet them this afternoon in the Council Chamber. The invitation was accepted.

The arrangements for the visitation of the Nicholls Hospital and Protestant Home were then made for the ensuing month.

The Hospital.
May 1—Rev. H. Symonds.
May 8—Rev. J. E. Moore.
May 15—Rev. J. G. Potter.
May 22—Rev. Wm. Bennett.
May 29—Rev. O. C. Elliott.

The Home.
May 3—Rev. H. Symonds.
May 10—Rev. J. E. Moore.
May 17—Rev. J. G. Potter.
May 24—Rev. Wm. Bennett.
May 31—Rev. O. C. Elliott.

Rev. Dr. Torrance was appointed to present the greetings of the Association at the meeting of the Peterborough Baptist Association to be held in the Park street church on June 20-22.

Rev. Wm. Bennett read an excellent paper on the "Intermediate State," which was followed by discussion.

The Association then adjourned to meet the first Monday in October.

Grafton & Co's Leadership in the Clothing Trade.

There isn't the slightest doubt as to where the best and safest place is to buy clothing. For years we have taken first place as clothiers and each succeeding season our easy leadership became more strikingly in evidence, this year, more so than ever. It is best shown by our magnificent stock of Mens', Boys' and Childrens Suits, which at every point of comparison easily discount anything you may find outside this store in Peterborough. Now we are not going to ask you to accept our statement for that fact, but we expect you to prove it by making your own comparison. That being done carefully and intelligently, we may safely expect you to spend your money here, where your interests are always served to the best advantage.

GRAFTON & CO. Clothing Manufacturers of High-Grade Clothing.

DOUBLE FUNERAL DOUBLE TRAGEDY.

An Unique and Impressive Funereal Function.

BURIAL OF THE LATE MR. AND MRS. WEBBER.

HUSBAND AND WIFE LAID AT REST.

A Double Funeral Procession—Thousands Attend on the Occasion—The Closing Chapter of a Sad Story.

A neat brown cottage facing George street with the side giving upon a broad stretch of green lawn, sloping down to the rushing river at the east, fringed with trees with bursting buds at the lower end, with the soft vernal sunshine flooding the whole, was the scene that was the only witness of the horrible double tragedy at the Webber home, 841 George street, whose closing chapter was represented yesterday by the double funeral of a wife done to death by her husband, whose hand a moment afterwards ended his own life. The hour for the funeral was fixed for four o'clock, but long before that time the people began to gather.

The bodies had been placed in caskets side by side, the husband's on the right, in the dining room of the residence upon whose possession the family with hopes of happier days were just entering as the terrible event that at a triple stroke destroyed the heads of the home and the home itself. Upon the breasts of the deceased lay lilies and at the head of the caskets were the floral tributes of the children, consisting of two pillows, bearing the words, "Father" and "Mother" respectively, the letters outlined in blue immortelles, in a seatting of white flowers. Upon the silver plates of the caskets which were of plain but rich black cloth, were

The Dates of Death

and ages of their occupants. Upon the husband's casekt plate was "aged 62 years" and upon that of the wife, "aged 56 years." The peaceful expression in the faces of the coffined pair, brought to the mind the painful contrast between this appearance and the violent means that had placed them in their narrow beds. As mentioned long before the hour of the funeral ceremony, the people began to gather hundreds of citizens from town and country, being present out of sympathy and respect for the family and many too evidently attracted by morbid curiosity. There was a steady stream of people passing in at the front door, viewing the bodies and then passing out at the rear. Promptly at four o'clock the officiating ministers, Rev. S. J. Shorey, of the George street Methodist church, and Rev. D. O. Crossley of the Charlotte street church, arrived and the funeral service at the house was conducted with an expressive solemnity that will never be forgotten by the few of the thousands assembled that the house could contain. The scene was indeed, a sad one as, the ceremony concluded,

The Farewell Look Was Taken

at the pallid faces of the dead, and the caskets closed. As the remains were borne from the house the cries of the doubly orphaned children, nine out of the ten being present, could be heard on the street, which by this time was crowded with thousands of persons and scores of vehicles. The walks on either side of the street from the residence to Charlotte street were lined with spectators observing with reverent interest the unusual cortege that in unbroken silence passed down to the cemetery. The procession was of a kind never before seen in Peterborough. In front were two carriages side by side containing the two officiating ministers, then came the pall bearers in similarly placed carriages, the pall bearers of Mr. Webber being Messrs. H. C. Winch, R. J. Winch, Adam Hall, J. T. Stenson, Wm. Yelland, Geo. W. Powell, those of Mrs. Webber, Edward Sutton, Charles Cameron, A. Allison, J. Burnett, J. McClelland and George Kennedy; next followed the two sombre hearses side by side, and then followed the carriages containing the chief mourners. The cortege at this point resolved itself into a single line of carriages, those immediately behind the mourners being those containing the president and directors of the Peterborough Water Company, of which the deceased man had been a faithful servant for seventeen years. Another carriage contained the superintendent of the company, the foreman of construction and the late Mr. Webber's "mate" as engineer at the pumping station. The long

Line of Carriages

stretched out behind to the length of fully a mile. Arrived at the cemetery, which was black with spectators, amidst the solemn hush of the spring afternoon as the impressive words of the burial service—"Man that is born of woman" fell upon the ears of the assembled people, every head was uncovered and in a short time the bodies were laid at rest in the graves placed side by side in the family plot on the brow of the crest overlooking the valley and the river. Thus ended, as far as the two persons were concerned, one of the most lamentable tragedies that ever darkened the history of the town.

But the bereaved family left to their grief will be comforted by what consolation is afforded by the universal sympathy of the community. This will be particularly extended to the aged father, now 83 years of age, who has been recently visited with the affliction implied in the death of a beloved wife and daughter-in-law added to the culminating calamity that ended in two freshly heaped mounds in Little Lake Cemetery.

PETERBOROUGH'S MODERN STORE.

House-Cleaning

Will be the occupation of the Majority of Peterborough Ladies this week.

Couldn't we make a few Economical Suggestions to help you beautify your home at this all important time?

What about a new Carpet for the parlour? Wouldn't it be both economy and a great deal better looking to take the old parlour carpet that has done service so long, and use it, instead of some of the new bed room carpets you had thought of getting for the upstairs, when you can buy it for the same money?

1000 yards 4 and 5 frame Brussels, all the newest patterns, and the colours are Greens, Reds, Fawns, Browns, Terra Cotta and Blues. The regular price was $1.10, $1.15 and $1 25 per yard. Your choice per yard 1.00

900 yards extra good Brussels Carpet, the patterns and colours are good. Former price was 90c and $1, our special price per yard .75

English Wilton Carpets—We have an elegant assortment to select from in all the rich dark and light shades, and the patterns are the best that can be bought. Special price per yard..... 1.25

1500 yards of our best quality Tapestry Carpets in all new colours and patterns. Special price per yard..... .65

We have an immense assortment of Tapestry Carpets at 25, 30, 35, 40, 45 and 50c per yard, and the quality, patterns and colours are the best that can be bought. See them whether you buy or not.

2 and 3 ply all wool Carpets—we have the choice of the mills' production, and the prices for 3 ply 90c and $1 per yard, and for 2 ply 60c, 75c and 85c per yard.

Don't buy a union Carpet before you see the values we are showing at 25, 30, 35, 40, 45 and 50c per yard.

Hemp Carpets with floral patterns, 33 inches wide, special price per yard..... .13

Plain striped Hemp Carpet, 30 inches wide at 8c and 10c per yard.

WHAT ABOUT MATTINGS?

Japanese Mattings, aren't they the proper thing if you're bound to have new coverings for the bedrooms? We have an enormous range—lovely patterns, lovely qualities and little prices. And they are so sweet and clean, just the thing for health and economy. See our assortment of Japanese Mattings at 10, 12½ 15, 25, 30, 35, 40 and 50c per yard.

WHAT ABOUT CURTAINS?

There never was a time when you could buy Curtains to the same advantage as you can to-day. Lovely Lace Curtains! No one need be without them at our prices. They're about one-half regular prices.

200 pairs Nottingham lace Curtains 37 inches wide 2½ yards long, special per pair..... .39

150 pairs Nottingham Lace Curtains, 50 inches wide 3½ yards long, special, per pair..... 1.00

225 pair Nottingham Lace Curtains, 53 inches wide 3½ yards long, with patent look-stitch corded edge, special at per pair..... 1.50

25 pair Swiss Net Curtains, our special prices $3, $4, and $4.50 per pair. See them.

6 only, Chenille Portieres, 42 inches wide, 3 yds long, per pair..... 3.75

100 yards Swiss Net for Sash Curtains, per yard only..... .25

MONDAY, MAY 1, 1899

THE STREET RAILWAY.

The Council and Directors Confer Together — Proposition from the Company to the Town.

Amongst other matters of an important nature crowded out of Saturday's issue was the report of a conference between the Aldermen and Street Railway directors.

The question of the condition of the Street Railway is one that has been receiving the serious consideration of the town counci, the council being inclined to deal as generously as possible with the company under existing conditions but the railway Co. do not seem to be financially able to extend and improve the road to an extent to make its operation a profitable undertaking. With a view to action being taken in some direction, the directors of the Street Railway Company met a special committee of the council to discuss the matter on Friday. The result of their deliberations will be communicated to the council at the meeting to-night.

It is said that the proposition which was made by the company is to hand the railway over to the town with a view of the town extending the railway to the river in the neighborhood of Donnelly's and to Jackson Park, removing the railway on Charlotte street and continuing from Lake street to Jackson Park via Park street and from Park street to George street, thus making a belt line.

One proposition is to the effect that the town is to supply the money to complete the arrangement, giving the company the right to resume control of the road at the expiration of five years upon returning the amount of money expended in construction and maintainance. An alternative proposition was for the town to loan the company $10,000 at 3 1-4 per cent interest, taking the railway and equipment as security for the loan.

It has been suggested if the town take over the line that the corporation will operate the electric service to Lakefield over the Grand Trunk railway, the G.T.R. to abandon its Lakefield branch, the town to furnish the traffic facilities now afforded by the G.T.R.

Whatever course the council decides to adopt will of course, be subject to the approval of the people and the various suggestions submitted should be thoroughly discussed so that a well matured proposition will be presented to the people, enabling them to give an intelligent vote upon the subject.

Is Your Piano in Tune?

The change of season affects pianos as well as anything else. Mr. George Gumpricht, practical piano maker and tuner, with 28 years experience, attends to all orders left at Mr. H. S. Macdonald's drug store.

Fortnightly Club.

The last meeting of the season will be held on Tuesday evening, May 2nd, in the Y.M.C.A. Hall, when Mr. H. S. Greenwood will read the paper of the evening, "Rise and Fall of Mahdism." Mr. Greenwood has prepared a large map of Egypt and the Soudan which he will make use of. A more than usually large attendance is looked for as the subject matter of the paper is of such great interest. Sheriff Hall will take the chair at 8.15 p.m.

The Baby's Outing.

Time now for the baby to begin taking its outing—time to think about buying that carriage—for the mother's sake as well as baby's. When the subject is up for consideration give "The Peterborough Bookstore" a hearing. This is where you are likely to find a carriage that in style and finish and quality and price will justify you in making your selection. Will agree to give you back your money if you find you might have done better elsewhere.

OH, DON'T, JOHN!

THIS WAS THE LAST CRY OF THE LATE MRS. WEBBER.

Further Particulars Concerning Saturday's Most Appalling Tragedy.

THE REVOLVER MYSTERY IS CLEARED UP.

As the Weapon from which the Bullets were Fired has been in the House for a Long Time, the Theory of Premeditation Cannot be Entertained—Temporary Insanity Evidently Responsible.

Further inquiries into the particulars of the tragedy, whereby Mr. Webber took the life of his wife and then his own, elicits the information that the second youngest son, Lloyd, was the first person who was cognizant of murder having been committed. He states that after dinner he was out in the yard with an air gun shooting sparrows in the trees but that his mother told him to go further away from the house, as he was

Disturbing His Father,

who was lying on the sofa trying to sleep. The lad then crossed the street and had been over on the corner of Argyle street for about ten minutes, when he heard the shooting. He ran back home and found his mother lying on her face at the rear door of the house just under the shed. He called to her, but getting no answer realized that she was dead or dying and without waiting to learn any more of the circumstances ran as far as Dr. Fife's office, on George street, and told him that his mother was dead, only pausing on the way to tell some of his playmates of what had happened. In the meantine, Mrs. John McCormick, who lives in the north half of the house, which is a double one, had also heard the shots but did not realize what they meant. She was in the shed, which is only separated by a thin wooden petition from that of the neighbours when she heard Mrs. Webber scream several times and cry out

"Oh John, Don't!"

Two shots followed the outcry in quick succession and a moment later she heard a third, but did not think that a shooting weapon was being used, the detonations sounding to her as though a tin pan had been sharply struck several times. Thinking, however, that harm was being done to Mrs. Webber, she went to the front door and seeing there the boys to whom young Webber had just spoken, she asked them to run up the street and bring Mr. Detcher down from his store. The boys did so, at the same time telling him that Mr. Webber had shot his wife. Mr. Detcher went up to Mr. Andrew Allison's grocery and telephoned to the police, after which he and Mr. Allison proceeded to the Webber's house, around which quite a crowd of excited neighbors had already gathered. Mrs. Webber lay in plain sight where she had fallen, but not knowing that her husband was also dead and fearing least further

Harm Might be Done

the two men kept well away from the house.

Dr. Fife, on his arrival, was also warned to give the house a wide berth and no one entered until the arrival of the Chief of Police, who as stated before entered the house and found Mr. Webber lying on the floor stone dead with a bullet hole in the right temple and the revolver on the floor beside him.

Coroner Bell took charge of the bodies shortly afterwards and in making a post mortem examination of Mrs. Webber found that one bullet had penetrated her left cheek about one inch and a half from her mouth. The missle on penetrating the cheek struck the plate of a set of artificial teeth and partly flattened out against it, shattering the plate and breaking a number of the teeth. Another shot had evidently been fired into

Mrs. Webber's Mouth

as the point of egress was found just at the base of the neck. The bullet after coming out took a course down the shoulder blade, scratching it and going under the skin for about an inch before finally emerging from the body. Dr. Bell decided that it was this shot which caused death, as it must have shattered the spinal column in its course. Around the bullet hole in the cheek the skin was burnt and marked with powder. This burnt appearance was also discernable in the region of the left corner of the mouth, from which fact Dr. Bell argues that Mr. Webber either held his wife when he fired or else was standing close beside her.

On probing the wound in Mr. Webber's temple the Dr. could trace the course of the Bullet to the skull on the opposite side of the head, where

It Had Flattened Out

after passing through the brain. Death would be instantaneous in both cases.

In order to determine whether an inquest was necessary or not. Dr. Bell made a number of inquiries regarding the habits and mode of life of both the deceased. He ascertained that both had been identified with the Christian Scientists for some time previous to last fall. In October Mr. Webber was laid up with an abcess on his knee and after the faith healers had failed to cure it by their methods (though the late Mr. Webber for a time claimed that he had been healed) his brother, Mr. George Webber, induced him to go to the Nicholls Hospital, where he was put under the care of the physicians of the staff and was discharged some time afterwards, perfectly cured. His connection with the Christian Scientists was never renewed, but he was under the impression that his wife still regarded the belief with favour against his wishes. On Sunday last, the doctor ascertained, the subject

Caused a Discussion

between husband and wife and again on Friday evening they had some words about it, but nothing was said to indicate that the disagreement was such as to excite Mr. Webber to any degree of anger. When the family were moving he appeared in better spirits than usual, and during dinner talked continuously of some eggs for hatching which he had purchased at a distance and which had arrived that morning at the express office. to the hen house and setting the eggs that afternoon if possible. After dinner the family left him lying on the lounge in the dining room, and this is the last that was seen of him alive by anyone but Mrs. Webber, who so suddenly met her fate at his hands a short half hour afterwards.

Coroner Bell inclines strongly to the belief that Mr. Webber committed the awful deed in a moment of temporary insanity and, after consulting County Crown Attorney Wood on the subject, decided that there was no need to hold an inquest.

The possession of the revolver was cleared up by the statement of several of the children, who had seen it around at times. Mr. Whitcroft, a son-in-law, says that on Sunday last when in the shed of the house recently vacated he opened a tool chest and seen the revolver there. On examining it he found that it was rusty and mouldy through having laid unused for a long time. Beside it was a box of cartridges which he idly counted and found that there were 27 in the box, which originally held fifty.

Theories Considered.

Dr. Bell's theory as to the influences that operated upon Mr. Webber in bringing about Saturday's tragedy is borne out by those of the family, who lay the blame on the unsettlement of his religious beliefs and their diversion into a channel that evidently destroyed his mental balance, upon the sect called Christian Scientists. Though for a time falling in line with their peculiar religious tenets, Mr. Webber, it is stated, had had nothing to say about them for a long time. Recently, however, the subject came back to him again and it took the form of his regarding as a grievance the fact as he felt it that they (meaning the leaders of the sect mentioned) were "working" on him through his wife. He, however, did not blame his wife, but on the other hand said he pitied her as she could not help being the instrument used by these persons for influencing his life. As to the immediate cause that led to the commission of the terrible deed of Saturday those who know most of the inner life of the family and of Mr. Webber's mental condition for a long time, believe that it was due to an attack of emotional insanity and sudden incontrollable impulse with an absence of anything like studied premeditation. Consistency is lent this theory by the fact that during the dinner immediately

Preceding the Tragedy

Mr. Webber was in cheerful spirits and in an amiable and kindly mood unusual to him. He was laying little plans as to domestic matters and to all outward seeming was in a disposition and frame of mind farther distant from any idea of his entertaining desperate intentions than at any time for years. It is not improbable that in the sleep that he took upon the sofa after dinner the insane impulse may have come to him and that between sleeping and waking his decision was made and his terrible determination carried out, and that the horror of reaction at what he had done, diverting his impulse into another channel, led to his self-destruction. As to the possession of the ready and convenient weapon, that seems able to be readily and easily accounted for. In removing his household effects and in getting articles together in his tool chest (for he was a careful and methodical man) the idea may have occurred that the weapon left lying around might be a temptation that might result in accident to his two boys, and he slipped it into his pocket, where it was only too ready for its fatal work when the insane impulse came upon him. In any case, aside from these conjectures, there exists beyond doubt in the minds of those best qualified to know that Webber was not responsible for his action on Saturday afternoon. His mind has for for a long time been unsettled, and, it is safe to say, in the light of recent developments, unbalanced at times.

A curious circumstance exists in the fact that shortly after Mr. Webber went to the hospital last October, while Mr. Thos. Richardson was reading a book on engineering in the pump house a scrap of paper fell out of it which read as follows: "Mr. Thos. Connors: When you arrive on duty, if you find me dead, you will find an open letter in my coat pocket. Give it to my poor old father. John H. Webber." Mr. Richardson gave the note to Mr. Connors, and he in turn mentioned the matter to Mr. Henderson, superintendent of the Waterworks. Nothing further was ever said of the matter, it being thought better to keep the matter quiet, as Webber was at the time in the hospital.

As to the repeated threats of self-destruction made by him they were so often made and followed by no results that little attention was paid to them. They were doubtless made under the influence of the brooding of a mind made morbid, suspicious and irritable by ill-health over real or fancied troubles and meant nothing more than the passing expression of a naturally violent temper and splenetic disposition. All things considered, it is most reasonable, and it is most charitable to assume that the terrible act committed by John Webber on Saturday was done under the influence of mental conditions that for the time at least made him irresponsible for his actions.

PETERBOROUGH'S PRIDE.

And youngest Hibernian Poet has something to say about Assyrian Polish and Miracle Washing Compound, in competition solicited by L. B. Felcher:

Me name is Dinnis Daley,
I have a chum called Mickey Haley,
One of nature's noblemen—a man of great renown,
Says he to me one day,
"What is that I hear the people say
About the Miracle they do be selling around the town?"

Says Dinney, "Begor you're roit,"
I hear Tommy Henry say, "It is simply out of sight,
Because the washboard is now a thing of the past,
Since we have kept it in the store
We are selling more and more,
The ladies say, 'Tommy, we'll continue as long as it lasts.'"

Composed on the spur of the moment by special request. Do I take the cake, Lem? Nervously awaiting your decision, I remain, yours truly,

THOS. HENRY, G.O.M.

Assyrian Flower can be purchased from Henry & Co., Ten Cent Store and Ormond & Walsh's drug store.

HEROINES OF PEACE.

When we read stories of the terrible Spanish Inquisition of the olden times, it seems as if the tortures they depict were almost beyond the invention of the most depraved and fiendish mind; and yet here in our own enlightened land and in this Nineteenth Century of Civilization, thousands of tender women—our own sisters, mothers and wives—suffering from some unnatural weakness of the delicate organism of their sex, are daily undergoing an almost equally terrible, physical anguish and martyrdom.

"It seemed as if there was an iron band around my head and it was being twisted tighter and tighter all the time," a New York lady said in trying to describe her terrible sensations.

"I could not walk across my room without suffering dreadful pains," said another lady, Mrs. May E. Jones, of 529 Madison Ave., Ypsilanti, Mich., in a letter to Dr. R. V. Pierce, of Buffalo, N. Y. "I was troubled with female weakness. I had suffered for two years when I began taking your medicine but now after taking three bottles of Dr. Pierce's Favorite Prescription I am free from pain. I do all my housework and walk where I please—thanks to Dr. Pierce's medicine."

"It is the only medicine that relieved my terrible headaches," said Mrs. R. F. Monfort, of Lebanon, Warren Co., Ohio. "In very truth it is the only medicine ever invented that delicate and ailing women can positively rely upon to give them complete and permanent relief."

No other remedy was ever devised that so thoroughly rejuvenates the entire nervous system of women; healing and curing all weakened and diseased conditions of the feminine organism and restoring womanly strength and completeness. It is the only proprietary remedy ever devised for this one special purpose by an educated and eminent physician, a specialist of world-wide reputation in this particular field of practice. No woman need or ought to allow her whole nature, physical and mental, to be undermined by such ailments when by writing to Dr. Pierce she may obtain professional advice free of charge.

MARKET REPORTS.

Liverpool Wheat Futures Opened Weak and Closed Firm—Chicago Declined and Then Advanced—Prices.

Liverpool, April 29.—Wheat futures were weak early yesterday, but closed firm at ¼d to ½d per cental under Thursdays final quotations.

Chicago, April 29.—Wheat market opened weak yesterday morning in sympathy with Liverpool and on the report of warmer weather in the crop belts. Buying by St. Louis and through commission houses later strengthened prices, and the July option advanced to 78. The close for futures was at about the top, ⅝c above Thursday's final figures.

The term "fifth lane" originated in Scotland and referred to the Highlands the peasants at point of that country.

Children Cry for CASTORIA.

ST. LAWRENCE ROUTE.

Hon. Messrs. Tarte and Sifton Endorse a Georgian Bay-Toronto Railway as a Government Road.

Toronto, April 29.—Hon. J. Israel Tarte and Hon. Clifford Sifton were entertained at luncheon at the National Club yesterday by Mr. A. E. Kemp, president of the Board of Trade. Many prominent citizens were also Mr. Kemp's guests to meet the Ministers.

Mr. Kemp brought before the Ministers the question of the short line from Georgian Bay to Toronto, especially equipped for the grain traffic, for the purpose of taking the produce from the northwest to Montreal and ocean ports. A good deal of Canadian grain went by way of Detroit to Buffalo, and it was proposed to keep by this proposed line our own trade and divert it to the shortest channel—the St. Lawrence route via Toronto. They wanted the road built as a Government road, as if either of the railroads had it there would be a doubt about getting steamers interested.

Messrs. J. W. Flavelle, Robert Jaffray and Robert Kilgour also spoke.

The Ministers' Replies.

Hon. Mr. Tarte, after referring to the general Canadian grain trade, said that whatever had to be done must be done at once. Suppose we take 10 or 15 years to talk it over, and then the trade will have gone from us. When trade got firmly into one channel it was a very hard matter to get it back. "Suppose that in the next four years we spend twenty-five millions in equipping the St. Lawrence route, where is the business man who would say it would not benefit the Canadian people?" asked Mr. Tarte. He favored the scheme proposed by Mr. Kemp, but at the same time we must not go back on any of the roads we have on our hands. The late Mr. D'Alton McCarthy had pointed out to him some years ago the scheme now laid before him. The Minister of Public Works stated plainly that he was prepared to recommend to his colleagues the expenditure necessary to carry through the scheme as set forth by the Toronto Board of Trade. It was a matter above party politics. On such a thing there should be no Conservatives and no Liberals.

Hon. Clifford Sifton, Minister of the Interior, after a glowing account of western possibilities, said he was prepared to back the present project, if it would divert the trade to Canada. An expense of $6,000,000 for the road and terminals was a mere nothing if it would benefit the country as much as had been claimed. The matter would receive his sincere and earnest attention.

THE PROBLEM SOLVED.

THE NEW MEDICAL DISCOVERY TESTED.

Results of the Test in Various Forms of Dyspepsia.

Chronic indigestion or dyspepsia, while a very common trouble, has for some time been looked upon by able physicians as a very serious thing, and that no time should be lost in treating it properly at the start, because recent researches have shown that the most serious, fatal and incurable diseases have their origin in simple dyspepsia or indigestion.

Diabetes is simply one form of indigestion, the sugar and starchy food not being assimilated by the digestive organs. In bright's disease the albumen is not properly assimilated.

While consumption and dyspepsia are twin diseases, and it is beyond question that dyspepsia makes a fertile soil for the seeds of consumption.

But the trouble has been to find a remedy that could be depended on to cure dyspepsia, as it is notoriously obstinate and difficult to cure.

This has been the question which has puzzled physicians and dyspeptics alike, until the question was solved three years ago by the appearance of the new dyspeptic cure in the medical world known as Stuart's Dyspepsia Tablets, which it was claimed was a certain reliable cure for every form of stomach trouble.

Physicians, however, would not accept such statements without first giving the new remedy many tests and carefully observing results.

For three years the remedy has been thoroughly tested in every section of the country and with surprising and satisfactory results.

Stuart's Dyspepsia Tablets can honestly be claimed to be a specific, a radical lasting cure for indigestion in the various forms of acid dyspepsia or sour stomach, gas or wind on the stomach, too much bile, undue fullness or depressure after eating and similar symptoms resulting from disordered indigestion. Stuart's Dyspepsia Tablets were not placed before the public until this three years' trial left no doubt as to their value, and they have recently been placed in the trade and can be found at all druggists at the nominal price of 50 cents per package.

No false claims are made for the remedy. It will not cure rheumatism, pneumonia, typhoid fever nor anything but just what it is claimed to cure, and that is every form of stomach trouble.

No dieting is necessary, good wholesome food and plenty of it, and you may rest assured that Stuart's Dyspepsia Tablets will digest it.

Druggists claim for it that it is a pleasure to recommend it to dyspeptics, because it gives such universal satisfaction.

Little book on stomach diseases sent free by addressing F. A. Stuart Co.,

A Dramatic Author.

Like most actor managers, Macready was pestered by would be dramatic authors. An ambitious young fellow brought him a five act tragedy one morning to Drury Lane.

"My piece," modestly explained the author, "is a chef d'oeuvre. I will answer for its success, for I have consulted the sanguinary taste of the public. My tragedy is so tragic that all the characters are killed off at the end of the third act."

"With whom, then," asked the manager, "do you empty on the action of the last two acts?"

"With the ghosts of those who died in the third!"—Cornhill Magazine.

The New Woman!

Now enters upon pursuits formerly monopolized by men. But the feminine nerves are still here and she suffers from nervousness. To her we recommend Nerviline nerve pain cure—cures toothache in a moment. Nerviline, the most marvellous pain remedy known to science. Nerviline may be used effectually for all nerve pain.

The PICKHARDT RENFREW CO., Stouffville, Ont. LIMITED

HE FEARED A TRAGEDY.

An Incident That Proves How Deceptive Appearances May Be.

"During one of the Mardi Gras crushes in this city," said a man who frequently visits here, "I occupied half of what was normally a suit of rooms at one of the hotels. The other section was secured by a married couple with a very young child. I never could understand why babies seem so bent on bringing their parents to hotels, and this particular infant kept up an almost incessant wailing, day and night, which was painfully audible through the folding doors that separated the apartments. On the evening of the second day I ran in to change my clothes for dinner, and, as usual, the youngster opposite began to howl. It was unpleasant, of course, but at the same time I was rather shocked to hear a man's voice growl out suddenly:

"'Confound it, Mary, is there no way you can shut it up?'

"'No, there isn't!' snapped the thin tones of a woman. 'If you think so, why, try it yourself!'

"'Hit it with something! Sit on it!' exclaimed the man savagely.

"I was wrestling with my collar at the time and pretty thoroughly occupied, but the fellow's brutality angered me through and through. I could read exhaustion in the voice of the wife, and there rose before my mind's eye a picture of a jaded, nerve racked woman, tired out by an ailing child, and a burly brute of a man who roared like a bull of Bashan whenever he happens to be slightly disturbed. In the interval that followed the baby cried louder than ever.

"Presently the man spoke up. 'By the eternal, I'll fix it!' he shouted furiously 'Gimme that strap!'

"'Good heavens!' I said to myself. 'That's too much! I'll have to interfere!' Snatching up my coat, I stepped into the hall. The outer door of the next room was open and I had a clear view of the interior. A woman, holding a baby in her arms, was standing by the dresser. In the middle of the floor was a stout man in his shirt sleeves, red and puffing. He was trying to close a trunk."—New Orleans Times-Democrat.

Mastering a Savage Dog.

Preaching stories naturally predominate in the Rev. Dr. Newman Hall's "Autobiography," but here is one of secular cut which is well worth quotation.

One day during Mr. Hall's pastorate of a church in Yorkshire he was chatting with a farmer about the best method of self defense when attacked by a savage dog.

"Take off your hat and hold it in front of you," advised the farmer. "The dog will at once bite the rim. Then kick violently under your hat, and, the distance being exactly that of your leg, the toe of your boot will strike the lower jaw of the dog, who will at once go off in great pain."

The very next day Mr. Hall was crossing a field, when a fierce dog ran at him. There was no refuge near. He had no stick. He remembered his lesson. In an instant the dog rushed howling round the field, and the grand old dissenter, with a very slight wound in his hat, went his way.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in the back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters;' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man I know they saved my life, and robbed the grave of another victim," no one should fail to try them. Only 50c., guaranteed at Jas. Lynch's Drug Store.

Cook's Cotton Root Compound

Is successfully used monthly by over 10,000 Ladies. Safe, effectual. Ladies ask your druggist for Cook's Cotton Root Compound. Take no other, as all Mixtures, pills and injections are dangerous. Nos. 1 and 2 sold in Peterborough by H. H. Edmison, Druggist.

The undersigned has comfortable Brick House in desirable locality will exchange for vacant lots. Apply to Box 1027, Peterboro'.

MRS. GEORGE A FREE WOMAN.

The Jury After 23 Hours Brought in a Verdict of Acquittal.

Canton, O., April 28.—The jury in the George case returned a verdict of acquittal. They were locked up for 23 hours and 5 minutes, and cast 23 ballots. The last ballot was unanimously "Not guilty."

The charge against Mrs. George was that she went to the office of George D. Saxton and shot him, in revenge for his having caused trouble between her son and his wife, which led to a divorce. The evidence was circumstantial. What made the case of especial interest is the fact that Saxton was a brother of Mrs. McKinley, wife of the President.

Archbishop O'Connor's Installation.

Toronto, April 29.—The installation of Archbishop O'Connor in St. Michael's Cathedral on Wednesday next will be a most notable event in the history of the Catholic Church. The proceedings will be of a most solemn and impressive character. Nearly all the priests of the archdiocese will be present, and among men holding high position in the church these have signified their intention to be present:

Archbishop Langevin of St, Boniface, represented by Father Lacombe; Archbishop Bruchesi of Montreal, Archbishop Duhamel of Ottawa, Archbishop Gauthier of Kingston, Bishop Torraine of Pembroke, Bishop Larocque of Sherbrooke, Bishop Quigley of Buffalo, Bishop Foley of Detroit, Bishop McDonnell of Alexandria, Bishop Amard of Valleyfield, Bishop O'Connor of Peterboro, Bishop Decelles of St. Hyacinthe, Bishop Dowling of Hamilton, Monseigneurs McEvoy and Heenan.

MADAME WALLACE.

Cured of Female Weakness by Dodd's Kidney Pills.

Montreal, April 17.—The ladies of this city are rapidly coming to realize the value of Dodd's Kidney Pills, as a specific for all Female Troubles.

Mdme. Sarah Wallace, modiste, 338 Papineau ave., has had an experience that goes to show that no other medicine can equal Dodd's Kidney Pills for Female Troubles.

Mdme. Wallace writes:—"I suffered for three years with Female Weakness, and none of our physicians could relieve me. I was advised to try Dodd's Kidney Pills, and had only used one box when I felt better. Now I am cured, and have taken only two boxes."

Dodd's Kidney Pills always cure Female Troubles.

Liverpool Markets.

Liverpool, April 29.—Prices closed at these figures yesterday: Wheat futures firm; red winter, 5s 7¾d for May and 5s 7¾d for July. Maize, 3s 5¼ for new spot; futures, 3s 4¾d for May and 3s 5¾d for July. Flour, 17s 9d.

A Fergus Boy Drowned.

Fergus, Ont., April 29.—George Bresnaham, a lad about 14 years of age, was fishing in the Grand River along with a companion yesterday, when his rod broke, and in trying to recover it he got into the water beyond his depth. He was carried down stream about 40 yards, when he sank from view. Grappling for the body was carried on until dark, when it was given up, to be renewed this morning. Sympathy is felt for the bereaved mother, whose husband was killed by lightning about two years ago.

DR. A. W. CHASE'S REMEDIES.

Dr. Chase's Kidney-Liver Pills, for diseases of the Kidneys, Liver, Bladder and Bowels. One pill a dose; 25c. a box.

The Danger of PILES

Too frequently overlooked, Dr. Chase's Ointment a Prompt and Positive Cure.

The suffering caused by the intense itching and burning sensations of piles is only one of the horrors of this disease, for there is always great danger of piles developing into fistula, one of the most disgusting diseases imaginable.

Even the great danger and expense of an operation are preferable to running the risk of contracting this most loathsome of diseases.

But there is no necessity for a surgical operation for piles. Dr. Chase's Ointment is guaranteed to cure any case of piles, no matter of how long standing, or how aggravated the case may be, so long as piles have not become fistula.

It is only by rare chance that internal treatment will cure piles. But it matters not from what cause they arise, Dr. Chase's Ointment will at once stop the itching and burning, and soon effect a perfect cure.

You can use Dr. Chase's Ointment with fullest assurance that what has cured scores of thousands of cases of piles will cure you. For sale by all dealers, or Edmanson, Bates & Co., Toronto.

STILL IN BUSINESS

AT THE OLD STAND,

344 Water Street, Peterborough.

I have pleasure in announcing to my patrons and the public generally that notwithstanding any report to the contrary, I have not disposed of my business, nor do I intend to, but am in a position and prepared to fill all orders for the manufacture of Sails, Tents, Awnings, Horse and Wagon Covers, Etc. As in the past I shall endeavor to give my best personal attention to all orders that may be intrusted to me and respectfully solicit your esteemed patronage.

Flags, Bunting and all kinds of Decorations for Public Halls and Private Residences.

—ALF. KINGSCOTE,—

No. 344 Water Street, Peterborough.

HUMOR IN THE SMALL "ADS."

Funny Things Found in the Exchange Columns in Chicago.

There is more than one way of getting rid of some article you don't want and getting hold of something you really need, or think you need, which is the same thing. If a man owns a dog and hankers for a watch, he doesn't have to sell the animal and then use the money in purchasing the timepiece. That was the way it was done years ago, but the "For sale or exchange" column in the Sunday newspaper has changed the method of operation. Pianos are exchanged for sealskins and jewelry. Books are taken in trade for silverware for the table and harnesses. Sign painting goes for clothes and stenography for bicycles. One young woman advertises, "First class teacher, with best of references, will give stage or society dancing lessons for dry goods, shoes or anything useful." Another person says, "Opals or amethysts for silverware, typewriter or hardware." A laundress who wants to learn to play the piano says, "Wanted—Piano lessons in exchange for laundry work, or what have you?"

Apparently many of these traders are willing to take nearly anything of value and, of course, each one expects to get the better of the bargain. There must often be heart burnings and many sad thoughts when the man who has traded an Angora cat for dental work finds that his teeth have been filled with plumber's solder, or the woman who has exchanged a Persian rug for an alarm clock discovers that the timepiece runs only on Thursday afternoons and then strikes nothing but 33.

One enterprising individual advertises, "Best French conversation in exchange for cash or solid goods." It may be said that there are many persons who would also like to trade large bunches of "best English conversation" for cheese sandwiches or an old pair of pants.

A family with lots of board, but a houseful of leaky pipes, wants to "exchange good board for plumbing; walking distance," and a man with a large wardrobe, but nothing to hunt with, wants "up to date gun for winter suit, No. 42." A hotel man will "give interest in the business for use of furniture for 15 rooms," while a man on the South Side would like to exchange dentistry for housework.

Apt Quotations.

Proverbs, axioms and wise sayings have been uttered by Confucius and other wise men from time immemorial, but few people realize how many there are of them. C. I. Hood & Co., of Sarsaparilla fame, have over two thousand and they have originated the ingenious plan of serving them up in delectable shape in thousands of newspapers with each one neatly turning a point as to the merit of their well known medicine. The extensive use of these proverbs is original and creditable to Hood & Co.

"Fond"—Its Two Meanings.

The older meaning of this word was, as is well known, equivalent to foolish. Now it has the meaning of affectionate. The following instance of the use of the word in both senses on the same page of the same work marks the period of transition, when the old sense still lingered while the new sense was coming into use. In Dr. Watts on "The Improvement of the Mind," first edition, 1751, in chapter 15, section 5, on page 119, I find:

"Some are so fond to know a great deal at once and love to talk of things with freedom and boldness before they truly understand them that they scarcely ever allow themselves attention enough to search the matter through and through."

And lower down on the page, in section 7, is:

"A soul inspired with the fondest love of truth and the warmest aspirations after sincere felicity and celestial beatitude will keep all its powers attentive to the incessant pursuit of them."

Also in Coles' English-Latin Dictionary, fifteenth edition, 1749, both meanings are given as follows: "Fond, indulgens," and lower down, "Fond (foolish), stultus."—Notes and Queries.

WOMEN IN POKER.

A Game That Changed Two Dear Friends Into Deadly Enemies.

Said a man of my acquaintance recently: "Do you know, I believe women would be the most desperate gamblers on earth if they dared!"

"Nonsense!" was my remark.

"It's not nonsense," he argued warmly. "I've watched them, old and young, pretty and homely, light and dark, and even in the small games that their pocketbooks and their consciences allow them to play their excitement in winning or losing is something terrific."

And he caused me to do a little thinking on his side, though not for the world would I have admitted it to him.

I remembered a game of cards that caused the separation of two of the dearest and sweetest women in the world three years ago.

Of course it was poker.

Poker seems to be played everywhere, or was at that time, and this diabolical cluster of "fulls," "straights," "two pairs," "threes of a kind," "flushes" and "fours" has caused more misery and made more mischief among the women of this city than will ever be exploited!

There were five of them in a fashionable boarding house up town, and I, as a caller, made six.

Rain had ruined a matinee proposition, there was nothing to read, and dullness descended.

"Let's play poker," said Mrs. C.

"Splendid!" was the general ejaculation.

Two of the ladies had never played, but they were soon instructed. Then it was discovered that there were no "chips." But a descent upon the cook produced 300 or 400 white beans, which Mrs. C. took charge of.

"I'll be banker," she said as she counted out the beans in lots of 100 each. "We'll play 5 cent limit and you shall have $5 worth."

The two amateurs gurgled with amusement.

"How awfully funny!" they said. "Why, we feel like real gamblers."

I declined to join the game, believing that $5 in the pot was worth $20 in the "jack pot."

The game proceeded amid much nervous excitement and many "Ohs!" and "Ahs!" and "Dear mes!" and remarks of that sort.

"Why, isn't that a flush?"

"Why, your hand wasn't as good as mine. I think you're real mean."

The somebody asked:

"What good are four queens?"

Whereupon all laid down their hands and the inquisitive one gathered in all there was in sight, with the remark:

"I didn't have four queens, but just wondered."

At length there was a battle royal on between Mrs. C. and one of the beginners.

I happened to sit right behind the latter and saw her hand.

It consisted of three aces and a pair of kings. Nothing but "four of a kind" could beat it.

Back and forth, back and forth, bet and "raise," more bets, more "raises," until the holder of the "full hand" had exhausted all her beans and clamored for more.

The banker gave her 100 more and made a memorandum of it.

The betting went on as fiercely as before. I felt like giving the "full hand" lady a hint that she was betting her hand too high, but of course could not do so.

At last the banker "called" and threw her hand on the table.

"Four sixes!"

"Dear me!" sighed the loser. "I thought I'd surely win. What a lot I bet! Lucky it wasn't real money!"

Mrs. C. started at her.

"What do you mean?"

"Why, it's lucky they were only beans."

"You must be crazy, Mrs. B. The beans represent money. You owe me $8."

"Why, you're talking nonsense."

Mrs. C.'s lips grew very white.

"Do you mean to say," she asked, "that you didn't understand that we were playing for money?"

"*Of course* I didn't."

Mrs. C. swept the beans into a receptacle, dabbed the cards into the table drawer, cast a look of withering scorn upon her late opponent and stalked out of the room.

The two women have not spoken to each other since.

ENGINEER GRAHAM,

Of Montreal, Cured by Dodd's Kidney Pills.

Montreal, April 24.—Proof positive and convincing has already been given in Montreal that Dodd's Kidney Pills are the only sure cure for diabetes. And day after day fresh evidence comes to light to make the proof more emphatic and convincing.

Engineer James Graham, 54 Victoria Square, says: "I suffered with Diabetes for six years. One of our best doctors told me I could not be cured.

"I read of Dodd's Kidney Pills and decided to try them. Three boxes made me well, and I have not suffered from Diabetes since."

Such cures as this prove the efficacy of Dodd's Kidney Pills.

A Child's Caul.

The following folklore is from Liphook, Hants. A child born in a caul will always be a wanderer so long as the caul is kept and, moreover, being unable to sink in water, cannot be drowned. An old woman told my niece lately of her brother who was so born, and so potent was the influence of the caul that when his mother tried to bathe him he sat on the surface of the water and if forced down came up again like a cork. There seems no doubt that this was fully believed and related in all seriousness. The mother had kept the caul stretched on a sheet of note paper, and whenever her son was in danger it became wet and soft, but it remained dry and like a dried bladder so long as he was safe. It got destroyed somehow, and soon after the brother, a sailor, was shipwrecked and drowned.

Shocked the Critic.

Not very long ago a well known New York newspaper woman, who is not noted for her retiring disposition, sent to a theatrical manager a request for seats, accompanied by a modest bill of $84 "for exciting public interest in the play." The gentle critic was shocked and pained to receive instead by return mail a counterclaim as follows: "To reading your funny criticisms, $90,000,000. Please remit."

Woman's Troubles

Are usually the result of an exhausted nervous system which can be fully restored by the use of Dr. A. W. Chase's Nerve Food. Women made nervous and irritable by the wasting diseases which drain their system find new life, new vigour, new energy, in Dr. A. W. Chase's Nerve Food, the world's greatest blood and nerve builder.

Ring up Telephone 18.

WILD ANIMALS.

They Do Not Fear Man Until They Learn His Power.

There is an old story that any man can cow a wild animal by merely gazing into its eyes.

This theory of the power of the human eye is all well enough so long as it is not tried on an animal big and fierce enough to kill the experimenter. All accounts agree that, except where they have been hunted, wild animals do not fear man at all.

A British resident in Guiana once gave a Cornish gold seeker a lift up the river in his steam launch. As the launch was small the miner slung his hammock on shore each night. One morning he complained of the noise the frogs had made.

Some Indians of the crew laughed at this and said, "Oh, tiger sleep with old man last night!" What the miner had heard was the purring or snoring under his hammock of a puma, whose tracks and the outline of its sleeping body were yet visible.

Upon Long Island, except during the hunting days, the deer enter farmers' barnyards freely and show no fear of man.

In the Yellowstone park, where animals are protected from hunters, they are very chummy. The elk and blacktail come to the keepers' houses to be fed. Even brown bears hang around and forage among the scraps thrown out by the hotel keepers.

Dangerous animals have the same boldness where gunpowder is unknown. When Berend's crew were on their first voyage a polar bear came among the sleeping crew and bit a sailor's head off. Why should he fear the puny little creatures?

Beyond the Zambesi and Shire rivers, where white men and guns are few, lions and leopards will do what they will do almost nowhere else—kill men when hungry and when not cornered.

Where animals are fully acquainted with firearms neither lion, tiger, bear, jaguar nor any other animal will attack man except when cornered, it is true. But animals in wild life have no such fear of the weak little biped that can neither run, climb nor fight as well as they.—New York World.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

An Illustration.

Teacher—John, illustrate the difference between sit and set.

Bright and Patriotic Boy—The United States is a country on which the sun never sets and the rest of the world never sits.—Detroit Journal.

JUST AS REPRESENTED.

Not a claim made for Laxa-Liver Pills but what can be amply verified.

No spreadeagleism.

No statements made about Laxa-Liver Pills but what are supported by unimpeachable testimony.

We tell you they cure Constipation and Sick Headache, banish Biliousness and Dyspepsia.

Stir up the torpid liver.

And they do all this without a gripe or pain, and never sicken or weaken.

MR. MELVILLE ARMSTRONG, Blythswood, Ont., bears this out in the following statement he made:

"I have used Laxa-Liver Pills for biliousness and found them to be just as they were represented. They act nicely, without any griping, and I gladly recommend them."

After you've gone the rounds of all the remedies, just try Laxa-Liver Pills. You'll find nothing work easier, cure quicker. 25c., or 5 for $1, all dealers.

Sold in Peterborough by Ormond & Walsh

BEE BUZZES.

A small hive increases the tendency to swarm.

Some queens are very prolific, much more so than others.

Melt candied honey very slowly or the flavor will be spoiled.

Take good care of the empty frames of comb; they will be needed next spring.

When the cases are supplied with drawn combs and the bees are fairly at work, the desire to swarm is lessened.

Bees will build combs in wired frames just as readily as if no wire were present. They will deviate to make a separate comb where the wire is.

Avoid melting wax over many times. Every time it is melted makes it darker in color. Make the cakes medium sized and press as soon as they cool nicely.

Much depends upon the season when the bees put in the cellar or other place for safe keeping during the winter, are taken out. Better a little late than too early.

As a rule bees fill the lower part of the hive or brood nest full of honey before they go into the surplus, but it is best to have the surplus ready when needed.—St. Louis Republic.

Not a Faith Cure.

Faith never worked a miracle in the case of Dr. Hall's Rheumatic Cure. It is the wonderful curative properties of the remedy that does the work. Mr. S. O. Taylor, Charlecote, Ont., suffered with rheumatism in the back (Lumbago) for four years. Five bottles of Dr. Hall's Rheumatic Cure completely cured him. He has been free from pain since. This preparation is used internally. One bottle contains ten days' treatment, 50 cents a bottle. For sale at all drug stores.

What She Meant.

"The idea of her having the nerve to claim she first saw the light in 1878!"

"I would not judge her too harshly. Perhaps she meant the arc light."—Indianapolis Journal.

SPRING STALLION SHOW.

Winners at Saturday Afternoon's Exhibition on the Market.

There was a large crowd of interested spectators at the annual spring stallion show held on the market Saturday afternoon under the auspices of the Peterborough Central Exhibition Association. The horses presented a splendid appearance as they pranced to and fro befor e the various judges. The following were the entries:

Hackney Bred. — Holderness, owned by Henry Nesbitt.

Standard Bred.—Hermit, Jr., owned by R. Stewart; Elm City, owned by Wm. Elmhirst, Keene.

Coach and Carriage. — Young Lapidist Chief, owned by John Clancey.

Heavy Draught (Imported) — Erskine McGregor, owned by Levi Bowles, Springville; Young Stanley, owned by Levi Bowles, Springville; McInnes, owned by R. Dundas.

Heavy Draught (Canadian)— Oliver Gordon, owned by J. W. Lowes, Bethany.

The judges were Mr. John Davidson, Cobourg; J. B. Davidson, Green bank; and T. Eastwood, Buckhorn, for the heavy stock, and Mr. John Holderness, Toronto, for the light stock.

After due consideration the judges awarded diplomas to the following:

Holderness, first prize in Hackney class.

Hermit Jr. first and Elm City second in standard bred class.

Young Lapidist first in coach and carriage class.

McInnes first, Erskine McGregor second, and Young Stanley third in heavy draught imported stock.

Oliver Gordon in heavy draught Canadian stock.

Special mention was made of Holderness in the hackney class, and the judges publicly stated that he was one of the finest specimens of stock ever exhibited in Peterborough. A number of other horses also received special mention at the hands of the judges.

THE FIFTY-SEVENTH BAND.

To the Editor of the Examiner:

Dear Sir — For the benefit of the public in general and those who desire to interest themselves in the workings of the 57th Battalion Band, and also owing to the appearance in the columns of your paper some letters relative to the band, I wish to throw light on our position, financially and otherwise, and give the public full knowledge of our situation.

We have to-day a band of thirty members, principally mechanics, who take a lively interest in the institution and also an A1 band master, who is capable of doing all that his profession calls for and of placing the band in the front rank, He has musical ability which we are sure cannot be excelled in Canada to-day. Now we propose to play in the park during the summer months and give the citizens good music—music equal to anything produced in any city in Canada and we also propose during the winter months giving a series of free concerts, providing we get the necessary support, which we claim should be forthcoming. We get a grant of $250 from the Council, which is far short of our need. That amount only pays half the band master's salary, the other half being paid by the battalion. We propose paying the members for playing in the park and to do this it will take $280 for 14 nights, which is very reasonable compared with what it costs other towns. The 57th is the only band that the citizens have really a claim on — they own the hall, the music and the instruments, the equipment amounting to something over $3,000. We have done away with the practice of serenading, which in the past gave the men some remuneration for their services. Last year as the institution was in need of money for the purchase of new instruments we collected from the citizens over $500 and placed the expenditure of the same under the direction of four responsible citizens. Of this amount the members did not receive one cent — the whole being expended for the purpose of reorganization and the purchase of new instruments. What is desirable is to have one good band and to have all moneys that have been given to other bands expended on this one. Why support private or sectarian bands? Every cent should they have on the public treasury? The policy is wrong and we hope that the present Council will give this matter their favorable consideration. If these bands want to have us there we go out on their own hook, as we never yet have taken any money for our services as stipulated. The whole bunch of men playing for the past 25 years are before or have been on the Battalion Band. Thanking you, Mr. Editor, for giving this a place in your columns, I am,

C. HOWE,
57th Batt. Band.

Children Cry for
CASTORIA.

DEATH OF JOHN LYNCH.

His Unexpected Demise This Morning —Funeral on Wednesday

The death occurred this morning of Mr. John Lynch, aged 65, one of Peterborough's most highly respected citizens. Mr. Lynch has been a resident of Peterborough for a great many years and was one of its earliest pioneers. He had an enviable reputation among his friends and neighbors and was looked up to in many things. The deceased gentleman has been suffering from inflammation of the lungs for about a week, but his death which occurred about 7 o'clock this morning, was totally unexpected. He resided with his wife and two daughters at the corner of Park and Elm streets and the funeral will take place from there to St. Peters Cathedral on Wednesday morning at 9 o'clock.

He left a family of seven children. Two daughters, Misses Maggie and Kate Lynch are at home, while the eldest daughter, Annie, is a member of the Sisterhood of St. Joseph in the convent at Lindsay. Three sons reside in town, Mr. John Lynch, a grocer at the corner of Park and Elm streets, Mr. James Lynch, druggist, Hunter street and Mr. Geo. Lynch of the Canadian General Electric Works. Another son, Mr. Ed. Lynch, resides in Rochester.

The deceased was a native of Cork, Ireland, coming to this country when about 20 years of age. As an evidence of the high esteem in which he was held, he was continuously re-elected to the presidency of the Peterborough Savings and Loan Society. His demise will be deeply regretted by a large circle of friends and acquaintances and the relatives have the most sincere sympathy of the entire community in their bereavement.

DEMISE OF MAY E. NICHOLS.

Her Untimely Death took Place on Saturday Evening Last.

The many friends and acquaintances of May Edna Nichols, eldest daughter of Mrs. R. Nichols, Hunter street, will regret to learn of her untimely demise, which occurred on Saturday evening last.

Miss Nichols, who was only 23 years of age, has been ill for several months with lung trouble and has had the sympathy of all. She was an enthusiastic church worker and took great interest in Sunday School and Christian Endeavour work, being an active member of both organizations in connection with the George street Methodist church.

The funeral was held this afternoon at three o'clock and was largely attended. Rev. Mr. Shorey conducted the obsequies, and the pall bearers were Messrs. Fitzgerald, Fleming, Kerr, Brown, Belleghem, and Lancashire.

SPORTING PASTIMES.

Interesting Items of Local and General Interest.

Y.M.C.A. ATHLETICS.

The Managing Committee of the Y.M.C.A. Football team will meet in the parlour to-night at 7.30.

Garnet Green on Charlotte street
Has come to town to stay,
When you want good photos taken,
Step around that way. 3d-1w

—A regular meeting of the Peterborough Board of Education will take place at the Board Room, on Tuesday evening at 7.45.

—The Sunday School anniversary of Grace Methodist church will be held next Friday evening, when a good programme will be presented.

—There is a dangerous piece of sidewalk on George street in front of Bethany Mission that should be looked after by civic authorities.

—Look your best to-night and have your picture taken by electric light at J. W. Green & Son's studio, Hunter street. Open from 7 to 10 p.m. Photographs taken at night as well as by daylight.

—At the lecture by Mrs. Hoodless of Hamilton, on Domestic Science, on Wednesday evening, Mayor Davis will occupy the chair and a musical programme will be furnished by several local singers.

—Peterborough, says the Expositor, is making enquiries of Brantford looking to the introduction of school savings banks in that town. The subject it is said, will be brought up at the next meeting of the local board on Tuesday night.

—The workmen on the Balsam Lake division contract have not been getting their pay since October last, and the Government will withhold from the contractor, money enough to protect the workman and secure them their pay.

—Last evening a lady living on Hunter street went to the police station with an excited look in her eyes and reported that one of her children was missing. The police consoled her somewhat and started out to search for the missing treasure. Shortly after the mother returned and said that she had found the child in her own house.

Y. W. C. A. NOTES.

The Club was highly pleased to have so many of its members in attendance on Saturday evening last. It was gratifying to know that the attractions offered were more pleasing to so many young girls than the streets.

Monthly Board meeting in the parlours on Tuesday afternoon at 3.30 o'clock.

Bible Class, Tuesday evening beginning at eight o'clock.

Operation Slight-Lifting.

[illegible] on Saturday, a woman [illegible] well-known, was [illegible] sitting across [illegible] with it under [illegible] [illegible] [illegible] [illegible] benefit of the [illegible]

CHURCH CHIMES.

The quarterly meeting and love feast will be held next Sunday morning in the George street church at 9.30.

The annual election of officers of the George street Methodist C. E. Society will take place to-night in the George street church.

At the evening service in St. Paul's a pleasing anthem, "Abide With Me," was rendered by the choir, the solo part being taken by Miss Annie Hall.

The weekly meetings at the Riverdale Mission, which were discontinued during the special services in the Park street Baptist church, will be resumed next Wednesday evening.

Mrs. T. W. Martin sang the solo in the anthem "Abide with Me" in St. Andrew's church last evening very effectively, the congregation being much pleased to hear her voice again after her recent absence from town.

Rev. Mr. Shorey preached last evening at the regular service from Mark 4, 38, "Watch ye and pray lest ye enter into temptation." After enumerating the various temptations that people are subjected to he exhorted all present to resist it and not to expose themselves unnecessarily to it.

The anthem, "Messiah is King," was excellently rendered at the evening service in the George street church. The duet passage was nicely rendered by Misses Annie and Clara Belleghem. The solo, "Come all ye weary," was effectively rendered during the offertory by Mr. Frank Turner, the choir joining in chorus passages.

At the Park street Baptist church yesterday morning Rev. Mr. Elliott preached from Matt. 25, 24, dwelling on our responsibilities for undeveloped powers. At the evening service an eloquent sermon was delivered on the theme "Many are called, but few are chosen," and the thought emphasized that though all were invited, comparatively few were wise enough to accept the invitation. The evening anthem, "Arise for the light has come," was well sung by the choir.

At the Murray street Baptist church yesterday one baptism took place in the morning and three in the evening. At the evening service the pastor, Rev. Mr. Bastow, occupied the pulpit, and preached an eloquent and impressive sermon to the children, the theme of his discourse being "Bringing children to Christ in their early days." During the service Mr. Martin and Miss Hutchinson rendered most acceptably the duet "Hide me in Thee."

In the absence of Rev. Dr. Torrance the pulpit of St. Paul's church was very acceptably filled at both services yesterday by Rev. Alexander Laird, the popular pastor of Mill street Methodist church, Port Hope. In the morning Rev. Mr. Laird's subject was "The Warnings in a Man's Life," his text being selected from Daniel 5, 17-31. The first warning, he said, was the lesson conveyed by the humiliation of Nebuchadnezzar and his unspeakable punishment. The second warning was the thought of God's terrible anger when He he saw the holy vessels of the sanctuary being degraded by the wicked king for base uses as drinking utensils. The final warning taught was the hand writing on the wall, as displayed before the terrified monarch. At the evening service Rev. Mr. Laird's subject was "The Secret of Self Con-"trol." His text was "This I say, walk in the spirit and ye shall not fulfill the lusts of the spirit," Gal. 5, 16. In opening the speaker endeavoured to show the various phases of man's fleshliness or his desire to do worldly things. Following this many illustrations were brought forth to show that a man does not cease to be worldly only until he becomes spiritually regenerated.

PERSONAL.

Mr. J. A. Culverwell has returned from Toronto.

E. B. Barley of Kingston, was in town for a short time to-day.

Mr. L. Felcher of the Palace Hotel, went to Toronto yesterday morning.

Mr. George H. Pope of Belleville, is in town on business conected with the Trent Valley Canal.

Miss Mabel Maguire left this morning for Ottawa, where she is entering St. Luke's Hospital to go into training as a nurse.

Miss Menk, who has remained in town since Rev. Mr. Stevenson and Mrs. Stevenson left, leaves to-morrow for Toronto.

Mr. H. LeBrun returned from Montreal yesterday morning and was followed by Mr. C. LeBrun, who arrived home this morning.

To-day the Misses Barlee leave for a three months visit to England. They will sail on S.S. Beaver of the Ontario line. Their address will be No. 14 Oxford Road, Ealing W.

Mr. Joseph Picard, left to-day to assume charge of Le Brun & Co.'s branch store in Campbellford. Mr. Picard will be much missed in town as his many excellent qualities have won for him many warm friends.

Mr. C. A. J. Duranceau, Hunter street, has returned from La Prairie, P.Q., where he has been attending to the adjustment of fire insurance on some property of his destroyed in that place.

Mr. John Young, of Glenboro, Man., with his second son has returned to Smith on a visit to his parents, Mr. Andrew Young, second line Smith. Mr. Young left for the west eleven years ago. He will remain in Peterborough for about ten days, visiting with friends.

JAKE ICE SHOT DEAD.

Shocking Outcome of the St. Regis Tribal Troubles.

VISIT OF DOMINION POLICE.

They Arrested the Disobedient Chiefs—A Rescue Was Attempted—In the Fight Col. Sherwood, Chief of Police, Shot the Indian Dead—Police Commander Gives Himself Up.

Cornwall, Ont., May 2.—Jake Ice, a St. Regis warrior, was shot and instantly killed at St. Regis by Lieut.-Col. Sherwood, Chief of the Dominion Police, yesterday morning; two other redskins were badly wounded, and four chiefs carried off into captivity. The cause of the trouble dates away back several years, and was primarily the objection of the St. Regis band to submit to the Indian Act, and allow an election of chiefs to be held.

On March 27, 1899, when Inspector Hogan and Policeman Chamberlain of the Dominion Police were sent down from Ottawa by Lieutenant-Colonel Sherwood to assist Indian Agent Long in holding an election, they met with savage treatment at the hands of the red men. Everything seemed to have quieted down till yesterday, when, according to Indians who came from St. Regis, a squad of five or six Dominion Police arrived at St. Regis on the tug Beaver of Cornwall, which was chartered for the purpose. They at once arrested Chiefs Jake Fire, Louis Thomas and Angus Patenaude, who were charged with being leaders of the riot on March 27, and of assaulting officers in the execution of their duty.

The news that the officers were again on the reservation and making arrests spread like wildfire, and the police had hardly got their prisoners into Mr. Long's office when the place was surrounded by a mob of wild, excited red men. They forced their way inside the building, despite the threatening muzzles of the policemen's revolvers. They wanted to rescue the prisoners, and things looked so desperate that the chief decided to fire his revolver. The shot took effect in the arm of the ringleader, Jake Ice, but did not stop him. The chief fired again and killed him instantly. The other Indians then withdrew. These were the only shots fired. No one else was injured.

Inquest on Jake Ice.

Huntingdon, Que., May 2.—Lieut.-Col. Sherwood, chief of the Dominion Police, arrived here last night, having in custody three St. Regis Indians, Jake Fire, Angus Patenaude and Louis Thomas. The inquest as to the death of Jake Ice will probably take place here to-day.

Mr. Sherwood Gave Himself Up.

Ottawa, May 2.—The Department of Justice received a despatch from Commissioner Sherwood from Huntingdon, Que., informing the department of a shooting affair at the St. Regis reservation. The Indian, it is understood, was shot in self-defence. Mr. Sherwood gave himself up to the police, and is awaiting the decision of the coroner's jury.

ON THE WARPATH.

Chilkat Indians Armed and Making Trouble in Alaska.

Skaguay, Alaska, April 24, via Seattle, Wash., May 2.—The Chilkat Indians are on the warpath. Last Sunday 20 bucks armed with rifles gathered from their several villages along the Chilkat River and marched to Rocky Point, eight miles from Haines Mission, where eight white men were blasting rock for a trail to Klukwan, a distance of 25 miles. The Indians drove the whites away. Word was immediately sent to the U. S. marshall and commissioner at Skaguay and to Captain Cheatman, in command of the troops at Dyea. Sixteen soldiers under command of a sergeant were at once sent to Haines Mission. It is understood that persons who are opposed to the construction of the new trail have incited the Indians to make trouble.

ANOTHER NEGRO LYNCHED.

Negro Taken From Jail at Osceola, Ark., and Hanged.

Memphis, Tenn., May 2.—Information was received in Memphis last night that Willie Sees, a negro, aged 30 years, was taken from the jail at Osceola, Ark., Sunday morning at 1 o'clock and hanged in the jail yard by a mob of 40 men. Sees was in jail on a charge of barn burning. After being suspended in midair twice the negro confessed the crime of which he was charged and he was then hanged.

Several houses have been burned in the neighborhood of Osceola recently, and this is given as the reason for the mob taking the law into its jurisdiction.

Racial Troubles of the South.

Syracuse, N.Y., May 2.—Rev. H. J. Callis preached on Sunday night at the A.M.E. Zion Church, colored, on the racial troubles of the south. He said that the white women of the south had not protected their own chastity. He made a plea for the organization of the colored men; said that 2,500,000 were able to carry arms, and predicted that, if the murders of colored men in the south did not cease, there would be a conflict between the black and white men of the south. He said that his brethren in the south looked to the north for salvation.

ALLEGED CIVIC BOODLING.

Ex-Ald. Hall, While on a Visit to Toronto From Buffalo, Is Arrested on an Old Charge.

Toronto, May 2.—Ex-Ald. William Middleton Hall, who left the city at the time of the boodle investigation, was placed under arrest about 1 o'clock yesterday on four charges as follows:

One is that of accepting a bribe of $1,000 from Marshall D. Barr, agent of the Edison General Electric Company, to vote to establish a trolley system.

The second charge is that of conspiring with Edward Hewitt to accept a bribe of $2,000.

The other two charges are of perjury in connection with the investigation.

The arrest created considerable excitement in the city. It was made on a warrant sworn to by Sergt. Reburn in 1894, and was executed by Detective Cuddy. Hall, who was in Toronto to boom a mining scheme, was much surprised at the revival of the old warrant, and was later in the day bailed out in $2,000 for appearance this morning.

C.P.R. CHANGES.

Sir Wm. Van Horne to Become Chairman of the Executive Board.

Ottawa, May 2.—It was learned last night that certain leading changes are contemplated in the executive of the Canadian Pacific Railway Company and that they are liable to take place pretty soon after Sir William Van Horne's return from California. These changes are as follows:

Sir William C. Van Horne, chairman of the board of directors.

Thomas G. Shaughnessy, president.

R. B. Angus, vice-president.

D. McNicoll, assistant general manager.

These changes will, of course, necessitate others of a less important nature, and, as it has been decided that the new vice-president will not be actively engaged, as is now the case, in the running of the road, it is quite likely that the last named gentleman will be second in command.

100-Pound Rails for the C.P.R.

Montreal, May 2. — The Canadian Pacific Railway Company has decided upon a most important change in construction, which may have far-reaching effects in the future maintenance of their system. They have ordered for immediate use 50 miles of 100-pound rails, to be laid on a portion of their line between Montreal and Ottawa, and on the main line from Montreal Junction southerly over the St. Lawrence bridge.

The Snell Inquest.

Parry Sound, Ont., May 2.—An inquest is now being held by Coroner Stoner on the body of Thomas Snell of Brockville, who was supposed to have dropped off the railway bridge last November. The post-mortem examination made by Drs. Walton and Appelbe indicates that the man was not drowned, but that death was caused by a blow on the side of the head, inflicted by a pointed instrument, as a hole is found over the right ear, penetrating to the base of the brain. It might have been inflicted with a piece of wood with a nail driven through it. The inquest was adjourned yesterday afternoon for other evidence.

Provincial Appointments.

Toronto, May 2.—The Ontario Government has made the following appointments: W. H. McCrea, to be clerk of the Fifth Division Court of Leeds and Grenville, vice Whitmarsh; James Yates, to be clerk of the First Division Court of Huron, vice C. Seager; Cornelius Murphy, to be bailiff of the First Division Court of Lincoln; John H. Fote, to be bailiff of the Fifth Division Court of Haldimand, and J. Wesley Macassar, to be bailiff of the Seventh Division Court of Norfolk.

Into the Last Week

OF THE ALTERATION SALE

We have swung with interest unabated. Hundreds have come, seen, bought and gone away pleased. Other hundreds are still coming. They come with confidence. They know that when we say prices are down, or that things must go, we are not using empty words.

O O O

That is one feature of our talk to you in the Papers—telling the truth. No matter how much we might try to deceive you, no matter how easily we could deceive you in the store; it would be stupid for us to do it.

O O O

Take advantages of the prices this week, and mind we do not want you to buy a thing even during this Alteration sale that you don't want after you get it home.

J. Sutcliffe & Sons,

LINDSAY—PETERBOROUGH—KINGSTON.

BENSFORT BRIDGE.

The Connecting Link Between South Monaghan and the Town.

Since the construction of the new iron bridge across the Otonabee, known as Bensfort bridge, the question of ownership and as to whether or not it is a county bridge has been a subject of discussion.

It will be remembered that the bridge was erected conjointly by the Dominion Government, the Provincial Government, the township of South Monaghan, as a municipality and by private subscriptions from residents thereof, as well as by a special grant from the Town of Peterborough and donations from citizens, who were interested. Subsequently grants were also made by the united counties of Durham and Northumberland and by the county of Peterborough.

For several years payment for attending to the swing was made through private subscriptions largely paid by the residents of South Monaghan, but for two years the bridge has been swung by Mr. Smith without pay and now, through his solicitors, Messrs. Denniston, Peck & Stevenson, he sues the united counties of Durham and Northumberland, the county of Peterborough and the township of South Monaghan, for the amount claimed to be due him.

The case came before His Honour Judge Weller, this morning at a special sitting of the County Court.

Mr. W. A. Stratton appeared for the county of Peterborough; Mr. Holland of Cobourg, for the united counties of Durham and Northumberland and Mr. Geo. Edmison, for the township of South Monaghan.

Mr. Geo. Edmison took objection to evidence being adduced, which would tend to fix the liability for the maintenance of the bridge on any municipality, holding that this was a question, which could only be decided by arbitration or an appeal to the High Court.

Judge Weller held that the point was well taken and decided that the case should be tried at the June sittings of the High Court.

An endeavour is being made to hold a conference of the parties interested in the bridge with the object of amicably arranging the claim.

LAKEFIELD WEDDING.

Nuptials of Miss Minnie Graham and Mr. Wm. A. Payne of Dummer

On Tuesday evening last an interesting event took place at the residence of Mrs. M. Graham, when her third daughter, Minnie, was united in marriage to Mr. William Alford Payne, of Dummer.

The ceremony was performed by the Rev. A. C. Reeves, B.A., in the presence of the immediate friends and relatives of the contracting parties.

The bride, who was attired in a charming wedding costume, was assisted by her sister, Miss Isabel, while the groom was supported by his brother, Mr. R. Payne.

After the ceremony the assembled guests sat down to a sumptuous wedding dinner, the evening then being spent in a pleasant social manner.

The bride was the recipient of many handsome and valuable presents. The happy couple will take up their residence in Dummer, followed by the best wishes of a large number of friends.

PERSONAL.

Mr. J. A. Sutcliffe is in Toronto on a business trip.

Mr. W. A. Sanderson is at Stoney Lake for a few days.

Mr. W. Atchinson, bookkeeper for the Geo. Matthews Co. has recovered from a several week's illness.

Mrs. S. Nelson of Lakefield, has returned from an extensive visit in Toronto, Niagara and Rochester.

Mr. Chas. D. Crawford, Rathbun Co. auditor left town yesterday after having finished his duties at the local branch.

Mr. and Mrs. W. C. Wright, of Toronto, spent Sunday in town with the latter's parents, Mr. and Mrs. Joseph Jones, Stewart street. Mr. Wright went east Monday morning, but Mrs. Wright will remain in town for the balance of the week.

Dominion Alliance Appeal.

Toronto, May 2.—The executive committee of the Dominion Alliance has issued an appeal asking its friends to support the plan adopted by the legislation committee, composed mainly of members of Parliament favorable to prohibition, by which the provinces at general elections may vote separately for a provincial prohibitory law.

Manitoba Seeding Backward.

Winnipeg, May 2.—Seeding reports yesterday indicate backwardness on account of cold and rain. Only about 20 per cent. of the wheat crop is in. This is much below what was anticipated.

The Conservatives are daily bringing out candidates for the provincial elections. E. Lynch for Lakeside and George Lawrence for Killarney were nominated Saturday.

Good Roads for Hamilton.

Hamilton, May 2.—The City Council has passed the second reading of the good roads bylaw, which proposes to spend $75,000 a year for two years for good roads. It will now go to the people.

As a first installment of cheapening the cost of electric lighting, the Cataract Power Co. has submitted a proposition to Council which will save $2,500 on the present street lighting of the city.

The $20,000,000 Paid Over.

Washington, May 2.—Yesterday morning Secretary Hay transferred the drafts for $20,000,000 to be turned over to the Spanish Government through Ambassador Cambon, according to the terms of the peace treaty, to the latter gentleman, who handed Secretary Hay a formal receipt, which had been already prepared.

Action Against the G.T.R.

Toronto, May 2.—Suit was yesterday entered on behalf of Merritt Wallace Sloan, a Grand Trunk Railway mail clerk, against the company, for injuries sustained in the Murray Hill accident. It is claimed that insanity resulted.

"'Tis Worth a Bag of Gold."

This applies to nothing better than the glorious Spring time that moves all verdure to life and brings around the day when all humanity can have an opportunity to cleanse their blood and thus put into operation all the health and vigor that is possible. Everybody naturally turns to America's Greatest Spring Medicine, Hood's Sarsaparilla, to prepare themselves for the joys and pleasures of summer. *It never disappoints.*

After Fevers — "My little girl took Hood's Sarsaparilla after scarlet fever and it made her well and strong. Since then I have given it to all my children as a blood purifier. It is a priceless panacea in my family. Hood's Pills have also proved of great benefit to me. I would not be without these medicines." MRS. TYLER, 56 Winchester Street, Toronto, Ont.

After Grip — "The grip left me very weak. Three bottles of Hood's Sarsaparilla built me up. I now weigh heavier than before my illness. I recommend Hood's Sarsaparilla to all who suffer from weaknesses of the body." ALFRED SMITH, 23 Bank Street, Toronto, Ont.

Out of Sorts — "Had no appetite, could not sleep, was out of sorts. Had trouble with my kidneys. Since taking Hood's Sarsaparilla have good appetite, sleep soundly and enjoy better health." MRS. MARGARET BIRD, 582 Bethune Street, Peterboro, Ont.

Strength Builder — "Myself, wife and children have taken Hood's Sarsaparilla and it strengthened us. It relieved me of a lame back." DAVID MCGREGOR, caretaker, Colt Institute, Galt, Ont.

Blood Purifier — "I have taken Hood's Sarsaparilla and find it beneficial for myself and baby. It purifies the blood and strengthens the system." MRS. HENRY WALS, Clinton, Ont.

Scrofula — "Hood's Sarsaparilla has cured me of scrofula. I was weak and debilitated but it made me strong and well. After a severe cold had catarrhal fever. Again resorted to this medicine and it cured me." SARAH E. DEROY, Annapolis, N. S.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Daily Examiner.

TUESDAY, MAY 2, 1899.

OUR OTTAWA LETTER.

(From Our Own Correspondent.)

Ottawa, April 29.—The recurrence of the festival of St. George this week has afforded an appropriate opportunity for many demonstrations of loyalty to the Empire and a display enthusiasm towards the various projects that have been suggested, through which Canada might be enabled to participate in the general scheme of Imperial defence. In this city for instance at the annual dinner of the St. George's Society, which by-the-bye was the most largely attended in the history of the Society, the proposer of the toast of the Army and Navy, declared amid much enthusiasm that Canada was not doing anything like her share towards defraying the cost of the national defence, and Major-General Hutton, responding to the same toast, emphasized very strongly the truth of the assertion by showing that Canada only pays 52 cents per head of population, for defence purposes while Australian colonies pay 61 cents, and Great Britain $4.94 or over a pound sterling per head. He might have still further "rubbed it in," by pointing out that even the small amount that Canada does pay is entirely for local defence, while the army and navy supported by the Motherland is as much for the protection of Canada as it is for the Tight Little Island herself.

Will do Better in the Future.

Very appropriately, followign these remarks, came the announcement that the estimates just brought down that same evening in Commons provided considerably increased appropriation for the benefit of the Militia, and to cap it all Sir Mackenzie Bowell speaking for the Opposition declared that whatever the increased amount might be that the Government should ask for defence purposes, there would be no Conservative opposition thereto.

In other cities also the same sentiments prevailed, as for instance in Toronto, where President Cockburn of the St. Andrew's Society declared that we would make a substantial construction towards the Imperial defence. Canadians are fond, he said, of boasting of the proud position of the empire but was it fair to allow the humble chimney sweep in London to pay fro their protection? In their larger conception of greater England Canadians should endeavour to impress upon the Dominion authorities and the Home Government as well, the necessity of adopting such a policy as would make Canada the source of Britain's food supply and so render Mother country independent of any hostile combination.

Fraternal Insurance.

The Minister of Finance has brought down the bill for the better governing and regulating of Fraternal Societies, which was promised last year when the Sons of England Incorporation bill was before Parliament. The provisions of the bill, closely follow those embodied in the act granted the Ancient Foresters last session, and the compulsory adoption of such a measure of security by all fraternal organisations, will safe-guard the interests of the orders. The various friendly societies are closely watching the course of events, and it is anticipated that a conference of representatives of the Canadian orders will be held in Ottawa very shortly to review the situation.

Hitherto Unheard *of.*

A couple of weeks ago the Mail-Empire undertook to remark: "Mr. Sifton is above all things a practical politician with an eye to the main chance. His appearance in the Manitoba arena was the signal for an exhibition of hitherto unheard of nepotism, etc." Half a dozen times since this appeared, the Globe and other Liberal papers have demanded of the Mail the names of those relatives that it charges Mr. Sifton with unloading on the country. Up to date there has been no response, and presumedly the explanation of this is is in the unheard of. This is a characteristic of Opposition charges these days and especially those appearing in the Toronto organ; indeed most of them are not only "hitherto," but "hereafter" unheard of, also.

Statutory Increases.

The discussion of the estimates is once more seized upon by the Opposition as an opportunity to pose as the champions of the down-trodden civil servant. With a fine show of indignation Mr. Foster and his colleagues demand reasons from the Government why the statutory increases, which for years were indiscriminately granted, have been partially suspended, and only awarded in recognition of faithful service and conspicuous merit. The farce is a hollow one, for during the years that Mr. Foster was in power there was no practical evidence of this extreme solicitude for the welfare of the service, and when the whole business was gone into last year the government so thoroughly justified their position and demonstrated how their policy would save hundreds of thousands of dollars to the country and injure no deserving employee, that the Opposition must have remarkably short memories if they imagine it necessary to go over the whole business again.

The Plebiscite.

The official returns of the plebiscite, which have been brought down in the form of a blue book, would appear to still further strengthen the position taken by the Government, for while the actual figures appear to show a majority of nearly 14,000 favourable to prohibitoon, there have been certain errors and miscalculations discovered, which, if rectified, bring the legitimate majority down to little more than 12,000. It is interesting to note also that in the general election of 1887, 30 per cent, more voters cast ballots than voted in the plebiscite, while in the elections of 1891 and 1898 the figures were respectively 85 per cent. and 50 per cent. more than voted on September 29th last. All of which would go to show that the Government did not make much mistake when they decided that the mandate of the people was not pronounced enough to demand action.

The Alleged Exodus.

Several Conservative papers have given grossly exaggerated accounts of the French-Canadian exodus to the New England states this spring. As a matter of fact, large numbers are constantly going and coming, but the "exodus" proper is no larger than any other years. The Independent, of Fall River, Mass., referring to this says: "The exodus of French-Canadians is not as considerable as the Minerve and other Conservative papers say. Fall River, which has a French-Canadian population of 52,000, is one of the cities where the emigration of our countrymen is directed by preference, and yet this spring—we affirm it after having obtained information from the best sources—there have arrived here very few French-Canadians outside those who returned to their native country during the Spanish-American war. We may add that news received from Lowell, Manchester, Holyoke and Worcester is almost to the same effect."

To Prevent Election Frauds.

If the proposal which is embodied in a bill brought before the House by Mr. Britton, Liberal member for Kingston, finds favour with parliament, voters at the next general election will have a chance to test the famous Macdonald voting machines. These devices are declared to be simple, but thoroughly effective, making the act of recording the individual vote, counting the total ballots and summing up the final results simple, expeditious and absolutely accurate. In fact, according to the claims of its advocate, it will be practically impossible to perpetrate any of the usual frauds which are alleged to accompany most elections, and if the learned member from the Limestone City can satisfy the house that his claims are well founded there is not likely to be much hesitation in adopting his suggestions.

CONDUCTOR H. HOGG.

AND HIS DEADLY STRUGGLE WITH A VICIOUS ENEMY.

Diabetes was Getting the Victory over him when he Began to Use Dodd's Kidney Pills—Then the Tide Turned and he was Saved.

Toronto, May 1st.—Still another member of the staff of the Toronto Street Railway comes forward to testify to the unequalled efficacy of Dodd's Kidney Pills, in cases of Diabetes. This time it is Mr. H. Hogg, Conductor No. 207, residing No. 81 Fuller street who tells his story.

Here is what he says: "Diabetes kept me in continual misery, and nightly agony for three years. My blood got so impure that I thought I could never get it restored to its natural purity. I was tortured by dizziness, which grew to such an extent that I had to quit work. I lost flesh and strength rapidly, and, in short, I thought it was 'all up with me.'

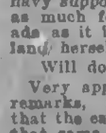
"I used different remedies, but got no good from any of them, until a friend recommended Dodd's Kidney Pills.

"I had no idea they would help me, as I had been disappointed so often, but I decided to try them. The first box gave me wonderful relief. The dizziness vanished, and my head became as steady as ever it was. Three boxes completed my cure, and to-day I am sound and well, thanks to Dodd's Kidney Pills.

The best way to ascertain the real merit of Dodd's Kidney Pills is to test them. There can be no deceit then. They either will cure or they will not. A trial costs very little, and it will settle all doubts for a time.

Dodd's Kidney Pills are sold by all druggists at fifty cents a box, six boxes, $2.50, or sent, on receipt of price, by the Dodd's Medicine Co., Limited, Toronto.

Before After **Wright's Phosphodine,**



The great English Remedy. Sold and recommended by all druggists in Canada. Only reliable medicine discovered. Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in the back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man I know they saved my life, and robbed the grave of another victim," no one should fail to try them. Only 50c., guaranteed at Jas. Lynch's Drug Store.

Hairene for the Hair

Put Your Finger on Your Pulse

You feel the blood rushing along.

But what kind of blood? That is the question.

Is it pure blood or impure blood?

If the blood is impure then you are weak and languid; your appetite is poor and your digestion is weak. You cannot sleep well and the morning finds you unprepared for the work of the day. Your cheeks are pale and your complexion is sallow. You are troubled with pimples, boils, or some eruption of the skin. Why not purify your blood?

Ayer's Sarsaparilla

will do it. Take it a few days and then put your finger on your pulse again. You can feel the difference. It is stronger and your circulation better. Send for our book on Impure Blood.

If you are bilious, take Ayer's Pills. They greatly aid the Sarsaparilla, They cure constipation also.

Write to our Doctors.

Write them freely all the particulars in your case. You will receive a prompt reply, without cost.

Address, DR. J. C. AYER, Lowell, Mass.

DEADMAN'S ISLAND CAPTURED.

Officers of the B. C. Government Have Taken Possession of It.

Vancouver, B.C., May 2.—Deadman's Island taken possession of by the Provincial Government is the latest sensation in connection with that much-talked-of affair. Timber Inspector R. J. Skinner yesterday afternoon took charge of the island in obedience to a telegram from Hon. F. C. Cotton, chief commissioner of lands and works. He had a special constable sworn in, and together they formally took possession, for the Government of the province, of the island that is claimed by the city, as well as the Dominion, and also by Mr. Ludgate. The guard was placed in charge at the end of the bridge, and has orders not to allow any trespassing, and to retain possession of all the timber on the island. The guard carries a notice on his person to this effect and will strictly enforce its provisions.

ENGINEER GRAHAM,

Of Montreal, Cured by Dodd's Kidney Pills.

Montreal, April 24.—Proof positive and convincing has already been given in Montreal that Dodd's Kidney Pills are the only sure cure for diabetes. And day after day fresh evidence comes to light to make the proof more emphatic and convincing.

Engineer James Graham, 54 Victoria Square, says: "I suffered with Diabetes for six years. One of our best doctors told me I could not be cured.

"I read of Dodd's Kidney Pills and decided to try them. Three boxes made me well, and I have not suffered from Diabetes since."

Such cures as this prove the efficacy of Dodd's Kidney Pills.

Guilty on Seven Charges of Forgery.

Montreal, May 2.—The Grand Trunk forger, Herbert C. Eaton, was caught by Detective O'Keefe in Albany, N.Y., and returned to this city.

Before the Police Magistrate yesterday he pleaded guilty to no less than seven charges of forgery, of the names of Thomas Young, A. C. Stanger, T. Young, J. Clark, J. Conrad, J. Acton and D. Sheehan. Eaton became possessed of the cheques from a messenger of the Central Vermont line, and forging the names of the men for whom they were intended, cashed one and skipped with the others. The cheques had a face value of about $350. He has already served two months in jail for theft.

He Rescued Six Fishermen.

Blackwoll, Ont., May 2.—G. T. R. Operator F. W. McCordle of this place bravely rescued six fishermen, A. West, H. West, A. Paradis, L. Eveland, E. Wilson and W. James, from a perilous position on Lake Huron, half a mile from shore, yesterday. They were driving poles, preparatory to putting in nets, when a violent storm sprang up, taking away their boat, leaving them nothing but a small raft, to which they clung for several hours, until rescued as stated.

That Throbbing Headache

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents, money back if not cured. Sold by Jas. Lynch, Druggist.

Advertise in The Examiner.

Nos. 1 and 2 sold in Peterborough by H. H. Edmison, Druggist.

ORDER OF BUSINESS.

Sir Wilfrid Laurier Announces the Government's Program.

SOME IMPORTANT MEASURES.

The Delivery of the Budget Speech and the Debate Thereon—The Pacific Cable—The Drummond County Railway—The Redistribution Bill—Proceedings in the House on Monday.

Ottawa, April 3.—Before proceeding with the orders of the day in the House yesterday, Sir Wilfrid Laurier made the announcement respecting public business which he promised on Friday last, in reply to a question by Hon. Mr. Foster, as follows: "I shall now give to the House the information asked for on Friday last by the hon. member for York, N.B. (Mr. Foster), with reference to the business of the House, that is to say, in so far as Government business is concerned. To-morrow (Tuesday) my hon. colleague the Minister of Finance (Mr. Fielding) will deliver the budget speech, and after the debate on that speech has been exhausted the Government will proceed with the two resolutions on the order paper, namely, the Pacific cable and the Drummond County Railway purchase. The measures still remaining to be introduced are, first of all, the Senate resolution, of which the House has already had notice, and the redistribution bill, and also certain resolutions in aid of railways and the supplementary estimates. In addition to these there may be one or two other matters of minor importance, but still of some moment, which may be introduced. All these measures I have announced, and even those I have not announced, will be introduced before the business now before the House has been completed."

Bills Introduced.

Mr. Guillet introduced a bill respecting the Cobourg & Northumberland Railway Company.

Mr. McAllister introduced a bill to incorporate the Canadian Mutual Benefit Advertising Company, Limited.

Sir Louis Davies having said that the report of the lobster commission had only been just received and was in the printer's hands, and that as soon as it was printed it would be distributed, Mr. McInerney urged that if the report was to be acted on at all it was important at this season of the year that it should be acted on promptly.

The act to confirm an agreement between the Canadian Pacific Railway Company and the Hull Electric Company was read a third time and passed, being the first bill to be passed by the Commons.

The bill to incorporate the Canada Permanent & Western Canada Mortgage Corporation, and the bill relating to the Canada Life Assurance Company, were read a second time and referred to the committee on banking and commerce.

The bill respecting the Great Northwest Central Railway Company was read a second time and referred to the railway committee.

In reply to a question by Mr. Monk with respect to the suppression of lotteries, Sir Wilfrid Laurier said the Minister of Justice was preparing some amendments to the criminal code and one of them would deal with the lottery question.

The Minister of Militia, in reply to Mr. Robertson, said that officers of the Royal Canadian Artillery, who had been sent to England for instructions, had not passed any qualifying examination, but would have to pass an examination at Woolwich and Shoeburyness.

The Minister of Railways and Canals, in reply to Mr. McInnes, said the Canadian Pacific Railway Company did not submit to the Governor-General in Council for approval and revision the rates and tolls on the Crow's Nest Pass branch.

Canadians for Imperial Service.

Col. Sam Hughes moved the following resolution: "That in the opinion of this House, having in view the growth and development of Canadian trade, the assisting to perfect the union of Great Britain and her colonies and the maintaining of the commerce, prestige and integrity of the British Empire, Great Britain should be given authority to enroll a brigade of Canadian officers and men for the Imperial service abroad, and that Canadian seamen should be afforded the opportunity of serving in the British navy."

Col. Hughes, after quoting authority to prove that there was nothing incongruous in a military officer in Parliament criticising the administration of the military department of the Government, went on to say that his scheme was to have Great Britain enroll some 5,000 men in Canada to serve five or seven years, the soldiers to be paid by Great Britain, but to receive from Canada on their discharge 160 acres of land each, and an outfit to enable them to start farming. It was not his expectation that the matter would be adopted immediately by the Government, but the resolution would serve to arouse interest in the proposal and lead to the adoption eventually of some such plan, and the result could not fail to be a strengthening of the bonds of union between Canada and the Empire. It would perhaps be argued that this was encouraging a jingo spirit, but he believed in the jingo spirit. After further remarks on the military situation generally, he said there could be no doubt of the loyalty of Canadians to the Empire, for, a few years ago, when trouble with Russia was threatened over the Afghanistan frontier, and he had offered the service of a Canadian regiment for service, 100 officers and over 2,000 men volunteered. He was sure if his project were taken up, thousands of Canadians would again volunteer for the defence of the Empire. In closing, he paid a high tribute to the worth of soldiers as settlers, instancing the properous communities in Glengarry and in Nova Scotia founded by disbanded soldiers.

Col. Hughes withdrew his motion at the request of Dr. Borden.

Against the Military Spirit.

Dr. Sproule opposed the motion. He held that when it was expected to have men become soldiers for six or seven years and then return to industrial pursuits a great mistake was being made. His experience was that old soldiers were not by any means good settlers. He did not approve of encouraging the military spirit in Canada.

Mr. Ellis (St. John) pointed out that the British authorities can now recruit in Canada, and Canadian sailors can serve in the British navy.

Object of the Militia System.

Dr. Borden, Minister of Militia, admitted Mr. Ellis' argument that British regiments can recruit in Canada, and remarked that a general order to that effect had recently been issued. He differed from Dr. Sproule as to the undesirability of old soldiers as settlers, but coincided in his opposition to the encouragement of the military spirit. The whole object contemplated by our militia system was to be able to defend ourselves in case of attack, and to aid the civil power of this country in case of trouble within our own borders. He did not think we should look beyond that. We had enough to do at the present time to perfect our militia system.

Encouraging Riflemen.

Col. Hughes then moved that in the opinion of this House the best interests of the active militia would be advanced were the Government annually to grant transportation to, and entrance fees for, the matches of the Dominion of Canada Rifle Association, to two men or more, not previously prize winners in the said matches, from each battalion or similar unit of other arms of the active militia of Canada.

The Minister of Marine and Fisheries thought they should aim at securing greater efficiency in collective marksmanship, rather than in making proficient individual marksmen, stating he was supported in this view by Major-General Hutton.

The Minister, of Militia and Defence approved of the principle of the motion, but suggested that Col. Hughes might be content after that discussion to leave the matter in the hands of his department and to withdraw his motion.

Col. Hughes said he should not have put his motion on the paper at all had he access to Major-General Hutton's report on the subject before the House opened. Motion withdrawn.

The Turner Dismissal.

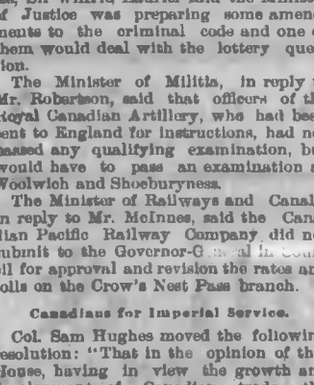
Col. Prior moved for petitions and other papers with reference to the dismissal of the Turner Government by Lieut.-Gover McInnes. Carried.

Wanted a Census.

Mr. McInnes moved for an address to His Excellency, praying that he may be pleased to request Her Majesty's Imperial Government to amend "The British North America Act, 1867," so as to provide that the next general census of the population of Canada be taken in the year 1900, and that each subsequent census be taken every ten years thereafter. He spoke at some length in support of his motion, claiming that great injustice would be done to British Columbia and the northwest if a redistribution bill was introduced this year, based on the old census, as the population of that part of the Dominion had increased wonderfully in the last ten years.

Sir Wilfrid Laurier said there might be some inconvenience if the census were to be taken in 1900, instead of in the year 1901. No doubt they would thereby be enabled to make a better show at the Paris Exhibition. They would be in a position to show the undoubted advances made by this country during the last decade. That was a reason, perhaps not a very strong reason, why it should be a matter of convenience as to the next election and a redistribution act. Perhaps the members of the House might agree to have a redistribution act, and if the next elections must take place at a date perhaps not very far distant, the ends of justice would be largely met by such a census, but he had an inscrutable objection to the proposal contained in the motion. He was strongly of opinion the constitution should not be amended without an overwhelming case, not only a strong case but an overwhelming case. He hoped it should be regarded as a matter of the strictest duty of all Canadians to maintain our constitution, so far as it could be maintained, in its entirety, and only to mend it when a great wrong would arise were it not mended. The motion was negatived.

The House adjourned at 11 p.m.



Dressy Men.

You have noticed that successful men are dressy men and that the hat is the finishing touch in the matter of correct dress.

Our specialty is dressy hats for all men. If you want a silk one, we have them in this season's graceful shapes for $4.00. Soft or stiff hats to suit your taste.

The Truly Magical Effects of DIAMOND DYES Astonish and delight All Women.

Diamond Dyes are home favorites in every part of the civilized world for colouring silks all wool goods and cotton and and mixed fabrics.

Diamond Dyes have long ago established a perfect record for sure and faithful work. Every colour of the Diamond Dyes produces a shade that is marked as full, clear and rich, equalling the colours produced by the best European professional dyers.

Ladies will do well to bear in mind that there are special Diamond Dyes prepared for dying silk and all-wool materials, and specially prepared colours are made for the dyeing of cotton and mixed goods.

Carefully shun all dyes that pretend to colour all-wool, silk and cotton and union goods with the same dye; such dyes are always failures.

Our Direction Book and Card of 48 colours should be in the hands of every women who desires success in the work of home dyeing. Sent free to any address by Wells & Richardson Co., Montreal, P.Q.

"Fitted with Dunlop Tires" helps to sell them.

Second-hand Bicycles bring more money when they are fitted with **Dunlop Tires**—an important point for buyers.

Here is a sample advertisement from the Evening Telegram of recent date.

BICYCLES.—Clevelands, Crescents, Antelopes, Regents, Leaders, Stearns, Reliance, Hyslops, 28-inch frame Challenge, Kay; your choice at prices ranging from $12 to $23 each; these are not old, worn-out livery wheels, but all are in first-class shape, **nearly all have Dunlop Tires**, and never in my store before 4 p.m., the 20th; don't fail to see these; also full line latest bicycle sundries at popular prices. Munson's, 183 Yonge.

"THE ONLY TOOLS YOU'LL NEED"

If you want to sell your wheel don't forget to state "Dunlop Tires."

If you want to buy a wheel don't forget to insist "Dunlop Tires."

Save Repair Bills

IN the purchase of a Typewriter do not lose sight of the fact that many machines are poorly and cheaply constructed and demand frequent repairs.

C. G. GEMMELL Wholesale and Retail Manufacturer of Corsets, Blouses, Skirts & Ladies' Furnishings.

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1898 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. **Organs of every description at Wholesale Prices.**

Big Bargains now on hand in slightly used Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

W. E. GREEN, Box 714, Peterborough, or Octavius Newcombe & Co., Toronto.

Making Things Hum at Gough's.

Gough Bros.' prices just now for Spring Clothing actually border on the Sensational!

Only through command of such power as we possess by our Syndicate are such prices made possible in Peterborough.

By our prodigious buying at the **Doull & Gibson** sale and from **E. A. Small & Co.**, the wealthy wholesale clothing makers, of Montreal, we own stocks to-day which were purchased and laid down in our stores in Peterborough **cheaper** by from 15 to 20 per cent. than those wholesale makers sold to retail dealers.

Common sense reasoning, therefore, ought to convince you that we control **better** Bargains by far than ever the makers of Clothing themselves.

Buying right in the factory, as we do, our prices are shorn of the wholesalers' profits, the travellers' salaries and other heavy expenses.

You simply pay us one small profit as a turn-over.

Figure it up! Look into the matter! Attend our great Combined Double Header Sale, now in full blast, and be winners with us.

The largest stock of Men's, Youths' and Boys' Spring Clothing to select from.

Half Prices for Whole Suits is making things hum at Gough's.

LOCAL NEWS

Attempted Suicide.

It is said that a well-known young man in the north end last evening, while under the influence of liquor, endeavoured to commit suicide. He ran into the river in the vicinity of the Auburn Woolen Mills, and with many protestations declared that he was going to end his life. A number of bystanders interfered and he was dragged out more dead than alive.

The Baby's Outing.

Time now for the baby to begin taking its outing—time to think about buying that carriage—for the mother's sake as well as baby's. When the subject is up for consideration give "The Peterborough Bookstore" a hearing. This is where you are likely to find a carriage that in style and finish and quality and price will justify you in making your selection. Will agree to give you back your money if you find you might have done better elsewhere.

Masonic Preferment.

A short time ago the Most Worshipful the Grand Master of the Grand Lodge of Canada in the Province of Ontario was pleased to recommend the name of R. W. Bro. Harry Rush, of Peterborough Lodge, A. F. & A.M., Grand Junior Warden, as representative to the Grand Masonic Lodge of the State of Wisconsin, in paternal relation with the Ontario Grand Lodge. It will afford pleasure to the many friends of Bro. Rush to know that he has received official notification of his appointment by the Grand Lodge of Wisconsin as the duly credited Canadian representative.

Enclosed with the official notice of his appointment from J. J. Mason, Grand Secretary, was the official commission issued by the Grand Lodge of Wisconsin. The commission is an ornate document, duly certified under the seal of that grand body. The special honour which it confers upon Mr. Rush will be a source of pleasure to his numerous friends, as well as a Masonic mark of preferment which is highly appreciated by himself.

ANNUAL MEETING OF THE PUBLIC LIBRARY.

REPORTS SUBMITTED FROM THE DIRECTORS.

Election of a New Board—Suggestions Made in Reference to the Library—Annual Statistics.

The annual meeting of the Peterborough Public Library Board was held in the men's reading room at the library last evening, at 8 o'clock, Dr. Burnham, the president, was in the chair. He announced that in future the annual board meeting would be held on the second Monday in January to comply with recent regulations passed by the Government. The members in attendance were Dr. Burnham and Messrs. J. Corkery, T. A. S. Hay, Wm. H. Hill, Jas. English, R. Robertson, H. S. Macdonald and others. The report of the board was read and approved as follows:

Annual Report of Peterborough Public Library.

To the members of the Peterborough Public Library:

Your Board of Management beg to present the following report of the library and its progress during the year ending April 30th, 1899.

The attendance in the reading room continues to increase year by year and quite frequently all the seats in them are occupied. Very few changes have also been made during the year in the magazines and periodicals taken for use in the rooms, as those we have are so numerous and so varied as to suit most if not all our members' tastes. There are numbers of persons who are not members but who pay frequent visits to the rooms. Your board would suggest, in reply to many compliments paid to them that more than compliments are required to keep these rooms in their present condition.

The subject of Technical Instruction is fast becoming one of the leading questions of the day and while your board have either the means nor appliances to give manual training, we have for many years done all that lay in our power for mental technichal instruction. Your board, have, at considerable expense, fitted up a fine class room with suitable tables, seats, blackboards, etc., and the room, when in use, is well warmed and lighted. We have also employed a well qualified teacher, Mr. W. J. Francis, a graduate of the School of Practical Science, and in addition, we have made the fees so low that there is no excuse for any young man who wishes to move to the front rank in his trade for failing to make use of such a good opportunity. The class in mechanical drawing has just closed its season for the present and while we highly commend the members for their diligence and regularity in attendance we think that in the small number attending—only 13—we have just cause of complaint against the young men of the town for the slight appreciation shown for our efforts in their behalf.

At the beginning of our financial year the number of books in the library were 8,522 volumes since that time the large number of 318 volumes has been added. The following list shows the number of volumes in each class, the number added to each and the number of each issued to the members during the year.

	No. of vols.	New this year.	Issued.

	$1193 14

Examined and found correct.

J. Crane and A. Stevenson, Auditors.

The following report of work done in the classes during the winter was submitted.

To the Library Board.

The classes in machine drawing have been carried on during the past season. The number of pupils was fourteen and the attendance was very good. The class sustained a loss of one member, Mr. H. J. Burns by death on January last. This past season a departure was made in creating two classes—a senior and a junior—thus allowing the more advanced students to pursue their drawing without interruption from lectures and at the same time permitting the new students to take up work directly suited to their needs.

Last year the pupils did very well at the examinations of the Education Department, obtaining altogether five certificates in machine drawing. This standing is excellent, considering that no other pupils of Public Libraries succeeded in obtaining a certificate. The Hamilton Art School obtained the same number as our class, other art schools obtaining a smaller number.

At the examinations held a few evenings since, we have reason to believe that our pupils have acquitted themselves even more creditably.

W. J. FRANCIS.

The report was adopted.

The Board of Management was as follows for the ensuing year: Dr. Burnham, W. H. Hill, T. A. S. Hay, H. S. Macdonald, T. M. Richardson, J. Corkery, J. S. Knapman and James English.

GRAFTON & CO. BARGAIN DAY THURSDAY.

Only 25c a box. Cure guaranteed. Sold by Jas. Lynch, Druggist.

PARE AND HOLDEN ESCAPE FROM JAIL.

THE NAPANEE BANK ROBBERS TAKE FRENCH LEAVE.

Pare Uses a Skeleton Key and Helps Holden to Liberty—The Chief Witnesses against Ponton out of the Way, unless Recaptured—No Nightwatchman Employed.

Napanee, Ont., May 2. — Pare and Holden, the Napanee bank robbers, escaped from the gaol here last night. The job evidently was done by Pare. By means of a skeleton key he unlocked the door of his cell, and then going up stairs to the corridor where his chum was confined he opened the door of the latter's cell, the two then proceeded to the door leading to the gaol yard. The lock of this door Pare evidently could not pick, as he had pried it open with a piece of bar torn from the steam heating fixtures. Getting into the yard the men piled cordwood up against the twenty-foot wall and then climbing up let themselves down by means of a rope made of their bed clothes. The time of their escape is unknown. The gaol had no night watchman.

THE REV. MR. CROSSLEY DISAPPROVES.

In the report of the interview with Mr. Marks as appearing in yesterday's Daily Examiner with reference to the action of the Chief of Police in preventing at the request of the Ministerial Association the presentation of the "Passion Play" in the Opera House Sunday afternoon. Rev. Mr. Crossley is reported by Mr. Marks as having expressed to Mr. Marks his approval of the exhibition, but as a matter of fact Rev. Mr. Crossley says that he was opposed to the practical breach of the Lord's Day involved in the presentation of an exhibition for the ostensible purpose of making money. Mr. Crossley says that while some features of the entertainment are satisfactory, he could not give his approval to the production as a whole. He did not consider that the pictures were true to the line of Scriptural teaching.

House-Cleaning

Will be the occupation of the Majority of Peterborough Ladies this week.

Couldn't we make a few Economical Suggestions to help you beautify your home at this important time?

What about a new Carpet for the parlour? Wouldn't it be both economy and a great deal better looking to take the old parlour carpet that has done service so long, and use it, instead of some of the new bed room carpets you had thought of getting for the upstairs, when you can buy it tor the same money?

1000 yards 4 and 5 frame Brussels, all the newest patterns, and the colours are Greens, Reds, Fawns, Browns, Terra Cotta and Blues. The regular price was $1.10, $1.15 and $1 25 per yard. Your choice per yard 1.00

900 yards extra good Brussels Carpet, the patterns and colours are good. Former price was 90c and $1, our special price per yard .75

English Wilton Carpets—We have an elegant assortment to select from in all the rich dark and light shades, and the patterns are the best that can be bought. Special price per yard 1.25

1500 yards of our best quality Tapestry Carpets in all new colours and patterns. Special price per yard .65

We have an immense assortment of Tapestry Carpets at 25, 30, 35, 40, 45 and 50c per yard, and the quality, patterns and colours are the best that can be bought. See them whether you buy or not.

2 and 3 ply all wool Carpets—we have the choice of the mills' production, and the prices for 3 ply 90c and $1 per yard, and for 2 ply 60c, 75c and 85c per yard.

Don't buy a union Carpet before you see the values we are showing at 25, 30, 35, 40, 45 and 50c per yard.

Hemp Carpets with floral patterns, 33 inches wide, special price per yard .13

Plain striped Hemp Carpet, 30 inches wide at 8c and 10c per yard.

WHAT ABOUT MATTINGS?

Japanese Mattings, aren't they the proper thi if you're bound to have new coverings for the bedrooms? We have an enormous range—lovely patterns, lovely qualities and little prices. And they are so sweet and clean, just the thing for health and economy. See our assortment of Japanese Mattings at 10, 12½ 15, 25, 30, 35, 40 and 50c per yard.

WHAT ABOUT CURTAINS?

There never was a time when you could buy Curtains to the same advantage as you can to-day. Lovely Lace Curtains! No one need be without them at our prices. They're about one-half regular prices.

200 pairs Nottingham lace Curtains 37 inches wide 2½ yards long, special per pair .39

150 pairs Nottingham Lace Curtains, 50 inches wide 3½ yards long, special, per pair 1.00

225 pair Nottingham Lace Curtains, 53 inches wide 3½ yards long, with patent lock-stitch corded edge, special at per pair 1.50

25 pair Swiss Net Curtains, our special prices $3, $4, and $4.50 per pair. See them.

6 only, Chenille Portieres, 42 inches wide, 3 yds long, per pair 3.75

100 yards Swiss Net for Sash Curtains, per yard only .25

TUESDAY. MAY 2, 1899

THE STREET RAILWAY COMPANY'S OFFER.

To the Editor of the Examiner:

The bankrupt Street Railway Company is asking the town to take off their hands the thing that bankrupt them or to lend them $10,000, which the town will never see again, for the only security offered for the loan is the thing that ruined the company.

The street railway has been a nuisance from its inception. It put the town to over $10,000 expense on the streets; it has caused many accidents and the cars on George street were a perpetual nuisance.

For that nuisance what compensating advantage was given? People living within half a mile of the centre of the town wont use it. The people who live beyond half a mile are very few and only some of them will use it.

It is suggested that the railway be run down to the river and to Jackson Park. What for? Why to enable people to spend more money in luxuries—not to give labour, not to increase the industries in the town—not to increase the earning capacity of the citizens but to enable them to spend more of their money.

Between bicycles and various schemes of life insurance the young people no longer think of saving money to buy homes. The Council seems very anxious to devise schemes for spending money, but what is being done to establish industries? Every year there is an increased burden of taxes laid on, property is now so mortgaged to the town that every fourth dollar of rent is taken by the town. Sewers, granolithic walks, increased expenditure everywhere, and now the Councillors are pining to own a street railway. Belleville, Prescott and other towns of the size of Peterborough have them on hand. They are like the old washing machines,—lying at the back door. They can be had for the asking. I notice that the members of parliament all have free passes on the railway—by way of securing their independence I suppose. Won't the Councillors and all their wives' relations have a good time if only the town owns a street railway.

And the scheme of buying out the Grand Trunk line to Lakefield and running it by electricity! Surely the hatcher of this scheme has a bee in his bonnet. The Council will next want a line of steamers on the back lakes—like the C.P.R. and the Pacific squadron, you know. Whither are we drifting? Surely it is time some one would examine the bumps on the heads of the Councillors—or is it since they have been called Aldermen that they have broken out this way? Watch them, citizens, there's something wrong.

SENEX.

THE SHOE PINCHES!

Wall Papers Sold by C. B. Routley the Cause.

Whenever you find a firm resorting to running down every other man's goods but the lines they carry themselves, you can depend upon it the shoe pinches pretty sorely. All I have to say is that there are no makers' goods kept in the town in the line of Wall Papers that I do not keep, including my bitter opponents,' pet manufacturers, Watson, Foster & Co., of Montreal. I hope that my unscrupulous opponents' better judgment will prevail and that I won't again see such paltry exhibitions of trade jealously put into print.

I have been fourteen years in the Wall Paper business and indeed was in it long before some of my opponents knew an "ingrain" from a "white blank," but during all these years, I have never had a single complaint from any purchaser that colours have run on paper bought from me. Can some of my opponents truthfully say as much?

C. B. ROUTLEY,
379 George st.

THE STREET RAILWAY MATTER DISCUSSED.

PROPOSITIONS FROM THE COMPANY TO BE DISCUSSED IN COMMITTEE.

Other Business Transacted at the Regular Meeting of the Town Council Last Evening.

The regular monthly meeting of the Town Council was held last evening with Mayor Davis in the chair and the following Aldermen present: Messrs. H. Best, Wm. Langford, R. S. Davidson, Robert Neill, John Corkery, J. B. McWilliams, E. H. D. Hall, T. H. G. Denne and John Sawers.

Communications were received and dealt with as appended.

From J. H. Wolstenholm and others asking for the grading of John street.—Referred to the Committee on Public Works.

From J. H. Roper asking sewer connection for No. 396 Downie street.—Referred to the Board of Works.

From Wm. Forster applying for the position of engineer for the steam road road roller.—Referred to the Board of Works.

From Wesley Howden asking remission of taxes.—Referred to the Court of Revision.

From John Cuncannon asking for remission of dog tax.— Referred to the Court of Revision.

From M. Connors asking for remission of income tax.—Referred to the Court of Revision.

From J. H. Cameron asking for a smaller wafering cart for the Western Division.—Referred to the Board of Works.

From Chief of Police Roszel asking for summer uniforms for the police.—Referred to the Committee on Police Supervision.

From W. J. Overend asking remission of dog tax. — Referred to the Court of Revision.

From Dumble & Johnston, on behalf of the Misses Leonard, protesting against the construction of the Matthews siding.—Referred to the Legal Committee.

From W. A. Stratton and others petitioning to have Dalhousie street watered.—Referred to the Board of Works.

From the Sons of England Band asking for a grant.— Referred to the Finance Committee.

From M. C. Barlee asking for remission of dog tax. —Referred to the Court of Revision.

From Clara A. Rubidge asking remission of dog tax.— Referred to the Court of Revision.

From the Canadian Fire Underwriters Association re fire appliances —Referred to the Fire, Water and Light Committee.

From the Town Solicitor regarding sewer in the rear of Mr. H. LeBrun's premises.—Referred to the Board of Works.

From Joseph Sucee and a number of others complaining of the nuisance caused by the stock pens on the market square.— Referred to the Property Committee with instructions to secure plans and specifications for the concreting of the pens and erection of closets, etc.

From Peter Corkery and a number of others asking for the extension of the Rink street sidewalk.— Referred to the Board of Works.

From J. D. Collins asking for remission of dog tax.— Referred to the Court of Revision.

From W. J. Hall objecting on the ground of nuisance to the placing of the stone crusher on Townsend street. Also a notice through Hatton and Wood, that Mr. Hall will look for damages in the event of the crusher being erected on the said lot.—Referred to the Board of Works.

From F. Merino asking permission to place a fruit stand on George street.—Referred to the License Committee.

From J. W. Fitzgerald protesting against the disgraceful condition of Smith street in the neighborhood of his property.— Referred to the Board of Works.

From Thomas J. Henry and a number of others protesting against the establishment of cattle yards in the South Ward.—Received.

From H. LeBrun re construction of sewer in the rear of his premises. —Received.

From M. Ranger and a number of others asking for the construction of a sidewalk at the west end of Parnell street.— Referred to the Committee on Public Works.

From T. E. Bradburn as follows:

Gentleman,—The undersigned is authorized to make the following alternative proposals for re-opening, extending, equipping, and running the Street Railway:

(a) Let the corporation through the council take possession of the railway and expend upon it such sum as is necessary for the desired extensions and equipment required for a more rapid service (estimated at from $12,000 to $15,000)and undertake the running of the road for a term of five years without any allowance to the owners, the understanding being that all capital expenditures shall be made with the concurrence of the owners, who shall have the right at any time within the period named, to resume possession on repayment to the town of the sum expended on capital account together with interest at the rate paid by the town upon its debentures issued for the purpose of this transaction.

(b) Let the corporation advance to the owners upon the security of the railroad (without personal liability) the like sum for the same purpose, subject to the condition that the owners shall extend, equip and run the road as directed by the council, paying out of the net earnings (after providing for running expenses) interest annually at such rate as is paid by the town on the debentures issued for the purpose of this transaction—this arrangement to continue for five years when the sum advanced is to be repaid with all interest at that rate then remaining unpaid—the owners, however, having the right to repay such sum at any time.

As a rider to each of these proposals there might be added an agreement that upon the termination of the arrangement the franchise now existing shall be surrendered and a new franchise upon the same terms granted for a period of twenty years. —Referred to a Committee of the Whole council.

From E. Clemes, asking for remission of dog tax.—Referred to the Court of Revision.

From the Town Solicitor, re the C.P.R. agreement.—Received.

From the members of the medical profession petitioning that Dr. Bing-

TO BE FREE OR NOT FREE, THAT IS THE QUESTION

IN REGARD TO THE PUBLIC LIBRARY PROPOSITION.

The Merits and Demerits of the Subject Discussed by Parties Interested—The Matter Delegated to a Committee to be Appointed.

A conference called by a committee of the Town Councell, of which Alderman McWilliams was convenor, met in the clerk's office yesterday afternoon to consider the advisability of the adoption of a Free Public Library for Peterborough. Alderman McWilliams occupied the chair, and there were present representing the council, besides, Alderman Sawers and Mayor Davis came in during th econference. The clergy was represented by Ven. Archdeacon Casey, Rev. H. Symonds and Rev. J. G. Potter, and the Public Library Board by Dr. Burnham, president, Messrs. W. H. Hill, T. A. S. Hay and H. S. McDonald.

Mr. McWilliams briefly outlined the object of the conference and explained the law relating to the subject, the mode of procedure in adopting a by-law and the constitution of the Board of a Free Library in case one was adopted, and he explained that funds for its maintenance could be raised by levy of taxation to the extent of one-half mill on the dollar on the motion of the council itself, but for the levy to raise any sum over that the consent of the people would have to be asked. To show

The Progress Made

by the free library idea, Mr. McWilliams pointed out that in 1883 only one reported with 716 readers of 3,782 volumes, of which 10,845 were issued, while in 1898 there were reported 103 libraries with 8,354 readers with 371,439 volumes and 1,643,618 issued, representing a tremendous increase. In contrasting the position of Peterborough in regard to Public Libraries Mr. McWilliams pointed out that in this county there were only three libraries—Peterbiorough, Lakefield and Norwood. The town was 42nd on the list, while the largely unsettled districts of Nippissing, Algoma and Parry Sound were all ahead of Peterborough. Mr. McWilliams also presented the following list of city and town libraries with the remark that of the ten instanced, five of somewhat similar populations to Peterborough had larger libraries as to volumes and the others considerably smaller

Toronto	103,208
Hamilton	25,210
Brantford	15,068
London	11,219
Guelph	9,604
Brockville	8,535
Peterborough	8,522
Windsor	6,911
St. Thomas	6,744
St. Catharines	6,393
Kingston	5,752
Stratford	3,210

In concluding his remarks Ald. McWilliams said he was not advocating a free public library from a point of criticism of the present Public Library management, for it was managed in a thoroughly first-class manner.

Dr. Burnham pointed out that the expense of our public libraries meant a heavy burden upon the people.

Rev. H. Symonds said that while he was cordially in favour of a free library he had nothing but praise of the manner in which the present Public Library was managed. Excellent judgment was displayed by the president, Dr. Burnham, in the selection of books, special interest being taken in supplying books needed for special purposes, on request. But he was anxious to confer the greatest good to the greatest number, such as a free library would furnish. He wished in htese days of general education to place books in the hands of as many as possible, especially those unable to afford the expense of a library ticket. It might be argued that the fee was small. To the labouring man a fee of $150 with an annual income of $300 bore the same relation as a fee of $7.50 to a salary of $1500 per year, and he thought few would be willing to pay such a fee as the latter. The quality of books demanded by the public were largely of the character of fiction, but the speaker did not disparage fiction; there were many excellent novels and many of the best minds were in these days putting their best thoughts in the form of the novel. Besides fiction would help to form the reading habit and the drift would gradually be in the direction of more substantial reading. Reading was one of the best forms of recreation, and provided an antidote to the attractions of the saloon or other questionable places of resort. Referring to statistics contained in the report of the Minister of Education the speaker pointed out that the number of volumes issued in Peterborough in 1897 was 15,497, and by way of contrast the following figures were submitted of the volumes issued in connection with free and not free libraries.

Free—Brockville, 41,542; Brantford, 73,255; Berlin, 20,473; Carleton Place, 17,613; Chatham, 23,732; Cornwall, 11,149; Deseronto, 22,828; Gore Bay, 16,627; Gravenhurst, 15,974; London, 85,610; Stratford, 18,522; St. Catharines, 40,627; St. Thomas, 21,293; Windsor, 38,957; Guelph, 61,528.

Not Free—Barrie, 9,324; Belleville, 2,800; Bowmanville, 5,144; Cobourg, 7,748; Galt, 10,850; Gananaque, 10,577; Goderich, 12,954; Kingston, 16,374; Lindsay. 2,649; Napanee, 9,879; Owen Sound, 13,544; Port Hope, 8,121; Seaforth, 13.077; Whitby, 4,108; Woodstock, 6,349.

The number of public libraries in Ontario was 244 with a total issue of volumes of 714,522. The number of free libraries was 103 with a total issue of 71,643,018 volumes, or excluding Toronto and Hamilton with very large libraries, 101 free libraries with a total of 867,172 volumes issued. There were very few towns of the size of Peterborough without free libraries, and the advantages were very clearly set forth of the establishment of a free library in Peterborough affording opportunity for the people at large to spend their leisure profitably.

Rev. J. G. Potter was strongly of the opinion that a free library would be a great blessing to the community. Large numbers of young men and women were busy during the day and these would take advantage of a free library in the evenings. He agreed with Rev. Mr. Symonds that the present library could not be better managed, but a free library would be for all classes and tend largely to their moral and intellectual improvement. He believed such a library would have the support of the people of Peterborough. At a meeting of the Ministerial Association the sentiment was unanimous in its favour.

Mr. Hays said he had no particular views to offer as the Board had not considered the matter.

Mr. W. H. Hill went on to give statistics to show that the expenses would be naturally increased, as large buildings and increased staff would have to be provided.

Ven. Archdeacon Casey believed it would be a better way to make a liberal grant to the present library and thus help the public interests without increasing the rate of taxation as a free library would do. He felt that the benefit of a free library would be largely represented by increased facilities for reading fiction.

Minor details of the compromise idea of aiding the Public Library with a sufficient grant to greatly reduce the fee were discussed, and in conclusion Rev. Mr. Symonds moved a resolution which was adopted for the appointment of a joint committee to whom the question under discussion was referred, the committee to consist of one representative each appointed by the Public Library, the Town Council, the Public and Separate School Boards, the Protestant and Catholic clergy.

The appointments will be made at once.

Great Bargains in Clothing for Thursday Bargain Day at GRAPION & CO.

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

—There was no police court this morning.

—The bees are already out buzzing around the opening buds.

—There will be a special meeting of All Saints vestry this evening.

—A meeting of the Market Committee will be held to-morrow afternoon at 2.30.

—Starting with May 1st Magistrate Dumble will hold police court at nine o'clock instead of ten.

—A report of the meeting of Ashburnham Council is unavoidably held over until to-morrow.

—Mr. T. Cavanagh sent 28 additional men to-day to Moon River for Playfair & White, of Midland.

—There was a large offering of hay on the market this morning. Several loads of oats sold at 36 cents a bushel.

—Merchants have been notified that their awnings must be the regular height from the sidewalk on penalty of a fine.

Garnet Green on Charlotte street
Has come to town to stay,
When you want good photos taken,
Step around that way. 3d-1w

—The Board of Management of the Children's Aid Society will hold an important business meeting next Monday afternoon at one o'clock.

—When the Town Clerk closed his office last evening he had issued 247 dog tags, against 319 for a similar date last year.

—A cord shopping bag containing a small parcel has been left at the Examiner office. No charge for this advertisement. Owner please call.

—A big flock of wild geese circled around the town yesterday morning. They were watched with envious eyes by many an ardent sportsman.

—Mr. Wm. Slomans, the converted Jew, continues to interest the audience nightly in Gospel Hall, George and Brock street. Meetings every night this week at 8 p.m.

—All gentlemen interested in amateur photography are invited to attend the meeting of the Y.M.C.A. Camera Club on Thursday evening at 8 o'clock.

—A recent change at the C. P. R. depot is the moving of Mr. Bert Cress, the night telegraph operator, to Tweed, Ont. Mr. Cress will be succeeded by Wm. Marshall, of Toronto.

—Scarlet fever is still prevalent in town and vicinity. Sunday a card was placed on a house on Sherbrooke street and to-day the health officer issued another for a case in Ashburnham.

—Look your best to-night and have your picture taken by electric light at J. W. Green & Son's studio, Hunter street. Open from 7 to 10 p.m. Photographs taken at night as well as by daylight.

—There was a collision near the cemetery Sunday afternoon between two boys named Odette and Patterson who were mounted on bicycles and speeding along at a lively gait. One of the machines was partly demolished, but the other escaped injury.

—A broken board projecting from the railing of the raised side walk on Water street opposite the goose pond was responsible for an ugly tear in a brand new spring frock Sunday. The railing should be looked after at once.

—The light of battle illumines the face of every man on the police force. The annual sanitary crusade has begun and in connection therewith the police are going to keep a sharp lookout for owners of dogs, who have not paid the tax.

—Mr. W. Jordan, of Fenelon Falls, asked $500 for damages sustained by the Trent Canal. The valuators put the damage at $100. The Government offered Mr. Jordan and he refused that sum, and now the Jordan will probably overflow into the Exchequer court.

—The North Star went on the rocks near the Yankee Bonnet on Saturday and sustained considerable damage. The Eclipse tried to render assistance but could not be of any aid on assistance on account of the high water until yesterday when by hard work she got the Star off into deep water.

—Anglers should remember that no one can lawfully fish for, catch, sell or possess bass or maskinonge until June 15. The close season for this kind of fish commenced on Saturday, April 15th. The close season for pickerel is only one month—from the 15th of April to the 15th of May.

—Monday morning workmen started upon the construction of a new gas main on Simcoe street, to reach from the river to George street, about 1,000 feet. There is a six inch main already on the street, but it is found insufficient, and the new main will be an eight inch one.

—About eleven o'lock this morning the merchants of George street were amused at the frantic efforts of a man who was endeavouring to drive three pigs down the street, but with little success. They succeeded every once in a while in passing his guard to the rear and he had a lively chase to recover them. Several horses tried to run away on the street, but were stopped just as they were getting up speed.

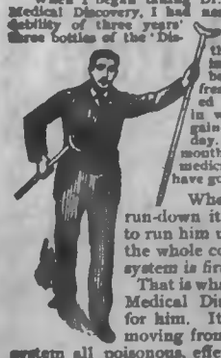
The debility of David Duggins has been completely cured.

David Duggins lives in the town of Jones, Ohio County, Kentucky. From there he writes:



"When I began taking Dr. Pierce's Golden Medical Discovery, I had nervous or general debility of three years' duration. I took three bottles of the 'Discovery.' During the time I was taking it my sleep became more refreshing and I gained fifteen pounds in weight, and also gained strength every day. It has been six months since I took the medicine and I still have good health."

When a man gets run-down it is hard work to run him up again unless the whole condition of his system is first changed.

That is what the "Golden Medical Discovery" does for him. It begins by removing from his digestive system all poisonous, effete matter. It gives tone to his stomach, activity to his liver, cleanliness to his bowels. While this work is going on the "Discovery" also manifests its potency through the blood and nerves. It fills the blood with rich, red corpuscles and sends them vigorously circulating all over the body to soothe and nourish the tired, abused, screeching nerves.

When a man has nervous prostration it isn't his nerves that are wrong. It's his blood. Bad blood comes from bad digestion—bad stomach, bad liver, bad kidneys. Dr. Pierce's Golden Medical Discovery will put all these organs in good order. "Golden Medical Discovery" contains no alcohol in any form. It is entirely free from opium and other narcotics and contains neither sugar nor syrup which are injurious to some stomachs. Without any of these ingredients it retains its pleasant taste and healing qualities in any climate and under all conditions.

Don't let a careless or dishonest medicine seller cheat you out of your health by giving you a substitute.

REDISTRIBUTION BILL.

Sir Wilfrid Laurier to Make an Important Announcement.

Ottawa, May 1.—The policy of the Administration in respect of the redistribution bill will be announced by the First Minister in the House of Commons today. The bill, Sir Wilfrid Laurier will state, will be duly introduced in the House of Commons within a short time.

Another Clerk in Trouble.

Montreal, May 1.—The recent arrest of W. H. Hurst and Charles D. Turner on charges of forgery, preferred by the Grand Trunk Railway Company, is to be followed by a third. This is the case of the passing of a forged pay-order by a young clerk named William J. Eaton, who has since escaped to the United States.

Wealth of the Transvaal.

Pretoria, May 1.—In the course of his speech on Saturday at the opening of the Volksraad, President Kruger announced that the Transvaal was now the largest gold-producing country in the world. He said the output in 1898 was £16,940,630, being an increase of £4,586,90 over the output of the previous year.

Fire in the Krupp Dockyard.

Kiel, May 1.—A serious fire broke out yesterday in Krupp's Germania Dockyard, resulting in the destruction of several storehouses and workshops, and doing damage to the value of £100,000. The two German men-of-war that are in process of construction in the yard were saved with the utmost difficulty.

Another Duke Gone.

London, May 1.—Henry Charles Fitzroy Somerset, eighth Duke of Beaufort, is dead. He was in his 76th year. The late Duke, who was the patron of 24 livings, was born Feb. 1, 1824, and succeeded his father in the title and family estate in 1853.

Big Match Company.

Trenton, N.J., May 1.—Articles of incorporation of the Union Match Company, with an authorized capital of $10,000,000, were filed with the Secretary of State on Saturday

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard street, Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remembering doing before. I feel like sounding its praises throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c and $1.00. Trial bottles free at Jas. Lynch's Drug Store; every bottle guaranteed.

All Right Financially.

Buffalo, May 2.—The International Association of Machinists of the United States and Canada convened in this city yesterday. There are over 150 delegates at the convention. They represent 10,000 machinists, the members of about 400 local branches in all parts of the United States, Canada and Mexico. The association is in a flourishing condition, having $13,000 in its treasury.

McKinley to Dewey.

New York, May 2.—While at the navy yard President McKinley sent a cablegram to Admiral Dewey congratulating him on the first anniversary of his great victory.

MR. WILLIS, WOODSTOCK.

Escaped a Deadly Enemy by the Aid of Dodd's Kidney Pills.

Woodstock, May 1.—(Special) This city is deeply agitated, with joyous excitement, because another popular resident, has escaped from the fatal grip of kidney disease, by the aid of Dodd's Kidney Pills.

Everyone knows Mr. H. A. Willis, the genial proprietor of the "Buckingham" hotel. He tells his story, thus: "For two years past I have suffered intensely from Lame Back and Kidney Disease. Nothing I ever used helped me.

"My sufferings grew worse daily. I heard so much of Dodd's Kidney Pills that I decided to try them. I got relief from the first box. Three boxes cured me entirely."

Dodd's Kidney Pills always cure.

THE CAPE-TO CAIRO RY

Sir Michael Hicks-Beach Will Not Guarantee Rhodes' Plan.

CHEERS BY THE RADICALS.

Formal Announcement of the China Agreement in the House of Lords and in the House of Commons—Lord Salisbury Hopes Russia Will Consent to Publication of Agreement.

London, May 2.—In the House of Commons yesterday the Right Hon. Sir Michael Hicks-Beach, Chancellor of the Exchequer, announced that the Government had failed to come to an agreement with Mr. Cecil Rhodes respecting the proposed guarantee to the Cape-to-Cairo Railway. The announcement was greeted with cheers by the Radical members of the House.

ANGLO-RUSS.

Formal Announcement of the Agreement in the Imperial Commons.

London, May 2.—The Marquis of Salisbury, Prime Minister and Minister of Foreign Affairs, and Mr. A. J. Balfour, First Lord of the Treasury and Government leader, announced yesterday in the House of Lords and in the House of Commons, respectively, the general drift of the Anglo-Russian agreement regarding the spheres of influence of the Governments of Great Britain and Russia in China, as they have already been made known. Lord Salisbury said that he hoped Russia would consent to the publication of the text of the agreement when it arrived in a few days. His Lordship emphasized his anxiety not to appear to attach exaggerated importance to the specific stipulations of the agreement adding: "But, of course, I attach very great importance to the signing of this agreement, because it is a sign of the good feeling so desirable between the Governments of Russia and England."

His Lordship further expressed the hope that the good feeling thus illustrated would extend to the peoples of the two nations. This agreement, he said, was valuable as preventing the possibility of a collision between the two Governments in China, "and therefore," he said, "it is a guarantee of their future agreement for a long time to come. I trust that it will lead to future agreements on other matters."

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

MARKET REPORTS.

At Chicago, Owing to the Big Decrease in the Visible, Wheat Prices Were Steady—Latest Quotations.

Liverpool, May 2.—Wheat futures showed some strength yesterday, the May option closing ¼d and the July option ½d per cental above Saturday's closing figures.

Chicago, May 2.—The wheat market was a fairly active one yesterday, the prices of futures fluctuating within the narrow range of ⅝c per bushel, and closing almost unchanged from Saturday's final figures. The decrease in the visible supply was a good one.

Visible and Afloat.

As compared with a week ago, the visible supply of wheat in Canada and the United States has decreased 1,085,000 bushels; that of corn has decreased 2,292,000 bushels, and that of oats has decreased 912,000 bushels. The visible supply of wheat in Canada and the United States, together with that afloat to Europe, is 66,464,000 bushels, against 64,779,000 bushels a week ago, and 68,423,000 bushels a year ago.

BRAIN FAG

Is the result of Overwork and an Exhausted Nervous System. Dr. A. W. Chase's Nerve Food creates New Brain and Nerve Tissue.

Business and professional men, accountants, stenographers, teachers, students and all brain workers know only too well what it means to have the brain so tired out that concentration of thought is almost impossible.

One-fifth of all the blood in the human body is found in the brain, and unless the blood is pure and rich the brain becomes exhausted for want of proper nourishment.

Dr. A. W. Chase's Blood Food creates new brain and nerve tissue, and produces rich red blood, "the vital fluid" of the body.

All brain workers quickly recognize the merits of this great food cure, and after a few doses enter on their work with new energy and ambition.

Brain fag is unknown to persons whose brain and nerve have been invigorated by the use of Dr. A. W. Chase's Nerve Food, which is for sale by all dealers at 50c. a box.

Dr. Chase's New Book, "The Ills of Life and How To Cure Them," sent free to your address. Edmanson, Bates & Co., Toronto.

Bed Bugs

Quickly destroyed by Persiatic Be Bug Exterminator. It is a liquid, much more effective and searching than a powder. Moisten the parts affected once or twice and the pest is destroyed. No need to experiment with doubtful or inefficient insecticides—Persiatic Bed Bug Exterminator is the strongest vermin destroyer in the market. Never fails. Price 25c. at druggists.

BIG BIRTHDAY PARTY.

Her Majesty Wishes Every Member of Her Family at Windsor Castle on the 24th May Next.

New York, May 2.—The London correspondent of The Journal says that Queen Victoria has expressed a desire that all members of her family who can possibly be in England shall attend at Windsor Castle, May 24, when she celebrates her 80th birthday.

PROF. BUECHNER.

The Author of the Great Work "Force and Matter" Is Dead.

Darmstadt, May 2.—Prof. Frederick Karl Christian Ludwig Buechner, the author of "Force and Matter," is dead.

Prof. Buechner was born March 29, 1824. He took his doctor degree at Giessen in 1848. In the work referred to, which has been translated into most European languages, Dr. Buechner explains the principles of his system of philosophy, which he contends is in harmony with the discoveries of modern science. He insists on the eternity of matter, the immortality of force, the universal simultaneousness of light and life and the infinity of forms of being in time and space. Dr. Buechner further explained his system in other works.

A Bicycle Funeral.

London, May 2.—A bicycle funeral took place in Folkestone yesterday. The undertaker carried the coffin, containing the body of a baby, strapped to the handlebars of his wheel. The mourners followed on bicycles.

Snowstorm on May Day.

London, May 2.—There was a heavy snowstorm yesterday morning in Perthshire, Scotland. The unseasonable weather resulted in the killing of great numbers of sheep and lambs.

BALLADE OF THE MEDIOCRE.

Ambitious bards with song sublime
To win eternal fame essay—
To echo through the deeps of time
The voice of some grand yesterday
Or on man's throbbing heartstrings play
Love's harmonies unspeakable.
Alas, I am not framed that way!
I beat the cymbals—that is all!

How sweet in slender snares of rhyme
To trap the tender dreams of May,
To catch the bluebell's subtle chime
Of fragrance on the hills astray,
To mock the wildwood's blithe ballet
Of blooms and flitting birds that call
The chorus to spring's roundelay!
I beat the cymbals—that is all!

To be a king of song and climb
Olympus with a lyre—for aye
To rise above the toil and grime
Of life and from the stars survey
This peevish world's discordant fray—
Ah, this were worth a master's sprawl!
But I the master must obey.
I beat the cymbals—that is all.

ENVOY.

Friend, in life's changeable array
Some may be great, some must be small
And some be grave, a few be gay.
I beat the cymbals—that is all.
—Chicago Record.

MADAME WALLACE.

Cured of Female Weakness by Dodd's Kidney Pills.

Montreal, April 17.—The ladies of this city are rapidly coming to realize the value of Dodd's Kidney Pills, as a specific for all Female Troubles.

Mdme. Sarah Wallace, modiste, 338 Papineau ave., has had an experience that goes to show that no other medicine can equal Dodd's Kidney Pills for Female Troubles.

Mdme. Wallace writes:—"I suffered for three years with Female Weakness, and none of our physicians could relieve me. I was advised to try Dodd's Kidney Pills, and had only used one box when I felt better. Now I am cured, and have taken only two boxes."

Dodd's Kidney Pills always cure Female Troubles.

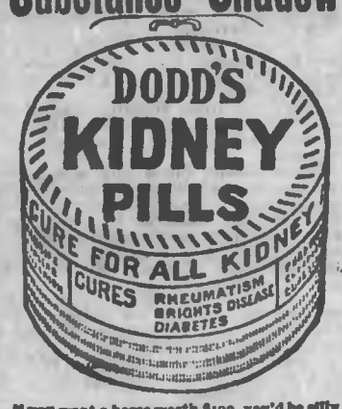
The Forum of Augustus.

Rome, May 1.—Minister of Education Bacelli is proceeding with his excavations among the fora, having just begun work on the Forum of Augustus. An Englishman named Phillips has contributed $12,000 to pay for the purchase and demolition of houses now standing upon this forum.

Suicide or Murder.

Huntsville, April 29.—John Hopkins disappeared from his home, near here, a few weeks ago. His decomposed body has been found in the woods near Ravensciffe, and in the clothing was a bottle of strychnine. An inquest will be held.

Substance-Shadow



If you want a horse worth $100, you'd be silly to pay $100 for his photo only. If you need DODD'S KIDNEY PILLS you'd be silly to buy an imitation.

YOU'RE COURTING CONSUMPTION.

If you neglect that Cough—Have It Cured by Dr. Wood's Norway Pine Syrup.

"It's only a slight Cold, only a little Cough," you say—but it hangs on and on and won't leave. Better wake up to the fact before it's too late that you're on the highway to Consumption. Better have the Cough cured now, when you can—than wait a while longer when, perhaps, you can't. A bottle or two of Dr. Wood's Norway Pine Syrup will promptly cure that Cough, and heal up the lungs so that not a trace of its effects will remain.

Mrs. Grace Lynch of Blackville, N.B., writes: "I have been troubled with Coughs, Colds and weakness of the lungs for a long time, and could get no relief until I took Dr. Wood's Norway Pine Syrup, which made a complete cure in my case."

Dr. Wood's Norway Pine Syrup is sold by medicine dealers everywhere at 25c. and 50c. a bottle.

Doctors said Incurable

But the Notary, Mr. Lemire, was cured of Kidney Disease in two months by Dr. Chase's Kidney-Liver Pills.

It is only when thoroughly convinced of the superior merit of a remedy that public men will give their sanction.

Mr. E. H. Lemire, Notary Public, 169a Notre Dame Street, Montreal, tells of his remarkable recovery from a severe attack of kidney disease. When doctors had failed, Dr. Chase's Kidney-Liver Pills saved his life. He writes: "I give this statement, first because it is only just that the merit of Dr. Chase's Kidney-Liver Pills should be made known, and again in order that others may profit by my experience. For years I suffered with kidney disease which doctors pronounced incurable. Thanks to Dr. Chase's Kidney-Liver Pills, which I have used for two months, I am completely cured. They helped me from the first, and the cure is now perfect."

Dr. Chase's Kidney-Liver Pills act directly on the kidneys, and through their combined influence on the kidneys and liver, cure the most complicated diseases of these delicate organs. One pill a dose. 25 cents a box at all dealers, or Edmanson, Bates & Co., Toronto.

As in the past I shall endeavor to give my best personal attention to all orders that may be intrusted to me and respectfully solicit your esteemed patronage.

Flags, Bunting and all kinds of Decorations for Public Halls and Private Residences.

ALF. KINGSCOTE,

No. 344 Water Street, Peterborough.

YOUTH AND LOVE.

Youth and Love fell out one day.
Said Youth to Love: "I'll go my way
And leave you broken hearted.
I'll go through life without your aid,
I'll gaze on neither man nor maid."
And foolishly they parted.

Off went haughty Youth alone.
He hummed a tune in merry tone
And never looked behind him,
While Love at home was sad and sore
And longed for merry Youth once more.
Alas, she could not find him!

But Youth had not been walking long
Before he hushed his merry song—
His heart was full of sorrow.
He found it hard to stay away
From Love, if only for a day.
He came back on the morrow.

For Love and Youth apart would die
Like flowers without dew or sky.
They'd fade if they would sever!
As long as there are tide and time
In every land, in every clime,
Youth and Love will be together.
—Joseph P. Gaiton in Philadelphia Times.

TAKEN FOR GRANTED.

"Lizzie, child, come down this instant! What do you mean by being so unladylike? Sitting on the topmost rail of that fence!"

The damsel addressed came down from her high perch, and, throwing one arm over the neck of the little brown pony, walked demurely by his side, while the old judge sat in grim state on his back.

They were very like, this father and daughter.

Lizzie was his youngest, and though she had attained the age of 18 she was still childish in her ways.

The judge placed his hand tenderly on the little, curly head.

"Where has my little daughter been?"

"Oh, I have been up to the hall talking with the housekeeper and wandering through the great rooms, and, oh, papa, she really took me into the beautiful conservatory, and I saw such lovely flaming passion flowers and the great creamy magnolia blossoms, and, dear me, I can't tell you of all the lovely things.

"Then I walked down the road to meet you, and I was so tired that I sat down on the fence to rest.

"Oh, papa, don't you wish we lived in such a nice place as the hall? It is such a grand old mansion."

She was suddenly stopped by seeing a gentleman approaching from the opposite side of the road.

"Mr Ray, I believe."

The judge bowed.

"Agent for the St. Leon place?"

"Yes, sir."

"I came to see you in regard to it, and"—

"And you are Mr. St. Leon's confidential clerk, Mr Hartley! I believe I received a letter from him today informing me that you would arrive this week. Yes, yes; come right up to the house, and we will talk over the repairs. Shall we begin them immediately?"

"What! My letter but just arrived? Singular!"

* * * * * * *

"Papa, you don't mean to say you have brought him home—a confidential clerk? You know there are the best rooms to be papered and cleaned and our pink dresses to be made against Herbert St. Leon's arrival."

"But, my dear," began the old gentleman, "just like your papa to never think of this at all."

"Well, I shall see that he is put in the little room over the kitchen. He will never know the difference," and Blanche sank back in a studied attitude on the sofa, wondering if handsome Bert St. Leon would fancy her lovely pink morning dress that she had made for his special benefit, for of course he would stop at their house during the time in which the repairs were being made at the hall.

The door of the dining room was ajar, and Mr. Hartley, standing before the fire in the little parlor, heard it all.

This, then, was the welcome home that the wanderer received after roaming five years in a distant clime. The tears glistened in his lashes and a bright drop fell to his hand.

"Mr Confidential Clerk, you are crying," and Lizzie pushed the white kitten from her lap and came over to his side, laying her dimpled hand on his arm. "I am sorry you heard them, but never mind; I'll be your friend."

"Your friendship is very dear to me, my little girl."

"I'm not a little girl. I was 18 last week."

"Pardon me, young lady, but can you tell me something of the hall—what sort of place is it?"

"Oh, it is a grand old place, with great stone porticoes, and marble mantels carved to represent gods and goddesses, and the ceiling all frescoed in blue and gold sunsets, and a big conservatory with blue passion flowers, flaming cactuses and orange trees with real oranges on them. Oh, it's so nice, so nice!"

"Lizzie, Lizzie, you are talking far more than is necessary. Go to your French immediately."

And as the abashed damsel obeyed he heard Blanche say

"Dignity on the family! Nothing but a confidential clerk."

And Lizzie exclaimed

"I don't care, I like him."

A month had passed by Mr Hartley had exchanged his close apartments over the kitchen for more commodious ones at the village inn. Thence he calmly superintended the projected improvements at the hall, and all the gossip exchanged between himself and Lizzie was in the course of her rambles through the St. Leon woods, and if the family had only known how often these rambles were taken their aristocratic tendencies would have been tearfully shocked.

And now Mr Hartley sat in the same little parlor where Lizzie had first vowed to be his friend and awaited the appearance of the judge.

He came at last.

"You wish to see me, Mr Hartley?"

"Yes, sir. I came to ask you for the hand of your daughter, your little Lizzie. I love her more than my life, Judge Ray."

"You cannot have her! No, sir! I look for something higher for my daughter than a confidential clerk. If that is all, I bid you good evening."

Next night the judge rode slowly home to dinner, feeling a presentiment of evil.

"Where is Lizzie?" he inquired of Blanche as he entered the cosy dining room.

"In her room, I suppose, mourning after her dear clerk."

"Well, call her to dinner, child."

Blanche went, but returned immediately with a pale, frightened face.

"She is not there, papa, but this note lay on her table."

The judge broke the seal and read, with a face that had grown suddenly pale.

"By the time that you read these words, dearest papa, your little Lizzie will be another's. I shall be married to Mr. Hartley. I hope it is not wrong, for indeed I do love him very much."

As he folded the note with stern features a light step crossed the threshold, and Lizzie's arms were around his neck, the confidential clerk standing at the door with a face where pride and indomitable resolution struggled for the mastery.

"Papa, forgive us!"

"I'll see you hanged first!" roared the old gentleman. "Begone, both of you! Beg, starve, but never come to me for assistance!"

"Oh, papa," pleaded Lizzie, "I want to explain."

"I won't hear you."

"Be it so," said the clerk. "Come, my little wife; we have each other left, you know," and they went from the house.

Blanche, surrounded by an atmosphere of lavender and eau de cologne, was just coming out of the hysterics into which Lizzie's unprecedented conduct had thrown her when there came a ring at the bell, and a gentleman bearing a foreign looking carpetbag was ushered in.

"Is this Mr. Ray?"

The judge bowed, hardly knowing whether to embrace him as Herbert St. Leon or to repulse him as an emissary from the confidential clerk.

"Ah, so I concluded. Is Mr St. Leon here?"

"Mr. St. Leon, sir, is in Paranham, Brazil."

"I think you are mistaken, sir, as I have been informed he is at this moment in his native village."

"Herbert St. Leon at home and not send word to me, his agent? I must go to the hall immediately."

Blanche arose from the sofa, shaking the bright drops of cologne from her curls. "You will be sure and bring him home to dinner, papa, won't you?"

"I'll try, Blanche; I'll try."

"Oh, papa, you are trying to draw on your boots over your slippers!"

"So I am, but this little affair has so upset me." He was up and away.

The lights glimmered brightly from the Gothic windows of the hall and winked defiance at the blustering storm without as the judge rang the bell at the great front door.

"Mr. St. Leon—has he arrived?"

The servant bowed and ushered him into a room whose superbly arranged furniture struck Mr. Ray with an indefinite idea of luxury.

Lizzie was standing by a tall alabaster vase that stood in the bay window, arranging the tropic vines that curled around its standard, and the light from the colored lamps shone down on the curly head so dear to the judge's heart. The confidential clerk stood near.

"I wish to see your master, young man."

"I am at your service, sir."

"You are! Who the mischief cares whether you are or not? I wish to see Mr. St. Leon."

"Herbert St. Leon is my name, sir."

"You? Why, I thought you were the confidential clerk."

"I never told you I was. You took that for granted. As the confidential clerk I wooed and won your daughter. As Herbert St. Leon I could have gained no greater treasure."

"It's all a mistake from beginning to end. Son-in-law, you're a trump. Come here, Lizzie, and kiss your old father."—New York Times.

Children should always increase in weight. Not to grow, not to increase in flesh, belongs to old age.

Present and future health demands that this increase in weight should be steady and never failing.

To delicate children, Scott's Emulsion brings richer blood and firmer flesh. Better color comes to the cheeks and stronger muscles to the limbs. The gain in weight is substantial; it comes to stay.

OSHAWA, CANADA.

The Cuban Gold Myth.

If we listen to the voice of the charmer or go to the books on Cuba for our information, we shall find that the mineral resources of this island include gold, silver, mercury, lead, antimony, copper, chrome, iron, manganese, pitch, bitumen and even coal, but when we come to look for practical metallic results commensurate with these varied mineral resources we shall be disappointed.

The gold fiction is the most time honored, for the original Spanish settlers expected to find rich gold mines in Cuba. According to their historians, "much gold was taken from this island at the beginning of the conquest," but it seems probable that most of this was taken from the chiefs or caciques of the Indians and very little from the ground. "El Viagero Universal" (Madrid, 1797,) says "Some of this metal (gold) is still found at Holguin." Whenever the existence of gold in Cuba is discussed this "mine" at Holguin is invariably brought forward. It is true that some work has been done at this point and a little gold has been extracted, but there has never been any systematic exploration, and there is nothing there which may be dignified with the name of a mine.—Jennings S. Cox, Jr., in Engineering Magazine.

Quick Change.

Shopkeeper—Come here, Fido! Fine animal that. Your dog, sir?

Customer—My dog? I hope not; would not be followed around by such a cur as that.

Shopkeeper—Get out, you brute! Do you know, I hate dogs?—Boston Transcript.

"To Err Is Human."

People like to talk about attractive things in advertising. In a company recently the proverb above quoted, and which appeared at the head of one of a well constructed series of advertisements of Hood's Sarsaparilla, was so much discussed that we doubt if anyone there will ever forget the source whence it came. Messrs. Hood & Co. are using these proverb advertisements on a very broad scale, and they are attracting discussion and favourable comment everywhere.

Venom.

Mabel—Are you going to return the poor fellow's ring?

Florence (who has just broken her engagement)—I haven't decided. I suppose he'll propose to you now, and I thought I'd just hand it over to you to save bother.—Philadelphia North American.

Sauce For the Goose.

To destroy vermin on her 88 cows the woman proprietor of a certain dairy painted the cows with paris green. The vermin are dead. So are the cows.

Sharks are killed in large numbers by a special class of fishermen living on the islands off the north coast of Australia. Shark livers furnish a valuable fat.

The word lily comes from a Celtic word, "li," signifying whiteness.

Spring Weakness

Try as you may, you cannot escape the weary, worn out, don't care-to-work feeling that accompanies spring weather. Trouble is, the system is so loaded with impurities that every organ of the body is impaired.

Brain is not as clear as it ought to be; there is languor and listlessness instead of energy and activity.

Burdock Blood Bitters is what people need this weather.

It sets the liver, bowels and kidneys acting, whereby all poisons are eliminated from the system; cleans the tongue, improves the appetite, purifies and enriches the blood.

Miss Mary J. Irwin, Holland, Man., writes:

"I have used Burdock Blood Bitters as a spring medicine for three years now and don't think there is its equal anywhere. When I feel drowsy and tired, and have no desire to eat, I get a bottle of B.B.B.

"I think it purifies the blood and builds up the constitution better than any other remedy."

IMPERIAL LIFE INSURANCE CO.

OF CANADA.

Seven Cardinal Reasons for Insuring in the Imperial:

1. **It Affords Unquestionable Security** to policy-holders, by its large Capital Stock of $1,000,000, and its Dominion Government Deposit of $250,000, being the largest Government Deposit of any Canadian life insurance company.
2. **Its Policy Reserves** are held on the most stringent basis used in Canadian Actuarial calculation.
3. **Its Policies do not Restrict** the assured in respect to residence, travel or occupation, and are payable immediately on receipt of satisfactory proof of death.
4. **Its Policies cannot be Forfeited** after three annual premiums have been paid, but provide for surrender values by way of cash or paid-up insurance.
5. **The Premium Rates Compare** favorably with those of other insurance companies, and a grace of month is allowed in payment hereof, during which time the policy remains in full force and effect.
6. **Its Policies are Automatically Continued** in force after three years premiums have been paid, for such time as the whole reserve is sufficient to pay premiums.
7. **Liberal Cash Loans** are granted under policies after three annual premiums have been paid.

3. That John J. Howden be paid $4.40 for damage done to his delivery rig on the Smith street bridge.

All of which is respectively submitted.

The report was adopted.

Committee on Appointments reported as appended through its chairman, Alderman Corkery:

That Dr. James Bingham be appointed Medical Health Officer at a salary of $150 per year and Town Physician at a salary of $150 per year, he to attend any case of sickness at the request of any member of the Central Charity Board of the Town Council and to supply medicines in such cases.

All of which is respectfully submitted.

JOHN CORKERY, Chairman.

The report was adopted.

Committee of the Whole reported as follows through its chairman, Alderman Langford:

1. Your committee came to an understanding with Mr. J. W. Leonard regarding the freight shed on Wolfe street and the Matthews Company siding and authorized that a check be issued to the Town Solicitor for $92.50 to pay part of the damages in accordance with the understanding. The agreement is to be executed by the C.P.R. and handed over at the time the damages are paid.

2. That a provision be put in the agreement that no cars be run east of the west side of George street on the siding to the Matthews Company's factory, except cars required for the Matthew Company's business.

All of which is respectfully submitted.

WM. LANGFORD, Chairman.

The report was carried.

Some By-Laws.

Ald. Denne introduced the by-law confirming the rate of assessment. It was passed.

Ald. Langford brought in the by-law granting $300 to the Peterborough and Ashburnham Horticultural Society and Ald. Davidson introduced the by-law authorizing the execution of the contracts for street watering. Both were passed.

Ald. Corkery moved the first reading of the by-law appointing Dr. Bingham Medical Health Officer and Town Physician. It was passed.

Ald. Sawers fathered the by-law concerning the issue of debentures for the sum of $6,000 required for the purchase of land and the erection of a firehall. The date upon which the by-law will be submitted to the ratepayers will be June 5th. The polling places being:

Ward No. 1—Thos. Leplante's store, Rubidge street. Returning officer, Jos. Lundy.

Ward No. 2—Council Chamber. Returning officer, Chas. Cameron.

Ward No. 3—J. and W. Metheral's shop, Aylmer street. Returning officer, John Irwin.

Ward No. 4—Wm. Lee's shop, Smith street. Returning officer, Geo. W. Powell.

The by-laws received two readings and will receive its third reading if sanctioned by the ratepayers.

Ald. Hall inquired whether there were not any other by-laws which could be submitted to the ratepayers at the same time?

Ald. McWilliams asked the Mayor if he knew by whose order the broken stone had been placed between the rails of the street car company. It had been understood that the company was to look after this portion of the street. Last year some thirty cords of stone had been drawn away to a private lot and hundreds of dollars worth of lumber had mysteriously disappeared.

Mayor Davis replied that he did not know by whose order the Engineer had placed the stone between the street railway tracks, but he thought it was a wise move, as last year the town had to pay for damages to several rigs which had come to grief on the rails. Concerning Ald. Hall's question about other by-laws to be submitted to the ratepayers, he thought the opinion of the people should be asked on the matter of erecting gates at the principal railroad crossings in the town. He mentioned the several accidents which had occurred and instanced a number of cases where the escapes had been narrow.

The by-law authorizing the execution of a contract for a dumping ground was introduced by Ald. Sawers and receiving its second reading was passed.

Resolutions.

On motion of Ald. McWilliams and Corkery a resolution was passed authorizing the Town Commissioners to convey to the Stanley Piano Company the deed of certain lands on the execution of the necessary bond by that company.

Moved by Ald. Hall and Denne that the Town Treasurer be authorized to pay the men employed by the Park Committee, and for trees, etc., purchased by the Committee on the order of the chairman thereof.—Carried.

Moved by Ald. Davidson and Langford that the Board of Works be authorized to ask for tenders for the abutments on the proposed bridges on Dalhousie and Sherbrooke streets on plans approved by a committee of the whole Council and also to advertise tenders for all or any of the granolithic sidewalks now proposed to be built.—Carried.

The matter of the Locks bridge being kept open too long for the boats was referred to the Joint Committee.

On motion of Ald. Davidson and Neill Mr. John O'Brien will be paid $15 for damages sustained by his horse on the Smith street bridge.

On motion of Ald. Hall and McWilliams the watering cart used in No. 1 Ward will be transferred to No. 2 Ward and a new sprinkler placed thereon.

Mr. Alex. Reid appeared before the Council and asked permission to use an extra rig on Saturday nights for six weeks in the spring and six in the fall for the purpose of delivering parcels. On motion the request was referred to the License Committee.

Two Deputations.

Mr. Wm. Taylor, representing the Sons of England, addressed the council and asked that the band of that organization be given a grant of $100, in consideration of which music would be furnished in the parks twice a week for the summer.

Mr. Strand addressed the council on behalf of the Salvation Army band and stated that the band turned out and played on the streets for 300 nights in the year. He thought that the band was deserving of the small amount of a fifty dollar grant.

Aldermen McWilliams spoke in reference to the Battalion band's progress and urged that a grant of $300 be given towards its sustenance. Seconded by Alderman Sawers, he moved that fifty dollars each be given the Salvation Army and Sons of England bands and $300 be granted the Battalion band.

Ald. Langford raised a point of order, objecting to money grants being given without a notice of motion.

As the communications received from the various organizations had been referred to the Finance Committee, that committee will report to the council in the matter.

ADJOURNED VESTRY MEETING.

St. John's Vestry Meets to Consider an Important Report.

An adjourned meeting of St. John's vestry was held last evening with a fair attendance.

The business before the vestry was the consideration of the report of the advisory committee on the question of free pews and the contribution of St. John's towards the funds of All Saints. Mr. P. Campbell, chairman of the committee, presented their report, recommending that ballots should be sent out to the pew holders with the question as to whether they are in favour of free pews, and at the same time stating whether they would be prepared to subscribe by envelope an equal or greater amount than they pay by way of pew rents. It also recommended that St. John's should contribute towards the funds of All Saints $200 for this year, $150 for next year, $100 for the following year, and $50 for the fourth year.

After some discussion which showed the strong and kindly interest which St. John's has for All Saints and at at the same time indicating the feeling of some members of the congregation that both retrenchment and economy should be exercised, the report was adopted without dissent. The feeling as to the desirability of freeing pews appeared to be unanimous.

May Burdens and Perils.

Disease and Ill-Health Should be Banished this Month.

Paine's Celery Compound is the World's Great Health Restoring Agent.

It matters not whether your trouble be rheumatism, neuralgia, kidney disease, dyspepsia, nervous prostration or some nasty blood disease, Paine's Celery Compound possesses virtues sufficient to meet your case and overcome your sufferings.

Diseases of any kind that have manifested themselves in the winter, and have fastened their deadly grip in the spring months, are terribly perilous to life, if allowed to run into the heat of summer. This is the time to grapple with disease, and Paine's Celery Compound is the only sure friend and helper of the sick.

The work of disease banishing and health restoring already accomplished this spring in Canada by Paine's Celery Compound is marvellous and astonishing, judging from the many letters received from cured people, supported by the endorsation of leading druggists and merchants to whom the cured people are known.

Paine's Celery Compound is the only medicine that can honestly claim public recognition. Its work is never-failing and sure. It first cleanses the blood, causing the life stream to run pure in every vein of the body. It quickly restores lost strength; it gives perfect digestive vigour, sweet sleep and lasting health.

Accident at Westwood.

On Tuesday evening as Mr. Henry Elmhirst, of Otonabee, was going down Cameron's Hill, near Westwood, leading a stallion behind his rig, the the horse which he was driving kicked him in the face, cutting his lip and chin, knocking out four teeth and fracturing his jaw bone.

The New Woman

Now enters upon pursuits formerly monopolised by men. But the feminine nerves are still hers and she suffers from toothache. To her we recommend Nerviline nerve pain cure—cures toothache in a moment. Nerviline, the most marvellous pain remedy known to science. Nerviline may be used efficaciously for all nerve pain.

Silver Plating.

Silver plating neatly, promptly and cheaply done by the Peterborough Lock Manufacturing Company. Ladies, look over your silverware and when you have forks, knives, spoons or any pieces of silverware tarnished or plate worn off, bring it to us and have it nicely done over and made as good as new.—The Peterborough Lock Company. d

Some Boy has a Bicycle.

but would rather have a gun.

Some other boy has a gun but would rather have a bicycle.

No. 1 doesn't know anything about No. 2.

No. 2 doesn't know anything about An Examiner want ad. would immediately bring these two boys together so that the trade would be made.

Think about this suggestion. Perhaps at an expense of but a few cents you can trade a lot of things you do not want for a lot of things you do want.

Grocers Selling Miracle Washing Compound

Will in any case refund money, where the Compound fails to do all we claim, for it, when the following directions are carried out, ASSYRIAN POLISH also.

DIRECTIONS FOR AN ORDINARY WASH TUB:—

Slice one cake of Miracle Compound and one bar of soap into two quarts of water and boil until dissolved; pour it while hot into your tub containing enough boiling water to cover your clothes; wet white clothes, curtains and cotton fabrics a few minutes in cold water wring out and place them in the hot suds, stirring them enough to enable the suds to reach every part and let stand 20 minutes. If boiling is Desired, pour the mixture into the boiler containg enough boiling water to cover your clothes; put your clothes into the boiler and stir enough to enable the suds to reach every part, let them boil for 20 minutes; rince in warm water, blue and hang on line.

For Coloured Clothes—Same suds can be heated and let clothes stand as for white.

Blankets, Flannels or Woollens should not be put into cold water, but placed at once into hot suds made as directed for other goods, and allow to stand for thirty minutes; then rince and hang in warm place. If directions are followed, you will be delighted to see how soft and fluffy they will feel.

THE BUDGET SPEECH.

Hon. Mr. Fielding Holds an Unwearied House for Four Hours.

NO CHANGES IN THE TARIFF.

A Splendid Exhibit of the Growth and Prosperity of the Country Under Liberal Government—Foreign Trade Increased—The British Preferences—A Surplus of $4,600,000 Estimated.

Ottawa, May 3.—For nearly four hours yesterday the members of the House of Commons listened with unwearied interest to the presentation by the Finance Minister of a most interesting budget speech, and while there was lacking that keen excitement with which the occasion is invested when important tariff changes are pending, this omission was compensated for by the enthusiasm evoked by the relation of the story of Canada's marvellous commercial and industrial progress during the past year. The speech bristled with congratulatory references to the abounding prosperity which exists, and with confidence and hope in the future; and the cheers which greeted the allusions to these facts reached a climax when, with a note of pardonable pride, Mr. Fielding announced that his predictions of last year had been verified and the soundness of the Government's fiscal policy found justification in the magnificent surplus of upwards of four and a half million dollars, which he estimated would be the result of the operation of the current fiscal year, ten months of which have elapsed.

The Budget Speech.

When Hon. W. S. Fielding, Minister of Finance, rose at 3.25 to commence his budget speech he was greeted with loud applause. There were but few vacant seats in the House, and the galleries were filled. Mr. Fielding moved: "That the House resolve itself into committee to consider the ways and means for raising the supply to be granted to Her Majesty."

Mr. Fielding first dealt with the figures for the fiscal year, which ended on June 30 last, which he said was "the most prosperous period in the history of the Dominion." The receipts for 1897-98 were very nearly two and three-quarter millions more than the receipts for 1896-97, and said that among the sources from which the extra revenue had been derived was the department of the Postmaster-General, who had increased the revenue $324,871 and decreased the expenditure by $214,066, so that there was a betterment in the department of $538,937. The surplus was $1,722,720.

A Surplus of $4,600,000.

Turning to the current fiscal year, he gave the receipts as published up to April 30, and estimated that with receipts for May and June the total revenue on account of consolidated fund up to June 30 next would be about $46,600,000. The expenditure he placed at about $42,000,000, so that his anticipated surplus would be about $4,600,000. He estimated that the total expenditure on capital account up to June 30 would be about $8,660,000. From this he deducted his anticipated surplus of $4,600,000 and $2,360,000 sinking fund, leaving about $1,700,000 as the amount likely to be added to the public debt as the net result of the current year's transactions.

After speaking of the high credit of Canada and the value of Canadian bonds in the English market, he referred to the temporary loan of £500,000 which was made in January. It might be necessary to negotiate another such loan in July, and he explained that, although the Government had a surplus from ordinary revenue, it was still necessary sometimes to negotiate temporary loans to meet subsidies of provinces and other similar payments, which may become due before the revenue was collected. The rate of interest paid on the temporary loan was 3½ per cent. He quoted the increases which have been made in the public debt in the last six years to show that the increase for the year ended June 30 last, which was $2,417,502, was considerably lower than the average of previous years.

Enormous Trade Increase.

After a comparison between the revenue and expenditure under Conservative rule and that of the present Government, Mr. Fielding devoted nearly an hour to the question of the increase in our trade, quoting the figures for a number of years to show that the total trade had risen from about $240,000,000 in 1896, to over $300,000,000 in 1898, and, although the exports had fallen off somewhat in the nine months of the present fiscal year, the total trade would be estimated considerably larger than last year. He quoted figures in 1878 and 1896 to show that in 18 years the total trade only increased about fifty-eight millions, while in the two years from '96 to '98 it had increased sixty millions. He next took up the general business of the country, referring to the bank statements, the note issues, increase in insurances, the decrease in failures, the betterment in the position of railway companies, the development in the last three years. Mr. Fielding made a comparison between the exports of the United States and those of Canada, with the net result that the figures showed in the aggregate that while the foreign trade of the United States was only $24.60 per head of the population, that of Canada had been $56.29.

The question of preference given West Indies sugar by the tariff of last year had not resulted as well as had been anticipated, but still there had been considerable improvement in trade with the West Indies. He was afraid, however, that it would be very difficult for Canada to get a very large percentage of the West Indies sugar trade, because of the countervailing duties which obtained in the United States in favor of cane sugar as against beet sugar. He explained that the United States imposed an extra duty on sugars imported from countries which granted bounties. This operated against all beet sugar countries and in favor of cane sugar. Another matter which had operated disadvantageously with respect to the sugar trade was the transference of Porto Rico to the United States. This disability to as profitably trade with Porto Rico as when it was under Spanish rule was due to the United States coasting laws. He was glad, however, to say that he had just received a telegram to the effect that the United States War Department had that day issued an order to the general officer commanding in Porto Rico to allow foreign vessels to clear from Porto Rico for United States ports.

Not the Old N. P.

Mr. Fielding then read portions of the old tariff and the new tariff as introduced by him, showing that a large number of changes had been made, and that some increases had been made to the free list. The claim, therefore, of Conservative journals that the N.P. had been retained was groundless

It being 6 o'clock, the Speaker left the chair.

Resuming after recess, Mr. Fielding repeated that the reductions in the tariff had been a large and substantial measure of tariff reform. These reductions represented, in a lump sum, on the trade of 1898 as follows: Applying the tariff of 1896 to the imports of last year, the duty would have been $24,752,827, instead of $22,157,788 actually collected, and, adding $120,000 of refunds, gave a net revenue of $22,037,788, or a saving by the new tariff of $2,715,039. Last year, however, 19,771,814 bushels of corn were imported, which some declared was not really for home consumption. Applying the tariff of 1896 to the 5,440,000 bushels which remained in the country, the net saving of duty was still $1,640,247 under the new tariff. Taking the imports for the nine months of 1896-97 and of 1898-99, it would be found the average rate of duty was 17.21 per cent., as against 19.55 per cent. in 1896-97, a reduction of 2.14 per cent., equal to one-ninth of the old duty. Applying the 1896 rate to the imports for nine months of this year, it would have yielded $21,035,882. The amount actually collected was $18,711,700, a reduction of $2,324,124, which for the year would be about three million dollars saved.

The Preferential Tariff.

Mr. Fielding said that no matter how high the duties were in the general tariff, there was still the genuine reduction of one-fourth of it to the British people under the preference. Not only the British manufacturer, but the United States manufacturer understood this quite well. Taking the invoice of one Montreal merchant for about $12,000 worth of dry-goods, he showed a saving of $700 in duty under the preferential tariff. He had been assured that the extra cost of transportation was equal to about ten per cent. of the duty, so that in any event the British producer had a net benefit of 15 per cent. over the American in Canadian markets. The reduction in duty during 1898 under the preference was $634,715, being the difference between the $6,549,428 actually collected on British goods last year and what would have been collected under the 1896 tariff of 19.35 per cent., namely, $7,184,143. What the preferential tariff had done was to assist the decline in our imports from England, to increase it last year by $2,000,000 and this year by another $2,000,000.

The Opposition was prone to harp on the accusation that the Liberals had destroyed Canada's chance of obtaining a grain preference in England. It would certainly be an advantage to Canada to have a preference on her grain. He did not say that never would be done. In fact, he regarded it quite probable, but it would never be brought about by any dickering by the Conservatives, but through the Liberal spirit fostered by the present Government by means of its preferential tariff. That might make it possible, for the heart of the British people was touched and now he is willing to grant a preference which he would not give at the dictation of the Opposition. The preference was in the heart of the British people. It was shown in the fact that our trade with Great Britain had increased by 36 per cent., while that of the United States with Great Britain had increased by only ten per cent., and in the matter of immigration they were giving us the preference by sending the cream of their immigrants to this country.

Coal Oil Question.

Coming to the coal oil question, he said that the Government had reduced the duty one cent and had changed the regulations somewhat by allowing transportation in tank cars and tank ships. It was now proposed to widen the regulations by abolishing the inspection fee and endeavoring to remove the restrictions except such as gave reasonable guarantee as to the quality of the oil.

No Tariff Changes.

It was not intended to make any tariff changes this year. This did not mean that the tariff was perfect, but there should be a certain amount of tariff stability, and as the whole tariff had only been in force about nine months, it would be best to leave it alone for a while at least.

Another reason for not altering the tariff this year was the adjourned international commission, which would resume its labors at Quebec in August, and which he hoped would have some result. Canada wanted reciprocity if it could be got on fair terms, but was not willing to make undue sacrifices to obtain it. Our trade with the Mother Country and foreign countries was growing satisfactorily, and if the United States did not want reciprocal trade with us on equitable terms, we would have to worry along without it.

In conclusion, he drew a hopeful picture of the prosperity and development of Canada and resumed his seat amid great applause from the Government benches, after having spoken three hours and three-quarters.

Mr. Foster Will Follow.

Hon. Mr. Foster, who was received with Opposition cheers, said that he had listened very attentively to the speech of his honorable friend, and, although he was quite willing to go on with the debate, he had not quite recovered from his recent indisposition and did not think he would be regarded as unreasonable if he asked for an adjournment of the debate.

Sir Richard Cartwright, who was leading the House in the absence of the Premier, cheerfully assented, and the House adjourned at 9.35.

THE SHOOTING OF JOHN ICE.

Dominion Policeman Cawdron Says Col. Sherwood Was Compelled to Fire.

Ottawa, May 3.—Dominion Policeman Cawdron, who returned to the city yesterday, gives a graphic description of the affray which took place on the St. Regis reserve on Monday, when Col. Sherwood shot John Ice. The Colonel first shot the Indian in the arm, but that only made him the more savage. Col. Sherwood tried to avoid him, but finally was compelled in self-defence to fire a second time. The bullet struck Ice in the breast, and he died almost instantly.

The row outside the agent's office where the shooting occurred had been going on with vigor, but the sight of the dead man had a quieting effect. Cawdron believes had not Col. Sherwood fired when he did the whole party of constables would have been overpowered and probably killed. Cawdron says: "As soon as the shooting took place, Jack Fire and Lewis Thomas were handcuffed and taken to the boat. A big crowd of Indians followed us down to the landing, and we had to stand with revolvers cocked until off in the stream."

Commissioner Sherwood has telegraphed, saying that everything is now quiet among the Indians at St. Regis. Another Indian, named Louis David, one of the prime movers in the trouble, was arrested yesterday morning while passing through Huntingdon.

The body of the Indian, John Ice, will be taken to Dundee, Que., where an inquest will be held to-day.

Spain After China.

Hongkong, May 3.—It is reported here to-day that Senor Navarro, the Spanish consul, is now preparing documents in the case of Spain against China. The Spanish Government will demand substantial land indemnity, because the Viceroy of Canton permitted the notorious Abbey expedition to supply the insurgents in the Philippines with arms prior to the signing of the peace treaty. Abbey was captured by Dewey at Batangas, as a result of information cabled by Consul Wildman. Sylvester and Spitzel, who were implicated in the scheme, have fled to Europe.

To Liberate Dreyfus.

London, May 3.—The Birmingham Post says it learns that the French Government intends to anticipate revision of the Dreyfus court-martial by setting him at liberty in advance of the termination of judicial proceedings. According to this plan, The Post says, on June 1 the prisoner will be released, but, in order that the army shall not be disturbed, compensation will be awarded to Dreyfus, so that he, with his family, may live outside of France.

Britain Makes Demands.

London, May 3.—The Pekin correspondent of The Times says Great Britain has officially demanded of the Chinese Government satisfaction for the recent attacks made by the rebels upon the British authorities in the Kowloon extension of Hongkong.

Uganda Railway Going Ahead.

London, May 3.—A despatch from Mombasa, under yesterday's date, says that the Uganda Railway has reached the 300-mile post of the total distance to Lake Victoria Nyanza.

The Queen Starts for Home.

Nice, May 3.—Queen Victoria started for England yesterday.

FOR SALE OR TO RENT.

DENTIST.

DR. M. A. MORRISON,

Master of Dental Surgery and Honour Graduate Trinity University.

OFFICE—Bank of Commerce Chambers, opposite Post Office, Hunter street, Peterborough. My specialty is DENTISTRY in all its branches.

DO YOU WANT

Building Material, Shingles Joists, Scantling, Planed or Sill Timber of any kind, at Lowest Prices? Get my quotations.

Packing Boxes of every dimension made to order promptly by improved machinery.

A. McDONALD,

Point St. Charles Mill, Peterborough.

Into the Last Week

OF THE ALTERATION SALE

We have swung with interest unabated. Hundreds have come, seen, bought and gone away pleased. Other hundreds are still coming. They come with confidence. They know that when we say prices are down, or that things must go, we are not using empty words.

O O O

That is one feature of our talk to you in the Papers—telling the truth. No matter how much we might try to deceive you, no matter how easily we could deceive you in the store; it would be stupid for us to do it.

O O O

Take advantages of the prices this week, and mind we do not want you to buy a thing even during this Alteration sale that you don't want after you get it home.

J. Sutcliffe & Sons,

LINDSAY—PETERBOROUGH—KINGSTON.

"Hail, Spring's First Born Flowers."

How welcome they are, these new blooming blossoms. They are purity personified, these bits of life, with their bursting buds, joyous in their first sight of Spring. There are no impurities about them.

Humanity, however, continues to have its troubles, most of which can be traced to impure blood.

But humanity rests more contented now, for it knows that Hood's Sarsaparilla, the wonderful blood cleanser, never disappoints. You need it today.

Severe Pains—"I had severe pains in my stomach, a form of neuralgia. My mother urged me to take Hood's Sarsaparilla and it made me well and strong. I have also given it to my baby with satisfactory results. I am glad to recommend Hood's Sarsaparilla to others." MRS. JOHN LA PAGE, 240 Church St., Toronto, Ont.

Complete Exhaustion—"After treatment in hospital, I was weak, hardly able to walk. My blood was thin. I took Hood's Sarsaparilla until well and gained 20 lbs. It also benefited my wife." ARTHUR MILLS, Dresden, Ont.

Rheumatism—"I had acute rheumatism in my limb and foot. I commenced treatment with Hood's Sarsaparilla and Hood's Pills and in a short time was cured." WILLIAM HASKETT, Brantford, Ont.

Scrofula—"I was troubled with scrofula and impure blood. A cut on my arm would not heal. Hood's Sarsaparilla was recommended and after I had taken three bottles I was well." DANIEL ROBINSON, 58½ Treauley Street, Toronto, Ont.

Dyspepsia—"I was weak and had fainting spells. Dyspepsia and indigestion in severe form troubled me. Five bottles of Hood's Sarsaparilla made me well and strong." MRS. WILLIAM VANVALKENBURGH, Whitby, Ont.

Sick Headache—"I am now 22. Since I was 8 years old I suffered constantly with impure blood, biliousness and sick headaches until I took Hood's Sarsaparilla by doctor's advice. I owe my life to it." ELVIRA A. HUMBILL, Claremont, N. H.

Hood's Sarsaparilla
Never Disappoints.

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla

Daily Examiner.

WEDNESDAY MAY 3, 1899.

ASHBURNHAM COUNCIL.

Street Watering Contract Let and Other Business Transacted.

The Ashburnham village council met on Monday evening, those present being Reeve Adams and Councillors Sheridan, Craig, Rutherford, and Pollock.

Communications.

A communication was received from John S. Boswell, asking for road improvements on Woodbine and Cameron avenues.—Referred to the Street and Bridge Committee.

Councillors Craig and Pollock moved that the clerk be instructed to reply to the communication of the Peterborough Water Co., and furnish them a statement of the cost of the Water Works system to date.—Carried.

Accounts

were presented and payment thereof authorized as follows:

T. B.Maniece	$ 2 50
M. Kylie	2 50
John James	2 50
J. T. Wright, postage	1 00
Peterborough Light & P. Co.	1 00
J. T. Wright, salary	80 00

Street Watering.

The following tenders for street watering were opened:

Henry Cox	$175 00
James Valois	190 00
Thos. Mitchell	240 00

Councillor Rutherford moved, that Henry Cox's tender be accepted on condition that he furnish a wagon with 3 inch tires, and that he perform his work to the satisfaction of this board; also that he be paid 75 per cent. per month until contract expires.

Councillors Craig and Sheridan moved that the tender of Mr. Valois be accepted on the same conditions as specified in Mr. Rutherford's resolution.

In moving the amendment Councillor Craig expressed the opinion that Mr. Valois should be awarded the contract in consideration of his being a very old resident of the village, and less able to do hard work than either of the other tenderers.

Councillor Rutherford said he would not oppose the amendment if Mr. Valois was instructed to leave the watering cart down in the village instead of leaving it at home at night. This matter being satisfactorily adjusted, the amendment was carried.

Court of Revision.

Councillors Sheridan and Pollock moved that the Court of Revision for the current year, be held on Friday, the 26th day of May, at 8 o'clock, p. m., and that the clerk give the necessary notice thereof.—Carried.

Mr. McCarthy complained of the condition of the hill on Concession street, at the eastern end of Nicholls Park, which he claimed to be impassable and dangerous to traffic. He asked that the matter be attended to at once and the Council promised to comply with the request.

Councillors Sheridan and Rutherford moved, that a new sidewalk be built on the east side of Brown street and that repairs on the west side of the same street.—Carried.

Councillors Rutherford and Sheridan moved, that a sidewalk be laid from Mr. E. A. Peck's to the wharf on east side of Mark street.—Carried.

Councillors Pollock and Craig moved, that the sidewalk on Concession street be extended to the Finger Post on east side, not more than three feet wide.—Carried.

Councillors Craig and Pollock moved, that a committee of the whole council see what repairs are required on Oxford street and at the hill on Concession street, complained of Mr. McCarthy.—Carried.

Dr. Bingham Appointed.

Dr. Bingham applied for the position of Medical Health Officer, made vacant through the death of the late Dr. Clerk.

Councillors Rutherford and Sheridan moved, that Dr. Bingham be appointed Medical Health Officer, at a salary of 5$0 A year, and that he be requested to attend to all cases which come under his notice as charity patients.

Councillor Craig opposed paying $50 a year. He thought $40 per annum was sufficient.

Councillor Sheridan moved that the salary should stand as hitherto —$50.

The motion was then voted upon and carried.

The council then adjourned.

NORWOOD.

(From our own Correspondent.)

Mr. Claude Pengelly left on Thursday last for Bowling Green, Dufferin county, where he has secured a situation.

Miss M. P. Williams has purchased from H. G. Buck the handsome brick residence on the south side of Peterborough street, now occupied by J. C. Moffat, M.D.

Mr. D. H. Booth, insurance agent and the village treasurer, has opened up a cosey little office in the Ackerman Block on Peterborough street. His business in the future will be transacted in his office and not at his house on Queen street.

Miss B. J. Roxburgh, who has been visiting for the past couple of weeks with her brother, the Rev. F. D. Roxburgh, of Bridgeport, N.Y., returned to her home on Saturday last.

Mr. D. M. Hunter is recovering after his severe attack of pneumonia.

On Friday evening last Evangelist H. Meyddleton Wood lectured on the Second Coming of our Lord Jesus Christ. The lecture was well attended and very interesting.

Services in Christ Church were conducted on Sunday last by Mr. Turner, of Peterborough. The Rev. Mr. Bushel, of Keene, will conduct services on Sunday next, the 7th inst.

The Rev. John Gibson, of Thorn Hill, was in town on Tuesday.

Quarterly meetings were held in the Methodist church here on Sunday last.

The Norwood foundry and machine shop is now nearing its completion. Messrs. Hayden and Scott intend to start the business working some time this week. They will also have in connection with the foundry a bicycle repair shop.

The village Council met on Monday evening, May 1st, all members being present except the Reeve.

Moved by Messrs. Richardson and Iles that Councillor Drain occupy the chair in the reeve's absence.—Carried.

Minutes of former and special meeting were read and on motion confirmed.

The Auditors handed in their report of the receipts and expenditures of the corporation for the year 1898.

Moved by Messrs. Rork and Iles that the Auditors report be received and an order be drawn on the treasurer for their salaries, and that the necessary number of copies be printed for distribution.—Carried.

Moved by Messrs. Richardson and Iles that the following accounts be paid and orders drawn on the treasurer for the same:

Roland Scriver	$3.00
J. Johnston, on sidewalks	3.35
Wm. Lennow, on sidewalks	1.35
D. McNaughton	5.50

Carried.

The assessor made the return of the assessment roll for 1899.

Moved by Messrs. Richardson and Iles that the Court of Revision on Assessment Roll be held on the 26th May, 1899, at one o'clock p.m., to hear appeals on said roll.—Carried.

Moved by Messrs. Richardson and Iles that the portion of by-law No. — as far as it relates to the fee of $10 per day for the running of a Merry-go-Round inside the corporation, be reduced to $2 per day, and that this motion have the corporate seal attached to give it the effect of a by-law.—Carried.

By-law No. 225 to borrow the sum of $300 to meet current expenses passed its several readings.—Carried.

Mr. Alex. Patterson, who has had a long experience in the pruning and grafting of fruit trees, has purchased a spraying apparatus and will start in a few days with all the requisites for destroying vermin on fruit trees.

H. G. Buck is in New York State this week on business.

Mr. Carl Pengelly, who a short time ago accepted a position in a hardware store in South Finch returned home on Monday. He declares that South Finch wouldn't hold him.

A. W. McPherson, physical instructor in the Peterborough Collegiate Institute, spent Sunday in Norwood.

Miss M. P. Williams is having her property on Peterborough street extended. She intends building in the space between the Arcade and the Ackerman block. Already the place is being prepared for the masons, who commence work on Wednesday morning. This when completed will give a far better appearance to that portion of the town.

Robert Harrison, of Western Ontario, was visiting his brother, W. C. Harrison, for a few days last week.

The Norwood Palace Skating and Curling Rink Company intend holding a celebration here on May 24th, also a grand concert in the evening.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in the back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed at Jas. Lynch's Drug Store.

ARCHBISHOP O'CONNOR.

His Grace Was Welcomed at Toronto—The Installation Program.

Toronto, May 3.—Archbishop O'Connor was welcomed at the Union Station at noon yesterday on his arrival from London, in readiness for his installation, which takes place this morning in St. Michael's Cathedral.

Very Rev. Fathers Marion McCann and Harris advanced and greeted the Archbishop as he stepped from the train. Each knelt and kissed his ring—the insignia of authority—and shook hands cordially. These three dignitaries officially represented the clergy. Mr. J. J. Foy, Q.C., M.P.P., and Mr. Eugene O'Keefe similarly greeted His Grace, as representing the laity of Toronto.

At this morning's ceremony ticket-holders will be admitted to the Cathedral between 9 and 10 o'clock. At the latter hour the doors will be thrown open to the public. The installation service commences at 10.30, following which will be the presentation of addresses to the Archbishop, on behalf of the clergy and laity.

Ex-Ald. Hall Did Not Plead.

Toronto, May 3.—William Middleton Hall, the ex-alderman who was arrested by Detective Cuddy on Monday, was arraigned before Magistrate Denison yesterday. There were two charges of accepting and soliciting bribes to use his influence in connection with the introduction of the trolley system, and one charge of perjury. Only the first charge was read and Hall asked for a remand on all charges without pleading or electing. The accused was remanded till next Tuesday. Hall's bail was renewed.

Industries for Seaforth.

Seaforth, Ont., May 3.—Three bylaws were voted on here yesterday to loan $47,000 to manufacturing industries, viz.: Case & Co., pork-packing establishment; Van Egmond, woollen mills, and the Bell Foundry, and were all carried by a large majority.

—THE—
IMPERIAL LIFE INSURANCE CO.
OF CANADA.

Seven Cardinal Reasons for Insuring in the Imperial:

1. It **Affords Unquestionable Security** to policy-holders, by its large Capital Stock of $1,000,000, and its Dominion Government Deposit of $250,000, being the largest Government Deposit of any Canadian life insurance company.
2. Its **Policy Reserves** are held on the most stringent basis used in Canadian Actuarial calculation.
3. Its **Policies do not Restrict** the assured in respect to residence, travel or occupation, and are payable immediately on receipt of satisfactory proof of death.
4. Its **Policies cannot be Forfeited** after three annual premiums have been paid, but provide for surrender values by way of cash or paid-up insurance
5. The **Premium Rates Compare** favorably with those of other insurance companies, and a grace of month is allowed in payment hereof, during which time the policy remains in full force and effect.
6. Its **Policies are Automatically Continued** in force after three years premiums have been paid, for such time as the whole reserve is sufficient to pay premiums.
7. **Liberal Cash Loans** are granted under policies after three annual premiums have been paid.

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the padel without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. These styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. **Organs of every description at Wholesale Prices.**

Big Bargains now on hand in slightly used. Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

Address, DR. J. C. AYER, Lowell, Mass.

GAOL DELIVERY.

Pare and Holden Effect a Clever Escape From Napanee Gaol—How the Trick Was Done.

Napanee, Ont., May 3.—The excitement was intense yesterday morning around the gaol when it became known that the two notorious bank robbers, Pare and Holden, had flown in the night. On examination in the morning an opening was found in the brick wall under Pare's bed, leading into the adjoining cell, which was unoccupied. Into this the burglar made his way, and from that he had access to the outside of the locks, which he picked with wire, pieces of which were found lying around. Five locks were thus picked to enable Holden to get his liberty, and when the two were free, a piece of waterpipe was used to break the lock leading to the gaol yard. When there the two robbers piled wood against the wall of the yard, and tied their bed blankets together, to enable them to drop to the ground, a distance of 18 or 20 feet.

The sheriff has notified the authorities everywhere to be on the watch for them.

Some Silent Witnesses.

A coat of Pare's left hanging in his cell had in one of the pockets three pieces of wire bent and filed, and several pieces of wire were picked up on the floor of the cell and corridor, showing that he must have had a supply of these requisites, and the job evidently was planned and well laid out. A night watch was kept over the prisoners until December, when some of the authorities thought this unnecessary and it was discontinued then.

Mr. E. Gus Porter arrived in town at 5 o'clock yesterday afternoon from Brockville. When asked how this would affect the approaching trial in Toronto, he said: "If there was even a ghost of a chance of convicting Ponton before, this would thoroughly remove it from the minds of any intelligent people." Mr. Porter said he would to-day issue a writ against Mr. J. H. Madden, solicitor for the Dominion Bank here, for $5,000, for slanderous statements he yesterday morning made in public, to the effect that Ponton had something to do with the escape of the prisoners.

This is the sixth or seventh time prisoners have escaped from our jail during the incumbency of Jailer Vanluven.

Ponton's Statement.

Toronto, May 3.—W. H. Ponton refused to be interviewed last night, but made the following signed statement:

"I am instructed by my counsel to say nothing regarding the case. Therefore, I have nothing to say about the escape of Pare and Holden from Napanee Jail. I expect my trial will come off, as arranged, at the coming Assizes. W. H. H. Ponton."

Effect on Ponton's Trial.

Deputy Attorney-General Cartwright, when asked as to the probable effect of the escape upon the approaching Ponton trial, seemed to think it not unlikely that it would be postponed. He thought that the evidence given by Pare and Holden at the last trial could not be admitted if the escaped prisoners were not present. The evidence taken at the preliminary investigation before the magistrate could, however, be taken. As to the length of time Ponton could be held in custody awaiting trial, he said it was not usual to hold a prisoner more than a year. After that he would be allowed to go on his own recognisance to appear when called on.

ONTARIO'S REVENUES.

Remarkable Increase in Receipts From Mining Lands.

FEES FOR COMPANY CHARTERS.

Largely Augmented Increase From These Two Sources—Shows the Extraordinary Business Activity Which Prevails Throughout the Province—An Expected Gain of $100,000 in Annual Revenue.

Toronto, May 3.—The receipts from the sale and lease of mining lands and the amount received as fees for the incorporation of companies in Ontario for the first four months of the present year afford some indication of the extraordinary business activity which prevails throughout the province. The revenue from mining lands, consisting entirely of sales and leases, for the period ending May 1 was $80,411.18, as against $36,063.70 for the first four months of last year, or an increase of no less a sum than $44,847. This increase is almost phenomenal, more especially when it is remembered that the augmentation took place mainly during the winter months, when exploratory and development work is largely at a standstill. The expectation is that for the balance of the year the gain in revenue will amount to at least $100,000. The deduction from this remarkable showing is that, in spite of disappointment in certain cases, the mineral resources of Ontario are "panning out" well, and coming up to the expectations formed of them. The disappointments, fortunately, have been few in number, and confined almost entirely to the area of mining lands granted to the Gold Fields' Concessions, or, as they are better known, the Engledue syndicate. It is regrettable, officers of the Government state, that the lands granted to these capitalists should have turned out so poorly after the attempts made to prove that they had secured the pick of the mineral lands of Ontario. It goes to show, however, that the investment was purely and simply a speculation, and that there was not, as asserted by Conservative politicians, a job behind it. The showing in regard to the incorporation of companies is equally as satisfactory as that of the sales of mining lands. The revenue obtained in the form of fees for charters for the four months ending April 30th was $21,597.50, as compared with $8,285.27 in the same period of 1898, an increase of $13,142. Of this year's revenue only 15 per cent. comes from old companies, or companies transformed into joint stock concerns. At least 85 per cent. of the charters issued were for new companies of a general character. The foregoing figures must be accepted as satisfactory evidence of the "growing" time that exists in this province, as in other parts of Canada.

THE PROBLEM SOLVED.

THE NEW MEDICAL DISCOVERY TESTED.

Results of the Test in Various Forms of Dyspepsia.

Chronic indigestion or dyspepsia, while a very common trouble, has for some time been looked upon by able physicians as a very serious thing, and that no time should be lost in treating it properly at the start, because recent researches have shown that the most serious, fatal and incurable diseases have their origin in simple dyspepsia or indigestion.

Diabetes is simply one form of indigestion, the sugar and starchy food not being assimilated by the digestive organs. In bright's disease the albumen is not properly assimilated.

While consumption and dyspepsia are twin diseases, and it is beyond question that dyspepsia makes a fertile soil for the seeds of consumption.

But the trouble has been to find a remedy that could be depended on to cure dyspepsia, as it is notoriously obstinate and difficult to cure.

This has been the question which has puzzled physicians and dyspeptics alike, until the question was solved three years ago by the appearance of the new dyspeptic cure on the medical world known as Stuart's Dyspepsia Tablets, which it was claimed was a certain reliable cure for every form of stomach trouble.

Physicians, however, would not accept such statements without first giving the new remedy many tests and carefully observing results.

For three years the remedy has been thoroughly tested in every section of the country and with surprising and satisfactory results.

Stuart's Dyspepsia Tablets can honestly be claimed to be a specific, a radical lasting cure for indigestion in the various forms of acid dyspepsia or sour stomach, gas or wind on the stomach, too much bile, undue fullness or depressure after eating and similar symptoms resulting from disordered indigestion. Stuart's Dyspepsia Tablets were not placed before the public until this three years' trial left no doubt as to their value, and they have recently been placed in the trade and can be found at all druggists at the nominal price of 50 cents per package.

No false claims are made for the remedy. It will not cure rheumatism, pneumonia, typhoid fever nor anything but just what it is claimed to cure, and that is every form of stomach trouble.

No dieting is necessary, good wholesome food and plenty of it, and you may rest assured that Stuart's Dyspepsia Tablets will digest it.

Druggists claim for it that it is a pleasure to recommend it to dyspeptics, because it gives such universal satisfaction.

NEWS IN BRIEF SPACE.

A memorial tablet to the late Sir Casimir Gzowski will be placed in St. James' Cathedral by the officers of the Toronto garrison.

The large bridge at Bonaventure of the Atlantic & Lake Superior Railway has gone through and is a complete wreck. As a result all railway traffic on that line will be blocked for some time.

The Toronto Presbytery is sending a committee to appear before the Liverpool Presbytery, which meets in about ten days, and present the call of St. Andrew's Church, Toronto, to Rev. Dr. Black.

John Hallman, a Toronto engineer, on Tuesday, while his family was at supper, put a bullet through his brain. It is supposed he was deranged. He had been a sufferer from cancer of the stomach for years.

Samuel Webb, a Brighlingsea well digger, sang Rock of Ages for seven hours until his comrades dug down 40 feet and rescued him from the caved-in material which held him fast. He is seriously hurt, however.

The U. S. Postmaster-General has directed the postmaster at San Francisco to take out of the Manila mails three pamphlets issued by Hon. Edward Atkinson of Boston, vice-president of the Anti-Imperialistic League, on the ground that they might stir up discontent and even mutiny among the soldiers.

ENGINEER GRAHAM,

Of Montreal, Cured by Dodd's Kidney Pills.

Montreal, April 24.—Proof positive and convincing has already been given in Montreal that Dodd's Kidney Pills are the only sure cure for diabetes. And day after day fresh evidence comes to light to make the proof more emphatic and convincing.

Engineer James Graham, 54 Victoria Square, says: "I suffered with Diabetes for six years. One of our best doctors told me I could not be cured.

"I read of Dodd's Kidney Pills and decided to try them. Three boxes made me well, and I have not suffered from Diabetes since."

Such cures as this prove the efficacy of Dodd's Kidney Pills.

Another Immense Funeral.

Washington, May 3.—The bodies of 253 of the soldier dead, brought from the battlefields of Cuba and Porto Rico by the steamer Crook, were interred at Arlington Cemetery yesterday with military honors.

Beer Trust in Process of Formation.

New York, May 3.—It is said that a beer brewers' combination is in process of formation. The new company will take in all the large breweries in New Jersey. The concern is to be capitalized at $195,000,000.

Lumber Put Up $1 a Thousand.

Saginaw, Mich., April 29.—The Saginaw Valley Lumber Dealers' Association yesterday advanced the price of lumber $1 per 1,000 feet.

THE PRISONERS SAFE.

Yorktown's Boat's Crew Heard From by Americans.

GEN. OTIS' OFFICIAL DESPATCH.

Lawton Does Some More Effective Fighting—Filipino Envoys Again See Otis, But the Conference Was Fruitless of Results—Aguinaldo Repudiates the Peace Envoys With Fine Scorn.

Washington, May 3.—The following cablegram was received at the War Department at midnight, dated Manila, May 3:

Adjutant-General, Washington—List of prisoners in the hands of the insurgents just received shows that Lieut. Gilmore and seven enlisted men of the navy were lost from the Yorktown, and six enlisted men of the army—three of the six wrongfully arrested in January before hostilities commenced—all reported to be doing well. Besides the above, two men in the hands of the insurgents, South and Capt. Rockefeller, are still unaccounted for.

General Lawton's column, passing westward from Norzagaray, captured Dalinag and villages in the vicinity yesterday, scattering and pursuing 1,600 insurgent troops. His only casualties were two wounded; insurgent loss, several killed, large number wounded and captured. Numbers not stated. Have opened communication with Lawton via Malolos, by means of Hall's troops and detachments from the city. Otis.

Aguinaldo Repudiates Them.

London, May 3.—Representatives of the Filipino Junta say that they have received a cablegram from Aguinaldo, dated April 30, in which he states that his Government has nothing to do with the present peace negotiations, which, he asserts, are being conducted by a group of half-castes and creoles, who are anxious for peace in the expectation of getting high offices under a new Government. Aguinaldo disavows the present negotiations, and adds that under no circumstances will he accept an American protectorate.

Conference Was Fruitless.

Manila, May 3.—(Noon.)—The second conference, held this morning, between Major-General Otis and the Filipino emissaries, Col. Manuel Arguleses and Lieut. Jose Bernal, terminated without any definite results.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard street, Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remembering doing before. I feel like sounding its praises throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c and $1.00. Trial bottles free at Jas. Lynch's Drug Store; every bottle guaranteed.

Making Things Hum at Gough's.

Gough Bros.' prices just now for Spring Clothing actually border on the Sensational!

Only through command of such power as we possess by our Syndicate are such prices made possible in Peterborough.

By our prodigious buying at the **Doull & Gibson** sale and from **E. A. Small & Co.**, the wealthy wholesale clothing makers, of Montreal, we own stocks to-day which were purchased and laid down in our stores in Peterborough **cheaper** by from 15 to 20 per cent. than the wholesale makers sold to retail dealers.

Common sense reasoning, therefore, ought to convince yon that we control **better** Bargains by far than even the makers of Clothing themselves.

Buying right in the factory, as we do, our prices are shorn of the wholesalers' profits, the travellers' salaries and other heavy expenses.

You simply pay us one small profit as a turn-over.

Figure it up! Look into the matter! Attend our great Combined Double Header Sale, now in full blast, and be winners with us.

The largest stock of Men's, Youths' and Boys' Spring Clothing to select from.

Half Prices for Whole Suits is making things hum at Gough's.

Tickets for St. Paul's Church Choir Concert are on sale at Macdonald's Drug Store, Sanderson's Jewelry Store and P. Connal & Son's Grocery Store.

The Married Ladies' Social.

In George street church school room on Tuesday, May 16th, promises to be an unique and interesting event. Full particulars will be given later. There will be an excellent programme and refreshments and the result of the married ladies' enterprise and skill. Admission 15c. Don't fail to attend. 2d.

The Baby's Outing.

Time now for the baby to begin taking its outing—time to think about buying that carriage—for the mother's sake as well as baby's. When the subject is up for consideration give "The Peterborough Bookstore" a hearing. This is where you are likely to find a carriage that in style and finish and quality and price will justify you in making your selection. Will agree to give you back your money if you find you might have done better elsewhere.

GRAFTON & CO. BARGAIN DAY, THURSDAY.

Mens' and Boys' fine Silk Neckwear, in our-in-hand, knot and bow Ties, satin lined, choice patterns, in broches and checks, dark and light colours, regular price 20c., 25c. and 35c., Thursday Bargain Day at GRAFTON & CO'S **10c.**

Photographs on the Ground Floor.

Mr. Garnet Green has completed the re-modelling of the well-known photograph studio on Charlotte street. He has added new and effective back grounds, cameras and other modern accessories for the studio and everything is now in good working order. Mr. Green's work has been well spoken of. The samples in his window are very creditable. In many cases it is a great convenience not to have to climb up stairs to have a photograph taken, and as Mr. Garnet Green's is the only *ground floor studio* in town it has an advantage peculiar to itself.

THURSDAY, BARGAIN DAY, AT GOUGH BROS.

50 dozen Men's Black and Brown Fedora Hats, all shapes and sizes, regular value $1.00. Thursday Bargain Price .65

ALL SAINTS' VESTRY.

The Adjourned Meeting Held Last Night—Practical Appreciation of the Curates Expressed in Increased Stipend.

At the adjourned vestry meeting of All Saints, there was a large attendance, the curate, Rev. W. L. Armitage, presiding.

After devotions and reading of minutes, the business of the meeting proceeded.

Mr. W. B. Bamford presented the report of the committee appointed to confer with the advisory committee of St. Johns, which recommended that Rev. Mr. Armitage be allowed to give his services exclusively to All Saints, and providing certain contributions by St. Johns to the funds of All Saints, the details of which were published in yesterday's Examiner in the report of St. Johns adjourned vestry meeting.

In comment on the report, Mr. Bamford said the substance of the report was adopted with one exception—that referring to the pledge of future payments, the question of legality or power of the advisory committee to bind their successors to future action—and the report was amended to make the future payments, subject to the legality of such action. Mr. Bamford added, that the spirit of the advisory committee was of the kindest character, and the best of good feeling throughout the conference was made evident and Mr. Bamford felt that All Saints would and did reciprovate this commendable sentiment. He moved the adoption of the report, which was unanimously carried.

Mr. W. D. Points, people's church warden tendered his resignation which was accepted and Mr. E. Good, duly appointed in his stead.

Mr. Armitage stated that the insurance in force on the church, and its appointments, was of the amount of $3000.

The subject of strengthening and making more effective the envelope system of contribution, was generally discussed, and the matter left with the advisory committee, to take such action as the circumstances require.

A motion was made by Mr. Bamford, seconded by Mr. McFadden, that the sum of $100 be added to the stipend of the Rev. Mr. Armitage.

The motion was carried unanimously by a standing vote.

Mr. Armitage in acknowledging the substantial evidence of appreciation implied in the resolution adopted, said he would continue his efforts to deserve such a mark of appreciation.

Mr. W. Brundrette was appointed sidesman in the stead of Mr. Good, elected people's warden.

The subject of improving the grounds, and surroundings of the church, was also discussed and the meeting adjourned.

NICHOLLS' HOSPITAL REPORT.

The following monthly report of the work done at Nicholls Hospital is given to the public:

No. of patients	13
No. treated	49
No. of pay patients	17
No. of free patients	32
From town	32
Other places	17
Number cured	29
Number improved	4
Number died	3

Dr. Young was the attending physician for the month. The following attended private patients during the month: Drs. Halladay, King, Pigeon, Greer, Carmichael, Brown, McCullough and Bradd.

Thursday, May 11th,

The Annual Concert to be given on May 11th by St. Paul's church choir bids fair to be one of those excellent musical treats so generally connected with the efforts of this choir. The choir will be assisted in solo work by Miss Dora L. McMurtry, of Toronto, soprano, and Mr. Thos. McGorrie, tenor, the names of whom are among the most popular singers of Canada. The programme for this date is a splendid galaxy of musical gems, both in solo and concerted work, the best composers of the musical world being represented. The chorus work of the choir is, as to selections, fully up to the mark—Gounod, Mawley, Verdi, and Sullivan being the visible concerted contributors. The concert should certainly be a rich treat and we bespeak for the choir an audience worthy of their indefatigable efforts in the cause of the grand magic of music.

Great Bargains in Clothing for Thursday Bargain Day at GRAFTON & CO.

TO-DAY'S FIRE.

A Cottage Occupied by James Healey Entirely Consumed.

A disastrous fire, almost identical in detail with that which took place a few evenings ago below the canal locks, occurred this morning. A wreath of smoke was seen ascending from a point in the vicinity of Ludgate's Hill at about 10.30 o'clock, and a few minutes later the brigade turned out.

The building destroyed was a rough-cast cottage on the Theodore Ludgate estate, and just in the rear of the old homestead, which is now owned and occupied by Mr. Wm. Irwin. James Healey, who is employed as a labourer on the Trent Valley canal, lived with his wife and several children in the house.

The origin of the conflagration, as explained by Mrs. Healey, is as follows: She had just gone out to the well to get a pail of water when she noticed smoke issuing from the roof around the chimney. This she quenched, but on going inside she discovered that the fire had spread and was burning fiercely among the rafters. The chimney was in a very defective condition, and Mrs. Healey says that a number of times the roof had caught fire, but had been extinguished before serious damage was done.

The fire soon spread, and when the fire department arrived it was of little assistance, as there is no water in that vicinity. The men spent their time in saving the woodshed and stable.

Very little of the contents of the house were rescued. The house contained six rooms, and all the furniture, with the exception of several chairs and a sewing machine were destroyed. Even the children's hats and clothes were missing, and Mrs. Healey lamented the fact that she would have to walk round in a pair of slippers as her shoes were in the fire.

There was no insurance on either the house or its contents. The former is a portion of the Irwin property.

THE BURLEIGH POWER.

The Syndicate Gives Bonds to Light Lindsay.

Mr. J. Alex. Culverwell, one of the owners of Burleigh Falls power, was in town for a short visit. He stated to the Examiner that last week the Lindsay Council awarded the street lighting contract to his syndicate for ten years—it really being an extension of the old contract awarded Mr. Culverwell in connection with the Fenelon Falls power scheme, which was abandoned last fall, Fenelon having been reported on as being insufficient for transportation purposes to Lindsay by J. J. Wright, electrical expert of Toronto, for the Lindsay Council, at their expense. Two gentlemen of large means, members of the Burleigh syndicate, have given bonds to the Lindsay Council for $1500 that the work shall be in a fair way to completion by Sept. 15th. The Dundas-Flavelle Milling Company this week gave the Burleigh syndicate a contract for the furnishing of electric power for the whole of their large flour mills.

THIEVES AT WORK.

Chief Roszel received the following on a post card this morning.

Thornhill, May 2.

Sir,—Taken from my stable on Saturday night or Sunday morning, a black horse, about 15 1-2 high, a covered buggie, two knee wraps, an overcoat and a silver-mounted set of harness. Telephone me to Thornhill.

ED. GALLANOUGH.

PETER KING DISAPPEARS.

His Family Have Seen Nothing of him Since Sunday.

The family of Mr. Peter King, Downie street, are much distressed over the disappearance of the head of the family, on Sunday afternoon last, since which time he has not been seen.

Mr. King suffers at times from mental aberration but has not been afflicted in this way for several years, appearing to be enjoying splendid health.

On Sunday afternoon he left home to witness the Webber funeral and has not returned since, nor can his relations obtain the slightest clue as to his movements, after leaving the house. Any information regarding his whereabouts, will be thankfully received by the family, as it is feared that some accident may have befallen him.

CHEMONG CHANGES HANDS.

A New Boniface will be in Charge this Summer.

Mr. George Brown, of Stirling, brother of Messrs. Ed. and Bert Brown, of town, will arrive here to-morrow to complete all arrangements for taking over Chemong Park Hotel, he having leased the property for a term of years and purchased the furniture, etc., from Mr. Louis Fobert.

Mr. Brown, who is well known in Peterborough, should make a very popular Boniface. He intends erecting a building apart from the hotel proper, for the bar, which will also contain billiard rooms and a bowling alley for the accommodation of summer guests.

Mr. Fobert will remain on the premises assisting Mr. Brown for another month. Letters are already arriving from old American patrons inquiring for apartments, etc., and hoping that their comfort will be looked after in the future as in the past.

THE SHOE PINCHES!

Wall Papers Sold by C. B. Routley the Cause.

Whenever you find a firm resorting to running down every other man's goods but the lines they carry themselves, you can depend upon it the shoe pinches pretty sorely. All I have to say is that there are no makers' goods kept in the town in the line of Wall Papers that I do not keep, including my bitter opponents,' pet manufacturers, Watson, Foster & Co., of Montreal. I hope that my unscrupulous opponents' better judgment will prevail and that I won't again see such paltry exhibitions of trade jealously put into print.

I have been fourteen years in the Wall Paper business and indeed was in it long before some of my opponents knew an "ingrain" from a "white blank," but during all these years, I have never had a single complaint from any purchaser that colours have run on paper bought from me. Can some of my opponents truthfully say as much?

C. B. ROUTLEY,

WEDNESDAY, MAY 3, 1899

BENSFORT BRIDGE EMBROGLIO.

The inter-county difficulty over the Bensfort bridge and the litigation that until yesterday morning, was in progress, seem to be a striking example of a penny-wise and pound-foolish policy. Here we have a bridge constructed by means of funds represented by a liberal grant from the Dominion Government and one of a substantial nature by the Onatrio Government, by South Monaghan as a municipality, by a special grant from the town of Peterborough, by private contributions and by small grants of the united counties of Durham and Northumberland and the county of Peterborough. This bridge serves especially the convenience of two of the most important townships, of these two rich counties, and from this fact and the fact that an inter-county bridge has been erected at a merely nominal expense to the counties interested, it would seem that these counties, might with property contribute the sum needed to cover the trifling expense of swinging the bridge during the season of navigation. The question of responsibility of the two counties as to future maintenance, which it is claimed is involved in the payment for swinging may be well enough from a point of strict legal view, but on the score of expediency and profit it does not, to employ the vernacular, "cut much ice." The cost of swinging is an annual trifle, while the legal proceedings undertaken, have incurred enough cost to provide for the little maintenance a solidly constructed bridge will need for years, not to speak of the unneighbourly feeling engendered. The services of the some half dozen lawyers engaged for a few hours, would amount to enough to swing the bridge for years. One would think that two big and wealthy counties would take a big view of the matter and come to some amicable arrangement to jointly bear the expense of swinging and maintaining an inter-county bridge that practically cost them nothing and which is of important service to the residents of the respective counties. Technically, the counties concerned may be justified in standing out to avoid legal responsibility in respect of maintaining the bridge, but the greatest possible amount involved in the assumption of such responsibility, is a mere trifle, compared to the inconvenience that will otherwise be sustained by the counties and the public generally, and to the great cost and other objectionable features, of the protracted litigation that is certain to ensue, in case some amicable settlement is not reached. It is to be hoped that the joint efforts now being made to come to a friendly agreement, will be successful.

The result of a conference of representatives of Northumberland and Durham, Peterborough and the Township of South Monaghan, held in the Council Chamber on Wednesday, was fruitless of results, several propositions presented failing to elicit the general approval of the delegates. It is to be hoped that the future will bring a settlement, for if it does not the bridge will be in a trebly orphaned and deserted condition. Disowned by Peterborough county, repudiated by Northumberland and Durham and cast off by South Monaghan it will, unless things change have to swing itself and keep itself in repair.

Garnet Green on Charlotte street

Serge Suits!

We carry a large selection of the best qualities of these popular Summer Suitings, including the Reliable-Dyed ENGLISH and IRISH SERGES, in blue and black—the finest imported and the kind it pays to buy.

Serge Suits possess special advantages which make them always popular. They are easily cleaned, and do not show brush or water marks. They are always dressy, easy and comfortable, when made as we make them. As cheap to pay a fair price for a good suit as to pay a low price for a poor one. Our CASH SYSTEM has lowered prices.

INSPECTOR SEATH'S ANNUAL REPORT.

The Standing of the Collegiate Institute.

NEW BUILDING RECOMMENDED.

Other Business Transacted—The Matter of School Savings Banks: Brought up for Discussion.

The monthly meeting of the Board of Education was held last evening, with the following members present: Messrs. Peter Hamilton (chairman), W. H. Hill, J. J. McBain, V. Eastwood, J. J. Hartley, W. H. Wrighton, Henry Denne, James Edgecumbe, Robt. Fair, James Stevenson, L. M. Hayes and Dr. Burnham.

Communications were received and dealt with as follows:

From Messrs. F. Adams and E. A. Peck, a committee of the Ashburnham Board of Education, offering on behalf of the Village Board $150 per annum in consideration of the children of Ashburnham being allowed to attend the Collegiate Institute and write on the same terms as are enjoyed by the children of the town. The period of five years was suggested as the period of the currency of the agreement.—Received.

From J. A. Ellis asking the privilege of submitting sketch plans for a proposed new Collegiate Institute building.—Referred to the Property Committee.

From R. E. Wood complaining of the water supply at the Park street school.—Referred to the Property Committee.

From Mrs. George Tighe soliciting aid.—Received.

From John Corkery, secretary of the Separate School Board, stating that Mr. M. O'Brien has been re-appointed examiner.

From S. R. Armstrong asking that a representative from the Board be appointed to act on the committee appointed to consider the advibability of establishing a Free Library in Peterborough.—Received.

Accounts were received as follows and referred to the Finance Committee:

Bell Telephone Co.	10 00
Miss K. Lewis	15 00
Miss A. Wood	8 75

mitted.

All of which is respectfully submitted.

The report was adopted.

School Supervision.

The oCmmittee on School Super- to whom was referred the complaints of Mr. Robinson and Mrs. Cameron reported as follows through its chairman, Mr. W. H. Hill:

1. In the case of Mr. Robinson the Committee had before them both Mr. Robinson and the teacher complained of, and after a full explanation an amiable arrangement was effected.

2. In the case of Mrs. Cameron the Inspector made a very full and satisfactory investigation and on submitting his report the committee could not find that Mrs. Cameron had any good grounds for complaint.

3. The Committee wish to place on record their approval of corporal punishment in extreme cases, believing that the teacher should exercise such discipline as would be exercised by a judicious parent in the management of his children; but at the same time they believe that whipping should be resorted to as seldom as possible, and that in no case should the pupil be struck in the face or head.

All of which is respectfully submitted.

W. H. HILL, Chairman.

The report was adopted.

The Property Committee reported as follows through Mr. R. Fair:

Gentleman,—Your Property Committee beg leave to report that they have considered the petition of R. M. Dennistoun and 19 others in reference to the Kindergarten room, and beg leave to report that at the present it is impossible to change the room in the Central School, there being no other available.

Your Committee after carefully considering the school accommodation of the town, and taking into account the fact that if the building at present occupied by the Collegiate Institute could be used for public school purposes, think that this would give all accommodation that will be required for a number of years to come.

The lease of the George-st. school for which we are paying at present $400 and taxes, in all $531.75, will expire in about two years, and if the Central Park could be secured as a site for a Collegiate Institute, this sum with a very little additional amount would pay the interest on the sum required to build a new Collegiate Institute.

Your Committee, therefore, after considering all these matters, recommend that a committee of the Board be appointed to wait on the Town Council and secure their co-operation in petitioning the County Council to grant their interest in Central Park for this purpose.

Your Committee begs further to report that during the winter, they purchased the following quantities of wood:

Robt. Hull, 161 cords of green hard wood at $3.35; Charles Nixon, 30 1-2 cords of green hard wood at $3.35; H. Willis, 2 cords of dry hard wood at $4.25; Robert Valentine, 20 cords green hardwood at $3.35; Geo. Walton, 26 cords of soft wood at $2; Walter McBain, 65 1-2 cords of green hard wood at $3.35; James Lillico, 4 cords of dry hard wood at $3.75; Michael Regan, 4 1-2 cords of dry tamarac at $2.75; James Harrison, 5 cords of green tamarac at $2.25; Jas. Harrison, 3 cords of dry cedar at $1.75; John McIntosh, 40 cords of green tamarac at $2.25; John McIntosh, 2 1-2 cords of dry hard wood at 4$.00; R. Payne, 38 3-4 dry hard wood at $4.00; Jos. McIlmoyle, 1 cord of dry hard wood at $3.50; John McIntosh, 18 cords of green hard wood at $3.75.

All of which is respectfully submitted.

W. G. FERGUSON, Chairman.

The report was adopted.

Mr. James Stevenson, who attended the convention of School Trustees in Toronto, together with J. J. Hartley, presented an excellent report of the proceedings at the different sessions.

Mr. Hartley also gave a verbal report of much interest.

INSPECTOR'S REPORT.

Inspector Seath's report on the Collegiate Institute was received as follows:

I. Accommodations were graded as appended: Closets 2, water supply 1, school grounds 3, classrooms 2, halls 1, waiting rooms 2, caprooms 1, teachers' private rooms 2, desks 2, blackboards 1, lighting 2, heating 1, ventilation 1.

II. Equipment.

	Value at last insp.	Present value.
Reference Library	$572.45	$578.45
Library Supplies, Reading, English Literature	114.80	114,80
Apparatus	866.49	866.49
Maps, Globes, etc.	149.00	149.00
Gymnasium	6.00	6.00
Equipment for Physical Education	160.00	160.00

I would suggest that the Board apportion a sum annually for the improvement of the library.

III. Organization.

1. Subjects on the programme not taught—the optional subjects.

2. Provisions made for teaching:

(a) Writing—In accordance with the regulations.

(b) Reading — Satisfactory except in Form II, in which insufficient provision has been made.

(c) Drill, calesthenics and gymnastics. In some of the forms somewhat less provision than prescribed. See former reports.

3. Division of duties among teachers—satisfactory.

4. Ratio of pupils to teacher—satisfactory.

IV. Miscellaneous.

1. Staff—all legally qualified.
2. Discipline—satisfactory.
3. Attendance—all duly admitted.
4. Text books—all authorized.
5. Registers—satisfactory.
6. Supply reading in Engliah Literature—satisfactory provision.
7. Sight work in Classics and Franch and German—satisfactory provision.

V. Character of Teaching.

1. English and History, I.
2. Mathematics, I.
3. Science, I and II. (see former report.)
4. Classics, I.
5. French and German, I.
6. Commercial, I.
7. Drawing, I.
8. Reading, I.
9. Drill, etc., X.

In the above grading I have not appraised Mr. McPherson's work as he has just entered upon his duties.—I may say, however, that I believe he will prove himself to be an efficient member of the staff.

VI. Character of Pupil's Work.

1. Reading.

(1) Last class of entrants of 58 examined 21 are good, 22 fair, 15 poor and none bad.

(2) Other pupils—of 69 examined 20 are good, 27 fair, 22 poor and none bad.

The reading in Form II is not so good in proportion as it is in the other forms. The matter is one that needs to be remedied.

2. Book-keeping sets—good.
3. Drawing books—good.
4. Drill, etc.—see above.

The attendance at this Institute is somewhat smaller than formerly, but the attendance is ample for the staff. The general condition of the school is, as usual, excellent. I hope to be able to report before long that a new building, commodious grounds and a large and well ventilated gymnasium have been provided. In these respects this Institute is inferior to some of the other leading Institutes.

J. SEATH.

The report was received.

Moved by Messrs. McBain and Hill, that a grant of $30 be allowed for the purchase of books for the library, such books to be selected by the principal from time to time as the grant will allow.—Carried.

Mr. W. H. Hill was appointed to represent the Board on the committee which is to consider the changing of the Public Library into a free one.

Moved by Messrs. McBain and Hill, that Mr. J. McCaig, be appointed a member of the Board of Examiners for the entrance examinations this year.—Carried.

On motion of Messrs. James Stevenson and J. Hartley, the request for aid by Mrs. Tighe was granted on account of valuable service rendered in the past.

On motion of Messrs. McBain and Hayes, no action was taken in regard to the communication from Ashburnham, asking that the village pupils be allowed to enter the Collegiate Institute on the same basis as the town pupils.

Savings Banks

Dr. Burnham introduced the question of establishing savings banks in connection with the public schools as has been done in numerous cities in the United States as well as in a number in Canada. After explaining in a measure some of the advantages to be derived from the idea he stated that he was in possession of a quantity of statistics, etc., which he would like to place before the Board through the medium of a special committee which could report on the feasibility of the plan. The following were appointed to act on the committee with Dr. Burnham: Messrs. W. H. Hill, W. B. Bamford, W. G. Ferguson and J. J. McBain.

The New Woman

Now enters upon pursuits formerly monopolized by men. But the feminine nerves are still hers and she suffers from toothache. To her we recommend Nerviline nerve pain cure—cures toothache in a moment. Nerviline, the most marvellous pain remedy known to science. Nerviline may be used efficaciously for all nerve pain.

THE CROWN OF LOVE.

What does love mean and how much happiness does it bring to the average woman? To be a sweetheart, a wife, a mother — this is called the crown of womanhood; yet there are crowns which bring only misery and pain to the wearers.

Can any woman who suffers with constant dragging, wearying, life-sapping ailments be happy? Does not her crown of womanhood become a symbol of martyrdom rather than of happiness?

If ailing women realized how surely Dr. Pierce's wonderful "Favorite Prescription" would restore them to complete health and the perfection of queenliness, there would be more coronets of joy set upon brows now crowned with misery.

"I had female trouble for eight years," writes Mrs. L. J. Dennis, of 828 East College St., Jacksonville, Ill. "For three years I suffered continually. Words cannot express what I suffered. I sought relief among the medical profession and found none, until induced by kind friends to try Dr. Pierce's Favorite Prescription. When I commenced taking this medicine I weighed ninety-five pounds. After taking 'Favorite Prescription' I was built up until now I weigh one hundred and fifty-six pounds—more than I ever weighed before.

"I was so bad I would lie from day to day and long for death to come and relieve my suffering. I had internal inflammation, a disagreeable drain, bearing-down pains in the lower part of my bowels, and such distress every month, but now I never have a pain—do all my own work and am a strong and healthy woman. Thanks to your medicine. I never forget to recommend it to all suffering women. I consider myself a living testimonial of the benefits of your 'Favorite Prescription.'"

Any woman may write to Dr. R. V. Pierce, of Buffalo, N. Y., with the utmost confidence. He will give her case careful consideration and send her a letter of common-sense, professional advice free of charge.

If your head aches, the trouble is pretty sure to be constipation. Dr. Pierce's Pleasant Pellets will cure you.

PALM VARIETIES OF CUBA.

There Are Twenty-six Different Kinds on the Island.

Not only is the climate of Cuba favorable to the planting of crops whenever the farmer chooses to plant them and the lands so rich that no fertilization is ever required, but nature seems to have, with a beneficent hand, reared many strange trees and plants to supply the wants of man without the necessity of his planting them himself. First among these are the palms, some 26 varieties of which adorn the fields of Cuba, giving shade, food and life. At the head of these stands the royal palm.

The royal palm consists of a tall, straight trunk of a very fibrous nature and supports a cluster of pinnated leaves like a bunch of plumes on a long stick. The leaves are large and leathery. These leaves continue to grow from the center to a great length. When the leaves cannot grow any more, they drop to the ground from the bottom of the cluster, thus making room for the new ones which are always coming out of the center. It also yields in the proper season yellow flowers. The fruit cannot be eaten.

The stem of the long leaves is peculiar. It is semicircular and embraces the trunk of the tree and holds the leaf in place until it withers and drops to the ground. It resembles a thin board and is often of great size, and it has a number of uses. The trunk of the tree is without any bark, and its center is very porous, increasing in density toward the outer surface. From the hard outer shell of the trunk canes are made. The bud or root of the center spire, from which the leaves grow, consists of a tender substance buried deep down within the cluster of the green leaves and forms a very palatable food either in the raw state or cooked as a vegetable. It is also made into a preserve with sugar.

The royal palm is one of the most common of all the trees in Cuba. It is met with everywhere, and in the center of the broad pasture lands it often stands alone. Bordering the cultivated fields of rich planters, it forms shade avenues which lead to the dwellings.—Scientific Chronicle.

MR. WILLIS, WOODSTOCK.

Escaped a Deadly Enemy by the Aid of Dodd's Kidney Pills.

Woodstock, May 1.—(Special) This city is deeply agitated, with joyous excitement, because another popular resident, has escaped from the fatal grip of kidney disease, by the aid of Dodd's Kidney Pills.

Everyone knows Mr. H. A. Willis, the genial proprietor of the "Buckingham" hotel. He tells his story, thus: "For two years past I have suffered intensely from Lame Back and Kidney Disease. Nothing I ever used helped me.

"My sufferings grew worse daily. I heard so much of Dodd's Kidney Pills that I decided to try them. I got relief from the first box. Three boxes cured me entirely."

Dodd's Kidney Pills always cure.

Laundry In "Soak."

One of the most curious ways of raising ready money practiced by the impecunious is the hypothecation of soiled linen. The bankers are the Chinese laundrymen, whose places are so numerously scattered over the city. When a needy individual has no other collateral to put up for a short loan, he finds in John a friend in need, who is always ready to make an advance on a bundle of shirts, collars or cuffs. Very often the loan almost equals the value of the security, but John shrewdly reasons that his customer will let other claims go by default before he will forfeit the shirts and collars so necessary in making a presentable appearance.

The custom of making use of the laundryman as an "uncle" is said to have originated in San Francisco and was brought eastward by returning travelers from the Pacific slope. — Philadelphia Record.

Fleas In Frankfort.

It is flea time in Frankfort. The hot sun has brought out the little pests by the million. The man who can take a walk out in Frankfort and go home without insect company is the marvel of the household. The sand of the promenade surrounding the town is alive with fleas, and, while the persons who drink the beer of Frankfort do not seem to mind the little pests, abstainers, and especially women, are driven frantic. In hotels of the best order I have seen fleas so thick that from one's chair one could watch them skipping about the floor.—German Letter, Chicago Record.

Liverpool Markets.

Liverpool, May 3.—Prices yesterday closed at these figures: Spot wheat steady at 6s 3d for No. 1 Nor. Futures quiet; red winter, 5s 8½d for May, 5s 7½d for July and 5s 7¾d for September. Maize, 3s 5d for new spot; futures, 3s 4¾d for May, 3s 5½d for July and 3s 5½d for September. Flour, 17s 9d.

Cheese Markets.

Belleville, Ont., May 3. — Belleville cheese board organized for the season yesterday, Dr. Simmons was elected president, and D. J. Fairfield secretary-treasurer; 740 boxes offered, sold 180 at 9¾, go at 9 7-16.

His Plan Was Simple.

Frederick the Great once requested his generals to submit to him plans of campaign for a supposititious case. Hans Joachim von Ziethen, the famous cavalry general, produced a queer diagram in black ink. It represented a big blot in the center, intersected by two black lines, whose four terminals ended each in a smaller blot. The king was furious and upbraided his old comrade in arms bitterly for what he considered disrespect.

In explanation Von Ziethen said: "Why, your majesty, I am the large blot in the center—the enemy is any one of the four smaller blots. He can march upon me from the right or left, from the front or rear. If he does, I simply advance upon any of the four lines and lick him where I find him."

Frederick was satisfied.

McGill Man Goes to Chicago.

Montreal, May 3.—Dr. J. C. Webster, lecturer in gynaecology at McGill, and assistant gynaecologist at the Royal Victoria, resigned yesterday to accept the position of professor of obstetrics and gynaecology at the University of Chicago. Dr. Webster is a Canadian, and is looked upon as one of the ablest in this branch in America.

Hairene for the Hair

Dr. Andrew Grant & Co., Toronto:
Dear Sirs,—Having had your "Hairene" in stock now for about a year, I cheerfully testify to its merits, not only as a seller, but one giving entire satisfaction to my customers, and is the best article of the kind that has ever come under my notice.

Yours very truly,
W. B. HOWSE,
Druggist.

VIOLENT HEADACHES

Accompanied by Indigestion and Constipation cured by Dr. Chase's Kidney-Liver Pills

From Bath, Ont., comes the particulars of a remarkable cure effected by Dr. Chase's Kidney-Liver Pills. Mr. Jos. Gardiner was for forty years the victim of indigestion, constipation, and violent headaches. Nothing seemed to have the desired effect until he began the use of Dr. Chase's Kidney-Liver Pills, and they effected a complete cure. Mr. Gardiner writes:

"I have been troubled for over forty years with indigestion and constipation, would go for two weeks at a time. At intervals I would be taken with violent headaches. I spent dollars and dollars in vain, and was finally advised to use Dr. Chase's Kidney-Liver Pills, and must say that they are the only remedy that gave me permanent relief. I would not be without them for anything."

Dr. Chase's Kidney-Liver Pills, one pill a dose. 25c. a box. At all dealers, or Edmanson, Bates & Co., Toronto.

Persiatic Plant Food—Acts as a tonic on sickly drooping plants. Destroys insect pests that sap the vitality of the plant and ensures strong, vigorous growth and abundant healthy coloured foliage. Is invaluable for use on delicate plants such as palms and exotics—increase the vitality of the roots and strengthens the plant fibres. At all druggists and dealers, 25c.

The PICKHARDT RENFREW CO., Stouffville, Ont. LIMITED

Misplaced Sympathy.

There was once a paterfamilias who was eloquently indignant about the way his daughters imposed upon the laundress in the matter of white petticoats in winter. "It was a shame at all seasons," he said, "but in cold weather, with no excuse for wash skirts, it was cruel to ask that poor, hardworking girl to slave and toil over their washing as she was obliged to do."

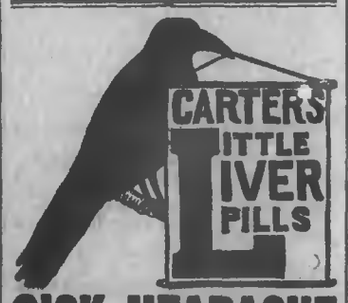
One day the paterfamilias, happening to pass through the laundry, tore up stairs, white with rage, to where his daughters were. "Well, girls," he cried, "this is too much. White petticoats in winter are bad enough, but when it comes to such white petticoats as I saw Delia breaking her back over just now down stairs—ruffles from top to hem and tucks and lace and embroidery—why, it's a day's work to look at one of them. If you must have such extravagant fripperies, for heaven's sake have them plain."

The daughters investigated. Since the last paternal outburst they had given up white petticoats, either ruffled or plain, and in either spring, summer, autumn or winter. It was as they feared; the "extravagant fripperies," ruffled from top to hem, over which poor Delia was breaking her back, were the property of poor Delia herself.

Very Amusing.

The late Dr. A. K. H. Boyd of Scotland once visited a woman who had lost her husband. By way of comforting her he proceeded to set forth with great earnestness and beauty of language the joys of the state to which the departed one had attained.

The bereaved woman, with a vivid recollection of her husband's defects, found it hard to share in the minister's hopes, although she wished to show her sense of his kindness. She unburdened herself thus: "Weel, Dr. Boyd, you're maybe no vera instructive, but you're aye amusing."



SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue Pain in the Side, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

LOVE SONG.

If all the laurel wreaths of fame
Were twined for my unworthy head,
What were they worth unless you came
To see your lover garlanded?
If all the sovereignty of earth
In one sole scepter wooed my grasp,
What would its heavy gold be worth
Unless your hand were mine to clasp?
If all the roses summer knows
By pleasure's hand were plucked and strown,
Should I raise up one single rose
If I must drink its scent alone?
There is no kingdom but your heart,
There is no laurel but your praise,
The rose is but your counterpart,
You dear delight of all my days!
Yet would I had the scepter gold,
The laurel fine, the roses rare,
The scepter for your hands to hold,
The rose and laurel for you hair!
—E. Nesbit in Black and White.

Babies Tortured

Eczema, Salt Rheum, tetter, scald head, old people's rash, and all itching skin diseases, are absolutely cured by Dr. Chase's Ointment.

They Ought to Unite.

Here is a story of a Milwaukee couple who agreed to separate after 15 years of married life. They continued to reside within a block of each other and to pass the time of day impersonally when they met. When the silver anniversary of the wedding came on, both celebrated it, although separately. Two church ceremonies were performed in the church where they were wedded 25 years before, the husband's ceremony being at 8 o'clock in the morning and the wife's at 9. That evening each gave a reception at the residence at the same hour, and the same friends called to pay their respects, successively going from one house to the other.—Milwaukee Sentinel

For 30 Years

we have been studying paint—its best composition and its best application. We have only one aim. That is to make the best paint possible. The markets of the world are open to us. If all white lead or all zinc made the best paint it would be wise for us to make it so. But experience shows that a combination of these two substances makes far better paint than either one alone. Therefore, as we are neither white lead dealers, nor zinc dealers, we use enough of each to produce the best result, and with pure oil and the best drier, we make the paints that have made us.

THE SHERWIN-WILLIAMS PAINTS

They are made in the best way and put up so they can be applied in the best manner and will give the best results. Send for our little book (it's free) and get acquainted.

Vim Vigor Vitality

DR. WARD'S BLOOD & NERVE PILLS

VIM—to work and to win—to keep a sane mind in a sound body—to laugh at worry.

VIGOR—to ward off disease—to conquer obstacles—to transmit health and strength to your posterity.

VITALITY—to resist the fearful strain and tension of modern life—to make up for the constant drains of overwork. **Dr. Ward's Blood and Nerve Pills** confer all these essential qualities on the user.

THIS EVIDENCE IS AMPLE PROOF.

Before using Dr. Ward's Blood and Nerve Pills I felt weak, nervous and run down. I had lost weight steadily for some time; my circulation was poor; hands, feet and limbs were cold. I always felt weak and my muscles trembled. Now, after the use of one box of Dr. Ward's Pills, I feel like my old self. I have gained five pounds in weight and 100 per cent. in cheerfulness. I now walk firmly, my muscular system is strong and my blood circulates vigorously. I have more comfort than I have experienced in years. Dr. Ward's Pills have done more for me than any medicine I ever took.

HIS LAST FORD.

"You see thet bluff over there? Thet's Coyote point." This was addressed to me by my guide and assistant, "Mr. Amos Adams," as he loved to be called.

I had been sent out to this No Man's Land to make a preliminary survey with barometer and hand level for a railroad, and, putting up one night at a saloon, the only hotel in Williams, had met "Ame," a tall, broad shouldered Arizonian, who took quite a fancy to me because I called him "Mr. Adams" and offered to go with me "jest fer the fun of the thing." Learning that he was more familiar with the country than any one around there, I was only too glad to employ him. All I needed was some one who knew the principal passes and the location of the "tanks" (rocky basins in ravines where water from the winter rains or melted snow is held till long in the summer).

It had been a month since we had camped on the banks of a muddy little stream known to the Indians and Mexicans as La Rio Puerco, and we were up in the mountains north of the spot where the town of Flagstaff is now located.

We had finished a rather meager dinner of bacon and hard tack, with a small piece of venison, part of a deer which Ame had killed the night before, and were stretched out under a pine tree enjoying "a pipeful." Our horses, which we had unsaddled and hobbled, were cropping the occasional tufts of grass which grew near.

I turned my head lasily in the direction indicated and mumbled a gruff "What of it?"

"Well, it wus nigh on six year ago thet I last see thet bluff. You see, Coyote wus a bad man, half Indian an half Mexican, an a meaner critter never breathed. He could throw a rope better'n any of us an ride the meanest broncho thet ever went up in the air.

"I wus punchin cattle for Palmer Bros.' X Y Z brand, about 80 mile northeast of Prescott. There wus Jim Barker an Dandy Dutcher an Lem Leonard, Coyote an me. There wus about 25 more, but we wus the only ones in at the time I speak of.

"The 'old man,' as we called Jim Palmer, wus about 60, with white hair an a heart as big as a yearlin calf. He wus always a-doin somethin for us boys, an when Jim Barker had the smallpox the old man never left him.

"His brother Jack wus a different sort of a chap, a full ten year younger, an hed been a captain or lieutenant or somethin in the army office at Washington. We never knew exactly, but heard thet he hed hed trouble with some society woman, an she hed turned him down, so he resigned an came out to help his brother, who loved him an watched over him like a father.

"He always wore a necktie—somethin the old man never hed on, I guess (leastways I never see him wear one), an occasionally he'd get on his high hoss an ride into Prescott, get drunk an raise a row. No one would hurt him because he was the old man's brother. Then the old man would drive in an get him without sayin a word to a livin soul.

"One night—it wus just after the round up—all the boys hed worked hard an wanted a little fun. The old man gives us each $100 an told us not to show up till it wus gone. He knew we would be back next night or the day followin, 'cause a hundred wouldn't go far them days.

"We all rode into town, keepin pretty well together, all 'ceptin Coyote, who slipped away early in the evenin.

"About 2 o'clock in the mornin we pranced into the Merino saloon. We didn't get a very lively reception, an old Simpson raised his hand an sed, 'Sh. boys, Jacob Palmer's got his dose.' You could hev heard a pin drop. Every one of us had thought the same thing, 'What'll the old man think?' Then out came the guns, an we all crowded round Simpson to know who'd done it. All we heard him say was 'Coyote,' an we made a break for the door.

"Well, we hunted thet town over twixt thet an daylight, all the low joints an Mexican dives, an finally found out thet he'd taken his hoss an lit out north.

"Then we supposed he wus goin after the old man, an there wus the durndest scramblin fur hosses you ever see, an we rode hot an heavy fur the ranch Simpson said he'd send the body right after us in a wagon.

"The boys from the Rancho Sabino joined us an made a party about 20 strong.

"As we turned the bend an came in sight of the house Jim Barker sed, 'Thank God, there's the old man,' an we all felt easier. When we reined in around him, he sed, 'What, you don't want more money, do you?' Then lookin at our drippin bronchos, 'No; some poor devil has stole a hoss an got to pay fur it.'

"We had swung down ont of our saddles, an the boys all looked at me, an I knew I'd got to tell it, though I'd rather hev been drug by a cow, but there wus no way out of it.

"He saw somethin wus up an knew thet Jack wus gone, guessed thet it concerned him, an he grabbed me by the arm an sed: 'What's up, Ame? Out with it. Where is he? Is he hurt? Well, it took the breath an all the wits out of me, an I blurted out: 'Yes. Coyote killed him last night at the Merino an then lit out north. We thought he wus after you. Simpson's bringin Jack out now.

"For a minute there wus a grip like a vise on my arm, then his hand dropped, an half turnin away he commenced talkin to himself.

"'Poor Jack! He always wus mother's pet, an when he joined the army how proud she wus! He was han'some in his uniform. Killed in a saloon! Thank God she's dead!'"

"It seemed a year to us as we shuffled from foot to foot before he moved. Then he gave a start like he wus pullin himself together an turned to us, the very devil shinin out of his eyes. He looked ten years older, but his hand went to his hip, an we knew he hedn't lost any of the spunk he hed when the Apaches killed his pardner, Jim Ross.

"'Coyote! Why, he wus here this mornin an drew his pay! Said he wus goin to work over east on the Santa Ysabel. Boys, Jack wus mor'n life to me; he wus mother's pet, an I must kill thet snake. How many of you will stand by me an help me hunt the cur down?'

"'Every one of us swore we'd not stop till we'd strung him up.

"'Then get hosses out of the corral; take plenty of fresh ones. Pack up your grub. How soon will Simpson be here?'

"'He ought to be here now,' I answered.

"In half an hour we rode out on Coyote's trail, leavin the old man to follow. He wanted a last look at Jack, an we didn't care to be around about thet time, because we wus anxious to have a whirl at Coyote.

"It wus about two hours before he caught up with us. He wus sittin firm in the saddle, his head up an his lips pressed firm together. Barker pointed to the trail, an he just nodded an put spurs to his hoss.

"Next mornin he had us up at 4, an we struck out. We passed a ranch where Coyote hed once killed a cowboy, an when we told about Jack the rancher insisted on some of us whose hosses wus winded takin some of his.

"Toward night we began to catch up on our game an saw thet his hoss must be gettin tired. We pounded away till nigh 7 o'clock an then camped, 'cause our ponies needed rest an we might miss our man in the dark. At daylight we wus in the saddle again. The old man hadn't slept a wink, but he kept the lad.

"It wus 10 o'clock when we caught sight of Coyote. He wus ridin slow an makin for Humphrey's peak, knowin thet if he reached the mountains we never could get him.

"We made a short cut fur the ford thet lies at the base of thet bluff an rode like the devil wus after us, but there wusn't any of us could keep up with the old man. He wus ridin a big black stallion thet he broke in the spring—the fastest hoss in the country.

"Coyote saw us an realized it meant a race fur the ford. He hed a little the best of us on distance, but he hedn't calculated on the old man's black stallion when he turned around in the saddle an waved his hand to us. There wus a cuss from every man as he settled deeper in the saddle an stuck spurs.

"How thet half breed devil could ride! We were gainin slowly, but he wus much closer to the ford than we wus. Still the old man wus 500 yards ahead of us an his hoss goin full an free. Pretty soon we saw a puff of smoke, heard a report, an the old man's hat went off. Fur a minute he raised his gun, then lowered it, leaned forward an gave the black the spur.

"Fur ten minutes we went on thet way, hosses an men strainin every nerve, when Barker's hoss went down, played out, an we left him swearin like a pirate.

"Within a hundred yards of the ford Coyote's hoss stumbled an fell, an he rolled over an over. We gave a shout, fur we thought we hed him, but he jumped up an ran fur the ford. Then he stopped an looked back. He could make it if it wusn't fur the old man. Up went his rifle, an we saw Palmer lay forward on his hoss' neck. The other shot had showed him thet it wouldn't do to make any better target of himself than necessary.

"Again the puff of smoke, the report, an the black stallion staggered, ran 15 yards an fell.

"Our hearts sank as Coyote threw down his gun an plunged into the water, but the old man wus on his feet in a second an ran ahead.

"As Coyote climbed out of the water the old man knelt down an took aim. We wuz all holdin our breaths an prayin thet he'd get him, an when the Mexican reached the top of the bank an looked around he fired. Coyote threw up his hands an fell, an we let out a yell you could have heard a mile.

"When we reached the old man, he wus standin with bowed head, his chest risin an fallin like a winded broncho. We all crowded round him to wring his hand, but he only said 'It's done. Let's go back to the ranch; the cattle needs us.'

"Dutchie an Lew rode over to where Coyote lay to be sure of him, but there wuzn't no need of thet. He was stone dead—shot squar' through the chest.

"The old man sold the ranch about four months after thet an went over into California; said he needed rest an would settle down near some old mansion an take it easy, but we all knowed he couldn't stand it to live in a place where Jack had been killed."

Ame had let his pipe go out during the narrative, and, lighting it and taking a few puffs, he said:

"Reckon thet ford'll be 'about th right place for thet bridge you're figgerin on fur yer railroad."—Cincinnati Enquirer.

Suffering caused by Piles

Is Quickly Ended when

Dr. A. W. Chase's Ointment is applied

Besides the intense agony caused by the itching, burning sensations of piles, there are other symptoms which produce restlessness and at times excruciating pains known only to the victim of piles.

What would one give to be free of this terrible disease? And yet there is a cure—a positive cure—which does not cost much and is not painful or difficult to apply.

Dr. A. W. Chase's Ointment is, so far as is known, the only absolute cure for blind, itching, bleeding and protruding piles. It gives relief at the first application and affords a perfect cure in the most aggravated cases.

Mr. Isaac Foster, Erieview, Ont., says: "I was troubled with itching piles for two years and could not sleep at night. I was half crazed and tried everything. Finally seeing Dr. Chase's Ointment advertised I tried it and found it good. After a second application I found relief, and one large box cured me. Have never been bothered since, and I can recommend it to all suffering from the same trouble."

Dr. Chase's Ointment is for sale by all dealers, or Edmanson, Bates & Co., Toronto.

THE WRECK.

Across the night a gray moon fell
Through bars of shifting cloud, to set
Where iron reef and white wave met
Sullenly at the doors of hell.

It saw the great ship's dying throes
As one wild, grim, drawn face, who sees
A dumb beast in its agonies,
And may not help and cannot go;

And peering still from wind wrought caves
It watched amid the swirl and strife
Unlovely atoms, each a life,
Tossed on the uproar of the waves.

Sick to the heart with fear untold
Of that mad slaughter half descried,
It crept behind a cloud and died.
Then the black night was icy cold.

Last out of chaos calmly bright
Day dawned, and with a greeting roar
Triumphant ocean flung to shore
His broken playthings of the night.

—Sydney Bulletin.

A Great Conqueror.

Napoleon was a great conqueror of nations, but Dr. Hall's Rheumatic Cure is as great a conqueror of the human family's direct enemy—Rheumatism. Mr. John Hunter, 321 Brock St., Kingston, Ont., suffered intense agony for six weeks with Sciatic Rheumatism. Two bottles of Dr. Hall's Rheumatic Cure made a complete cure in his case. He has not had a twinge of pain since. This preparation is used internally. One bottle contains ten days' treatment, price 50 cents. For sale at all drug stores.

He Was Too Familiar.

W. G. Wills, the dramatist and painter, once attracted so much attention by his pastels—according to a story in the published memoirs—that he was requested by the secretary to attend at Osborne to do portraits of her majesty's grandchildren. Mr. Wills was a thorough Bohemian, and the invitation filled him with dismay. In ignorance of the etiquette which construes a royal invitation in a command he thought to get out of it by writing a polite note, stating that a prior engagement would prevent his attending. The next day a telegram came from Osborne to the following effect: "The queen commands Mr Wills to attend at Osborne immediately."

The artist was far too loyal a subject to dispute her majesty's direct commands. So he ruefully packed up his belongings and started for the royal palace. As might well be supposed, his life at Osborne was uncongenial. When he was doing a portrait of a royal baby on all fours and good humoredly said, "Look up, little one!" the lady in waiting reproved his familiarity and told him he must address the infant as princess or your royal highness.

The pastel portraits which he made still hang at Osborne, and as royal patronage gave a great stimulus to sitters his reputation was made.

Example is Better than Precept.

These sententious proverbs, or old saws, which are used as prefixes to all of the Hood Sarsaparilla advertising in thousands of papers throughout the country, are evidence of a new and original style of display advertising both pleasing and effective. The Hood firm is to be congratulated on so cleverly adapting such wisdom as has filtered down through centuries. Another charming thing about this Hood advertising is the unique type they are using.

PUBLIC CONFIDENCE.

The individual who fulfils his promises gains public confidence, and thus holds one of the strongest levers to success. The same is true of institutions, and in this connection the **SUN LIFE ASSURANCE COMPANY OF CANADA,** has a record in which it can take a pardonable pride.

Instead of over-estimating the profits on its investment policies, the management of the Company has wisely based the calculations on the proper earning power of money, having due regard to contingencies that are bound to arise. As a result of this the holders of matured Endowment policies are from time to time being agreeably surprised, and not disappointed, in the results of their policies.

The following letter speaks for itself and bears the eloquent and substantial evidence of the fact that the Sun Life of Canada keeps faith with its policy holders:

To the District Manager:—

DEAR SIR,—I beg to acknowledge with thanks receipt of cheque for twelve hundred and sixty-four and 95/100 dollars ($1264.95) from The Sun Life Assurance Company of Canada to cover Policy No. 15002 on my own life.

This amount represents a return of all premiums which I have paid to the Company and three hundred and thirty-four and 80/100 dollars ($334.80) besides, or about 4½ per cent. compound interest on my investment. In addition to this the Company has carried my risk for thirteen years for nothing, all of which is very satisfactory.

VICIOUS DOGS.

To the Editor of the Examiner:

Dear Sir,—The fact as reported in your columns that the issue of dog tags this year was not up to the normal standard does not imply any absence of dogs, or the necessity of restricting the numerous vicious and untagged curs that infest almost every street corner as I have reason to know. Last evening a gentleman was proceeding to the west end to keep a business engagement. Passing a street corner a cur with the vicious propensities of a dozen breeds combined in his mongrel make-up, plunged out and seized the gentleman's leg, inflicting an ugly bite. Instead of keeping his engagement the gentleman in question had to return down town to a drug store and have his wound treated. Dogs that are unrestrained and are allowed to commit the nuisance of rushing out and barking at passing teams and forming the nucleus of a pack consisting of all the dogs in the neighborhood, are a nuisance that should be suppressed. This practice is merely an apprenticeship to the worse practice of nipping cyclists' legs or tearing ladies' skirts. Dogs of this kind should be shot on sight. I hope the gentleman of last night's experience will stir up the authorities to take steps to make our streets safe for cyclists. The proverb gives "every dog his day," but nothing licenses the dog to practice extrinsic dentistry on the shapely limbs of wheelmen.

Yours, etc.,
May 3rd. KUNOPHOBE.

CHRISTIAN SCIENCE TENETS.

Peterborough, May 2.

Editor of The Examiner.

Dear Sir,—I wish to contradict a few statements made by others in your paper on Monday, May 1st., regarding Mr. John Webber. In the first place, Mr. Webber was not identified with Christian Science, that is, he was never a believer in it. Also that he fell in with their views. This is also false. Mr. Webber has sought conversations with me at different times and held peculiar views of his own, but they were very far removed from the teaching of Christian Science. Mr. Webber's idea that the leaders were working on him to harm him through his wife is erroneous as each individual must express a desire for treatment in order to receive it. I was called by Mr. Webber to give him Christian Science treatment. I gave him three treatments, he was improving and two of the claims of disease that he was suffering from had yielded to the treatment when his brother came in and strongly urged medical treatment, which he afterwards received, being in the hospital over two months. Three treatments is all that Mr. Webber received from me either at that time or since. That any one can receive harm from the reading of Christian Science literature or from treatment is most absurd. Hundreds have been healed by reading Science and Health (the text book of Christian Scientists). In my practice in the last ten years, I have seen many healed that had been given up by "Materia Medica" and they have been benefitted both bodily and spiritually. Some of these cases are in our own town. Please allow me to give you for the benefit of your readers, the tenets of the Christian Scientists alluded to in your paper as being peculiar.

Tenets.

1. As adherents of Truth, we take the Scriptures for our guide to eternal life.

2. We acknowledge and adore one supreme God. We acknowledge His Son, and the Holy Ghost and man as the divine image and likeness.

3. We acknowledge God's forgiveness of sin in the destruction of sin and that sin and suffering are not eternal.

4. We acknowledge the atonement as the efficacy of divine love of man's unity with God and the great merits of the Way Shower.

5. We acknowledge the way of salvation demonstrated by Jesus to be the power of Truth over all error, sin, sickness and death; and the resurrection of human faith and understanding to seize the great possibilities and living energies of divine life.

6. We solemnly promise to strive, watch and pray for that mind to be in us, which was also in Christ Jesus to love one another and to be meek, merciful, just and poor.

These are copied from our textbook, Science and Health, page 493, written by the Rev. Mary Baker Eddy, and used by us in connection with the Bible.

J. C. PARKER.

ITCHING LIMBS

For Three Years. Nights Itching and Burning Terrible.

Wife Suggests CUTICURA. Uses it. Presto! What a Change.

Feels Like Kicking Doctors for Three Years' Suffering.

The itching and burning I suffered in my feet and limbs for three years were terrible. At night they were worse, and would keep me awake a greater part of the night. I consulted doctor after doctor, as I was travelling on the road most of my time, also one of our city doctors. None of the doctors knew what the trouble was. I got a lot of the different samples of the medicines I had been using. I found them of so many different kinds, that I considered I would have to go to a Cincinnati hospital before I would get relief. I had frequently been urged to try CUTICURA REMEDIES, but I had no faith in them. My wife finally prevailed upon me to try them. Presto! What a change. I am now cured, and it is a permanent cure. I feel like kicking some doctor or myself for suffering three years when I could have used CUTICURA remedies.

Sept. 11, 1896. H. JENKINS, Middleboro, Ky.

BABY'S FACE SOLID SORE

My little nephew, John Staunton, was afflicted with the worst sores I ever saw all over his body. His head and face at times were a solid sore and he suffered dreadfully. He was a pitiful sight. His father used all the remedies that he heard of, and doctored with all the doctors. He was a lot worse, also, when did no good, but got no relief until he used the CUTICURA [illegible] and CUTICURA Soap. Hope he is a [illegible]

[illegible], Va.

CUTICURA

Begins with the Blood and Ends with the Skin and Scalp.

PERSONAL.

Rev. Father Fitzpatrick, of Young's Point, was in town to-day.

Mr. J. A. Lane of Port Perry, is in town to-day on a business trip.

Mr. James Flaherty left Tuesday morning for Toronto, where he has secured a situation.

Mr. Con. Young, of Young's Point, was in town to-day in attendance of the funeral of the late John Lynch.

Mr. Sparrow, of the firm of Mills & Sparrow, Tooley, street, London, Eng., who are the English agents for the Geo. Matthews Co., is in town on business for a few days.

The numerous friends of Miss Violet Dover, who is taking a graduate course in science at McGill, will be pleased to learn of her great success at the sessional examinations. She took honour standing of the first rank in fourth year biology, a similar high standing in third year mineralogy, second place in first-class honours in zoology and first place in second-class honours in botany. This is per se a splendid record but the clever young lady's success is made greater by the fact that she was taking the work of two years in one.

Messrs. J. R. Stratton, M.P.P., Richard Hall and D. W. Dumble will appear with the deputation which interviews the Government at Ottawa re Trent Valley Canal matters tomorrow. Mr. Hall will afterwards go to Montreal, where he will spend a few days.

THE LATE JOHN LYNCH.

The Funeral Took Place this Morning at Nine O'clock.

This morning at nine o'clock the funeral of the late John Lynch, took place from the family residence, corner of Park and Elm streets, and was largely attended. A number of friends and relatives from a distance being present. High Mass was conducted at St. Peter's Cathedral by Ven. Archdeacon Casey, who was assisted by Rev. Fathers Scanlon and Sullivan. The floral offerings were numerous and of a nature to show the deep respect in which the deceased was held. A large number followed the hearse to the cemetery and as the mortal remains were lowered, many an eye was moist in remembrance of his true worth and goodness of heart and mind.

The pall-bearers were Messrs. John Maloney, James Dolan, Martin McFadden, sr., Cornelius Halpin, Bernard Moore and Thomas Cahill.

MAHDIISM.

Its Rise and Fall in the Soudan - A Most Interesting Paper.

Mr. H. S. Greenwood read a most instructive, as well as a most interesting paper, last evening, before the members of the Fortnightly Club, taking as his subject, "The rise and fall of Mahdiism."

In opening he introduced his audience to the subject by giving a short sketch of how England became involved with the affairs of Egypt before the false prophet was heard of, and described some of the principal actors connected with this portion of Anglo-Egyptian history.

The day that saw the waters of the Mediterranean joined to those of the Red Sea, through the medium of the Suez Canal, was also that on which England was inveritably committed to active interest in Egyptian affairs, through the fact that Egypt being allied in a partnership in the canal with England and France, necessitated the establishment of a protectorate over the former, by England to preserve her interests.

The birth and education of Mohamaed Ahmed were most interestingly described, after which Mr. Greenwood took his audience with him through the Egyptian campaign, organised by the fanatics, who flocked to the banner of one whose creed claimed "that there was one God and Mohamet was his prophet and Mohamaed Ahmed, was the mahdi, the guide of Islam." Then came the advent of the great Gordon, his historic work in the Soudan and his sad and untimely end. Almostimmediately afterwards the Mahdi died, thus ending a campaign which through short cost more than ten thousand lives.

VILLAGE SCHOOL BOARD.

Monthly Meeting held Last Evening—Reports for the Month.

At a meeting of the Ashburnham School Board last evening there were present Trustees Maniece, Fowler, Sheridan and Adams. On motion Mr. Frank Adams took the chair in the absence of Mr. E. A. Peck. The minutes were read and confirmed.

The report of attendance for the month of April was presented as follows:

	On Roll	Av.	p.c.
Miss Cowing	57	50	89
Miss Erskine	42	38	90
Miss Dawson	33	29	90
Mr. Matchett	29	27	93
	161	144	90
Kindergarten	71	55	79
	232	199	85

On May 23rd, which has been set aside as Empire Day by the Minister of Education, special exercises will be held. Rev. H. Symonds has been invited to deliver an address, and there will also be contributions to the programme by the children in song and recitation.

SPORTING PASTIMES.

Interesting Items of Local and General Interest.

BASEBALL.

A meeting of the Executive of the Peterborough Baseball Club, will be held at the Oriental Hotel this evening at 7.30 o'clock sharp.

MISCELLANEOUS.

When the Georgetowns play lacrosse here in the scheduled game against the Peterborough's, it would not be a bad idea, if the baseball team of that town come along also and play a game here in the morning.

Y.M.C.A. ATHLETICS.

The adjourned meeting of the Y. M. C. A. Football Club was held last night. In the absence of the president Richard Day was appointed chairman pro tem. Mr. Wm. E. Lech, who was elected club secretary, is not in a position to accept the office. Rollie Irwin was elected secretary and Wm. Rondhouse treasurer. The managing committee's report was accepted. The club's colors will be navy blue and light blue.

W. A. McPherson, one of Ontario's crack half backs, was elected captain.

The practice nights will be Monday and Wednesday. To-night the team will practise in the Central Park.

Norwood have asked the team to take part in the Tournament to be held in that town on the 12th of May. Lindsay and Port Hope have organized teams, and there should be many interesting games this summer.

Mr. A. H. Stratton, president, presented the club with a first-class regulation ball.

To-night's Lecture.

Mrs. Adelaide Hoodless, of Hamilton, reached Peterborough to-day and whilst in town will be a guest at the residence of Mrs. James Stratton, Gilmour street. Mrs. Hoodless, who is in connection with the Provincial Educational Department, will lecture this evening on the subject of Technical Education and Domestic Science.

The lecture is being given in the Y.M.C.A. hall under the auspices of the Town Teachers' Association and The National Home Reading Union.

—The customs collections during April, were nearly double the amount of those of April 1898.

THE SUBTLE MALAYS

Failed to Pull the Wool Over the Eyes of Gen. Otis.

CONCEDE AN IMPORTANT POINT

Major Argueleses Admits That Aguinaldo Knows That He Will Be Overpowered in Time—Three Months' Truce Asked for by Filipino Envoys — Gen. MacArthur Storming San Tomas.

Manila, May 4.—The Filipino envoys, Major Manuel Argueleses and Lieutenant Jose Bernal, have abandoned the pretence under which they came to General Otis, that they represented General Antonio Luna, and yesterday they announced that they came as representatives of Aguinaldo himself. The two emissaries used all their wiles to secure a reply from General Otis to the letter from Senor Mabini, Aguinaldo's Prime Minister and Minister of Foreign Affairs in the dictator's Cabinet, which they presented to General Otis on Tuesday; but General Otis refused to make any reply, on the ground that to do so would be equivalent to a recognition of the so-called Government of the Filipinos.

Major Argueleses said that Aguinaldo knew he would be overpowered in time, but that he would be able to continue the fight for months, and that he would do so unless he were given what Major Argueleses termed peace with dignity.

Mr. Schurman, the president of the United States Philippine commission, expresses the opinion that the interviews accorded by General Otis to the Filipino envoys will have a good moral effect, as tending to convince Aguinaldo's representatives that the American authorities mean to give the Filipinos a good government, and not one of the Spanish sort.

Cessation Again Refused.

There was a conference lasting two hours yesterday between Major-General E. S. Otis and the envoys who came here from General Antonio Luna, bearing a proposal for a cessation of hostilities. General Otis adhered to his refusal to recognize the so-called government of the insurgents.

The Filipinos now ask for a truce of three months to enable Aguinaldo to summon the Congress and consult with the insurgent leaders on other islands. The envoys admitted the contention of General Otis that Aguinaldo has little control over affairs outside of the Island of Luzon.

The question of the release of Spanish prisoners in the hands of the Filipinos being mentioned, Major Manuel Argueleses, the chief member of the deputation, said that he considered them as being in the same category with the Americans, the United States being the successor of Spain over the islands, and acquiring by treaty all Spanish rights and obligations.

After the close of the conference with General Otis, the Filipino envoys had a consultation with the United States Philippine commissioners.

Assaulting San Tomas.

Manila, May 4.—General MacArthur is now assaulting the town of San Tomas, about five miles northwest of Calumpit. The Americans are fighting for the bridge and the rebels are burning the town.

PARE GAVE WARNING.

Recently the Napanee Prisoner Said He Would Shortly Tramp Again.

Napanee, May 4.—Nothing of importance transpired yesterday respecting the escape of Pare and Holden, although it is still the all-engrossing topic of conversation. Prison Inspector Chamberlain made a thorough investigation of the jail yesterday forenoon. What his report will be, and whether any or all of the officials will be discharged, is not known. This much, however, he made public, that with the wire implements found in his coat pocket, and the iron bar, in his opinion Pare could easily make his escape without outside assistance or the use of skeleton keys.

It leaked out yesterday from an official that Pare had for several weeks past given them notice that he would shortly be on the tramp again, but they imagined he referred to his expected release after the trial in Toronto. Where did Pare get the wire?

ENTERED ON HIS DUTIES.

Most Reverend Denis O'Connor, D.D., Installed on Wednesday as Archbishop of Toronto—The Ceremonial.

Toronto, May 4.—The Most Rev. Denis O'Connor, the newly-appointed archbishop, was yesterday morning installed in the archdiocese of Toronto. St. Michael's Cathedral was crowded for a considerable time before the beginning of the solemn pontifical high mass. There were represented the hierarchy of Canada and the clergy of five or six dioceses, the administrative, official and public bodies of the Dominion and province, and the laity of the dioceses of Toronto and London.

At the Cathedral Door.

The Archbishop-elect, attended by the prelates and visiting clergy, was received at the cathedral door by Very Rev. Joseph J. McCann, Adm., and the priests of the diocese. All having taken their place in the sanctuary, Most Rev. Archbishop Gauthier of Kingston began the celebration of solemn pontifical high Mass, assisted by Rev. Father Sullivan, deacon, and Rev. Father Hand, subdeacon, with Fathers Trayling and Gibney, deacons of honor to the celebrant. Very Rev. Father Marijon was assistant priest. The Very Rev. Father McCann and Very Rev. Father Harris acted as deacons of honor to Archbishop O'Connor. The Rev. Dr. Tracey was master of ceremonies.

The Papal Brief.

Rev. Father Ryan, from the pulpit, read this solemn and interesting document, first in Latin, then in English. It stated:

When the Archbishoprical See of Toronto was deprived by death of its illustrious prelate, the Most Rev. John Walsh, of happy memory, and the sorrowing people of this portion of Christ's flock were left without a shepherd, it became our duty, as it is our sole right, to provide a worthy successor. Wherefore, with thoughtful care and apostolic solicitude, and with the advice of our venerable brothers, the cardinals of the propaganda, who are especially concerned in matters of episcopal appointments, we turned our thoughts to you, venerable brother, who had already given splendid proof of learning, piety and other virtues that should adorn the episcopal office. Therefore, most venerable brother, we hereby free you from the episcopal bond that has hitherto bound you to the Diocese of London, and by the exercise of our supreme apostolic authority, absolving you from all ecclesiastical censures, pains and penalties, we solemnly constitute you Archbishop of Toronto, giving you plenary power, under our seal and direction, over all things spiritual and temporal that appertain to this archdiocese.

Very Rev. Father McCann read the Faculties empowering the Archbishop to grant a plenary indulgence to those present, subject to the performance of the usual conditions.

The sermon was then preached by Right Rev. Dr. Dowling, Bishop of Hamilton.

Addresses and Replies.

After the sermon, Very Rev. Dean Egan of Barrie read the address of welcome from the clergy, to which the Archbishop made a felicitous reply.

The address from the laity was read by Mr. J. J. Foy, Q.C., M.P.P. In reply, Archbishop O'Connor addressed the great congregation at considerable length. He spoke of the responsibilities and duties of his high office. He expressed a desire to dwell in peace and amity with the people, both of his own and other religions. To this end he asked that others respect his belief as he respected theirs. He took, he said, no part in politics, and never interfered in matters political. He had friends in both parties and he bespoke for those in power credit for the honesty of their motives.

In conclusion, His Grace administered the apostolic blessing. He has been granted the right to do this three times a year during the next five years.

Some of Those Present.

Among those present were Sir Wilfrid Laurier, Premier; Hon. William Mulock, Postmaster-General; Hon. R. W. Scott, Sir Mackenzie Bowell, Hon. E. J. Davis, Provincial Secretary; Hon. William Harty, Minister of Public Works; Hon. Richard Harcourt, Provincial Treasurer; Hon. John Dryden, Minister of Agriculture; Hon. J. M. Gibson, Commissioner of Crown Lands. Among the judges present were: Mr. Justice Rose, Mr. Justice Ferguson, Mr. Justice MacLennan, Mr. Justice Robertson, Chief Justice Meredith, Mr. Justice Osler.

Devoured by a Shark.

London, May 4.—A despatch from Nice says that the valet of the Earl of Strathmore and Kingborne, while bathing at Bordighera, near Monte Carlo, was devoured by a shark. The tragedy occurred in the presence of a crowd of onlookers, who were unable to rescue the victim.

THE PACIFIC CABLE.

Hongkong Decision Said Not to Have Influenced Decision.

A BATTLE IN THE DESERT.

Gen. Kitchener's Darfur Envoy to the Sultan of That Kingdom Routed —Abraham Ali Found His Uncle's Rival in the Saddle and Returned Faster Than He Came.

London, May 4.—The Daily News claims that it has excellent authority for saying that the Canadian view that the home Government's refusal to become a partner in the Pacific cable project is connected with the agreement regarding Hongkong, made in 1898 between the Colonial Office and the Eastern Extension Telegraph Company, is totally incorrect.

BATTLE IN THE DESERT.

Gen. Kitchener's Darfur Envoy Routed and Sent Back.

Cairo, Egypt, May 4.—Abraham Ali, whom General Lord Kitchener sent upon a mission to Abraham's uncle, the Sultan of Darfur, has returned to Cairo. Abraham Ali found, upon reaching Darfur, that his uncle had been dethroned by Ali Dinar. The latter, on the appearance of Abraham Ali, turned out with his troops and routed the escort of Gen. Lord Kitchener's envoy, numbering 150, of whom 20 were killed.

Darfur is a former negro kingdom, which constitutes the westernmost and remotest portion of the Egyptian Soudan. It is far west of the Nile, and is of great extent, comprising nearly 200,000 square miles, with a population of rather less than 1,500,000. The country is frequently mountainous. For a while Darfur was to some extent under the control of Egypt, though it was much harried by Arab slave raiders. Then the Mahdi asserted his influence over it. Of late years it appears to have managed to free itself from the Khalifa's rule.

CABINET CRISIS IN ITALY.

Gen. Pelleux, the Premier, Gives Reasons for the Ministry's Resignation.

Rome, May 4.—Immediately upon the opening of the Chamber of Deputies yesterday General Pelleux, the Premier and Minister of the Interior, arose and addressed an attentive House. He said:

"In consequence of interpellations touching the Chinese question, the Government has been forced to consider the gravity of the situation. The effect of Tuesday's debate showed a large minority in the Chamber of Deputies against our action in China, which would be supported by only a weak majority. The interruptions of that day united in disapproving the method followed by the Government on this occasion. Therefore," the Prime Minister said, "there could be no useful result from further discussion."

General Pelleux said he wondered how a modest commercial initiative in China could justify fears of military expansion in Erythrea. The Government, he said, could not consent to withdraw Italian warships from the Yellow Sea, and therefore resigned.

King Humbert has reserved his decision relative to the resignation of the Ministry, but the Cabinet will remain in office for the despatch of current business. Adjournment of the House having been moved, a number of deputies protested loudly against the habit of Ministers resigning on the eve of an adverse vote. Finally, in the midst of considerable uproar, the chairman declared the session closed, and the Chamber adjourned amidst great excitement.

Will Occupy Sanmun Bay.

Rome, May 4.—It is understood that the occupation of Sanmun Bay, Province of Chekiang, China, will take place immediately, thus making it an fait accompli for the incoming Premier. Late last evening a report was in circulation that Gen. Pelleux had already received an informal mandate to reconstruct the Ministry.

GERMANS IN PALESTINE.

Pilgrims Worshipped on the Dormition Hill Last Sunday.

Berlin, May 4.—In the presence of a large number of German pilgrims, who are at present making a tour of Palestine, the first divine service ever conducted on the Dormition Hill in Jerusalem were held Sunday last. Salutations were transmitted by the worshippers to Emperor William.

The 50th birthday of Baron von Buelow, the Imperial Minister of Foreign Affairs, was the subject of sympathetic articles in the newspapers of Berlin yesterday, the only exceptions being those of the Agrarians party, who continue to attack the Emperor's gift to Baron von Buelow of a chased silver escritoire with a facsimile of the Imperial signature.

CARAVAN CAPTURED.

African Tribesmen Killed Fifty Porters and Seized Goods.

Cape Town, May 4.—Word has been received here that a caravan, under the command of two Europeans, was recently attacked near the head waters of the Reivuma River, east of Lake Nyassa, the tribesmen killing 50 porters and capturing all the goods. The Europeans reached Chiokla Fort after wandering three days in the bush.

ARMISTICE IN SAMOA.

Mataafa, Rebel Chieftain, Has Accepted It, But Germans Decline.

Apia, Samoa Islands, April 27, via Auckland, N.Z., May 4.—Mataafa, the rebel chieftain, has accepted an armistice. The Germans, however, declined to sign the proclamation.

The Transvaal Problem.

London, May 4.—A movement is under way to secure England's guarantee for the independence of the Transvaal if President Kruger will make concessions to the Uitlanders in that country.

"Honesty is the Best Policy."

Never was a more pointed saying put into print, and yet to be honest only because it is policy is a poor kind of honesty. Better change "policy" to "principle" and the world will like you better. In the medical world there is one medicine honest for principle's sake—and that is Hood's Sarsaparilla.

It is the specific of the age for all blood troubles. The liver, kidneys and bowels are all toned up by its action as a cleanser and thus good health ensues. *It never disappoints.*

Rheumatism—"I believe Hood's Sarsaparilla has no equal for rheumatism. It has done me more good than any other medicine I have taken." MRS. PATRICK KENNEY, Brampton, Ont.

Bad Cough—"After my long illness, I was very weak and had a bad cough. I could not eat or sleep. Different remedies did not help me but Hood's Sarsaparilla built me up and I am now able to attend to my work." MINNIE JAQUES, Oshano, Ont.

Biliousness—"I have been troubled with headache and biliousness and was much run down. Tried Hood's Sarsaparilla and it gave me relief and built me up." A. MORRISON, 39 Defoe Street, Toronto, Ont.

Heart Trouble—"I had heart trouble for a number of years and different medicines failed to benefit me. I tried Hood's Sarsaparilla and three bottles completely and perfectly cured me." MRS. C. A. FLINN, Wallace Bridge, N. S.

A Safeguard—"As I had lost five children with diphtheria I gave my remaining two children Hood's Sarsaparilla as they were subject to throat trouble and were not very strong. They are now healthier and stronger and have not since had a cold." MRS. W. H. FLECKER, Pembroke, Ont.

Varicose Veins—"I have been a great sufferer from varicose veins, which swelled my foot and limb, discharging watery matter. I took Hood's Sarsaparilla faithfully and the sores healed." MRS. A. E. GILSON, Hartland, Vt.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Daily Examiner.

THURSDAY, MAY 4, 1899.

GOOD WORDS FOR THE DOUKHOBORS.

Prof. Mavor, professor of political science in Toronto University, gives a favourable report as to the character of the Doukhobors, as settlers for the Northwest. Prof. Mavor was sent out by the Government to procure material for a report upon the new settlers for the Department of the Interior. He has returned and though he has not made a written report he spoke to a newspaper representative as follows respecting the Doukhobors:

"I found them," he said, "an orderly, industrous people, who have already made considerable progress. They were farmers before they left Russia, and they came here provided with means. They are anxious to get along, and have lost no time in getting down to work. When I was there they had already made progress with their ploughing, and were comfortably settled. They have gone a considerable distance to the north, almost to the margin of the settled area, in fact, but they are a hardy race and the severe Northwest winter has no terrors for them. The very location they have taken up should be of great advantage in the development of the country, since the intervening district should fill up rapidly. The region is fertile, the settlers are contented, and I am confident that in a very short time they will be well to do. Everyone who has come into contact with them has been impressed by their good qualities. My own opinion, both from what I knew of them in Russia and from what I saw in the West, is that they are exactly the kind of settlers needed in the district."

Great weight should be attached to Prof. Mavor's opinion. He has justly earned an European reputation as a capable and close practical observer of sciological conditions, which he has made a special study. His opinions as presented above take the edge off the cheap criticism of the Opposition press of the character of the immigrants in question, and justify the Dominion Government in its course in securing these immigrants for the Northwest. In addition to credit for adding to the industrous, orderly and thrifty population of the country, the Government are to be commended for the course of action that removes an estimable, and industrious people from the grinding tyranny of Russia to the freedom and civil privileges of the highest and freest known form of civilization, that of Canada.

MR. FROST ON TRANSPORTATION.

One of the most practical and instructive speeches during the recent debate in the House of Commons was that delivered by Mr. F. Frost, the member for Leeds and Grenville. Mr. Frost is the well-known manufacturer of agricultural implements, and his views are those of a far-seeing and successful business man, with unbounded confidence in the future of the country. He addressed himself chiefly to the transportation question, which he is well qualified by experience to discuss. It is one of the most important and immediate problems which Canadian statesmen must solve, and Mr. Frost conveys in a clear and concise manner a great deal of information concerning it, which every Canadian should know.

Mr. Frost in opening pointed out that a very large portion of our products were sent to the market through the United States, and we were building up the seaports and cities of that country. The present Government at once set to work to remedy this unfortunate condition of affairs. The first thing to be done was the deepening of the canals. The Government found that vessels going through the lower part of our canal system were only able to draw nine feet of water, and to carry 25,000 bushels of wheat, while larger steamers running from Duluth and Fort William could discharge their cargoes of 100,000 bushels, and in some cases 200,000 bushels, at Buffalo, where a great city has grown up, and where there are 57 elevators ready to receive the grain and transhipped it immediately to barges through the Erie Canal down to New York Consequently only one-tenth of all the traffic from the Canadian Northwest went through Montreal. The Government immediately commenced the deepening of the Canadian canals and on this work some four or five million dollars has been spent. "Will any honourable gentleman in the Opposition stand up here and say that it is not a wise expenditure?" asked Mr. Frost.

The speaker avowed that as a result of this we shall be sending down vessels containing 100,000 bushels of wheat next fall. This will reduce the cost to the consumer and will be the means of adding to the price of grain, not only in the Northwest, but all over Canada. It will also be the means of securing an additional traffic from the Northwestern States, which, all things being equal, will go by way of the St. Lawrence as the natural route to the sea. While we had excellent products, the best of every kind, our farmers were not getting full value for these products, simply for the want of greater facilities for getting them to the best markets. The Government took this matter up in a business-like way, and we had before us to-day, compared with three years ago, almost a transformation scene. In the west, as a result of the Crow's Nest Pass Railway, the farmers of Alberta have been getting from 15 to 20 cents a pound for their butter. Through the energy of the Minister of Agriculture, Hon. Sydney Fisher, in establishing and reopening creameries in that section of the country, the farmers have been making large amounts of money, and large numbers of Northwest cattle have been going to the Kootenay mining section, in British Columbia. Again, the Intercolonial has been, through the energy of the Honourable Minister of Railways and Canals, Mr. Blair, lifted out of the rut into which it had got, and is now placed on a paying basis. The traffic is increasing rapidly, and the competition is benefiting the farmers of Canada.

The antiquated condition on Montreal harbour had also claimed the attention of the Government, and in this connection Mr. Frost paid an eloquent tribute to the zeal and energy of Hon. Mr. Tarte. The people of Ontario had entire confidence in the Minister of Public Works. He was a man of pluck, a man of energy, a man of honesty, a man of truth and a man of ability. When he had anything to say before this Government came into power, he said it, and proved that he was right. Reverting to the Montreal harbour question, Mr. Frost said:

"The harbour of Montreal is, after all, the great heart of the commercial interests of Canada. As every business man knows, the city of Montreal should have the very best equipment possible for the transhipment of the products of this country into ocean-going steamers. The harbour is at present antiquated. The harbour of Portland has had $12,000,000 or $15,000,000 spent upon it; the harbour of New York has had $25,000,000 or $30,000,000 spent upon it; the harbour of Boston has had $20,000,000 spent upon it. These ports consequently are so fitted out to-day that they take the products of the United States and Canada as well at one-half the price that is charged at the port of Montreal, and until that is rectified, all that the Government may do for the transportation of the products of the farm at Montreal will be of little avail."

The speaker dilated on the immense traffic that would result from the settlement of the Northwest. Thousands of immigrants were coming to this country, including many from Michigan and the Northern States. Everywhere in the United States there are inquiries about Canada. In the last three years our development had been marvellous. The foreign trade had increased $140,000,000 and domestic trade had almost doubled. Throughout the land every manufacturing and mercantile establishment was busy. The exodus had ceased. Prosperity was everywhere apparent, and it was the duty of the Government to leave nothing undone to make that prosperity continuous and permanent by providing the equipment by which Canadian products can be shipped across the ocean at the minimum cost. Mr. Frost continued:

"I have a few figures here to submit with regard to freight rates. I find that the freight rates over the railways to Fort William are the same, but down to Buffalo the rate is three and one-eighth cents, including elevator charges. Vessels carrying 25,000 bushels of grain, coming down to Montreal through our canals have to pay from six to seven cents per bushel, but if we have the canals deepened to fourteen feet, then vessels carrying 100,000 bushels of grain through to Montreal will do so at the same price as to Chicago and Buffalo or New York, and probably just a little cheaper. Will not that be a great benefit to the farmers of Canada? Will that not give them fully two or three cents a bushel more for wheat? In the province of Manitoba and the Northwest Territories, which export from thirty to thirty-five million bushels of wheat, that would mean practically $1,000,000 more in the pockets of the farmers. Will that not take away their grievances and their continual cry against heavy freight charges? Will not $2,000,000 or $3,000,000 put into the farmers' pockets instead of going into transportation and dock charges in Montreal be a benefit to the country and justify all the expenditure now being made by the Government in deepening these canals [illegible] cheaply our products at the very lowest possible [illegible]

[illegible] advantages of [illegible] and Pacific [illegible] were also pointed out. Mr. Frost further pressed the work of [illegible] and affirmed that [illegible] ought to be [illegible] every [illegible] in the country. The [illegible]

Snap BLOOD AND NERVE PILLS For the BUSINESS MAN

A SHORT PURSE Has A LONG REACH

. . . JUST NOW AT . . .

H. LeBRUN & CO'S.

The way we buy has everything to do with the way we sell. Our Clothing and our prices testify for themselves, that short purses have long reaches just now at the City Clothing Store. Our recent purchases in Montreal, at the Great DOULL & GIBSON SALE and other extraordinary good offers accepted from competing firms who were anxious to sell enables us to give you matchless Spring Clothing cheaper than ever before

WE CAN SAVE You Not Only the Middleman's Profits, but Part of the Wholesale Profits as Well.

H. LeBrun & Co.

CITY CLOTHING STORE.

sonally I can say, speaking for our own company, that a few days after the penny postage came into use our firm took the amount that we could save and increased the wages of the workmen ten per cent."

This announcement by Mr. Frost was received with cheers in the House. The speaker deplored the fact that the Americans had been permitted to capture the greater part of the Klondike trade, because of the Senate's action in throwing out the Yukon Railway bill. Mr. Frost denied the allegation that the Government had broken pledges and twitted Sir Charles Tupper, Mr. Foster and other members of the Opposition with the nonfulfillment of many of their own promises. The Government had made a grand record in the three years of its existence. Mr. Frost concluded:

"I say that we have never before had a Government in Canada that can appeal to this country with greater confidence than the present Government; and if we are to-day a prosperous, a contented and a happy people, I say that we owe it largely, in addition to what Providence has done for us in bringing about the great change which has taken place, to the ability and to the energy of the present Government of Canada."—Advertiser.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in the back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim," no one should fail to try them. Only 50c., guaranteed at Jas. Lynch's Drug Store.

SPRINGVILLE.

Messrs. A. Gibson and John Hetherington wheeled home to South Monaghan on Sunday.

On Friday last, the barns and outbuildings of Mr. Tage were burned including a lot of implements and hay. The cause of fire is supposed to be children's playing with matches.

A house belonging to Mr. John Bennett, east of here, was burned to the ground early Sunday morning. The cause is supposed to be of incendiary origin.

The fall wheat crop seems to be an almost total failure in this vicinity, many fields not showing a speck of greenness. Mr. F. E. Wilson is unfortunate enought to have over 30 acres completely killed.

Of Local Interest.

To all who have felt the evil effects of deranged kidneys is the assurance that Dr. A. W. Chase's Kidney-Liver Pills are meeting with enormous sale and unparalleled success in this district. Backaches and aching kidneys are fast becoming a thing of the past where Dr. A. W. Chase's Kidney-Liver Pills are known. One cent a dose. 25 cents a box, at all dealers.

ALL HEADACHES
from whatever cause cured in half an hour by HOFFMAN'S HEADACHE POWDERS 10 cents and 25 cents at all druggists.

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1899 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. **Organs of every description at Wholesale Prices.**

Big Bargains now on hand in slightly used. Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

W. E. GREEN, Box 714, Peterborough, or

Do You Want Consumption?

We are sure you do not. Nobody wants it. But it comes to many thousands every year. It comes to those who have had coughs and colds until the throat is raw, and the lining membranes of the lungs are inflamed. Stop your cough when it first appears, and you remove the great danger of future trouble.

Ayer's Cherry Pectoral

stops coughs of all kinds. It does so because it is a soothing and healing remedy of great power. This makes it the greatest preventive to consumption.

Put one of Ayer's Cherry Pectoral Plasters over your lungs

A whole Medical Library Free.

For four cents in stamps to pay postage, we will send you sixteen medical books.

Medical Advice Free.

We have the exclusive services of some of the most eminent physicians in the United States. Unusual opportunities and long experience eminently fit them for giving you medical advice. Write freely all the particulars in your case. You will receive a prompt reply, without cost.

Address, DR. J. C. AYER, Lowell, Mass.

CHARGED WITH BLACKMAIL.

A Sensational Turn to the Brockville Election Trial.

Brockville, May 4. — Yesterday an arrest took place arising from the charges connected with the recent election, and this time a woman is in trouble. The trial of Wendling has been postponed twice on account of the absence of a material witness named McIntosh, who also has a brother who is said to know something of the election case. Yesterday a Mrs. Webster of Watertown, a relative of McIntosh, arrived in town and paid a visit to Mr. Wendling, and explained that her visit was for the purpose of obtaining some cash for McIntosh. At the first interview nothing startling occurred, so a second one was arranged. The chief of police in the meantime was informed. He placed himself in a good position to hear what would take place. The woman charged Wendling with giving McIntosh a fraudulent ballot, in violation of the Election Act, and told him that McIntosh and his brother would both come back, and that Wendling would be put behind the bars unless he gave her $500. The chief thereupon made his appearance and arrested the woman. She was charged by Wendling with attempted blackmail. A little later she was taken before the police magistrate and remanded till to-day.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by J. Lynch, Druggist.

PLUMB KILLED MASTERTON.

A Director of the Farmers' Loan & Trust Company Shot Down.

New York, May 4.—Alexander Masterton, a director of the Farmers' Loan & Trust Company, and 72 years old, was shot and killed yesterday afternoon by James Neale Plumb in the Burlington Hotel. Masterton was shot five times and died within an hour or two. The murder was premeditated, as Plumb declared in written statements that Masterton had not only ruined him financially, but had attempted to alienate the affections of his wife and children and to cause his social downfall.

Kaiser on Conquered Territory.

Strasburg, May 4.—Emperor William and the Empress of Germany arrived here yesterday morning. They were received at the railway station by the Governor-General of Alsace-Lorraine, Prince Hohenlohe-Langenburg, and the principal officials of the province. The city was profusely decorated with flags, and there was much animation in the streets.

Eight Hundred Men Idle.

Peoria, Ill., May 4.—As a result for a demand for an advance in wages the Glucose Sugar Refining Works have been closed and 800 men are out of work.

The Appetite of a Goat.

Is envied by all poor Dyspeptics whose Stomach and Liver are out of order. All such should know that Dr. King's Life Pills, the wonderful Stomach and Liver remedy, gives a spendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 15c. at Jas. Lynch's drug store.

A Prince Suing His Father-in-Law for Marriage Annuity.

$36,000 PAID BY DISTILLERS.

Hundreds of Discharged U.S. Porto Rican Soldiers Without Funds in a Strange Land — Construction Work on New Blast Furnace at Midland to Begin Monday - Mr. Hardy Back.

Jeremiah McCrohan, aged 80, fell in front of a moving Toronto trolley and was nearly killed on Wednesday.

Timothy Hogan, the notorious mail robber and one of the smoothest of criminals, has escaped from the Ohio Penitentiary.

Railroads are blocked at Breckenridge, Col., as a result of a week's snowstorm. No train or mail has arrived here since last Saturday.

Arrangements have been made whereby work on the construction of the new blast furnace at Midland will be commenced on Monday.

Mrs. Cochrane, widow of the late Rev. Dr. Cochrane of Brantford, will leave that city on Friday to take up residence permanently in Toronto.

Fire on Wednesday morning partly destroyed the carriage works of J. W. Bertram at Harrowsmith, Ont. The damage was fully covered by insurance.

The upper flats of the factory occupied by H. R. Ives & Co., iron and wire manufacturers, Montreal, were gutted by fire on Wednesday. Loss $35,000.

For the first time in the history of the Canadian Pacific Railway the stock of that company sold above par on Wednesday on the London Stock Exchange.

Hon. A. S. Hardy has returned to Toronto after his sojourn at Atlantic City. He was accompanied by Mrs. Hardy. His health has been benefitted by his holiday.

Italian laborers are rushing to the United States in a vast army. The first of this army reached New York last Saturday and since then 4,959 Italians have landed.

The clerk of the peace of Prescott has sent to the Registrar-General's Department a marriage register used for the Ottawa district from July 22, 1816, to July 15, 1858.

All the distillers in the province have sent in their taxes to the Ontario Government for this year, the total amount being about $36,000, which is $3,000 over the estimate.

Thomas Shrubsale, an inmate of the House of Refuge at Woodstock, 85 years old, ate his supper at the institution and died immediately after. Heart disease was the cause.

The British steamship Inchmona, Captain Ashby, left Philadelphia on Wednesday for Colombo, Ceylon, with 3,000 tons of American bituminous coal, the first ever shipped to that place.

The President of the United States has appointed Julius G. Lay, now consul at Windsor, Ont., as consul-general at Barcelona, Spain, to succeed Mr. Bowen, appointed minister to Persia.

The Buffalo Woolen Mill at Worthington, Pa., owned by the Graff Bros., was totally destroyed by fire on Wednesday. The loss is variously estimated from $80,000 to $100,000; well insured.

The steamer Iron Age is at the elevators at Port Colborne and lightened out some 10,000 bushels of corn. A diver has been engaged stopping the leak, and they have succeeded in pumping her out.

At Osgoode Hall, Toronto, on Wednesday, an application was made for a commission to examine Hon. Joseph Martin in connection with the South Ontario election protest. No decision was given.

Several hundred soldiers who were discharged from the United States army at Porto Rico are awaiting transportation home. They are without funds, and are becoming much exasperated over the delay.

John Smith, section foreman on the G.T.R. five miles north of Clinton, was too slow in removing his lorry from the track, and was struck by the Wednesday afternoon train going south and instantly killed.

At Lavant, near Kingston, lightning struck the residence of James Landeryou. His wife suffered from the shock. The electric current tore one of her boots off and destroyed it. Mrs. Landeryou was not seriously injured.

President Seth Low of Columbia College, Captain A. T. Mahan, U.S.N., and Frederick W. Hollis, the American delegates to the peace conference at The Hague, sailed on Wednesday on the American Liner St. Louis.

Several hundred pounds of fish and a number of nets have been taken from poachers on the Canadian side of Lake Huron. All the Yankee fishermen have been warned that seizures will follow if they continue poaching in Canadian waters.

A large delegation waited on the Premier and Mr. Sifton on Wednesday asking a subsidy of $3,000 per mile for 800 miles of the Victoria, Vancouver & Eastern Railway. This road is intended to run from the Pacific coast to the Boundary Creek district.

Andrew Miscampbell, M.P.P. for East Simcoe, has been appointed manager of the North Shore Navigation Company at Collingwood at a salary of $1,800 a year.

D-O-D-D-'S

DODD'S KIDNEY PILLS

CURE FOR ALL KIDNEY

CURES RHEUMATISM BRIGHT'S DISEASE DIABETES

D-O-D-D-'S

DODD'S KIDNEY PILLS, the only positive, never-failing cure, on earth, for all Kidney diseases.

Take No Other. Get the Genuine. Refuse Imitations. There's Only One Dodd's.

If there is a history of weak lungs in your family, take Scott's Emulsion.

It nourishes and invigorates.

It enables you to resist the disease. Even if your lungs are already affected, and if besides the cough you have fever and emaciation, there is still a strong probability of a cure.

The oil in the Emulsion feeds; the hypophosphites give power to the nerves; and the glycerine soothes and heals.

50c. and $1.00, all druggists.

SCOTT & BOWNE, Chemists, Toronto.

32 Years Ago

We started the manufacture of sheet metal building materials, and this long experience enables us to offer intending builders all that is desirable in Steel Roofing, Steel Sidings, Steel Ceilings, etc.

We Prefer

That you purchase through the trade, still if your dealer cannot give the information you desire, or offers a substitute "just as good," write us.

"The Pedlar Patent Shingles" are the best, and the best cost no more than the poorest.

Pedlar Metal Roofing Co.

OSHAWA, CANADA.

It is said he may leave politics, should his new position prove satisfactory, at the close of his term.

The game law is being enforced as strictly as possible in the Nipissing District. Recent penalties imposed are $50 on one man for killing moose—three fines of $20 each for killing deer, one of $27.50 for possessing deer skins and one of $5 for possessing venison. These are all in the township of Whitney.

Rev. Vincent Barynski, pastor of St. Stanislaus Catholic Church in Chicago, said to be the largest Polish congregation in the world outside of Warsaw, is dead. Father Barynski was born in Poland, Sept. 20, 1838. He took part in the rebellion, and when the insurrection was suppressed he was concealed for 15 months in a monastery.

Prince Ferdinand of Bulgaria has commenced suit against his father-in-law, the Duke of Parma, for refusing since the death of Princess Marie, wife of Prince Ferdinand, to pay the annuity fixed in the marriage contract, on the ground that Prince Ferdinand had violated the contract by having Prince Boris, his son, baptized into the Orthodox Church.

ENGINEER GRAHAM,

Of Montreal, Cured by Dodd's Kidney Pills.

Montreal, April 24.—Proof positive and convincing has already been given in Montreal that Dodd's Kidney Pills are the only sure cure for diabetes. And day after day fresh evidence comes to light to make the proof more emphatic and convincing.

Engineer James Graham, 54 Victoria Square, says: "I suffered with Diabetes for six years. One of our best doctors told me I could not be cured.

"I read of Dodd's Kidney Pills and decided to try them. Three boxes made me well, and I have not suffered from Diabetes since."

Such cures as this prove the efficacy of Dodd's Kidney Pills.

Never Too Late to Mend.

Hamilton, May 2.—After living no less than 107 years, Mrs. Goodman of Wentworth street has decided that to be entirely happy she must join the Methodist Church. Accordingly, at the reception to be held next Sunday morning at Wesley Church, she will be welcomed as a member by the pastor, Rev. W. F. Wilson. Mrs. Goodman is believed to be the oldest woman in Canada, and perhaps on the continent. She has resided in Hamilton for 88 years.

Thunderstorm and Loss.

Timberland, Ont., May 3.—A terrific thunderstorm passed over this vicinity yesterday afternoon. It was accompanied by a high wind, which levelled many fences in the country. The barns of Mr. Loftus Shier, three miles west of here, were struck by lightning, and quickly burned to the ground, together with 35 pigs, two calves, grain, hay and implements. The loss will be in the neighborhood of $3,500; insurance about $1,200.

That Throbbing Headache

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents, money back if not cured. Sold by Jas. Lynch, Druggist.

Cook's Cotton Root Compound

Is successfully used monthly by over 10,000 Ladies. Safe, effectual. Ladies ask your druggist for Cook's Cotton Root Compound. Take no other, as all Mixtures, pills and imitations are dangerous. Price, No. 1, $1 per box; No. 2, 10 degrees stronger, $3 per box. No. 1 or 2, mailed on receipt of price and two 2-cent stamps. The Cook Company Windsor, Ont. Nos. 1 and 2 sold and recommended by all responsible Druggists in Canada.

Nos. 1 and 2 sold in Peterborough by H. H. Edmison, Druggist.

FRANCE IS DISTURBED

At What The London Times Said About Anglo-Russian Agreement.

Paris, May 4.—At the request of the Russian Government, M. Delcasse, Minister of Foreign Affairs, communicated to the press an official denial of the statements made in an article in The London Times that the Anglo-Russian agreement was to France's detriment.

The Echo de Paris expresses hope that the official arrangement between Russia and Great Britain differs materially from the present interpretation of it, "otherwise," the paper says, "our interests in Abyssinia and the far east will be held cheaply by the Muscovites."

Fattening Fowl Pays.

Ottawa, May 3.—The agricultural committee heard Prof. Robertson yesterday morning on the experiments in chicken-fattening, made last fall, and his observation on the same in England. He said that there was a prospect for a large market in this line, and some dealers had offered to take 5,000 cases a week.

Some trial shipments sent last year netted 70 cents profit per chicken. They cost $1.06 when fattened, and were sold in the English market for $1.76.

No Fare Unless Seated.

New York, May 3.—According to a despatch published here, an ordinance that will pass and be signed by the mayor was introduced in council at Chicago last night providing that no one shall pay fare in a public conveyance unless he shall have a seat.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

Making Things Hum at Gough's.

Gough Bros.' prices just now for Spring Clothing actually border on the Sensational!

Only through command of such power as we possess by our Syndicate are such prices made possible in Peterborough.

By our prodigious buying at the **Doull & Gibson** sale and from **E. A. Small & Co.**, the wealthy wholesale clothing makers, of Montreal, we own stocks to-day which were purchased and laid down in our stores in Peterborough **cheaper** by from 15 to 20 per cent. than the wholesale makers sold to retail dealers.

Common sense reasoning, therefore, ought to convince you that we control **better** Bargains by far than even the makers of Clothing themselves.

Buying right in the factory, as we do, our prices are shorn of the wholesalers' profits, the travellers' salaries and other heavy expenses.

You simply pay us one small profit as a turn-over.

Figure it up! Look into the matter! Attend our great Combined Double Header Sale, now in full blast, and be winners with *us*.

The largest stock of Men's, Youths' and Boys' Spring Clothing to select from.

Half Prices for Whole Suits is making things hum at Gough's.

Daily Examiner.

THURSDAY, MAY 4, 1899.

LOCAL NEWS

Is Your Piano in Tune?

The change of season affects pianos as well as anything else. Mr. George Gumpricht, practical piano maker and tuner, with 28 years experience, attends to all orders left at Mr. H. S. Macdonald's drug store.

Dead Cats Smell Bad.

Residents in the vicinity of Spaulding's Bay, George street, are complaining of the offensive odour arising from several dead carcasses lying on the shore in that inlet. The health officer should make it his business to have the cause removed.

St. Paul's Anniversary.

The anniversary services of St. Paul's church will be held on Sunday, the 7th inst. Rev. Dr. Herridge, of Ottawa, will preach in the morning and Rev. Principal Grant, of Queen's College, Kingston, in the evening. Special collections will be taken at both services on behalf of the mortgage debt. 2d.

The Married Ladies' Social.

In George street church school room on Tuesday, May 16th, promises to be an unique and interesting event. Full particulars will be given later. There will be an excellent programme and refreshments and the result of the married ladies' enterprise and skill. Admission 15c. Don't fail to attend. 2d.

Give a Guess.

For the sake of curiosity, the readers of the Examiner are requested to hand in their estimate of the height of the crest of Armour's hill above the level of Rubidge street at St. Peter's Cathedral. The results will only be given, and the names of guessers, many of whom may make wild estimates, will not be used except those very close to the mark.

Bargains in Books.

The clearing up sales of the publishers are great opportunities for the retail dealers, who can buy in large quantities. That is why the Peterborough Bookstore is able to offer such prices as the book counters now show:

Summer Novels at 5c each.
Standard novels at 10c each.
Special series at 15c each.
Special series at 2 for 25c.

The publishers had their ideas three times as high. All well printed on good paper and with illustrated covers.

St. Paul's Church Concert.

St. Thomas Times—Mr. Alex. M. Gorrie, of Toronto, has a powerful, well-cultivated tenor voice, and he won the hearts of the audience. At each appearance he was recalled.

Miss McMurtry, who sings at St. Paul's church Thursday next, is an honour graduate of the Toronto Conservatory of Music, and a pupil of the eminent teacher and composer, Chas. B. Hawyle of New York. She has been for several years solo soprano in the Jarvis street Baptist church, and has now an enviable reputation as a singer and teacher of vocal culture throughout the city and province.

The above artists will sing at St. Paul's Church Concert Thursday, May 11th. Tickets on sale at Macdonald's, Connals and Sanderson's.

Use NERVOL. One application cures; if not, your money back. Harmless and Reliable. 25c. at all druggists.

TWENTY-FOURTH OF MAY.

The Manner in which the Day will be Spent Here.

Arrangements have been completed for the celebrating of the Queen's Birthday in a way that will be pleasing to those interested in athletic sports.

In the morning there will be a baseball game on the P. A. A. A. grounds, beginning at 10.30 o'clock between the reorganized Peterboroughs and the Delawares, of Toronto. The latter club is composed of a gentlemanly lot of young fellows who play sharp, snappy ball and the game should prove one of great interest.

In the afternoon the P. A. A. A. grounds will again be the scene of operation, as at 3 o'clock Hastings and the Peterborough Seniors play lacrosse. As will be remembered the Hastings twelve came through last year without a defeat, numbering amongst their victories one over the Madoc team on its own grounds. The Peterborough Seniors did not meet Hastings during the year owing to the league games taking up all the time of the local team. This year, however, Hastings has flung a challenge into the arena sufficiently early in the season to ensure a match being played and in order to test the strength of the two teams before the league series begin it has been decided to play the much mooted match on May 24th.

An excursion will be run up from Hastings and it is expected that the whole village will follow the team to witness a game concerning which there has been so much talk.

PERSONAL.

Mrs. G. A. Smith, of Bobcaygeon, is in town visiting friends.

Mr. R. A. Dutton, the George street fruit dealer went to Montreal this morning.

Miss E. Barclay, of Manchester, N. H., is visiting at the home of her father, Mr. John Barclay, George-st.

Miss Ethel Wrighton left this morning for Toronto, where for the next few months she will study voice culture under Prof. Haslam, of New York.

Mr. George Brown arrived in town to-day and made final arrangements for taking over the Chemong Park Hotel. Mr. Brown was given a banquet by the citizens of Stirling last evening.

Messrs. Arthur W. McDonald and Nelson Babcock, of Lindsay, wheeled to Peterborough on Sunday morning and stated that roads were in excellent condition. They are the guests of Mrs. S. J. Nicol, Lake-st.

His Lordship, Bishop O'Connor, and the Ven. Archdeacon Casey are in Toronto, where they have been attending the ceremonies incident to the installation of His Grace, the Most Rev. Denis O'Connor, Archbishop of Toronto.

Amongst the Peterborough boys, who are this year making a mark at college is Mr. J. A. Gillespie, who has just graduated in medicine from Bishop's College, Montreal, carrying off the David Silver Medal, as well as first-class honours in Anatomy and Physiology.

Mr. Bert Belleghem received notice yesterday, of his transfer to the new branch of the Ontario Bank at Tweed and left to-day at noon to fill the appointment. Bert will be greatly missed in the bank here where his obliging and courteous demeanour made him a great favourite with the customers. The hockey club will also feel his loss greatly, if he does not return to Peterborough before next winter.

APRIL WEATHER NOTES.

The lowest temperature during the month of April was 21 degrees on the morning of the 2nd; the highest temperature 81 degrees on the 30th. The average daily temperature was 45.1, being 3 to 4 degrees higher than usual. Though the month was warmer than usual the precipitation was small, being only 1 inch and 42-100. One-quarter of that was in the form of snow. "April showers" were in evidence on eight days. Snow fell on three days. The thermometer went below the freezing point on eleven occasions, the last time being on the 17th.

A Corn Photographed by X Rays

Shows a small, hard kernel, covered by layers of hard skin. This tiny corn causes keen pain. The only sure means of extracting it, in a day, is Putnam's Painless Corn Extractor. Sure? Yes. Painless? Yes. Cheap? Yes, indeed. Try it.

PARE AND HOLDEN GETTING IN THEIR WORK.

THAT IS WHAT IS FEARED IN CORNWALL.

A Safe Blown open there Last Night —$300 Secured by the Burglars— Much Excitement.

Special to The Examiner.

Cornwall, May 4.—The door of the safe at the Ottawa and New York Railway station here was blown off during the night and $300 in cash secured. Agent Steele did not leave the station until 12.30 last night and was on duty again at six o'clock this morning. The job was very neatly done, evidently by experienced safe crackers. A story has been circulated that men answering the description of Pare and Holden, the Napanee bank robbers who escaped on Monday, had been seen in the back country and it is thought the work may have been done by them.

While Pare and Holden may not be directly concerned in the robbery, yet it is altogether probable that their confederates, who helped them to escape from the Napanee goal, had a finger in the pie.

NO CLUE YET.

It is Feared that Mr. King May have Fallen into the River.

No word of information has as yet been obtained as to the whereabouts of Mr. Peter King, of Downie street, whose disappearance from his home on Sunday afternoon was mentioned in yesterday's issue.

If the earth had opened and swallowed him all traces of the missing man could not have been more completely obliterated.

This morning a searching party scoured the country in the neighborhood of Jackson Park proceeding quite a distance up the track but no clue was obtained in that vicinity.

The relatives and friends of Mr. King are very anxious indeed, concerning his disappearance and grave fears are entertained that the river may be held accountable for the mystery.

Keep it up.

The future of a business that has been established and built up by advertising depends on the judicious continuance of that advertising. Just because a man has made a success, made his name and goods famous, he should not try to economize on his advertising appropriation or discontinue it altogether, believing that thereafter the article will command a trade without the use of printer's ink. It has been tried time and again and doesn't work that way.

The Baby's Outing.

Time now for the baby to begin taking its outing—time to think about buying that carriage—for the mother's sake as well as baby's. When the subject is up for consideration give "The Peterborough Bookstore" a hearing. This is where you are likely to find a carriage that in style and finish and quality and price will justify you in making your selection. Will agree to give you back your money if you find you might have done better elsewhere.

PROTECT THE DEADLY LEVEL CROSSING.

The suggestion of Mayor Davis made at the meeting on Monday night that the Council should initiate action to provide, in conjunction with the railways, gates for several level railway crossings is indeed timely and commendable, and a pleasing proof of our first magistrate's solicitude for the interests of the people he is selected to serve. It is certainly as much the duty of the civic authorities to protect the lives of the ratepayers as it is their duty to maintain a fire department and a police force for the protection of the property of the citizens. The Examiner has frequently insisted upon the duty of the civic and railway authorities in regard to crossing gates. No person will deny their necessity, for their absence has been the cause of deplorable loss of life that might have been prevented, and in consequence there is a heavy responsibility resting upon somebody; for it is quite impossible to attribute the deaths mentioned to accident — they have been due to neglect. The town cannot act too soon or too earnestly in the matter. It is the function of railways to move things, but it is a difficult matter to get railway corporations themselves to move, especially when a question of public convenience affects their financial interests. If it takes as long to settle the question of railway crossing gates as it has done to straighten out other tangles between the town and the railways there will be ample time for other fatal level crossing casualties to occur—no, to be committed.

MARKET CHANGES.

The Scales May be Shifted to a Point Nearer Charlotte Street.

A meeting of the Market Committee was held yesterday afternoon but as a quorum was not present, no business was transacted. It is understood, however, that a number of proposed changes in connection with the market were discussed. The chief of these was the shifting of the market clerk's office, weighing scales and stock pens from their present position down to Charlotte street, where the latter would have better connection with the sewer. It seems that the sewer with which they are now connected is too small for the requirements.

As a new fire hall is to be constructed, the old building will probably be converted into stores and if the nuisance of the stock pens was abated, there would be much more chance of keeping these rented continuously.

It is understood further that it is the intention of the market committee to have the stock pens paved, whether the contemplated change is made or not.

NOTHING BETTER

Than a BUSINESS EDUCATION

More positions are secured by having a knowledge of Bookkeeping or being able to write Shorthand, than by any other means. Thorough instruction is given in these departments at the Peterborough Business College.

PETERBOROUGH'S MODERN STORE.

House-Cleaning

Will be the occupation of the Majority of Peterborough Ladies this week.

Couldn't we make a few Economical Suggestions to help you beautify your home at this important time?

What about a new Carpet for the parlour? Wouldn't it be both economy and a great deal better looking to take the old parlour carpet that has done service so long, and use it, instead of some of the new bed room carpets you had thought of getting for the upstairs, when you can buy it for the same money?

1000 yards 4 and 5 frame Brussels, all the newest patterns, and the colours are Greens, Reds, Fawns, Browns, Terra Cotta and Blues. The regular price was $1.10, $1.15 and $1.25 per yard. Your choice per yard 1.00

900 yards extra good Brussels Carpet, the patterns and colours are good. Former price was 90c and $1, our special price per yard .75

English Wilton Carpets—We have an elegant assortment to select from in all the rich dark and light shades, and the patterns are the best that can be bought. Special price per yard 1.25

1500 yards of our best quality Tapestry Carpets in all new colours and patterns. Special price per yard ..... .65

We have an immense assortment of Tapestry Carpets at 25, 30, 35, 40, 45 and 50c per yard, and the quality, patterns and colours are the best that can be bought. See them whether you buy or not.

2 and 3 ply all wool Carpets—we have the choice of the mills' production, and the prices for 3 ply 90c and $1 per yard, and for 2 ply 60c, 75c and 85c per yard.

Don't buy a union Carpet before you see the values we are showing at 25, 30, 35, 40, 45 and 50c per yard.

Hemp Carpets with floral patterns, 33 inches wide, special price per yard ..... .13

Plain striped Hemp Carpet, 30 inches wide at 8c and 10c per yard.

WHAT ABOUT MATTINGS?

Japanese Mattings, aren't they the proper t if you're bound to have new coverings for the bedrooms? We have an enormous range—lovely patterns, lovely qualities and little prices. SEPARATE SCHOOL BOARD.

Report of the Business Transacted at Last Night's Meeting.

The regular meeting of the Separate School Board was held last evening, there being present Mr. Quinlan, chairman and all the Trustees.

The Rev. Local Superintendent, Ven. Archdeacon Casey, was also present.

The minutes of the last meeting were read and confirmed.

Accounts were received from A. H. Stratton & Co., $5.99; W. Stocker, $1; A. Vinette, $4.50, and referred to the Finance Committee.

The following accounts paid since last meeting on order of the Property Committee were confirmed: W. J. Devlin, $9; L. J. Blodgett, $16; F. Cook, $6.75.

Attendance.

The reports of attendance for the month of April are appended:

Central School—

The assistant teachers in the Central School made applications for re-engagement for the ensuing year.—Received.

A communication from the Town Clerk to appoint a representative on a committee to consider the question of establishing a free public library was received.

On motion of Mr. O'Brien, seconded by Mr. Goselin, Dr. Moher was appointed as the Separate School Board representative.

The Finance Committee, through Dr. Moher, chairman, reported, recommending the payment of the following accounts:

Examiner Printing Co.	$2.25
Times Printing Company	1.50
A. H. Stratton & Co	32.90
The Review Co.	2.50

The report was adopted on motion of Dr. Moher, seconded by Mr. Sheehy.

On motion of Mr. Sheehy, seconded by Mr. Hickey, the matter of re-seating the Principal's room in the Central school was left in the hands of the Property Committee to report at the next meeting, also to have some repairs done at the Central School.

On motion of Mr. Kylie, seconded by Mr. Goselin, the communication from the teachers re their re-engagement were referred to the School Management Committee, to report at the next meeting. The Board then adourned.

CUSTOMS RETURNS.

Merchants of Peterborough have reason to be gratified at the excellent condition of trade that is evidenced by the customs returns for April, which are nearly double what they were for the corresponding month last year. The total amount of goods imported in April, 1898, was $41,621.00 against $57,826.00 fro April of this year. The amount of duty collected in April, 1898, was $5,832.70 while for the month just ending $11,403.30 has been received.

Volcanic Eruptions

Are grand, but Skin Eruptions rob life of joy. Bucklen's Arnica Salve cures them, also Old, Running and Fever Sores, Ulcers, Boils, Felons, Corns, Warts, Cuts, Bruises, Burns, Scalds, Chapped Hands, Chilblains, Best Pile cure on earth. Drives out Pains and Aches. Only 50c. a box. Cure guaranteed. Sold by J. Lynch, Druggist.

Serge Suits!

We carry a large selection of the best qualities of these popular Summer Suitings, including the Reliable-Dyed ENGLISH and IRISH SERGES, in blue and black—the finest imported and the kind it pays to buy.

Serge Suits possess special advantages which make them always popular. They are easily cleaned, and do not show brush or water marks. They are always dressy, easy and comfortable, when made as we make them. As cheap to pay a fair price for a good suit as to pay a low price for a poor one. Our CASH SYSTEM has lowered prices.

TECHNICAL TRAINING, DOMESTIC SCIENCE.

THE SUBJECT OF MRS. HOODLESS' LECTURE LAST NIGHT.

A Thorough Explanation of the Benefits to be Derived from Adding these Subjects to the School Curriculum.

A decidedly interesting as well as highly instructive address on Technical Education and Domestic Science, was delivered by Mrs. Adelaide Hoodless of Hamilton, before a large audience in the Y.M.C.A. lecture hall last evening. In the absence of Mayor Davis, the chair was most acceptably filled by Inspector Walker, who made a short opening address of an introductory nature. As the lecture was given under the auspices of the Town Teachers' Association and the National Home Reading Union, it is not surprising that the audience present constituted principally of educationalists and persons interested in professional and literary callings.

Mrs. Hoodless has an exceedingly pleasant platform appearance and the audience was delighted with the clear and intelligent manner in which she presented so difficult and prosy a subject. In a few introductory remarks, she said that she wished her address to be of a perfectly informal nature, it being her desire to impart in a short time,

A Comprehensive Idea

of the methods pursued and good work accomplished by Technical Education and Domestic Science. If women understood all the phases of their domestic life as well as they should, the speaker was quite sure that they would have enough to attend to for years to come without crying for women's rights on other subjects. A woman should aim to be an ideal home-maker; a high and holy ambition and one which amply rewards the seeker by its fruits. Women should realize that they play a most important part in life. Higher education for women, however, is entirely different to what it is in men. As the educational institutions are constructed by the men it is quite natural that the training afforded in these for the girls is insufficient for their needs. The minds of the pupils are given good training, but their bodies are neglected with the result that the mind may possess the theory, but the body is entirely incapable of carrying it out. This it was proposed to remedy by technical teaching in the public schools.

Mrs. Hoodless considered that the present curriculum of the schools was somewhat oddly constructed. Children were taught what the blood is made of, but we are left entirely ignorant as to the

Blood Producing Foods.

Many people, however, imagine that working is the only section of Domestic Science. It is but one department in many which aids and instructs in useful and practical matters of daily life.

People of to-day, declared the speaker, do not clearly understand education and its purpose. It does not mean mental development only but a general standard of excellence created in both body and mind. It would not be the duty of the state to be specific, but to provide all round development. Education has three purposes, to teach the student—to think to preserve and create. To this, Mrs. Hoodless considered that physical development should be added and this latter could only be accomplished through such methods as were proposed.

To give an idea of some of the good work now being accomplished. Mrs. Hoodless said that in order to study the actual work and methods practised in some of the educational centres of the United States, where conditions and general education are more in line with those of Ontario, she had made visits to schools in New York, Boston, Washington and Philadelphia. Each state and city had its own plan of work, although a marked similarity is apparent. Much depends upon the energy and ability of the superintendent. In Washington a complete system of manual training has been established with most gratifying results. It has been introduced on a strictly educational basis and occupies the same position as the other obligatory subjects. Each class room contains a large collection of seeds, minerals, fossils, etc. Special attention is given to clay modelling, and drawing, which is almost entirely freehand. In the more advanced grades this training is turned to account in drafting and designing garments. The senior grades are allowed one and a half hours a week in the drafting, cutting, fitting and making of these garments, for which special rooms are provided in different sections of the city. One hour a week is given

To Plain Sewing

all through the primary grades. In the more advanced grades the pupils are allowed to bring the material for simple garments from home. The method of instruction in this subject leaves no doubt as to the connection between designing and drafting with mathematical precision and drawing. It provides excellent practical training in these two subjects, besides developing the artistic and creative faculty. During the sewing course frequent talks are given by the teacher on the manufacture of the various articles in use, such as needles, scissors, thread, cotton, wool, silk, etc. Samples of the raw material and in the various processes of manufacture are provided for each school. In this way the pupils are given a knowledge of good and bad material. The lessons are intensely interesting and make a pleasant change from book work. The variety of occupation has resulted in better order in the schools, more regular attendance, increased interest and prolonged attendance at school. The older girls are anxious to reach the cutting and fitting room and the domestic science classes. Fifteen regular teachers of sewing are employed in the Washington schools, each having charge of a district and devoting one hour a week to the primary classes, and one and a half hours to those of the senior grade. The domestic science department is in charge of twelve regular instructors.

Such a System

as the above is just what Canada needs. A good mental education is given, but the lack in developing the physical side of the child's nature is apparent.

The prosperity of a nation, the speaker said, depended upon the condition of the homes its citizens live in and the food they consume. Being such, great care should be exercised to see that everything is of the very highest grade. Yet what do we see at present? Many women who live in cities are incapable of preparing a meal, but are fond of ordering their servants about. What would be thought of a business man who did not know the details of his own business, but had to hire porters to do the work for him? Is it not of just as much importance for a woman to be able to make a dollar's worth of food out of 25 cents worth of material, as it is her husband's business to make a reasonable profit on the goods he sells?

Mrs. Hoodless, continuing, lamented the fact that no country in the world to-day gave so little attention to this line of education as Canada. The home life must not be neglected or it will degenerate. In some of the States of the Union girls are put on an equal footing with boys in acquiring knowledge suitable to them in their life's work. With the

Successful Results

reported Canada should have no hesitancy in trying the system.

In summing up her remarks Mrs. Hoodless gave the following as being among the benefits to be derived through the introduction of domestic science and technical training in the public schools of Canada:

It tends to inspire respect for skilled labour, and domestic duties; it develops self-respect and self-reliance, especially in pupils who dislike books; it develops general intelligence and increases interest in school work; it cultivates habits of neatness, attention, accuracy and industry; it improves the health and strengthens the will power.

Following the address a general discussion took place and among the speakers were Mrs. Wallace, Mrs. Kendry, A. C. McCallum, R. M. Dennistoun, J. W. Garvin and Inspector Walker. All expressed pleasure at the concise and lucid way the talented speaker had explained her views. A number of questions were asked and satisfactorily explained. A vote of thanks to Mrs. Hoodless was moved by J. W. Garvin and seconded by Rev. H. Symonds and the audience heartily expressed its appreciation of the evening's entertainment.

Y. P. S. C. E.

A large number attended St. Andrew's consecration meeting on Monday night. The social and music mittee were in charge. The topic was "How shall we divide our time," Eccl 3, 1-15. Miss Allen read a few notes referring to what our answer will be when our Lord asks us how we have divided our time. The pastor and Mr. Anderson also spoke on the subject, reminding those present that if time were rightly divided we would be more useful to those around us, and if we let our planning be done by Christ everything would work in harmony.

During the evening several new members were received.

Before closing those present were delighted with a solo by the pastor.

Grafton & Co's Leadership in the Clothing Trade.

There isn't the slightest doubt as to where the best and safest place is to buy clothing. For years we have taken first place as clothiers and each succeeding season our easy leadership became more strikingly in evidence, this year, more so than ever. It is best shown by our magnificent stock of Mens', Boys' and Childrens Suits, which at every point of comparison easily discount anything you may find outside this store in Peterborough. Now we are not going to ask you to accept our statement for that fact, but we expect you to prove it by making your own comparison. That being done carefully and intelligently, we may safely expect you to spend your money here, where your interests are always served to the best advantage.

STOCK NOTES.

Stanley Prince, the great prize winning imported Clyde stallion of America has been sold by Levi Bowles to Maurice O'Brien, of Douro. Stanley Prince is the sire of Miss Stanley, the winner of the first prize at the World's Fair, and McMargaret, winner of the first prize in the yearling class at the same exhibition, now owned by D. and O. Sorby, Guelph, Ont. Other of his get are Lord Brassey, the first prize stallion in the yearling class at Chicago; also the group which carried off the first prize at the Minnesota State Fair for three years in succession. He is also sire of the winner of the group at the big Omaha fair of 1898, as well as the first prize filly and the sweepstakes filly at the same fair. Stanley Prince is bred from the best combination of the celebrated Prince of Wales and Darnley blood. He is a fine dark brown with a white face and should take well with the farmers of this section.

The CHARM OF BEAUTY

Not in the Features so much as in the Grace and Vitality of a Healthy Body--Dr. A. W. Chase's Nerve and Blood Pills make Women Beautiful.

There's a certain charm of beauty in the graceful, elastic movement and clear complexion of a healthy woman in which the features do not play an important part.

The pale, sallow complexion and dull leaden color of the skin, dark circles under the eyes, headaches, pains in the back and sides, dull eyes, weakness, nervousness, despondency and low spirits are symptoms of weak, watery blood and improperly-nourished nerves.

No woman can be beautiful until the blood is enriched and the nerves strengthened. Dr. A. W. Chase's Nerve Food is a food for the blood and nerves.

Dr. A. W. Chase's Nerve Food restores the energy and strength to a run-down system. Note your weight before using them, and the increase week by week as the brightness returns to the eyes, the color to the cheeks and the form rounds out with firm, healthy flesh, the natural result of rich, pure blood and a healthy nervous system.

Face cut and facsimile signature of Dr. A. W. Chase on every box of the genuine. 50c. a box, all dealers, or Edmanson, Bates & Co., Toronto.

A JUDGE'S STORY.

"Should a lawyer defend a man charged with murder when he knows the man to be guilty?" This question led to an animated discussion, which, after some two hours, was brought to an end by the judge suddenly exclaiming, "Do you see that man?"

The benchers turned their faces in the direction indicated by the speaker just in time to see a tall, lank man in shabby attire leave the building.

Before a word was spoken by any of the curious benchers the judge said, as though musing to himself, though in a tone loud enough for the others to hear

"Strange that I should see that man just at this moment and when we were discussing a question that he could have answered. His life, like mine, has been a failure; but, thank God, my regrets, though many, can never be as bitter as his are. He ruined his career as a lawyer by defending a man who had confessed that he was guilty of murder.

"Tell us the story," exclaimed the one known as the proctor.

"He was ruined," began the judge, "by his ambition.'

"Ambition," suggested the solicitor, with a genial smile on his kindly, clean shaven face, "is responsible for much good and much evil. It is ambition that has made wrecks, legal driftwood, of many of us. We have dreamed of great deeds in our profession: we have builded fairy castles in the air, while others have by hard work succeeded. I for one"—

"The story, the story!" exclaimed several of the benchers.

The judge, thus urged, told his story

"Some 40 years ago it was that I entered the small courthouse in a small town in the western section of New York. Court was in session, and the hush that had fallen upon the crowd in the room was oppressive. Nothing was heard at that time but the ticking of the clock and the breathing of the spectators. The presiding judge was looking up some legal question in the law books before him. The rapt attention of the jurors and the eagerness of the counsel caused me to realize that a trial of more than ordinary interest and importance was in progress. I asked a bystander what the case on trial was. He gazed at me in surprise for a moment and then exclaimed, 'You must be a stranger in these parts?'

"'I am,' I replied. 'I have just come here from New York city to file a complaint in an action of ejectment.'

"'This,' replied my informant, 'is a murder trial, and there,' he pointed in the direction I was to look, 'is the man who will certainly hang.'

"I looked at the prisoner at the bar. He was a good looking young fellow about 25 years of age. There was something in the expression of his pale face that convinced me of his guilt.

"While the trial judge turned over page after page of the law books I learned the details of the crime."

Here the story teller took a nip from the flask the proctor handed to him and then resumed:

"I learned that in his house on the outskirts of the town, one morning two months before the day of the trial, John Peterkin, a wealthy old man, who had been, it was said, in the habit of keeping large sums of money in his house, was found murdered, shot in the back. The murdered man had been seated when he was shot, for his chair was overturned just as he had fallen from it. Peterkin, who was about 67 years old, lived alone with his niece, a pretty girl about 19 years old. She it was who discovered the murder. When she had sufficiently recovered from her alarm, the niece, Mary Peterkin, aroused the neighbors.

"At first it was thought that the motive of the crime had been robbery, but when the police discovered that the safe, the door of which was unlocked and half way open, contained $1,750, and that the old man's watch had not been taken, that theory had to be abandoned. For several days the case was a mystery. Then it came to the knowledge of the chief of police that Hascall Renidder, the only son of a widow, whose father had been postmaster of the little town, had been seen around the house and had spoken unkindly of old Peterkin. Renidder was put under arrest.

"When I had learned this much," said the judge, "the trial judge, whom we will call Blank, looked up from the legal books and said, 'I will admit the testimony objected to.'

"While Judge Blank was reviewing the law questions I looked at Mary Peterkin. She was seated in the rear of the courtroom and was an exceedingly pretty young woman, the pallor of her refined face illumined by large blue eyes. She was in deep mourning, which but enhanced her beauty.

"'Proceed,' exclaimed Judge Blank.

"The witness on the stand—a police officer—then testified that he had found a small revolver with an ivory handle in some bushes just outside of the window of the room where the crime had been committed.

"'Were there any marks on that revolver?' asked Horace Dash, counsel for the prisoner, the man I just pointed out to you.

"'Yes,' replied the witness.

"'What were the marks?'

"'The initials M. P.,' replied the witness.

"'Did you ascertain who owned that pistol?' asked Lawyer Dash.

"'Yes; Mary Peterkin.'

"An exclamation of surprise went around that little courtroom. Mary Peterkin started up in bewilderment and then fell back into her chair.

"'Silence in the courtroom!' exclaimed Judge Blank.

"With a face paler than that of either the prisoner or the niece of the murdered man, Lawyer Horace Dash, counsel for the prisoner, said to the witness, 'Step down.'

"The next witness called was a woman who had formerly been employed by old Peterkin as a housekeeper. She was exceedingly nervous, and her voice trembled when she swore to tell the truth. There was a malignant expression on the face of the counsel for the prisoner when he asked the witness:

"'Do you know Mary Peterkin?'

"'I do,' was the reply.

"'She is the niece of the murdered man?'

"'She is,' replied the woman in a whisper.

"'You once lived with the dead man and his niece?'

"'I did.'

"'Did uncle and niece ever quarrel?'

"'Must I answer that?' asked the old woman, turning toward Judge Blank.

"'You must,' sternly replied the judge.

"'Yes. They quarreled,' faltered the witness.

"'What about?' asked the counsel for the prisoner.

"'She—Mary—wanted to marry a man her uncle did not approve of.'

"All eyes were turned toward Mary Peterkin, who, with an expression of horror on her face, sat crouched up in her chair. Every one in that courtroom seemed to realize that the testimony already adduced against the prisoner at the bar was as nothing compared with that just brought out against the girl. The prisoner at the bar was pale and trembling and, I thought, an object of abject misery. Then the thought flashed across my mind that he might be innocent. It was evident that Lawyer Dash was struggling with himself when he asked the next question.

"'Did you ever hear Miss Peterkin threaten her uncle?'

"'I heard her say once that she wished he was dead,' replied the witness.

"With a moan of anguish Mary Peterkin fainted. The prisoner started forward and, despite the efforts of the bailiffs to restrain him, exclaimed:

"'This is a shame. I am guilty, and that man'—pointing his finger at Lawyer Horace Dash—'knows that I am.'

"'What does this mean?' asked Judge Blank, addressing the prisoner's counsel, who was leaning on the table and seemed about to faint.

"'I don't know, your honor,' replied the lawyer, who was seen to press his hand to his heart.

"'Let the trial proceed,' said Judge Blank, 'and don't let that woman,' indicating Mary Peterkin, 'leave this room.'

"'Stop!' exclaimed the prisoner. 'I withdraw my plea of not guilty. I am guilty!'

"For a moment silence, oppressive silence, reigned supreme. Finally the judge said, 'Do you appreciate your position—that I can pass sentence of death on you?'

"'I do,' replied the prisoner, with a defiant look at his counsel, 'but I would like to say a few words.'

"'Proceed, sir,' said Judge Blank.

"'I committed the crime, your honor, but not from desire for gain. It was done in a moment of anger, just anger, and for the sake of my dear old mother. Years ago my mother, so that she might pay some debts I contracted while in college, mortgaged her farm—the home where she was born, the home that she went to as a happy wife, the home where I was born—to old Peterkin. Each year since then she paid to him usurious interest. Finally there came a day when he would not renew the mortgage. That was the day I killed him. I pleaded with him, but in vain. He insisted he would foreclose the mortgage. He called my mother a vile name. I saw the revolver on his desk, picked it up and aimed at him. He wheeled around in his chair toward his desk, and the bullet entered his back.

"While he was telling this story the prisoner several times pressed his hand to his left side and moaned as if in pain.

"'Have you anything else to say?' asked Judge Blank.

"'Yes; I want to say,' explained the prisoner in gasping tones, 'that after I had retained that lawyer'—pointing to Horace Dash—'I told him I was guilty; that I wanted to plead guilty. He forbade my doing so. Said it was a splendid case. He would acquit me and cover himself with glory. He said he would ask no fee. I urged that I was guilty, but he said he could clear me. I consented to the plea of not guilty.'

"Again the prisoner placed his hand to his heart and with an effort said: 'I could not save my life at the expense of an innocent person, and that person a woman. I am guilty.'

"He sank back into a chair, and Judge Blank turned to Horace Dash, the prisoner's counsel, and asked:

"'What have you to say for yourself?'

"'I did my duty—my plain duty,' said the lawyer. 'As I understand it, it is a lawyer's duty to defend his client and to acquit him as best he can'—

"'Not at the expense of an innocent person,' remarked Judge Blank.

"'I maintain it is,' replied the lawyer. 'Although a prisoner may confess guilt, he may be innocent. He might be insane when he confessed. He might be actuated by a desire to save at the expense of his life a guilty person. He might'—

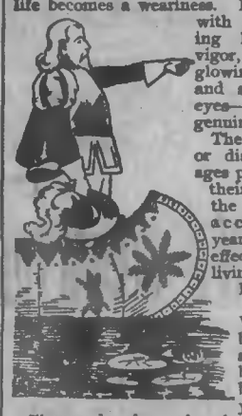
"'I am guilty!' shouted the prisoner. 'I did it. I did it. I'—

"He fell backward on the counsel's table, gasped, and after a few convulsive movements attempted to rise, fell back, twisted half around, and his soul passed to a higher tribunal. Judge Blank, after ascertaining that the prisoner at the bar was dead, said, 'I accept his plea of guilty.'"

The teller of this story then added "The man who so strangely passed before me today was the prisoner's lawyer. He never prospered at the bar. His career was ruined with the case which he hoped would earn him fame."—New York Sun.

THE FOUNTAIN OF YOUTH.

We all remember the story of Ponce de Leon seeking the fountain of eternal youth; and we all sympathize with him in his search. Youth means so much. It means more than life—for sometimes life becomes a weariness. But youth—with its abounding health and vigor, elastic step, glowing cheeks, and sparkling eyes—we all covet genuine youth.



The weakness or disease which ages people before their time, is not the result of accumulated years; it is the effect of wrong living and unhealthy blood. When the blood is pure and fresh the body will be full of youth.

Thousands of people who seemed to have lost their youth by disease and suffering have found it again through the use of Dr. Pierce's Golden Medical Discovery, the most perfectly natural and scientific rejuvenator of the physical forces ever known to medical science.

It gives the blood-making organs power to make new blood, full of the life-giving red corpuscles which drive out the disease, builds up flesh tissue, solid muscular flesh and healthy nerve forces. It gives constitutional power, deep and full and strong; rounds out hollow cheeks and emaciated forms; gives plumpness, color and animation.

It does not make flabby fat like cod liver oil. On this account, it is a perfect tonic for corpulent people.

It aids digestion and natural action of the liver, and by feeding the nerves with highly vitilized blood banishes nervousness, neuralgia and insomnia.

When a constipated condition exists, the "Discovery" should be used in conjunction with Dr. Pierce's Pleasant Pellets, which are the most perfect, mild and natural laxative in the world. There is nothing else "just as good." There is nothing that will do the work so thoroughly, surely and comfortably.

"Your medicines have done me good; in fact they have cured me," writes Mrs. Eva T. Church, of No. 7 Wall St., New London, Conn. "As I told you before, I doctored over two years and did not get any better. You kindly advised me what to do. I did as you told me and the result is, health. You may publish this statement in your own way. You may speak the very best for your medicines. I have taken one-half dozen each of the 'Golden Medical Discovery' and 'Favorite Prescription' and four bottles of the 'Pellets.'

"I forgot to say what I used your medicines for. I was all run down; pains in back and shoulders, also in chest; was nervous, felt always tired. You will know how to express the joy I feel for the use of your medicines better than I can write it."

"For several years I felt a dull heavy pain in my chest (often after bleeding at my nose) accompanied by a hacking cough," writes Geo. A. Whitlock, Esq., of Urbana, Dallas Co., Mo., "Three years ago my disease began to develop very fast by very severe pains in my chest, an almost constant cough, and spitting a white fatty substance very tough. There also appeared to be something in my throat which I could never cough up. During this interval I was constantly losing flesh, had lost twenty-five pounds, and had no appetite to eat, so I came to the conclusion I had consumption and also catarrh. I tried two home doctors and received no relief. After three months of lingering along in this deplorable condition I began to take Dr. Pierce's Golden Medical Discovery and 'Pellets.' After I had used nine bottles of the 'Discovery' and four bottles of Dr. Pierce's Pellets I could tell that my disease was yielding a little, but I had to use fifteen bottles of the 'Golden Medical Discovery,' six bottles of the 'Pellets' and thirteen packages of Dr. Sage's Catarrh Remedy before I was entirely well."

A good, practical, medical book is worth more in a home than a thousand novels. Dr. Pierce's Common Sense Medical Adviser is that kind of a book. It contains 1,008 pages and over 300 illustrations. A new edition given away absolutely FREE. If you want a paper-covered copy send 21 one-cent stamps (the cost of customs and mailing *only*), to World's Dispensary Medical Association, Buffalo, N.Y. Cloth binding, 50 stamps

Ladies Tell Each Other

of the comfort and security afforded to them by Dr. Williams' Pink Pills.

Headaches and Backaches that come expectedly or unexpectedly are charmed away, and the rich, red blood made by

Dr. Williams' Pink Pills for Pale People

shows itself in the rosy cheeks and clear, bright eyes of those who use them. These pills are not a purgative; they give strength instead of taking it away. They act directly on the blood and nerves; invigorate the body; regulate the functions, and restore health and strength to the exhausted woman when every effort of the physician proves unavailing. Mothers anxious for the healthy development of their growing girls should insist upon their taking Dr. Williams' Pink Pills.

IN A DECLINE.

Mrs. W. Goodwin, Argyle Sound, N.S., says:—"After the birth of my first child I was in poor health and unable to recover my strength. I had a severe pain in my left side and lung, which almost made it impossible for me to breathe. I had a bad cough day and night, and was troubled with night sweats, and on awakening found myself very weak. My complexion was sallow, and my appetite entirely gone. All my friends believed me in a decline. Our family physician attended me for a long time but I got no better. Then a friend advised me to try Dr. Williams' Pink Pills. Acting on this advice I bought a supply, and continued their use for a couple of months, when my health was fully restored. I am sincere in saying that I believe Dr. Williams' Pink Pills saved my life."

The wonderful success of this remedy has led to many attempts at imitation and substitution, but these never cured anyone. Refuse any package that does not bear the full name "Dr. Williams' Pink Pills for Pale People." Put up in packages that look like the engraving on the right, the wrapper printed in red ink. Sold by all dealers, but if in doubt send to the Dr. Williams Medicine Co., Brockville, Ont., and they will be mailed post paid at 50 cents a box, or six boxes for $2.50.

Glengarry is reported to have killed a stag which bore a mark on the left ear identical with that made on all the calves he could catch by Ewen Maclan Og, who had been dead 150 years. Analogous stories, it may be noted, are told in countries on the continent of Europe, where deer are to be found in any number. But the general opinion among experts would seem to be that 80 years or thereabout is the limit of a deer's life.

Won Her a Diadem.

How did the French come into Sicily? A woman did it. At a festive entertainment held at a French court Beatrice, countess of Savoy and wife of Charles of Anjou, the brother of Louis IX of France, was removed from the superior range of seats occupied by her two younger sisters, the queen of France and the queen of England. Mortified by the humiliation, she returned to her apartments and burst into tears.

Upon learning the cause of her chagrin and her saying that she would be able to give up her life to confine her tresses for one hour beneath a diadem Charles embraced her affectionately and said, "Set your heart at rest, countess, for before long I will make you a greater queen than either of your sisters."

So he promised her. He defeated Manfred, the last of the Norman kings, and caused Conradino, the great-grandson of the Emperor Frederick, to be mercilessly slain, he himself and Beatrice witnessing the scene. Upon the death of his brother Charles became king of Naples, thus fulfilling the cherished desire of his wife for a diadem.

Blooms but to Die.

The talipot palm (Corypha umbraculifera) of Celyon, whose leaves are put to such numerous uses by the Cingalese, bears fruit but once during its life. This elegant tree measures about 10 feet round the trunk and attains a height of about 180 feet. The flowers, the appearance of which presages death to the tree, are inclosed in a tall spathe, which bursts with a loud report, disclosing a huge plume of beautiful blossom. The inflorescence is succeeded by equally conspicuous bunches of fruit. When these have ripened, the tree withers rapidly and in the course of a fortnight may be seen prostrate and decaying on the spot it adorned.

Navigation is now open at the port of Midland.

Age of the Deer.

Romance has played a prominent part with regard to the longevity of deer. What says the highland adage?

Thrice the age of a dog is that of a horse.

Thrice the age of a horse is that of a man.

Thrice the age of a man is that of a deer.

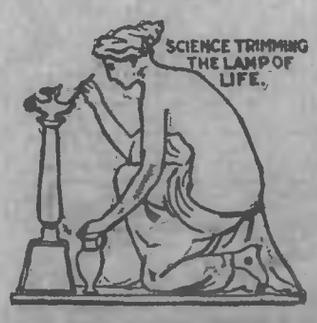
Thrice the age of a deer is that of an eagle.

Thrice the age of an eagle is that of an oak tree.

This is to assign the deer to a period of more than 200 years, and the estimate is supported by many highly circumstantial stories. Thus Captain Macdonald of Tulloch, who died in 1776, aged 68 years, is said to have known the white hind of Loch Treig for 50 years, his father for a like period before him and his grandfather for 60 years before him. So in 1826 Macdonald of

Free Medical Treatment For Weak Men

Who are Willing to Pay When Convinced of Cure.



A SCIENTIFIC combined medical and mechanical cure has been discovered for "Weakness of Men." Its success has been so startling that the proprietors now announce that they will send it on trial—remedies and appliance—without advance payment—to any honest man. If not all that is claimed—all you wish—send it back—that ends it—pay nothing.

This combined treatment creates health, strength, vitality, sustaining powers, and restores weak and undeveloped portions to natural functions.

There is no C. O. D. extortion, no deception of any nature in this offer.

If you are interested and in earnest write your name and address in the blank form below, cut out the coupon and mail it to Erie Medical Co., Buffalo, N. Y.

We pay Canadian duty. No delay, no exposure.

ERIE MEDICAL CO.,
66 NIAGARA ST., BUFFALO, N. Y.

Sirs:—As per statement in Peterborough Examiner you may mail to me, under plain letter seal, postage paid, full explanation of your new system of furnishing your Appliance and Remedies to reliable men on trial and approval without expense—no payment to be made in advance—no cost of any kind unless treatment proves successful and entirely satisfactory. Also mail sealed, free, your new medical book for men.

Respectfully,

Give name and address in full. _____

Please write very plainly. _____

AGE_____ MARRIED OR SINGLE_____

THE FORECAST

Though the hopes and the dreams that I cherished in blindness
You have striven to slay in me, cruel in kindness,
To leave not a dream, not a hope, I can cling to,
You are mine still to pray for, to long for, to sing to.

I shall love the few years out with hope undiminished,
For death's not the end, and the tale is not finished;
I shall take the old thread up, relight the old ember,
And if you have forgotten me I shall remember.

Reject me while living, forget me when dying—
Perhaps the next chance will be more worth the trying.
What's amiss in my love will have time to be mended,
For I shall not give up till eternity's ended.

—Pall Mall Gazette.

THE BIBLE OF THE BODY.

Next in importance to a Bible in the house is a thoroughly reliable and easily understood doctor book. With such a book for ready reference, parents can often cure the ordinary family ailments without the expense of consulting a local physician.

The most complete, the simplest and best illustrated book of the kind is the People's Common Sense Medical Adviser, written by that famous and successful Buffalo, N. Y., physician, Dr. R. V. Pierce, who has been many years and is to-day treating and curing the afflicted in all parts of the earth. This book has been termed the "Bible of the Body," because it is to the body or physical man what the Bible is to the soul or spiritual man, shedding light and revealing truth. It tells people in every day language how diseases are developed, what the symptoms are and how they can be cured. Its pictures show the appearance of all organs, muscles, and nerves of men and women. It treats upon every phase and complication of disease. The information in this book has been gathered by Dr. Pierce in his world-wide practice, and is founded upon actual experience—not upon theory. More than 1,300,000 American homes contain copies of this book. Formerly it sold for $1.50 a copy. Now it is *free*. Send 21 one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., to pay the cost of customs and mailing *only*, and he will send you a copy of this 1008-page doctor book, bound in paper-covers. If you prefer a cloth-bound copy, send 50 stamps.

Mrs. R. P. Monfort, of Lebanon, Warren Co., Ohio, writes: "I drop you a line to let you know I have received the Medical Adviser. I think it a great prize to get so fine a book for so small a sum. A crisp new five dollar bill could not tempt me to part with it, so you see I am wonderfully pleased over it. My husband said to me, 'That book is worth five dollars to you.'"

DRAGGED TO DEATH.

Robert Crawford's Team Ran Away and He Was Found Dead.

Owen Sound, May 4.—Robert Crawford, a well-to-do farmer of Edenham was buried yesterday. He was in town on Tuesday and took home with him a seed drill. He had evidently met with an accident when he reached Holmes' Hill, about 1½ miles from town. His horses took fright and he was dragged to death. His body was found next morning by teamsters returning from Meaford. The grain drill was found near the accident, but the horses were a mile away.

MR. WILLIS, WOODSTOCK.

Escaped a Deadly Enemy by the Aid of Dodd's Kidney Pills.

Woodstock, May 1.—(Special) This city is deeply agitated, with joyous excitement, because another popular resident, has escaped from the fatal grip of kidney disease, by the aid of Dodd's Kidney Pills.

Everyone knows Mr. H. A. Willis, the genial proprietor of the "Buckingham" hotel. He tells his story, thus: "For two years past I have suffered intensely from Lame Back and Kidney Disease. Nothing I ever used helped me.

"My sufferings grew worse daily. I heard so much of Dodd's Kidney Pills that I decided to try them. I got relief from the first box. Three boxes cured me entirely."

Dodd's Kidney Pills always cure.

Infant Murdered at Brantford.

Brantford, May 4.—The body of a male infant was found floating in the canal yesterday morning by an employe of the Verity Works, who was on his way to work. There were marks on the head, indicating that a nail or some sharp instrument had been driven through to the brain. Dr. Heath declared the child had been born alive. An investigation is in progress.

Sixty Rioters Arrested.

Wardner, Idaho, May 4.—Sixty rioters concerned in the disturbance of last Sunday have been arrested since the arrival yesterday afternoon of Company M, 34th Infantry. As soon as the serving of warrants began the rioters scrambled over the hills in frantic efforts to escape.

Broke Out in Sores.

Little Harvey Deline a Sufferer for many years.

His Mother says B.B.B. cured him nine years ago, and he has never had a spot on him since.

Sores and ulcers, boils and blotches, skin diseases and blemishes of one kind and another are but evidences of bad blood, and can readily and permanently be cured by Burdock Blood Bitters.

Even the worst forms of these diseases soon yield to the far-reaching, blood purifying properties of B.B.B.

Mrs. E. Deline, Arden, Ont., proves this in the following account she gave of her little boy's case: "When my little son Harvey was one year old he broke out in sores all over his body. They would heal up for a time, then break out again about twice a year, till he was past four, then he seemed to get worse and was completely prostrated. When doctors failed to cure him I gave him B.B.B., and besides bathed the sores with it.

"It was not long till he commenced to mend, and soon he was completely cured.

"It is nine years ago since this happened and I must say that in all this time he has never had a spot on his body or any sign of the old trouble returning."

SERIOUS AT SAMOA.

The Natives Said to Hold the Main Food Supplies—A Scorching Letter From Mrs. Stevenson.

Wellington, N.Z., May 3.—Advices from Samoa indicate that the instructions received from the powers to cease hostilities make the situation in the islands very serious, as the rebels hold the main food supplies, and are again near the municipality of Apia. The correspondent of Reuter's news agency thinks it is evident that the home authorities have misunderstood the situation in Samoa. The Germans and rebels are already jubilant, and claim a victory over the British and American forces. The correspondent says that unless the rebels are made to submit the difficulties will remain unsolved. The white people in the outskirts of the city are at the mercy of the rebels. The American vice-consul's store at Falifa was looted last week, while a German store adjoining it was left untouched. British and American residents all strongly condemn the action of the powers in ordering a cessation of hostilities at this stage.

Two days after the battle at Vailima, Lieut. R. A. Gaunt of the British cruiser Porpoise marched his brigade into Vailima unopposed, and was followed by a company of British blue jackets, under Capt. Sturdee and Lieut. Cave. Inspection of the battlefields showed that the defences erected by the rebels near the home of the late Robert Louis Stevenson were strong and well planned. The loss sustained by the rebels, it is evident, was much greater than was at first supposed. The main section of Mataafa's followers who were engaged in the battle of Vailima retreated westward to Lulumoenga, where they lay in wait for friendlies. Orders had been given them to capture Lieut. Gaunt's head. The rebels were also anxious to secure the superior weapons with which the brigade was armed.

It is rumored that 18 boats filled with armed rebels are approaching from the east. The town appears to be safe.

LETTER FROM MRS. STEVENSON.

Widow of the Novelist Talks Against Chief Justice Chambers.

London, May 3.—Robert Louis Stevenson's widow has written a letter to The Westminster Gazette, from Funchal, Madeira, on the bombardment of Samoan villages by British and American warships. Mrs. Stevenson says:

"Chief Justice Chambers has been represented as saying in a letter to his brother: 'I never was happier.' He must be a person singularly devoid of imagination if he never pictured to himself the scenes being enacted in these bombarded villages—the exodus of panic-stricken people rushing hither and thither, shells bursting everywhere, the cries of bedridden and helpless wounded people burning alive in their blazing houses, women in the pangs of childbirth, mangled children crawling on the sands, the sea before them and the bush behind them. And we read that the woods also were shelled. Who is to be held accountable for these deeds, that disgrace both England and America?"

Bismarck's Iron Nerve.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidney and Bowels are out of order. If you want these qualities and the success they bring use Dr. King's New Life Pills. They develop every power of brain and body. Only 50c. at J. Lynch's drug store.

MARKET REPORTS.

Wheat Belts Need Rain and the Dry Weather Was Used to Advance Futures—The Prices.

Liverpool, May 4.—Wheat futures were stronger yesterday, advancing and closing ⅝d to 1⅛d per cental higher than Tuesday's final figures.

Chicago, May 4.—Wheat yesterday fluctuated within a range of a cent. Futures opened strong, and advanced ¾c, on cable advices of bad reports from Russia, and of sympathetic strength on some of the continental markets. Another element of strength is found in the continuance of extremely dry weather in the wheat belts, which, coming on top of the damage by frost, may have a serious meaning. Futures lost most of the rise later.

STRIKES IN TORONTO.

Over a Thousand Idle Men Walking the Streets Just Now.

Toronto, May 2.—More than a thousand men are idle in the city. Employes are pitted against employers. The former ask for increases in wages or a rearrangement of contract; the latter refuse. The result is the employes do not work, and the work the employers have on hand remains stationary. In no case does the difficulty seem invincible, and it is expected that a few days will see things again running smoothly. There are out on strike: Bricklayers, 275; brickmakers, 175; cigarmakers, 190; stonecutters, 60; cloakmakers, 89; builders' laborers, 400.

Three People Badly Hurt.

Mauch Chunk, Pa., May 2.—By the premature discharge of a cannon used in the celebration of Dewey Day, three persons were badly injured. They were: Unknown boy, badly burned and cut; Jerry Conway, three fingers blown off, and James McGee, arm torn off. McGee displayed remarkable nerve. He picked up his arm and carried it to a railroad hospital car. The cannon was heavily loaded with powder and stones.

G.T.R. Superintendents.

Montreal, May 2.—Mr. G. C. Jones' appointment was announced yesterday as superintendent of the Midland Division of the Grand Trunk system, with headquarters at Toronto, while Mr. L. J. Ferrittoor, is appointed joint superintendent of the Southern Division, with headquarters at St. Thomas, Ont. Mr. F. W. Egan has been appointed superintendent of the Midland Division, with headquarters at London.

His Dead Mother in a Barrel.

Kingston, Ont., May 2.—The dead body of a woman packed in a barrel arrived by the steamer Hero yesterday afternoon, addressed to Kingston. Accompanying the body was a constable and the son of the deceased. It proved that the body had been stolen from a graveyard, and shipped from Adolphustown. The body was that of the late Mary Jane Young, buried at Sillsville on Sunday. The grave was opened and the body stolen.

TEST THE KIDNEYS

And if they are diseased use the world's greatest kidney cure

Dr. A. W. CHASE'S **Kidney-Liver Pills**

It's a simple matter to test the kidneys. You need not consult a doctor. By asking yourself three questions you can determine whether or not your kidneys are deranged.

First: "Have you backache, or weak, lame back?"

Second: "Do you have difficulty in urinating or a too frequent desire to urinate?"

Third: "Are there deposits like brick dust in the urine after it has stood for twenty-four hours?"

In its earlier stages kidney disease is readily cured by a few boxes of Dr. Chase's Kidney-Liver Pills, a preparation which has made Dr. Chase famous throughout the world for his wonderful cures of diseases of the kidneys. If you have kidney disease you can take Dr. Chase's Kidney-Liver Pills with perfect confidence that what has proved an absolute cure in so many thousands of cases will not fail you.

So long as the cells of the kidneys are not completely wasted away, as in the last stages of Bright's disease, Dr. Chase's Kidney-Liver Pills will give them new vigor and strength and make them strong, healthy and active. One pill a dose, 25c. a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Canadians in Match Combine.

New York, May 3.—The incorporators of the Union Match Company, which was organized at Trenton, N.J., on Saturday, with an authorized capital of $10,000,000, are Erskine Henry Bronson and Levi Crannell of the Bronson & Weston Lumber Company, Ottawa, Ont.; William M. Ivins of New York, Camillus G. Kidder of Orange, N.J.; W. E. Cook of the Adirondack Match Company, Ogdensburg, and G. H. Williams of New York.

Quaint Sayings.

It is interesting and instructive to read bright and well constructed advertisements. Messrs. C. I. Hood & Co., of Sarsaparilla fame, must have been at a great feast and taken everything home with them. They are using a bright selection of quaint old sayings and proverbs as the starters in a series of clever advertisements, wherein the proverbs are neatly turned and paraphrased to fit the subject matter. The public like this breezy advertising, as it reminds of other proverbs and opens up discussion.

Captain Rockefeller Missing.

Washington, May 2.—General Otis reports from Manila that Capt. Rockefeller of the Ninth Infantry has been missing since April 28. On that day he was on the line, commanding a battalion near Caloocan. He visited the outposts at 9.30 at night and has not been seen since. It is believed that he lost his bearings and was captured by the rebels.

South Ontario Election Protest.

Toronto, May 2.—In connection with the South Ontario election protest, which is to be tried at Whitby on the 25th inst., Justice Osler yesterday granted to Mr. W. D. McPherson an order for a commission to issue to England to take the evidence of W. T. R. Preston.

C.P.R. Pays $2,500.

Toronto, May 2.—The Canadian Pacific Railway Company has settled the claim of the widow of Benjamin French, who was killed in a rear-end collision in British Columbia. The sum of $2,500 will be paid to Mrs. French, who is now in Toronto.

Lost an Eye at Belleville.

Belleville, Ont., May 2.—William Ruttan lost an eye by a blast yesterday morning. His nose was also broken.

WARSAW.

To the Editor of the Examiner.

We noticed in last week's Weekly Examiner; a communication from Mr. Archie C. Carveth of Halls Glen, re the withholding of Mr. Morgan's license for Victoria House, Stony Lake and report of commissioners meeting which appeared in the Examiner. As this is a local question we wish to say a few words on the subject. Like Mr. Carveth, we were not present at the meeting but unlike him we do not propose to discuss what took place there but we are bound to say that we would much rather take the report of an unbiased and disinterested reporter, who was present than that of Mr. Carveth, who was not present. Now that after several long anxious weeks of weary waiting, with bated breath and bulging eyes the whole world will be greatly relieved when it learns that Archie has delivered his "affirmative conclusion." My dear agricultural friend has "positively and firmly replied in the negative" (to use one of his sparkling nentities) that Mr. G. A. Hamblin appeared in the interests of temperance in general. Now, Mr. Hamblin must have appeared in one of two ways, i.e.—either in the interests of temperance in general or to make the specific charges against Mr. Morgan. As we understand that no such charges were made and further Mr. Hamblin admitted at the Commissioners meeting that the house was well conducted we must "affirmatively conclude" that he appeared as a busy-body or on the "chip-in-porride principle for neither good nor harm. As Mr. Hamblin lives about five miles from the hotel, and we know a number of people living within one mile of the hotel, who did not sign the petition and have no complaint to make, we think it stands to reason that its "disturbing and injuring" effects should not reach him. As to its not being needed there, we might, with equal common sense use this argument in respect to the petition. If such is not the case perhaps perhaps Mr. Carveth will let us know what in thunder he did appear for. Mr. Carveth then goes on to state that he is prepared to prove that there are only about 126 or 128 entitled to vote in that division "disincluding the dead and those who are resident elsewhere." We are prepared to prove that there are over 200 "undisincluding" the living or those who are yet alive since Mr. Carveth sprung this literary gem on the wondering world. He then says that "Mr. Morgan got 90 signers. He understands a number were got outside sub-division No. 4. We now challenge him to mention any outsiders whose names were on Mr. Morgan's petition. The people of Dummer, that is those who know enough to go in when it rains are getting very tired and weary of seeing flabbergasted untied lunatics travelling about the township with a scrap of brown paper and a 1 cent lead pencil with one hand pointing heavenwards and the other shoving the shekels away down in their pants. A small gatling gun, a cross dog, or a vigourous application of the cowhides are the only things which seem to have any appreciable effect in removing these highly ornamental objects off the premises. But even then you will probably find one roosting on the back fence, waiting for you to come to assail you with some new project, such as the suppression of the oak tree sap traffic in the Fiji Islands and needless to say for funds to carry on the said suppressing. Truly celestial immigration agents are at a discount in Dummer.

Yours truly,
COMMON SENSE.

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

—After Monday the management of the City Hotel will pass from the hands of James Dolan to Thos. Trindle.

—Contractors Dolan and Sheehy commenced the long delayed repairs on the sidewalk in front of the post office this morning.

—Late last evening County Magistrate Edmison issued a summons against a jewellry peddler for working without a license.

—At the council committee this evening among other matters considered will be the building of several new bridges in the corporation.

—A brilliant colored watering cart was doing business on the streets of Ashburnham yesterday. A number of men are at work scraping the roads.

—Mr. S. H. Baker has purchased the barber shop lately carried on by Mr. Charles James, No. 390 Water street, and will be pleased to have his friends call on him.

—The first list of delinquents who failed to secure tags for their dogs was handed to the Town Clerk today, and the police say there will be a number of prosecutions shortly.

—Look your best to-night and have your picture taken by electric light at J. W. Green & Son's studio, Hunter street. Open from 7 to 10 p.m. Photographs taken at night as well as by daylight.

—The remains of the late Richard Fitzgerald have been taken to Stratford for interment. Many friends in town will regret the demise of one whose many sociable qualities made him very popular.

—The converted Jew will speak (D.V.) to-night in the Gospel Hall, George and Brock. Subject, Satan, his origin, work, abode and destiny. All students of the Bible are invited to come and bring their bibles.

—An antique walking stick of bamboo with a fantastic head was on exhibition in the window of Tully's drug store to-day. It is one hundred years old and was taken from Tippo Sultan's palace by the Duke of Wellington, May 4th, 1799, when on his Indian campaign. It is the property of Mr. W. H. Cluxton.

—Corporation contractors in this town have little respect for the rights of pedestrians. A water main is being laid into the Bethany Mission on George street and the sidewalk in front has a heap of dirt and gravel several feet high obstructing the passage, which could be thrown to one side with but very little extra trouble.

—Chief Roszel received instructions this morning from the chief constable of St. Catharines to keep watch for two thieves who stole a quantity of jewelry from that place the night before last. They are described as being a man of 53 years and a youth of 18. The robbery was committed in the common manner of entering the house through an unlocked door while the occupants were away. Chief Roszel warns everyone to keep doors locked, as there is some carelessness in this regard in Peterborough.

Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption. She bought a bottle and to her delight found herself benefitted from first dose. She continued its use and after taking six bottles found herself sound and well; now does her own housework and is as well as she ever was.—Free trial bottles of this Great Discovery at J. Lynch's Drug Store. Only 50 cents and $1, every bottle guaranteed.

THE BENSFORT BRIDGE.

Municipalities Confer Regarding the Cost of Maintenance.

Tuesday afternoon there was held in the County Council chamber an informal meeting of some of the members of the County Councils of the County of Peterborough, of the united counties of Northumberland and Durham and of the Township Council of South Monaghan. There were present Mr. E. Hawthorne, Warden of the County of Peterborough; Mr. J. H. Davitt, warden of Counties of Northumberland and Durham, Mr. Robert Fisher, Reeve of South Monaghan; and Messrs. George Fitzgerald, W. Anderson, J. B. Pierce, J. W. Hall, W. H. Hutchinson, John Riddel, Mr. Maycock, F. H. Holland, solicitor of counties of Northumberland and Durham; Mr. George Edmison, solicitor for South Monaghan and Mr. W. A. Stratton, solicitor of the county of Peterborough.

After the meeting had been called to order Mr. Stratton on behalf of the County of Peterborough, offered to contribute three-fifths of the future maintenance of Bensfort bridge, the offer to be without prejudice to the pending action of Smith vs. Monaghan et al, providing the Counties of Northumberland and Durham and the Township of South Monaghan contributed the balance of such cost.

Short addresses were made by Messrs. Hawthorne, Anderson, Riddel, and J. B. Pierce, each advocating a settlement of the controversy by the two counties assuming the care of the bridge, both parties differing, however, as to the proportion of cost each county should assume.

Before adjourning the delegates for Northumberland and Durham offered to assume one-half of the cost of the care of the bridge, provided the township of South Monaghan agreed to settle for the cost of all past maintenance.

The meeting adjourned without coming to any settled conclusion.

SPORTING PASTIMES.

Interesting Items of Local and General Interest.

LACROSSE

As the lacrosse season opens in Peterborough two weeks from Wednesday, the players should get in all the practice possible before that date. It is hoped that all the old guard will turn out on Friday evening, as well as all those desirous of catching a place on either team this season.

St. Catharines expects a game with the Peterboroughs early in June.

The Tecumsehs want the Peterboroughs to go to Toronto for an exhibition game on May 27th. The Tecumsehs are very strong this year again, as shown by the fact that their defence field will line up as follows: Bert Davis, goal; McGibbney, point; Patterson, cover point; Griffith, 1st defence; Grimes, 2nd defence; Hartley, 3rd defence; thus giving the team additional strength by being able to play that brilliant, all-round player, Herb Soules, on the home field. Harry German, who is playing his old position at inside home again has been been elected secretary of the club.

GOLF.

The Bank of Montreal is playing the lawyers of the town this afternoon, 4 men a side. It is understood the Bank of Commerce has agreed to play the winners.

CRICKET.

The Cricketers are out again practicing on the Nicholls Park oval and the season will be opened a week from Saturday by a game between the Bankers and the town.

CANOEING.

Montreal intends entering three crews in the A. C. A. war canoe races. This is the first time Montreal has ever made entries for these events.

BASEBALL.

A meeting of the executive committee of the Baseball Club was held last evening, when it was decided that the offer of the Delewares, of Toronto, be accepted for a game here on the morning of May 24th. This may not, however, be the opening game of the season, as the probability is that the fast Cobourg team will play in Peterborough on Saturday afternoon, May 20th.

On Tuesday afternoon a team from the Ontario Bank will play a nine picked from all the other banks in town. The match will take place on the P.A.A.A. grounds at 3.30 p.m.

YOU CAN'T STEM

THE TIDE OF

Testimony.

One After Another of Port Hope's Citizens being Cured of Kidney Disorders by Doan's Kidney Pills.

You might as well try to hold back the ocean wave as to keep Port Hope people who have been cured by Doan's Kidney Pills from letting others know of the marvellous power of these conquerors of kidney ills!

Men and women, old and young, are having their painful backs eased, their weak bodies strengthened, their kidney disorders and urinary troubles cured by this King of Kidney Medicines.

Mr. Ed. Hugh says that for over 30 years he suffered from weak kidneys, bad pain in the back, sleeplessness, dizziness, and in fact, was in a very bad condition generally.

"I used lots of medicine," he says, "in fact, everything I could hear of, but got very little relief.

"At last, however, I got a box of Doan's Kidney Pills and started taking them. I feel every dose doing me good, and cannot too highly recommend this remedy which has effected so much for me in so short atime."

Doan's Kidney Pills are sold by all druggists, or sent by mail on receipt of price, 50c a box, or 3 for $1.25. Doan Kidney Pill Co., Toronto, Ont.

Ask for Doan's and refuse all others.

Before. After.

THE COMPLICTED WHEELS OF LIFE

MADE TO RUN SMOOTHLY AND PLEASANTLY BY DODD'S DYSPEPSIA TABLETS.

There is no Other Cure for Dyspepsia, Indigestion and all Other Stomach Troubles Dodd's Dyspepsia Tablets Never Fail.

Wheels! Wheels! All the world on wheels! Everyone, men, women and children are talking "wheel talk." These paragraphs are a short talk on wheels also—but on the most important kind—on the Wheels of Life.

The wheels of life must run smoothly if we are to live as it was intended we should. There must be no breaks, no stopping of wheels, no worn bearings, no rough roads. If there are, we get the penalty, ill health.

The wheels of life cannot run smoothly if you have dyspepsia. It is like trying to ride a bicycle with a punctured tire or broken bearings. If your tire has been punctured you need it. In many cases, if you have Dyspepsia or Indigestion, you don't need it. As time goes on it grows worse and worse, until at last it wrecks your health completely. Then you spend hundreds of dollars in trying to cure it, when you might, if you had taken it in time, have cured it quickly and easily for a dollar or two.

The only way you can cure Dyspepsia, satisfactorily and permanently, no matter what stage it may be in, is by using Dodd's Dyspepsia Tablets.

Dodd's Dyspepsia Tablets cure all Stomach Diseases. This is a simple statement of an incontrovertible fact. It cannot be disproved, but it can be easily and quickly proved by the use of the Tablets. If you have Dyspepsia, Indigestion, Heartburn, or any other stomach trouble, buy a box of Dodd's Dyspepsia Tablets and use them according to directions. They'll cure you.

Dodd's Dyspepsia Tablets are sold by all druggists at 50 cents a box, six boxes $2.50 or are sent, on receipt of price, by the Dodd's Medicine Co., Limited, Toronto.

DENVER MAN KILLED.

Fell From a Freight Train at St. Catharines—Shockingly Mangled.

St. Catharines, Ont., May 5.—Daniel G. Barstadt of Denver, Col., was killed here at 5 o'clock yesterday afternoon by falling off a freight train and being cut in two. Both arms were broken, his face badly cut, his heart and liver entirely removed and the rest of his body mutilated. He was evidently about 27 years of age, and, from letters found on his clothes, was of good family, but in search of work. Several affectionate letters from his mother and also from his sweetheart were found, advising him to come home and settle down. His father's address is F. H. Barstadt, manufacturer of jewelry, 1624 Champa street, Denver, Col., and he has been notified of his son's death.

A ST. REGIS POW-WOW

May Determine to Burn Down Indian Agent Long's House.

AMERICAN BAD BRAVES BUSY.

A Serious Outlook—Mr. Long Distressed for the Safety of His Wife and Grandchildren—Firewater Plays an Important Part in the Trouble — Vengeance Threatened.

Cornwall, May 5.—The Indian trouble is now evenly divided between St. Regis and Cornwall Island. Mr. George Long, Indian agent at the former place, has just arrived in Cornwall by steamer, as did many American Indians and others from St. Regis and Cornwall Island. Mr. Long stated yesterday that he still anticipates trouble at St. Regis. Wednesday night a delayed and protracted "Wake" was held, although John Ice, the dead Indian, was buried during the day. The American Indians, as is their custom, came in large numbers and supplied their Canadian brethren with fire water. The result was they grew very noisy, ugly and threatening. Several squabbles were worked up, but the agent was not molested. The Indians threaten to wreak vengeance all round if their imprisoned comrades at Beauharnois are punished.

Mr. Long further stated that a reliable Indian name Ferguson told him yesterday that the Indians would hold a pow-wow, and that they threatened to burn down Long's house and drive him away if the Government does not remove the agency itself. So serious does Mr. Long consider the trouble that he claims a force of police should either be stationed on St. Regis Island or on a tug near at hand. In fact, he will demand this. Part of his business in Cornwall yesterday morning was to confer with the local police authorities concerning the arrest of Mitchell Leaf, the American agitator who is collecting arms on Cornwall Island and working the Indians up there. The warrant for Leaf's arrest is held by the Dominion police, who were after him when they shot Ice and secured Fire. This being the case it may have to be altered or transferred and thus delayed.

No word has been received from Col. Sherwood or Mitchell Jacobs, the Cornwall Island Indian who went down to Huntingdon to confer with Mr. Mitchell, Government legal adviser in the matter. Mr. Long was greatly distressed for the safety of his wife and two grandchildren in his absence from St. Regis. They are still at that place, but under the guard of friendly Indians. Indeed, so serious is the outlook that the trouble may assume the proportion of an international dispute. Mr. Long continues to lay the blame on the American Indians. They cross the line repeatedly, bringing firewater and destroying property, and fighting without fear of arrest, besides agitating and urging their Canadian brothers to uphold their hereditary rights as enjoyed by Americans.

Should the present affair fulfill these fears, and further bloodshed result, it is not unlikely the authorities at Ottawa would lay a complaint with the Indian Department at Washington, asking them to place a force on the American reservation and keep their Indians at home. Mitchell Leaf, an Indian interpreter who crossed from St. Regis yesterday morning, states the pow-wow will be held as stated. The Indians even make threats of burning the agent's house and the village. They are greatly chagrined over the discovery of the "chain notice." The lightning manner in which the inquest on the body of Ice was rushed through was a surprise, owing to the unfair advantage that was taken of the witness Sunday. Agent Long will communicate with Ottawa at once. He goes to Beauharnois for the trial of, Sunday, Fire, Thomas and Papineau. William Morrison, bailiff of Dundee, is busy serving summonses at St. Regis and on Cornwall Island for the trial.

To Attend the Trial.

Ottawa, May 5.—Solicitor-General Fitzpatrick and Commissioner Sherwood left last night for St. Regis to attend the trial of the Indians who were arrested.

THE BUDGET DEBATE.

Hon. G. E. Foster and Sir Richard Cartwright the Speakers.

MR. FOSTER'S CLAIM FOR THE N.P.

Sir Richard Cartwright Makes Short Work of the Tory Ex-Finance Minister's Ignorance of His Subject—He Defends the Expenditures of the Government as Wise and Economical.

Ottawa, May 5.—At half-past 3 o'clock yesterday afternoon, amid prolonged applause from the Opposition benches, Hon. Mr. Foster rose to continue the budget debate.

Mr. Foster said he could award the palm of merit to the Finance Minister's budget speech as a carefully prepared campaign document, and, after pointing out that the fact that Canadian trade has reached its highest point was pleasing to every true Canadian, he remarked that the speech of the Finance Minister was a complete apology for the past course of the Liberal party, and it was a most careful recantation of its former policies. He congratulated the Government on its enlarged expenditures, and quoted Sir Richard Cartwright's expression in 1896, that it was "monstrous" that the Government could spend as much as $38,000,000 in one year. He then said that with the estimates, which had been just brought down, the supplementary estimates and the further supplementary estimates, which were on the way, together with the expenditure on capital account, the Government next year would manage to spend something like $48,000,000, or about $10,000,000 more than Sir Richard Cartwright, Mr. McMullen, Mr. Charlton and the whole Liberal party had considered "monstrous" only three years ago. The speech from the Minister of Finance was a splendid vindication of the policy of the Liberal-Conservative party. The Minister of Finance had at first admitted that there was a general improvement of trade throughout the world, in which Canada was happily participating, but he had gradually twisted that admission into a sort of claim that the Government policy had something to do with the increase of trade. This was preposterous. By Mr. Fielding's own admission this tariff had only been in force nine months, and the improvement in trade had commenced more than two years ago, long before Mr. Fielding had tried his tariff changes at all. This was due not to any tariff of the present Government, but to the sound financial policy of the Conservative party, which had been building up the country by developing its resources and gradually enlarging its foreign trade. The preferential tariff had been a complete failure as far as improving our trade with Great Britain was concerned. The Finance Minister had had everything in his favor which tended to increase the revenue. There had not only been good crops, but good times generally throughout the world, and, in addition to this, the Minister had imposed new taxes, and some of these had been put on in a manner which was rather deceptive to the House. Duties had been increased on spirits, tobacco, etc., and then, not content with this, the Finance Minister had, under the guise of sympathy for the West Indies, imposed an additional tax of half a million dollars on the people of Canada by increasing the duty on sugar. The Finance Minister was now forced to confess that his so-called preference of 25 per cent. to British West India sugar gave that sugar no preference whatever, as the countervailing duties which had been enforced in the United States for years enabled West India sugar to be sold to better advantage in the markets of the United States than in Canada. He charged the Minister of Finance with being either ignorant of the existence of these duties or of concealing them from the House. It was extremely gratifying to note the increase of exports, and especially those to the Mother Country. In no instance could those increases be attributed in any way to the policy of the Government. The Government had not caused the large increase in the output of the mines, nor had it caused more grain to grow and better crops to be reaped, so that the exports of agricultural products had increased, and it surely was not entitled to any credit for the enlarged exports of dairy produce, cattle, hogs, etc. While glad that our exports are increasing, and with hope they may increase more and more, we should not lose sight of some other facts. Our exports of produce of the mines have increased during the eight months of the present year, but agricultural products have fallen off. And while the whole exportation for these months has fallen off $9,000,000 worth, our imports have increased $16,500,000 in the same time. Moreover the figures showed an increasing tendency to buy more from the United States and less from Great Britain and to sell more to Great Britain and less to the United States. The figures showed that we had to pay in cash last year to the United States $40,000,000 more than the United States paid us for our goods, in other words we took in balances $61,000,000 of British gold and handed $40,000,000 over to the United States. No amount of cheap talk about a policy of preference could get over that. After all, what was the result of that policy? In the first six months of the complete preference, the increase was one per cent. exactly in British goods. As regards the British West Indies, an actual falling off of 33 per cent. in our imports from those colonies had followed the preferential scheme. As to reciprocity, the fact was by their very first tariff effort in abolishing the duty on corn and otherwise admitting American goods to the free list, or lowering the duty upon them, they had destroyed their own chance of obtaining a treaty as the result of the negotiations at Quebec and Washington.

In conclusion, he said: "Now, Mr. Speaker, I thank you very much for having listened to me for this length of time. Let me say to you, in conclusion, that the Liberal-Conservative party, if I can speak for them, this whole country through, are heartily glad to endorse the statement that we are passing through a

Continued on Third Page.

"One Good Turn Deserves Another."

It is so easy to go through life doing good and helping to make others happy. A lady who had been ill with a complication of troubles, having been thoroughly cured and now enjoying perfect health, felt it a duty to tell her friends that the specific that brought her back to health was Hood's Sarsaparilla.

Thus, after Hood's had served her well, she felt it deserved a good turn at her hands. Thousands tell the same story of blood purified and health restored. Hood's Sarsaparilla possesses merit peculiar to itself.

Sick Headache—"For a long time I was troubled with sick headaches. Different medicines failed to give me relief. I took Hood's Sarsaparilla, my husband having been cured of salt rheum by it, and soon it made me feel like a new woman." MRS. ROBERT MCAFEE, Deerhurst, Ont.

Impure Blood—"My wife suffered with pain and distress from an affection of the throat caused by impure blood. She was almost in despair when she turned to Hood's Sarsaparilla. Six bottles of this medicine completely cured her." JOHN WECKHAM, Galt, Ont.

Back Ache—"My mother had severe pains in her side and back. She was obliged to give up work. A friend persuaded her to take Hood's Sarsaparilla and soon she was able to do her work, free from pain and had a good appetite." MAGGIE MORGAN, Nasonworth, N. B.

No Strength—"My whole system was run down. I was weak and could hardly get around to do my work. I began taking Hood's Sarsaparilla and after using five bottles I found that my strength had returned and appetite much improved." MRS. KELLEY, 318 Dufferin Street, Toronto, Ont.

Nerve Food—"My wife was stricken with nervous prostration. She suffered from headaches. She became weak, low-spirited and her appetite was poor. I am glad to state that Hood's Sarsaparilla has completely cured her of all her ailments." G. BELLAMY, 321 Hannah St., Hamilton, Ont.

DISCREDITED PROPHECIES.

The Conservative journals are fond of jeering at the Liberals for non-fulfillment of promises in respect of tariff reform. The spirit of the promise of the Liberals in this regard was the promise to so re-adjust the tariff as not to injure existing interests and to remove the ball and chain from the leg of industrial enterprise, so that our manufacturing industries should have equal chances in the race. This they did by removing the burdens from raw material, and the event has justified and far exceeded expectations of beneficial results. When the Liberal programme of revision of the tariff was brought down by Mr. Fielding two years ago the Conservative leaders prophesied all sorts of industrial disasters. Sir Charles Tupper said at the time:

"The result is that this tariff goes into operation, and the hon. gentleman knows that the industries of this country are already paralyzed in consequence, while hon. members gloat, vindictively gloat, over the destruction of Canadian industries. I was reading the wail, the sorrowful wail, of those industries in the Montreal Gazette, where one manufacturer after another declared that those industries were ruined, that their mills must close and that they saw staring them in the face a return to the deplorable state of things that existed when the hon. gentleman who last addressed the House was in charge of the fiscal policy of this country. I say that a deeper wrong was never inflicted upon Canada." * * * * *

"I feel that, so far from rejoicing at it from a party standpoint, I deplore from the bottom of my heart the ruin that is going to be inflicted upon the best interests of Canada and upon its great industries. Still I unhesitatingly say that from a party point of view the hon. gentlemen are doing our work; they are showing the people of this country that no reliance can be placed upon the most solemn declarations that they make, either in the House or out of it; they are showing the people of this country that, having obtained power, which was all they wished for, they are now prepared to abuse that power at the cost of the sacrifice of the industries of Canada."

In the absence of a lexicographical definition of "flapdoodle" the reader finds in Sir Charles Tupper's bombastic prophesies the exact meaning of hte word. Never was there a more dismal failure of political prophecy. Instead of "paralysed industries" Canadian industrial interests have never enjoyed such a boom as they have since the Liberal Minister of Finance brought about his plan of tariff reform. All over the country, from Halifax to Vancouver, manufacturing establishments have not only sprung into renewed and humming acctivity, but into new life. One need not go further than the good town of Peterborough to find examples of the boom in industries. The Auburn Woolen Mills, (whose president is a follower of and a believer in the Conservative leader, Sir Charles Tupper) have been on terms of coolness towards the sun himself, because old Sol could'nt furnish enough daylight to permit the company to get even in sight of filling the orders for their products, which revived prosperity under Liberal rule, brought in by reams. The mills have been burning the midnight oil—running day and night. In further scorn of Sir Charles Tupper's fertile forecast, an entirely new and important industry in Peterborough has grown up along side the Auburn Woollen Mills. The Peterborough Uunderwear factory, which is sharing in the boom in manufacturing that resounds all along the line. The William Hamilton Manufacturing Co., and the Electric works have been so busy that night work has been the rule for about two years and the Lock Works, Peter Hamilton Agricultural Works, and other local industries are busy as bees.

Thus Liberal promises as represented by the Fielding tariff, have been kept to the letter, while the blue ruin prophecies regarding its effects, or prophecies regarding the effects, of the verbose wind-worker of the Conservative party, Sir. Charles Tupper, have been utterly and completely discredited and brought to scorn.

And the general condition of Canadian property equally discredits other prophecies as to the distrous results that would follow in other directions, by the application of Liberal rule. The country was never more prosperous than it is today. Within the past two years, the trade expansion of Canada has been tremendous. From 1896 to 1898 the increase in our trade has been sixty millions—thirty millions a year. In the eighteen years of Conservative rule between 1878 and 1896 the trade increase was only fifty-six millions, or three and one-ninth millions a year. Whatever of credit or blame to the Liberal and Conservative Government respectively, is suggested by the above contrast, the fact remains that under Liberal rule, our industries are flourishing, our trade growing "by leaps and bounds," our people hopeful and all the conditions in operation, that make for prosperity and the present promised incomparable development of national resource in every direction. Whether the Liberal Government deserves the credit or not, the pleasing fact remains.

"SOUTHERN CHIVALRY" AND SAVAGERY.

The veneer of civilization is very thin in Georgia, United States. It appears that lynching negroes by the agonizing torture of slow fire is an "institootion" that must not be meddled with—a sort of "palladium of liberty" too sacred to be even criticised. The recent terrible lynchings in Georgia have shocked not only the whole civilized world, but even barbarous countries, who have good reason to feel that their rights to savage practices have been infringed upon by the barbarians of the great United States. The lynchings referred to have only one possible excuse, that of the impulse of passion, but the subsequently exhibited temper of the southern savages shows that they are acting on what they would call principle, for after passion has had time to cool, they resent even pulpit criticism of their savagery that out-Molochs Moloch. Rev. Dr. Broughton, a Baptist minister of Atlanta, denounced, as was his duty to do, the recent lynchings, especially the roasting alive of Sam Hose. As a consequence the church in which the fearless minister denounced the Herodian horror of a few days ago was wrecked and desecrated in a manner that only thoroughgoing Vandals could be guilty of. The United States poses as a civilized country and claims superlority over every other nation in enlightenment; it went to the expense of a cruel war to civilize Cuba and the Phillipines, but if there ever was an occasion when the spirit of the proverb, "Charity begins at home," is applicable, the one under mention is that occasion. Churches that burn with missionary zeal need not go far afield to find subjects for the work of their missionaries. If the present constitution of the United States is not sufficient to maintain — not merely a semblance of law and order —but conditions that will prevent savagery worthy of Darkest Africa, a special session of Congress should be called to add another amendment or two.

Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption. She bought a bottle and to her delight found herself benefitted from first dose. She continued its use and after taking six bottles found herself sound and well; now does her own housework and is as well as she ever was.—Free trial bottles of this Great Discovery at J. Lynch's Drug Store. Only 50 cents and $1, every bottle guaranteed.

SAMOA AT PEACE AGAIN.

The Orders From London and Washington Have Brought Tranquility.

Berlin, May 5.—The National Zeitung published yesterday a despatch from Apia, Samoa, dated April 22, which says: "The orders from London and Washington to suspend hostilities have brought back tranquility and peace. In compliance with the demand of the German consul, Mataafa has gone back a long distance westward into the interior, so that there will be no danger of any collision with his troops. We Germans are naturally satisfied that our patience and impartiality have finally triumphed."

Confirmation From Kautz.

Washington, May 5.—A cablegram has just been received at the Navy Department from Admiral Kautz, dated Apia, Samoa, April 27. It confirms the press report that a truce has been agreed upon in Samoa, and that there will be no more hostilities, pending the reaching of a conclusion by the commission now on the way to the islands, and due there in about two weeks.

THE PROBLEM SOLVED.

THE NEW MEDICAL DISCOVERY TESTED.

Results of the Test in Various Forms of Dyspepsia.

Chronic indigestion or dyspepsia, while a very common trouble, has for some time been looked upon by able physicians as a very serious thing, and that no time should be lost in treating it properly at the start, because recent researches have shown that the most serious, fatal and incurable diseases have their origin in simple dyspepsia or indigestion.

Diabetes is simply one form of indigestion, the sugar and starchy food not being assimilated by the digestive organs. In bright's disease the albumen is not properly assimilated.

While consumption and dyspepsia are twin diseases, and it is beyond question that dyspepsia makes a fertile soil for the seeds of consumption.

But the trouble has been to find a remedy that could be depended on to cure dyspepsia, as it is notoriously obstinate and difficult to cure.

This has been the question which has puzzled physicians and dyspeptics alike, until the question was solved three years ago by the appearance of the new dyspeptic cur ein the medical world known as Stuart's Dyspepsia Tablets, which it was claimed was a certain reliable cure for every form of stomach trouble.

Physicians, however, would not accept such statements without first giving the new remedy many tests and carefully observing results.

For three years the remedy has been thoroughly tested in every section of the country and with surprising and satisfactory results.

Stuart's Dyspepsia Tablets can honestly be claimed to be a specific, a radical lasting cure for indigestion in the various forms of acid dyspepsia or sour stomach, gas or wind on the stomach, too much bile, undue fullness or depressure after eating and similar symptoms resulting from disordered indigestion. Stuart's Dyspepsia Tablets were not placed before the public until this three years' trial left no doubt as to their value, and they have recently been placed in the trade and can be found at all druggists at the nominal price of 50 cents per package.

No false claims are made for the remedy. It will not cure rheumatism, pneumonia, typhoid fever nor anything but just what it is claimed to cure, and that is every form of stomach trouble.

No dieting is necessary, good wholesome food and plenty of it, and you may rest assured that Stuart's Dyspepsia Tablets will digest it.

Druggists claim for it that it is a pleasure to recommend it to dyspeptics, because it gives such universal satisfaction.

DRIVEN FROM THE TRENCHES.

Major-Gen. MacArthur Captures San Tomas After Strong Resistance.

Washington, May 5.—A cablegram has been received from Gen. Otis, which says: Manila, May 4. Adjutant-General, Washington: Col. Cummers, with six battalions, Oregon, Dakota, 3rd Infantry and a piece of Utah Light Artillery of Lawson's division, proceeded north this morning to Maasand; crossed the river, charged the enemy in their strong entrenchments, driving them northward and inflicting considerable loss. American casualties, two wounded.

Both Wheaton and Hale of MacArthur's division found the enemy in force, strongly entrenched, and commanded by Commander-in-Chief Luna, about four miles south of San Fernando. Hale on the right dislodged the enemy, and Wheaton the left, leading in person, made a brilliant charge, scattering his forces, inflicting great punishment. Several officers and enlisted men seriously wounded. MacArthur proceeds to San Fernando in the morning. Delayed by partial destruction of a bridge across the river. Not believed the enemy will make another determined stand until he effects a retreat to Mount Arayat, a short distance form San Isidro. (Signed) Otis.

Manila, May 5.—Major. General MacArthur has carried San Tomas, after encountering strong resistance.

THE PEACE CONFERENCE.

The Proceedings Will Be Private—Russia Protests Against Strategical.

London, May 5.—According to the Berlin correspondent of the Daily News, Russia has intimated that it is her wish that the strictest privacy be maintained regarding the proceedings of the disarmament conference. The delegates will, therefore, probably be pledged to secrecy. The newspapers will obviously not be allowed to have reporters present.

The Russian Government has addressed a friendly protest to the German Government regarding the appointment as one of Germany's delegates to the peace conference at The Hague of Prof. von Stengel of Munich University, who just prior to his appointment and again immediately after it issued pamphlets defending war and declaring that eternal peace ought not to be the aim of culture.

Toronto Has All the Officers.

Woodstock, Ont., May 5.—The Women's Foreign Missionary Society closed last evening, after three days of successful meetings. The officers, all residents of Toronto, were elected. The next meeting is to be held at Ottawa.

Bismarck's Iron Nerve.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidney and Bowels are out of order. If you want these qualities and the success they bring use Dr. King's New Life Pills. They develop every power of brain and body. Only 50c. at J. Lynch's drug store.

The Red Bird--Best To-day and Good for Years.

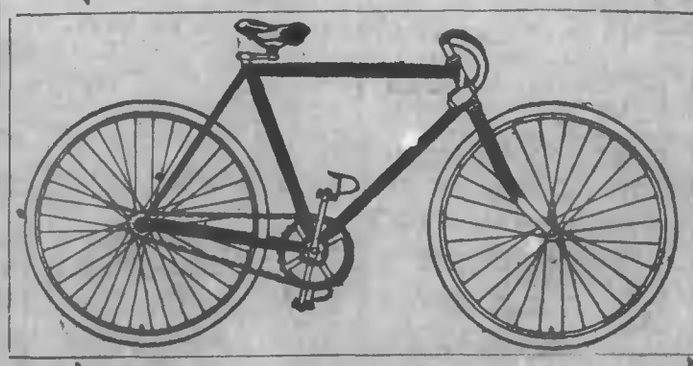
A Modern Racer

For Modern Racing Men.

THE thoroughly up-to-date features of the Brantford Red Bird Special Racer places it it in a rank by itself among racing wheels.

From tires to handle bars it is strictly high-grade. Not only is it made of the best material it is possible to buy, but it is the most carefully constructed wheel built to-day.

Every detail of construction is given the most careful attention, after which it is submitted to the most critical inspection before being permitted to leave the factory.



In previous years more riders have riden to positions of prominence in racing circles on Red Birds than on any other wheel, and this year will prove no exception to the rule.

The improved caged bearings with which this wheel is fitted, make it not only the easiest running wheel built, but the speediest. See it at your nearest Red Bird Agency.

Have You Been Sick?

Perhaps you have had the grippe or a hard cold. You may be recovering from malaria or a slow fever; or possibly some of the children are just getting over the measles or whooping cough.

Are you recovering as fast as you should? Has not your old trouble left your blood full of impurities? And isn't this the reason you keep so poorly? Don't delay recovery longer but

Take

Ayer's Sarsaparilla

It will remove all impurities from your blood. It is also a tonic of immense value. Give nature a little help at this time. Aid her by removing all the products of disease from your blood.

If your bowels are not just right, Ayer's Pills will make them so. Send for our book on Diet in Constipation.

Write to our Doctors.

We have the exclusive services of some of the most eminent physicians in the United States. Write freely and receive a prompt reply, without cost.

Address, DR. J. C. AYER, Lowell, Mass.

THE BUDGET DEBATE.

Continued From First Page.)

period of prosperity in Canada as great, if not greater, than any it has ever enjoyed. Why should it not be so? Canada has been making great sacrifices to become ready to meet favoring opportunities in the development of her most wonderful resources. She has spent her money like water and without grumbling; she has faced a future often which looked dark indeed, and staked her all upon the throw for the future of this country. She has come out of a period of sectional differences; to a large extent she has welded herself into the condition of a grand and united body. She is just beginning to find out the depth, the extent, the boundless nature of the resources which she has possessed."

Sir Richard Cartwright.

Sir Richard Cartwright, in opening his speech after recess, while admitting that Mr. Foster spoke like a clever advocate, declared that he showed a great lack of knowledge of his subject. This was illustrated by his argument on the importation of corn from the United States. Mr. Foster had not stated at all that some 5,000,000 bushels imported free from the United States was re-exported, and that the remainder was re-exported in the form of bacon and beef. As to the contention that by removing the duty on corn the Government had given away the whole Canadian case, he stated that the total production of corn in the United States was 2,823,000,000 bushels, and he asked if we would be able to bulldose the American people by refusing to consume 5,000,000 bushels, or one-quarter of one per cent. of this corn. The burthen of Mr. Foster's speech was that the tariff which he had denounced for two years was really after all his own tariff. He recognized the tariff after two years as his own, and finding it a thriving and lusty babe desired to adopt it. (Cheers and laughter.) Throughout the whole of the debate on the address the air had been filled with charges that the Government were an extravagant Government, that they were a dishonest Government, that they were an inconsistent Government, that they were a Government of broken pledges and a Government of incompetents. Some of the charges made were very often contradictory and absurd. They were sometimes mistaken and they were always baseless. There might have been occasionally in respect to some one or two statements made some superficial air of truth, but, as he would presently show, they were always baseless. He was not here for the purpose of apologizing for this Government in any shape or way. It is about the last thing in his mind now or at any other time. He was here to justify their action, to dispel the slanders that have been levelled at the Government; for the purpose, so far as he knew how, of placing the truth before the people, and for the purpose of taking issue at all points with everything said by hon. gentlemen of the other side of the House.

He gave details to show that, service for service, they were doing the public work far better and far cheaper than ever before, for 18 years at least, and he then showed that it cost Canada no more in spending two or three millions additional yearly when she had a couple of millions of population more. He then showed by the test of population that Canada was prosperous, that her people could find work within her own borders and were not driven elsewhere to seek a living.

Sir Richard then dealt with the cooked estimates of 1896, and proved conclusively the absurdity of the Foster claim to spending only $37,000,000 for their last year in office, when the present Government demanded $41,000,000. He gave the expenditure in detail and proved the case conclusively.

And now, said Sir Richard, I desire to turn for a few moments to the tariff. And here I may take the liberty of defining the position I hold myself on that subject. I have not pretended, and I do not pretend now, that the present tariff is perfect or that it is a final tariff, but I say that, as compared with the tariff it superseded, it is an immense improvement. Before proceeding to a consideration of the facts, let me point out two glaring absurdities. The hon. gentleman (Mr. Foster) who spoke last devoted a greater part of his speech to prove that the preferential tariff given to England was a sham and mockery. He rises in his place, he an ex-Finance Minister, and tells this House that it is a sham that an English manufacturer is allowed to import goods into this country and pay $3, when the manufacturers from every other country are compelled to pay $4. Then, sir, he assumed, as have many more, to judge the preferential tariff by the returns to date. As my hon. friend showed again and again, the preferential tariff did not practically come into effect until August 1 last. We are not in possession of the returns, yet during the debate on the address I heard a number of these gentlemen declaring the preferential tariff to be a failure, because it had not shown any great results in 1897 or 1898. Why, sir, in 1897 it was not in existence at all, and in 1898 only half the preference was in existence until August 1, when the whole 25 per cent. came into effect. Sir Richard contrasted the operation of the National Policy with that of the Liberal tariff in relation to trade with Britain. In 1878 we imported from Great Britain $99,189,000 worth of dutiable goods, on which the duty was $6,445,000, and in 1888 $80,848,000 worth, on which the duty was $8,972,000, so that in 1878 the Liberals charged 2¼ per cent. less than the Conservatives charged on a million dollars less worth of goods in 1888. The result of the preferential tariff was this: that on the dutiable goods, less spirits and wine, which we imported from England in 1898 our present tariff barely averages 22¼ per cent., as against 28 per cent., which was levied in 1888, and as against the 19 per cent. which was levied under his own tariff in 1878. He did not say that we had got down in the matter of British goods absolutely to a revenue tariff, but we had come exceedingly close to it, and he broke no secret of office when he intimated that the tariff imposed by us in 1898 on those British goods was in its actual results almost identical with that which he wanted to propose in 1876 himself. The effect of the preferential tariff had been to compel the American manufacturers, and to a certain extent our own manufacturers, to lower their prices in Canada, and to reduce the profits of the Americans.

The free American goods, the specific duties, the effects of protection and the future of the country in Sir Richard's hands were equally effective, and as he made point after point on these subjects the House punctuated the speech with cheers.

Sir Richard then argued that one couldn't always judge by percentages, but he was certain that the present tariff had affected the importation of goods from Great Britain, and had lowered the tariff. In conclusion, he said: "Now, I do not want to weary the House. I do not believe that after such a speech as was delivered by my hon. friend the Finance Minister (Mr. Fielding) it is at all necessary for me to do so. I rose more particularly to deal with certain, as it appeared to me, grave misstatements and blunders into which the hon. member for York (Mr. Foster) had fallen.

"I repeat that I am prepared to show and prove that, service for service, and it is the only way to judge, we are administering the country at less cost than these hon. gentlemen opposite were doing five years ago, both relatively and absolutely, certainly relatively, when you take into account the increased population the country now contains. I say that we have very considerably reduced the burdens of the people. I say that we will be able, I hope and trust, to reduce the burdens still more in time, for I, for one, am entirely in accord with the Finance Minister, that even if there be inequalities, even if there be things that should be redressed in the tariff, it is not expedient, it is not wise, to disturb the tariff frequently from time to time. Better endure some little inconveniences than put the whole business community in a ferment without very great cause for disturbing them. I pointed to the fact that there has been a great growth of population in Canada within the last few years, and that there is every reason to believe that that growth will continue. There is every reason to believe that we shall attract many immigrants here, there is every reason to believe we will keep the great bulk of our people in this country, and there is proof positive that there has been a great increase in the wealth of Canada. I believe that that will be to a very great extent permanent.

"And, although I would be the very last man to use that as an excuse for unnecessary extravagance or unnecessary expenditure, I do say that it is a justification for a liberal dealing with urgent wants of the country. Although we may not have moved quite as fast as we would desire in all respects, although we may not have been able to do everything we desire to have done, yet I do say that the people of Canada as a whole will agree with me that, never since Canada was confederated down to the present hour, have the people of Canada or the Government of Canada as a whole stood higher and more deservedly so than they do at this present day and hour." (Great applause on Government benches.)

Mr. Craig replied in general terms to the speech of the Minister of Trade and Commerce, speaking briefly, in review of arguments adduced by Mr. Fielding and Sir Richard.

Mr. Taylor moved the adjournment of the debate, stating that he did so for Sir Charles Tupper, who was not in the House, but who would speak to-day. The House adjourned at 10.20 p.m.

Cook's Cotton Root Compound

Is successfully used monthly by over 10,000 Ladies. Safe, effectual. Ladies ask your druggist for Cook's Cotton Root Compound. Take no other, as all Mixtures, pills and imitations are dangerous. SONG OF THE TREE TOP.

My love is the wind, and his heart is mine.
Here under the midnight sky
We sleep, and we dream in the starlit gleam
And wake to the sea bird's cry.
When the day comes back and the sails unfurl
As blue billows fluff into foam,
We laugh in delight at the hurricane's flight
And kiss when the ships come home.
—Herbert Randall in Connecticut Magazine.

UPSET BY AN UMBRELLA.

It Came Very Handy, but Made Three Men Miserable.

"Talking about stealing umbrellas," said a New Orleans business man. "I had a whimsical experience last week. One afternoon, when it was raining, I happened to see a very good umbrella in the hall, and—well, I annexed it, or rather I established a protectorate, intending to return it before night to the gentleman in the adjoining office, who, I supposed of course, was the owner.

"But somehow or other I didn't, and for several days I dodged him in and out of the building, feeling particularly uncomfortable and guilty. Finally he dropped in and, seeing the umbrella in the front office, walked off with it. I witnessed the incident unobserved from the rear room and naturally said nothing. Next day we encountered in the elevator, and he handed me the umbrella.

"'Here's your parachute,' he said. 'I'll have to own up that I appropriated it yesterday, but it was raining, and the temptation was too strong for my morals.'

"I took it rather gingerly and refrained from offering any explanation. That afternoon I set it just outside my door and had the satisfaction of seeing it disappear under the arm of an architect who is a prominent member of my church and generally regarded as a very moral man. Since then he has had pressing business whenever I hove into sight, and I infer that he is suffering a duplicate of the pangs recently experienced by myself and my neighbor. The fellow who originally left it hasn't turned up, so I suppose that he, too, is a member of the robber band."—New Orleans Times-Democrat.

New and Original Advertising.

It is interesting to watch the new ideas to be found in the advertising of Hood's Sarsaparilla. The present line of advertisements is especially unique, each beginning with a familiar proverb and leading up to the good qualities of this famous medicine. The argument in every case is clinched by condensed testimonials from people the medicine has cured. It is gratifying to see the continued success of an article of genuine merit. While other preparations come to the surface and after a short time disappear, Hood's Sarsaparilla has steadily maintained its place in public confidence.

ENGINEER GRAHAM,

Of Montreal, Cured by Dodd's Kidney Pills.

Montreal, April 24.—Proof positive and convincing has already been given in Montreal that Dodd's Kidney Pills are the only sure cure for diabetes. And day after day fresh evidence comes to light to make the proof more emphatic and convincing.

Engineer James Graham, 54 Victoria Square, says: "I suffered with Diabetes for six years. One of our best doctors told me I could not be cured.

"I read of Dodd's Kidney Pills and decided to try them. Three boxes made me well, and I have not suffered from Diabetes since."

Such cures as this prove the efficacy of Dodd's Kidney Pills.

THE PACIFIC CABLE.

The British Government's Decision Is Announced.

THE COLONIES MUST BUILD IT.

Great Britain, in a State Paper, Says Canada and Australia Should Own the Line, But Mother Country Will Give 5-16ths of the Shortage for Imperial Unity—Cable News.

London, May 5.—The report of the Pacific cable committee, which was issued yesterday, shows that the committee has recommended that the proposed cable be opened and operated by the Governments interested—Canada and Australasia—and that the general direction should be in the hands of a manager in London, under control of a small board, upon which the associated Governments should be represented.

A Parliamentary paper containing correspondence regarding the proposed Pacific cable was issued last night. Embodied in the paper is the statement made by the Secretary of State for the Colonies, Mr. Joseph Chamberlain, in the House of Commons on April 28, to the effect that the British Government had made proposals to the Governments of Canada and Australia on the subject of the proposed cable, but that no final arrangement had been made.

To this he added the statement that the Government of Great Britain has always considered that the construction of a cable is of far greater importance to Australasia and Canada than to the United Kingdom, and that the Government would not be disposed to recommend that Parliament vote in aid of the project, but for the desire to afford support and assistance by the motherland to great self-governing colonies in a project the success of which cannot fail to promote Imperial unity. For this reason the Government considers that the responsibility of constructing and operating the cable should be borne by Canada and the Australasian colonies, they taking the profits, and the United Kingdom giving an annual subsidy not exceeding £20,000 for a period not exceeding 20 years, the extra subsidy being 5-18 of the shortage of receipts below expenses, and provided that the subsidy be payable only after Canada and the Australasian colonies shall have completed the cable and operated it for traffic, and only while the cable shall remain open. Other provisions of the proposed agreement necessitate that priority be given to Imperial Government messages, at one-half the commercial rates, and Imperial approval of the construction and operation of the cable.

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1899 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. **Organs of every description at Wholesale Prices.**

Big Bargains now on hand in slightly used. Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

W. E. GREEN, Box 714, Peterborough, or Octavius Newcombe & Co., Toronto.

ADMINISTRATOR'S
Notice to Creditors.

IN THE MATTER OF THE ESTATE OF John Clarke, M. D., late of the Town of Peterborough, in the County of Peterborough, deceased.

Notice is hereby given pursuant to the Revised Statutes of Ontario, 1897, Chapter 129, Section 38, that all persons having claims against the estate of the above named John Clarke, M.D., who died on or about the 12th day of April, 1899, are required to send by post prepaid or deliver to W. H. Moore, Peterborough, solicitor for the Administratrix of the property and estate of the said John Clarke, M. D., on or before the 10th **Day of June, 1899**, a statement in writing duly verified containing their names, addresses and particulars of their respective claims, and the nature of the securities, if any, held by them.

And further take notice, that after the last mentioned date, the said Administratrix will proceed to distribute the assets of the said estate amongst the parties entitled thereto, having regard only to the claims of which she shall then have received notice, and she will not be responsible for the assets or distribution of any part thereof to any person or persons, corporation or corporations, of whose claims notice shall not have been received at the time of such distribution.

W. H. MOORE,
Solicitor for the said Administratrix.

A MAY WEDDING.

Nuptials of Miss Charlotte Jones and Mr. Albert Stenson.

A very pleasant event took place at the George street Methodist parsonage, Peterborough, Wednesday afternoon, it being the marriage of Mr. Albert Stinson, a prosperous and popular young farmer, of Emily, and brother of Messrs. Robert and W. D. Stinson, of Omemee, to Miss Charlotte Lucinda, daughter of Mr. and Mrs. Alex. Jones, of Omemee.

The interesting ceremony was performed by the Rev. S. J. Shorey in the presence of a few of the immediate relatives of the contracting parties.

Miss Ethel Jones, a cousin of the bride, was bridesmaid, and Mr. Wm. Stinson, cousin of the groom, was groomsman.

The bride received many handsome and useful presents, showing the high esteem in which she is held by her many acquaintances.

Mr. and Mrs. Stinson have the best wishes of a host of friends for their future happiness and prosperity.

WEDDED IN DAKOTA.

Marriage of an Old Peterborough Boy in the Far West.

The marriage took place on Wednesday, April 12th, at Bay Centre, North Dakota, of Miss Nellie Howell, and Mr. Matthew Reid, formerly of Peterborough. The "Mountaineer" refers to the weding as follows:

"The happy ceremony occurred at 3 o'clock in the afternoon and was largely attended, the married friends and relatives being entertained in the afternoon and the younger people in the evening. The dinner served was an elegant and plentious affair, such as all enjoyed and pleasurably discussed. The presents were rich, numerons and very beautiful. The young people are among the most popular of Bay Center social circle and they start out in life with an unusual amount of kind feeling and wishes for their future. Mr. Reid has rented the farm of Mrs. S. Patterson and will go to housekeeping in a new and comfortable house built for them this year."

The groom is a son of Mr. Alex. Reid of town, and left Peterborough some five years ago for North Dakota, to take up farming. He is evidently doing well and will receive the hearty congratulations of his many friends here.

PERSONAL.

Mr. Frank Dolan, of Belleville, was in town to-day.

Miss Fanny McManus is visiting friends at Pine Grove.

Mr. R. F. Byers, of Bowmanville, is in town this afternoon.

Mr. T. H. Genslinger came up from Oshawa this morning on business.

Mr. W. T. C. Boyd, of Bobcaygeon, was in town on business to-day.

Mr. Howard Hughes, son of ex-councillor Hughes is home from Chicago on a visit.

Miss Edna Hill has returned home after spending a month with Miss Lottie Robinson, of Omemee.

Rev. R. MacKnight, who has been doing ministerial duty in Apsley since February last, has returned to town pending assignment to another field of work. He is succeeded in Apsley by Mr. Sharp, who has been engaged in work in Harvey.

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

—This is Arbour day.

—This is reported to be a good season for speckled trout.

—There will be a children's entertainment at Grace church to-night.

—The fire department has received a shipment of 300 feet of rubber hose.

—There was another zero mark on the police court register this morning.

—Victoria Park is now open to the public. The tulip buds are particularly beautiful this year.

—Some vandal has removed the brass face from the lion's head on the Brown Memorial Fountain in Central Park.

—The Board of Works held a short session last evening and considered matters relating to the construction of sidewalks and bridges.

—The monotony that has pervaded the police court will be broken to-morrow morning. Two men are charging each other with assault. The case will be heard by Magistrate Dumble.

—The fire hall employes are to be complimented on the excellent condition of cleanliness in which the apparatus is kept. An observer remarked: "That harness will be worn out with rubbing before it will with actual use."

—Apparently the Otonabee River is five or six feet above its usual level just now. At the Otonabee Canoe club house the slides for lowering the canoes down to the water are several feet under water, Usually the water is about a foot below their level.

—Rev. R. MacKnight, who has just returned to town from Apsley, reports that though the snow was deep and lay long on the ground after it had disappeared here, vegetation is now as far advanced as in the vicinity of Peterborough. Fall wheat in Apsley is good.

—A warrant has been issued for the arrest of an Otonabee man for wife beating and the case will probably come before the county magistrate to-morrow. It is alleged that the man cruelly beat and ill-treated his wife, who is a slight, delicate woman, and that she dare not return home for fear of him.

—A handsome new coach of English style has been added to the equipment of the White House, Charlotte street. It will be in attendance at the station to meet the patrons of that popular hostelry. A handsome grey horse, decked in a brass mounted harness is the motive power for the vehicle.

—Mr. J. J. Cave, editor of the Beaverton Echo and Woodville Advocate, has decided to start a second paper in Midland, which little town is on the boom at present.

Every man has brilliant chances,
As he journeys on life's way...
But he generally sees them,
Looking back on yesterday.

PECULIAR ACTION OF TOWN COMMISSIONERS.

COQUETTING WITH THE CATTLE YARDS QUESTION.

The Civic Authorities Excited—A Former Cattle Yard Site Leased to Mr. H. P. Kennedy—Aldermen want to Know About it—May be a Tempest in a Tea Pot.

There was no little excitement about the City Hall and streets this morning when it was learned that the Town Commissioners at a meeting held yesterday afternoon had leased, or agreed to lease, the lot north of the Stanley Piano Company lot—lots 10 and 11, north of Perry and west of eorge at the intersection of the Grand Trunk and Canadian Pacific Railways. And the excitement grew as the whisper grew that Mr. H. P. Kennedy, had obtained a lease of the lot. As to the exact nature of the transaction the Commissioners kept a profound secret, and all the press could learn this morning was that the Commissioners had done something which if known would cause great excitement.

The Mayor got an inkling of the matter and the cat was let ou tof the bag this afternoon.

It appears that at the meeting the following Commissioners were present: Messrs. R. S. Davidson, John Carnegie, James Stevenson, and W. H. Moore. Mr. Richard Hall was not present.

The Commissioners entered into an agreement to lease the north half of the Stanley Piano Company lot to Mr. H. P. Kennedy for a use which the Commissioners say they were ignorant of. The lease is for 5 years at a rental of $100 a year and taxes, with option on the part of the commissioners to cancel the lease at any time on three months' notice.

This clause aroused the suspicion of the Mayor, who regarded it as an indication that the lot was to be used for the purpose of cattle yards. It will be remembered that last fall there was great excitement over the possiblity of the council leasing the lot in question for stock yards purposes, and that popular feeling took such active form that the project was abondoned and the council vetoed the deal as they subsequently put a quietus on the establishment of stock yards on Park street, a vicinity much less thickly populated than the vicinity of the junction of the railways.

Mayor Davis and one or two Aldermen spoke very plainly to a couple of the Commissioners they met on George street this afternoon, and the mayor declared that if the portion of the lot which had been leased to Mr. Kennedy was used for stock yards the Stanley Piano Company, which has been granted the southern half of the plot would not build and operate their factory.

The Commissioners when they kept their counsel so well for a time evidently expected that their action would be pretty severely criticised by the Council, but not perhaps with as much vigour as was put into the councillors' protest

The Mayor and most of the Aldermen seen regarded the action of the Commissioners as a rather high-handed proceeding. The Council, while not opposing Mr. Kennedy's enterprise, had decided after mature deliberation that the site at the junction of the railways was not in the interest of residents of that vicinity, and they felt that the overriding of the decision of the responsible representations of th epeople by a body irresponsible to the people savoured too much of the attitude of the Senate on certain occasions, to the House of Commons, the local case, giving some idea of how the action of the Senate felt, when applied close at home. In fact the only member of the commission responsible to the people. Mr. Alderman Davidson refused to consent to the agreement.

However, the commissioners' action may not amount to much more than a tempest in a teapot. Mr. Stevenson, one of the commissioners, informed the Examiner this afternoon, that although Mr. Edwards, solicitor for the commissioners as well as the town, had been instructed to prepare the lease for signatures, the implementing of the agreement depended upon conditions which he, (Mr. Stevenson) did not think Mr. Kennedy could fulfil, which seems to be tantamount to saying that the commissioners took action which they felt at the time or learned subsequently could amount to nothing.

TRENT VALLEY CANAL.

A Deputation Asks for an Additional Grant in the Supplementary Estimates.

A deputation from the Trent Valley Canal association waited on the Minister of Railways and Canals at Ottawa yesterday, asking that an additional grant for the canal be placed in the supplementary estimates for the purpose of completing the survey and placing the southern section from Trenton to Frankford under contract.

The deputation was compoised of J. R. Stratton, M.P.P., president of the Association; Thomas Blezard, M.P.P., Richard Hall and D. W. Dumble, of Peterborough; W. T. C. Boyd, of Bobcaygeon; M. B. Morrison, M.P.P., of Trenton; E. W. Rathbun, Deseronto; H. J. Wickham, Toronto; John Laing, M.P., East Peterborough, and George McHugh, M.P., of South Victoria.

The members of the deputation also personally interviewed several other members of the government and returned west to-day well satisfied with the result of their mission.

STILL IN UNCERTAINTY.

No Final Decision has been Given in the Havelock Case.

The matter of the Trainmen's removal from Havelock is still in abeyance.

On April 27th, a communication was received from Mr. Leonard appointing Saturday, 29th ult., as the date for the deputation to wait on him. The members of the deputation, however, could not attend on that day owing to the short notice, and another day will likely be settled on in the course of a few days.

FRIDAY, MAY 5, 1899

ASHBURNHAM PUBLIC SCHOOL.

The Report for the Month of April—Standing of the Pupils.

Names are given in order of merit. "Honors" means 70 per cent. of the total, and at least half in each subject.

"Passed" means 50 per cent. of the total and at least one-third in each subject.

In the June promotion examinations the work done by the pupil each month as well as the results of the final June examinations, will be considered in deciding the pupils fitness for promotion.

Pupils who do poor work every month or who do not attend regularly cannot expect promotion. It is hoped every pupil will attend regularly whether he is going to try the examination or not.

Pupils are expected to be at school at least five minutes before nine and not later than twenty-five minutes after one o'clock.

Senior Fourth Class—430 marks. — Ethel Record, honours, 362; Harry Rogers, honours, 346; Effie Fowler, honours, 340; Claude Rogers, honours, 331; May Pollock, passed, 322; Gordon Logan, passed, 309; Alex. Gillespie, passed, 300; Howard Bennett, passed, 292; Sidney Gibbs, 273; Helen Stethem, passed, 262; Bruce Gillespie, 247.

Junior Fourth Class —430 marks. Bertha Telford, honours, 380; Carrie Doupe, honours, 352; Carrie Whittaker, honours, 346; Ella Distin, honours, 342; Greta Symonds, passed, 319; Oswald Graham, passed, 311; Madelina Stone, passed, 298; Ernest Wylie, passed, 267; Emma Williams, 264; Clara Craig, 255; Alice Revoy, 250; Hugh Graham, 237; Edna Rogers, 211; Carl Russell, 196; Ida Russell, 185.

Senior Third Class — Annie Pollock, Jessie Waddell, Rossie Bennett.

Junior Third Class—Florence Scott, Mary Clarke, Charlie Crane.

Senior Second Class. — Laura Smithson, Gertie Hamilton, Clara Adams.

Junior Second Class. — Elsie Pollock, Tillie Graham, Lillie McCubbin.

Senior Part II. — Fred Hickey, Willie Henthorne, Hazel Craig.

Junior Part II.—Herbie Faint, Tommy Record, Carl Graham.

Senior Part I.—Eddie Paterson, Arthur Pakenham, Essie Wood.

Junior Part I.—Johnny Kerr, John Revoy, Pearl Graham.

SERVANT GIRL QUESTION.

In view of the present dearth of servants, it may be of interest to readers to know that an English Emigration Society is desirous of placing a few of their girls in this town as domestic servants. Two ladies, representing the Canadian Catholic Emigration Society, visited Peterborough a few months ago, and thought it would offer a good opening for some of their young emigrants. This society possesses already, three houses in the Dominion—a home for girls in Montreal, a home for boys in Ottawa and a training farm for older boys at Mackinack, Man., having over 400 boys in the country and a smaller number of girls. We hear that they are importing a larger party than usual on May 14, and the ladies in charge of the work, encouraged by the success of their girls in Montreal, now think of placing some of these in other towns, where they hear that servants are in request. Anyone desiring to obtain further information is asked to reply to the Secretary, Miss Urquhart, at the Girls Home, 149 Berri street, Montreal.

Y. W. C. A. NOTES.

Club meeting in Y.W.C.A. parlours on Saturday evening at eight o'clock as usual. Owing to a sore throat Mr. Mulligan was unable to sing at the last meeting, but the Club is to have the pleasure of a song from him this week. The programme has other special features, and the opportunity of spending this pleasant, helpful hour with their friends is open to all young women.

Volcanic Eruptions

Are grand, but Skin Eruptions rob life of joy. Bucklen's Arnica Salve cures them, also Old, Running and Fever Sores, Ulcers, Boils, Felons, Corns, Warts, Cuts, Bruises, Burns, Scalds, Chapped Hands, Chilblains, Best Pile cure on earth. Drives out Pains and Aches. Only 50c. a box. Cure guaranteed. Sold by J. Lynch, Druggist.

Serge Suits!

We carry a large selection of the best qualities of these popular Summer Suitings, including the Reliable-Dyed ENGLISH and IRISH SERGES, in blue and black—the finest imported and the kind it pays to buy.

Serge Suits possess special advantages which make them always popular. They are easily cleaned, and do not show brush or water marks. They are always dressy, easy and comfortable, when made as we make them. As cheap to pay a fair price for a good suit as to pay a low price for a poor one. Our CASH SYSTEM has lowered prices.

SPORTING PASTIMES.

Interesting Items of Local and General Interest.

LACROSSE

The Toronto News says that Snell and Lionel King will make a tricky pair on the home field of 'Varsity this this year.

The Perth Expositor says: The Almonte Gazette says Perthites are 'kicking vigorously' because some of their lacrosse players have taken positions in other towns and cities, and it also says that these players are to play professional lacrosse. We don't know whether those who have left Perth this spring for other towns have become professionals or not. If they have more's the pity, but we don't know of any kicking coming either from Perth's players or Perth citizens. O'Brien is a good player, but he is not the "only one," and without speaking slightingly of his great abilities as a player, we can safely say that his place will be filled before the first match, and with a native born Perthite too. "The kicking" as the Gazette terms it, is not emanating from this quarter, but from such towns Almonte which have not yet recuperated from their plunge of two or three years ago. The difference between Perth and Almonte is that we have benefitted from our past experience while Almonte is still cursing its fate and nursing its grievances, and now is without a team at all. Every man woman and child in Perth feels proud of our Crescents. We have watched them since they came down our streets in little pleated skirts. Then how proudly they strutted along with their first pair of pants. From this stage to the time when they bought twenty-five cent sticks and played the East against the West Ward, their career was carefully watched. And then —— well about that time we played "Chimers," and these saplings got their first lessons in Canada's national game. They blossomed for two or three years, and we all remember the downy faced Chokecherries and their almost unbroken chain of victories. But now all have grown to manhood and the bristles on their faces are becoming annoying—so the girls from adjoining towns say. They play lacrosse, not the hot-headed, happy-go-lucky kind of the past, but the kind that stimulates the nerves, that improves the intellect and that always wins. No, no, Perth is not kicking. If a player wants to quit, if he wants cash or if he can better his own position, he is at liberty to do so, but the management will always strive to have one "just as good" to fill all vacancies.

Markham plays in Orillia on May 24th.

GOLF.

The lawyers played the Bank of Montreal yesterday and won by 14 holes.

E. H. D. Hall won from A. G. Parker.

G. W. Hatton won from C. H. Skill.

R. M. Dennistoun won from F. C. Napier.

J. H. Burnham won from R. M. Hamilton.

The links were gaily ornamented with a number of red golfing jackets.

Golf is in full swing now and their will be many matches this season, both home and foreign.

ACQUATIC.

Mr. W. J. English has received the following enthusiastic letter re A.C.A. matters from the Executive of the Association:

Mr. Walter English,
Peterborough, Canada.

Dear Sir,—The Regatta Committee of the A.C.A. would be pleased to have you read the enclosed programme of races scheduled for the meet next August.

The efforts of the committee will be centered on the War Canoe and Open Canoe events, and we ask your personal co-operation in the matter by calling the attention of your fellow paddlers to the races and inducements the committee are committee are able to offer.

We have established an "A.C.A. War Canoe Championship," open to all A.C.A. members, and have, up to this date, the assurance of ten war canoe crews in this event. Just stop and think what this means! One hundred and fifty men in one race—no one ever saw the like! Why, it will be the greatest amateur acquatic event in the history of the world, let alone any organization. And again, on the same date, the Northern Division will paddle their war canoe race for the championship of their division. It will be worth a thousand miles travel to witness these events alone. And on the other hand, consider the honour it will be to the three winning crews to show the handsome prizes the committee offer, and they can say they were won in the only purely amateur sport that's left to mortal man.

Now as to the inducements—First prize will be a handsome banner 24 X32, more or less, of blue silk and gold and a war canoe in oil colours, properly lettered, trimmed and mounted, to be awarded the winning crew.

In addition, Commodore Thorn has presented the committee fifteen "follow prizes"—a very handsome pin emblematic of the event, and costing him upwards of $100. "Dad's" all right. There is promise of a very handsome trophy, to become the property of the crew winning it three years, valued at $100, in addition to the Association and Commodore's prizes, but we do not feel that this can be assured at this writing.

Second prize will be a red silk flag, 20X30, appropriately lettered in white silk, for the crew; and there will also be a "follow" prize of a bunting flag, lettered same as the large one, for each member of the crew.

Third will be of white silk and blue letters, and the crew will be flagged same as No. 2.

Aggregate cost of prizes for war canoe race alone will be about $175. Isn't this a fairly good inducement outside of the honour of the occasion?

In addition to the war canoes, let us call your attention also to the singles, tandems and fours. They will necessarily be "hot" races from the fact that the war canoe crews are generally composed of the best men for these events. Three prizes will be awarded in all these events and we think a man can feel well satisfied if he only succeeds in winning a second or third, considering the company he will be obliged to keep.

The committee are making every effort to make the races at the Meet this year an assured success. We don't want any doubt about it, and we appeal to you to lend us your valuable assistance and make them so. You can help us as no one else can in your club to get the crews in shape and to attend Camp. Will you do it?

Please advise us what you can do as early as possible.

John W. Ely, Rochester, N. Y.
Al. T. Brown, Rochester, N.Y., Chairman.

DRILL SHED IMPROVEMENTS.

Repairs Being Made to the Ashburnham Armoury.

Mr. Alex. Rutherford has been busy during the week in repairing and extending the Ashburnham drill shed.

The roof has been entirely reshingled and a six foot extension has been added to the armoury to accommodate the extra articles of equipment in saddlery which have just been received. A new set of doors replace the old ones, which were too heavy and cumbersome. Needless to say the work has been well done.

H. LeBRUN & CO'S

Successful Opening in Campbellford.

Mr. H. LeBrun returned to town last night from Campbellford, where he had been superintending the opening day of his new branch store. He is delighted with the success of his first day's business. His store was thronged with customers all day and all night up to the closing hour. Mr. LeBrun is confident that Campbellford people know the value of bona fide bargains when they see them. Buyers parted with their ready cash yesterday in a very liberal and hearty manner, and it was evident that they have plenty of the "needful" when chances for good investments are offered such as are involved in dealing with the "Golden Horse-Shoe," or one of its caulks (branches). When the people of Campbellford come to know the firm of LeBrun & Co. as well as the people of Peterborough, they will appreciate the many advantages of their new clothing establishment.

Orillia Times—"Mr. A. M. Gorrie made his first appearance before an Orillia audience, his rich tenor voice and perfect intonation delighting his hearers. Without doubt he is the finest tenor singer ever heard in Orillia. His voice showed with splendid effect in his first selection, 'Deeper and Deeper Still,' and 'Waft Her Angels.' In 'Wandering Child Come Home' there was a breadth of sympathy that touched the hearts and brought tears to many an eye. By request he sang 'The Land o' the Leal' with a tenderness and feeling quite in keeping with the sacred edifice in which he stood." The above artists will sing at St. Paul's church concert on Thursday, May 11th.

NOTICE.

TAKE NOTICE that the Municipal Council of the Corporation of Peterborough intends to construct Granolithic Sidewalks on the following streets and parts of streets in the Town of Peterborough as Local Improvements under Section 678 of the Municipal Act and the other provisions of the said act relating to Local Improvements:—

On Water Street—Both sides, from Simcoe street to Dublin street.

On George street—Both sides, from Brock street to Smith street.

On Simcoe street — From Water street to Bethune street, both sides, and on the north side from Reid street to Park street.

On Hunter street—Both sides, from Water street to Bethune street.

On Brock street—Both sides, from from Water street to Aylmer street.

On Charlotte street—On the north side, from Bethune street to Park street.

On Park street — From Charlotte street to Hunter street, on the west side of Park street.

On Hunter street—From Reid street to Park street on the south side of Hunter street.

On Reid street—From Simcoe street to Hunter street on the west side of Reid street.

On Dalhousie street—On the north side, from Aylmer street to George street, and on the south side from Aylmer street to the creek.

On Aylmer street—From Charlotte street to Hunter street on the east side of Aylmer street.

On Stewart street—From Hunter street to Charlotte street on both sides of Stewart street.

On Murray street — From Water street to the lane west of the Separate School on the north side of Murray street, and from George street to the Baptist church on the south side of Murray street.

And to assess the final cost thereof less the cost of that part of the work which is incurred in respect of street intersections and opposite exempted properties and less forty per cent of the remaining cost of such work, to be provided by the municipality under section 678 of the Municipal Act, upon the property abutting thereon and to be benefitted thereby.

Persons desiring to petition the said Council against undertaking any of the said proposed work must do so on or before the 13th day of June, 1899.

Dated the 27th day of April, 1899.

S. R. ARMSTRONG,
Town Clerk.

GOOD NEWS TO THE PEOPLE:

I've come again to get another pund o' yer good 25 cent Japan tea. We think your tea the best, an' that's jist the reason we buy it. It is fine tea, and John says anbody ocht to get the best value for their bawbees and your jist the man to gie it. We've tried either shops, but were richt at last, and we will stay wi' ye. We are pleased to see that the people of the town and country appreciate our effort to give them the purest and best teas, general groceries and provisions at honest prices. There is no gold mine to give away, but we promise to give our friends and customers the best value all round that can be given. We invite all the people to come and share in the good things to eat. Good assorted stock of Fresh Vegetables, Canned Goods, Pickles, H. Radish, Preserves (home made), at low prices at the place where the people buy the good tea.

DR. WARD'S BLOOD & NERVE PILLS

DR. WARD'S BLOOD & NERVE PILLS

READ THE PROOF!

GENTLEMEN,—I have for a long time needed something to make blood and build up my system. My blood was watery and thin, lacking strength and vitality. Last January a friend said:—"Why not try Dr. Ward's Blood and Nerve Pills? They will supply the oxygen your blood needs and give you health and strength." I told him I was very skeptical as to any benefit that could be derived from any proprietary medicine and had no faith in them. There the matter rested until four months ago, when reading so much about what Dr. Ward's Blood and Nerve Pills have done for so many people with impoverished blood, I concluded to give them a trial. I have taken four boxes and my unbelief so far as Dr. Ward's Blood and Nerve Pills are concerned has been entirely removed. They are a splendid blood builder and strength restorer, and an invaluable medicine for weak, enervated people. This has been my experience, they having given me strength of body and strong healthy blood.

(Signed), PETER LAWRENCE WHYTE,
968 Queen St. West, Toronto, Ont.

All good druggists can supply you. If they won't, we will by mail. Price 50c. per box; 5 boxes for $2.00. THE DOCTOR WARD COMPANY, Limited, Toronto, Ont.

CUBAN BANDITS KILLED.

Four Outlaws Attempted to Rescue Their Chief From Guards.

Santiago de Cuba, May 4.—Yesterday at Mayari, between Holguin and Sagua de Tanamo, an attempt was made by four outlaws to rescue the bandit chief, Miguel Gonzels, and five other bandits who were in the custody of the rural guards. The sentinel who detected the attempt fired, wounding one of the outlaws. Two guards rushed to the assistance of the sentry and a sharp fight ensued, all the would-be rescuers being killed. Two of the guards were wounded. The prisoners have since been removed to Baracoa. The efficient service of the gendarmerie is rapidly restoring security in this province.

MR. WILLIS, WOODSTOCK.

Escaped a Deadly Enemy by the Aid of Dodd's Kidney Pills.

Woodstock, May 1.—(Special) This city is deeply agitated, with joyous excitement, because another popular resident, has escaped from the fatal grip of kidney disease, by the aid of Dodd's Kidney Pills.

Everyone knows Mr. H. A. Willis, the genial proprietor of the "Buckingham" hotel. He tells his story, thus: "For two years past I have suffered intensely from Lame Back and Kidney Disease. Nothing I ever used helped me.

"My sufferings grew worse daily. I heard so much of Dodd's Kidney Pills that I decided to try them. I got relief from the first box. Three boxes cured me entirely."

Dodd's Kidney Pills always cure.

PETERSEN, TATE & CO.'S DEPOSIT.

The Government Will Not Enforce the Payment of the $10,000.

Ottawa, May 4.—The Government does not propose to enforce the payment of $10,000 received by the Canadian Government from Petersen, Tate & Co. as security for the performance of the contract in relation to the fast Atlantic line. Mr. Fielding said this condition had been revoked in consideration of the fact that the contractors had consented to the cancellation of their agreement at an earlier date than provided. The $10,000 is still held by the Government as security.

No Limit to Happiness.

There is no limit to earthly happiness after a rheumatic sufferer has once used Dr. Hall's Rheumatic Cure. Mr. John Clarke, Pittsburgh, Ont., suffered with Muscular Rheumatism in his legs for ten months. He tried doctors and numerous patent medicines without relief. One bottle of Dr. Hall's Rheumatic Cure cured him completely. He has not suffered with the disease since. This preparation is used internally. One bottle contains ten days' treatment, price 50 cents. For sale at all drug stores.

Fell 256 Feet and Was Unhurt.

Vancouver, May 5.—While working in the Treadwell mines at Juneau, Charles Johnson fell 256 feet down the shaft, and, strange to say, was almost unhurt. Fellow-workers went down at once in a bucket, expecting to bring up his body, but to their surprise they found him alive and well. At the bottom of the shaft, where Johnson had landed, there was eight feet of water, the leakage of the mine from rain which had fallen the day before. Into this Johnson had plunged head first, and by a miracle his neck was not broken. He went to work the following morning.

Wood's Phosphodine is sold in Peterborough, by H. H. Edmison.

A RAILWAY COMMISSION.

Private Members' Day Chief Discussion Was on the Transportation Question—Answers to Questions.

Ottawa, May 4.—Private members held sway in the House yesterday, and a large amount of business was transacted. The chief discussion was upon Mr. Rutherford's motion for the appointment of a railway commission, the debate on which was not concluded when the Speaker left the chair. Just before adjournment Sir Hibbert Tupper called attention to the "pin-prick" policy, as he termed it, of the United States officials in reference to the customs regulations respecting the Canadian steamers plying to the Yukon. Sir Richard Cartwright, who was leading the House, promised that the matter would be looked into, and at the same time suggested that the authorities at Washington might not be responsible, as the trouble might have arisen through the officiousness of some understrapper.

Answers to Questions.

Replying to Sir Hibbert Tupper, Mr. Sifton said that Major Walsh, when commissioner of the Yukon, issued two permits to take liquor into the district because he was under the impression that he had the power to do so. The permits were issued to McLeod & Sullivan and to P. McCauley.

Mr. Sifton, replying to Mr. Marcotte, said that 4,072 Doukhobors, 162 Finlanders, 16 Mennonites and 1,494 Galicians have been brought to Canada; that the cost of the Doukhobors was $4.86 per head, and the others cost $1 per head, paid to the agents at the booking office. The Doukhobors came at the instigation of a committee in England, and no special arrangements were made for the others, beyond the efforts of foreign immigration agents of of the Government.

Sir Louis Davies, replying to a question by Mr. Foster concerning the date at which the voters' lists for the recent election in Brockville were sent out, read letters from the Queen's Printer to the effect that the main lists were sent out on April 7, 20 copies being supplied to Mr. Taylor for Mr. Peter White, and the same number being sent to Mr. Comstock. The manhood franchise lists were sent in the same number to the same parties on April 13. Mr. White was not nominated until April 6, and as soon as the news of his nomination reached Ottawa he was supplied with the copies of the lists.

In reply to a question by Mr. Cowan, Mr. Fisher said that the Department of Agriculture is taking steps to establish an experimental tobacco station in the County of Essex, in which tobacco is so largely grown.

Sir Hibbert Tupper moved that the evidence given before the public accounts committee at last session in reference to certain prosecutions in the Province of Manitoba in connection with the elections be submitted to the committee at this session. No objection was offered, and the resolution was adopted.

A Railway Commission.

Mr. Rutherford moved that the public interest demands that the railway companies of Canada should at the earliest possible moment be brought under the control of a board of railway commissioners, clothed with full power to enforce the provisions of the Railway Act, and to prescribe and enforce the observance of such regulations as may be necessary in the public interest. Speaking in support of his motion, Mr. Rutherford said there is no doubt of the need for a railway commission, with adequate powers to control the railways. It had been contended that in Government ownership of railways is to be found the solution of the transportation problem, so far as it can be solved, but even if that were so the accomplishment of that end is outside of the range of practical politics at present, owing to the great cost of acquiring the Canadian railways, which are some 16,870 miles in length, and have cost $55,244 per mile, or a total of $937,066,000, equal to $1,000 which every Canadian family would have to raise in order to acquire these railways. Mr. Rutherford reviewed the legislation in this direction in England, and he then proposed that the commission should be composed of a railway manager of experience, a lawyer and a shipper and dealer with large experience. He argued that such a commission was absolutely necessary in Canada, as several of the large railway corporations have power to do as they like at present.

Dr. Macdonald (East Huron) agreed that the question of transportation was of pressing importance, and he felt that the time had arrived when the Government should take up the question. He hoped that a railway commission would be appointed for the protection of the people.

Mr. N. Clarke Wallace said there was more need now for the appointment of a commission than a few years ago, owing to the growth of combinations, as illustrated by the Standard Oil Co., which was endeavoring to control affairs here. He cordially approved of Dr. Rutherford's motion.

Mr. John Ross Robertson was opposed to the commission, because it would be a mere buffer between the Government and the angry people whom it would not protect.

Mr. Richardson spoke in favor of Government ownership of railways. While not prepared to say that the Government should buy all the railways just now, he was prepared to say that the time had come when the country should not build railways and present them to private individuals.

Mr. Britton rose to speak, but it was 6 o'clock and the subject went over till next private members' day.

A number of bills were advanced, and Sir C. H. Tupper called the attention of the Government to the pin-prick policy of the U. S. in the Yukon districts.

Sir Richard Cartwright said the matter would be attended to, and the House adjourned at 8.35 p.m.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by J. Lynch, Druggist.

Hogs, heavy fats	4 00	..	
Hogs, sows	3 00	..	

Montreal Live Stock.

Montreal, May 5.—The receipts at the East End Abattoir yesterday morning were 300 head of cattle, 500 calves, 50 sheep, 50 lambs. The attendance of buyers was large, and the demand was good. Cattle—Choice sold at from 4½c to 5c per pound, good sold at from 4c to 4½c per pound, lower grade from 2c to 3c per pound. Calves were sold from $2 to $8, according to size. Sheep brought from 3½c to 4c per pound for old. Lambs—Spring lambs sold from $2.50 to $5 each; yearling lambs, from 5c to 5½c per pound. Hogs brought from $4 to $4.70.

Cheese Markets.

Kingston, May 5.—At the Cheese Board yesterday 738 white, 141 colored, boarded; April make, sales, 252 mixed, at 9 5-16c; 150 white, at 9¼c.

Brockville, May 5.—The first meeting of the Cheese Board for the ensuing year was held here yesterday, at which 1,746 boxes were boarded, of which 1,227 were colored, balance white; 9⅜c was bid, but no sales were made. J. H. Singleton was elected president.

Liverpool Markets.

Liverpool, May 5.—Prices closed yesterday at these figures: Wheat, futures quiet; red winter, 5s 9½d for May, 5s 8¼d for July and 5s 8½d for September. Maize, 3s 5d for new spot; futures, 3s 5d for May, 3s 5d⅛ for July and 3s 6¼d for September. Flour, 17s 9d.

NERVOUS... DEPRESSION

Means Impoverished and Exhausted Nerves—Dr. A. W. Chase's Nerve Food Restores and Revitalizes the Nerve Cells.

People who suffer from Nervous Depression and Exhaustion frequently look healthy and strong. They alone know the thousand distressing symptoms which make their lives miserable.

The lack of nerve force results in a slow and sluggish action of the heart, impaired digestion, headache, despondency, and a fear to venture, loss of energy, sleeplessness, incapacity for mental labor or business.

With these symptoms there is usually melancholy and fear of death, which tends to increase nervousness, but there is every reason to be hopeful if the right treatment is used. Dr. Chase's Nerve Food contains all the nutrition required to create new brain and nerve tissue. It imparts to the nervous system that life-giving principle which sends a thrill of new strength and vigor through the system.

Dr. A. W. Chase's Nerve Food will cure by the building-up process, which enables the body to laugh at disease and weakness. Fape cut and fac-simile signature of Dr. A. W. Chase on every box of the genuine. 50c. a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Flags, Bunting and all kinds of Decorations for Public Halls and Private Residences.

ALF. KINGSCOTE,
No. 344 Water Street, Peterborough.

BEFORE YOU BEGIN

to paint anything, a hitching post or a house, a barn door or a parlor floor, see that you have the right paint for that particular purpose. No paint has ever been made equally good for painting everything—buggies and houses and furniture. The greatest triumph of modern paint-making is the making of a different paint that looks best and wears best for each class of painting. It has taken years to find out just what ingredients and what proportions are needed for each. Each must be ground and mixed by special machinery with the utmost skill and accuracy. If you go by the labels on the cans of

THE SHERWIN-WILLIAMS PAINTS

you are sure of getting the best that can be made for your purpose. They have a reputation of 30 years' success, and every can is fully guaranteed. Our little book on painting will help you—it is free.

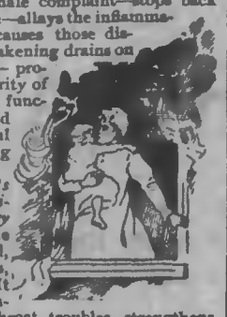
The night my house burned

"The night my house burned, several years ago, I was taken with shortness of breath and palpitation of the heart," writes Mrs. Susan C. Tulloh, of Sulphur Mines, Louisa Co., Va. "These grew worse all the time, until a few months ago, when I commenced the use of Dr. Pierce's medicines. Before that I could scarcely eat anything. I could not sleep at night, was not able to do any work, and could scarcely get around the house. I had given up all hope of ever getting well again; but I *am* well again, and I give Doctor Pierce's medicines all the credit.

"I took the 'Favorite Prescription,' the 'Golden Medical Discovery' and 'Pellets.'"

Dr. Pierce's *Favorite Prescription* is a medicine for women only. It cures all forms of female complaint—stops back and side-ache—allays the inflammation which causes those disagreeable weakening drains on the system — promotes regularity of the feminine functions, and makes painful periods a thing of the past.



Dr. Pierce's Golden Medical Discovery is a medicine for the blood, liver, lungs, and nerves. It cures all bronchial and throat troubles, strengthens weak lungs, stops bleeding from the lungs, and builds up the entire system. It purifies the blood, stirs up a lazy liver, and soothes abused, crying nerves.

Neither of these medicines contains any alcohol, whisky, sugar or syrup to preserve its properties, but both will keep perfectly in any climate.

Dr. Pierce's Pleasant Pellets cure constipation. They keep the bowels open and regular. They do not gripe.

When you ask a dealer for these medicines—*get what you ask for.* Substitutes are not as good. They are, at best, only imitations, and cannot imitate the cures wrought by the *genuine.*

ANOTHER.

Ten thousand men obeyed his lightest word.
He pressed a button at his desk, and, lo!
Men who for years had struggled on and on
Awoke to find their dreams of riches gone,
And bowing servants saw him come and go.

He spoke, and markets rose forthwith or fell.
He governed all that mighty wealth will buy!
Fame, honor, power, homage, he possessed,
And yesterday you would have called him blest—
But millionaires and paupers have to die!

The shouting in the market still goes on,
Though whispering servants tiptoe through his hall,
How poor was I beside him yesterday!
How rich today beside his pulseless clay!
Make fast the lid and let the curtains fall.
—S. E. Kiser in Cleveland Leader.

VINDICATED.

When M. de Bossue returned to the court in France he was most coldly received The king refused to see him, and the king's courtiers were quite uncivil. At his sweetheart's house, in the Rue des Saints Peres, the door was closed in his face. He was filled with astonishment and grief, both of which were increased when he went to see his friends. All looked askance at him, few deigned even to speak to him, and none accorded him the explanation he sought.

Too proud to question strangers and yet sensitive enough to suffer keenly under the treatment he had received, he went to his room to brood alone.

There was a mirror here, and in this he surveyed himself. The hardships of war had deprived him of his good looks. His face was drawn and haggard, his skin wrinkled, his eyes were dull and sad, while across his left cheek a long, disfiguring scar told where a saber had cut deep.

He left the mirror and sat down dejectedly "I am grown ugly," he said, "and poor, and therefore they shun me." He thought of his life, offered to his country and to glory, of his hard campaigns in America and the Indies, of the famous battles in which he had done his part under Montcalm and Vaudreuil. "But all this," he told himself, "has been in vain. The king, my love, my friends, they are none of them left to me. The only faithful one of them all—my horse, who used to lick my hand and neigh gladly at my coming—he, too, is gone, for I have sold him No one—nothing is left to me!"

One black thought was succeeded by another, and his gloom and melancholy increased till life seemed but a burden to be got rid of He was a man of promptitude and decision, and, having come to this conclusion, he did not procrastinate. His pistol lay ready to his hand—one shot and the deed was done.

At court they said, "M. de Bossue had the fever." Weeks and months passed, and they spoke of him no more.

But there remained to Bossue an old time friend. After serving in Spain for some ten years and growing discontented with his work M. le Comte de la Puysaye returned to France and to the court He gained prestige at Mmes. de Boufleurs', De Chauvelni's, De Surgere's and Luxembourg's, asked new service of the king, and solicited a regiment He called himself a friend of Bossue. "Poor fellow!" he said. "Only 30 years old! What could have made him leave us in that way?"

His face clouded when he heard the story, for he was a brave man himself. "A coward!" he cried. "Impossible!"

"But, yes," said his informer. "We repeat only what the reports said—reports which were sent to the king direct M. de Bossue, it seems, disliked the enemy too greatly—so much so, in fact, that he could never bring himself to approach him."

"Bossue a coward!" cried the count. "He must have changed greatly, then. May not these reports have been false?"

"Well, the marshal himself"— and so on La Puysaye heard the story repeated a score of times, and found that the mention of Bossue's name brought forth only curses or reproaches. He ended by renouncing him.

"But," he said to himself one day, "I can't forget him. I loved him well, and I believe I love him still. Very well, I shall allow myself this little eccentricity—that of loving a dishonored wretch. Bossue remains my friend, and of all the world I alone shall recall him with something other than disdain."

He hung the dead man's portrait on his wall once more. But the portrait was an old one and no longer resembled anybody La Puysaye, discontented, wished for some other souvenir—something which Bossue had used. He thought of the horse. "Where is he now? They tell me that he sold him. That horse carried poor Bossue for ten years. I must find him."

Once, while his friend still served with him, he had seen the horse—a curious beast, of a dark yellowish color, the product of a cross between a Spanish barb and an Indian pony He was able to furnish descriptions of the animal to certain men whom he sent in search of it.

The men were away three months. One day La Puysaye received notice that a horse answering to the description given had been found in a field in Artois. He went to the place and bought the animal at once. It was, indeed, Bossue's extraordinary beast, the friend of his friend, old and thin, worn by the hard service before the plow and the ill treatment of the farm hands. There were the white legs, still fine as those of a racer, the long, black tail and mane and those eyes, dark, cold, clear and fixed, that made one uneasy "Strange animal!" thought La Puysaye

He had it fed, groomed and saddled and set out for Paris at a rather halting gallop. Much fatigued, he arrived at length. But tired as he was there was to be little rest for him. A note from the bureau of war awaited him, informing him that his request for a regiment had been granted, that it was to be known as the Grenadiers Puysaye, and that he must join it near Fribourg as soon as possible. Taking hardly time for the writing of a letter and the saying of an adieu, he departed for that place, and gratifying his own wish he went there on Bossue's horse.

His new grenadiers grumbled among themselves. "Is it with that plug," they said, "that he means to lead us?"

La Puysaye's friends looked at the beast critically. An ensign lifted its lip. "No use," said the count; "he's an old horse, and his teeth no longer mark his age."

"But why didn't you come on your black fellow?"

"Oh, Constantine, broke his leg, and—but do not laugh, messieurs—poor and old as is this charger he is good enough for the campaign I judged that we should be only amusing ourselves here, and I did not wish to honor the enemy by riding too fine a horse."

The officers saluted smilingly, and the colonel, wishing to see the marshal, M. de Coigny, inquired the way to his quarters. Before going thither he left his horse with his orderly, who was going toward the trenches. "Bring him back to me tonight," said the count, and the man departed with the horse.

But not more than an hour had passed, and La Puysaye was just leaving the marshal's quarters, when an attack was ordered on a strong point where 1,800 men had been killed the night before. The trumpets sounded and the army hastened to respond. All other tasks were abandoned and, with the others, their uniforms in order, their arms in readiness, the grenadiers fell into line.

Being ordered to hold his regiment in reserve, M. de la Puysaye conducted it behind a certain embankment, then sought to go after his horse. But his friends stopped him. "Not now," they said. "The place is exposed. You would be risking your life needlessly."

La Puysaye returned to his place and gave vent to his vexation. "Miserable orderly!" he cried. "My horse! See what he has done with my horse!"

"Ciel!" exclaimed a captain in astonishment. "Why are you so concerned about the beast? From whom did you get him?"

La Puysaye, tired of keeping his secret, revealed it. "From De Bossue. He was, alas, one of my old friends."

The news was murmured through the ranks, while the officers marveled audibly "What an idea!" they said. "Where is he, that we may observe him again?"

"In that trench over there, which is so exposed. My orderly must have been drunk to leave him in such a place."

"Oh," cried an officer, "I have no fear! Bossue's horse! The horse of a coward! He'll crouch when the bullets fly You'll find him again safe and sound."

"After all," said the other, "the trench covers him. He's satisfied to stay in it He won't come out."

At that moment a bomb came singing through the air, and from the trench calmly proudly, defiantly, a horse emerged. He stood alone in the middle of the field, in a great open place—alone. The saddle was on his back, the bit in his mouth, and, though he had lowered his neck in the silence following the first bomb, he seemed waiting only for a signal on his bridle.

"The coward's horse!" thought the army

Just then the place seemed to fill with smoke, while the city beyond trembled as with an earthquake shock—three more bombs in the ranks of France, and 15 files were cut down like so much grain.

The trumpets sounded the attack, and at that moment suddenly, magnificently, the last rays of the setting sun clothed the horse in gold. He raised his head, as the brave steed does when the battle is on and the rider encourages him to advance; then boldly, eagerly, joyously, he charged on the city at a gallop. Deaf to the thunder of the cannon, indifferent to the shot that whistled about him, glad to sniff again the smoke of powder, to feel once more the excitement of the combat, the gallant horse dashed on and on—a sublime spectacle for a whole army to witness.

What moved him to rush on the enemy so madly, to affront death so grandly? Was it the memory of Bossue's glorious battles? Was it the force of a habit acquired after a score of engagements—the result of a lesson learned on many fields?

They who followed swiftly after him did not know, but they swore afterward that they had seen a hand on his bridle, feet pressing his sides, a shadowy form on his back, and for one brief instant a face, with a long scar on its left cheek and a look such as no coward ever wore.

The poor beast at length fell, bleeding from a score of wounds, but he had done enough. In the eyes of the army he whose horse this had been was vindicated. Bossue was not a coward.—From the French For Argonaut.

A TORONTO MUSIC DEALER.

His wife suffered from weak heart action and nervousness.

Milburn's Heart and Nerve Pills cured her.

The wife of Mr. A. R. Taylor, the enterprising dealer in musical instruments, whose place of business is 192 Queen St. East, Toronto, was for some time troubled with weakness and palpitation of the heart and general run

down health. Milburn's Heart and Nerve Pills have been the means of strengthening her heart, toning her nerves and invigorating her system.

In the following statement she gives an account of her case: "For some time I suffered a good deal from palpitation and weak action of the heart and nervousness, so much so that I got terribly run down in health. I could get nothing to do me much good until I tried Milburn's Heart and Nerve Pills.

"The improvement they have made on me has been truly wonderful. I feel stronger and healthier in every way than I have for months. My heart does not bother me any more and my nervous system has been toned up and invigorated. I consider there is no remedy equal to Milburn's Heart and Nerve Pills for people who have any heart trouble or are weak and nervous and I never fail to recommend them to my friends.'

Be on Your Guard!

The PICKHARDT RENFREW CO., Stouffville, Ont. LIMITED

Tortured by Itching

Women are almost driven Insane.

Instant Relief in Dr. A. W. Chase's Ointment

One of the most distressing symptoms imaginable is the almost unbearable itching which is an accompaniment of Leucorrhea or whites. The nerves are irritated by the poisonous discharge, and the result is an itching which is only rendered more excruciating by rubbing or scratching.

Especially at night, when the body is warm, the patient is tormented beyond the powers of human endurance. Sleep or rest is out of the question. Nervousness, irritability and despondency are a natural result.

In these offices there are on the file thousands of letters from grateful women who have found in Dr. Chase's Ointment a quick and certain cure for this itching to which women are subject.

During the expectant period many women suffer similar agony from itching of the parts, or itching piles, which are absolutely cured by Dr. Chase's Ointment.

The first application of this great discovery of Dr. A. W. Chase will afford prompt relief. At all dealers, or Edmanson, Bates & Co., Toronto.

JAKE ICE INQUEST.

The Coroner's Jury Exonerates Col Sherwood From All Blame.

Montreal, May 4.—An inquest on the body of Jake Ice, the St. Regis Indian who was shot dead by Superintendent Sherwood of the Dominion police on Monday, was held at Dundee, Que., yesterday, when a verdict of justifiable homicide was returned. This exonerates Col. Sherwood of any charge which might have been brought against him.

Her Idea of Worth.

A Canadian minister had just married a couple. The registers were signed, and nothing remained but the giving and taking of the fee. The bridegroom, a strapping young fellow, asked, "How much is it?"

The parson glanced at the smiling bride and slyly answered, "Whatever you think it's worth."

Now, it should have been worth a good deal, for the girl was young and pretty. "I reckon it's worth about 50 cents," said the swain, holding out two quarters.

The clergyman looked blankly at the coins, then turned to the fair one. "I'll leave it to you, madam," he said. "What do you think it's worth?"

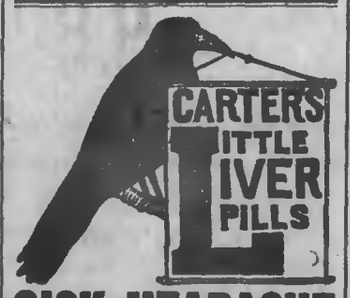
What did this young and blushing bride do? She reached out, took the coins, handed one quarter to the minister and put the other into her pocket.

"A thrifty wife," said the Canadian with a sigh, "is her husband's crown."—San Francisco Wave.

Danger of Piano Practice.

Dr. Waetzold, says Le Journal d'Hygiene, thinks that the chloroses and neuroses from which so many young girls suffer may be largely attributed to the abuse of the piano. It is necessary, says the author, to abandon the deadly habit of compelling young girls to hammer on the keyboard before they are 15 or 16 years of age. Even at this age the exercise should be permitted only to those who are really talented and are possessed of a robust temperament.

Dr. Waetzold shows that out of 1,000 young girls studying the piano before the age of 12 years 600 were afflicted with nervous troubles later on, while the number having affections of this kind was only 200 for those who commenced the study of the piano at a later age, and only 100 were affected among those who had never touched this instrument. The study of the violin produces even more disastrous results than those attributed to the piano.



SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue Pain in the Side, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

PUBLIC CONFIDENCE.

The individual who fulfils his promises gains public confidence, and thus holds one of the strongest levers to success. The same is true of institutions, and in this connection the **SUN LIFE ASSURANCE COMPANY OF CANADA,** has a record in which it can take a pardonable pride.

Instead of over-estimating the profits on its investment policies, the management of the Company has wisely based the calculations on the proper earning power of money, having due regard to contingencies that are bound to arise. As a result of this the holders of matured Endowment policies are from time to time being agreeably surprised, and not disappointed, in the results of their policies.

The following letter speaks for itself and bears the eloquent and substantial evidence of the fact that the Sun Life of Canada keeps faith with its policy holders:

To the District Manager:—

DEAR SIR,—I beg to acknowledge with thanks receipt of cheque for twelve hundred and sixty-four and 95/100 dollars ($1264.95) from The Sun Life Assurance Company of Canada to cover Policy No. 15002 on my own life.

This amount represents a return of all premiums which I have paid to the Company and three hundred and thirty-four and 80/100 dollars ($334 80) besides, or about 4½ per cent. compound interest on my investment. In addition to this the Company has carried my risk for thirteen years for nothing, all of which is very satisfactory.

DOMESTIC SCIENCE.

To the Editor of The Examiner.

Dear Sir,—As it is always advisable to "strike while the iron is hot," I wish to advance the cause of Domestic Science as far as lies in my power by a few well timed arguments in its favour. All those who listened to Mrs. Hoodless's interesting and earnest address last evening, must have left the hall with a decided bias in the right direction, which, if not allowed to weaken through lack of further argument, may result in an active interest in the furtherance of the scheme, I therefore appeal to all those who have the interests of the town as well as of the rising generation at heart, not to let the matter drop, but to apply all the powers of mind and will to the accomplishment of the end desired, i.e.—the establishment in our public schools of the technical branch of Domestic Science. The benefit to be gained by such classes, must be apparent to the most casual thinker. All Mrs. Hoodless's arguments were of the most convincing nature, and found an echo in the minds of every woman who listened to her, as well as in those of the broader minded men. It is not necessary to repeat them, as they will no doubt, be clearly stated in your report of the meeting, but it may be well to emphasize one or two of them. All mothers or girls know, as no one else can, the amount of patience, time, and labour, that is required to do the sewing necessary to keep the family even decent and respectable in appearance. Labour, which in almost every case, falls upon the already overburdened shoulders of the housekeeper. Such assistance as young girls are able to give, being perfunctory, and for want of training, often more disastrous then beneficial. The mother, with neither time to teach nor money to expend on wasted material, keeps the work in her own hands, and adds many a nail to her coffin in the hours she spends at the sewing machine. What tle, perhaps, but our girls would be the classes in sewing! If our grown-up daughters could all do such work as was exhibited last night, as the unaided effort of a girl of twelve, the dressmakers might suffer a little, perhaps, but our girls would be happier and better dressed, the patient mothers would have a little time to devote to pleasure or self-improvement, and our pocket-books would assuredly be benefited. This is an argumnet which will of course appeal only to the feminine science bearing upon the physical well-being of the individual, the profitable satisfaction of a healthy appetitte, the attainment of strength and muscle, and the banishment of dyspepsia with all its attendant ills, should appeal at once, in the strongest way, to the masculine mind.

Proper food, well and intelligently prepared means health. Health means cheerfulness and a bright outlook upon life, from which must arise prosperity and happiness. Happiness not only for the man, but for all those connected with and dependent on him, for he, being the centre, or head, is naturally the key-note to which all the family minds are attuned. Is it necessary to adduce more or stronger arguments? I think not. Women of Peterborough, here is your opportunity. Without derogating one whit from your womanly dignity, without encroaching one step into the forbidden sphere of your "lords and masters," you can do good work for the advancement of humanity upon the true line of progress. Bring all your energies, latent and developed, to bear upon the attainment of this most desirable end. Influence the school board! If it be necessary, follow Mrs. Hoodless' suggestion and "make their lives unbearable" till they yield. But this, I am sure, will not be necessary. For the men of Peterborough, especially the School Board, are known for their broad and liberal views and their open and receptive minds. And to the men of Peterborough I say, be wise in your generation. "Wise as serpents and harmless as doves." Yield, not "at the dagger's point," there is no merit in, or Kudos to be gained from that, but to gentle persuasion, to reasonable argument, and to your own clear recognition of your families' needs."

And then, all classes working together in perfect unanimity to one end, all difficulties that may arise in connection with detail will easily be overcome, and when Mrs. Hoodless returns in the fall, as I hope she may, "bubbling over" with new ideas and helpful suggestions, she may find the school of domestic science an accomplished fact and may carry away with her the well earned satisfaction of feeling that her efforts as far as Peterborough is concerned at any rate, have not been in vain.

With this accomplished, and the Art school, the establishment of which I have very much at heart, and of which more anon, flourishing in our midst, discovering latent talent and making possible the cultivation of artistic tastes of all sorts, we may proudly feel that Peterborough is well in the van in the onward march of progression towards those golden days which "draw nigh, but are not yet."

A MOTHER OF GIRLS.

Guess what it is

It is the coffee that never fails to give absolute satisfaction.

The seal which it bears is a guarantee that its purity and strength have not been tampered with, and that it surely is

Chase & Sanborn's Seal Brand Coffee

HERE IS A TIMELY WARNING.

How to Fight Against the Coming Caterpillars.

This section of the country is again liable to a caterpillar plague. Pedestrians who walk about the outskirts of the town and through the country will notice that on most of the bushes by the roadside are the small white tents of these insect scourges. A closer inspection shows that each tent is filled with a crawling lump of small caterpillars, rapidly maturing which will destroy and strip an immense amount of vegetation in the next few weeks.

The danger is serious and the following circular from the Dominion entomologist at Ottawa will prove of great service to the people of this district:

To the Editor of the Examiner.

Sir,—During the spring of 1897 and 1898 serious injury was done to forest, fruit and shade trees by the large Tent caterpillars, which in many parts of Canada stripped the trees of their foliage. Such people as tried remedies, as a rule began the work much too late. The caterpillars are just now hatching from the bracelet-like eggclusters, which may be found on the twigs of trees and shrubs, where they were deposited last July by the moths that came from the caterpillars, which did so much harm last spring.

Will you allow me to suggest to your readers the necessity of AT ONCE attending to this matter if they wish to save the foliage and fruit of their trees?

Remedy.—The proper remedy is to spray the trees at once with the following mixture: Paris green, 1 ounce; Quicklime, 1 ounce; Water, 10 gallons.

There are two kinds of these Tent caterpillars. One spins a conspicuous white web in which the whole colony gather at night and at certain times during the day—the other spins no such tent, but the colonies gather together in clusters on the branches. In the case of the former the twigs bearing the tents may be cut off and the colonies crushed under foot.

Prompt attention to this matter is of great importance, not only to the owner of trees but to every citizen who has to put up with the inconvenience of having these caterpillars swarming everywhere as they did last year and the year before.

Yours, etc.,
JAMES FLETCHER,
Dominion Entomologist.

PETERBOROUGH'S PRIDE.

And youngest Hibernian Poet has something to say about Assyrian Polish and Miracle Washing Compound, in competition solicited by L. B. Felcher:

Me name is Dinnis Daley,
I have a chum called Mickey Haley,
One of nature's noblemen—a man of great renown,
Says he to me one day,
"What is that I hear the people say
About the Miracle they do be selling around the town?"

Says Dinney, "Begor you're roit,"
I hear Tommy Henry say, "It is simply out of sight,
Because the washboard is now a thing of the past,
Since we have kept it in the store
We are selling more and more,
The ladies say, 'Tommy, we'll continue as long as it lasts.'"

Composed on the spur of the moment by special request. Do I take the cake, Lem? Nervously awaiting your decision, I remain, yours truly,

THOS. HENRY, G.O.M.

FIGHT IN THE JUNGLE.

Gen. Lawton's Men Compelled to Adopt Indian Tactics.

THE DONS WORK FOR REBELS.

Gen. MacArthur's Division Meets With Stubborn Resistance From Apalit to San Fernando, Which They Found Burning and Clear of Filipinos—The American Losses—Gen. Luna Wounded.

Manila, May 6.—Major-General MacArthur's division advanced to San Fernando yesterday and found that the place had been evacuated by the rebels, who left only a small detachment to cover their retreat by train. General MacArthur occupied the burning town without loss.

The rebels south of Manila attempted to rush through Brigadier-General Ovenshine's line last night. The attempt failed, but the rebels maintained a fusilade of musketry on the Fourth Infantry Regiment for several hours. The demonstration was ineffectual beyond scaring the inhabitants of Malate.

The outposts of the Idaho and California Regiments beyond San Pedro Macati were also attacked during the night.

Detailed reports of the work of Major-General Lawton's expedition show that harder fighting took place during the early part of this week than earlier accounts indicated. In the attack upon San Rafael, the American forces were met with a heavy fire from a large number of rebels concealed in the jungle on all sides. It was only the adoption of the tactics followed in Indian fighting in the United States, every man for himself, that saved the division from great loss.

There are 2,000 Spanish prisoners in the hands of the Filipinos at San Miguel. They are served with five cents' worth of rice daily and are compelled to work hard on the rebel defences. Several hundred of the Filipino wounded are at San Miguel.

The insurgents are sending their women and children to the Biacnabatto Mountains.

A Bolo chief and 100 men were captured at Balinag. General Lawton has released many of the prisoners.

A Stubborn Fight.

The Filipinos yesterday vigorously resisted the advance of General MacArthur's division from Apalit toward San Fernando, fighting desperately at long range, after running from trench to tench when driven out by the American artillery. The movement commenced at half-past 5 in the morning. General Hale's brigade, consisting of five Gatlings, under the command of Major Young of the 6th Artillery, two battalions of the 51st Iowa Regiment, the 1st Nebraska Regiment and the 1st South Dakota Regiment, advanced along the road, a few miles west of the railway line. General Wheaton, with Hotchkiss and Gatling guns, under the command of Lieut. Naylor of the Utah Light Artillery, mounted on hand cars, pushed ahead, the 20th Kansas and 1st Montana Regiments deploying to the right and left when feasible. The country to be traversed proved the worst yet encountered.

So soon as they discovered that the nature of the country would permit only a few skirmishes on each side of the embankment, the rebels regained their courage and fought desperately for three-quarters of an hour, in the face of the American volleys and a rapid-fire fusillade, until flanked by the Montana Regiment. Then a general scramble ensued, most of the enemy boarding trains that were in readiness, and the others taking the road to San Fernandino after burning the villages of San Tomas and Minalin.

The American Losses.

Our loss up to that hour (noon) was two members of the Nebraska and one of the Montana killed, and Captain Albrecht, three members of the Kansas Regiment, two of the Montana, four of the Nebraska and one of the South Dakota wounded. The enemy's loss was very slight.

After a short rest the advance was continued, General Wheaton encountering the first series of entrenchments near San Fernando. The rebels now opened a hot fire.

Col. Funston of the 20th Kansas was wounded, one lieutenant was killed, and four were wounded, while leading four companies of the Kansas Regiment to outflank the enemy.

General Hale pushed along the road flanking the trenches. More than a hundred sick and wounded men from Lawton's brigade were brought to Manila from Malolos by last night's train. The heat is unbearable.

Has Luna Been Wounded?

New York, May 6.—Former Mayor W. L. Strong yesterday received a cablegram from his son, Major Putnam H. Strong, who is serving on the staff of General MacArthur. The cablegram confirmed the capture of San Fernando and said that General Luna, the insurgent commander-in-chief, had been wounded.

DEFIANT KRUGER.

British Relations With the Transvaal Said to Be Strained—The Colonial Office Denies the Story.

London, May 6.—The Outlook publishes a special despatch from its Cape Town correspondent, in which it is stated that Mr. Joseph Chamberlain has despatched a firmly-worded demand upon the Transvaal Republic, that it must observe its obligations to the Queen as the paramount power, by securing peace and order within the republic. This demand, the despatch says, is supplementary to the demand for the cancellation of the dynamite concession, and is taken to mean that the British Government deems that the time has come to invite President Kruger to observe the letter as well as the spirit of the London convention. It is not stated how far the demand takes the form of an ultimatum or if a period is fixed within which redress of the grievances of the Uitlanders shall be made.

No Foundation for the Statements.

The Colonial Office declares that there is no foundation for the statements made in The Outlook's Cape Town despatch, and adds that there is no warrant for the allegation that the probabilities of war with the Transvaal have been seriously regarded by the Government.

The Johannesburg correspondent of The Times confirms the reports of extreme unrest among the Uitlanders. He says that when he arrived at Johannesburg some months ago he thought that time was on the side of the Uitlanders, and that there was room for patience, but now he is compelled to abandon this theory. He declares that the virus of Krugerism is spreading throughout South Africa, threatening a regime worse than that of Tammany Hall in New York.

Some Uitlanders Satisfied.

Nine thousand Uitlanders, composed of British, Americans, Germans, French, Dutch and others, have petitioned the Government to ignore the petition signed recently by 21,000 British subjects protesting against the injustices to which they were subjected by the Transvaal Government, which was sent to Queen Victoria through Sir Alfred Milner, Governor of Cape Colony, and high commissioner of South Africa. These latest petitioners declare that the petition to the Queen was the work of capitalists, the attainment of whose wishes would be detrimental to the public, who are perfectly satisfied with the existing Administration.

Kruger Affirms His Rights.

Cape Town, May 6.—The reply of President Kruger to the demand from Mr. Chamberlain for the cancellation of the dynamite concession was published here yesterday. President Kruger contends that the concession is bona fide, and constitutes no breach of the London convention. The Transvaal, President Kruger insists, is entitled to its opinion as to what is for the best interests of the republic. The amendment of the concession as asked by the British Government, the President adds, would be a breach of faith with regard to other parties.

Peace Conference Credit.

The Hague, May 6.—The second chamber of the States-General adopted yesterday, by a vote of 74 to 4, a credit for the reception of the delegates to the peace conference. The Socialist members opposed the credit, their leader, Van Kol, declaring that the conference originated with the Czar of Russia, in whose name thousands who are fighting for the welfare of the people were persecuted, tortured or massacred. Russia, Van Kol added, continued her armament and violated the rights of Finland.

THE STEEL TRUST.

All the Difficulties Removed—Deal as Far-Reaching as Human Ingenuity—Capital of $800,000,000.

Chicago, May 6.—The Times-Herald says: John W. Gates has confirmed the rumor regarding the combine of all the large steel companies of the country, and made the assertion that the deal was as far-reaching as the ingenuity of the minds making it could conceive. Mr. Gates has just returned from New York, where a recent conference of the steel magnates was held for the purpose of arranging the details. The president of the American Steel & Wire Company said that all the difficulties in the way of the combine had been removed and the financing of the great combine which could control the steel and wire product of the country had been successfully carried to a conclusion. The headquarters will be in New York, and, according to Mr. Gates, the capital stock will be between $500,000,000 and $800,000,000, and he remarked that the figures might be $1,000,000,000. The president of the new company would be H. C. Frick of Pittsburg, who has been so closely identified with Andrew Carnegie.

Carnegie Bought Out.

New York, May 6.—According to The Times, the entire interest of Andrew Carnegie in the Carnegie Steel Company has been purchased by his co-partners in the business, with H. C. Frick at their head. The exact figures which represent the purchase price could not be learned. It is said, however, the price is over $150,000,000. It is understood that one of the stipulations of the sale is that the new company shall retain the name of the present concern.

Putting on the Screws.

Chicago, May 6.—The Chronicle says: Makers of steel fence wire who are outside the combination are meeting in Chicago for the purpose of forming a combination and erecting a plant at some point within the Indiana gas belt. The companies number 14 and have been compelled to get together in order to compete successfully with the steel and wire trust. The latter has advanced the price of raw material to such an extent that extreme economy of management and manufacture is essential to the securing of any profit from production.

THE BUFFALO TROUBLE.

Situation at the Docks Unchanged—No Strike—No Settlement.

Buffalo, May 6.—The situation on the docks is practically unchanged. The big freighters, the Chicago and the Auburn, have been added to the large fleet of loaded vessels ahead here. There are no men to unload them. About 20 men are working at the Erie docks.

The result of the grain tie-up in the harbor is becoming a very alarming matter with the insurance men. The grain is heating in the holds of the vessels, and the insurance companies will be obliged to pay many thousands of dollars for every day the grain remains in the holds.

During the 24 hours ended this morning the receipts of wheat, corn, oats, etc., aggregate about 1,600,000 bushels. About 45 vessels are tied up here waiting to be unloaded.

No Strike—No Settlement.

There was no general strike of union labor men along the docks, as was predicted by labor leaders would occur yesterday unless the grain contractors agreed to the terms of the seceding scoopers. Neither have the contractors acceded to the demands of the men.

Strike in Havana.

Havana, May 6.—The stevedores here have inaugurated a strike for an advance in wages to $3 a day in American money, instead of $2.50. An attempt to supply the places of the strikers with Chinese resulted in a severe fight. About 100 Chinamen are employed in spite of the opposition of the strikers.

"To Do Ill Costs More Than to Do Well."

This "wise saw" might properly read, "It costs more to BE ill than to BE well." The source of all health is rich, strong blood. It is to the body what the mighty streams are to the earth. If the blood is pure, the body thrives; if the blood is weak or impoverished, then every pulse-beat carries weakness instead of strength.

Why make the cost of living more than it need be? Purify your blood and give your constitution a chance to do its level best. The only perfect blood purifier and vigor-maker in existence is the world-famed Hood's Sarsaparilla. It brings good, perfect health. *It never disappoints.*

Erysipelas Sores—"After scarlet fever a running sore was left on my nose. Took Hood's Sarsaparilla and it cured me. My brother was also relieved by it of erysipelas in his face." ELLA COURSER, Burden, N. B.

Bowel Trouble—"My mother, Mrs. John Ried, suffered with bowel trouble for four years and tried different doctors, but obtained no relief until she began taking Hood's Sarsaparilla. Three bottles of this medicine entirely cured her." LIZZIE REID, Tracy Station, N. B.

A Good Medicine—"We have taken Hood's Sarsaparilla in our family as a spring medicine and used Hood's Pills for biliousness and found both medicines very effective. For impure blood we know Hood's Sarsaparilla is a good medicine." E. S. PELTON, publisher Bee, Atwood, Ont.

Loss of Appetite—"I was in poor health, troubled with dizziness, tired feeling and loss of appetite. I was completely run down. I took Hood's Sarsaparilla and after awhile I felt much better. Hood's Sarsaparilla built me up." LIZZIE A. RUSSELL, Old Chelsea, near Ottawa, Que.

Dyspepsia—"For twelve years I was dyspeptic and broken in health, had terrible pains in my back and was unable to work. When I had taken three bottles of Hood's Sarsaparilla I recovered my health. *I always recommend it.*" J. B. MASON, 362 8th Street, Oswego, N. Y.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure Liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Daily Examiner.

SATURDAY, MAY 6, 1899.

EDITORIAL NOTES.

It is said that negroes colour is only skin deep. In that case it is just like Georgia civilisation.

The Comet bicycle company has failed—it didn't exactly "bust up" but couldn't raise the wind to inflate its tire.

In 1868 the amount of fire insurance risks was $189,000,000; in 1898, the amount at risk was $895,000,000, indicating a splendid increase of property and ability to pay premiums.

The Mail states than an American newspaper correspondent was disappointed with Mr. Fielding's budget speech. This is very sad. Mr. Fielding bore the shock of the news well and is reported convalescent.

Mr. Foster, in concluding his speech on the budget, spoke very nicely and volunteered the Government his help in "strengthening the National Policy." It is to be hoped this offer was not made "in a moment of weakness."

The Montreal Star prints a list of Liberal losses, like this—"Sir Wilfrid has lost his democracy," etc. The Star can take courage, though its proprietor lost his senatorship Sir Charles Tupper has not lost his voice.

Mr. E. Stone Wiggins, the Ottawa savant, weather prophet, storm predictor, circle squarer, claims to have originated the theory of wireless telegraphy. An old world scientist has stolen Mr. Wiggins' idea and practically applied it.

The Hon. Joe Choate tells the British benchers that litigation is cheaper in the United States than in Great Britain. Perhaps, says the London Advertiser, he is right. The southern whites often save the expense of judge, jury and counsel in dealing with the negroes.

It is said that negroes' colour is only the Prince of Wales is giving a good deal of attention to civil government in the United States. Boss Croker has gone to England and can enlighten H. R. H. as to how civil government is worked in New York—the rule of the "boss" and ward healer.

Parliamentary orators at Ottawa are naturally disappointed at the small attendance of auditors in the galleries on their eloquence. This is a very gratifying fact. The wave of prosperity that has overspread the country gives employment and keeps the people busy and they haven't the time to listen to even parliamentary orators.

Mr. Fielding in his budget speech was unkindly personal towards Mr. Foster. It gave Mr. Foster such a severe chill that on the plea of a cold he asked the adjournment of the debate in order to make his reply. The ex-Finance Minister is not yet acclimated to the "cold shades," but he will have plenty of time to get seasoned.

Mr. Miscampbell, representative of East Simcoe, has been appointed manager of the Northern Navigation Company of Collingwood. This, it is feared by his political friends, means his retirement from practical politics. Mr. Miscampbell evidently fears that it will be a long time before he will be called upon to help manage the Ontario ship of state, and therefore takes a good chance when it offers.

The Toronto Star calls for the establishment of a Canadian Associated Press organization to furnish news for Canadian newspapers. At present our foreign news are coloured to suit American readers and do not suit Canadian readers at all. The Canadian press is too powerful and important to play "second fiddle" to our Yankee cousins in the matter of news.

Toronto complains that their school board is unweildly—that they talk too much. On Thursday night the board had a midnight session and did little business at that. A deputation should be sent down from the city to see how the Peterborough school board polishes off business. The latter do their talking in committee and go into session to do business and they do it—generally in an hour—and do it well.

Sir Charles Tupper is complaining because the Government doesn't bring down its redistribution bill. The "master mind" is hard to suit. The Mail and Empire published the redistribution six weeks ago and called it a "gerrymander." If it is a gerrymander Sir Charles should be happy. If there was one thing more than another that he and his party were fond of when they were in power it was a gerrymander.

American papers are quoting from the Conservative press of this country to the effect that there is a wholesale exodus to the United States. The only exodus apparent in Ontario is to be found in the columns of the Opposition papers. The latter must be highly pleased at their jeremiads being echoed across the line. It may help to check the genuine exodus from the United States into the Canadian Northwest. On the principle of "anything to hit Sifton," this is good political tactics. — The London Advertiser.

There has not been a very large increase in the population of Canada since Confederation, but the increase of wealth, representing development of industrial and national resources, has been phenomenal. At Confederation, 1867, the deposits of the people in the chartered banks amounted to only thirty millions, while the deposits in 1898 were two hundred and thirty millions, an increase of seven fold. If our population had in the same period increased pari passu it would now be nearly ten millions. It will come yet. We may grow slowly, but our progress is solid and safe—built on a good foundation.

The Opposition at Ottawa did not make much out of their prolonged debate on the address in reply to the speech from the throne. The Gazette tells its readers: "It is doubtful if either party can hope to make anything by prolonging discussion. From some cause or other, possibly through a combination of causes, public interest in what goes on at the capital is unusually apathetic. It is the Government's acts rather than the words spoken about them, that are making the opinion on which it is to be judged." Not the most ardent friend of the Government, says the Montreal Herald, could put it stronger. The words of the Opposition cannot spoil the effects of the Government's acts.

One of the most notable of recent religious gatherings, says an exchange, was a dinner in Montreal at which ministers of all Protestant denominations met and exchanged fraternal greetings. Eighty-four clergymen were present—representatives of the Anglican, Presbyterian, Methodist, Baptist and Congregational Churches—with Bishop Bond presiding. The speeches all breathed cordial sentiments; but possibly the most notable was that of Dean Carmichael, who declared himself as confident that the future would see organic union. To the lay mind this future seems far distant. An effort was made in that direction in Toronto, but failed. Still, tolerance has come, and unity on many questions is evident. The dean may be a prophet after all.

"Mr. McMillan, Liberal member for South Huron, is to be commended," says the Montreal Star, (Conservative at present) "for the patriotic stand he has taken in Parliament regarding the improvement of Montreal harbour and the abolition of harbour dues. He appreciates the fact that every farmer in the country is interested in making the Canadian route equal if not superior to the American routes both as regards rates and facilities for quickly handling grain and other farm produce. Fortunately the question of national transportation and national harbours is not a party one and the Government need not fear Conservative opposition if it decides to do justice to the port of Montreal." The idea of the importance of transportation is taking deep root and spreading.

Conservative papers insinuate that Mr. Sifton, Minister of the Interior, is in some way responsible for the troubles with the St. Regis Indians. How about the statement of Mr. McRae, Government Inspector of Indian Agencies, who says that "if the Government of the day had let it be seen ten years ago that the law would have to be enforced all trouble would have been forestalled. At present, the Department of Indian Affairs has had to perform a task made difficult by the inaction of the authorities a decade ago." And it might be added that, if responsibility is sought for, Lieut.-Col. Sherwood, who shot Jack Ice at St. Regis, was an appointee of Sir John Macdonald. But that makes little difference since a coroner's jury has exonerated Sherwood, declaring the shooting justifiable homicide. We cannot forget either that it was misgovernment, bad faith and unjust treatment of the Northwest Indians and half breeds that provoked the Indian uprising of 1885, the only serious trouble that we have ever had with our Indian wards, who have generally been treated with justice and consideration.

LADIES, ATTENTION!

SPRING HAS COME.

The Millinery Openings are over and you have all got handsome New Hats and Bonnets. Now what about the spring cleaning and the New Wall Papers you require to make the rooms match the Hats and frame the living picture.

The following should be a seasonable offer and deserves attention. These prices could not be quoted if I had not made the fortunate purchase of a large consignment of the latest designs and patterns and cheerfully give you the benefit of the bargain.

IF YOU WISH TO BE A JUST MAN

GIVE YOUR STOMACH A CHANCE TO DO ITS DUTY.

Don't Drive It to Death — Take a Couple of Boxes of Dodd's Dyspepsia Tablets and you Needn't Worry —They'll Cure Any and All Stomach Diseases.

If all the doctors of all the countries in the world were to meet in consultation, and after due deliberation, draft a prescription for the cure of Dyspepsia, Indigestion, Biliousness, Heartburn, Sour Stomach, Waterbrash, Foul Breath, Disease of the Stomach, their experience could not produce a better remedy than Dodd's Dyspepsia Tablets.

Dodd's Dyspepsia Tablets are Nature's medicine. They are what Nature uses to cure the diseases named. They never fail—they always cure.

Dodd's Dyspepsia Tablets cure dyspepsia by digesting the food in the stomach.

Food must be digested. The stomach ought to digest it. But if the stomach can't do so—what happens?

What does a sensible man do when he falls sick and can't do his own work?

He gets another man to do it for him.

Exactly. And that's what you do, if you are sensible, when your stomach gives out and you can't digest the food—get Dodd's Dyspepsia Tablets to digest it. They'll do it — quickly, faithfully, naturally and effectually.

There is only one way of curing Dyspepsia, Indigestion, etc. Dodd's Dyspepsia Tablets cure it that way. Therefore, if you have Indigestion, Dyspepsia, etc., and want to be cured, you must use Dodd's Dyspepsia Tablets.

The small, brown Tablets found in each box of Dodd's are the most perfect regulators of the bowels in existence. With Dodd's Dyspepsia Tablets they cure any case of Stomach Disease. If you don't believe it — test them. They'll convince you by curing you.

Dodd's Dyspepsia Tablets are sold by all druggists at 50 cents a box, or are sent, on receipt of price, by the Dodd's Medicine Co., Limited, Toronto.

Have You Been Sick?

Perhaps you have had the grippe or a hard cold. You may be recovering from malaria or a slow fever; or possibly some of the children are just getting over the measles or whooping cough.

Are you recovering as fast as you should? Has not your old trouble left your blood full of impurities? And isn't this the reason you keep so poorly? Don't delay recovery longer but

Take

Ayer's Sarsaparilla

It will remove all impurities from your blood. It is also a tonic of immense value. Give nature a little help at this time. Aid her by removing all the products of disease from your blood.

If your bowels are not just right, Ayer's Pills will make them so. Send for our book on Diet in Constipation.

Write to our Doctors.

We have the exclusive services of some of the most eminent physicians in the United States. Write freely and receive a prompt reply, without cost.

Address, DR. J. C. AYER, Lowell, Mass.

ONTARIO A SOBER PROVINCE.

There were, said Provincial-Treasurer Harcourt, in his budget speech, 212 fewer liquor licenses in Ontario last year than five years ago. When the law of 1897 comes fully into force of May 1st of this year at least fifty more licenses will be cut off. Last year the number of committals for drunkenness in the Province of Ontario the number was 4,797. In Ontario was only 1,707, while ten years tario there was in 1897 one conviction for every 901 of the population; in Quebec one for every 407; in Nova Scotia one for every 381; in New Brunswick one for every 262; in Manitoba one for every 337 and in British Columbia one for every 239.

SUMMER SAFETY

The Aches, Pains and Symptoms of Disease should be Banished at Once.

Paine's Celery Compound

The Great Restorer of Vitality and Good Health.

A thorough and most complete building up of the disordered and broken down nervous system should be commenced at once by use of Paine's Celery Compound, if suffering people desire health, strength, and robustness to prepare them for the trying and enervating weather of midsummer.

At this time Paine's Celery Compound does a work for the afflicted that no other medicine can accomplish. It dispells dangerous humours from the blood, increases in volume and its nourishing powers, it banishes headaches, dyspepsia, skin diseases, kidney derangements and liver troubles now so prevalent.

As we enter the summer season, men and women—old and young—of every class have despondent spells, depressed spirits, melancholia and headache. These conditions are results that spring directly from indigestion and liver disorders. The experience of thousands in the past points to Paine's Celery Compound as the sure and never failing banisher of all the common and warning symptoms of gathering disease. The use of the marvellous medicine at this time will supply all needed vigour, build up wasting vitality, and drive out all the seeds of disease.

Physicians and observant people know well that the careless and procrastinating stand on dangerous ground. The small ills and first symptoms of disease are too frequently treated with indifference and neglect. The victims trust to time, weather and circumstances for a cure, and are invariably disappointed. The small ills develop into deep-seated diseases, and life is sacrificed.

The use of Paine's Celery Compound three times a day for a week or two will bestow fresh vitality, correct digestion, purify the blood, brace the nervous organism, and supply all needed strength. One single trial of the great medicine will give to the greatest sceptic fresh impulses of the new life that should be his.

Advertising in the Daily Examiner brings the best results.

Children Cry for **CASTORIA**

SINGLE TAX COLUMN.

LIFE ON SQUIRREL ISLAND.

BY A. FREELAND,
State Secretary Single Tax League, Waco, Texas.

One hundred squirrels lived on a certain island which contained 1,000 nut trees. Each tree yielded sufficinet nuts to support 100 squirrels. But all of the trees were owned by ten squirrels. The ninety treeless squirrels rented portions of trees from the ten treelords, paying the latter a part of the crop, or worked for the treelords for a part of the nuts they gathered. The treelords did no work, but kept fat and sleek, while the treeless squirrels were very poor, both physically and financially.

One of the squirrels invented a machine for gathering nuts. The treelords formed a company and paid the inventor a peck of nuts for his patent and promised him steady employment at higher wages.

Thirty squirrels aided by the machine could gather as many nuts as were formerly gathered by all the working squirrels. Sixty squirrels were thus thrown out of employment as menials in th households of the treelords. They became cooks, flunkeys, coachmen, footmen, etc., at a very low wage. The remaining thirty unemployed squirrels subsisted on charity or by theft, while some actually died of starvation.

Owing to the diminished demand for nuts because so many were unable to buy, there was soon an "overproproduction" of nuts, and the treelords were obhiged to "shut down" a part of the time, thus throwing many more of the treeless squirrels out of work.

Competition among treeless squirrels for employment became exceedingly fierce and wages steadily fell. Some of the squirrels organized a union and struck for higher wages, but there were plenty of unemployed squirrels who were willing to work for the low rate. These "scab" workers were hired in place of the strikers. The latter did not relinquish their jobs without a struggle. Riots ensued in which several of the "scabs" and strikers were killed.

A charitable society was organized which doled out every day a nutshell full of nut-soup to the unfortunates. The Government also established a rock pile and a public wood yard, where unemployed squirrels could secure half of an inferior nut in return for breaking a basketful of cutting six double armsful of wood. In this way, although the majority of the squirrels were always on the verge of starvation, very few getting enough to eat, still it was seldom one actually starved. Of course their lives were shortened, but that was due, it was said, to inexorable and unavoidable conditions over which squirrels had no control.

The unemployed squirrels and those receiving meagre pay began to murmur. Even some of these operating machines were touched by the suffering of their fellows and suggested that something must be wrong on an island which yielded sufficient nuts to feed 100,000 squirrels and yet did not support 100.

Some attributed their woes to the single nut standard; others asserted their condition was due to the importation of pauper cracked nuts from foreign islands; still others that it was because some of the squirrels drank rainwater. Some suggested that the hours of labour of working squirrels should be shortened; others that pauper squirrel immigration should be prohibited, while a pious squirrel declared that times would always be hard so long as some of the wicked squirrels persisted in working on the Sabbath. Many demanded an income tax of two nuts annually from each of the treelords, the revenue from such source to be given in bounties to nut tree owners to encourage the production of nuts. Some contended for the free and unlimited coinage of nut-shells to one nut, while others asserted with considerable unction that green nut tree leaves were the only safe, sound and flexible currency. They demanded National Greenleaf money sufficient in volume to transact the business of the island on a cash basis—not less than fifty green leaves per capita, declaring that to be the only means of restoring prosperity to the island. To elevate the standard of citizenship, as a prerequisite to the right of franchise a poll tax was proposed, the argument being adduced that any squirrel who would not pay for the privilage of wearing a head on his shoulders could not possibly be a good citizen. There was a popular demand for legislation against the basket and wood trusts, which, it was claimed, were ruining the island by lowering wages and raising prices. The treelords and pious squirrels declared that there always were poor squirrels and always would be; that it was an inscrutable decree of Providence that some (the idlers) should be rich, and others, (the workers) poor, some masters and others servants.

Many clamoured for common ownership of the machines, maintaining that all the ills that were befalling treeless squirrels were the result of machinery displacing labour.

A single tax squirrel mildly suggested that there were sufficient nut trees on the island to support in comfort 100,000 squirrels; that the treelords did not create the nut trees; that if nut tree monopoly were abolished there would be plenty of nuts not only for the squirrels then on the island, but for all the other squirrels on all the other islands; that then any thrifty squirrel or association of squirrels could make machines or hire them made, and the hours of labour would be reduced without legislative enactment.

Immediately there were cries from all quarters: Anarchist! Socialist! Communist! Thief! Robber! Traitor! Revolutionist! Confiscator! Agitator! Hang him! Throw him to the sharks! etc.

A Corn Photographed by X Rays

Shows a small, hard kernel, covered by layers of hard skin. This tiny corn causes keen pain. The only sure means of extracting it, in a day, is Putnam's Painless Corn Extractor. Sure! Yes. Painless! Yes. Cheap! Yes, indeed. Try it.

Cook's Cotton Root Compound

Is successfully used monthly by over 10,000 Ladies. Safe, effectual. Ladies ask your druggist for Cook's Cotton Root Compound. Take no other as all Mixtures, pills and imitations are dangerous. Price, No. 1, $1 per box; No. 2, 10 degrees stronger, $3 per box. No. 1 or 2, mailed on receipt of price and two 3-cent stamps. The Cook Company Windsor, Ont. Nos. 1 and 2 sold and recommended by all responsible Druggists in Canada.

Nos. 1 and 2 sold in Peterborough by H. H. Edmison, Druggist.

ASSESSMENT SYSTEM.

A SAD HOME

The home is sad, the flags are at half-mast. A good man has gone to his long home. Was he wise as well as good? That question is answered by the amount of his insurance. If he had a policy in the

Canadian Order of Foresters

for $500, $1000, $1500 or $2000 his widow and children or relations are sure of that amount, debt-free and absolute. And the price of protection is so cheap in this best of Canadian Societies that one never misses the little money that makes the loved ones safe.

For further particulars, enquire of any of the Officers or Members of the Order, or address

B. ELLIOTT, H. C. R., Ingersoll. THOS. WHITE, High Sec'y, Brantford
ERNST GARTUNG, S. O., Brantford.

MASONIC LOVE FEAST.

Council Candidates Obligated on Pike's Peak.

Seven hundred and fifty candidates for degrees in Cryptic Rite Masonry are to be obligated to Masonic secrets on the top of Pike's Peak in August, and the Royal Arch Masons of Kansas, Missouri, Nebraska, Oklahoma, Wyoming and Colorado propose to participate in the unique proceedings. They will hold high carnival for ten in Denver, Colorado Springs, Manitou, Cripple Creek and Victor. With the visitors will come more than 500 candidates for degree in Cryptic Masonry. These will be joined by perhaps 250 Colorado candidates for the same degrees, and all are to be obligated in the beautiful council degrees on the top of Pike's Peak or in the Cave of the Winds or in the Garden of the Gods, as the candidates themselves may prefer, or their health permit.

The first special trains, equipped with commissary cars and musicians, and carrying hundreds of Royal Arch Masons from the different States named, together with the grand officers of Missouri, Nebraska and Kansas, and the general grand officers for the United States—all with their wives, daughters and sweethearts, will leave Kansas city on August 7th. The pilgrims will be met at Colorado Springs by the grand Masonic officers of Colorado together with the members of the Council of Royal and Select Masters, holding their membership in the grand jurisdiction of Colorado.

From Colorado Springs several side trips will be made. Cripple Creek and Victor will be visited, and the pilgrims there met with trumpet and band by the Masons of Colorado's "twin golden wonders." From Cripple Creek to Denver is next on the schedule, and from this city on to Georgetown, and around the world-famed loop on the Colorado & Southern Railroad, then back again to Denver, where the Masons of Colorado's capital city will meet the besiegers at the union depot and there bind them to Denver by the silken girdle of fraternal bonds. At the union depot the Masons, in full regalia, will be formed into marching columns and triumphantly escorted through the principal streets of the city.

The entire expedition is to be under the management of Edward W. Wellington, of Ellsworth, Kan., thrice illustrious master and grar principal conductor of the work of the grand council at Kansas. Dispensations have been granted authorizing Ellsworth Council, No. 9, Royal and Select Masters, under the grand jurisdictions of Kansas, to receive and ballot upon petitions and to lead the "pledgings" into the silent folds of Masonic brotherhood upon the top of Pike's Peak, in the Garden of Gods or in the Cave of the Winds—the candidates simply being obligated at the places named, while the degrees themselves are to be exemplified in Denver's magnificent Masonic Temple with full paraphernalia. All Royal Arch Masons receiving the council degrees during this great carnival will have their home in the council nearest their place of residence.

An ostensible object of this pilgrimage is to build up an interest in Cryptic Rite Masonry in the various States, participating, and to create enough Masons of this degree in Wyoming to form several councils of royal and select masters in that State.

As a grand finale to the whole celebration an elaborate banquet will be tendered the visitors by the Masons of Denver at the Denver Masonic Temple. Speeches will be made at this banquet by many prominent Masons of other States, as well as of Colorado. Praises will here be sung of the brotherhood that, though all of the vicissitudes of the centuries, is believed to have guarded, protected and handed down its tenets in all their ancient perfection to the Masons of to-day. It will be one of the greatest Masonic love feasts ever held in the West, and the same eulogies that were spoken by Masons in secret conclave when the smoke of sacrifice arose to heathen gods among people now vanished, and when war and bloodshed was the business of the world, will again be reiterated to ears just as willing and just as faithful.

All railroads leading into Denver and Colorado Springs will grant special excursion rates for the occasion, and it is believed that several thousand visitors will participate in hte ceremonies.

Pelargoniums

FALLS ARE WEAK.

NIAGARA IS A PIGMY COMPARED WITH DODD'S KIDNEY PILLS.

No Kidney Disease is Dangerous if Dodd's Kidney Pills be Used - Mr. J. B. Jones is a Living Proof of this.

Niagara Falls, Ont., May 5.—The Falls of Niagara are a stupendous power for the welfare of mankind. But, right in the midst of our quiet populace, another power a million times greater has been at work recently. Niagara Falls have destroyed scores of lives. With all their power and grandeur, they have never saved one life. The other power we refer to have saved thousands of lives—it has never destroyed one. This power is Dodd's Kidney Pills.

Let one of our most respected citizens tell what Dodd's Kidney Pills did for them. He says: "I have suffered for seven years with Bladder and Kidney Disease, and tried in vain to find a remedy that would cure me, until I providentially heard of Dodd's Kidney Pills. So highly were they recommended to me by a friend who had used them, that I bought three boxes at once. I am happy to say I didn't need to buy any more. Those three boxes cured me.

Dodd's Kidney Pills cured me of Diabetes also. Therefore, I contend, I have good reason to sing their praises. I shall never cease doing so. —John B. Jones."

Niagara Falls with the strength of a billion giants, could not relieve Mr. Jones of one twinge of pain. Dodd's Kidney Pills banished all his pains forever. And, even as they cured Mr. Jones, so will they urce any person who suffers from Bright's Disease, Diabetes, Dropsy, Lumbago, Bladder, and Urinary Diseases, Diseases of Women, and all other Kidney Complaints.

Dodd's Kidney Pills are sold by all druggists at fifty cents a box, six boxes $2.50, or will be sent on receipt of price, by The Dodds Medicine Co., Limited, Toronto.

Rev. Dr. Duncan Dead.

Ottawa, May 6.—Rev. Thomas Duncan, D.D., minister of the parish of Bridge of Weir, Scotland, and father of Mrs. Rev. W. T. Herridge of this city, died yesterday at the Manse, in this parish. He was 66 years of age. Some years ago he had been on a visit to Ottawa. Besides Mrs. Herridge, the deceased clergyman leaves two other children, Mrs. Bauld of Halifax, and Mr. Charles Duncan of the Northwest.

Mr. Tarte Had a Relapse.

Montreal, May 6.—La Patrie last night said: "We regret to learn that Mr. Tarte had a relapse yesterday, and that he is again confined to his room."

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practising. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1899 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. **Organs of every description at Wholesale Prices.**

Big Bargains now on hand in slightly used Upright and Square Pianos of the various makes taken in part exchange for the famous **NEWCOMBE PIANOS.** Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS, write to our Direct Representative. Easy Prices. Liberal Terms.

Making Things Hum at Gough's.

Gough Bros.' prices just now for Spring Clothing actually border on the Sensational!

Only through command of such power as we possess by our Syndicate are such prices made possible in Peterborough.

By our prodigious buying at the **Doull & Gibson** sale and from **E. A. Small & Co.**, the wealthy wholesale clothing makers, of Montreal, we own stocks to-day which were purchased and laid down in our stores in Peterborough **cheaper** by from 15 to 20 per cent. than the wholesale makers sold to retail dealers.

Common sense reasoning, therefore, ought to convince you that we control **better** Bargains by far than even the makers of Clothing themselves.

Buying right in the factory, as we do, our prices are shorn of the wholesalers' profits, the travellers' salaries and other heavy expenses.

You simply pay us one small profit as a turn-over.

Figure it up! Look into the matter! Attend our great Combined Double Header Sale, now in full blast, and be winners with us.

The largest stock of Men's, Youths' and Boys' Spring Clothing to select from.

Half Prices for Whole Suits is making things hum at Gough's.

LOCAL NEWS

Bargains in Children's Bonnets at MRS. APPLEBY'S, 426 Water Street.

St. Luke's Church, Ashburnham

The subject of the sermon on Christian Evidences in St. Luke's church to-morrow evening will be "The Gospel Story, Is it true?"

Song Sermon.

A specially attractive Service of Song and Sermon will be given in Charlotte street Methodist church on Sunday evening. A choir of forty voices will conduct the singing.

Bates' Best Bread.

There is as much difference in bread as in potatoes. If bread ever sold on its merits, Bates' bread does. Good wheat is the beginning of good bread. Use Bates' bread and you get the nutritive quality. eod

Prisoner Remanded.

County Constable Cochran got back to town yesterday afternoon with the alleged Otonabee wife beater. The prisoner was immediately examined but the case was adjourned until Tuesday in order to secure several witnesses.

Uncommon Man-Tailored Suits and Shirts are those showing at SUTCLIFFE'S, just marked off yesterday. Prices assure us that the assortment will grow less quickly.

Anniversary Services.

Anniversary services will be held in St. Paul's and St. Andrew's Presbyterian churches to-morrow. In the morning Rev. Principal Grant, of Queen's University, will speak in St. Andrew's and Rev. Dr. Herridge, of Ottawa, will address St. Paul's congregation. The two divines will exchange pulpits in the evening.

Sunday Reading.

Books, magazines and periodicals—the latest issued. Good choice of good reading for Sunday at the Peterborough Bookstore. Assortment larger and better than you expect. We maintain the growing demands of increased trade, and our ability to sell books at low prices is not surpassed by any bookstore in the country. Daily parcels of books and magazines received from leading publishers, so that any book not in stock can be procured at short notice. Books imported to order.

A. H. STRATTON & CO.

Grafton & Co's Leadership in the Clothing Trade.

There isn't the slightest doubt as to where the best and safest place is to buy clothing. For years we have taken first place as clothiers and each succeeding season our easy leadership became more strikingly in evidence, this year, more so than ever. It is best shown by our magnificent stock of Mens', Boys' and Childrens Suits, which at every point of comparison easily discount anything you may find outside this store in Peterborough. Now we are not going to ask you to accept our statement for that fact, but we expect you to prove it by making your own comparison. That being done carefully and intelligently, we may safely expect you to spend your money here, where your interests are always served to the best advantage.

GRAFTON & CO. Clothiers, Manufacturers of High-Grade Clothing.

FIVE DOLLARS AND COSTS.

The Penalty Imposed for Assault in the Police Court this Morning.

Last Thursday morning at about seven o'clock there was a duel in a sewer at the corner of Downie and Hunter streets. The participants were Mr. James Bogue and Mr. Daniel Mahoney, and the evidence submitted went to show that they indulged in heaving rocks and stones at each other, occasionally varying the performance by ejaculating strong meaning adjectives.

The case was ventilated at this morning's session of the police court, Mahoney charging Bogue with assault and the latter filing a contra complaint on the same grounds.

The story as gathered from the testimony of the two offenders and a number of witnesses is that last Thursday morning Mahoney, who was digging a portion of a drain on which Bogue has the contract, came to work about 5.30 in the morning to make a connection with the main sewer to avoid meeting Bogue, with whom it appears he was on bad terms. He had almost completed the operation when Bogue appeared on the scene, and as Mahoney was on a portion of his trench he ordered him off. Mahoney maintained that he was on his own part and this angered Bogue, who lunged down with his foot and endeavoured to puncture Mahoney's head. Then the row got under full swing and each alleged that the other had injured him. On cross examination Bogue acknowledged that he was a "scientific scrapper," and that he had landed a blow on Mahoney's nose because, he said, Mahoney had hit him on the head with a stone.

Magistrate Dumble decided that Bogue had been the aggressor and had commenced the row, so he fined him $5, adding additional costs, the entire sum being $10.65.

PERSONAL.

Mr. Herbert King is home from Chicago for a few days.

Miss Mamie Connolly, of Lindsay, returned home yesterday after a pleasant visit with the Misses Clunan.

Mrs. Chamberlain, who has been visiting in town, has returned to Lakefield.

The Norwood Register says: Mrs. C. H. Cress, of Peterborough, is spending this week with her parents, Mr. and Mrs. James Harper, Ridge street.

Mr. R. Record, Stewart street, Ashburnham, who has been in Nicholls Hospital for some weeks, undergoing a surgical operation, was able to be taken to his hoem quite improved.

Rev. A. B. Chambers, formerly of Peterborough, now president of the Toronto Conference of the Methodist church, was decorated with the honorary degree of D.D. at Victoria University convention.

The Sunday Magazine, of New York, contains an exquisite photo engravure of little Imogene Washburne, granddaughter of Mrs. Whelan, of Lakefield. In speaking of this exceedingly clever little child actress the Sunday Magazine says, "Until the beginning of Chauncey Olcott's engagement in New York this season, little Imogene Washburn was a member of his company. She has forsaken the stage for a time, that she may attend school; but in her short career as an actress she appeared successfully in so many parts that she is entitled to mention among the others who have made hits. Little Imogene is only ten years old, she has played in Herne's "Hearts of Oak," George Thatcher's "Tuxedo," The Golden Ladder," "The Waifs of New York," and for two years in "The Power of the Press." The last four seasons she has been with Chauncey Olcott's company. When at the theatre Imogene has all the characteristics of an old professional, but once outside the door, her dolls have more attractions for her than a "fat" part has and her play room pleases her better than the stage. Her mother was always in the company with which little Imogene played.

At St. Andrew's.

In connection with the anniversary services in St. Andrew's church to-morrow, Miss Falconer will take the solos, both morning and evening in the special anthems which have been prepared for the occasion. Mrs. A. G. Parker will give a vocal solo at night.

NOTICE TO GAS CONSUMERS.

The supply of Gas will be shut off to-morrow, Sunday May 7th, from 7 a.m. till 6 p.m. A. STEVENSON, Secretary.

PARE AND HOLDEN, WHERE ARE THEY?

DRESDEN BANK OF COMMERCE ROBBED THIS MORNING.

The Safe Blown Open and $6,000 Secured by the Burglars—Papers Left Undisturbed.

Special to The Examiner.

Dresden, Ont., May 6.—This morning between the hours of 3 and 5 o'clock, the vault and safe of the Canadian Bank of Commerce branch here was blown open and about $6,000 in Bank of Commerce notes was stolen. Securities and other papers were left undisturbed. The safe is badly shattered. There is no clue to the burglars as yet.

DO THEIR OWN LIGHTING.

Some Excellent Work Done on the Wiring in the Matthew Company Factory.

The Matthews Company are doing their own electric lighting, having placed in their premises a 250 light machine from the Canadian General Electric Works. The lights are controlled by six switches from the switch board in the engine room, where the dynamo is placed.

The wiring in connection with the work was done by Mr. P. Alexander, and the Fire Underwriters Inspector, Mr. Calder, who examined the work, complimented him by making the statement that it was the best wired job he had seen in Canada. Mr. Alexander has also put in the wiring for 200 lights in the new Hotel St. Lawrence in Port Hope. The hotel is elegantly fitted up, the furnishings costing over $6000. The bar fixtures came from Chicago. The counter was turned out by the Peterborough Canoe Company.

COMPLAINT ABOUT SCAVENGERS

The North Monaghan Board of Trade Will Act in the Matter.

There has been considerable complaint by the residents of North Monaghan, to the effect that the scavengers are evading the law and its requirements, as concerning the receptacles used for the moving of garbage. It is said that the men also yell and make hideous noises at night, which disturb the peace of the residents along the roads. Chief Roszel says that he is determined that the scavengers shall conform with the law in every respect.

There is a regular dumping ground provided for the garbage, concerning which no fault can be found. It is the careless manner in which it is handled, which causes the complaint. The Board of Health of North Monaghan held a meeting last evening and there is some talk of prosecuting the offending parties. One week will be given by the Board to correct the matter. The scavengers must have proper receptacles or they will be prosecuted by the Chief of Police.

The Provincial Act makes strong provisions in cases of this nature and steps will be taken at once to have the nuisance abated.

Bargains in Children's Bonnets at MRS. APPLEBY'S, 426 Water Street.

MYSTERY SOLVED.

Peter King is Working in Oshawa at His Trade.

Mr. Robert Woon writes a resident of town to the effect that Peter King was in Oshawa on Wednesday afternoon and applied to him for work. There were no vacancies and he left to try Cathcart & Scott. On enquiring at the latter place, on hearing that Mr. King was wanted by his relatives, the writer ascertained that no new men had been taken on there. When seen by Mr. Woon, Mr. King was quite rational and talked of the old hands in the Hall Works, he having served his apprenticeship there many years ago.

Mr. R. Dillon, of Oshawa, also writes stating he saw Mr. King there and thinks he is with the Malleable Works.

GUESS AGAIN.

What is the Difference in Height Between the Ashburnham and Peterborough Hills?

A number of answers have been received to the Examiner's query as to the difference in height of the Rubidge street hill at the Cathedral and Armour's Hill in Ashburnham, but none so far are in close proximity to the mark.

Miss F. E. S. S. thinks that Armour's hill has the advantage by 39 feet.

Mrs. A. H. R. is of the opinion that the two hills are the same height.

H. S. G. gives Armour's hill the plum by an even hundred feet, whilst R. B. H. says two hundred, having evidently walked up the Ashburnham mountain under depressing circumstances.

Ninety-five and a half feet in favour of Armour's hill is the canny guess of F. J. B., and his sister, K. R. B., who evidently has a larger idea of things in general, just adds one hundred feet to her brother's figures.

Strange to say not one of these guesses is within twenty feet of the difference in height between the two hills.

FILTER THE WATER.

To the Editor of the Examiner.

The taste of the town water at present is decidedly bad. There may be nothing very alarming about it, but until further investigations are made, it would be well to boil and filter the water, before using it for domestic purposes.

GRACE SUNDAY SCHOOL.

THE ANNIVERSARY ENTERTAINMENT WAS HELD LAST EVENING.

A Varied and Pleasing Programme Rendered by the Scholars—Prizes Presented—Address by Rev. Mr. Shorey.

A large and enthusiastic audience gathered in the Grace Methodist church, last evening, at the anniversary entertainment of the Sunday School. The majority of those present were children and their parents and everybody entered into the exercises heartily. Mr. William Might, the Superintendent of the Sunday School, occupied the chair and announced the programme, which was pleasing in every respect. In a short opening address he outlined the work of the school, imparting interesting information concerning its progress.

The programme, contributed to chiefly by young people, was varied and interesting. Recitations were given by Gertie Allison, Bert Datcher and Gordon McClennan, a duet by Messrs. McClennan and Parnell; a solo by Mrs. Shorey, a dialogue by seven girls and another in which eight took part; a vocal trio by Messrs. B. Parnell, B. Datcher and Miss Laura Grey, entitled, "Hope, Faith and Charity" and a number of excellent choruses by the school under the direction of Mr. George Mulligan.

The Secretary-Treasurer of the school, Mr. W. D. McClennan, presented an interesting report on the financial and numerical condition of the school. The collections for the year ending March 31st, had amounted to $49.54, being an average collection per Sunday of 94 1-2 cents. The total number on the school's roll was 144, the average attendance for the boys being 42 and girls 39. There are thirteen teachers and officers.

During the year one member had departed to the better life, and it was the first lost by death that had been sustained by the school since its institution.

The prize of five dollars donated by D. W. Dumble for the class making the best all round average during the year was then presented by Mr. Dumble. He stated that two classes had made such a meritorious showing that it could not be determined which had won the prize, so the decision was that it should be equally divided between them. This was accordingly done, the fortunate winners being Mrs. Cameron's and Mrs. Might's classes. Mrs. Might's won also a $1 prize for increase, there having been an increase of seven for the year. May Green won a similar prize for having the best record of any scholar in increasing the school's membership, she having been instrumental in bringing four new members to the school.

Rev. Mr. Shorey gave a short interesting address. He expressed his gratification at the splendid condition of the school and hoped to see it prosper in the future equally as well as it had done in the past. Many people failed, he said, to appreciate Sunday School work, because the results were not immediately apparent. However, this was a narrow way to look at the matter as the results were very manifest a few years later.

The entertainment was brought to a close by Rev. Mr. Shorey, pronouncing the benediction.

Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption. She bought a bottle and to her delight found herself benefitted from first dose. She continued its use and after taking six bottles found herself sound and well; now does her own housework and is as well as she ever was.—Free trial bottles of this Great Discovery at J. Lynch's Drug Store. Only 50 cents and $1, every bottle guaranteed.

TRENT VALLEY WATERWAY.

Since January the Trent Valley Waterway Association has well justified the wisdom of its formation. It has done much to advance the interests of the Trent Valley Waterway. The members and officers have been energetic and have gone about their business in a business-like way. The splendid descriptive pamphlet issued and distributed, the first of its kind in connection with this waterway, has done excellent work and even more excellent results have flowed from the accompanying excellent map, which is practically an object lesson that appeals directly to those who have not the time nor inclination to read, permitting them, by a glance, to grasp the situation. The several deputations that have gone to Ottawa from all along the route of the waterway have also had an important influence, and these combined with the willingness of the Government to lend a sympathetic attention to the representations made, have had practical results.

The Association in its crusade for the completion of the waterway have been somewhat disappointed to find, as they did, when they pressed the claims of the work to contract point, that the surveys and specifications for the section from Healy's Falls to Trenton had, the one, not been completed, nor the other prepared. It is true that a survey of this section was made by Mr. Rubidge, but the conditions have since so changed that that survey is practically valueless for tender purposes. Before tenders can be intelligently presented sufficient details of the work to be undertaken must be in the hands of the department. The calling for tenders under the late government when surveys and plans were not available for the use of contractors proposing to tender, partook very largely of the nature of a "fake" and tended to delay and discredit the work. The urging of the deputations, largely originated by the Trent Waterway Association, has brought a sufficient revote of funds to complete the Lakefield-Peterborough and the Balsam Lake sections, while the new appropriation will warrant the placing of a new section under contract, and it is expected that the Supplementary Estimates, yet to be brought down, will contain another appropriation which will permit of sections at both ends of the waterway being placed under contract. The last deputation that visited Ottawa a day or two ago received a very encouraging welcome. The ministers met the gentlemen composing it in a frank and candid manner, which showed that the Government regarded the conference with the deputation as a business interview, and the subject of the conference as a matter of national importance well deserving the attention of a government with a fixed and aggressive policy for improving our national trasportation facilities. It is safe to say that the prospects of the completion and opening of the Trent Valley Waterway to navigation from end to end within a comparatively short time, never were more promising.

"GET A MOVE ON."

The Board of Trade and the Town Council must "get a move on" if they do not wish Lindsay to get the start of them in securing the location of industries. The Scugog town has shown a good deal of activity in this direction lately and it appears with some success. An article in the Globe respecting a cycle trust, states incidentally that the Miami Co., manufacturers of the Ray bicycle, proposes to establish a factory in Lindsay. Now, no sane manufacturing Company on the lookout for a good site would voluntarily select Lindsay in preference to Peterborough. It is therefore to be inferred that the Lindsay people have been doing considerable in the way of inducement, while the local enthusiasts of the Board of Trade and the Council have been allowing them to get their plans perfected. With all our advantage as to power, shipping facilities, etc., with proper effort, manufacturing establishments, seeking a first-class site, could easily be steered to Peterborough. Will our Board of Trade at its next meeting on Tuesday night show that it is awake?

KEEP OFF THE BOULEVARD

A complaint comes from the North End of the carelessness of some of the residents, who, with entire disregard of the feelings of their neighbours, make a thoroughfare of the boulevards which require so much care and attention to bring them to the desired state of perfection.

It is stated that it is not the children who thus transgress the rules of decency, but ratepayers, who should have an interest in the beautifying of the town. The idea of an adult with with any degree of common sense taking a short cut across a grassy boulevard certainly borders on reprehensible carelessness and is deserving of strong reproof.

WELL-EARNED TRIBUTE.

A Former Resident of Peterborough Highly Eulogised.

Appended will be found an extract from an article in the Crookston, Min., Times, referring in the highest terms to an old Peterborough boy in the person of Mr. John Moore, a brother of Mrs. Wm. Belleghem, and Mr. A. Moore of the McAllister Milling Co.:

"The election of a successor to John Moore, as superintendent of the city schools is an event that should not pass without special reference to the ability of that gentleman, and his long term of service at the head of the educational interests of Crookston.

"He came to the position fourteen years ago, when the condition of school matters may truthfully be said to have been chaotic, and out of such condition he has brought system and order. He is the father of the public schools of Crookston. He has ever, and always been a painstaking, energetic tireless worker, and until the latter part of last year, has never lost but one-half day from duty, during the time he has filled the position. Always at his post, his promptness has been an example, and his industry and thoroughness have been an inspiration to his pupils.

"The high school building was planned by Mr. Moore, and here as elsewhere and always, he heart was in his work, and it stands without doubt, one of the most conveniently arranged buildings for the purpose in the state, outside the larger cities.

"His course in nature study, published in the last High School catalogue, has been adopted by many of the eastern schools as containing advanced ideas, and has found a place in many of the leading educational publications.

"The school is a child of his heart and brain. He knew, and was known by each one of the children old and young, in all the departments, and the longer his acquaintance, the more he came to love them. Although he closes his connection with the schools at this time of his own choice, ties will be broken as of a father parting with his children.

"His interest continued with the alumni and each one of the graduates has been followed in his life work by his earnest desire that they might succeed, and each has been encouraged thereby. The teachers that have been associated with him during the past year, feel that in separating they are being bereft of one whom each thoroughly respects and loves, and whose influence has been uplifting and ennobling, and they will part with him with feelings of the deepest regret. The moral tone and sentiment of the community has been made better by the fact that Supt. John Moore has ably and successfully administered its educational affairs during the formative period of its history."

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

—Milk is only four cents a quart in Norwood.

—Wheelmen will throng the country roads to-morrow.

—Last week the Matthews Co. shipped out 285,000 pounds of bacon.

—All Saints grounds are to be beautified with trees and vines next week.

—Several construction gangs will be put to work early next week on the new granolithic sidewalks.

—The Children's Aid Society will hold a meeting for the election of a new secretary on Monday, at 1.30.

—During the recent thunder storm a valuable Jersey cow belonging to Wm. Elliotte, of Dummer, was struck by lightning and killed.

—A young man named Davidson went fishing with dynamite cartridges near Marmora, last Sunday, with the result that the doctors had to amputate his arm in the evening.

—It is said that the fishery inspector unexpectedly made his appearance at Trent Bridge one evening recently, rather to the annoyance of some of the citizens.

—The temperature can be lowered to a point forty degrees below zero in the new refrigerating room connected with the Matthews Co. establishment.

—You and your lady can have a sitting to-night, up till ten o'clock, at J. W. Green & Son's studio, where photographs are taken beautifully by electric light.

—Ed. Welsh made his first shipment for the season of frog's legs across to the "other side" yesterday, but says that he has reserved a few of the best of them for his local patrons.

—Mr. Wm. Slomans, the converted Jew, will preach the gospel in the Gospel Hall on Sunday May 7 at 4 and 7 p.m. These will be the last meetings conducted by Mr. Slomans at this time.

—The 57th Batt. band will hold another grand concert in the market hall on Friday evening, May 19. Among the many excellent numbers being prepared is a descriptive selection, the Night Alarm.

—"Lady Gay," Saturday Night.—"Miss McMurtry's singing was glorious, and she took the 'Inflamatus' solo grandly; her full sweet voice soaring high above the organ and choir, and flooding the big church with sweetness."

—Doc. Robinson has just added a pair of handsome dapple bay horses, mare and gelding, to his Charlotte street stud. They stand 15 1-2 and 16 hands high, are a very showy pair of steppers, with fine knee action and good form. The cost of the pair was $250, and will make a valuable addition to the Charlotte street livery.

—A number of summons against citizens who have failed to secure dog tags were issued to-day. Some of those who received them hurried to the Town Clerk's office and paid their assessment. Six remain, however, and if the requirements of the law are not met by Tuesday they will have to appear before the magistrate.

—Mr. Walter Bates, baker and grocer, of Stewart street, is erecting a new grocery store on his lot, next to his fine brick bake shop. Mr. Bates reports his trade so rapidly increasing that additional accommodation is required to serve his customers properly. His bread business keeps him hustling, an improved oven being daily taxed to its utmost capacity.

—Mr. Alex. Gorrie, who sings at St. Paul's annual concert next Thursday, will sing by special request, "The Land O' the Leal." The St. Thomas Journal in commenting upon Mr. Gorrie's singing of this selection, says: "He had been announced as Toronto's finest tenor and something good was looked for, but few expected so rare and rich a treat as his rendering of 'The Land O the Leal.' It was simply perfect."

MILITARY EXAMS.

A Number of Officers are Examined in Equitation.

By a recent order it is necessary for all battalion officers to pass an examination in equitation. In order to meet the requirement several officers of the local corps underwent an examination in Central Park yesterday afternoon and this morning. Those who presented themselves for examination were Lt. Col. Bell, Surgeon-Major Halliday and Capt. Miller, of the 57th Battalion; Surgeon-Major Young and Veterinary Surgeon Poole, of the 3rd Dragoons, and Capt. Birdsall, of the 40th Battalion, Cobourg.

The board of examiners was composed of Capt. Forester, of the Royal Canadian Dragoons and Capt. Cockburn, of the 3rd Dragoons.

Although the actual percentages made by the different officers will not be made known for a few days it is understood that all the candidates were successful.

THE SATURDAY MARKET.

Prices Ruled High this Morning as the Supply Did Not Equal the Demand.

Although there was a good attendance of house wives at this morning's market, not many farmers were in, they, doubtless, being engrossed with spring planting operations. Consequently with less competition the prices were stiff. Potatoes sold at $1 per bag, with prospects of an early rise. Pork has advanced, and by the dressed quarter is now selling at 7c and 8c per pound. Butter remains at 14c and 15c a pound and eggs are offered at 10c a dozen. In green products rhubarb was abundant, selling at 5c a bunch. Onions by the bunch are becoming cheaper and now retail at 3c and 4c. Lettuce remains at 5c. The offering of fowl was light, and chickens brought from 60c to 75c a pair. A few turkeys brought from $1.40 to $1.60 each. Little grain was offered, and hay remains at its old price of $9 a ton.

SPORTING PASTIMES.

Interesting Items of Local and General Interest.

LACROSSE.

Fifteen players turned out last evening for the first regular practice of the Peterboroughs, the majority of last year's senior team being in evidence. A number of the boys have increased considerably in weight since last season and the averdupois of the players will average a great deal higher than for many years past. Plenty of enthusiasm is being shown and the season never opened with brighter prospects for the Peterboroughs

As the first match of the season will be played on May 24th, no player should miss a practice between now and then as the date is only two weeks distant from Wednesday next. The Juniors as well as the Seniors will need to be in the best possible shape, as the former team will play in Lindsay on the Queen's birthday.

Y. M. C. A. NOTES.

Young men are all invited to the Y.M.C.A. song service on Sunday at 4.15 p.m. Rev. H. T. Lewis, of Orono, will speak. Mr. Alfred Parker will preside.

To-night at 8 o'clock the secretary will lead a bible reading on "A Young Christian's Relation to Reading." Many have been helped by the six preceding meetings in the course.

To-morrow at 10 a.m. Mr. McLeod will meet with the Boy's Bible Training Class. The Boys' meeting last night was led by Mr. Charles Kemp. S. R. Hall presided. The interest and attendance was good. A newly organized Personal Workers class met at the close.

Messrs. Rush and Reedman will speak at the gaol on Sunday at 9.30, and Mr. Williamson will address a meeting at Indian River at 7 p.m.

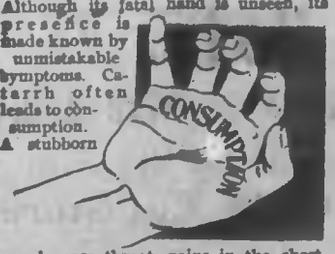
Many men and women are almost within the deadly grasp of consumption. Although its fatal hand is unseen, its presence is made known by unmistakable symptoms. Catarrh often leads to consumption. A stubborn



cough, sore throat, pains in the chest, bronchitis, bleeding at the lungs, loss of flesh and general weakness are warnings that this relentless disease is about to gather in a victim.

A remedy for all the diseases which, if neglected or badly treated, lead up to consumption, is found in

Dr. Pierce's Golden Medical Discovery.

It builds up the weak places and fortifies the system against the onslaughts of disease. It helps the appetite, assists digestion, is an aid to the proper assimilation of food, and cleanses the blood of all its impurities. It is a strictly temperance medicine, containing not an atom of whisky or alcohol in any form.

"Your medicine is the best I have ever taken," writes Mrs. Jennie Dingman, of Vanburen, Kalkaska Co., Mich. "Last spring I had a bad cough; got so bad I had to be in bed all the time. My husband thought I had consumption. He wanted me to get a doctor, but I told him if it was consumption they could not help me. We thought we would try Dr. Pierce's Golden Medical Discovery and before I had taken one bottle the cough stopped and I have since had no signs of its returning."

For the most obstinate forms of constipation and biliousness, use Dr. Pierce's Pleasant Pellets. Their action is prompt yet comfortable; their effect is permanent. Insist that the druggist does not give you something else.

IN THE FARMER'S POWER.

Prof. Robertson Tells What Elements They Can Control in the Cultivation of Crops.

Ottawa, May 6.—Professor Robertson addressed the committee of agriculture yesterday on the fundamental principles which make agriculture successful and profitable in this country.

He spoke of the difficulties with which the farmer had to contend. Those of climate and temperature were almost controllable, and those of the preparation of the soil, so as to ensure the largest amount of plant food, and the use of the most productive kinds of seed, were entirely within the control of the farmer.

He explained the rotation of crops, showing how the plants in which the growth of root and stem and leaves were important and prepared the soil for the growth of the grain crop which followed, in which the chief weight of the seed were important.

Mr. Robertson's address, which will be published in the committee's report, will form interesting and reliable reading to Canadian farmers.

CONVICTED OF ERROR.

Hon. G. E. Foster's Unreliable Tariff Quotations on the Stump.

THE END OF BUDGET DEBATE.

Sir Charles Tupper Attacks Sir Richard Cartwright and Mr. Fielding—The Government Criticized for Inaction Regarding Fast Steamers—Mr. Paterson Accused Mr. Foster of Personalities.

Ottawa, May 6.—The budget debate came to a conclusion somewhat suddenly a few minutes before midnight yesterday, when the Finance Minister rose and stated that the motion to go into committee on ways and means having served its purpose, he would withdraw it and move that the House go into committee of supply on some future day. There were only three or four members of the Opposition in the House at the time, and although it was reported that a number of them desired to speak, no one moved the adjournment of the debate. Sir Charles Tupper resumed the debate in the afternoon and spoke for two and a half hours, during which he devoted considerable attention to the political history of the Dominion from ante-Confederation days forward.

Sir Charles Tupper.

Sir Charles Tupper said that he had intended to reply to the Minister of Trade and Commerce on Thursday night, but was unable to be in the House. He found, however, on reading the honorable gentleman's speech, that there was very little to reply to, for the honorable gentleman had adopted discretion as the better part of valor, and had not attempted to answer the very able and comprehensive arguments adduced by the honorable member for York (Mr. Foster). There had been a time when the honorable gentleman was regarded as a mischievous demagogue, when he derided everything tending to the advancement and development of the country, when his cry was "blue ruin," but he had reformed now—(laughter)—and he was to be congratulated on his change of heart. He said he deplored the supineness of the Government in the matter of a fast Atlantic service. He regarded this as a question of the very first importance to Canada, as an efficient fast service meant an increase in the value of all perishable articles, such as meats, fruits, poultry, etc., and the putting of more money into the pockets of the farmers. He dwelt at some length on the importance of cold storage and the fast Atlantic service, and urged that the Government should seriously address itself to the matter. The last thing one would have expected the Minister of Finance to do was to bring about the Drummond County deal. It was the height of absurdity for the Government to buy a road which was useless and unnecessary, and which it might have to parallel by purchasing another road known as the South Shore Road. There was a controversy as to whom the paternity of the National Policy belonged, and there was also a question as to whether it existed in Canada to-day. He did not think that there was the slightest question about its existence, and the Minister of Finance might as well undertake to convince the House that a full blooded negro could claim the paternity of a white child as that he could claim the paternity of the National Policy. One was as easy as the other. They were both utterly at variance with nature and common sense. When Mr. Fielding was exhausted by his three hours' speech of magnificent eulogium on Canada, he was compelled to sit down without answering the challenge which had been thrown out on the floor of the House to him or to any other man of the Liberal party to show that the Government could claim one jot or tittle of the prosperity that Canada now enjoys. There was a matter which Mr. Fielding had not touched in his budget speech, but which Sir Charles hoped he would deal with before the House prorogued. He referred to the iron industry, which had been dealt a heavy blow by the Liberal tariff reduction made in the interest of the United States. He had waited upon the Minister of Finance, the Minister of Customs and the Postmaster-General on this subject during the recess, and had pressed upon them the vital importance of so extending the Bounty system in accordance with the policy of the late Government—a policy adopted and ratified by the present Government—as to lead to the establishment in Canada promptly of the most important iron industries, not in one section, but generally throughout the country. He complimented Mr. Bertram for saying at a meeting of the British Empire League that he hoped the time was not remote when we would build iron ships in Canada. As to the mining law and alien labor, or the question of export duties on logs, pulp wood and nickel, he would say nothing just now, as those matters would come before the commission. He concluded by complimenting the Finance Minister for his permanent record and grand tribute to the National Policy and the construction of that intercoeanic line of railway which binds the country together.

Mr. Paterson.

Hon. Mr. Paterson, in reply, said the leader of the Opposition had used no arguments, but merely advanced a number of unimportant statements, most of which were erroneous and misleading. The increased expenditures since the Liberals had come into power were necessitated by the development of the country. The rate of taxation had not been increased although a larger amount of money had been collected by the Liberals than by the Conservatives. The preferential tariff effected a reduction on imports from Great Britain of from 10 to 20 per cent. The preferential tariff had not only saved money to Canadians on our British imports, but on other imports as well, all other sellers having to dispose of their goods at as low as the British were able to sell them by virtue of the preference.

Mr. Foster's Personal Charges.

He had been delighted to hear the high moral tone the ex-Finance Minister took in his speech of the previous day, which he did not object to, but he wished it would remain with him when he got on the public platform. He intended to give the hon. gentleman the benefit of an opportunity to deny, if he saw fit to do so, and make excuses for statements which he was reported to have made at Sarnia, that he (Mr. Paterson) had reduced the duty upon sugar, which is the raw material for sugar and biscuits, which he manufactured, and at the same time raised the duty upon the manufactured article. The hon. member had spoken in two places after he (Mr. Paterson) had been there, and the statement went out to the people of Lambton. The hon. gentleman did not deny that he had made that statement, and he would now like to ask him whether he did not know at the time he made it that it was incorrect, and that he himself had levied the same duty upon candy and sweetened biscuits that the present Government levied upon them. He desired to tell the hon. gentleman more: that he was correct when he said that the duty on articles going into the manufacture of candy was reduced, but if they were reduced the duty on candy was reduced, too. But he did not tell the people of Lambton that; and there was a reduction in the duty on sweet biscuits under the preferential tariff, for these came from Great Britain as well. His (Mr. Paterson's) words now would probably reach Lambton, and the people there would know what value to place upon the word of one who would make statements that were quite personal and dealing with a member's business that there was no necessity to make, even if they were true, which they were not. (Cheers.)

Mr. Foster Acknowledges His Error.

After a long question-and-answer discussion,—

Mr. Foster—If my hon. friend will allow me; the last published tariff list was that of 1894, and in that the items appear "sweetened and unsweetened biscuits, 25 per cent." When the change was made in 1895 on sugar the item of biscuits was put back as it was before—(Government cheers)—but there was no complete publication of the revised tariff, so that we have no complete publication of the tariff, and without the little sheet that was sent out the difference would never be quoted, and that is how I fell into the error. (Government cheers.)

Mr. Pope challenged the statement by Mr. Paterson that the Liberal party was a "governing" party, and claimed that the present Government had given no evidence of administrative ability. Their record was one of broken promises and stolen clothes. The Government dare not touch the National Policy, and he challenged them to do so.

Mr. Heyd said that the balance of trade, which had been twelve millions against Canada in the last year of Conservative rule, was over seven millions in her favor last year under Liberal rule.

No one rose to continue the debate, and the Deputy Speaker put Mr. Fielding's motion that the House go into committee of ways and means on a future day, which was carried, and the budget debate was ended.

The House adjourned at 11.45.

First Symptoms of Heart Disease

often appear at the head and feet—parts farthest from the heart.

The heart pumps less strongly—possibly pressed upon by an enlarged stomach—then sluggish blood swells the veins, inflames the feet, liver, kidneys or other parts where there are many veins. Various diseases so arise.

The reasonable cure is provided in Howard's Heart Relief. It removes the cause. It never fails to help—will cure where cure is possible. So says Mrs. Henry Woltz, Hartford, Ont.; so say a multitude from Vancouver to Halifax who have been cured in the last three months.

At druggists or by mail at 50c. per box or 3 boxes for $1.00.

WEAK AND.... PUNY CHILDREN

Become Strong and Healthy by using Dr. A. W. Chase's Nerve Food.

Children are frequently left weak and sickly as an after result of measles, scarlet fever, etc., and in this state are easy prey to nervous disorders, rickets, spinal disease, or consumption, diseases which do not affect robust, healthy children.

The blood is weak and watery and the nerves improperly nourished. Feed the blood and nerves with Dr. A. W. Chase's Nerve Food, and the pale, pinched faces will soon become rosy and plump, and tiredness and weakness will give way to strength and animation.

Mr. E. W. Day, 6a Close Avenue, Toronto, writes: "My eldest daughter, aged eight, became very much run down. Her fretful, nervous, sleepless condition greatly alarmed her parents. She was taken from school, and in spite of the best nursing, the thin, weakened, bloodless face grew painfully worse. Fortunately we used Dr. Chase's Nerve Food. An improvement became apparent in a few days, it continued, and in a few weeks she returned to school built up anew, and greatly to our joy fully restored to health."

Dr. A. W. Chase's Nerve Food, 50c. a box, at all dealers, or Edmanson, Bates & Co., Toronto.

SPANISH INSOLENCE.

Masculine Manners as They Are Displayed in Madrid.

Smart life is very little seen in the streets of Madrid. Women never walk about unattended and seldom do more than descend from and enter their carriages. Men, as a rule, are gravely polite, the best of them genuinely so and the others with a varnish which does very well when not scratched. They stare out of countenance every woman who passes. This, they explain, means nothing, and is indeed a delicate sort of flattery, but by American ladies it is often taken for insolence and is always very trying.

In the Royal Opera House at Madrid an apparently well bred Spaniard will not hesitate to walk down the aisle during the entr'act, and, taking a favorable stand near the woman he wishes to regard, stare at her for two minutes at a time, with or without glasses. No sooner is the curtain down than nearly all the men in the house—as a rule handsome fellows and well dressed—bunch together in the middle aisle and take the measure of their surroundings. It is a solemn moment. Nobody smiles or jokes, and there does not seem to be much talking. Hats are worn, and every man looks about and stares. When an acquaintance is descried in one of the boxes, he gravely lifts his hat and replaces it, but his features retain their impassive gravity.

The women, when one does see them, seem to be handsomely gowned, but they are not as good looking as the men. They go about in fine looking carriages, drawn by spirited horses or by a spanking pair of mules. I have never seen such mules as are to be seen at times on the shopping streets of Madrid. You will often find on these crowded thoroughfares equipages that would look well on Fifth avenue, flocks of sheep and turkeys and slow moving oxen, not to mention the omnipresent donkey. The cafe life is an imitation of the French article.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

Before. After. Wood's Phosphodine,

The Wood Company, Windsor, Ont.

Wood's Phosphodine is sold in Peterborough, by H. H. Edmison.

THE LAKE TRADE

May Be Entirely Tied Up if the Shovellers' Strike Continues.

Buffalo, May 5.—Unless the trouble that has existed for the past ten days between the contractors and grain shovellers of this port is settled by noon to-day, it is said that the entire commerce of the great lakes will be tied up. Already there are between 50 and 60 great lake vessels lying in the harbor here, loaded with grain and men cannot be had to unload them. By to-day noon it is expected that fully 7,500,000 bushels of grain will be in the harbor and this amount will be added to hourly. Ocean vessels are being held at New York and other Atlantic coast points for cargoes and claims for demurrage are being made on all sides.

The trouble began when the contractors for unloading grain at this port announced that, instead of paying the men $1.85 per 1,000 bushels, as in the past, they would be paid 25 cents an hour. This, the men claimed, was equivalent to a 25 per cent. reduction, and they refused to go to work. It requires from 2,500 to 3,000 men to unload the boats arriving here, and, as the contractors have not been able to secure more than 900 men to work for them, matters on the docks are about at a standstill.

Freight Handlers in Sympathy.

Yesterday the packing freight handlers, to the number of 750, refused to go to work unless the shovellers' grievances had been remedied, and several large freight boats are lying at the docks waiting to be unloaded.

Yesterday a meeting of all the strikers was held, and it was announced that unless a settlement was reached by noon to-day all of the grain and freight handlers at Cleveland, Detroit, Milwaukee, Chicago and Duluth would quit work. The strikers say that now that the movement has fairly started they will not return to work until the contractor or middleman has been eliminated and they are allowed to deal direct with the Lake Carriers' Association or the owners of vessels.

It is believed that the grain blockade here will have the effect of diverting considerable traffic to the Canadian canal route. Owners of boats now lying in the harbor say that they are losing fully $200 a day each as a result of the tie-up.

NEWS IN BRIEF SPACE.

Every shop in the city has agreed to pay the price of making first-class cigars, so Toronto cigarmakers have gone back to work.

George K. Van Horn, the murderer of Mrs. Josephine Westcott, was hanged at Scranton, Pa., on Thursday. Van Horn met his fate calmly.

On Thursday Mrs. George Featherstone of Paris swallowed a quantity of carbolic acid in mistake for medicine and died very shortly afterwards.

Keokuk, chief of the Sac and Fox Indians, died of smallpox at Guthrie, Okla. The tribe now numbers but 819 full-bloods, 108 having died of smallpox.

Montreal iron founders will offer the moulders an advance of ten per cent., the same to begin on May 1. The men's answer will be given by Saturday next.

By the law of the United States the Grand Trunk is compelled to equip 10,000 freight cars with safety appliances. The improvements will cost the company $800,000.

As a result of a feud, Arthur and R. Kittson were waylaid and killed in ambush by William Osborne, in Union County, Tennessee. Osborne fled to the mountains, but officers are in pursuit.

The French Government has warned the Spanish Government that if the exterior debt, which is held mostly by Frenchmen, is taxed as proposed, it would hinder Spain's negotiations in the financial market should she want assistance again.

A boy 16 years of age, who gives his name as William Milligan of Toronto, has been arrested at Paris and taken to St. Kitts on a charge of complicity in the Chapman-Cruickshank robberies there. In his possession when captured were found the penknife stolen from Chapman's and the ruby ring stolen from Cruickshank's.

A NERVOUS BREAK DOWN.

Almost a Practical Collapse, but Completely Restored by South American Nervine.

Mrs. Geo. F. Quackenbush, of 340 Victoria street, Toronto, was gradually breaking down under an attack of extreme nervous prostration. Her appetite had left her; she suffered from insomnia. Here are her own words as she wrote them: "I took doctor's advice, but received no benefit. I commenced using South American Nervine and three bottles worked a marvellous change in me. My appetite came back, I slept soundly, and my general health is as perfect as ever it was. It is a pleasure to recommend so worthy a remedy.

Sold by H. S. McDonald and Ormond & Walsh.

Coal Used by Romans.

It is believed by some historians that coal was used by the Romans on the continent and by the Britons on the island before the arrival of Cæsar. As early as 1234 Henry III granted a license to dig coal near Newcastle, but a few years later the use of coal was forbidden in London, the smoke being deemed prejudicial to public health.

In 1306 the London gentry petitioned the king against its use, declaring that, in spite of his royal order, certain malicious persons persisted in burning it. Coals began to be brought from Newcastle to London in 1881, during the reign of Richard II. By the year 1400 coal was commonly burned in London as a fuel, though 200 years later in the reign of Charles I, its use was far from being general throughout England.

Anthracite coal, which, except the diamond, is the purest form of carbon known, was first used by a Connecticut blacksmith named Gore, in 1768, and as a domestic fuel by Judge Jesse Fell of Wilkesbarre, Pa., in 1808.

Of Local Interest.

To all who have felt the evil effects of deranged kidneys is the assurance that Dr. A. W. Chase's Kidney-Liver Pills are meeting with enormous sale and unparalleled success in this district. Backaches and aching kidneys are fast becoming a thing of the past where Dr. A. W. Chase's Kidney-Liver Pills are known. One cent a dose, 25 cents a box, at all dealers.

SALT RHEUM TORTURES

Die away before the magical effect of

Dr. Chase's Ointment

The tortures of Salt Rheum are almost beyond human endurance, and as the flesh becomes raw, and the itching and burning increase, the suffering is so intense as to almost drive one crazy.

In desperation salves and ointments are applied, only to give rise to further disappointment and despair.

But there is hope. There is assurance that you can be cured just as scores and hundreds of others have been by using Dr. Chase's Ointment.

Mr. John Siron, of Aultsville, Ont., writes: "For seven years I was a sufferer from Salt Rheum, and my hands were so bad I had to wear greased gloves. Nothing seemed to help me, but I was induced to try Dr. Chase's Ointment, and one box cured me completely. There is not a trace of the Salt Rheum left."

Dr. Chase's Ointment has effected most miraculous cures in all parts of this great Dominion. Could you have better assurance that it will cure you? For sale by all dealers, or Edmanson, Bates & Co., Toronto.

Bed Bugs.

The housewife's horror—driven out of the house with Persiatic Bed Bug Exterminator. It is a liquid—much more effective, searching and cleaning than a powder. One or two applications, on the parts infected will completely exterminate every trace of insect pests. Persiatic Bed Bug Exterminator is the most powerful insecticide in the market. At all druggists; price 25 cents.

ENEMIES OF RATTLESNAKES.

Hogs and Black Snakes Kill the Venomous Reptiles With Impunity.

The two greatest enemies of the rattlesnake are the black snake and the hog. The rattlesnake is slow and sluggish in movement, while the black snake is intensely rapid. The latter will circle around his foe and with a sudden dart grasp the venomous reptile by the neck, so that it has no chance to use its poisonous fangs, and quickly squeeze it to death. A hog, especially if fat, suffers no danger from the rattlesnake. He will march boldly up to the coiled reptile, allow himself to be struck in his jowls once, twice or three times, as the case may be, and will then calmly proceed to swallow the reptile without concern. The reason for the hog's immunity is due to the fact that the blood vessels are so minute and infrequent on his cheeks, where fat is predominant, that they fail to take up the poison and carry it through the porcine system. Hogs have been used in droves to clear some of the islands of the southern seas of poisonous reptiles and have proved successful.

By remembering two simple facts any one can distinguish a poisonous serpent from a harmless one. The venomous reptile invariably possesses a triangularly shaped head and a blunt nose, while his tail is correspondingly blunt and stubby. Any snake that tapers smoothly from the middle of its body to the tip of its nose and to the tip of its tail as well, growing slender in a gradual and regular manner, is absolutely devoid of venom.

YEARS OF TORTURE.

Helped in a Trice and Permanently Cured.

Persistent use of Dr. Agnew's Ointment will eradicate almost every kind of skin disease. No matter how long standing or distressing, it allays irritation with one application. It's the quickest, cure known for eczema and salt rheum, and will cure blind, bleeding or itching piles in from 3 to 5 nights.

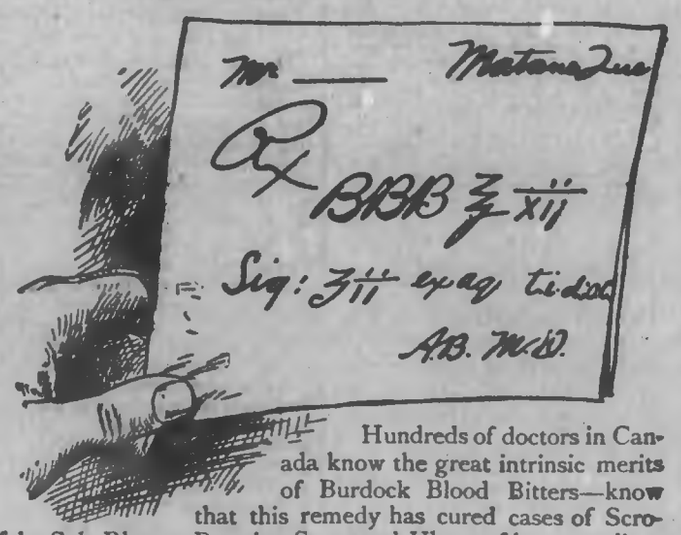
Dr. A. Bouillon, Matane, Que.,

Prescribes Burdock Blood Bitters and recommends it as a Reliable Medicine.



Hundreds of doctors in Canada know the great intrinsic merits of Burdock Blood Bitters—know that this remedy has cured cases of Scrofula, Salt Rheum, Running Sores and Ulcers of long standing, Kidney diseases, Cancer and other malignant diseases that defied all ordinary treatment.

Many prescribe it in their regular practice, but only a few have the manliness to come forward and acknowledge it and give credit where credit is due.

One of these is Dr. A. Bouillon, of Matane, Que., who wrote the following under date of January 14th, 1899:

"I have prescribed Burdock Blood Bitters in a case of affection of the kidneys with a tendency to albuminuria, and I have found it very reliable to stop the said disease after a treatment of a few months, consequently I recommend it in same affections."

A Bouillon, M D

Explanation.—With reference to the above drawing we would say to those unfamiliar with medical terms that the interpretation is as follows: Burdock Blood Bitters 12 ounces. Directions: Take 2 teaspoonfuls in water 3 times a day before meals.

FACE & HEAD
COVERED WITH SCALES

Shed a Tablespoonful at Night. Hair Full of White Scabs. Offer $100 for Cure. Friend Suggests CUTICURA REMEDIES. Tries Them and is Cured.

Last summer I had company,—a man and his wife. The man's hands and face had dry, scaly sores on them, and his head was covered with the same, his hair being full of those white scales or scabs. His wife said, "Some mornings she would find a tablespoonful or more of them in the bed." I asked him what ailed him, and he replied "that he did not know." "Why don't you cure yourself?" "I would give a hundred dollars to be cured. I have paid out a lot of money, but don't get cured," he said. Well, I told him "I would cure him for less than that," and told him to get the CUTICURA remedies and he would be cured. As he was living in Bristol, Vt., I did not see him for some time after, and then he fairly shouted to me: "I am cured. CUTICURA has done it. The Lord bless you and CUTICURA." MRS. SARAH E. MINER,
Feb. 27, 1899. Lincoln, Addison Co., Vt.

TETTER CURED BY CUTICURA

I had Tetter on my hands for two years. My hands were all cracked to pieces, and bled so that I could not decently dress myself, and they itched terribly. I tried everything, but nothing seemed to do me any good. I tried the CUTICURA remedies and they no longer bother me at all.
SALLIE E. COPELAND, Woodland, N. C.
Sept. 17, 1898.

CUTICURA
Begins with the Blood and Ends with The Skin and Scalp.

GOOD NEWS TO THE PEOPLE:

I've come again to get another pund o' yer good 25 cent Japan tea. We think your tea the best, an' that's just the reason we buy it. It is fine tea, and John says anbody ocht to get the best value for their bawbees and your just the man to gie it. We've tried either shops, but were richt at last, and we will stay wi' ye. We are pleased to see that the people of the town and country appreciate our efforts to give them the purest and best teas, general groceries and provisions at honest prices. There is no gold mine to give away, but we promise to give our friends and customers the best value all round that can be given. We invite all the people to come and share in the good things to eat. Good assorted stock of Fresh Vegetables, Canned Goods, Pickles, H. Radish, Preserves (home made), at low prices at the place where the people buy the good tea.

JAS. SUTHERLAND, 323 George St. Peterborough.

RIVER AND LAKE RIPLETS.

Breezy Items from the Otonabee and Rice Lake Ports.

—The water in the Otonabee is lowering somewhat, much to the pleasure of the steamboat men.

—Riverside Park is still under water. The spot could be made very attractive if it was not for this drawback.

—River men report that there are fair prospects for freight this season.

—The Sons of England and the Salvation Army have applied for excursion dates on the steamer, City of Peterborough.

—The Canadian Order of Foresters of Centerton will run an excursion on the steamer, City of Peterborough from Harwood to town in the early part of June.

—The City of Peterborough is being changed to burn coal, owing to the scarcity of wood in this section. The light snows of the past winter prevented its being drawn.

—The steamer, Eclipse took a load of lumber down to Idyl Wyld on Thursday for the new hotel there. It returned to-day with another load from the mills of John Smith, Hiawatha.

—Fishing for suckers is a favourite pastime with the boys just now. No bait is needed and some were actually caught by hand at the locks yesterday.

—Wild ducks are plentiful at Rice Lake.

—The fishery inspectors are keeping a close watch for anglers that catch fish out of season.

—The Health Inspector has tested the town's drinking water from the Otonabee river and reports that it contains no impurities.

—The river continues to rush swiftly down on its course to Rice Lake. A good idea of its speed can be obtained at the Hunter street bridge.

—The steamer, Sunbeam is receiving a thorough overhauling preparatory to the opening of the season. A fine new wheel, the work of Mr. E. Griffin, has been placed in the pilot house.

—The committee of the Independent Order of Foresters are making arrangements to hold their excursion and picnic on July 1st via G.T.R. to Lakefield and by boat to the points on Stony Lake.

—The frame of Capt. Reynold's new boat to replace the Golden City, which was destroyed by fire, was taken up to Lakefield this week. The steel frame was made in Toronto and was shipped up in pieces, to be put together in the village.

—The Norwood Register says: Nearly all the logs at Mr. Boswell's mill at Trent Bridge have been converted into lumber; and it is reported that Mr. Boswell has accepted a proposition as mess mate or engineer on the City of Peterborough, which will run on Rice Lake this summer.

—St. George's Sunday School runs an excursion from Hastings to Peterborough early in June on the City of Peterborough.

KEEP AWAY FROM THE GOLDEN KLONDYKE,

IS THE ADVICE OF A DAWSON CITY EDITOR.

There are too Many Men to the Acre there Now—It's Not All Gold that Glitters—There's Ice that Shines and Cold that Congeals.

There is nothing more alluring than the pursuit of gold and nothing —but a woman—will tempt men to undergo such hardships as the chance of getting at gold. This explains the rush to the Klondyke, where of course there is gold galore, but the conditions under which it is got are such as to make the earning of a dollar in the Klondyke as difficult as earning a dollar in a slower way in Ontario.

Twenty million dollars is the highest estimated gold output of the Yukon this year, and seems a big figure. But if there are, as supposed, forty thousand miners in the country, it is but $500 apiece however. The average man could make as much at home, suffer less bodily discomfort and less sacrifice of the comforts that pertain to civilization in a milder climate of Canada. Apropos of this the following from "The Klondyke Miner and Yukon Advertiser" sent by Mr. Charles Gladman to his father, Mr. Thomas Gladman, gives a good idea of the actual situation and shows that the Klondyke is hardly a terrestial paradise. Mr. Gladman writes that the paper he sends is published by Canadians and can be depended upon, a statement that suggests that Mr. Gladman endorses the correctness of the following from the paper in question:

The Los Angeles, Cal., Times prints the following, and it is only a fair sample of the stories that the San Francisco, Seattle, Portland, Victoria and Vancouver papers continue to print of the country:

"H. M. Sinclair, of Los Angeles, Cal., is at Vancouver, B.C., on his way out from the Klondyke to this city. He claims to have unearthed the mother lode in the Yukon gold fields, three and one-half miles from Dawson, on Bonanza creek.

"The new discovery has created great excitement. Hundreds are going out to make stakes, and already 400 new claims have been recorded at Dawson. The vein is over twenty-five feet in width, and can be plainly traced 5,000 feet along the mountain.

"Cutting through a highly mineralized ore body on one side of the vein they prospected this deposit and it is at least 500 feet wide and 1,500 feet long. In fact, the whole mountain is one solid body of gold-bearing ore. A development contract for 1,000 feet of work has been let, and Sinclair expects to hear wonderful news of the property very soon. This great lode was very near the route of the trail up Bonanza, and men have been passing within a few hundred yards—down the hill—for years."

The printing of such stuff by outside papers is worse than rot, because there are a few fools who, believing it, may be induced to leave their homes and come into this heavenly land, where June zephyrs prevail the greater part of the year and mountains of solid gold are to be found on every hand. A reference to our exchange just in by the Richardson mail shows that during the winter the coast papers were diligently putting in the time reporting such stories. They did not at all apply to the Klondike, of course, for the truth in reference to this country was becoming pretty well understood by reason of the return of hundreds of thousands of the disappointed Klondykers to the States last fall. But Atlin furnished material for a great boom, worked for the benefit of outfitters of the coast, and the tales of the wealth of that region even surpassed those of the wonderful riches of the Klondyke, told only twelve months before.

During the winter British Columbia adopted a law debarring aliens from acquiring claims in that province, and it is laughable to observe the accounts of rich discoveries in the Alaskan fields that at once begin to fill the columns of the United States exchanges to the exclusion of Atlin. Space is no longer wasted on Atlin, because that field, unfortunately, lies in British Columbia, and the American outfitters cannot profit by booming that country. But rich finds are at once reported on this, that and the other creek in Alaska, for here the American outfitter gets in his work. Vancouver and Victoria still swear by Atlin, for the seeking of mineral wealth in that province becomes the prerogative of the British citizen solely. On both sides of the international boundary line they again lift up the Klondike banner, for the Dominion government has not yet barred anybody out of this field.

It is time that papers here tell the real truth to the world about the gold discoveries of this northern land so far as they are understood at this time. The Klondyke field is a rich one, but so far as yet shown it is of very limited extent. No new discoveries of gold, extending the limits of the field, have been made since the creeks were first staked. Those creeks staked under the original 500-foot regulation seem to be practically the only creeks where rich pay is now found, and many of them have proven of no value. A very few hundred, of all the thousands of claims staked, are paying under the conditions that they has to be worked here. No quartz of any value has yet been discovered so far as known by us. There are many more men in this field than can get work to do at any kind of wages, to say nothing of living wages, and next summer will see many of them leave the country.

We do believe that there are methods of mining in these fields, such as hydraulicing, dredging, etc., that can be made profitable to persons controlling capital; but until capital introduces economies here that will enable the low grade grounds to be profitably worked there are more than enough men already here to do the work that is to be done.

WEALTH COULDN'T SAVE HIM.

Deadly Kidney Disease had him in its Clutch—South American Kidney Cure Snapped the Cord and Made him Whole Again.

A young man, a son of one of Canada's wealthiest citizens, two years ago contracted kidney disease by taking a cold plunge in the lake when the body was overheated. Specialists could diagnose but could not cure the malady, and when half the globe had been travelled in hope of help and a cure he returned to his home apparently with but a short time to live, but the printed testimony of the cure of a school boy day acquaintance attracted him to South American Kidney cure. He procured it and persisted in its use, and although it was a stubborn case, to-day he is well and healthy.

Dr. Dr. Von Stan's Pineapple Tablets, at All Druggists, 35c. a Box—60 Tablets.

CHAPTER IV.

1. How vain are the complaints of the thousands who call stomachs are the abodes of distress!
2. How idle are the lamentations of those that suffer dyspepsia?
3. How long—O, how long will they suffer, ere they know the right thing for relief and the cure?
4. They diet and doctor, and try powders and pills—and still suffer the torments of all manner of ills.
5. Why not end all the trouble and be freed from distress, with a cure for the stomach that never fails of success?
6. Heartburn, sour stomach, nausea, sick headache, and all other distresses of indigestion are remedied quickly with Dr. Von Stan's Pineapple Tablets—a single tablet always gives instant relief.
7. Many old cases of dyspepsia are permanently cured with one box of Dr. Von Stan's Pineapple Tablets—60 tablets in a box—35 cents, at all druggists.

Sold by H. S. Macdonald and Ormond & Walsh, druggists, Peterborough.

Is Your Piano in Tune?

ROSEBERY'S SPEECH.

Former Liberal Leader's Appeal to Throw Home Rule Over.

HIDEOUS POLITICAL APATHY.

The Earl's Remarks So Cryptic in Their Character That The Times Is at a Loss to Say Precisely What They Mean—Whiggery With Imperialistic Sauce Now the Program.

London, May 8.—Politically, the feature of the week was the speech of the Earl of Rosebery before the London Liberal Club Friday evening. The speech was tantamount to a volteface on the part of the Earl, who expressed his desire for a revival of the old Liberal spirit that prevailed prior to 1886, and said that he regretted the division occasioned by the home rule question. His onslaught on "hideous political apathy" and his tracing of the decay of the Parliamentary Liberalism to home rule, it is thought, may be the forerunner of his return to the head of a united Liberal party. The stress which Lord Rosebery laid upon Imperialism has given the impression that he would be willing to give it home rule's place in the Liberal programme, quietly dropping home rule.

Press Opinions.

The Times says that his remarks "were of so cryptic a character that plain men may conceivably feel somewhat at a loss to say precisely what they mean." The Standard says: "If we read Lord Rosebery's words aright, he decides that home rule must be dropped, and that the Liberal-Unionists must be coaxed back into the fold by an open confession that they were right in deserting it." The Morning Post says: "His denunciation of the home rule policy was unsparing." The Daily Telegraph says: "Whiggery revived, with a strong flavor of Imperialism, is Lord Rosebery's remedy for the anaemic condition in which Parliamentary Liberalism, at present finds itself." The Daily News, cautiously analyzing his speech, discovers that Lord Rosebery's view is that this country has been alienated from the Liberal party by three things: Fear of extremes, home rule bogey and a dislike of Little Englandism. The Chronicle says that Lord Rosebery appeals to the Liberal party to dissolve all the ties of common purpose so far as these relate to the prosecution of Irish autonomy, and adds it is an appeal in plain words to Whiggery. It asks what Chamberlain will do, since Rosebery now reverts absolutely to the position which Chamberlain deliberately adopted nearly 15 years ago. The Pall Mall Gazette says that Lord Rosebery tells the members of the party that "they have been all in the wrong, and that they must drop home rule for good and all, and hark back to the policy of Whiggery, tempered by Imperialism." The Globe applauds Lord Rosebery's ambition, defining it as "no less than to reconstitute the Liberal party as it was before the home rule split and to find a basis for union in the principle of radical Imperialism."

ANGLO-RUSSIAN AGREEMENT.

The Note Made Public—Yangtse Valley Recognized as British—Northern China Is Russian.

London, May 8.—A Parliamentary paper has been issued containing the identical notes exchanged between Great Britain and Russia relative to the spheres of influence in China. The preamble declares that "Great Britain and Russia, animated by a sincere desire to avoid in China all cause of conflict on the question where interests meet, and, taking into consideration economic and geographical gravation to certain parts of that Empire, have agreed as follows:

"Clause 1. Great Britain engages not to seek either for herself or in behalf of others railway concessions north of the Great Wall, and not to obstruct Russian applications for concessions in that region."

In clause 2 Russia makes a similar agreement toward Great Britain relative to the basin of the Yangtse.

Clause 3 says that the contracting parties, having in no wise in view to infringe in any way the sovereign rights of China or existing treaties, will not fail to communicate to the Chinese Government the present arrangement, which, by averting all cause of complications between them, is of a nature to consolidate peace in the far east and serve the primordial interests of China herself.

A second note, forming an addendum to the first, commences: "In order to complete the notes exchanged respecting partition of spheres for concessions for railways in China," and then proceeds to record an agreement regarding the Shanghai, Kuan & Newchwang Railway protecting rights acquired under the loan contract and providing that the railway must remain a Chinese line subject to the Central Government, and cannot be mortgaged or alienated to a non-Chinese company.

France Encroaching Again.

London, May 8.—A despatch from Shanghai to a local news agency says that the French claims for compensation for the outrages at Szechuen, where a French mission was burned by Chinese fanatics and a number of missionaries were maltreated, comprise territory 83 miles wide along the Yangtsekiang. This demand, the despatch says, challenges British supremacy in the Yangtse Valley.

THE TRANSVAAL.

London Chronicle Has News Which It Does Not Think Advisable to Print Just Now.

London, May 8.—The uneasy feeling that is prevalent here concerning developments in the Transvaal already is shown to an appreciable extent in the fall of South African securities on the Stock Exchange, while The Chronicle on Saturday stated that it has received sensational news, which, in view of the situation, it does not think it right to publish.

Significant, too, is the reply of Lord Lansdowne, Secretary for War, to a question in the House of Lords, where he refused to give up Ladysmith, in Eastern Cape Colony, as a military station.

The Uitlanders' petition to the Queen is still under consideration, but action thereon will soon have to be taken, and then the responsibility for what follows will be with President Kruger. Private information received here points to a general belief on the part of those interested in South African affairs that Kruger is unlikely to accede to Mr. Chamberlain's demands. In that case the Colonial Secretary is almost certain to proceed to extremities in force.

NEWS FROM THE PHILIPPINES.

Gen. Mascardo Thinks He Can "Whip the Whole Lot" of Americans.

Manila, May 8.—To clear the Filipinos out of Bacolor, about five miles southwest of San Fernando, will be the next task of the Americans. The rebel general Mascardo has a force of 6,000 men there, well armed and possessed of plenty of ammunition. His troops have never met American soldiers, and they think, according to reports carried to San Fernando, that they can "whip the whole lot."

The rebels have an outpost about a mile beyond San Fernando, with a trench that holds between two and three hundred men. From that point several volleys were fired last night upon the camp of the 20th Kansas Regiment.

Neither Major-General MacArthur nor Major-General Lawton moved on Sunday.

It is rumored that Mabini, president of the Cabinet and Minister of Foreign Affairs in the so-called Filipino Government, who is a Radical, is to be succeeded by Paterne, framer of the Spanish treaty of 1896. This change is regarded as significant at the present juncture.

TRADE RETURNS.

Increases and Decreases in Our Trade With Britain.

London, May 8.—The British Board of Trade returns for the month of April show the following changes in Canadian imports in British bottoms: Increases—Cattle, £9,000; corn, £9,000; bacon, £3,000; hams, £19,000; butter, £3,000; lumber, £32,000. Decreases—Sheep, £1,000; wheat, £19,000; flour, £9,000; peas, £3,000; cheese, £1,000; fish, £31,000; pulp, £7,000; timber, £4,000; horses, £1,000. The returns of exports to Canada in British bottoms show that the following increases occurred: Cottons, £3,000; linens, £3,000; laces, £2,000; silks, £1,000; woolens, £5,000; cutlery, £1,000; iron plates, £1,000; lead manufactures, £4,000. The exports of tin and iron decreased considerably.

Did They Try to Buy?

Winnipeg, May 8.—It is currently reported in railway circles in St. Paul that efforts have been made to purchase the entire system of the Northern Pacific Railway within the Province of Manitoba, with a view to its ultimate amalgamation with the Canadian Pacific Railway.

700 MEN QUIT WORK.

Nearly 600 of Them Are Moulders in the City of Montreal.

100 COTTON OPERATIVES OUT.

Both Sides Confident of Winning the Fight—Seems Now to Be a Question of Union or No Union in the Moulders' Matter—Bad Outlook at Buffalo.

Montreal, May 8.—The iron founders had a meeting at the Windsor on Saturday evening and decided that they would have nothing more to do with the union leaders who have brought about the strike. On the other hand, the men appear in no wise disconcerted at the announcement that the employers had determined to ignore the union. The following is a pretty correct list of the firms and the number of strikers: Parker's Foundry, 15; H. R. Ives & Co., 60; Amesse & Co., 15; W. Rodden & Co., 25; the Grand Trunk, 90; the Canadian Switch Company, 30; the Caledonia Iron Works, 30; Warden, King & Co., 50; the Canadian Pacific, 100; the Laurier Engine Works; 70; Drummond, McCall & Co., 70; Charity, Garth & Co., 20; Beaupre & Co., 15, or a total of 590 men who have quit work.

Cotton Employes Strike.

The Merchants' Cotton Manufacturing Company, which recently issued a circular announcing an advance in the prices of its products, has another though less important strike. About 100 employes went out on Saturday because they were refused an increase of ten per cent. in their wages.

Last week some of the other employes asked and obtained a similar advance. The company offered the strikers an advance of five per cent., but they refused it and left work.

Bad Outlook at Buffalo.

Buffalo, May 8.—The threat made last week by the officers of the Grain Shovellers' Union that if their troubles with the contractors for unloading grain at this port was not soon settled that the entire commerce of the great lakes would be tied up, seems about to be fulfilled. The strikers absolutely refused to negotiate further with the members of the State Board of Arbitration or with the officials of the Lake Carriers' Association until the contract with W. J. Conhors for the unloading of grain is annulled. The Lake Carriers' Association absolutely refuse to listen to this proposition, saying that it is impossible.

Bishop Quigley of the Catholic diocese of Buffalo has been appealed to by the State Board, but asks a day to consider.

In the meantime the harbor is becoming more and more congested.

ANOTHER BANK IS ROBBED.

Bank of Commerce at Dresden Loses $7,000 on Saturday.

Chatham, May 8.—Between 3 and 4 o'clock Saturday morning the vault in the Canadian Bank of Commerce at Dresden was blown open and $7,000 in $5 and $10 Bank of Commerce bills secured. At about 4 o'clock Ben Madden and his wife, who live over the bank, were awakened by an explosion, followed shortly after by a second explosion. They had no idea the bank was being robbed, so that they did not bother getting up, and the robbery was not discovered until the bank officials went to work in the morning. Manager Musson sent into the Chatham branch of the bank for money for the day's business. There is no clue to the perpetrators of the job.

Scientific Research in Don Valley.

Toronto, May 8.—The natural history section of the Canadian Institute on Saturday afternoon visited the well which Prof. Coleman is sinking in the Don Valley. When the party arrived, the workmen were down 83½ feet, and had just struck gravel, after passing through nothing but sand. In this gravel were shells similar to those found in the Mississippi and southern rivers, as well as other shells, showing that the waters of the region have been warmer, and at other times colder than the present temperature of Lake Ontario. This well is being sunk under directions from the British Association, to prove a long-established theory in regard to interglacial deposits. Probably the best evidences of inter-glacial deposits in the world are to be found between Toronto and Scarboro, and for this reason the British Association, by sinking a well to find the formation, hopes to prove beyond a doubt that the theory is correct. At 24 feet 9 inches the men struck a hard clay just as the party was leaving. Should peat be found in this clay, similar to the peaty clays of Scarboro and at the Don brick yards, the inter-glacial section will be complete. The men have about 90 feet further yet to go.

Hanging in the Barn.

Brantford, May 8.—Mr. George Simpson, a well-known farmer living a mile and a half north of Onondaga, made a painful discovery on Saturday. On going into his barn at an early hour he found the body of his nephew, Edwin Simpson, hanging from one of the rafters. He lost no time in cutting the rope, but the suicide's life had been extinct for some hours. Deceased, who was 29, had acted a little strangely of late, but the family had no suspicion that he would attempt to take his life.

Sacred Year of Jubilee.

London, May 8.—A special despatch from Rome announces that the Pope has signed a bull proclaiming a sacred year of universal jubilee, beginning Dec. 25 next. His Holiness accords plenary indulgences to pilgrims to Rome, and other recognized shrines of the church throughout the world, during 1900.

Flew Through the Water.

London, May 8.—The Japanese torpedo boat destroyer Akemono, built by Yarrow & Co., in a trial trip Saturday maintained an average rate of speed of 31.16 knots in three hours' continuous running, with a load of 350 tons.

Ladies' Suits.

Twenty-four Styles. **Twenty-four Styles.**

These are the models of the largest manufacturers of Ladies' High-Class Suits, Mantles and Skirts. There are thirty Suits in twenty-four styles of the latest designs for street and bicycle suits. All are men tailored, the inside as well finished as the outside, Some severely tailor-made, others braid trimmed, others again contrasting cloth trimmed—all are jaunty. Prices one-third to one half less than we would have to ask you had we bought them in the regular way

Have you thought of taking an outing! One of these would be an admirable adjunct to your travelling outfit. You might as well have first choice as your neighbour. See them anyway,

J. Sutcliffe & Sons,

Lindsay, Peterborough, Kingston

"A Cheerful Look Makes a Dish a Feast."

"Cheerful looks" depend just as much upon physical well-being as upon natural disposition and temperament. If the blood is disordered, the brain is starved, and no "dish is a feast," for the reason that the vitalising elements do not reach the proper spot.

A step in the right direction is to purify the body by the use of a natural remedy. Hood's Sarsaparilla is Nature's remedy. It acts upon the blood, and whether the seat of the disorder is brain, stomach, liver or kidneys, the purifying process of this medicine is equally sure and successful.

It never disappoints.

Great Builder—"Have used Hood's Sarsaparilla for indigestion, constipation and finds it builds up the whole system and gives relief in cases of catarrh." WILLIAM E. WELDON, Moncton, N. B.

Sour Stomach—"My system was out of order. I suffered from headache and sour stomach. Took Hood's Sarsaparilla, my health improved and I gained 18 pounds." MAXWELL D. SHANGNAW, Colebrooke, Ont.

Bad Cough—"My sister was troubled with a cough which caused pain in her left side. She was confined to her bed. We gave her Hood's Sarsaparilla and in a few weeks she was able to sit up in bed, her appetite improved and the cough and accompanying pain disappeared." LILY WALKER, 24 Cottingen Street, Halifax, N. S.

Dyspepsia—"My husband suffered with dyspepsia. Physicians did not benefit him. Two bottles of Hood's Sarsaparilla relieved him. My husband's father and our little boy have been wonderfully benefited by this medicine." MRS. O. F. CHAMBERLAIN, Glen Sutton, Que.

Run Down—"My system was run down. I could not sleep nights and my appetite was poor. Hood's Sarsaparilla restored an appetite and strength and has made me feel like a new woman." MRS. S. E. DRYDEN, Amherst, N. S.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Sarsaparilla.

Daily Examiner.

MONDAY MAY 8, 1899.

EDITORIAL NOTES.

The postoffice department under Mr. Mulock's administration is a model department. Last year showed an increase in revenue of $324,871 and a decrease in expenditures of $214,066, representing an improvement in these two items of $538,937—a pretty big rub towards wiping out the deficit of between $500,000 and $700,00, which had become chronic.

Those to whom fishing appeals merely as a sport, will hardly credit the statement that the fisheries of Canada are worth over twenty million dollars a year. Yet the last report of the Minister of Marine and Fisheries, imforms us that in the twelve months of 1897 the value of the fisheries of Canada was $22,788,546. The decision of the Judicial Committee of the Privy Council giving over the fisheries to the provinces will make a difference in the total of the Dominion returns but no doubt the aggregates will be maintained, and doubtless increased, as it was last year over the previous year by some two million dollars. With the result of legislation to preserve and increase our stock of fish, the returns will doubtless continue to improve.

OUR BUTTER TRADE.

Representative of an English Firm Visits the Factories.

Mr. Geo. P. Sparrow, of the commission firm of Mills & Sparrow, London, Eng., who has been in town for the last few days in connection with business of the Matthews Company, left last evening for Ottawa, and from there will go out to Kansas City, returning in the course of a week or so to Toronto.

The firm mentioned is sole agent for the Matthews Company in England, and also handles enormous quantities of Australian and New Zealand butter, which arrives in Great Britain in prime condition in consequence of having been forwarded in cold storage, a temperature of about ten degrees being required to preserve the butter during transportation.

Mr. Sparrow prophesies a great future for Canadian butter in the English market, and whilst here, accompanied by Mr. T. F. Matthews, he drove around to a number of the cheese factories in the district which make, or contemplate making, butter after the cheese season closes. The mode of shipment, etc., was discussed with the factory men, and it is altogether likely that as the result of Mr. Sparrow's visit a large local trade in butter will develop between the Peterborough district and Great Britain.

A Good Thing Well Done.

New and pleasing ideas in advertising always interest. Nothing has appeared for years which is so attractive as the Hood's Sarsaparilla advertisements, utilising proverbs and wise sayings as headings, each followed by a little homily cleverly connecting the proverb with the subject. Besides this, the quaint Jansen italic type for the preliminary sentences, finishing with a setoff slogan, "Hood's Sarsaparilla Never Disappoints," adds to the effectiveness. All this work is running in over 7000 papers.

Children Cry for CASTORIA.

TRIFLES.

BY LYTAS AYR.

(Written for the Examiner.)

Lytas is a new element in the staid and sober house of Vere. She is young and pretty and her thoughts flow along like the rippling water of a swift running brook; moreover, she has the faculty of thinking aloud when occasion, or her humdrum cousin, Percy Vere demands it, and as her remarks promise to be out of the ordinary they may be worth committing to paper frequently.

The spirit of unrest seized her this evening, so we mounted our wheels and rode towards the country. Now my lady has a habit of arriving at certain conclusions which appear rational enough, but often lead her into serious error, for after winding in a serpentine manner around five large stones and jumping a hole, landing on the spongy grass at the roadside, she remarked as I picked her up.

"It is strange that in a town of this size, so few people ride."

"Oh, but they do," I remonstrated, "nearly everyone does."

"Indeed," she answered, then you are allowed on the plank walks."

Not at all, do you think you are in a village? I asked indignantly.

"Well, she laughed, if I only looked at the road, I would say "no" certainly! I'd think I was in Muskoka district in the corduroy region."

Never mind Lytas, when we reach the blessed country there will be no more sewers or concealed cartracks, and there was not, only mud so I led the way to the soft oozy grass which pleased my lady exceedingly, for I heard a swishing gurgling sound and found her actually riding in a little stream and imperiling the life and limb of the cheerful gentlemen, who hush us to sleep with their merry matins.

I apologised for the unprepossessing state of the country, but Lytas was ready to accept the situation and explained: "Spring is the morning of the year you know, and dame Nature has slept rather late this season and consequently feels out of sorts. None of us present a very favourable appearance in the very early morning before we have our hair brushed, or the sleep washed from our eyes. Give the dear lady time to make her toilet. The fault is not hers but ours. We are making too early a call and must not be critical in consequence.

As if the gracious dame heard her words, she seemed to sigh a sleepy smile of appreciation, for a soft haze overspread Clonsilla, and stole into the wheat green valley below just as the sun shone a good-night kiss on the hill-top, and Lytas Ayr again mounted her wheel and rode home with PERCY VERE.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst *form of slavery.* George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by J. Lynch, Druggist.

MINING NOTES.

From the Marmora Herald.

Belmont Gold Mine shipped twenty pounds of gold bullion on Tuesday.

Mr. Jas. P. Cotter, of Sherbrooke, Que., erecting engineer for the Canadian Rand Drill Co., is at Deloro. He will shortly go to the Belmont Gold Mine and put the compressor in position.

The Belmont Gold Mine have received another carload of air compressor machinery this week. This will complete the plant. The air compressor building is completed. The engines are in place and the plant will shortly be ready to start.

Mr. Ernest Fralick, son of Judge Fralick, of Belleville, called at our office Saturday. Mr. Fralick is a student of the Kingston School of Mines and will graduate next year. He says that the professors state that Belmont and Deloro are the two best managed mines in Ontario.

A MOTORMAN'S VICTORY

Over Diabetes, Gained by the Power of Dodd's Kidney Pills.

Toronto, May 8.—In a large city like Toronto, there is always much sickness, kidney disease largely predominating. The street railway employees, exposed as they are to all the inclemencies of the weather are particularly liable to kidney disease. But they all know how to conquer this enemy.

For instance; Mr. T. H. O'Reilly, 27 Niagara street, motorman, No. 624, was for three years a great sufferer from Diabetes. Every remedy failed to help him, till he began to use Dodd's Kidney Pills. Three boxes cured him.

It is cases like this, where the patient and the cure are equally well known, that are the test of a remedy, and Dodd's Kidney Pills have always stood it successfully. They cure all kidney complaints.

Hairene for the Hair

Dr. Andrew Grant & Co., Toronto:

Dear Sirs,—Having had your "Hairene" in stock now for about a year, I cheerfully testify to its merits, not only as a seller, but one giving entire satisfaction to my customers, and is the best article of the kind that has ever come under my notice.

Yours very truly,
W. R. HOWSE,
Druggist.

Whitby, Ont.

For sale by all druggists. Price $1 per bottle.

Cook's Cotton Root Compound

Is successfully used monthly by over 10,000 Ladies. Safe, effectual. Ladies ask your druggist for Cook's Cotton Root Compound. Take no other as all Mixtures, pills and imitations are dangerous. ALBERT TOILET SOAPS.

WARRINGTON'S FAILURE.

The English Bankruptcy Court Dissatisfied with the Statement.

According to the Montreal Star the English courts are by no means satisfied with the way in which matters have been conducted in regard to the failure of J. C. and G. D. Warrington, the cheese men who, it will be remembered, assigned some months ago.

Exception is taken to the fact that there was no joint statement of the affairs of the firm, and that the Montreal, Liverpool and London concerns were treated as if separate businesses.

It has been suggested to Mr. S. R. Warrington that it was not quite regular to carry on business while the firm was in an insolvent condition, but he had replied that he was doing so on the advice of his lawyers.

His Honor, before whom the case was heard in the English bankruptcy court, stated that the accounts were not in proper form, and that he must insist upon having a statement in which the accounts of all the different houses were treated as one and as distinct firms. The case was then adjourned until May 10, in order that this could be done.

J. C. Warrington presented a statement of the affairs of the Montreal house, which showed unsecured liabilities of £12,044 6s 9d; debts fully secured, £177,729 19s; contingent or other liabilities not expected to rank, £26,295 7s 4d; assets, £26,172, 18s, 8d, showing an estimated surplus of £13,528 11s, 11d, subject to realization. A statement was also filed by G. D. Warrington in connection with the London and Liverpool houses which showed total liabilities of £38,007 18s 3d, of which £10,941 9s 6d were unsecured, and assets estimated at £1,580 12s 11d. From accounts received it appeared that certain creditors were scheduled at Montreal whose names did not appear in the accounts filed in court. It would seem that a surplus of £13,250 was claimed, and that the unsecured liabilities were returned at £12,044 only, whereas according to the statement of the curator in this city, it would seem that proofs representing approximately about £55,000 had been made.

NEWS IN BRIEF SPACE.

Paderewski has nearly completed his gypsy opera. It is to be first produced in Dresden.

Rudyard Kipling is to be made an LL.D. by McGill University at Montreal at the June convocation.

Archbishop O'Connor preached his first sermon since his installation at St Michael's Cathedral, Toronto, on Sunday.

The Montevidian has landed at Montreal 19 heavy field pieces, their destination being: Two for Cobourg, Ont.; two for St. John, N.B.; two for Montreal and six for Quebec.

Sultan Abdul Hamid of Turkey is fearful of his brother Murad V., whom he dethroned and succeeded, and is taking severe measures to curtail his influence and opportunities to do harm.

Bismarck's Iron Nerve.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidney and Bowels are out of order. CITY CLOTHING STORE.

Half Sick Half Well

Many persons have their good day and their bad day. Others are about half sick all the time. They have headache, backache, and are restless and nervous. Food does not taste good, and the digestion is poor; the skin is dry and sallow and disfigured with pimples or eruptions; sleep brings no rest and work is a burden.

What is the cause of all this? Impure blood.

And the remedy?

Ayer's Sarsaparilla

It clears out the channels through which poisons are carried from the body. When all impurities are removed from the blood nature takes right hold and completes the cure.

If there is constipation, take Ayer's Pills. They awaken the drowsy action of the liver; they cure biliousness.

Write to our Doctor.

We have the exclusive services of some of the most eminent physicians in the United States. Write freely all the particulars in your case. You will receive a prompt reply, without cost.

Address, DR. J. C. AYER, Lowell, Mass.

BANKS MAKING MONEY.

Nearly a Million and a Half to Be Paid to Canadian Bank Shareholders on June 1.

Montreal, May 8.—The sum of nearly one and one-half million dollars will be paid out in dividends on or about June 1 by the Canadian banks. Some 11 banking institutions chose the first of June as the day on which to begin the distributions of the half-yearly earnings, and, as a consequence, over $1,400,000 will be paid out and will again seek investment elsewhere. The Bank of Montreal leads off with $600,000 to be paid out to its stockholders, while the Merchants' Bank of Canada and the Canadian Bank of Commerce come second with $310,000 each. The following is the list of the banks which will pay the dividend, and in all cases it is for the half year: Bank of Montreal, 8 per cent., $600,000; Merchants' Bank of Canada, 3½ per cent., $310,000; Canadian Bank of Commerce, 3½ per cent., $210,000; Bank of Toronto, 5 per cent., $100,000; Quebec Bank, 3 per cent., $75,000; Union Bank, 3 per cent., $59,934; Bank of Hamilton, 4 per cent., $50,000; Standard Bank, 4 per cent., $40,000; Banque d'Hochelaga, 3 per cent., $48,466; Ville Marie, 3 per cent., $14,388; Ontario Bank, 3½ per cent., $35,000; total, $1,497,788.

A Corn Photographed by X Rays

Shows a small, hard kernel, covered by layers of hard skin. This tiny corn causes keen pain. The only sure means of extracting it, in a day, is Putnam's Painless Corn Extractor. Sure? Yes. Painless? Yes. Cheap? Yes, indeed. Try it.

Advertising in the Daily Examiner brings the best results.

Children Cry for CASTORIA.

THE PACIFIC CABLE.

Sir Sandford Fleming's Remonstrance on That Great Question.

BRITAIN'S RETROGRADE STEP.

The Imperial Government's Proposal a Change of Attitude at the Eleventh Hour—The Effect a Most Serious One—Joint Government-Ownership Plan Accepted in Previous Negotiations.

Ottawa, May 8.—Sir Sandford Fleming, who, it will be remembered, was expert adviser to the Imperial committee on the Pacific cable which sat in London during 1896, has issued a vigorous remonstrance against the unexpected and disappointing attitude of the Imperial Government on that question. The remonstrance is in the form of an open letter addressed "to the British people."

Sir Sanford, after showing that it had been arranged that the Pacific cable should be established as a national work, the Governments of Canada, Australia and New Zealand being joint partners with the Imperial Government; that on Aug. 20 last the Australasian colonies finally agreed to contribute eight-eighteenths of the cost, and last month Canada finally undertook to contribute five-eighteenths, making thirteen-eighteenths in all, thus leaving only five-eighteenths to be assumed by the Home Government, he says:

"It appears that the Home Government, although it has not absolutely declined to enter into the partnership and assume the remaining five-eighteenths of the liability, has merely offered to bear five-eighteenths of any loss of revenue which may result from operating the cable, provided priority be given to Imperial Government messages, and that they be transmitted at half ordinary rates.

"As this proposal at the eleventh hour, taken by itself, involves an entire change in the well-known plan upon which Australia, New Zealand and Canada have been proceeding in their negotiations for more than two years—and, moreover, is in itself of no value in securing the establishment of so important a national work, it is impossible to believe that it is the full or final judgment of Her Majesty's Home Government, for the following reasons, viz.:

"1. It would always be regarded as a recession on the part of the Mother Country from a common understanding with Canada, Australia and New Zealand.

"2. It would always be regarded as an attempt to retard the expansion and cripple the commerce of the Empire, in the interest of a few rich monopolists.

"3. It would always be regarded by the people of Canada, Australia and New Zealand as an unjustifiable and discourteous act to them.

"4. Its effect would be far-reaching, and its immediate effect would be a fatal blow to the scheme for establishing a system of state-owned British cables encircling the globe.

"5. It would be a very grave retrograde step in the Imperial movement, which aims to draw closer the bonds between the Mother Country and her daughter lands."

At great length he states the grounds for these reasons, and he concludes with this pertinent paragraph: "The joint ownership of the cable by Great Britain, Canada, Australia and New Zealand would be a unique co-partnership, unparalleled in history; it would be an object lesson to the modern world. To throw this co-partnership overboard at the last moment would be a momentous step backward in the movement which we had hoped would bring into permanent alliance Great Britain and her self-governing daughter nations in both hemispheres."

FINEST YACHT IN THE WORLD.

Canada May See Her Majesty's New Boat Next Year.

London, May 8.—The Queen's new yacht will be launched to-morrow, the Duchess of York performing the christening ceremony. It is said by the Government builders that the yacht will be the finest in the world for roominess and structural beauty generally. The exquisite carvings are from designs approved by the Queen, and said to have been partly suggested by her.

It is possible that the yacht may be seen in the Dominion, as efforts are being made to induce a member of the royal family to visit Canada next year. Secretary Chamberlain's heart is in the scheme, for he feels strongly that Canada, after her commercial concessions to the Mother Country, is entitled to some special mark of favor. If either the Duke of York or the Duke of Connaught should undertake the ceremonial work of the trip, Secretary Chamberlain will go along as business representative of the Home Office.

Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption. She bought a bottle and to her delight found herself benefitted from first dose. She continued its use and after taking six bottles found herself sound and well; now does her own housework and is as well as she ever was.—Free trial bottles of this Great Discovery at J. Lynch's Drug Store. Only 50 cents and $1, every bottle guaranteed.

A Royal North Pole Hunter.

Rome, May 8.—The young Duke of Abruzzi, King Humbert's nephew, has taken a tearful farewell of his royal relatives and started, via Norway, for the Polar regions. He proposes to make straight for Franz Joseph Land in a specially prepared steamship, the Star of Italy, penetrate as far north as possible, and, when frozen in, to make a rush for the Pole with sleighs. He promised his friends to be back in Rome on June 1, 1900, with relics of Andree.

Great Britain's Trade.

London, May 8.—The returns show that Great Britain's imports for the month of April were £389,694 less than for April, 1898, while the exports were £1,961,436 more. The increase was chiefly in raw material.

Is It an Allan Liner?

London, May 8.—A despatch from Belfast says a steamer, apparently an Allan Liner, has been sighted in a disabled condition eight miles east of Glenarm, about 25 miles north of Belfast.

YOUR '99 MOUNT.

In buying your bicycle for 1899 you should bear one fact in mind, viz.: While there are many good bicycles there is but one best, and that best is

A RED BIRD.

For this season we have provided something exceptionally handsome in Bicycles, and offer you your choice of the following models:

RED BIRD, Model 50,
THE RED BIRD,
RED BIRD SPECIAL,
RED BIRD SPECIAL, Model 51

Among the '99 features we offer are a new crank axle, new front and rear hubs, new seat post fastener, new handle bar adjustment and new front forks, all of which will combine in adding pleasure and comfort to your cycling days.

YOUR EARLIEST INSPECTION IS INVITED.

—THE—
IMPERIAL LIFE INSURANCE CO.
OF CANADA.

Seven Cardinal Reasons for Insuring in the Imperial:

1. It **Affords Unquestionable Security** to policy-holders, by its large Capital Stock of $1,000,000, and its Dominion Government Deposit of $250,000, being the largest Government Deposit of any Canadian life insurance company.
2. **Its Policy Reserves** are held on the most stringent basis used in Canadian Actuarial calculation.
3. **Its Policies do not Restrict** the assured in respect to residence, travel or occupation, and are payable immediately on receipt of satisfactory proof of death.
4. **Its Policies cannot be Forfeited** after three annual premiums have been paid, but provide for surrender values by way of cash or paid-up insurance
5. **The Premium Rates Compare** favorably with those of other insurance companies, and a grace of month is allowed in payment hereof, during which time the policy remains in full force and effect.
6. **Its Policies are Automatically Continued** in force after three years premiums have been paid, for such time as the whole reserve is sufficient to pay premiums.
7. **Liberal Cash Loans** are granted under policies after three annual premiums have been paid.

Making Things Hum at Gough's.

Gough Bros.' prices just now for Spring Clothing actually border on the Sensational!

Only through command of such power as we possess by our Syndicate are such prices made possible in Peterborough.

By our prodigious buying at the **Doull & Gibson** sale and from **E. A. Small & Co.**, the wealthy wholesale clothing makers, of Montreal, we own stocks to-day which were purchased and laid down in our stores in Peterborough **cheaper** by from 15 to 20 per cent. than the wholesale makers sold to retail dealers.

Common sense reasoning, therefore, ought to convince you that we control **better** Bargains by far than even the makers of Clothing themselves.

Buying right in the factory, as we do, our prices are shorn of the wholesalers' profits, the travellers' salaries and other heavy expenses.

You simply pay us one small profit as a turn-over.

Figure it up! Look into the matter! Attend our great Combined Double Header Sale, now in full blast, and be winners with us.

The largest stock of Men's, Youths' and Boys' Spring Clothing to select from.

Half Prices for Whole Suits is making things hum at Gough's.

New Offices.

Dr. McCullough having removed to the north east corner of Murray and George streets, now occupies offices which are very complete, embracing as they do, two large well lighted rooms on the ground floor. The small office in the rear of the house is to be rebuilt and greatly enlarged for the doctor, who will then be in possession of the most complete suite of office apartments in the district. The front room has been set aside as a waiting room, whilst the other apartments are to be reserved for office work.

A New Steam Launch.

The Canadian Canoe Company is to-day engaged in loading at the C. P. R. station an elegant new steam yacht which has just been completed for Messrs. Wm. Snodgrass & Son, of British Columbia. The boat, which is a perfect model, is forty-two feet in length, eight feet wide, and will be used for carrying mail and other matter on Lake Okanogan on the other side of the Rockies. It is finished in the most elegant style, the cabin being of butternut and cedar. It will be conveyed to the west in a special car, fifty feet in length. The Canadian Canoe Company received the order for this boat only six weeks ago, while actual work on it was commenced two weeks later. This goes to show the excellent facilities the Canadian Canoe Company has for executing orders on the shortest notice.

Grafton & Co's Leadership in the Clothing Trade.

There isn't the slightest doubt as to where the best and safest place is to buy clothing. For years we have taken first place as clothiers and each succeeding season our easy leadership becams more strikingly in evidence, this year, more so than ever. It is best shown by our magnificent stock of Mens', Boys' and Childrens Suits, which at every point of comparison easily discount anything you may find outside this store in Peterborough. Now we are not going to ask you to accept our statement for that fact, but we expect you to prove it by making your own comparison. That being done carefully and intelligently, we may safely expect you to spend your money here, where your interests are always served to the best advantage.

Mr. T. G. Choate, of Warsaw, is in town to-day en route to Quinte, where he will make arrangements to manage a fruit farm purchased by his son, Mr. A. P. Choate, who recently cleared $10,000 on a mining venture.

Mr. G. T. Taylor, of New York City, who has been staying in Peterborough since July last for the benefit of his health, returned at noon to-day to the States much improved by his stay in Canada.

Mr. Herbert Taylor, second eldest son of Mr. Wm. Taylor, has returned from Albert College, Belleville, where he has been taking a course, and will leave on Wednesday morining for Deloraine, Manitoba, where he has secured an appointment and will conduct service.

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

—There was no police court this morning.

—A number of canoeists were down the river yesterday.

—The Chief of Police is in possession of a bunch of keys for which he would like an owner.

—Mr. Alex. Rutherford began work to-day on repairing the fences, etc., on the P.A.A.A. grounds.

—Hundreds of citizens enjoyed the parks yesterday. Victoria Park was patronized especially by the children after Sunday School.

—While gardeners are now engaged in pruning their fruit trees, they should not forget also to scrape the branches that may be affected with the bark louse.

—Mr. T. H. Fortye attributes the escape of Pare and Holden from the Napanee gaol to the fact that Peterborough locks were not used on the gaol doors.

—The steamer Eclipse is expected in port to-day with a scow load of hogs for the George Matthews Company. She will return to-morrow with a load of lumber for the new Idyl Wyld hotel.

—Sneak thieves have been detected on several occasions endeavouring to enter residences during the past week. On one street these midnight gentry have been frightened away at three different houses while making or trying to make, an entrance through a window.

—Three by-laws were voted on at Seaforth on Thursday to loan $47,000 to manufacturing industries: Case & Co., pork packing establishment, $20,000; Van Egmond Woolen Mills, $10,000, and the Bell Foundry, $17,000. The by-laws were all carried by a large majority.

—You and your lady can have a sitting to-night, up till ten o'clock, at J. W. Green & Son's studio, where photographs are taken beautifully by electric light.

THE LATE THOS. CONNAL.

A Sad Death Which Occurred this Morning at the Nicholls Hospital.

The death of Mr. Thos. Connal this morning caused universal regret throughout the entire town, as since boyhood he has been known and loved by all for his unfailing kindness of heart and other amiable qualities.

He has been suffering for the last two years from chronic or recurrent appendicitis, and last week entered the Nicholls Hospital for the purpose of submitting to an operation, which was performed on Wednesday last. The wound healed in a most satisfactory manner without any evidences of pus or signs of inflammation. A steady improvement was noticeable in the patient until Saturday evening between six and seven o'clock, when symptoms of peritonitis became apparent; and when retching and vomiting set in hopes of his recovery were abandoned. During Sunday he was delirious at times, but on being told that there was no hope, understood the meaning of the information and bade good-bye to his relatives. The end came about half past three this morning.

The deceased was the second son of Mr. Peter Connal and was 29 years of age. In 1886 he left school and took employment with the hardware firm of Davidson & McKee, being afterwards identified with the same firm when it was enlarged and known as the Peterborough Hardware Company. He was always attentive to business and won a high place in the esteem and confidence of his employers. For eight years he had been a member of Otonabee Lodge of Oddfellows, and had also been connected with the 57th Battalion for some years, taking great interest in his duties as seargent of the Ambulance Corps.

The funeral will take place from the family residence, Brock street, on Wednesday afternoon at 3 o'clock.

A PLEASING SUCCESS.

Miss Wallis has Another Work Accepted by the Royal Academy.

Miss Wallis, of "Merino," now in London, Eng., who has heretofore distinguished herself as a sculptress, has again received the great honour of having another of her works accepted and hung on the walls of the Royal Academy. The work is a medallion and possesses in addition to the fact that the sculptress is well known here, the merit of having for its subject Kathleen, daughter of Mrs. J. M. Wallis, posed as playing a violin. The medallion was moulded from a photograph taken by Roy. Miss Wallis is to be congratulated upon her great success. To get a place in the Royal Academy represents the hall mark of excellence and is equivalent to enrollment in the guild of great artists.

A BEAUTIFUL TROPHY

Which was Presented by the Local Branch of the Bank of Commerce.

Mr. Richard Dundas, of Springville, won the handsome silver medal donated by the local branch of the Bank of Commerce for the best heavy draft imported horse at the spring stallion show. The horse was the well known "McInnes." The medal is two inches in diameter and weighs almost four ounces. A wreath of grain and harvest fruits encircles a group of cattle on one side. Around the edge of the reverse side is inscribed in raised letters, "The Canadian Bank of Commerce," whilst at the top is a coat of arms surmounting two intertwined twigs of laurel, room being left below for the winner's name and the date. The trophy is a most handsome one.

CRUSHED TO DEATH.

Mr. Robert Shepherd's Brother Receives Fata Injuries at East Angus.

A telegram was received yesterday by Mr. Robert Shepherd of the Electric Works, apprising him of the death in East Angus, P.Q., of his wife's brother, Mr. W. J. Sawyer, who sevmonths ago, left town to take employment in the Dominion Pulp Works.

It appears that the unfortunate young man was working on a planer, taking the boards as they were passed through. Sixteen foot lumber was being used and when a nineteen foot board was put through without warning it caught Sawyer and crushing him up against a brick wall, injured him to such an extent as to cause his death.

Mrs. Shepherd left last evening for East Angus.

The deceased was well known in town and worked at the Canadian General Electric Works for a number of years.

LETTER FROM ABROAD.

Rev. E. V. Stevenson Writes Home Concerning his Trip.

Rev. Mr. Symonds this morning received a letter from Rev. E. V. Stevenson dated at London. Mr. Stevenson states that he had a good voyage and was enjoying splendid health and spirits, although getting tired from sightseeing in the great metropolis. He has already been to Westminster Abbey and St. Paul's Cathedral, and has heard sermons by the Archbishop of Canterbury and Canon Gore, as well as attending a magnificent musical service in St. Paul's in which 300 voices took part as well as an orchestra and organ. He has also visited several interesting social settlements in London, and intends going to the Isle of Wight shortly. Mr. Stevenson sends kindest messages to all his friends in Peterborough in concluding his letter. He expects to sail for Canada on June 22nd, arriving in time to attend the summer school for clergy in Port Hope.

WAISTS!

Will be more popular than ever this season. We have prepared more bountifully than ever for the wants of the ladies in both ready-to-wear Waists and materials for making Waists. We call your attention to the distinguishing features of our Waists, their Styles and the Special Values we are showing in these goods this season.

READY-TO WEAR WAISTS

At 50c. We are showing a good Print Waist, self-coloured collars and cuffs, pointed yoke, good styles, colours pink and white, blue and white, and black and white. The best value ever shown in Peterborough.

At 75c. We are showing an immense range of good quality English Prints in stripes and plaids, in all colours, some lovely narrow stripes in pink and white, and black and white, ½ pointed yokes, pleated backs and self coloured collar and cuffs, a very desirable waist at this price.

At 85c We are showing a Natty Plaid Waist in two colours, blue and white, and pink and white plaids, the very latest style in yokes and back.

At 90c. We are showing some lovely new stripes in both vertical and round about. The colours are lovely, including pink and white, blue and white, fancy stripes and black and white.

At $1.00 We are showing some handsome new stripes in muslins with tucked front in blue and white, pink and white, and helio and white. Ask to see our extra value in White Pique Waists, Black Sateen Waists at $1, and Print Waists at $1.

At $1.25 We are showing Muslins in stripes and checks, fancy piques and lovely qualities of Prints, all our own special designs. The styles are sure to tempt you. See them.

At $1.35 to $2.50 We are showing some special beauties in Organdies, Pique, Sateens and Coloured Muslins. The colours are particularly nice and the styles and finish up-to-date. See us for High-class Waists.

WAIST MATERIALS.

In Waist Materials we are showing some decidedly new effects in American Percales, for serviceable waists. The patterns are lovely and their washing qualities are right and guaranteed perfectly fast.

Organdie Muslins in entirely new patterns, this season's patterns and the prices are from 10c. to 25c. yard. The style of our 10c. Muslins will surprise you.

Piques in both plain and fancy, are one of the rages for Waists this season. Elegant values and lovely effects. Ask to see our grand White Pique at 15c. per yard. You might expect to pay 25c. for it.

SILKS.

When you are thinking of waist materials—don't forget that we have the largest assortment of Waist Silks that you can possibly find outside of the large cities and our prices are lower than city prices. If you want to prove it, ask to see them.

Extra Special for this Week.

Five Pieces Lovely Black Crepons, Matalasse Effects, suitable for Separate Skirts, our Regular Price $1.00 per yard, on sale all this week at 69c. per yard.

RICHARD HALL & SON, DIRECT IMPORTERS, 130-134 SIMCOE ST.

SPECIAL
7 Days' Sale

The response to our 7 Days' Sale has been most hearty. Saturday was a Record Maker in respect to sales. Every item remains on sale this week, unless sold out. You'll be pleased with our values. On Saturday we opened up 365 dozen, or—

4380 Pairs

Ladies' and Children's Black Hose direct from the makers. These go on sale at sale prices Tuesday morning.

RICE LAKE RIPPLES.

Building Operations at Idyl-Wild—Fishing Permits—Routes of Travel.

Contractor Rutherford is pushing ahead the building of the new addition to the Idyl Wild Summer Resort Hotel with all possible speed. The lessee, Mr. W. J, Macdonald, of Cobourg, is receiving enquiries right along from Rochester people respecting the date of opening, the accommodation, fishing permits and other details. Indications at present point to an unusually busy season at this popular Rice Lake resort.

The plans for the new west wing being built give accommodation for twenty new rooms. Wide balconies will run round both stories of the new addition, which will afford comfortable shade and splendid views of the island-dotted lake and the enchanting scenery.

The Island steam launch, "Outlet Queen" is being fitted up for daily communication with Harwood, where connections with stage from Cobourg will be made regularly, so that guests via Lake Ontario and Grand Trunk will have direct connection with Idyl Wild. The regular river and rail routes from Peterborough will continue to afford convenient facilities to tourists and excursionists from the north.

The lease has made satisfactory arrangements with the Fishery Inspector for fishing permits to our American visitors who desire to avail themselves of the splendid sport with the maskinounge which abound in Rice Lake.

A fixed sum has been paid for permits to enable all guests of the Hotel to fish during the season without extra charge.

Mr. Macdonald, the energetic lessee, intends to make a complete revolution in the management of Idyl Wild resort, his commencement this season being only part of the improvements contemplated. His brother, Mr. W. J. Macdonald, will take charge this season and devote his whole time to conducting the business in a first-class manner.

ANGLICAN SUMMER SCHOOL.

It will be Held, this Year, at Port Hope, in June.

The Summer School for Clergy held at Lakefield last year, proved so successful that the committee decided to repeat the experiment.

A tastefully designed programme has been prepared, and sent to all the clergy of Ontario, and acceptances are already beginning to come in.

Of local clergy, the committee includes Revs. Messrs. W. C. Allen, G. Webb, G. Warren, F. W. Shepherd, E. V. Stevenson, secretary-Treasurer, and Rev. H. Symonds, who is acting secretary in the absence of Mr. Stevenson.

The following is the staff of lecturers: Rev. Canon Low, D.D., Almonte, Ont.; Rev. John P. Peters, Ph. D., New York city; Rev. Carl S. Smith, Berlin, Ont.; Rev. Herbert Symonds, Peterborough; Rev. Provost Welch, Trinity College, Toronto; Robt. A. Woods, Esq., Cambridge, Mass.; Rev. T. G. A. Wright, Millbrook, Ont.

Lectures will be given on Old Testament Theology, New Testament Theology, Church History, Sociology, Apologetics, and three biographical lectures on St. Patrick, Robertson of Brighton, and the late Prof. Hart of Cambridge, respectively.

The school will be held in the commodious buildings of Trinity College School, Port Hope, from July 10 to July 21st.

TRUSTEES CRITICISED.

To the Editor of the Examiner.

Dear Sir,—Allow me to refer to the article published in Saturday's Examiner. The writer boasts of the way the Board of Education in Peterborough polishes off business.

I think if a deputation was sent down to Peterborough to investigate the way the Supervision Committee transacted business at the last meeting of the Board of Education, something might be brought out. I refer to the complaint that was justly and politely laid before them in black and white. The polish they put on only satisfied the offenders in the case and was altogether a one-sided affair, justice being absent.

ST. ANDREW'S AND ST. PAUL'S.

Both Held Their Anniversary Services Yesterday.

TWO PROMINENT DIVINES PREACH.

Rev. Principal Grant of Queen's University, and Rev. Dr. Herridge Ottawa, Addressed both Congregations.

Anniversary Sunday was observed in both the local Presbyterian churches yesterday, the services being taken by Rev. Dr. Grant, the widely known principal of Queen's University, and Rev. Dr. Herridge, of St. Andrew's Church, Ottawa.

In the morning Rev. Principal Grant preached in St. Andrew's and Dr. Herridge delivered the sermon in St. Paul's. At night the reverend gentlemen exchanged pulpits.

In his evening address Principal Grant chose as his text:

"A good man out of the good treasure of his heart bringeth that which is good; and an evil man out of the evil treasure of his heart bringeth forth that which is evil; for of the abundance of his heart his mouth speaketh." St. Luke, vi chap., 45th ver.

By the text we are taught that everything depends on the heart and character. Therefore the first question to be asked is "What am I?" not, "how much have I or what do others think of me?" but

What is the Essence

of my character. As we deceive others so much in regard to our character, we often deceive ourselves until it is too late to save ourselves.

The fruit depends upon the tree.

But is it not often implied in the Scripture that there is no good in a man at all? Do we not often feel this ourselves? When we read St. Paul does he not say there are none righteous—no not one? Isn't that the great doctrine of the Protestant church of to-day? Justification by faith alone. Not what we do, but what Christ has done for us?

Which then is true?

Does God judge us by what we are or by what Christ has done for us?

He does both, and unless we lay hold of the truth which unites these apparently contradictory conditions we cannot see the way to grace. We must seek that higher truth which combines the two lesser ones.

The text of the evening is borne out in the Old Testament in numerous places, as in Psalms xxiv, 3-4 verses: "Who shall ascend into the hill of the Lord, or who shall stand in His holy place? He that hath pure hands and a clean heart, who hath not lifted up his soul unto vanity, nor sworn deceitfully," or again in Psalms xviii 20th ver.:

"The Lord Rewarded

me according to my righteousness; according to the cleanliness of my hands hath He recompensed me." These verses show us how he recompenses us according to our righteousness. God expects us to be righteous. The more righteousness we have the better can we obey his commands. Woe unto us if we do not take advantage of every opportunity not to weary in well doing.

But what of the other truth, "Justification by faith?"

We are not saved by our own merit alone, but through the infinite mercy of Jesus Christ. Doers of good often forget this and become puffed up with pride by reason of their good deeds.

The prophets preached the great truths of righteousness and the people were sent into exile because of their departure therefrom. Such Psalms as oxix show us what they thought of the law of righteousness when they returned, and beautiful indeed was the piety which flourished for a time. Then the people began to measure their righteousness by the good deeds and their merits became only external. They were told by the Saviour that whatever they were in the eyes of men, to him they were merely whited sepulchres. Better than they were the Publicans and sinners, and Paul had to come to teach them that their merits were as nothing. Becoming humble and righteous the church triumphed over the Roman Empire, but in the 15th century the people of God again became

As Self-Righteous

as the Pharisees and the institutions of the church were of external merit only. Men began to store up their merits as treasures until the Church was again awakened by the trumpet call of Luther. He went into a monastery at first, doing penance to gain peace with God, but there was no peace to be gained that way and his sins pressed upon him till he learned the truth that God loves sinners and that His blood washes sins away. Luther then went forth to preach the doctrine that we are purified not by our own works, but by faith in Jesus Christ.

Nothing short of absolute righteousness and purity of heart will make us acceptable to God. We must not let our children sow wild oats or they will reap them. It is not the hearers, but the doers of the law that will be saved.

The central truth, therefore, uniting the apparently opposite conditions is "that a man can be good, but that all good in him is Christ. We become good only as God dwells in us. This is the highest truth in which the two opposite truths are united.

Rev. Dr. Herridge,

who in the evening delivered a very eloquent sermon from the pulpit of St Andrew's church, took for his text, the words of which were, "Friend go up higher."

The Rev. gentleman clearly explained the kind of life one should endeavour to lead in order to attain the kingdom of Heaven, the first qualification which we must possess, being that of humility. Humility is a virtue, the Christian religion has brought to light and which remains for Christ alone to reveal in its true value. We retain something of the heathen prejudices against humanity, but we should first countenance humility, and even Charles I has said that if you wish to overcome all, overcome humility. While humility is applicable to us all we

Must Not Mistake

its character. It must not have its eyes on the ground and its mind on the stars. The reason why pride is considered a bad thing is because it is generally a bad quality, and may the Lord deliver us from a false pride which goeth before destruction, but the true pride which will do that which is right, and will not be governed by custom, will hurt no one. Self conceit is the vice of shallowness and self respect, the ideal of manhood. If we are miserable sinners, and perhaps many of us are, we should not consider ourselves as utterly worthless, for God did not intend us to be such, His Son having died for us and He, Himself having formed man after his own image.

The cross is the divine eulogy of mankind. We should never be content with what we are, but should keep advancing. The world is large enough for us all to keep advancing which is the only hope of man. Everything else on earth is in a state of advancement and why should man be an exception in this progress. What is needed most, is advancement in ourselves and nothing would prove more beneficial to the world at large than the manufacturing of perfect manhood. He considered that no youth especially, should be satisfied to remain at the lowest step of the ladder when he

Has a Chance

to advance, and in order to make this advancement, the mind should be stored with all which is good. This cannot be attained in an hour but we should cultivate the capacity God has given us to do what is right, and the goal will be reached. What is also needed is confidence. If one man can do something only as good as his neighbor, he will sometimes perhaps find it difficult to do at all, while if he were to strive and do it a little better he will be able to do it at all times. Advancement, the speaker claimed, was needed more in moral and spiritual achievement than any place else, and while we listen to the call of progress elsewhere, we disobey it here, well knowing that we are the builders of our own fortunes. Year by year we should develop within and while we may have doubts as to certain things, we should aim to do right and not forget that whatsoever a man sow, that shall he also reap. Salvation does not mean the acceptance of certain doctrines, but the uplifting of our whole nature, and Christianity is not as appendix to life, but that which transforms life. The ideal of life is not seen in a day, but life is merely

An Introduction

to boundless possibilities which we should strive to make good use of. No one glides softly into the kingdom of Heaven, but it is attained by continual adherence to that which is right and is an achievement which is possible for all to obtain. He warned the young men to not think meanly of the prospects which lay before them, but to obtain a true prospectus of life, be humble and obliging in their present occupation, and keep before them the best example that history affords them. Above all, remember our Saviour. The port is made clear for the youngest of us and he cannot fail, no matter what discouragement he might encounter for at the very time when we imagine we see one fall, he reaches the grand and glorious kingdom of safety.

Special music was prepared in both churches for the occasion. In St. Paul's Gounod's anthem, "Send out thy Light," was sang in the morning, the evening anthem being "Holy Father, Great Creator,"—Lambillot. Mr. Jas. Dawson also gave an excellent rendering of Dudley Buck's, "Hear ye not O Israel," the selection being treated with great breadth of sympathy. In St. Andrew's the morning anthem was entitled "Zion."

During the offertory Miss Falconer sang the solo "Galilee" with great effectiveness. In the evening Mrs. A. G. Parker sang as a solo, a selection entitled "Lay not up for yourselves treasures upon Earth." "Sun of my Soul" was the anthem, Miss Falconer and Mr. Herbert King, of Chicago, taking the solos in a most pleasing manner. Mrs. Parker's beautifully clear and cultivated notes were afterwards heard to great advantage in the solo, "The King of Love my Shepherd is."

CAR OF FRUIT

Just arrived in town for R. R. PHILP & CO.

ANNIVERSARY "AT HOME."

Thursday, June 22nd, Set Aside as the Day to be Observed.

The regular monthly meeting of the Ladies Auxiliary of the Y.M.C.A. was held in the building on Thursday last, Mrs. Sheriff Hall, presiding.

A vote of thanks from the Board for for the donation recently made by the auxiliary was read.

It was decided to celebrate the second anniversary of the opening of the new building on Thursday, June 22.

It will take the form of an at home. The aim of the ladies is to make this a great social event.

The object will not be to secure funds, though a nominal fee will be charged.

They desire that it shall be on occasion when the members of the Association, its friends and supporters shall spend one evening of the year together.

Fuller announcements will be made later.

Struck by Lightning.

The Bobcaygeon Independent says: A short but sharp storm blew up on Monday, just before the noon bell rang. It lasted only a few minutes, but left us minus one of our old land marks. A few fairly lively cracks of lightning indicated that the electrical agitation was sufficiently close for all spectacular purposes, then there was a sizzing crack that made most persons in the village jump, the impression of each being that it must have struck in the back yard. Mr. Wm. Junkin happened to witness the exact spot, and it was Mr. Petrie's saw mill, that has been closed for the last few years. The vivid streak appeared to strike about the middle of the roof, on the west side, and instantly a cloud of dust streamed from all parts of the old building. It was only a few moments after when smoke was seen to rise from the roof, and then with a burst the entire building was a mass of flame. The boilers and engine were in the building, and Mr. Petrie's loss will be heavy, for there was no insurance. The building was erected about 29 years ago, by Mr. Wm. Kennedy, and was run for many years with considerable success by Mr. Petrie, who closed it when he removed to Ottawa.

The Appetite of a Goat.

Is envied by all poor Dyspeptics whose Stomach and Liver are out of order. All such should know that Dr. King's Life Pills, the wonderful Stomach and Liver remedy, gives a spendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. A strictly temperance medicine; there is no alcohol, morphine or other narcotic in it

ARRESTED THE WHOLE TOWN.

Practically Every Man in Wardner, Idaho, Has Been Taken.

Wallace, Idaho, May 6.—Troops A and C of the Fourth Cavalry came here yesterday and arrested practically every man in town. A train of two coaches and six box cars, all heavily loaded, took them to Wardner. It is thought many are only wanted as witnesses. The mountains are full of fleeing men. With the railroads all guarded, the only safe way out of the country is over the old Glidden road to Thompson Falls, Mont. That route is lined with them. Around Murray the fugitives have the sympathy of a majority of the people. A teamster met 15 fugitives on that road within six miles of here. They acknowledged being lawchance men, but were frightened by the report they had received of the troops at Thompson Falls, and decided to abandon the trip. They expressed themselves as feeling bad "that the hard-working men should be driven out of the country by soldiers."

Winnipeg Jots.

Winnipeg, May 6.—Arbor Day was not very generally observed yesterday, excepting in the closing of stores.

Dr. Clark, founder of the Christian Endeavor Society, is at Brandon attending the convention.

Hugh John Macdonald addressed a mass meeting at Portage la Prairie last night.

In Winnipeg the prospects are that Mayor Andrews will oppose Hon. Mr. Cameron, and Hugh John will oppose Col McMillan.

The carpenters show no signs of weakening in their strike.

ENGINEER GRAHAM,

Of Montreal, Cured by Dodd's Kidney Pills.

Montreal, April 24.—Proof positive and convincing has already been given in Montreal that Dodd's Kidney Pills are the only sure cure for diabetes. And day after day fresh evidence comes to light to make the proof more emphatic and convincing.

Engineer James Graham, 54 Victoria Square, says: "I suffered with Diabetes for six years. One of our best doctors told me I could not be cured.

"I read of Dodd's Kidney Pills and decided to try them. Three boxes made me well, and I have not suffered from Diabetes since."

Such cures as this prove the efficacy of Dodd's Kidney Pills.

Mrs. Webster Sent for Trial.

Brockville, Ont., May 6.—Mrs. Webster, who was arrested on Wednesday, charged with blackmail, was yesterday, upon the evidence of the plaintiff, Antoine Wendling, and Chief Rose committed for trial. Bail was asked to the amount of $1,500 in two sureties. Her father desired to furnish the full amount, as a second surety could not be found. The woman was taken back to jail, to remain till a second surety can be furnished.

A Dozen Families Homeless.

Ottawa, May 6.—About a dozen families are homeless at Gatineau Point. Owing to the floods caused by the gradual rising of the Ottawa River, which has now reached a height much greater than for several years, six families were compelled to move Thursday night, and several more did so yesterday morning. Over 200 acres of land in the rear of the village are flooded, but no damage will be caused by this, as there are no houses on the low properties.

Killed by Jumping Rope.

Trenton, May 6.—Nellie Simons, the 6-year-old daughter of Mr. and Mrs. Louis Simons, went into convulsions following jumping the rope and died two hours later. The girl was fond of jumping a rope, but last winter she had pneumonia and since then her parents had refused to let her indulge in the exercise. She pleaded for the rope yesterday morning and it was given her for a few minutes with this result.

Children Cry for CASTORIA

THE PACIFIC CABLE.

British Columbia Offers to Assume One-Ninth of the Cost.

AMOUNT OF IMPERIAL SUBSIDY.

British Government Will Only Consent to a Grant of £20,000 a Year for Twenty Years—Eastern Extension People Responsible for a Good Deal of British Misapprehension.

Ottawa, May 6.—The Imperial Government's cable to the Dominion Administration, hitherto unpublished, states that the British Government was unwilling to enter into any arrangement regarding the Pacific cable scheme other than an agreement to pay £20,000 a year for 20 years as a subsidy to the cable. To what body the subsidy was to be paid is not stated in the despatch, but it is believed that the Eastern Extension people are responsible for a good deal of the evident British misapprehension concerning the merits of the Canadian Government's scheme.

Yesterday afternoon the Administration received a telegraphic message from the British Columbia Government which shows that the cable scheme appeals to and is regarded as being important by the coast Administration. The message is dated Victoria, and reads:

"This Government observes with great regret that further difficulties have arisen in connection with the Pacific cable scheme. It regards the enterprise as of vast importance and absolutely necessary if Canada is to secure her proper share of Pacific commerce, which, it believes, will rapidly assume large proportions. Particularly is the enterprise of moment to British Columbia, the Dominion gateway to the Pacific. On these grounds this Government feels justified in assisting in the realization of the scheme beyond what is involved in its provincial share of Dominion responsibility. This Government, therefore, will assume for the province one-ninth share of the cost of the cable, on arrangements similar to those with the Australian colonies. Hoping that in thus strengthening the hands of the Dominion Government the consummation of this Imperial enterprise may be achieved. (Signed) F. Carter Cotton, Minister of Finance of British Columbia."

BOUNDARY OF ALASKA.

British Government Anticipates No Difficulty in Settling the Question With Uncle Sam.

London, May 6.—The recent suggestions from the United States Government at Washington in regard to the dispute over the Alaskan boundary were referred by the Home Office to the Government at Ottawa. Canada agreeing to Great Britain's suggestions and endorsing the reply, the whole note was forwarded to Washington at the end of April.

The Government does not anticipate any difficulty in settling the point with the United States. Both Governments a year ago practically arranged for the provisional boundary in the locality of the Dalton trail on the Chilcoot Pass from Pyramid Harbor.

To all who have felt the evil effects of deranged kidneys is the assurance that Dr. A. W. Chase's Kidney-Liver Pills are meeting with enormous sale and unparalleled success in this district. Backaches and aching kidneys are fast becoming a thing of the past where Dr. A. W. Chase's Kidney-Liver Pills are known. One cent a dose, 25 cents a box, at all dealers.

Stabbed Almost to Death.

Toronto, May 8.—Daniel Morrison, William Thompon and John Dandy have been arrested on a charge of feloniously wounding Thomas Cullen on Saturday afternoon. Cullen was left for dead, and on examination at the Emergency Hospital it was found that his head was cut in several places, one gash extending five inches on the left side, scalp wound one inch long, slash in chin and a cut in his left arm five inches long. A knife covered with blood was found in Dandy's possession, and will be used as evidence against him.

Pinkertons to Hunt.

Kingston, May 8.—Mr. Herrington of Napanee, County Crown Attorney, speaking of the escape of Pare and Holden, said Pare escaped from the only corridor in the jail that it was possible for him to get out from. He thinks that it will be a very difficult matter for the authorities to catch the fugitives, as they know perfectly well that if they are caught this time they will never obtain their liberty again in this world. It is not likely that they will go near a large city. The Pinkerton men will no doubt be on the lookout for them.

Rev. James Faull Dead.

Belleville, May 8.—Rev. James Faull died at the Methodist parsonage at Shannonville on Saturday morning after a two weeks' illness. Mr. Faull was a native of England and had resided in Canada [illegible] years. He had been a Methodist [illegible] for 39 years. Prof. Faull of Albert College is one of his sons.

ORCHARD AND GARDEN.

Too much water for plants is often as detrimental as too little.

The soil for trees should be good and free from stagnant water.

Plant orchard and other fruits on uplands and not in wet valleys.

Late pruning of grapes is objectionable on account of the vines bleeding.

Do not try to plant until the soil will work readily into good condition.

Water should never be allowed to stand around evergreens and fruit trees.

In dwarfing trees there must be a certain dissimilarity between scion and stock.

Apple trees a year old, if properly grown, are usually of the right size for grafting.

Cuttings of currants and gooseberries should be planted out as early as possible now.

When black knot attacks the small limbs, the best plan is to cut off and burn them.

One secret of successful transplanting is to have the soil brought in close contact with the roots.

Coal ashes scattered freely around the stem of the tree not only act as a mulch, but also keep down the weeds and grass that would otherwise deplete the soil of the moisture the tree needs.

Relics of the Druids.

At Stonehenge, England, there are lines and circles of great stone columns, some with slabs of stone laid across the top. These stone pillars are supposed to be altars built by the Druid priests where human victims were sacrificed to the gods.

The largest mass of pure rock salt in the world is in Galicia, Hungary. It is 500 miles long, 20 broad and 950 feet in thickness.

Chile is a Peruvian word denoting "land of snow."

MANY YEARS A DYSPEPTIC.

Mrs. Joseph Tennier, Hopetown, Que., could get no relief until she tried Laxa-Liver Pills, which cured her.

Another sufferer freed from Dyspepsia by Laxa-Liver Pills.

Another one who tried all sorts of remedies and doctors' treatment without avail, and who had to come to Laxa-Liver Pills at last for a cure.

MRS. JOSEPH TENNIER, Hopetown, Que., recently wrote as follows: "For several years I had been troubled with dyspepsia and sick headache, and could get nothing to do me any good, until I tried Laxa-Liver Pills. I had taken many remedies and was attended by different doctors without being cured, and had given up all hope of ever getting well, when a friend advised me to take Laxa-Liver Pills. I have used in all seven bottles, and they have made a complete cure. I have told hundreds of people that Laxa-Liver Pills are the best medicine in the world." Price 25c.

Telephone No. 227.

THE BYE IN NORTH WATERLOO.

Nomination Day Fixed for May 16, and Polling Day for May 23.

Toronto, May 5.—The date for the North Waterloo bye-election was fixed in the Ontario Cabinet yesterday. Nominations will take place on May 16, and the election on May 23. The candidates are Dr. Lackner, Conservative, and J. T. Bruithaupt, Liberal.

Cheese Markets.

Iroquois, Ont., May 6.—The opening meeting of the Iroquois Cheese Board was held in the board room yesterday. James Collison was re-elected president. Five hundred and thirty-seven boxes April make were offered, and 9 1/16 bid for all on the board; 340 boxes were secured by Mr. Logan at that price, and 125 by Mr. Ault; balance unsold.

South Finch, Ont., May 6.—Number of cheese boarded, 311; 100 colored, balance white. White sold for 9 5-16c, and colored for 9 3/4c.

Liverpool Markets.

Liverpool, May 6.—Prices yesterday closed as under: Spot wheat firm; red winter, 5s 11 1/4d. Futures quiet; red winter, 5s 9 3/4d for May, 5s 7 3/4d for July and 5s 7 3/4d for September. Maize, 3s 5 1/4d for new spot; futures, 3s 5 1/4d for May, 3s 5 1/4d for July and 3s 6d for September. Flour, 17s 9d.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

Plaster of Paris.

The setting of plaster of paris may be retarded by the addition of 2 to 4 per cent of powdered althea root. This addition not only retards the hardening of the plaster, but also enables it to be cut, filed, sawed and turned. An addition of 8 per cent retards the complete setting of the plaster for about an hour, so that the mass may be used for any purpose where it is to remain plastic during at least a portion of that time.

No Cure for . . . Bright's Disease

In its advanced stages—The Reason Why—Danger Prevented by the Timely Use of Dr. A. W. Chase's Kidney-Liver Pills.

To understand Bright's Disease is to know that in its advanced stages it is past the reach of human aid. The cells of the kidneys undergo a wasting change, which leaves them dead so far as performing their functions is concerned. Just think of having the kidneys dead. Think of the poisons left in the system when these organs could no longer perform their duties as filters of the blood.

It would be difficult to conceive of anything more dreadful, and yet this is the goal to which every case of neglected kidney disease must lead.

When the back aches, when urinating is difficult or too frequent, when there are deposits in the urine after standing for 24 hours, there is no time to lose in procuring Dr. Chase's Kidney-Liver Pills.

It is not claimed that they will cure Bright's Disease in its last stages. They are an absolute cure for kidney disease, and so long as the kidneys are not entirely wasted away they will give new strength and vigor and enable them to resume their duties of filtering the blood.

Dr. Chase's Kidney-Liver Pills will stop backache and headache in short order by removing the cause, and will positively prevent Bright's Disease. One pill a dose, 25c. a box. At all dealers, or Edmanson, Bates & Co., Toronto.

DISCONTENT.

Fair are the fields in the spring with the sweet perfumed breath of the meadows,
Fresh as the green mossy dells where the gorse flares its torches of gold;
Winter has gone from the earth and returned to the kingdom of shadows;
Feelings rush out from the heart, like to frozen streams losing their hold.

Yet as I stand in the light of the sun and in gladness rejoice
Deep in my heart there arises a restless, dissatisfied voice—
"Life's hopes are never fulfilled; there is always left something to long for!"
—Lilian Eleanor Barlow in Madame.

A MAN'S LIFE.

"It is a question," Professor Kirkhoffer said, quietly, "between this and that."

Saying thus, he looked down at the two objects between which choice had to be made. "This" was a man, a brown skinned man of the upper Asian steppes. He lay prone upon the desert sand, his eyes, unseeing eyes, wide open, motionless save for an occasional twitching of the limbs as the fever shiver shook him; silent, except when his parched lips moved in the inarticulate mutter of delirium. The professor's gaze did not linger upon this piteous figure. It traveled to "that"—two loads of clay tablets, evidently of extreme antiquity and closely covered with a strange cuneiform character, which had just been carefully strapped by his companion to the backs of two kneeling camels.

"Seeing we are now reduced to two beasts only," he went on, his eye shifting for an instant to the body of a third camel, which lay dead some 20 yards off, "seeing also that we are in a waterless desert, probably 24 hours' ride from the nearest well and that this man is a dead weight on our hands"—

"You don't dream of abandoning the poor chap?" Dick Harding broke in.

The professor glanced uneasily over his smoked spectacles. Harding was a puzzle to him, a man of distinguished scientific attainments, capable of strong scientific enthusiasm, yet occasionally betraying a vein of sentimentality altogether out of place in connection with scientific exploration. Kirkhoffer had had inconvenient experience of this peculiarity more than once during the year spent with Harding in the remote fastnesses of Tibet.

"You wouldn't leave him here to die?" the Englishman persisted.

The professor rubbed his forehead thoughtfully. "He's bound to die soon in any case."

"I don't see that at all. If we can keep him alive till we get out of this"—

"Impossible, my friend. He cannot walk, and these two camels cannot carry him in addition to you and me and the tablets."

"Then leave some of the tablets behind."

The professor fairly gasped for breath.

"Leave—leave behind some of the tablets?" he stammered. "Leave the records of a civilization to which the Arcadian is a thing of yesterday—to be swallowed up by the next sandstorm? Give my great discovery, the greatest of the century, maimed and imperfect, to the world? Harding, you must be mad. What's the life of a Khirgis Tartar beside these priceless things?"

Kirkhoffer's shortsighted eyes gleamed angrily behind his glasses; his voice was thick with passion.

"What's a Khirgis Tartar?" he growled like a wild animal.

"He's a man, anyway," Harding retorted. "Suppose I refuse to leave this fellow?"

"Then"—the professor became all at once ominously cool—"I shall be forced to remind you that I am the head of this expedition and you my salaried assistant; also, that these animals are my property. I go, and they go with me. You can join the party or not, as you please."

Harding grew pale. "That is the choice you offer me? Then I say you are a blackguard.

"And I say," indifferently, "that you are a fool. Come, will you mount?"

"No!" furiously.

The German shrugged his shoulders. "Have it your own way," he said. And, gathering up the long leading rein which he had fastened to the head of one camel, he prepared to seat himself on the other.

But here Harding sprang upon him suddenly. "No, you don't," he cried. "You shall leave me one, you brute, though it were a hundred times your property!"

"Stand off!" the professor cried.

Harding's answer was to close with him silently, and there ensued a trial of strength whereof the issue seemed for several minutes doubtful. The men were not ill matched. Kirkhoffer was the taller and heavier, but then he was also the elder by 20 years, and Harding's naturally lithe habit of body had known an English public school and university training. The result of the conflict was still uncertain when the professor suddenly loosed his hold and fell back, leaving the prize of contention, the led camel, almost in the other's clutch. Harding stooped to seize the creature's halter and rose again, to find himself covered by his antagonist's revolver.

"Now, perhaps," the man of science observed, "you will consent to hear reason. No use, my good friend," as Harding's hand went briskly to his breast pocket. "I drew the charge while you were asleep this morning in view of possible difficulties. You see, I know something of your strange English character. There is nothing like being ready for difficulties as they arise."

Dick Harding, under the covering revolver, stood erect and—dumb. To argue further with a man prepared to commit murder on behalf of his tablets of baked clay were simple waste of breath.

Keeping the muzzle of his weapon pointed full at Harding's breast, Professor Kirkhoffer mounted his camel, made both the great beasts get up and began to move on. As long as Harding remained within running up distance he continued to hold the revolver raised and leveled, sitting sideways on his animal to insure an accurate aim. But after a minute the camels broke into a long, awkward trot. In two minutes they were beyond pursuit. Then the professor pocketed his firearm and threw his leg across the saddle. "Your own fault, remember!" was his final greeting before he disappeared over the top of the nearest sand dune.

When he had disappeared, Harding looked about him, reviewing the situation. It was no cheering prospect that met his eye—a dead waste of sand hills to north, south, east and west, white hot in the glare of the tropical sun. Two dark blots alone broke the pale surface of the wilderness, the stiffening bulk of the dead camel and the limp figure of the fever stricken camel driver—truly no pleasant place to die in, more especially if you happen to be young and strong and the death to which you stand condemned is death by hunger and thirst. A few hours would exhaust the scanty remains of food and water left in the skin and saddlebag lying hard by the dead camel, and then—

Harding shook off anticipations of coming torture to take stock of his wretched commissariat and, rummaging in the bag, found a priceless treasure, nothing less than an untouched bottle of quinine! Why, with this he might hope to revive the Khirgis, whose case, but for the supposed exhaustion of the expedition's medicine chest, had never been a serious one. Escape was yet possible.

Escape! From a trackless wilderness in which they could only wander aimlessly to and fro, having no single instrument by which to determine their position or point the way? Saving his assistant's pack, the professor had carried off everything.

No, not everything. Even as this thought sank like a stone into Harding's heart his eye fell upon something glittering at his feet. With a shaking hand he grasped it, lifted it—and broke into a cry of mingled triumph and thanksgiving which startled the Khirgis from his lethargy. Pushing back his long hair, the man made an effort to sit up.

"The master? Where is the master?" he asked, looking about him in surprise.

Harding laughed grimly. "Heaven alone knows, since he has left his compass here."

And heaven alone knows to this hour the course of the wretched Kirkhoffer's wandering. When Harding and the Khirgis, guided by the instrument which he had dropped in his scuffle with the Englishman, reached, after manifold toils and sufferings, the confines of human habitation, they could obtain no tidings of their vanished chief. And, although Harding insisted on organizing a new expedition to search for him, its labors were fruitless.

His fate remains as unknown to the world as the history of that ancient empire whose records lie buried with him in the sands of central Asia.—Chicago News.

A Terrible Affliction.

There is no suffering the human flesh is heir to that is more severe than rheumatism. But the pain can be for ever removed by taking Dr. Hall's Rheumatic Cure. Mrs. James Hunt, Port Hope, Ont., suffered with Muscular Rheumatism in the hands for three years. Four bottles of Dr. Hall's Rheumatic Cure cured her completely. She has been free from pain since. This preparation is used internally. One bottle contains ten days' treatment, price 50 cents. For sale at all drug stores.

Wood's Phosphodine is sold in Peterborough by H. H. Simmons.

INCALCULABLE GOOD,

AN EXPRESSION OF FAITH.

Dr. Ward's Blood and Nerve Pills have done me an incalculable amount of good. I think they are the best, surest and quickest acting cure for nervousness, unhealthy action of the heart, insomnia or sleeplessness, anemia or impoverished blood, loss of appetite, general debility and ill-health. For nine years, before I commenced taking Dr. Ward's Blood and Nerve Pills, my heart was weak and in an unhealthy state. Its action was so much impaired that I could not walk across the street without suffering great distress, my heart fluttering and beating so rapidly that I could scarcely breathe, causing faintness, loss of strength, and leaving my nerves all unstrung. My sleep was very much disturbed, I had no appetite and there was little strength or vitality in my blood; I was always excessively nervous.

I have now taken three boxes of Dr. Ward's Blood and Nerve Pills and since taking them I have not been away from my business an hour. Before taking these pills it was a frequent occurrence for me to be away from business. As a result of taking Dr. Ward's Pills my heart is perfectly healthy and strong and gives me no distress or trouble whatever. They removed all nerve trouble, made my nerves strong and gave me healthy sleep. These pills also made my blood rich and strong and gave me a healthy appetite. Dr. Ward's Pills have given me perfect health, restoring my lost strength, in place of continual ill-health, weakness, heart trouble and nervousness. In justice I cannot speak too highly of this wonderful medicine. Signed, Miss N. Millward, Walton St., Port Hope, Ont.

Dr. Ward's Blood and Nerve Pills are sold at 50c. per box, 5 boxes for $2.00 at druggists, or mailed on receipt of price by THE DOCTOR WARD CO. Limited, 71 Victoria Street, Toronto. Book of information free.

MEN OF MARK.

The daily cost of President McKinley's table is said to exceed $25.

William Waldorf Astor is very fond of fencing and is an expert in the art.

Joshua Reed of Burlington, Vt., who is 98 years old, has lived in the same house for 65 years.

Russell Sage surprised his friends in Wall street the other day by appearing in a large "puff" tie of a bright red tint.

General Wheeler has recently had set as cuff buttons two buttons that were shot from his uniform during the war of the rebellion.

Dr. Julius Dewey, father of the admiral, earned the means to pay for his professional training by teaching a country school near Burlington, Vt., devoting the holidays to medical study.

President David Starr Jordan of Leland Stanford, Jr., university declares that he "would rather have the Anglo-Saxon race extinguished than to contemplate the possibility that it might dominate the world."

Admiral Schley is a mathematician who can do most of his work without the aid of paper. In Liverpool some years ago he triumphantly beat a professional "lightning calculator" who was exhibiting there.

General Otis, the commander of our forces in the Philippines, is said to be a man of laconic speech, who rarely utters more than one short sentence at a time, but who manages to make that sentence full of meaning.

Governor Roosevelt expects to visit Oklahoma to attend the meeting of the Rough Rider G. A. R. of Oklahoma, to be held in Guthrie between June 14 and 20. At that time a permanent organization of the rough riders will be effected.

Senator Elect Hayward of Nebraska wears upon his watch chain a valuable child's ring set with a small diamond, which he found in the streets of Chicago 20 years ago and for which he has never been able to discover an owner.

The New York Home Journal says that the family of William Penn has not died out, one of his descendants by the closest collateral branch being S. Cameron Harriot of New York, member of the United States commission to the Paris exposition.

Judge William C. Price, once the idol of the Southern Confederacy and United States treasurer during the last years of President Buchanan's administration, is 84 years old. He lives in Chicago and boasts that he is still a rebel. He believes that he will live to see slavery restored.

Charles Revere Curtis, who died at Rockland, Mass., the other day at the age of 88 years, was the oldest descendant of Paul Revere, being a son of Sally Revere, the Revolutionary hero's granddaughter. He was identified with the antislavery cause when it was not altogether popular, even in Massachusetts.

RAILROAD.... KIDNEY

A Disease Peculiar to Railroad Men, which is readily Cured by

Dr. Chase's Kidney-Liver Pills.

Did it ever occur to you that most railroad men die of kidney disease?

Such is the fact, however, and the disease is known among railroaders as "railroad kidney."

The first and most marked symptom is a weak, lame and aching back. You may think at first that you are only tired; but as this trouble increases day by day, kidney disease, with all its terrors, is fast claiming you as a victim.

Mr. Geo. Cummings, for over 20 years engineer on the Grand Trunk running between Toronto and Allandale, says: "The constant duty with my work gave me excessive pains in my back, racking my kidneys. I tried several remedies until I was recommended by my fireman, Mr. Dave Conley, to try Dr. Chase's Kidney-Liver Pills. Two boxes have completely cured me and I feel to-day a better man than ever. I recommend them to all my friends."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c. a box, at all dealers, or Edmanson, Bates & Co., Toronto.

W. G. MORROW, Manager.

Mrs. James Constable, Seaforth, Ont., writes:—"Ever since I can remember I have suffered from weak action of the heart. For some time past it grew constantly worse. I frequently had sharp pains under my heart that I was fearful if I drew a long breath it would cause death. In going up-stairs I had to stop to rest and regain breath. When my children made a noise while playing I would be so overcome with nervousness and weakness that I could not do anything and had to sit down to regain composure. My limbs were unnaturally cold and I was subject to nervous headaches and dizziness. My memory became uncertain and sleep deserted me.

Weak Heart Action and Nervousness.

"I have been taking Milburn's Heart and Nerve Pills, which I got at Mr. Fear's drug store, and as a result am very much better. I have improved in health and strength rapidly since commencing this treatment. The blessing of sleep is restored to me. My heart is much stronger, and the oppressive sensation has vanished. I can now go up-stairs without stopping and with the greatest of ease, and I no longer suffer from dizziness or headache. It seems to me the circulation of my blood has become normal, thereby removing the coldness from my limbs. I can truly say that Milburn's Heart and Nerve Pills have done me a world of good."

Mr. A. D. Wilson, of Clearwater, Man., is emphatic in his statements regarding this remedy. It has cured him completely and he does not hesitate to give a history of his case for the benefit of his fellow sufferers. This is what he says:

"I can recommend Milburn's Heart and Nerve Pills as the best thing I know of for weak and nervous people. When I first commenced taking them I was in an extremely weak condition. I was nervous and easily startled, sometimes I would start in my sleep and it would be a long time before I could get asleep again.

Shortness of Breath and Dizziness.

"Shortness of breath and dizzy spells would come over me at times and often I thought that my end was near.

"Milburn's Heart and Nerve Pills have changed all that. They have strengthened my nerves and built up my health so that I am a new man. I consider them simply wonderful."

Milburn's Heart and Nerve Pills are 50c. a box, or 3 for $1.25, at all druggists, or sent by mail. T. Milburn & Co., Toronto, Ont.

Second draw, to be played off on Saturday, 13 inst. (inclusive):

Holst 18 vs. A. G. Parker 9.
E. H. D. Hall 9 vs. W. D. Parker scratch.
G. W. Hatton 18 vs. F. B. Francis 6.
R. M. Dennistoun scratch vs. R. C. McHarrie 12.
S. Ray 12 vs. Fred Hall 6.
J. H. Burnham scratch vs. E. W. Lamprey, 12.
F. C. Napier scratch vs. C. Bell 12.
A. S. Houston 18 bye.

Notes.

Contestants are requested to make use of the regular club score cards in all club matches.

The ladies have suggested scarlet and green for the club colours.

It is understood that Wednesday afternoon has been chosen by the ladies' club for their weekly tea day.

Boxes of sand have now been placed at the different teeing off grounds.

Negotiations are on with Belleville for a home and home match.

The opening golf tea will be held at Mrs. Hamilton's residence, Auburn, on Wednesday afternoon. All members of the club are extended an invitation.

At a meeting of the Ladies' Golf Club held on Saturday it was decided to have a handicap tournament as soon as possible. The ladies are asked to go twice round the links and to hand their score cards to the secretary or to Mr. Williamson at the Y.M.C.A. before Saturday, May 13th, so that the committee may be able to handicap for the match. It was also decided to have tea on the links every Wednesday afternoon.

LACROSSE.

The District Meeting in the Junior series will be held in Peterborough tomorrow morning, when a schedule of games will be drawn up for the clubs which enter.

The members of both teams turn out for practice to-night.

While playing lacrosse with 'Varsity Thursday, Lionel King received a nasty smash over the eye with a stick, which will lay him up for a day or two.

Hastings is said to be willing to wager its last dollar on being able to win against the Peterborough seniors on the 24th.

The Orillia Times contains the following paragraph which with a few changes would be applicable to Peterborough: "The town cut nobly by the lacrosse boys last fall when they brought home the championship but the dressers in whom all they have to depend this season with, only a little help more will be worth a deal more than a wild horse race. Their suits after two seasons' scrapping are hardly fit to be seen, and that is just the record of the best game of the season would increase sales. It is therefore right to ask for assistance to make it possible for the boys to wear a decent appearance on the field. Let us have a meeting and discuss the matter."

WINNING DUNLOP TIRES.

Skilful Folks who Read the "Dunlop Annual" to Much Advantage.

The judges in the proof reading contest instituted by the Dunlop Tire Company have made their report.

Five prizes were offered to the readers of the "Dunlop Annual" who found the most typographical errors in the book of 1899.

In the first place, before proceeding to examine the 350 letters submitted to them, the judges decided to disallow any question of punctuation. Not only are there many different opinions in the matter of exact and correct punctuation, but the prevailing commercial practice is to omit all commas and other marks not absolutely necessary to the clear understanding of the subject matter.

It may be said in passing, that the Dunlop Tire Company distributed about 50,000 copies of the "Dunlop Annual," requests for copies coming from all parts of the Dominion. Hundreds of letters spoke in high praise of the Dunlop tires.

These are the winners, each being entitled to a new pair of Dunlop tires on identifying their letters, or on being identified at the offices of the Dunlop Tire Company:

R. S. Cassells, 4 Wellington street east, Toronto.
Wm. Costello, 17 Elgin avenue, Toronto.
Robert Davidson, 67 Lewis street, Toronto.
John Masrae, 16 Shuter street, Toronto.
Miss B. Yellowlees, 187 Mutual street, Toronto.

As in the case of the advertisement writing contest which the Dunlop Company promoted to such a successful issue a year ago, most of the prizes fall to those who have had a great deal of experience in the work submitted them. Mr. Cassells, who is a member of the well known legal firm of Cassells, Cassells, & Brock, had an experience in the correcting of legal reports, a most particular and exacting form of proofreading. He found more errors than any other reader.

Is Your Piano in Tune?

The change of season affects pianos as well as anything else. Mr. George Gumpricht, practical piano maker and tuner, with 28 years experience, attends to all orders left at Mr. H. S. Macdonald's drug store.

Silver Plating.

Silver plating neatly, promptly and cheaply done by the Peterborough Lock Manufacturing Company. Ladies, look over your silverware and when you have forks, knives, spoons or any pieces of silverware tarnished or plate worn off, bring it to us and have it nicely done over and made as good as new.—The Peterborough Lock Company. d

WHO WANTS A HOME

The undersigned has some Building Lots in a desirable location, within 100 yards of the South Central School; near churches and close to the Canadian General Electric Works that proposed to build a house and sell it on the monthly pay system. Call on or address E. CARNEY, 784 Perry St. dw

donation of that kind would be advertised in every paper in Canada, and not a few across the line. It might pay better than a $30 advertisement in a New Orleans journal, and would be of more benefit to—well, to the lacrosse club, anyway. We don't charge for the suggestion, and will do our share of the "puff" if it is adopted."

C. G. E. BICYCLISTS.

The Canadian General Electric Bicyclists to the number of thirty-five mustered out on Saturday afternoon and enjoyed a pleasant run around the town, afterwards going to the Driving Park, which was kindly placed at their disposal by Mr. Pat. Clunan. On arriving there two nines picked and a game of baseball played, which resulted as follows:

Robinson, p	1
Lankin, c	0
Lang, 1st b	2
Shepherd, r f	2
Bullen, 3b	0
Brundette, s s	1
Holt, 2b	1
Watt, l f	0
Robinson, c f	0
	7
Graham, 1st b	3
Dunsford, c	3
Jackson, p	1
Lord, 2b	3
Forster, 3b	4
Galley, s s	4
Hutchinson, c f	4
LePlante, r f	2
Brown, l f	3
	27

Referee—Robert Cottrell.

Struck out by Jackson 7, by Lang 2, by Shepherd 3, by Robinson 2. Bases on balls—Off Jackson 3, off Robinson 4, off Lang 2, off Shepherd 1. Double plays—Holt-Lang; 2 base hits, Dunsford, Galley, Lankin; stolen bases, Dunsford, Brown, Graham, Lord, Forster, Lang; three base hits, Holt.

A scratch game of football was begun, but owing to the lateness of the hour had to be discontinued.

At the conclusion of the match a meeting was held and Messrs. George Tovey, C. B. Robertson and E. E. Lord were appointed a committee to wait on the Town oCuncil and endeavour to have a by-law passed in regard to the right of way privileges on the roads. At present the wheelmen skirmish all over the streets with the utmost carelessness as to which side of the thoroughfare they are occupying. A number of accidents have occurred already, caused entirely by this carelessness, which the Electric riders are to be commended for endeavouring to have corrected. The committee will wait on Mr. J. R. Stratton, M.P.P., to solicit his aid in the matter, as a committeeman of the C.W.A.

CURLIANA.

At a meeting of the Lindsay Curling Club on Saturday evening a motion was passed asking the Ontario Curling Association to abolish the new rule which calls for the stone to be delivered with one foot in the hock. Mr. J. W. Flavelle gave notice of a motion which he would introduce to limit the club membership to 100 to prevent overcrowding. The following rule was adopted relative to the election of skips: Every member must vote for the full number of skips to be elected; that every member be furnished with a full list of the members; that a list of the previous year's skips be omitted so as to give every player a fair show; and that absent members be permitted to forward their ballots to the secretary."

DOMESTIC SCIENCE.

To the Editor of the Examiner.

Dear Sir,—May I through your paper, thank the "Mother of Girls" for her letter in Friday"s issue on Domestic Science, assure her I heartily endorse all she said. If we wish to have good and intelligent citizens, we must have the best conditions possible for our children during school hours as well as at home. As a mother of boys I can testify to the weariness of the little bodies and brains that day after day go through their routine work and feel sure such training as Mrs. Hoodless explained so graphically, would obviate this. This system of teaching which Mrs. Hoodless advocates so strongly, has this advantage; it is no longer an experiment, but has been most successfully tried; and, as it has done so much to elevate the standard of health and morals in other places, by introducing it here, we can look forward with confidence to having as good results. This is one of the strongest arguments in its favour and that such teaching is needed in Peterborough, no one who knows of the increasing crimes among children can doubt. We must not close our eyes to this fact, but do all in our power to check it. There is no doubt the school board would gladly do anything to advance the interests of pupils in the public schools, but could they make such a radical change unless the majority of townspeople desire it? How is this to be ascertained? Would it be asking too much of you, Mr. Editor, to permit a general discussion of the subject in your paper? And will not the mothers unite in this good cause "and agitate and agitate" until the teaching of Domestic Science is an accomplished fact in our schools in Peterborough.

A MOTHER OF BOYS.

May 7th, 1899.

The Examiner will be happy to assist the promotion of the interests of this, or as is its habit, any good cause. One condition might be suggested, and that is that contributions be rather distinguished for brevity than verbosity. If each writer would select some phase of the subject and deal with that, the whole field could thus be covered and one day's columns devoted to news not be unduly encroached upon. Ed. Examiner.

CHURCH CHIMES.

At the Park street Baptist church last night the choir rendered as an anthem, "Say, where is thy refuge?"

At Bethany Tabernacle last evening five persons were baptised by immersion at the close of the service.

The anthem "Saviour, breathe an evening blessing" was most effectively sung by All Saints choir last evening.

The Men's Chapter of St. Luke's Guild, will meet at Mr. Peck's house on Tuesday evening. All men of the congregation are invited to attend.

The annual church roll call of the Park street Baptist church, will be held on Wednesday evening, and the annual business meeting will be held on Thursday evening.

Rev. H. Symonds delivered the third sermon of the course on Christian Evidences last night, on the subject of the Credibility of the Gospel Narrative. The same subject will be continued next Sunday.

The solo and chorus, "It is Jesus" was very pleasingly rendered by Miss Clara Bellegham and the choir at the evening service in the George street church. During the offertory the bass solo "Thy will be done" was well rendered by Mr. Frank Turner.

The quarterly service was largely attended at George street church Sunday morning. Rev. Mr. Lewis occupied the pulpit very acceptably. The hymn anthem, "Consolation"—Mendelssohn was very nicely rendered by the choir. During the offertory Miss Bertha Parnell sang very sweetly, the solo, "They Crucified Him."

Rev. W. L. Armitage's sermon last evening in All Saints church was more especially delivered to the candidates for confirmation. He spoke from the text "Follow me and let the dead bury their dead," the basic thought of the address being that as a man's life cannot be lived over again, he should put the past behind him and live for the future.

The choir of St. Luke's held a pleasant evening at the Rectory last Thursday. It was decided to organise and hold regular meetings for business and recreation. The following are the officers: Hon. Pres., Rev. H. Symonds; Pres., Mr. A. Davies; Vice-Pres., Mr. J. J. Turner, jr.; Secretary, Miss E Burnham; Librarian, Miss K. Calcutt. The next meeting will be at Mr. Davies' home, 217 London street, on Thursday evening.

The song sermon given in Charlotte street church last evening was one of the most attractive yet given by Rev. Mr. Crossley. The church was crowded from pulpit to doors, and all were greatly pleased and profited. For several weeks Mr. Crossley has been practicing the children for the occasion. The choir gallery and minister's platform were filled with children and the pastor stood in their midst. Four beautiful pieces of music were sung by the children, and it was a delight to hear them. The subject of the sermon was "Things we most desire for our children." If we judge by the crowd of last night, the monthly song sermons are losing none of their popularity.

DR. A. W. CHASE'S CATARRH CURE ... 25c.

is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. Blower free. All dealers, or Dr. A. W. Chase Medicine Co., Toronto and Buffalo.

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the padel without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1898 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. **Organs of every description at Wholesale Prices.**

Big Bargains now on hand in slightly used. Upright and Square Pianos of the various makes taken in part exchange for the famous NEWCOMBE PIANOS. Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate For correct and full information regarding the new invention and NEWCOMBE PIANOS write to our Direct Representative. Easy Prices. Liberal Terms.

W. E. GREEN, Box 714 Peterborough, or Octavius Newcombe & Co., Toronto.

GOOD NEWS TO THE PEOPLE:

I've come again to get another pund o' yer good 25 cent Japan tea. We think your tea the best, an' that's jist the reason we buy it. It is fine tea, and John says anbody cobt to get the best value for their bawbees and your jist the man to gie it. We've tried either shops, but were richt at last, and we wull stay wi' ye. We are pleased to see that the people of the town and country appreciate our efforts to give them the purest and best teas, general groceries and provisions at honest prices. There is no guid mine to give away, but we promise to give our friends and customers the best value all round that can be given. We invite all the people to come and share in the good things to eat. Good assorted stock of Fresh Vegetables, Canned Goods, Pickles, H. Radish, Preserves (home made), at low prices at the place where the people buy the good tea.

WATSON TO SUCCEED.

Admiral Dewey May Come Home Whenever He Thinks It Right.

FILIPINOS' DARING TRICK.

General Otis Cables Washington That the Insurgents Are Weakening—Progress of the Campaign—The Commands Planned to Meet at Guagua Failed to Connect—Guagua Evacuated.

Washington, May 9.—The Navy Department has selected a successor to Admiral Dewey to command the Asiatic stations. Orders were issued yesterday detaching Rear-Admiral Watson from command of the Mare Island Navy Yard, and ordering him to report to Admiral Dewey at Manila to relieve that officer when he feels that he can be spared there.

A Pretty Clever Manœuvre.

Manila, May 9.—The Filipinos surprised the United States forces at San Fernando with a daring trick yesterday. A railway train with an engine at each end was run almost to the American outposts and in plain sight of the town. Before they could be reached a gang of natives sprang off the train, tore up several lengths of the railway track, boarded the train again, and the train steamed away so quickly that there was no opportunity to capture the raiders.

The Nebraska Regiment is asking for a temporary relief from duty. Only 375 men of this regiment are left at the front.

Otis Says Insurgents Are Weakening.

Washington, May 9.—The War Department has received from General Otis a despatch giving the situation in the Philippines, some parts of which have been omitted by the War Department in making it public. The dispatch is as follows:

Manila, May 8.—Adjutant-General, Washington: Situation as follows: Lawton at Maasin and Balinag; scouting parties to north and east. MacArthur at San Fernando. Army gunboats operating in rivers. Have cleared country west of MacArthur of insurgents. Signs of insurgents' weakness more apparent daily.

FAILED TO MEET THE GUNBOATS.

Capt. Grant Went Up the River and Came Down Again.

Manila, May 9.—The army's gunboats Laguna de Bay and Cavadonga, under command of Captain Grant, which started up the San Fernando River for Guagua on Sunday, presumably to establish there a base of supplies for the troops engaged in the northern campaign, returned yesterday, Major-General MacArthur having failed to connect with the expedition. The gunboats found rebels entrenched at Sosmoan and Guagua, on the water fronts of the towns. The vessels steamed past the works, shelling the occupants and driving them out. Landing parties from the boats entered both towns, capturing at Sosmoan a Spanish captain in uniform, who was ostensibly a prisoner in the hands of the rebels, and also a native officer. Arriving at Guagua, the town and a small gunboat were found to be burning, and the natives were evacuating the place in consequence of the bombardment.

THE STRIKE SITUATION.

The Moulders and Cotton Operatives' Strikes at Montreal—Crisis at Buffalo—Toronto Junction Settling.

Montreal, May 9.—The Merchants' Cotton Company do not see their way clear to give the 10 per cent. increase of wages asked by their employes, who to the number of over 100 walked out on Saturday. The managers of the mill, which is located at St. Henri, state that they are willing to grant increases all around which will amount to about 6¼ per cent. This will not only take in those who have already struck, but the others as well. The company state that the increase of 6¼ per cent. which they offer is 1¼ per cent. better than the rate of wages were before the reduction of 1894.

The situation as regards the striking moulders is unchanged, except that Clendinning's men, 20 in number, and Beaupre's 20, have signed the agreement accepting the masters' offer of ten per cent. advance.

The Buffalo Strike Extending.

Buffalo, N.Y., May 9.—Between 150 and 200 housemen employed by Gratton & Lattimer refused to go to work yesterday morning out of sympathy for the striking grain shovellers. Grattan & Lattimer, as contractors, handle freight for the railroad companies at the New York Central, Lackawanna, Erie and other freight houses. They handle freight inside the freight houses exclusively, and have nothing to do with the unloading or loading of boats.

Nearing an End.

Toronto Junction, May 9.—The strike of the Toronto Junction brickmakers is about at an end. Four of the six yards have submitted a proposition of compromise with their men, and at a meeting last night 32 of the men working in Mason's, Townsley's, Brown's and Ratledge's yards decided to go back to work this morning at the following rates: Setting off 22c, shifters 23c, temperers 24s, setters 16c, spreading 5c, sanding 10c, clay digging $1.50 per day. There are 21 men at Wakefield's yard and six boys who are still on strike, and at Pear's yard there are eight men and two boys who still hold out for an increase of wages.

A BIG RAILROAD TRUST.

If Effected Will Include All Lines Between Boston and Chicago.

Cleveland, May 9.—According to a high official of the Vanderbilt lines in this city the details of a big railroad trust, which is to include all the lines between Boston and Chicago, are now being worked out, and the consolidation may be completed within the next few weeks. The recent purchase of short lines in New York, Pennsylvania, Ohio, Indiana and Illinois was in line with the plans for the consolidation which has been in contemplation. It is not the purpose to have all the lines under one management exactly, but to apportion them among the Pennsylvania Company, the Vanderbilt interests and the Baltimore & Ohio, giving to each system the lines that it can use to the best advantage.

The purpose of the consolidation is said to be to prevent rate cutting and to accomplish practically what the Joint Traffic Association was organized to do.

MR. LUDGATE IN POSSESSION.

The Lessee of Deadman's Island Decides to Go Ahead.

Vancouver, May 9.—Ludgate, the lessee, took possession of Deadman's Island yesterday morning with 50 men, and at noon great gaps had been made among the trees, while the island is in a perfect cloud of smoke. The whole matter of possession was brought off very quietly, and few people knew of what was to take place. Ludgate says he will resist by force any attempt to retake possession of the island, and any forceful proceedings as well as any attempt to arrest his men would now be accompanied by a riot at least. Mayor Garden did not go near the island, but, after consulting with City Solicitor Hamersley, he left the matter in the hands of the Provincial Government, whose inspector is now awaiting instructions from Victoria.

He Named Charles B. Squires.

Columbus, O., May 9.—Attorney-General Monnett yesterday filed in the Supreme Court his answer to the motion of the Standard Oil Company requesting that he designate the persons alluded to in his statement that he had been approached with offers of bribes to dismiss the suits against the company, and named Charles B. Squires, formerly of Cleveland and now of New York, as the party through whom the alleged proposition was made.

Escaped Jail by Chimney.

Toledo, May 9.—Five United States prisoners, William Miller, George Jones and William White, postoffice robbers, and Thomas Burns and Fred. Williams, are at large. The men climbed up the tall brick chimney at the rear of the jail. William Cox, a sixth man, was discovered as he reached the top.

Harcourt's Reply to Rosebery.

London, May 9.—The Daily Mail announces that Sir William Vernon Harcourt, the former leader of the Liberal party in the House of Commons, at the dinner of the Welsh members of the House last Saturday evening, delivered a "resentful and outspoken reply" to Lord Rosebery's references to the state of the Liberal party, in his speech last week, at the banquet of the City Liberal Club at Walbrook, London. Harcourt, according to The Daily Mail, declared that the Liberals had no occasion to turn backward, and that it ill became one of Mr. Gladstone's colleagues to advocate wiping out the whole inheritance Liberalism had received from that illustrious statesman.

THE PONTON TRIAL.

IT WILL BE POSTPONED FOR THE PRESENT.

The Deputy Attorney General Refuses to Allow it to Proceed—An Appeal to the High Court.

Special to The Examiner.

Toronto, Ont., May 9. — Deputy-Attorney General Cartwright this morning refused to allow the motion by E. Gus Porter, counsel for W. H. Ponton, in the Napanee Bank Robbery, case, in favour of having Ponton's trial proceeded with at the assizes which open here next week instead of being postponed in accordance with what Mr. Cartwright had announced as the desire of the crown. Mr. Porter will now apply to the high court for leave to appeal from this ruling of the Deputy Attorney General.

DUMBLE ON DEPUTATIONS.

Our Respected Police Magistrate Talks on the Subject.

Dumble on deputations has a recognized authority similar to "Biles on Bills," for he has had considerable experience and has, in addition to numerous other occasions, been to Ottawa twice this year as an important member of important deputations.

In conversation this morning Mr. Dumble was led to express himself on the subject, and he referred to the great difficulty which deputations to Ottawa have in getting an audience with ministers, not on account of the disinclination of the latter to receive deputations, but from the difficulty they had in finding the time. Ministers are busy with preparing for the next day's session, with other deputations; their departmental duties, etc. It requires careful prearrangement to secure even a brief audience from busy statesmen.

In making appointments for deputations Mr. Dumble says much depends upon the kindly offices of the local representatives. The deputations that have gone from Peterborough re the Trent Waterway, this session are greatly indebted to Mr. McHugh, the genial member for South Victoria, who from his deep interest in the Trent Waterway scheme, did all in his power to promote the objects of the deputation.

Mr. Laing, East Peterborough, was absent on the last occasion, but gave valuable assistance to the previous deputation.

Mr. Dumble also remarked that the deputation found that Mr. J. R. Stratton, M.P.P., was as favourably known to and regarded by ministers that his efforts and representations were an open sesame to the good graces of the ministers. The deputation left the Capital with the impression that Mr. Stratton had a strong hold upon the respect and confidence of the government, and counted themselves fortunate in having his assistance and presence.

Mr. Dumble spoke in the highest terms of the courteous attention which the members of the government paid to the deputation and the interest manifested in the objects it had gone to the Capital to promote, though other deputations were waiting and important business demands made every moment precious.

THE STOCKYARDS

Mr. Kennedy will not Stand in the Way of the Stanley Piano Co.

To the Editor of The Examiner.

Dear Sir.—Since I first laid the scheme of the establishment of a stock market before our present Council there has been a great many statements put in print for and against the idea, and now I wish to clear myself before the public of any intention of either injuring any one's property or of carrying on a business which would be a nuisance to any one. I have always been anxious to increase my own business as well as to help and encourage any industry which would prove beneficial to the community in which I am located, and as a citizen I would be only too glad to encourage any manufacturing establishment or industry of any kind that would increase the circulation of money in our community and prove advantageous to the town and country.

The matter of securing a site for a public live stock market has up to the present time been one of difficulty, but now I have leased the property which lies between the G. T. R. and C. P. R. cattle yards, knowing that with the facilities that can be secured on this lot I can handle my business to greater advantage, and to show that I am confidant that the business that I may carry on on this property will not become a nuisance, I have signed the lease making myself subject to removal at any time on three months notice by the Commissioners.

As Mayor Davis, president of the Stanley Piano Co., objects to the erection of his company's building on the property granted free to him by our council, on that the ground that I have secured the balance of the property at a rental of $100 a year and taxes, I have decided to submit the following offer to the town council.

As soon as the Stanley Piano Co. have erected their buildings and are ready for operation, according to the resolution passed by the council, I agree to withdraw from said property and cancel my lease, provided that it is then the wish of the Stanley Piano Co. that I do so, and provided that the Town Council has in the meantime arranged for a lot in any other part of the town with equal or similar facilities for the carrying on of my business.

Thanking you Mr. Editor for your space, I am,

Yours respectfully,
H. P. KENNEDY.

Ladies' Suits.

Twenty-four Styles. Twenty-four Styles.

These are the models of the largest manufacturers of Ladies' High-Class Suits, Mantles and Skirts. There are thirty Suits in twenty-four styles of the latest designs for street and bicycle suits. All are men tailored, the inside as well finished as the outside, Some severely tailor-made, others braid trimmed, others again contrasting cloth trimmed—all are jaunty. Prices one-third to one half less than we would have to ask you had we bought them in the regular way

Have you thought of taking an outing? One of these would be an admirable adjunct to your travelling outfit. You might as well have first choice as your neighbour. See them anyway.

J. Sutcliffe & Sons,

Lindsay, Peterborough, Kingston.

"Welcome, Evil, If Thou Comest Alone."

One evil that cannot come alone is impure blood. If this is allowed, it is attended by kindred ailments galore. This condition means that every vein and artery of the body, instead of carrying to the organs a health-giving flow of life, is laden with a slow and impure fluid that is harming instead of healing.

It is unfortunate when there is "bad blood" between people. It is worse when it is inside of you. Hood's Sarsaparilla will not make enemies friends, but it will make "bad blood" good blood, and blood should be of the best quality. Hood's *never disappoints.*

Pimples—"My face was covered with pimples and blackheads but after taking Hood's Sarsaparilla a short time, I was entirely cured, and my skin left smooth and clear. I recommend Hood's Sarsaparilla very highly." MAY RYAN, North Street, Chatham, Ont.

Erysipelas—"I would strongly urge the use of Hood's Sarsaparilla for erysipelas or any scrofulous disease. I have received great benefit from Hood's Sarsaparilla for the former complaint. It is an excellent blood purifier." MRS. H. D. WEST, Church Street, Cornwallis, Nova Scotia.

Tired Feeling—"I had no appetite and experienced a tired feeling. Different medicines did not help me. I tried Hood's Sarsaparilla and in a short time I was enjoying perfect health. Since then we always take Hood's Sarsaparilla when we need a blood purifier or tonic." MRS. S. KIRCH, Beatrice, Ont.

Stomach Trouble—"I had pains in my sides and kidneys. Stomach and liver troubles caused my distress. I had doctored without avail and used many medicines unsuccessfully. My sister advised Hood's Sarsaparilla and in a short time it cured me. I am now stronger and sleep better. I shall never be without Hood's Sarsaparilla in the house." MRS. FRANCKE, 209 Ossington Avenue, Toronto, Ont.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

TUESDAY, MAY 9, 1899.

OPPOSITION "HARMONY."

The speech of Sir Charles Tupper, delivered on the Budget Friday, was, in many respects, a happy one, and contrasted favourably with the vainly laborious effort of Mr. Foster to "reply" to the Finance Minister. It was in many respects patriotic, notably where he promised to support the government when the interests of the country are at stake. And his banter, though ill aimed, gave a refreshing element of breeziness to his effort, an element generally absent from the stump speech type of verbosity now too commonly usurping the place of "debate" in the House. But the honourable baronet was guilty of a faux pas of a most unaccountable order when he undertook to tell the government that it was a "house divided against itself." The charge albeit absurd, compelled a reflection as to the other side of the shield, and surely the less the Opposition talks about divisions in the household the better. The "nest of traitors" incident is not forgotten. The story of the "forged letters" is yet current. The caballing and the knifing that went on in the ranks of that interesting conglomeration composing the Tory cabinet during its last few years of office, is matter of public notoriety. And since the dethronement of Sir Mackenzie Bowell, the day that Sir Charles reigned in his stead for a few months, and subsequently has pined in Opposition, what has been witnessed? The Tory press and the various cliques making up the party it represents, has not reflected much unity of sentiment, or party allegiance to its reputed leader. And the defection of Mr. Costigan, on a recent important occasion, is a fresh proof of the harmony existing in the party ranks, and the rumours of other possible defections indicate that the political atmosphere is unsettled.—Ottawa Free Press.

A gratifying proof of the prosperity of that fearless and excellent journal, the Montreal Herald is afforded by the fact that it is soon to occupy splendid new premises, the old postoffice building, which has been elaborately fitted up as permanent home for one of the most influential and progressive of Canadian journals. The necessity of enlarged premises has been forced upon the Herald by its rapidly expanding business. The Herald has vastly improved under its present management, and has not only catered effectively to the news loving public, but has shown a public spirit largely represented by a merciless exposure of wrong doing, especially that inimical to the public interests, which has given it a warm place in the public confidence. In seeking a new business home, the Montreal Herald may cease from further search; for it has no need to seek a new home in the hearts of its numerous readers. The Examiner extends it most cordial congratulations.

Vigor FOR The Weak and Nervous
Dr. Ward's Blood and Nerve Pills.

OUR OTTAWA LETTER.

(From Our Own Correspondent.)

Ottawa, May 6.—In more ways than one the annual budget speech delivered on Tuesday night by Mr. Fielding is exceptionally gratifying, for not only is it the official statement of the business of the most prosperous year in the history of the Dominion, but it is also satisfactory to find that for a time at least no further changes are imperative in the existing tariff. It must not be supposed for a moment that the present tariff is so nearly perfect that no further changes are desirable; on the contrary Liberals will not be satisfied until further substantial reductions have been made, but in view of the fact that the present tariff has only been in full operation since last August and of the absolute necessity of maintaining the present feeling of confidence and stability which was an unknown condition in the old Conservative days of constant tariff changes, the Government has decided that the lesser evil is to bear with the present rates a little longer, a decision which few will quarrel with.

Big Reductions Now in Force.

It has been a favourite contention with Oppositionists that in spite of the persistent Liberal criticisms of the N.P. and the demands for tariff reductions the present Government has done nothing in that direction but have on the contrary retained the old tariff, and that it is mainly if not entirely due to this fact that the country is as prosperous as she is to-day. The fact of the matter is however and this was very clearly shown by Mr. Fielding, that big reductions have actually been made. An unquestionable proof of this is forthcoming in the fact, that even the Opposition did not attempt to deny, that had the tariff of 1896 been imposed upon the imports of 1898 the duties collected would have been $2,715,028 more than it really was. More than this if the tariff of 1896 be applied to the imports of the present year calculating upon the nine months already completed the duties collected would have been nearly $3,000,000 more than has been exacted by the revised tariff now in force. This is equal to an all round reduction of 11 per cent. or one-ninth, a substantial relief for the consumer, and one obtained in a business-like manner without disturbing any particular line of business or imperilling existing interests.

How the Preferential Works.

Of course the British preferential clause in the tariff has materially assisted in bringing about this reduction, and it becomes more evident every day how hollow is the contention of the Opposition that this preference is a fraud and a humbug. An excellent example of the way it is operating was given by the Minister of Finance in his speech when he quoted the case of a single consignment of dry goods, imported by a Montreal merchant and amounting in all to $12,000, upon which instead of paying $3,754 as would have been required under the tariff of 1896 he only had to pay $2,058.88 or an actual saving of $695.12 on that one bill of goods. To an ordinary intelligence it would appear exceedingly foolish to put it very mildly, to persist in declaring that there is no reduction and no preference under such circumstances.

The Position of Coal Oil.

I have stated above that there are to be no changes in the tariff this year, but this should be qualified in one particular. The matter of duty on coal oil has been much agitated during the last few months, the West particularly feeling the present duty weigh heavily on them. The Government now announces a substantial measure of relief by the removal of the regulations under which this universally needed commodity has been handled. Hitherto the oil has been required to be barrelled before it can be handled by the retailers, and the effect of this has been to increase the cost of handling at least five cents a gallon. In future, however, this is not to be required, and the actual result will be equivalent to a removal of the duty, so that the efforts of Mrs. T. O. Davis the member from Saskatchewan and his colleagues from the West, have been entirely successful in procuring the measure of relief so much desired by their constituents and they will not therefore need to press their demands, that coal oil be placed upon the free list.

By Leaps and Bounds.

As to the general condition of the country's finances as disclosed by Mr. Fielding's speech, it is difficult to imagine in what way it could be improved. The revenue for the current fiscal year is estimated at $46,632,398 and the estimated expenditure $32,026,028, leaving an estimated surplus of $4,600,000, which may even reach $5,000,000 before the end of the year. There has been an addition to the national debt of $1,700,000 owing to the vast expenditure required on permanent public works, such as canal deepening and so forth, items which have always been recognized as legitimate charges on capital account, but even with these large outlays the increase in the public debt for the entire period of the present Government's term of office is considerably less than the average annual increase incurred by the late administration.

Sixty-Six Millions in Two Years.

It is not impossible to even summarize the immense mass of figures submitted by the Minister of Finance for the purpose of showing the marvellous progress which the country has been making the last two years. It may be mentioned, however, that the increase in the total trade of Canada in that period has been $66,362,022, while the total increase from 1878 to 1896, the eighteen years of the late administration was but $57,666,993, in other words, "the total trade of Canada in two years under the Liberal Administration, the advent of which to power it was said would bring ruin and and disaster to the country, increased by $8,895,029 more than it did during the eighteen years of the Conservative Government," the year's business in every direction, whether in imports, and exports, shipping and railway business, life and fire insurance, banking, or aught else—in every direction the same progress and prosperity is most unmistakably indicated.

For a Railway Commission.

The [illegible] moved by Mr. Rutherford, the member for Macdonald, on Wednesday afternoon when introducing his resolution calling for the creation of a Railway Commission, was one of great interest and importance to the whole country, and of special moment to the West. As was remarked by all the speakers, the transportation question is perhaps the most vital before the country to-day, and as the resources of the Dominion develop, relief from undue restrictions in the matter of excessive rates and unfair discrimination, inadequate carrying facilities, illegal combinations and so forth, becomes more necessary and imperative.

The problem of how these matters are to be best regulated presents difficulties that are testing the statesmanship of our best men, in parliament and out, for every suggestive remedy is attended with objections that appear almost insurmountable. The state ownership of the railways, one of the alternative schemes, is almost impracticable at the present time, for it would cost

A Thousand Million Dollars

at least, to buy up the railways at present in operation, and to find such a sum would be to quadruple the national debt and to create an annual charge of $30,000,000 for interest alone.

A commission consisting of three experts, namely a railway expert, a legal expert and a business expert, invested with full powers to regulate rates and prevent discrimination and overcharges, investigate grievances and complaints, and generally act as mediator and arbitrator between the railways and the people is Mr. Rutherford's remedy. This, too, is undoubtedly open to many objections, but the discussion upon the scheme is being taken up with much earnestness on both sides of the House, and with an evident desire to arrive at some definite action, and no question that will come before Parliament this session can be of more real concern to the most vital interests of the community as a whole.

There are three conditions:
When the blood is poor;
When more flesh is needed;
When there is weakness of the throat or lungs.
There is one cure: that is
Scott's Emulsion.

It contains the best cod-liver oil emulsified, or digested, and combined with the hypophosphites and glycerine. It promises more prompt relief and more lasting benefit in these cases than can be obtained from the use of any other remedy.

BRITAIN AND THE COLONIES.

Duke of Cambridge Says Royal Family Wants to Strengthen Ties.

London, May 9.—The Duke of Cambridge yesterday opened Imre Kiralfy's Greater Britain Exhibition at Earl's Court, in the presence of a distinguished company, which included representatives of several colonial Governments. In the course of his speech the Duke of Cambridge emphasized the fact that he and other members of the Royal family desired to do everything to strengthen the ties between Great Britain and the colonies. His Grace said that it was a singular fact that, with all the talk of peace, all the nations were going ahead with armaments. If the Czar's conference resulted in any steps tending to lessen the burden upon the people and to insure peace, these suggestions would be sincerely welcomed by England. At the same time, the Duke of Cambridge said he congratulated his audience upon the preparations of the country and the undoubted loyalty of the colonies.

KIDNEY DISEASES

ARE POSITIVELY CURED BY DODD'S KIDNEY PILLS.

Lanark County People Know this—Their Experience has Proved it Dodd's Kidney Pills Cured Mrs. Peter O'Brien of Kidney Complaint.

Kilmarnock, May 8.—The people of this section are among the shrewdest and most level-headed people in Canada. They know a good thing when they meet it. And when they "run up against" a good thing they make use of it. That is why Dodd's Kidney Pills have such an enormous sale in this district. That's the reason Dodd's Kidney Pills are used in nearly every household in the county.

It is nothing unusual to hear of several cures of Kidney Disease everyday, by Dodd's Kidney Pills, in this neighbourhood. The medicine is in universal use. It has the record of having completely cured every case of Bright's Diabetes, Dropsy, Lumbago, Rheumatism, Paralysis, Heart Failure, Urinary Disease, Diseases of Women, or Blood Impurity, in which it has been used. Our people claim that it is the only medicine on earth that will cure these diseases.

A still further claim is made by those who have used Dodd's Kidney Pills. They assert emphatically, (and to speak the truth, they bring convincing proof) that Bright's Disease and Diabetes are as easily cured, if Dodd's Kidney Pills are used, as is a common cold.

Mrs. Peter O'Brien, of Smith's Falls, whose cure is the latest reported, has many friends in Kilmarnock, and her complete recovery amazes, while it delights them. Her case was a severe one of Kidney Disease, and Dodd's Kidney Pills worked a wonderfully quick and complete cure.

Dodd's Kidney Pills are sold by all druggists at 50 cents a box, six boxes, $2.50, or will be sent, on receipt of price, by the Dodd's Medicine Co., Limited, Toronto.

Half Sick Half Well

Many persons have their good day and their bad day. Others are about half sick all the time. They have headache, backache, and are restless and nervous. Food does not taste good, and the digestion is poor; the skin is dry and sallow and disfigured with pimples or eruptions; sleep brings no rest and work is a burden.

What is the cause of all this? *Impure blood.*

And the remedy?

Ayer's Sarsaparilla

It clears out the channels through which poisons are carried from the body. When all impurities are removed from the blood nature takes right hold and completes the cure.

If there is constipation, take Ayer's Pills. They awaken the drowsy action of the liver; they cure biliousness.

Write to our Doctor.

We have the exclusive services of some of the most eminent physicians in the United States. Write freely all the particulars in your case. You will receive a prompt reply, without cost.

A Combination of Evils Bring on that Spring Trouble known as "Tired Feelings."

Paine's Celery Compound does a Wondrous Work for Every Rundown Man and Woman.

"Tired feelings!" These two words cover a multitude of dangers and perils, and should, when fully comprehended, be taken as serious warnings.

"Tired feelings result from a vitiated and deranged condition of the blood and nerves, which causes a general weakness of the entire system. Constipation is usually one of the dominant troubles; digestive vigour is lacking, appetite is poor and sleep is never refreshing.

To banish "Tired feelings" the blood must be cleansed and purified, and the nerves toned and braced.

This foundation work is easily and quickly accomplished by using Paine's Celery Compound, the world's famous spring medicine. This noted remedy, purely vegetable, pleasant to the taste, is in every case just what is for it. It is the one spring medicine that our best physicians vouch for; it is the great health restorer and strength giver that the best people of Canada talk about in the home and on the street.

A few bottles of Paine's Celery Compound used during the month of May, will banish all the troubles that regularly contribute to "Tired feelings" and ill health. If you are nervous, sleepless, have indigestion, dyspepsia, neuralgia, heart trouble, kidney or liver affections, your doctor or druggist will, if asked, promptly advise the use of Paine's Celery Compound.

Three Leading Principles.

London, May 9.—The Berlin correspondent of The Standard says: The United States delegates to the peace conference at The Hague have instructions to advance three leading principles: The institution of courts of arbitration; the extension of the declaration of Paris of 1856; the non-confiscation of all cargoes not contraband of war, and the extension of the Geneva convention to war by sea.

His 1,771st Inquest.

Sherbrooke, Que., May 9.—A. G. Woodward, the veteran coroner of St. Francis district, and the oldest resident of Sherbrooke, entered upon the 87th year of his age on Sunday last, and at midnight he took the train for Lake Megantic, where he held on Monday his 1,771st inquest. He was appointed coroner in 1830.

Sir Charles Tupper Brings Up Lord Aberdeen's Disallowance.

MR. CHAMBERLAIN CONCURS.

Lord Aberdeen Was Right According to the Colonial Secretary in Frustrating the Proposed Administrative Free-booting—Proposal for Military Pensions—Minister of Militia Assents to the Principle.

Ottawa, May 9.—In the House of Commons yesterday Sir Charles Tupper made another unsuccessful effort to have laid on the table the correspondence with the Imperial Government in relation to the refusal of Lord Aberdeen to sanction the appointment by the late Government of a number of officers after they had suffered defeat at the polls. The Premier while restrained by the rules from giving the text of a secret despatch, acting under the authority of the Colonial Secretary, stated the purport of the paragraph relating to the question, which entirely endorsed the action of Lord Aberdeen. Sir Charles was not satisfied, and declared his intention of going to the Imperial Parliament upon the matter. Mr. Richardson made a vigorous fight for the appointment of a commission to investigate the accounts of the C.P.R., with a view to arriving at the actual cost of construction, in order that the provisions giving the Government control of the rates may be put into effect. The debate will be resumed on a future occasion. Several other motions were disposed of, and a number of bills advanced a stage.

Mr. Oliver introduced a bill respecting the Hudson Bay & Yukon Navigation Company.

Mr. McInnes introduced an act to further amend the criminal code.

Questions and Answers.

In answer to a question asked by Mr. Clarke, Hon. Mr. Borden said that the Canadian service medal had not yet been received for distribution on account of delay in England in making them. The expense of the commission appointed was $988.

In reply to a question asked for Mr. Clarke Wallace, as to how many bushels of wheat and barrels of flour, respectively, being the produce of Canada, have been exported from the ports of Montreal, St. John, N.B., Fort William and Winnipeg for the year 1898 and for the six months to Jan. 1, 1899 Hon. Mr. Paterson gave the following statistics: To June 30, 1898:

Wheat—Montreal, 4,316,277 bushels; Fort William, 6,359,289; St. John, N.B., 828,964; Winnipeg, 1,916,942; total, 15,418,472 bush.

Flour—Montreal, 370,230 barrels; Fort William, none; St. John, N.B., 91,083; Winnipeg, 94,355; total, 564,746 barrels.

For the six months to Jan. 1, 1899:

Wheat—Montreal, 1,307,343 bushels; Fort William, 3,110,486; St. John, N.B., 182,170; Winnipeg, 31,665; total, 4,537,362 bushels.

Flour—Montreal, 212,302 barrels; Fort William, none; St. John, N.B., 5050; Winnipeg, 45,850; total, 263,203 barrels.

Hon. Dr. Borden, in reply to a question asked by Mr. John Ross Robertson, said that the Canadian volunteers organised in Chicago in May, 1866, and who arrived in Toronto on June 4, 1866, and volunteered for service at the front during the Fenian Raid of that year are entitled to medals similar to those to be presented to the volunteers of Canada in connection with the same service.

The notices of motion were then run through, and a number of opposed motions for papers passed.

Pensions Asked For.

Col. Sam Hughes moved that in the opinion of this House a pension system should be established for officers and men of the Canadian permanent corps and of the headquarters and district staff, who are not under the Civil Service Act. In support of his motion he said that his scheme was for a pension or a gratuity or a grant of land, with a house and outfit to begin farming with and an insurance for each member of the force after a certain number of years of service.

Sir Charles Tupper thought the time had come when more definite character must be taken to put the defensive forces of Canada on a sure footing in regard to emoluments and pensions after the expiry of their term of active service than hitherto, and was glad the Government had, as evidenced in the speech of the Minister of Militia, arisen to the recognition of the importance of the subject.

Hon. Dr. Borden, Minister of Militia, said that he heartily sympathised with the mover of the resolution and thought that the matter was a very important one. It was also a very difficult one, and, although he had given it very careful consideration, he had not been able to reach any satisfactory conclusion. He would, however, give the subject his most careful consideration during recess, and if Col. Hughes would not press his motion now, he hoped that next session he would be able to formulate a scheme which would give at least partial relief without being more costly than the country could afford.

The motion was then withdrawn.

Lord Aberdeen's Disallowance.

Sir Charles Tupper moved than an humble address be presented to His Excellency for copies of all cablegrams, papers, correspondence and despatches or other writing upon which the Right Hon. the Prime Minister of Canada based the statement in the House of Commons on the 10th of June, 1898, as follows: "I have the authority of the Secretary of State for the Colonies to state that he approves of the principles on which the Governor-General acted, as based on the facts set forth in the letter of His Excellency to Sir Charles Tupper." He said that one of the fundamental principles of government in Canada, recognized from Confederation down to the present time, was that we enjoy here the British Parliamentary system, and British precedents were used here. He then reviewed, at considerable length, the circumstances under which Lord Aberdeen refused to take his advice after the election of 1896, repeating in great measure his arguments of last year that in so doing Lord Aberdeen had acted unconstitutionally. He cited cases of defeated Prime Ministers remaining in office for some time after their defeat at the polls, and their advice being taken, specially quoting the case of Mr. Mackenzie in 1878. He wanted all the papers brought down, because he wished to see the information on which Mr. Chamberlain had based the despatch in which he approved of Lord Aberdeen's conduct.

Sir Wilfrid Is Willing.

Sir Wilfrid Laurier said that he had contended when the question was up last year that Lord Aberdeen's action was quite constitutional, that it had been sustained by Mr. Chamberlain, to whom the matter had been referred, and he maintained that position still. He would not oppose the motion for papers, but the return would be governed by the well-known rules of the Colonial Office as to what could or could not be brought down. He did not agree at all with what Sir Charles Tupper had said. Sir Charles had stated that on the main issue of the election of 1896 he had been deserted by a large number of his followers. Well, just five, all told, voted against him, but 12 of Sir Charles' own followers deserted him. The main issue really was that the Government was defeated at the polls, and a few days after Sir Charles announced his intention of resigning. Instead, however, of doing only routine business, he proceeded to make important appointments, amongst them appointments to the Senate of some of his defeated colleagues. This advice Lord Aberdeen declined to take on the ground that Sir Charles had lost the confidence of the people and their appointments should be held in abeyance. This action had been approved by the Colonial Secretary, and that ought to end the matter.

Sir Charles Tupper said that the Prime Minister had evaded the entire question. He had asked if after Mr. Mackenzie was defeated in 1879, he had not appointed, with the approval of Lord Dufferin, a judge of the Superior Court in Quebec, and had made numerous other important appointments. He cited the case of Lord Derby in 1853, and contended that the action of Lord Aberdeen was unconstitutional. He asked whether the Premier intended to lay the despatch of Mr. Chamberlain on the table.

Sir Wilfrid Laurier—As far as I can.

Then, replied Sir Charles Tupper, the right hon. gentleman stands condemned in the face of this House, and of the country, of having violated the essential principle of constitutional precedent in refusing to lay before the House, not only the full despatch from Mr. Chamberlain, from which he had quoted, but also the advice sent to the Colonial Secretary, and on which his despatch was based. If his request for full information was refused he would not cease his agitation until he obtained the information he desired.

The motion was then carried.

What Does the C.P.R. Earn?

Mr. Richardson moved a lengthy resolution for the appointment of a commission to ascertain the actual cost of the construction of the Canadian Pacific railway, with the object of ascertaining whether it was not paying ten per cent. on the amount actually invested in the main line, with a view to a reduction of tolls on the main line. He spoke at some length in support of his motion, holding that the transportation question was the great question of the day, and that it was more important to have low railway rates than a low tariff. He pointed out that the Government had the right to regulate the rates of the C.P.R. as soon as the road earned ten per cent. on the amount expended as capital in the construction of the main line, and he believed it would be found that the road was now earning more than ten per cent. on its main line. If the cash and land and other subsidies granted by the Government were deducted. He thought the best way to settle the question of what should be regarded as the actual cost of the road to the company was by the commission he proposed and it could then be seen whether or not the company was earning ten per cent. on its investment, and, if it was, the Government could then have the rates reduced.

Mr. Oliver seconded the motion and approved of the appointment of the commission.

Mr. Henderson moved the adjournment of the debate.

Uncle Sam Should Settle.

Mr. Cowan (Liberal, South Essex) moved for "copies of all papers, including affidavits, and of all correspondence between the Government and the Government or public officials of the United States or other parties, concerning the case of Thomas Meagher, who was arrested by United States customs officers in Canadian waters in the River St. Clair on the 19th of August, 1898, was held in custody and grossly ill-treated by said officials for some time and afterwards imprisoned, and who was finally discharged without trial by order of the United States Government."

Speaking to his motion, the hon. member made a strong presentation of the case, stating the treatment of Mr. Meagher to be an unjustifiable outrage upon a Canadian subject. He asked that representation be made to the United States in order that restitution might be made to Meagher for one of the grossest outrages ever committed upon a British subject. As to Avery, he urged that the Attorney-General of Ontario should make a demand for his extradition and see that full justice is done in the case.

Mr. Campbell (Liberal, Kent) thought we should follow the example of England in this respect, and everybody knew that if a British subject were ill-treated in any part of the world the force of the British army and navy would be employed in his defence.

The Solicitor-General said briefly that the correspondence would show that the United States Government had admitted there was no justification for the arrest.

After some further discussion the motion carried.

To Limit the Debates.

Mr. Charlton moved his resolution against long speeches and took over half an hour to explain why he wanted to prevent members from explaining their views at length.

Sir Wilfrid Laurier said he could not consent to a restriction of the freedom of speech. The Opposition was not numerous, but the members had a right to speak at length if they pleased. He hoped the hon. gentleman would withdraw the motion.

Mr. Charlton, after taking a quarter of an hour to explain why he wanted to curtail speeches, withdrew his motion.

Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption. She bought a bottle and to her delight found herself benefitted from first dose. She continued its use and after taking six bottles found herself sound and well; now does her own housework and is as well as she ever was.—Free trial bottles of this Great Discovery at J. Lynch's Drug Store. Only 50 cents and $1, every bottle guaranteed.

PUBLIC CONFIDENCE.

The individual who fulfils his promises gains public confidence, and thus holds one of the strongest levers to success. The same is true of institutions, and in this connection the **SUN LIFE ASSURANCE COMPANY OF CANADA,** has a record in which it can take a pardonable pride.

Instead of over-estimating the profits on its investment policies, the management of the Company has wisely based the calculations on the proper earning power of money, having due regard to contingencies that are bound to arise. As a result of this the holders of matured Endowment policies are from time to time being agreeably surprised, and not disappointed, in the results of their policies.

The following letter speaks for itself and bears the eloquent and substantial evidence of the fact that the Sun Life of Canada keeps faith with its policy holders:

To the District Manager:—

DEAR SIR,—I beg to acknowledge with thanks receipt of cheque for twelve hundred and sixty-four and 95/100 dollars ($1264.95) from The Sun Life Assurance Company of Canada to cover Policy No. 15002 on my own life.

This amount represents a return of all premiums which I have paid to the Company and three hundred and thirty-four and 80/100 dollars ($334 80) besides, or about 4½ per cent. compound interest on my investment. In addition to this the Company has carried my risk for thirteen years for nothing, all of which is very satisfactory.

J MARSHALL HENDERSON.

Smith's Falls, Ont., 12th October, 1898.

Trip to Stony Lake.

On Friday, May 12th, the steamer "Sunbeam" will make a special trip to Stony Lake for the purpose of allowing parties who desire to make a visit to their summer cottages. The steamer will leave her Lakefield wharf on the arrival of the morning train, which leaves Peterborough at 8.15 a. m. Steamer will arrive at Lakefield on her return trip about 6 p.m. Usual fares charged. Busses will meet the boat and bring excursionists to Peterborough, or bicyclists can wheel if preferred. d2

St. Paul's Choir Concert.

The New York Musical Courier, the leading musical paper of the continent, says of Miss McMurtry, who sings at St. Paul's church Thursday evening:

"One of the members of the staff at the Toronto Junction College of Music is Miss Dora L. McMurtry, who graduated at the Toronto Conservatory of Music under the instruction of that excellent and experienced vocal teacher, Mrs. J. W. Bradley. Mr. Delasco, on whose behalf a benefit was lately given in this city, also taught this singer for a time. Miss McMurtry is leading soprano at the Jarvis street Baptist church, a position which A. S. Vogt, its choirmaster and organist, retained for her during her absence in New York, where she continued vocal studies with Charles B. Hawley. Miss McMurtry, who possesses a high dramatic soprano voice, is well-known here as a singer. She has a very musical temperament, and interprets her songs with intelligence. Her repertoire is extensive, and in such selections as 'Inflammatus' from Rossini's 'Stabat Mater' she excels."

The Annual Bonfire.

The brigade was called out this morning at about half past eight o'clock to extinguish a small blaze in the rear of J. Sutcliffe & Sons. The fire originated in some loose straw in the rear of C. B. Routley's store and worked its way over to some packing boxes and other inflammable material behind Mr. Sutcliffe's. The blaze was soon extinguished, but the firemen say that this is an annual trip for them.

Excursion to Muskoka Lakes.

Arrangements are being perfected by the Catholic Order of Foresters in Hastings for a grand excursion to the Muskoka Lakes on Wednesday, 14th of June. A special train will start from Belleville and run through over the Grand Trunk, taking in all the towns and villages along the route. The party will be joined by other Courts of the order along the line of the excursion and also at the lakes. The trip will permit of seven hours sailing through the beautiful Muskoka scenery, and tickets will be good for three days. Arrangements are in the hands of an energetic committee of management, assisted by Father Maguire, of Hastings, who is taking much interest in this excursion. Watch for further particulars.

TOWN COUNCIL AND THE COMMISSIONERS.

A RESOLUTION RE THE KENNEDY STOCK YARDS.

Aldermen Ask the Commissioners not to Lease Certain Lots for the Purpose of being used as Cattle Yards.

A special meeting of the Town Council was held last evening for the the purpose of dealing with the matter of the Town Commissioners in proposing to lease certain lots to H. P. Kennedy for stock yards purposes. Mayor Davis presided, with the following Aldermen present: Messrs. E. H. D. Hall, T. H. G. Denne, Wm. Langford, R. S. Davidson, H. Best, J. B. McWilliams, John Corkery, and John Sawers.

Communications

were received and dealt with as follows:

From Edg, Pearce, clerk of the Town Commissioners, asking that the Council make arrangements to reimburse the Town Solicitor for work done for the Commissioners. — Received.

From the Gutta Percha and Rubber Company re contract for hose. — Referred to the Fire, Water and Light Committee.

From Zimri Blodgett offering to take over the contract of Wm. Breckinridge for the southern portion of the town on the same terms as agreed upon by the latter.—Referred to the Board of Works.

From the Misses Leonard giving notice that the construction of the Matthews siding would injure their property and upon the construction of the same damages would be asked for. —Received.

In connection with this matter the Town Solicitor stated that the town was not liable for damages by giving permission to lay the siding, as it was the siding and not the permission that would cause the damage, if any.

From the Peterborough Central Exhibition asking for a grant of $200. Referred to the Finance Committee.

From the Toronto Loan and Savings Company asking for the construction of a granolithic pavement on Hunter street from Park to Belmont avenue.— Referred to the Board of Works with power to act.

From L. B. Felcher stating that Her Majesty's Veterans, of Toronto, would come to Peterborough for their annual outing if invited to do so. — Referred to the Mayor, Ald, Langford and Lieut.-Col. Bell with power to act.

From J. McCormick asking remission of dog tax.—Granted.

From J. Daignault appealing against assessment of income. — Referred to the Court of Revision.

The Stock Yards.

Moved by Ald. Best and McWilliams, "Whereas this Council has learned that the Town Trust Commissioners purpose leasing part of lots 10 and 11 N. Perry W. George and 10 and 11 S. Townsend, W. George to H. P. Kennedy, and that Mr. Kennedy purposes to use the said lands for stockyards.

"And whereas this Council has received a largely signed petition from ratepayers in the south end of the town protesting against stock yards being located in that vicinity, and stating that they would hold the town responsible for any damages caused to their property, and this Council had declined to sanction the use of the said lot for that purpose, after a thorough investigation, including visits paid to the stock yards in Toronto.

"And whereas the President of the Stanley Piano Company, which was about to erect a large factory on the south portion of the said lands, states positively that the Company will not erect the factory there if the stock yards are located there.

"Be it therefore resolved that this Council request the Town Trust Commissioners not to permit the said lands to be used for cattle yards and thereby support the past action of this Council."—Carried,

The Fee Question.

Moved by Ald. McWilliams and Corkery, that the matter of employing the Town Solicitor under salary or by the fee system be referred to a committee of the whole Council with instructions to write to towns and cities the same size as Peterborough and ascertain the various systems in vogue.—Carried.

Ald. Davidson stated that Mr. Thos. Rutherford offered to give the town the gravel removed from the Snowden House cellar if the corporation would supply the team.—Referred to the Town Engineer.

Directions were issued that the water draining from the post office lane be turned into the sewer.

The transfer of Wm. Breckinridge's contract to Zimri Blodgett was confirmed on motion of Ald, Davidson and McWilliams.

An account of J. H. Yelland was ordered to be paid when certifeid to.

The Treasurer was authorized to issue a cheque for $126.40 to James Stevenson in payment for the fountain in Victoria Park.

Ald. McWilliams was appointed the Council's representative on the Committee which is to discuss the question of the Free Library.

Moved by Ald. McWilliams and Davidson, that it shall be part of the duty of the Town Solicitor to do the legal work required by the Commissioners of the Peterborough Town Trust, including work required for arbitrations, the payment for which work shall be included in the salary as now paid by authority of the Council, namely at the rate of $500 per year.—Carried.

The Council then adjourned.

WAS UNCONSCIOUS.

Mr. Jeremiah Carew Thrown From His Buggy This Morning

Whilst driving to Ennismore this morning Mr. Jeremiah Carew, of town, was thrown from his buggy at the north end of Chemong Lake bridge, through his horse suddenly shying.

The animal wheeled around and started for home, leaving Mr. Carew lying by the roadside in an unconscious condition. He was carried into Mr. John N. Telford's residence, where he recovered consciousness and was driven home during the day.

The horse was caught at Gilmore Memorial Church on the Chemong road. No damage was sustained by the outfit. Beyond a few bruises Mr. Carew is none the worse for his fall.

WAISTS!

Will be more popular than ever this season. We have prepared more bountifully than ever for the wants of the ladies in both ready-to-wear Waists and materials for making Waists. We call your attention to the distinguishing features of our Waists, their Styles and the Special Values we are showing in these goods this season.

READY-TO WEAR WAISTS

At 50c. We are showing a good Print Waist, self-coloured collars and cuffs, pointed yoke, good styles, colours pink and white, blue and white, and black and white. The best value ever shown in Peterborough.

At 75c. We are showing an immense range of good quality English Prints in stripes and plaids, in all colours, some lovely narrow stripes in pink and white, and black and white, 2 pointed yokes, pleated backs and self coloured collar and cuffs, a very desirable waist at this price.

At 85c We are showing a Natty Plaid Waist in two colours, blue and white, and pink and white plaids, the very latest style in yokes and back.

At 90c. We are showing some lovely new stripes in both vertical and round about. The colours are lovely, including pink and white, blue and white, fancy stripes and black and white.

At $1.00 We are showing some handsome new stripes in muslins with tucked front in blue and white, pink and white, and hello and white. Ask to see our extra value in White Pique Waists, Black Sateen Waists at $1, and Print Waists at $1.

At $1.25 We are showing Muslins in stripes and checks, fancy piques and lovely qualities of Prints, all our own special designs. The styles are sure to tempt you. See them.

At $1.35 to $2.50 We are showing some special beauties in Organdies, Pique, Sateens and Coloured Muslins. The colours are particularly nice and the styles and finish up-to-date. See us for High-class Waists.

WAIST MATERIALS.

In Waist Materials we are showing some decidedly new effects in American Percales, for serviceable waists. The patterns are lovely and their washing qualities are right and guaranteed perfectly fast.

Organdie Muslins in entirely new patterns, this season's patterns and the prices are from 10c. to 25c. yard. The style of our 10c. Muslins will surprise you.

Piques in both plain and fancy, are one of the rages for Waists this season. Elegant values and lovely effects. Ask to see our grand White Pique at 15c. per yard. You might expect to pay 25c. for it.

SILKS.

When you are thinking of waist materials—don't forget that we have the largest assortment of Waist Silks that you can possibly find outside of the large cities and our prices are lower than city prices. If you want to prove it, ask to see them.

Extra Special for this Week.

Five Pieces Lovely Black Crepons, Matalasse Effects, suitable for Separate Skirts, our Regular Price $1.00 per yard, on sale all this week at 69c. per yard.

RICHARD HALL & SON, DIRECT IMPORTERS, 130-134 SIMCOE ST.

SPECIAL
7 Days' Sale

The response to our 7 Days' Sale has been most hearty. Saturday was a Record Maker in respect to sales. Every item remains on sale this week, unless sold out. You'll be pleased with our values. On Saturday we opened up 365 dozen, or—

4380 Pairs

Ladies' and Children's Black Hose direct from the makers. These go on sale at sale prices Tuesday morning.

FRATERNALLY REMEMBERED.

Foresters Condole with the Relatives of the Late Dr. Clarke.

At the regular meeting of Court Littlejohn, No. 92, Canadian Order of Foresters, held on Monday evening, the following sympathetic resolution of condolance to the relatives of their late Bro. Dr. John Clarke, was unanimously passed:

"We, the members of Court Littlejohn, No. 92, C.O.F., desire to place on record our deep-felt sorrow for the sudden death of our esteemed brother, Dr. John Clarke, who has continuously, since the year 1887, discharged the responsible duties of Physician to this Court.

"The death of a valued officer so long associated with this Court, comes to us as a painful bereavement, and removes from our roll one of the first and most active members of this Court — one whose personal interest in the welfare of our order was recognized and appreciated by the brethren.

"This Court desires especially to bear testimony to the many valuable services rendered by our late brother, Dr. Clarke, in ministering to our members in times of sickness and trouble, as well as to the care and skill which he exercised in the examination of applicants to our Court. Not only was he zealous in the discharge of his official duties to this Court, but he also combined many estimable traits of character which endeared him to the members and won for him a strong claim for preferment to the responsible position he so long occupied as Court Physician.

"Be it therefore resolved, that this Court tender our sincere fraternal sympathy to the relatives of our deceased brother — especially to his aged mother, and to the loving sisters who were his daily companions, and who are bereft so unexpectedly of a promising son and an affectionate brother. Our humble prayer is that the consolations of the Great Physician may minister to the wounded hearts of the afflicted mourners, and that they may be able to realize that "earth has no sorrow that heaven cannot heal."

Peterborough, May 3rd, 1899.

The above resolution was ordered to be suitably engrossed and forwarded to the relatives of the late Dr. Clarke, and a copy sent to the "Forester," the official organ of the order.

New Physician Elected

The office of Court Physician having been declared vacant, the election of a successor to the late Dr. Clarke was taken up. Considerable interest was manifested in the election, which resulted in Dr. W. D. Scott receiving a majority of the ballots.

The Probabilities

Are, that your temper will improve, and you will enjoy walking and skating in real earnest once that sore corn is removed. Putnam's Painless Corn Extractor never fails, gives no pain and will relieve you in twenty-four hours. Give Putnam's Corn Extractor a trial and be happy.

Deserves a Medal.

Captain Lew Winters, of the steamer Crandella is after Capt. Andrews' record as a life-saver. Some years ago he rescued two persons from drowning on the lower lake; last week he saved a little girl named Moore from a watery grave; and Sunday he rescued a couple of young men whose canoe had overturned in the rapids below the dam.—*Lindsay Post.*

Mr. Gorrie will Assist St. Paul's Choir

Mr. Alex. M. Gorrie was called on to open the evening's entertainment by a vocal solo. The selection was "Only in Dreams," and was rendered in a very high class style. Mr. Gorrie has a tenor cantante voice of very superior quality, and the different selections given during the evening were selected to show the various characteristics of it. "The Death of Nelson" was without doubt the best solo given by Mr. Gorrie during the evening. It is a vivid description of the action of Trafalgar in which Nelso lost his life. In some strains the sunger's voice drops almost to a whisper, while in others it is varied a great deal, where the orders of the fleet are being given from the flagships. Mr. Gorrie received a hearty encore and sang "Oft in the Stilly Night."—Brantford Expositor.

Mr. Gorrie will assist St. Paul's church choir at their concert Thursday evening next in the church.

BIG BUSINESS
In Underwear.

The finest Underwear Business in Peterborough is done here for the same reason as influences other buying.

In stock will be found the highest degree of excellence in goods of the Summer Underwear class. The ranges, weights and qualities supply every needed requirement.

355 George St. Established 1867. Mencer's High-Class Cash Tailors and Gent's Outfitters

THE ANNIVERSARY ENTERTAINMENT

Held in Connection with St. Andrew's Church,

TOOK PLACE LAST EVENING.

Rev. Principal Grant Delivered a Most Interesting Address on Christian Unity—He Refers to Rev. Mr. Symonds.

The anniversary entertainment in connection with St. Andrew's church was held in St. Andrew's Sunday school room last evening, where in addition to an excellent programme of vocal and instrumental music, the audience was treated to a short but logical address from Principal Grant, of Queen's University, Kingston, on Christian Unity. Representative clergymen from the various other denominations in town were also present.

The hall was most artistically decorated with flags and bunting which added in no small degree to the appearance of the edifice.

Rev. Mr. Potter in opening the entertainment, explained many reasons why he looked with unusual pleasure to this

Particular Anniversary

of Presbyterianism in Peterborough. He mentioned the fact that when a boy down in Nova Scotia, years ago, he had been a pupil of the reverend gentleman, who was about to address them this evening, and from that time he always had the highest admiration for Principal Grant. He was sure that the Peterborough Presbyterians would not forget Principal Grant for his kindness in coming here to stay with them for their annual re-union services, at such a very busy time in connection with his own duties.

Miss Falconer rendered a vocal solo, a Scotch song, which was so well received that she was compelled to respond once more.

Rev. Principal Grant in his opening his remarks, stated that he would not style what he was going to say, an address, but merely to talk on a subject that he had for some time taken a great interest in, namely, Christian Unity. The principal reason why he had chosen this subject was owing to the fact that it was a great deal through the influence of one of our

Local Clergymen,

Rev. Mr. Symonds, that he had given the matter so much attention. It was owing to the gentleman's efforts that he had joined the Canadian Society of Christian Unity. In explaining how the feeling for Christian Unity had grown on himself, the speaker humourously stated that he was born away down in the little province of Nova Scotia, and was able to look out at the rest of the country, more than perhaps he would have done, had he been raised in one of the larger provinces of Canada. When he saw the benefits derived from his small province entering into confederation with the larger provinces, he concluded that the same principal would apply to the various denominations of our country. The speaker then gave some exceedingly amusing history of the various denominations that long ago existed in the particular country from which he came, the Presbyterians being greatly

In the Majority

but they again being divided into three factions. Each thought the other was on the wrong road of course, and so far as religious intercourse was concerned, there was none at all. This should not be and while he did not advocate the idea of each church sacrificing all their religious beliefs, still there should be the same freedom of thought as exists in all other channels of life. What we need is freedom of thought in our churches, on the same lines as freedom of thought in the nation. The same man in state should be the same man in church.

When Nova Scotia in the year 1867 entered into confederation with the other provinces of Canada, she lost nothing but gained immensely. She still has her two local houses of Parliament, while Ontario still has her toll-gates, but common affairs which effect the country at large are settled at Ottawa. Each province has shared in the larger advancement, while each still retains its

Old Peculiarities.

This is what is leading to imperial unity. Principal Grant here paid a tribute to Dr. Parkin, who he claimed had done a great deal in this line. What was done years ago by Macdonald, Brown and Cartier in uniting the provinces of Canada is being pushed forward still by our public men of to-day in the form of Imperialism. These same ideas we mean to keep in the church of the future, if we are to grow to the ideal Our Saviour has set for us. The present is by no means satisfactory in this respect. Although his prayer was that all should be one, the present condition of things is indeed sad. We may not think that we are responsible for this but we are to some extent. Where the spirit of the Lord is there must be liberty, and liberty and freedom of thought would do much to advance church unity.

The Reformers

of the fifteenth and sixteenth centuries thought that the custom of having fine organs and fine music in churches was entirely wrong. Many of them had different views, with the result that they were divided up into many different classes. In fact certain ones thought that the smaller they were numerically the better and more religious they were. Times have changed now and the fight from this forward must be in the opposite direction, and we must move forward as it were, in battalions, in brigades, and in armies. It is owing to there having been religious freedom of thought that the many who had peculiar ideas about church music, etc., have given up that belief, and only a small number of such people remained. Church unity may be attained and the various denominations still hold to their peculiarities, but as they come in contact with each other we will find that it will do us much good. We should not ask any church to change its style, but the present divided

State of Christianity

is not in accord with the mind of Christ. When we have our hearts filled with Christ alone can we expect to be what we should be.

Principal Grant concluded an excellent address by expressing the pleasure it gave him to be in Peterborough, and he warmly thanked them for his kind reception.

Rev. Herbert Symonds, of St. Luke's church, moved a vote of thanks to Principal Grant for the very instructive address he had just delivered. It was seconded by Rev. Mr. Bastow, of Murray street Baptist church, and gracefully acknowledged by the recipient.

Prof. Glidden rendered several cornet selections which were indeed a treat to hear. The orchestra and the choir of St. Andrews also furnished excellent music throughout the evening.

Some minutes were enjoyed in social intercourse and the meeting brought to a close by the Rev. Mr. Moore, of Mark street Methodist church, pronouncing the benediction.

THEY WILL TRY AND AGREE.

A Disagreement between Husband and Wife Settled.

County Magistrate Edmison held Court this afternoon for the purpose of hearing a wife beating case, the complainant and defendant being residents of the Township of Otonabee.

Before the case was called Magistrate Edminson expressed his desire that the matter be settled out of Court, and pointed out to both parties the results that would most likely follow if an amiable settlement was not effected.

It appeared to be a case of bad temper, as the husband is a hard working farmer.

The advice of the Magistrate was taken, and henceforth both parties will try and live more peaceful lives.

FENIAN RAID MEDALS.

It is Feared the Claims went Down with the Labrador.

The veterans of the Fenian raid who were asked some time ago to forward their claims to the '66 medal soon to be issued by the imperial authorities are beginning to think that the claims were among the mail matter lost in the Labrador. It was just about the time that the Labrador was lost that the claims were sent to the general commanding the imperial forces at Halifax, who was charged with their transmission to the war office. Two months have elapsed, and as nothing has been heard of the claims it is feared that they went down in the ill-fated ship. If they did not the imperial officers who are adjusting them are taking plenty of time to make their decision.

E. F. MASON & CO.

The Cash Grocers, 439 George Street.

RETURNED TO HIS OLD HOME

After Half a Century's Residence in Peterborough.

Mr. P. S. Giroux, who is well known in Peterborough and vicinity, left last night for Valleyfield, Que., where he intends residing in future. Mr. Giroux, who is a native of the town he has just returned to, came to Peterborough about forty-eight years ago, being employed as clerk for Mr. Moses Julien, who during the early fifties, was engaged in extensive lumbering operations in and around Peterborough and who cleared most of the land where the town is situated. Mr. Giroux then went into the hotel business at Nornham in the Percy township and afterwards moved to Peterborough, where he conducted the Little Windsor until 1891, when he went out of the hotel trade and entered the grocery business which he continued to carry on until quite recently.

Mr. Giroux has twelve children, some of which are many miles away, Mr. George H. Giroux being the only one still residing here. The others are: Tellespore, St. Louis; Catherine, Percy; Moses, Montreal; Adeline, Brightson; Louisee, Great Falls, Mont.; Joseph B., Kansas; William, P., Sault Ste Marie; Fred R., El Paso, Texas; Theodore, Colorado; Agnes, Lindsay, and Bert, of Rossland.

Mr. Giroux's many friends in Peterborough will follow him to his new home with best wishes for many days of happiness for himself and Mrs. Giroux.

OBITUARY.

Death of Mrs. Archibald Hamilton in Port Hope.

Mr .R. Hamilton is in Port Hope attending the funeral of his mother.

The Port Hope Guide makes the following reference to the deceased:

"The subject of this notice, Annie Mitchell, widow of the late Archibald Hamilton, died at her residence here on Saturday last. She came with her husband and one child to Port Hope over fifty years ago. Her husband passed over to the great unknown world over a year ago, and one daughter followed soon afterwards. Eight sons and two daughters are still living out of a family of thirteen to mourn the departure of a loving mother. Robert resides in Peterborough, George in Philadelphia, Benjamin in Chicago, and the other members of the family are scattered over various parts of the United States and Western Canada."

Large Fruit Consignment.

The car load of fruit which arrived in town yesterday for R. R. Philp & Co., fruit dealers, George street, is being opened and placed in cold storage. Mr. Oke has been in Montreal attending the annual fruit sale and secured this car load for his firm here, being part of the cargo of lemons and oranges of the steamship "Fremona," This cargo is pronounced the best that has come to Montreal in five years, so that our citizens may look for some extra fine fruit at R. R. Philp & Co's. store this week.

Nerves...

Wasted and Shattered by Worry or Overwork are Revitalized by Dr. A. W. Chase's Nerve Food

"Nerves"—what a world of meaning this word has to scores of thousands of women who, through the strains of social life and the worry of home cares, are fast approaching the grave.

Nervous headaches, dyspepsia, irritability by day, restlessness and sleeplessness by night. Pains and aches in the body, derangements of the organs peculiarly feminine, loss of energy and ambition, despondency and despair.

These are some of the symptoms known to the woman of exhausted nerves. These are symptoms which entirely disappear when Dr. A. W. Chase's Nerve Food is used.

By creating new, rich blood and nerve tissue this great food cure of Dr. A. W. Chase restores and revitalizes the wasted nerve cells, puts new vigor and vitality into the system and frees woman of many ills which are due to exhausted nerves.

Dr. A. W. Chase's Nerve Food cures by the building-up process, which makes the body round and plump, and restores the glow of health to the pale, sallow cheek.

FOR SALE AT ALL DRUGGISTS

MRS. BESANT'S POSITION.

The Former Anti-Christian Now "Resists Not Evil."

London, May 8.—Persons who knew Mrs. Annie Besant in her earlier days, when she was a militant anti-Christian, and later, when she was a fighting theosophist, will be surprised to learn that since she has taken to Buddhism and the regeneration of the youth of the far east by the establishment of a great native university in India, she has abandoned the right of self-defence. A friend recently wrote to her, urging her to bring an action against a man who libelled her. She replied:

"I could not consistently sue a slanderer nor seek to punish one who injures me. All such actions I have renounced. They belong to the life of the world, and life outside the spiritual life to which I am definitely pledged. This man is only claiming a Karmic debt. I pay it cheerfully, and cannot open a new account with him by punishing him."

Sir H. S. Naylor-Leyland Dead.

London, May 8—Capt. Sir Herbert Scarisbrick Naylor-Leyland, Bart., who had represented the Southport division of Southwest Lancashire in the House of Commons in the Liberal interests since last August, died yesterday of laryngitis, after a long illness. He passed away at his London residence, Hyde Park House, Albert Gate, S.W., in the presence of his wife, who was Miss Jennie Wilson Chamberlain, formerly of Cleveland, Ohio, and of his mother-in-law, Mrs. William S. Chamberlain. Sir Herbert was in his 36th year.

De Freycinet Steps Down.

Paris, May 8.—The Dreyfus juggernaut has crushed another War Minister, and the retirement of M. Freycinet is welcomed by both his friends and enemies. His vigor is disappearing with age, and he is no longer capable of performing the duties of responsible statesmanship. M. Krantz, the new War Minister, has no important antecedents, but it is understood that he favors revision. So does M. Monestier, the new member of the Cabinet, but he is rated politically as a mere satellite of Premier Dupuy.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by J. Lynch, Druggist.

Stole Canteen Funds.

Regina, N.W.T., May 7.—Colin Campbell the N.W.M.P. constable charged with embezzling the canteen funds, pleaded guilty on Friday morning. He made restitution of $300 and was sentenced to two months' imprisonment. Other constables are believed to be implicated, and further arrests will be made.

Don't Look Across the Street.

Woodstock, May 8.—Barrister George Smith ran into a tree while riding his wheel to his office on Saturday and broke his right arm near the elbow. Mr. Smith was looking across the street at the time of the accident.

Of Local Interest.

To all who have felt the evil effects of deranged kidneys is the assurance that Dr. A. W. Chase's Kidney-Liver Pills are meeting with enormous sale and unparalleled success in this district. Backaches and aching kidneys are fast becoming a thing of the past where Dr. A. W. Chase's Kidney-Liver Pills are known. One cent a dose, 25 cents a box, at all dealers.

Children Cry for CASTORIA

$75 EACH.

This Is the Amount to Be Dispensed to the Cuban Soldiers.

Havana, May 8.—Forty thousand will be used as the divisor in fixing the shares of the soldiers in the $3,000,000 allotted by the United States Government to be divided among the Cuban troops, and the payment will begin at the end of next week. The Governor-General and General Gomez have decided that it would be impracticable to try to verify further the army rolls, as submitted by the recently-dissolved Cuban Assembly. A rule has been laid down requiring the giving up of all arms as a condition of the payment of the $75 each man is to receive. After all the privates and non-commissioned officers are paid, some money will be left, and this remainder will probably be divided among the maimed and destitute officers of the army. The rule excluding from the division those employed by the Government does not apply to the day laborers on Government work, but only to those employed at a fixed money salary.

Don't Want American Lawyers.

General Ludlow recently asked Secretary of Justice Lanuza to arrange to allow American lawyers to practice here, because of the desire of the American syndicates and merchants coming to Havana to employ Americans to defend their interests. Senor Lanuza referred the matter to the Universidad, which governs admissions to the Havana bar, and its reply, which was approved by the Secretary of Justice, was a refusal of the request, it being held that it would be for the best interests of Americans to employ Cubans with a knowledge of the local laws.

THE TORNADO AGAIN.

Southern Oklahoma Visited by the Life and Property Destroyer.

Wichita, Kansas, May 8.—Meagre reports reach here of a tornado that caused great destruction at several points in southern Oklahoma on Saturday. The most serious damage is reported at Chickasha, Tongaway and Anodarko. The storm struck Chickasha in the afternoon and destroyed that part of the town north of the Rock Island shops. Sixteen buildings were blown down and the roof was torn from the railroad roundhouse. Sixteen injured persons have been taken from the wreck up to 6 o'clock, but only one death has been reported, that of J. H. Murray, a railroad man. Rumors of greater loss of life are heard, but cannot be confirmed. A despatch received from Tongaway says that in Canton township, 18 miles west, great damage was done by a tornado. The family of J. H. Ware took refuge in a storm cave, which became so heavy from the constant rain that it fell in, killing three members of the family.

ENGINEER GRAHAM,

Of Montreal, Cured by Dodd's Kidney Pills.

Montreal, April 24.—Proof positive and convincing has already been given in Montreal that Dodd's Kidney Pills are the only sure cure for diabetes. And day after day fresh evidence comes to light to make the proof more emphatic and convincing.

Engineer James Graham, 54 Victoria Square, says: "I suffered with Diabetes for six years. One of our best doctors told me I could not be cured.

"I read of Dodd's Kidney Pills and decided to try them. Three boxes made me well, and I have not suffered from Diabetes since."

Such cures as this prove the efficacy of Dodd's Kidney Pills.

Provincial Appointments.

Toronto, May 8.—Willis A. Sargent, M.D., of Spring Brook, has been made associate coroner for Hastings County. John Galbraith, solicitor, Toronto, has been appointed a notary public. James Yates of Goderich is now clerk of the First Division Court of Huron County, vice Charles Seager, deceased. William H. McCrea of Merrickville is clerk of the Fifth Division Court of Leeds and Grenville, in the stead of E. H. Whitmarsh, deceased. J. W. Masseca of Fairground is bailiff in the Seventh Division Court of Norfolk, vice H. J. Mitchener, deceased. J. H. Fife of Rainham has been made bailiff in the Fourth Division Court of Haldimand, vice David Byers, deceased. Moses Lessard, the younger, of Flinton, is now bailiff of the Seventh Division Court of Lennox and Addington, vice Thomas Neal.

Rutland Through Line.

Rutland, Vt., May 8.—President Percival W. Clement of the Rutland R.R. bought on Saturday the fleet of eight freight boats of the Ogdensburg Transportation Company. This completes the Rutland Railroad through line to the west.

Cotton Weavers Have Accepted.

London, May 8.—The cotton weavers in the northern counties have accepted the offer of the masters of an advance in wages of 2½ per cent.

Former Regent of Bulgaria Dead.

Sofia, May 8.—M. Zivkoff, who was Regent of Bulgaria prior to the election of Prince Ferdinand as ruler, is dead.

A Corn Photographed by X Rays

Shows a small, hard kernel, covered by layers of hard skin. This tiny corn causes keen pain. The only sure means of extracting it, in a day, is Putnam's Painless Corn Extractor. Sure? Yes. Painless? Yes. Cheap? Yes, indeed. Try it.

Brakeman Crushed to Death.

East Toronto, May 8.—Michael Shaughnessy, a well-known brakeman on the Grand Trunk Railway at this point, was squeezed to death about 1.15, yesterday morning whilst making up a train at Scarboro Junction. He was about to move the tongue in a Jenny self-coupler, to prevent it coupling, when the slack of the train came back and pinned him between the two cars. His body was very little marked, but the grip had been a tight one and he expired in less than three minutes, without speaking again. Deceased was about 30 years of age and leaves a wife and child to mourn his loss.

Said to Be a Defaulter.

Rossland, B.C., May 8.—W. S. Jones, collector of internal revenue, is alleged to be a defaulter and to have left the country. Inspectors Millar and Gill are here from Vancouver investigating the matter. Jones has been absent from Rossland for about a month, but it was announced that he would return. The amount taken will not exceed $1,000. Jones' whereabouts is not known to the authorities.

MARKET REPORTS.

Wheat Cables Are Steady—The Visible Supply of Wheat—Local Markets Very Quiet—Prices.

Liverpool, May 9.—Wheat futures closed the same as Saturday.

Visible and Afloat.

The visible supply of wheat in the United States and Canada, together with amount afloat to Europe, is 67,786,000 bushels, an increase of 1,822,000 bushels for the week. A year ago the total was 62,128,000 bushels, or 5,658,000 bushels less than at the present time.

NORTH AMERICAN LIFE
Assurance Co.

J. L. Blakie, President.

Wm. McCabe, F.I.A. Manag'r. Direct

This financial institution is acknowledged by all to be one of the soundest on the continent. Its record in 1898 was quite in accord with its unexcelled success in previous years:

Policies issued amounted to over	$ 4,000,000
Insurance in force to over	20,000,000
Cash Premium Income	650,000
Cash Interest Income	122,000
Total Assets over	3,127,000
The Net Surplus	474,000

Last year the interest earnings alone exceeded in amount the Death Claims—a remarkable fact.

Flags, Bunting and all kinds of Decorations for Public Halls and Private Residences.

ALF. KINGSCOTE,
No. 344 Water Street, Peterborough.

Didn't Dare Eat Meat.

The sufferer from dyspepsia and indigestion who has to pick and choose his food, is the most miserable of all mankind.

Even the little he does eat causes such torture, and is digested so imperfectly that it does him little good.

What dyspeptics need is not artifical digestants but something that will put their stomach right so it will manufacture its own digestive ferments.

For twenty years now Burdock Blood Bitters has been making weak stomachs strong, and permanently curing severe cases of dyspepsia and indigestion that other remedies were powerless to reach. It restores the stomach to a normal, healthy condition so that food no longer causes distress, but is thoroughly digested and assimilated and goes on its way making blood and bone, nerve and muscle.

Mr. James G. Keirstead, Collina, King's Co., N.B., tells in the following words the benefits he derived from B.B.B.:

I suffered with dyspepsia for years and tried everything I heard of but got no relief until I took Burdock Blood Bitters.

"I only used three bottles and now I am well, and can eat meat, which I dared not touch before with out being in great distress. I always recommend B. B. B. as being the best remedy for all stomach disorders and as a family medicine."

WHEN LAMPS ARE LOW.

Let the rain beat,
And the wind without blow down the street,
And the echo come of the city's hum,
And the distant hurry of horses' feet!
For I rest within with my love tonight,
And the lamps are low, and the hearth is bright.

Ah, love is best
That ne'er is more than half confessed—
Just half, I say; eternity
Were all too short to tell the rest!
So we rest within with our love tonight,
And the lamps are low, and the hearth is bright.

—A. Boyd Scott in Madame.

TAKING THE REINS.

Lyford Merritt was certainly a most exasperating man. In this, for a wonder, the whole village concurred, with the exception of his wife. She maintained silence on the subject which was best, perhaps, inasmuch as she was the cause of it all.

"He's—he's the most downtrodden and meek sort of man you ever set eyes on, and it ain't right that it should be so," Mrs. Blake declared, as Lyford Merritt, then under discussion, shuffled along the dusty road. "It's dreadful to see a man so suppressed," she sighed. "It ain't nature one bit.

"Some men are born meek and would rather a woman'd go ahead and boss the house and him, too, and then you don't blame 'em, but Lyford ain't that kind. 'Fore his wife got hold of him he used to be as up and coming as any one."

A slight flush spread over her thin cheeks as she felt a critical glance upon her.

"That was the time he came a-courtin you, I s'pose?" her guest remarked blandly. "I always heard you had some sort of words and then he took up with the new schoolteacher and married her right away 'fore your face and eyes."

Mrs. Blake beat her cake vigorously.

"He ain't done nothing but be set on ever since," she declared at length, "so that he ain't himself at all. And that's what's so exasperating. No man with any natural stand up to him ought to give in the way he does. That's what's the trouble. He seems to think it's all right."

She poured the cake into a tin and shoved it into the oven and shut the door with a bang.

"We've all had spells of talking to him," she went on, "but there, it ain't no earthly good. He always sits so good natured and kind of nods his head as if agreeing, and when you come to stop he looks up with his blue eyes and says 'Well, well, you don't understand. It may seem kind of hard sometimes to outsiders, Mis' Blake, but then, you see, she's got the nerves.'

"Nerves," scornfully; "as if any of us couldn't get up that kind of nerves if we wanted to. But Lyford, he just stands it always, and it's terrible exasperating."

She gave another glance out of the window. Lyford Merritt was not in sight. Unconscious of his neighbor's scrutiny and comment, he slowly crossed the stubby field and made his way to the barn. There he deposited the packages from the store and then went to the woodpile. He seemed in a sort of brown study, and his movements were uncertain.

"It ain't right for a man not to be master in his own house," he ruminated as if the sentiment had just been impressed upon his mind. "It really ain't, and I am going to assert myself.'

The thought caused a stick to drop from his arms. He hastily picked it up with a backward glance over his shoulder.

"I wouldn't do anything to hurt Caroline for anything in the world. Of course I wouldn't. She's a good wife—a very good wife to me, and I'm thankful I've got such a good wife, and I hope I make her a good husband."

He paused and slowly laid two more sticks on to his burden and walked toward the woodhouse.

"And I've been thinking that perhaps 'twasn't good for her to have me always giving in to her," he continued as he returned for a second load. "I read somewhere the other day that women was like horses—they like to have their own way long's they can, but when you make 'em mind they go all the better. Not that I should ever try and make Caroline mind"—he paused aghast—"but perhaps if I kinder took things for granted that she wouldn't mind my doing more things I could do 'em, and she'd like it. I'm a-going to try anyway."

It was undeniable that Lyford Merritt's heart beat somewhat faster than usual as it neared 8 o'clock on the following afternoon. The town committee had ordained to have an extra meeting. It was usually held at the Perkins', but Mrs. Perkins was sick, and so Lyford had generously asked them to come there.

A few had already gathered and were sitting in the shade of the big elm. Others could be seen coming down the road.

"I suppose we might as well go in, seeing there are so many of us already," Lyford remarked.

It was an unwritten law that the meetings of the committee should always be held in some parlor or the church vestry. It was not compatible with the dignity of the committee to meet in barns or shops, as did other organizations.

The men sprang up and Lyford led the way to the front of the house, where they greeted the others. They stood a moment and chatted, while a few straggled up, then Lyford put his hand on the door.

It refused to open. He made several attempts, but it would not stir. He grew red in the face with exertion.

"It's unlocked all right," he declared, "because I saw to that this morning. You see, we don't use it very often, and that's the reason why. I'll go inside and see if I can't start it."

He left the men and skirted the house, avoiding the kitchen windows and stealing in the back way, where he removed his shoes and quietly passed through the upper rooms and down the front stairs, when he put on his shoes again.

He managed to open the door. It stuck, but he had forgotten that it opened in. In fact, he never remembered having opened it at all before.

The men filed into the stuffy parlor. Some one suggested that the windows be opened. Lyford stared for a moment. There were no screens in the windows.

"Oh, yes," he replied, with a deal of energy. "Of course. I meant to have them open and forgot. Mrs. Merritt has been very busy or she would have attended to it for me."

His blue eyes twitched and he drew a deep breath as he pushed up the windows and flung back the blinds. He saw a dozen flies dart in, and he gave a quiet chuckle. His emancipation had begun.

The meeting opened with its usual solemnity, but soon it grew exciting, and there was a busy hum of voices. The men had removed their coats, and they swung like draperies from chair backs; the family Bible on the marble center table made an excellent desk for the presiding officer, and ballots and papers were liberally distributed over the floor. Some of the men were smoking.

Lyford was making a speech—it was a very excellent speech—on the freedom of the individual. His audience was interested. Suddenly there was a hush. He turned, and Mrs. Merritt stood in the doorway. Lyford gave a little gasp. The eyes of the men were upon him, and he straightened visibly.

"The meeting of the committee, you know, my dear," he explained, with the faintest tremor in his voice. "I trust we have not disturbed you." His eyes were a bit beseeching.

Several of the men were on their feet. One was struggling into a coat. Mrs. Merritt did not reply. Her keen brown eyes swept the room, and a peculiar smile settled on her face.

"I was going to suggest"—Lyford made the great effort of his life—"I was going to suggest, seeing it was so very warm, that we prepare some sort of refeshment for the gentlemen, Caroline."

There was a note of inquiry in his voice. His wife turned, and with a hurried excuse he followed. A nervous laugh from one of the men broke the tension of the moment.

"We shall have to give him an office," some one suggested.

He was gone some time, and then his wife returned with him. He carried a big pitcher of iced tea, while she bore a platter of spice cake and jumbles, which she afterward supplemented with loaf cake and pickles.

It was a very social intermission that followed. Mrs. Merritt made herself very charming, and Lyford was in the highest spirits. Then she retired, and the meeting went on. Lyford was nominated for school committee. He accepted, of course. His wife had never allowed him to run before. It would make her nervous to think of the responsibility.

At 6 the meeting broke up. Lyford escorted them to the gate and watched them as they passed from sight. Then he slowly returned to the house, gave a long look at the disordered room, closed the door and shuffled off to the shed. There he sat for several moments and drew hard at his old pipe.

The supper bell rang. At the sound he hastily started for the door. His hand was on the latch; then he hesitated, his hand dropped, and he returned to the bench, sat down and ran his fingers through his hair.

The bell rang a second time. He laid his pipe down carefully, arose, gave his vest a pull, settled his hat firmly on his head and steadfastly walked into the kitchen.

His wife was sitting by the table, pouring the tea.

He hesitated a moment. She looked very pretty as she sat there—prettier than usual, somehow. Perhaps she had on a better dress.

"Was your meeting successful?" she queried, her eyes on the amber liquid.

"Very," he replied as he crossed the room to where his coat hung on the wooden peg. "They nominated me for school committee."

She nodded her head reflectively. "You will make a good one," she said. "They ought to put good men in office."

He stared at her back. "I'm sorry the parlor"— he began.

"You needn't be," she broke in sharply. "I guess"— She set the teapot down, and, arising carefully, walked around the table and set it down at her husband's place. "I guess that a man has a right to do as he wants to in his own house."

She glanced at him proudly. One arm was in his coat sleeve.

"It's pretty warm," she remarked, seating herself again, "and, Lyford, perhaps you'd be more comfortable if you didn't put your coat on."

He sent a keen glance in her direction, and his blue eyes twinkled. Mechanically he replaced the coat and took his seat at the table opposite her.

"I think that I should," he replied.
—Globe-Democrat.

Dr. A. W. CHASE

Triumphs over the Worst Forms of

KIDNEY... DISEASE

The wonderful success of Dr. Chase's Kidney-Liver Pills adds to the fame of the great doctor whose name is familiar in almost every home as the author of the world famous Recipe Book.

Scores and thousands of grateful men and women have been rescued from the miseries and dangers of kidney disease by this greatest of all kidney cures.

Mr. D. C. Simmons, Mabee, Ont., writes: "My kidneys and back were so bad I was unable to work or sleep. My urine had sediment like brick dust. I was compelled to get up four or five times during the night. I saw Dr. Chase's Kidney-Liver Pills advertised and concluded to give them a trial. I have only used one box and am completely cured. I was a great sufferer for 18 years, but my kidneys do not bother me now. I enjoy good rest and sleep and consider Dr. Chase's Kidney-Liver Pills a boon to suffering humanity."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c. a box, at all dealers, or Edmanson, Bates & Co., Toronto.

A MAN LOST.

Lost! No man understands the full meaning of that word like the man who has been lost. He will tell you: "I was in the woods going ahead steadily when I realized I'd missed the trail. With a cry of 'Lost!' I broke into a run heedless or ignorant of the direction I was going."

The first impulse of a man lost in the woods is to run. The only safe thing is to sit right down and reason out the position.

Sometimes a business man gets up at the usual hour, breakfasts, kisses his wife and starts for the office. He has for sometime seen signs that he was off the trail of health. To-day the signs multiply. His brain is dull and dizzy, his heart does not beat right, his breathing is difficult, his limbs feel tremulous. He is scared. He realizes that he's far away from the trail of health, and suddenly like a panther from a tree, the thought leaps on him, "You are a lost man." The first impulse is to run for help, though the way is honey-combed with pitfalls of quackery. But the rational man faces the facts, sits down and thinks over the position and its probabilities.

That is the man we want to talk to. Disease in almost any form is generally accompanied by the failure of the organs of digestion and nutrition. Re-establish these organs in healthy action, the blood is at once enriched, the body nourished and the general health restored. This result is invariably accomplished by Dr. Pierce's Golden Medical Discovery. It is a stomach-strengthening, nerve-nourishing, muscle-making, blood-purifying medicine. It has cured thousands who thought their health entirely lost. The "Discovery" is not a stimulant and contains no alcohol or whisky. Sold at all medicine stores.

CHILDREN'S COUGHS QUICKLY-CURED.

Hard to keep the children from catching cold—will run out of doors not properly wrapped—get wet feet—kick the bed clothes off at night.

What's mother going to do about it?

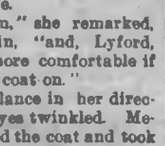
Mustn't neglect the children's Coughs and Colds—might end in Croup—and Croup end fatally or weaken the lungs for life.

Most mothers now give their children Dr. Wood's Norway Pine Syrup.

It's nice to take, and cures all kinds of Coughs and Colds more quickly and effectually than any remedy known.

Mrs. R. P. Leonard, Parry Sound, Ont., writes: "I have used Dr. Wood's Norway Pine Syrup for Coughs and Colds of myself and also of my baby. I find it always cures a Cold quicker than any other Cough mixture I ever tried."

Dr. Wood's Norway Pine Syrup.



25c. a bottle. All druggists.

WAVES OF WATER.

The basin of the St. Lawrence river covers 530,000 square miles, of which 460,000 are in Canada.

The Nile is the longest river in the world, 4,300 miles. The Niger is 2,500 miles and the Zambesi 1,600 miles.

Lakes Superior, Huron, Erie, Ontario and Michigan have an aggregate area of 94,000 square miles, which is larger than the area of Great Britain.

The greatest bay on the face of the earth is that of Bengal. Measured in a straight line from the two inclosing peninsulas, its extent is about 420,000 square miles.

THE NEW CUBA.

The late Cuban assembly seems to have had a Topsylike origin.—Washington Post.

The most sensible thing the Cuban assembly did was to resolve to dissolve.—Ridgewood (N. J.) News.

After we have bought up the Cuban revolutionists for $3,000,000 will they stay bought or will they start another revolution for another $3,000,000?—Memphis Commercial Appeal.

Happy Thoughts.

To please attract and give people something to talk about is an art in writing a prosaic advertisement. Hood, of Sarsaparilla fame, is the originator in an extensive sense, of the the idea of using proverbs and wise saws as a prefix to a pleasant introduction to the well known virtues of America's Greatest Medicine. These quaint quotations often fit the news of the day with startling directness and the moral is easily drawn, with natural good to Hood's Sarsaparilla.

D'Ennery's Wit.

The Empress Eugenie once asked D'Ennery, the French dramatist, after the performance of one of his plays at the Tuileries, "How did your heroine get the poison that was so necessary for the denouement?" "Ah, your majesty," said D'Ennery, "that's just what I've never succeeded in getting her to tell."

Another time the directors of a theater where his drama, "The Two Orphans," was being rehearsed, asked him what he was dissatisfied with. "Oh," he replied, "it's only that each of you has got an imbecile for a partner."

A Sure Rule.

De Canters—Is there any sure way to tell the age of a horse?

De Trotter—Yes: ask the dealer and multiply by one-half.—New York Weekly.

Don't Tear Down—Build Up.

The old-fashioned theory of tearing down disease was entirely changed by the advent of Dr. A. W. Chase's Nerve Food, which cures by creating new rich blood and nerve tissue. Through the medium of circulation and the nervous system they strengthen and invigourate every organ in the human body.

RESOLUTION OF CONDOLENCE.

At a meeting of the Peterborough Building and Savings Society last night, the following resolution of condolence was unanimously carried on motion of Messrs. T. B. McGrath and John Corkery.

"That, whereas it has pleased an All-Wise Providence to call from their place of active life, our worthy president, the late Mr. John Lynch;

"And whereas the deceased was one of the first members of this Society and has been in active connection with it ever since, valued and appreciated by every member of the Society.

"Be it resolved that the Peterborough Building and Savings Society at their first regular meeting after his demise, hereby place on record their deep sense of the great and severe loss which has been sustained by the death of their late president, than whom there was none of their number more respected and esteemed; his support to the society, his advice given in its management and his attention to the duties of his office did much to advance its interests and makes his place in our membership hard to fill. His services to and his connection with this society will always be remembered, and his memory cherished as that of a good citizen, a valuable member and a man of brain and integrity. We will also extend to his sorrowing widow and bereaved family, our sincere sympathy at this time of sorrow and mourning; we recognize that our loss of a worthy prsident and an old member is great, but their loss of a faithful husband, an affectionate and kind parent means the severance of nearer and dearer ties, but we can all receive consolation and peace in one divine assurance, that the good die not, and that death is but the going on before.

PARE AND HOLDEN LOCATED.

By Wireless Telegraphy.

York street, May 8.—Two men, heavily veiled and carrying a suspiciously safe air entered one of the many liquor dives on this thoroughfare, and being shown into a private room, called for combination cocktails. These consist of home made whiskey, freely adulterated, and served in a tin cup. In conversation with the proprietor of the liquor store they stated that they were Pare and Holden, who had escaped from the goal at Napanee. Since leaving their boarding-house they had become lonesome, and had called in to the liquor dive to discuss the advisability of returning east and cutting the wood which had materially assisted them in escaping from the goal. They had read the reports of the several robberies which had taken place recently, and intended visiting the newspaper offices to deny the report that the jobs had been done under their supervision. "Take that Dresden game," said one, "do you think that with my knowledge of locks that I would resort to explosives? Nit! And do you think I would leave anything negotiable behind. These reports are all guesses, and poor ones at that. It's a reflection on my ability to credit me with bungling a job by drilling and leaving behind good price."

"Hello!" said the other man, who had been reading a paper, "here's a report that we passed through Richmond Hill. Where is that burg, anyhow?"

"Richmond Hill," repeated his companion, "let me see. Oh, yes! that is a little jay town up north here, where they hold a plowing match every year, and the hired man has a blow-out at the same time. Say, Holden, if these reports get around like this they will be pinching two poor tramps, thinking they are you and I. I think we had better stay in Toronto a few days, and clip all the despatches that appear in the papers regarding our movements. I wonder what Billy Greer is doing down East. Say he's a good fellow, but he's losing time, and—well, we are not doing time. Say, if you are going to turn in, throw me over that dummy combination lock you have there. I want to refresh my memory on the evidence I gave at the last trial. You know we might get in again. Well, good night and pleasant dreams."—Toronto News.

A MOTORMAN'S VICTORY

Over Diabetes, Gained by the Power of Dodd's Kidney Pills.

Toronto, May 8.—In a large city like Toronto, there is always much sickness, kidney disease largely predominating. The street railway employees, exposed as they are to all the inclemencies of the weather are particularly liable to kidney disease. But they all know how to conquer this enemy.

For instance; Mr. T. H. O'Reilly, 27 Niagara street, motorman, No. 624, was for three years a great sufferer from Diabetes. Every remedy failed to help him, till he began to use Dodd's Kidney Pills. Three boxes cured him.

It is cases like this, where the patient and the cure are equally well known, that are the test of a remedy, and Dodd's Kidney Pills have always stood it successfully. They cure all kidney complaints.

Bates' Best Bread.

There is as much difference in bread as in potatoes. If bread ever sold on its merits, Bates' bread does. Good wheat is the beginning of good bread. Use Bates' bread and you get the nutritive quality. eod

SPORTING PASTIMES.

Interesting Items of Local and General Interest.

LACROSSE.

There was a largely attended practice of the Peterboroughs last night, but a number of the men have not turned out yet, who should be putting in every spare minute at practice. Wednesday evening should see every player on the field, who expects to catch a place on either team.

The Mail and Empire has the following to say of the Peterboroughs:

Peterborough is going to put a purely "home-brewed" team on the field this year, and expects to be stronger than last season, by reason of the fact that some very promising men, who dropped out a few years ago, will again don the scarlet and grey.

The old guard of last year are all available, with the exception of Lynch, Hogarth and Mooney. Lynch's place at point will be taken by Bolan, than whom few better defence men can be found in the province to-day. It is three years since he has played, but as he has gained in weight and strength the team expects him to do wonders. Reynolds, who played such a star game of hockey for Peterborough last winter, will be at inside home, and will more than fill the gap caused by Mooney's departure. Captain Hollingshead, of the hockey team, will again go into lacrosse, and as he was the strong man on the Newmarket home, when that team was in its prime, he ought to materially strengthen the local lacrosse twevle. Crossley and Wasson, also of hockey fame, will again be found with the Peterborough seniors, and these, together with the stalwarts of last season, and a number of promising juniors, should be able to uphold the prestige of the Peterboroughs for the season of 1899. For the defence, the team can pick from Dobbin, Bolan, Brown, Mein, Glover, McCabe, McWilliams, and M. McDonough; whilst for work on the home there is King, Bogart, McDowell, Jack McCabe, Phelan, Lipsett, Reynolds, Hollingshead, T. McDonough, Galley, Crossley, Wasson, Hughes, McClelland, Heap, and a number of fast juniors as well. Peterboroughs second team will greatly benefit by the fact that there are too many men for the senior twelve, and the juniors promise to be hot numbers in their class this year.

At the meeting of District No. 10, in the junior series of the C.L.A. held this morning at the Examiner office, Hastings and the Peterborough Juniors were the only clubs having representatives present, no delegates attending from Norwood and Campbellford. Hastings was represented by Messrs. H. A. Wilson and Arthur Spellman, whilst Mr. Alf. Terrill, District Secretary, acted as local representative. Home and home games were arranged between Hastings and the Peterborough Juniors as follows: June 26th, Hastings at Peterborough; July 1st, Peterborough II. at Hastings.

Referees for the district were chosen as follows: Messrs. Frank Lynch, and Thos. O'Reilly, of Hastings; Messrs. Lionel King and Alf. Terrill, of Peterborough.

BASEBALL.

The first baseball match of the season will take place on the P.A.A.A. grounds on Thursday afternoon between the Ontario Bank and a team picked from the banks of Montreal, Commerce and Toronto. The game will commence at four o'clock, and the teams will be as follows-

Ontario—W. D. Parker, 1b; A. Collins, 2b; V. Ferguson, 3b; N. Bell, s s; H. Rush, l f; C. Bell, c f; D. Gladman, r f; G. Ball, c; A. A. Hollingshead p.

Combination—R. M. Hamilton, Montreal, 1 b; F. D. Francis, Commerce, 2 b; A. St. A. Smith, Toronto, 3 b; E. Skill, Montreal, s s; D. Houston, Commerce, l f; N. Campbell, Commerce, c f; E. W. Lamprey, Toronto, r f; E. Milburn, Montreal, c; C. Pousette, Toronto, p.

GOLF.

The greatest interest centres in the match for bank golfing supremacy, which is to take place on Wednesday afternoon at 4 o'clock. Commerce should win, but it is known that there are a few dark horses in the Bank of Toronto who have been scoring records lately good enough to place them in the first ranks. Commerce may also have surprises; but in any case the game promises to be one of the keenest description. The winners will play four lawyers drawn from the local bar.

KENNEL NOTES.

Mr. H. B. Hungerford, of the Mountaineer Kennels, Belleville, received a celebrated collie bitch yesterday from England named "Wideawake Pride" by the great champion "Ormskirk Emerald," who cost Mr. Morgan $7,500. Pride arrived in whelp to champion "Barwell Masterpiece," who is acknowledged to be the greatest collie dog sire in England.

A NEW INVENTION!

The Newcombe Piano Has It.

It consists of a Patented Practice CLAVIER or STOP which diminishes the tone when required and saves wear on the Piano; it also does away with the old way of having to press down the pedal with the foot in order to soften the tone when running the scales or practicing. Oftentimes the young pupil on the piano cannot press down on the pedal without throwing themselves out of the proper position when they should sit erect. This invention in the NEWCOMBE PIANO will enable children to begin two years earlier on the piano. In addition to the above, the NEWCOMBE PIANO is the finest made in Canada. Children often complain about practicing; they like it if they have a NEWCOMBE PIANO. 1898 styles are gems of art, containing every late improvement; they possess that beautiful full sweet tone which lights the singer, and so pleases every musical ear. **Organs of every description at Wholesale Prices.**

Big Bargains now on hand in slightly used. Upright and Square Pianos of the various makes taken in part exchange for the famous **NEWCOMBE PIANOS.** Every NEWCOMBE PIANO has a new registered scale and the warranty is cast in the plate. For correct and full information regarding the new invention and NEWCOMBE PIANOS write to our Direct Representative. Easy Prices. Liberal Terms.

W. E. GREEN, Box 714, Peterborough, or Octavius Newcombe & Co., Toronto

DRUMMOND RAILWAY

Mr. Blair Moves the House Into Committee on the Resolutions.

THE OPPOSITION OBSTRUCTS.

Sir Charles Tupper Attacks Mr. Blair and the Opposition Strenuously Oppose the Motion, Which Was Carried on Division—The House in Committee of the Whole—The Resolutions.

Ottawa, May 10.—Mr. Blair yesterday moved the resolution for the purchase of the Drummond County Railway in an exhaustive and convincing speech of three hours. From 3 o'clock until 9 the motion to go into committee on the resolution was restricted because certain information which Mr. Blair could not possibly obtain had not been laid on the table. Sir Charles Tupper, who led off in the debate, roundly abused the Minister and his colleagues, and then half a dozen of his followers made speeches covering a wide range of subjects.

Mr. Blair laid upon the table the returns asked for by Mr. Foster, showing the earnings of the Government railways.

Upon motion of Mr. Dyment, the time for receiving private bills was extended in so far as it applies to the Ontario & Rainy River Railway Company's bill.

Mr. Britton introduced a bill to amend the act respecting joint stock companies, which was given a first reading. The bill deals with the powers of the companies to invest in shares of other companies.

Sir Wilfrid Laurier moved that when the House adjourns on Wednesday it adjourns until Friday next, which was carried.

Drummond County Railway.

Mr. Blair moved the House into committee on the Drummond County Railway resolution.

Sir Charles Tupper inquired whether the Minister of Railways had furnished to the House the specific statement regarding the amount of the expenditure and receipts of what is called the railway extension from Chaudiere to Montreal of the Intercolonial Railway. Without this information it would be impossible to discuss the Drummond County Railway resolutions intelligently.

Mr. Blair said he had not furnished the House with the statement asked for by the leader of the Opposition, for the very good reason that no such statement could be procured which would be of the slightest value to the House. He had assurance of the Deputy Minister and the general manager of the Government railway that it is impossible to furnish such a statement which would be of any value with respect to the running and operating of any section of the Intercolonial. The accounts are not kept in sections, but of the railway as a whole, and any statement which he might procure from the officers of the department would be a mere estimate, and, therefore, of little value.

Mr. George Taylor then moved that the House adjourn.

Sir Charles Tupper, Hon. Mr. Blair, Mr. Foster, Mr. McMullen, Mr. Sproule, Sir Wilfrid Laurier, Mr. Clarke Wallace and Mr. McNeill continued the discussion on this question of information, Mr. Blair in his speech saying that as soon as he could receive a copy of the agreement he would hand it to the leader of the Opposition, and this was subsequently done.

The motion to adjourn was then declared lost, and the House divided on the motion to go into committee, which was carried, 80 for, 38 against.

House in Committee.

The House then went into committee on the following resolution by Mr. Blair:

1st. That it is expedient to authorize the Governor-in-Council to purchase from the Drummond Counties Railway Company, and to authorize the said company to sell and convey to Her Majesty the whole of the railway and undertaking of the said company, including its main and branch lines of railway, and all buildings, fixtures and appurtenances appertaining thereto, and upon such purchase being effected the said railway and its branch lines shall become and form part of the Intercolonial Railway and may be operated as such.

2nd. That the purchase is to include all running powers and other rights, privileges and concessions acquired by the said company from any other railway company or companies, and all its franchises and property, of whatsoever kind, excepting only the rolling stock and station furniture of the company, and the tools of the section men.

3. That the said railway and undertaking is to be conveyed to Her Majesty free and clear from all charges, liens or encumbrances affecting the same, under or by virtue or in respect of any mortgage, bonds, debentures or preference stocks, or other securities, or otherwise howsoever, and the said company shall release Her Majesty of and from all claims and demands under a certain lease and agreement bearing date the twenty-fifth day of February, 1895, and made between the said company of the first part and Her Majesty of the second part.

4. That there may be paid for the said railway and undertaking, and other property, as aforesaid, out of any unappropriated moneys forming part of the consolidated revenue fund, the sum of one million six hundred thousand dollars, less any sum paid the company as authorized by the act, chapter 4, statute of 1897, to be granted to the said company as a subsidy, for 42½ miles, from Moose Park to Chaudiere River.

Mr. Blair's Explanation.

In support of his resolution, he said that, although his resolution was slightly different from the first proposition made, the essential principle was the same, and that was the extension of the Intercolonial Railway into Montreal. As to the necessity for this, he thought there could be no doubt. The Intercolonial must be extended to Montreal some time, and he thought the present was the best time. The Government had made a good business bargain in the Drummond Railway, which was neither "outrageous" nor extravagant—characteristics which had been attributed to it by the leader of the Opposition. Discriminating between leasing, renting or purchasing the railway out and out, the Government felt they would be able out of the earnings of the railway to have a sufficient income to justify them in purchasing the line. The chief engineer estimated the line would cost $1,600,000; but, as a matter of evidence, the road had cost the owners $2,000,000. Mr. McLeod estimated the road to be worth $17,000 per mile, while the cost to the Government was $12,000 per mile.

The road had been subsidized to the tune of half a million, and it was argued by some that that sum should be deducted from the purchase price. But they could not deduct the bonus paid by the Province of Quebec, which was about half the total subsidy, but the difference between the two millions odd it cost and the $1,600,000 to be paid for the road, was $400,000; and, even if the $287,000 of Federal subsidies were deducted, it would still represent a profit of $127,000 by purchasing as compared with building the road. The only difference between the first proposition and the present was the difference between a 99 years' lease and an outright purchase, nothing more.

Mr. Powell inquired whether there had not been an increase in local rates on the Intercolonial. He had been so informed by merchants in St. John, Moncton and other places, and he knew of his own knowledge that in Westmoreland County the rates on hay had been increased.

Mr. Blair said that there had been no increase in local rates. There had been a re-arrangement of tariffs and a re-classification, but the officers assured him that the general effect had been a reduction of freight rates.

Mr. Blair continuing, said the deficit of $909,600 on the Intercolonial last year was largely due to increased expenditures for repairs and maintenance. In the last two years he had expended $509,000 on repairs, where his predecessors had only expended $357,000 in the two years preceding.

Mr. Blair said that the through traffic arrangement entered into by the late Government with the C.P.R. discriminated against the I.C.R., and that the agents of the latter road were debarred from soliciting traffic for their own road, under threat of dismissal by the Government, an assertion which was contradicted by Mr. Haggart.

At ten minutes past 1 o'clock Mr. Blair resumed his seat, when Mr. Haggart moved the adjournment of the debate, and the committee rose and reported progress.

The House adjourned at 1.10.

Order of Railway Conductors.

Detroit, May 10.—The biennial gathering of the Order of Railway Conductors and the Ladies' Auxiliary opened in Detroit yesterday. The convention lasts from May 9 to May 16, and about 7,000 ladies and gentlemen from all parts of the United States and Canada are expected to be present.

Foreign Crop Reports Favorable.

Washington, May 10.—The foreign statistics, which supplement the recent winter grain report of the Department of Agriculture, show that the winter grain conditions almost everywhere in Europe are favorable.

Molineux Discharged.

New York, May 10.—The grand jury yesterday failed to find an indictment against Roland B. Molineux on the charge of having sent poison through the mails to Harry Cornish. He was discharged.

FIRST CROP REPORT.

The Department of Agriculture Issues a Bulletin.

FALL WHEAT REPORTED POOR.

Although Spring Seeding Has Been Late Prospects Are That a Full Area of Spring Grain Will Be Put In—Condition of the Staple Articles of Rural Cultivation.

Toronto, May 10.—The following statement has been issued by the Ontario Department of Agriculture regarding the condition of crops and live stock, based upon reports received from over 500 special correspondents during the first week of May, 1899:

The weather in the winter and early spring has been unfavorable to fall wheat. It is practically a failure in some localities. A considerable portion of the area sown has been ploughed up. The reports from Algoma are more favorable than those in older settled counties.

A large part of the clover crop in the province has been winter-killed, because of scarcity of snow. The damage has been greatest in Lake Erie and Lake Ontario sections. Where the crop has survived the winter it is healthy and flourishing.

Winter rye has wintered well.

In many localities the first of May saw vegetation well advanced. Fruit trees and shrubs in the west were in leaf at an earlier date than usual.

The spring seeding has been late. The prospects are that a full area of spring grain will be sown. Oats will predominate.

Condition of Fruit Trees.

Reports as to the condition of fruit trees vary in different sections, and sometimes in the same locality. In the peach-growing region, known as the Essex district, many peaches have died during the winter, while in the Niagara district the loss reported is small, particularly near the lake shore. In the Lake Erie group some plums and pears have also sustained injury during the winter, but, generally speaking, there has not been serious injury to fruit trees other than peaches. A majority of correspondents speak of an abundant bloom on orchard trees, and some fear that the blossoms are out so early that the late spring frosts may attack them. There are some references to black-knot on the plum, but the chief trouble complained of is the appearance in large numbers of the tent caterpillar. Several correspondents express their confidence in spraying as a means of checking this and other insect and fungous pests. In the western part of the province a number of correspondents state that small fruits, particularly raspberries, have suffered from the trying winter.

Live Stock.

As a rule live stock have wintered well, and are in good condition, fodder being abundant, though some correspondents note a scarcity, especially in the east and on the Lake Erie frontier. Many of the cattle are reported rather thin in flesh, though healthy. The market for both horses and horned cattle is brisk and prices good. Horses have suffered in some places from influenza and distemper. Sheep have been remarkably prolific, and the young lambs are mostly strong and healthy, though in a few localities considerable losses have taken place. The most serious disease affecting live stock has been an ailment described as crippling or rheumatism, which has destroyed very large numbers of pigs, especially the younger animals, in almost every part of the province. The cause of this disorder is supposed by some to be overfeeding with grain during the long confinement of the winter months.

Surplus Hay.

A considerable quantity of hay, beyond that necessary for home requirements, remains in the hands of farmers in most localities, the low prices prevailing having been insufficient to bring it to the market. In many places, however, the extra demands of the late spring have left them with little, if any, available surplus. Oats are much scarcer, and the remaining supply will mainly be required for stock feeding. A large proportion of the wheat harvest is yet retained by those who can afford to do so, in the hope of an increase in price. The great demand for cattle at good figures has resulted in the sale and shipment of an unusually large number of fat and store animals, so that there is almost a universal scarcity, especially of the former, some places being left with an insufficient supply for local slaughtering demands. Several correspondents note that farmers are beginning to realize that it is more profitable—at least when feed is selling at a low price—to fatten their own stock for market instead of selling them as store cattle. This tendency, of course, somewhat reduces the supply both of coarse grain and of stockers for export. Its permanency will naturally depend upon the relative prices of feed, and of fat as compared with lean cattle.

Onus Thrown on the City.

Toronto, May 10.—Solicitor MacMurchy of the C.P.R. wrote to the Mayor yesterday regarding the Lansdowne avenue crossing matter, and showed how the city had torn down the fence put up by the company after that corporation had put it up to save life and limb. As disturbances had occurred, they looked upon the city to provide means to protect the crossing. They would withdraw from all responsibility to-night (Wednesday) at 6 o'clock, and leave the onus for any loss of life on the city corporation. The Police Department is now protecting the fatal crossing.

Bole Goes Up for Trial.

St. Thomas, May 10.—Duncan Bole, who was arrested at Sault Ste. Marie on a charge of tampering with the ballot boxes at Shedden, was taken to Bismarck to stand his preliminary trial. Bole was arraigned before Squire Schellhauf at West Lorne yesterday. No evidence was offered, the prisoner being committed for trial. Bail was accepted in two sureties of $1,000 each, D. Webster and A. McPherson becoming bondsmen, and the prisoner for $500. The trial was set for hearing at Shedden on Tuesday next, May 16.

"Like Diamonds Raindrops Glisten."

Drops of Hood's Sarsaparilla are precious jewels for the blood which glisten in their use, and, like the rain, disappear for the good of humanity. Each dose when taken is in a very short time thoroughly mixed with the blood and actively getting in its work of purification. Hood's never disappoints.

Running Sore—"My mother was troubled with rheumatism in her knee for a number of years, and it broke out into a running sore. She took three bottles of Hood's Sarsaparilla and is now well. Hood's Olive Ointment helped to heal the eruption." MRS. JOHN FARR, Cloverlawns, Ancaster, Ont.

Dyspepsia—"My wife suffered from rheumatism, dyspepsia and pains in her stomach. She had medical attendance but did not get relief. She read about Hood's Sarsaparilla and tried it. Three bottles entirely cured her. She is now a well and hearty woman." T. W. COVERT, Cape Sable Island, N. S.

Eczema—"I was run down with complaints peculiar to my sex. Large sores broke out on my body head and limbs. I could not do any work on account of the itching. My trouble was termed eczema and I doctored for it for a long time. I then tried Hood's Sarsaparilla and several bottles effected a cure." MRS. J. G. BROWN, Brantford, Ont.

Swellings—"I had a swelling on my chest. It caused me great pain and many sleepless nights. Physicians advised an operation but my daughter urged that I take Hood's Sarsaparilla instead. I did so and after using six bottles, the swelling went away and I have not had any more pains." MRS. J. W. C. CRONKWRIGHT, 422 Front St., Belleville, Ont.

Organs Affected—"I was run down in health and had spells of coughing which left me prostrate. My lungs, heart and kidneys were affected. Took Hood's Sarsaparilla upon advice and soon felt better. I continued the treatment and now feel like a new woman." MRS. SUMMERSVILLE, 217 Ossington Avenue, Toronto, Ont.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

Daily Examiner.

WEDNESDAY, MAY 10, 1899.

EDITORIAL NOTES.

The Montreal Witness is becoming frightened at what it terms the airy schemes of money-spending indulged in by the Minister of Public Works. Yet, says the Brantford Expositor, after all, carefully considered, most of these schemes will be found plans for the solving of the transportation problem in such a way as to make Canada still more powerful than she is. It is a good thing to have at least one enthusiast in a Government; there is sure to be sufficient of the conservative element present to supply the necessary ballast.

The Toronto World, referring to the redistribution bill of the Liberal Government intimates that the bill will be of such a nature that twenty seats will be gained to the Liberals by adhering to county boundaries. This is as much as to say that the gerrymander acts of the Conservative Government deprived twenty Liberals of their seats and gave them to Conservatives by disturbing county boundaries. The World and its ilk should not complain of a return to the status quo ante. The Conservative journals got tired of defending the politically fraudulent Franchise Act, but they do not seem to have acquired the moral courage to condemn the the equally iniquitous gerrymander acts of 1882 and 1892.

The London Advertiser remarks that the regular monthly Trent Valley Canal deputation waited on the Minister of Public Works on Thursday. The custom was established under the previous Government, and has become part of the departmental routine. The 'Tiser should be a little big minded. It may sneer at the Trent Waterway, but the laugh will be on our side, for the Trent Waterway is in a fair way to be an important and completed link in our great transportation system and an important factor in the settlement and development of the resources of our great Northwest. Then that country will demand the manufactured products of Ontario, and London will get her share of the thus extended trade. There's a difference between the results of Trent Waterway deputations under the old regime and the present. Then deputations got promises; now deputations get appropriations for the extension and completion of a work of national import in connection with our system of transportation.

Says the Ottawa Journal: "If any factory in Brantford is doing well, it is doing well under a protective tariff. The Liberals maintain a protective tariff," and the Brantford Expositor thus replies: "What has our contemporary to say of the Farmers' Binder Twine company, which has no protection whatever, and yet last year was able to pay a dividend of sixty per cent? Is the N.P. to be given credit for that? Or the agricultural implement which have now duties of 20 per cent. instead of 35 per cent? Is 20 per cent a Protective tariff? If so, what constitutes a revenue tariff? Our contemporary must know that a revenue tariff does not mean the placing of all manufactured articles on the free list. It was not so interpreted in the days of the Mackenzie government, when the average rate of duty was 17 1-2 per cent., and it is not so interpreted by the Liberal government of to-day." Ex uno disce omnes. This is a sample of how the improved tariff works throughout the country.

A NEW POULTRY MANAGER

At the Ontario Agricultural College.

Farming, one of the most influential agricultural papers, says: A change has taken place in connection with the Poultry Department of the Ontario Agricultural College, Guelph. Mr. L. G. Jarvis, who has occupied the position of manager during the past five years, and Mr. W. R. Graham, B.S.A., Belleville, Ont., has been appointed to succeed him. Mr. Graham, whose appointment is temporary for one year, is a graduate of the college of five years' standing and has had a wide and successful experience as a poultry breeder and producer. He has been a frequent contributor to these columns, and those who have read his articles must come to the conclusion that he has a practical and intimate knowledge of matters pertaining to poultry farming.

What is wanted in connection with the poultry department of an agricultural institution like the Ontario Agricultural College is good, practical, definite work along the line of showing the farmers how best to conduct the poultry branch of their it out of it. It may be necessary, business so as to make the most profperhaps, to do a little good work in the way of breeding birds that are true to type in the way of colour and marking, yet if this merely fancy part is made prominent at the expense of the purely practical, the work accomplished is of little value to the farming community. The farmer, who is in the business for the money there is in it is not very much concerned whether his fowl have the fancy colourings or markings so long as they give a profitable return in the way of eggs and good broilers. From what we know of Mr. Graham and his work we believe we are safe in stating that the really practical side of the work will not be neglected under his management.

WILL SPY OUT THE LAND.

Hon. J. M. Gibson to Make a Visit to the Temiscamingue Country.

Hon. J. M. Gibson, Commissioner of Crown Lands, and Mr. Aubrey White, Deputy Commissioner, will probably leave at the end of the month on a visit of inspection to the Lake Temiscamingue district. The trip is likely to occupy ten days or a fortnight, and is planned chiefly for the purpose of enabling the Minister to get a proper conception of the character of the Temiscamingue district and its resources. The country has been extolled as very fertile and exceedingly well adapted for settlement, and the Commissioner will see for himself to what an extent these reports are borne out by the facts.

Messrs. Gibson and White contemplate going by railway from Mattawa to Gordon's Creek, just above the Long Sault on the Ottawa River. There they will take the steamboat and proceed to Haileybury. From this point they will probably cross in a canoe by a chain of lakes to the Montreal River, thence to Dennis Falls, and into Lake Evelyn, and from there into Lake Temogaming by the North Arm. From the last mentioned sheet of water they will likely emerge by the Northeast Arm into the Matabechawan River, and thence back again to Lake Temiscamingue. If this route is followed it will involve some five days canoeing.

PROPOSED MONUMENT TO ROBERT BURNS.

To be Erected in Toronto.

Subscription books are now open and are being cheerfully and liberally signed by loyal and enthusiastic lovers of Burns — in Toronto and elsewhere — to raise funds for the erection of a handsome and artistic monument in Toronto in honour of Scotland's darling poet — Robert Burns. This will be the first monument (but not the last) to Scotia's Bard in Canada. It is confidently expected that the monument will be erected before the close of the present century—that is, next year, 1900:—

"A Monument to Burns we'll raise!"
Toronto Scots have said,—
Young Canada's first Cairn of praise,
To Scotland's honor'd dead!
Let grateful hearts, and willing hands,
Pay tribute to his name,
Till soon within Toronto stands
His monument of fame!

One hundred years since Burns died,
And hundreds more may roll;
Still shall he be Auld Scotia's pride,
High on her honour'd scroll;
His songs have won the human heart
Wherever shines the sun—
Great High Priest of poetic art
Thy work was nobly done!

They say that thou art dead—not so!
True poets never die!
But on and on their measures flow,
As boundless as the sky!
Glad songs of Hope, and Love, and Truth,
Shall never know decay—
Burns lives in an eternal youth,
While empires pass away.

His songs of Hope have cheer'd the slave
On many a dark domain,
Glad echoes roll from wave to wave,
And bids them break their chain:
"Man's inhumanity to man
Makes countless thousands mourn!"
Burns taught the Brotherhood of Man,
The tyrant laugh'd to scorn.

His songs of Love are sung to-day
On every foreign shore,
And shall with human hearts hold sway,
Till time shall be no more!
Their dove-notes mild can soothe a child,
Or play the lover's part
In court or cottage—love beguiled—
They woo and win the heart.

His songs of Truth all creeds uphold—
A man's a man for a' that!"
An honest man's as good as gold,
An' name can yet misca' that!
He had his faults, and so have we,
His virtues let us cherish;
His songs [illegible] sea to sea—
Burns' name [illegible] never perish!
Toronto, Ont. JOHN IMRIE.

Contributions from Dollar and upwards may be sent to the Secretary of The Burns Monument Committee, and will be duly acknowledged by return mail. Cheques or Post Office Orders should be made payable to "The Burns Monument Fund" care of the secretary, Wm. Campbell, McKinnon Building, Melinda street, Toronto, Ont.

A Welcome Knock!

Every mother should welcome into the household

Baby's Own Soap

Like baby himself, though small it brings happiness, because it is so good for baby's skin, and makes him so fresh and nice.

BABY'S OWN SOAP is made from purest vegetable oils, is delicately scented with flower extracts, and is pre-eminently THE nursery soap of Canada. 72

SCHOOL SAVINGS.

Brantford introduced the school savings bank system on the 10th of April. It is new in Canada, but it has been in use in Europe for over sixty years, and has been tried in the United States, where since 1885 it has spread to about 400 schools. As a means of practically teaching thrift it is highly spoken of by the educators who have watched its effects.

THE PREVALENCE OF APPENDICITIS.

Dr. Eugene C. Savidge in the Medical Record.

Surgeons admit that 75 per cent. of all cases of appendicitis will recover without operation, but claim that 98 per cent. could be saved by operating promptly on every case as soon as discovered. This discloses a debate of great significance, for physicians are disinclined to turn all cases to the surgeon. Morris has estimated that there are 200,000 new cases of appendicitis discovered each year in the United States. If this is true, and the surgeons are right, 46,000 of them would be ruthlessly sacrificed under medical treatment. But physicians assert (and I wish I knew whether truly or not) that autopsies upon subjects who have died from other diseases than appendicitis, show old inflammatory processes about the appendix in one-third of the cases, just as old tuberculosis citracises are found in the lungs where tuberculosis has never been suspected. In other words, one-third of all coming to the autopsy table, and by inference a large proportion of the population, have gotten well spontaneously from an unsuspected trouble which would have subjected them to a life-endangering operation had they fallen into the hands of a surgeon of sufficient skill to make the diagnosis.

When surgeons extol the skill necessary to make diagnosis in doubtful cases, physicians retort that these are the cases in which diagnosis would better not be made. Obviously the subject has not crystallized and is in process of evolution. But even the laity clamour for an operation when there is recognized tumour and poisoning from pus absorption.

HAVELOCK.

(From our own Correspondent.)

Mr. A. McAuley's residence caught fire from a chimney about noon and gave the upper storey a bad scorching. What might have been a terrible fire was averted by the men of the village working hard and getting it under control. Several buildings close by were in imminent danger.

Mrs. D. Wilson, who has been visiting at her father's, Mr. Joseph Scriven, of Toronto Junction, has returned home after a prolonged visit.

Miss M. Mark, of Peterborough, spent Sunday at her brother's, Mr. James Mark, of town.

Mr. Percy Lancaster made a century ride to Belleville and return in a little over seven hours.

Havelock Brass Band serenaded several of our prominent citizens on Tuesday evening last.

Miss Eddington has returned to Toronto after a few week's visit at Mr. Graham's.

Messrs. Crossen and Fordham are putting up a butcher shop in front of the station.

Mr. Weir, C.P.R. brakeman, has moved into the house recently occupied by Mr. T. Smith at the West End.

Two of our citizens got into a mud hole coming from Campbellford recently, and but for the timely arrival of Messrs. Chapman and Haskill might have been there yet.

Mr. John Toman has taken charge of the C. P. R. boarding house.

Many of our citizens purpose taking in the sports at Peterborough or Campbellford on the 24th May. Others intend going to Norwood, and others wish there may be an excursion to Jubilee Point.

Bismarck's Iron Nerve.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidney and Bowels are out of order. If you want these qualities and the success they bring use Dr. King's New Life Pills. They develop every power of brain and body. Only 50c. at J. Lynch's drug store.

CITY CLOTHING STORE.

Half Sick Half Well

Many persons have their good day and their bad day. Others are about half sick all the time. They have headache, backache, and are restless and nervous. Food does not taste good, and the digestion is poor; the skin is dry and sallow and disfigured with pimples or eruptions; sleep brings no rest and work is a burden.

What is the cause of all this? Impure blood.

And the remedy?

Ayer's Sarsaparilla

It clears out the channels through which poisons are carried from the body. When all impurities are removed from the blood nature takes right hold and completes the cure.

If there is constipation, take Ayer's Pills. They awaken the drowsy action of the liver; they cure biliousness.

Write to our Doctor.

We have the exclusive services of some of the most eminent physicians in the United States. Write freely all the particulars in your case. You will receive a prompt reply, without cost.

Address, DR. J. C. AYER, Lowell, Mass.

REV. CANON DANN.

Catholic Record.

Among the local items of the Brantford Courier of the 16th ult. we notice a synopsis of Canon Dann's lecture on Ireland's patron saint. We should have no reason to draw special attention to the Rev, Canon's lecture on so appropriate an occasion and time as the eve of St. Patrick's day, the Canon himself being an Irishman to the manor born, but we are surprised at his repetition of the inuendoes and innaccuracies that were corrected and proved utterly untenable in a controversy with Rev. Father Flannery about three years ago.

Speaking of St. Patrick's origin the Canon says: "His parentage of British clergy, his father being a deacon and his grandfather a priest of the British Church—"

It would be too liberal a concession to Catholic teaching and discipline were the Canon to add that both Potitus, the grandfather, and Culphurnius, the deacon and father of St. Patrick, became ecclesiastics after the death of their respective wives. One of the most celebrated antiquarians in Ireland, Most Rev. Dr. Usher, Protestant Archbishop of Armagh — appointed thereto in 1640 by Charles I., of England, — did not hesitate to make the statement which Canon Dann ignores, viz., that his father (St. Patrick) was Calphurnius a deacon, son of Potitus a priest, who had taken orders after the death of their wives. (Usher, Primord, Chap. 17—Page 822).

The Rev. Canon explained to his audience what sources are available for information and how they are classified. They are, 1st, the early records in the book of Armagh, dating from about 800 A.D., the manuscripts of which contained a copy from St. Patrick's own handwriting, of his Confessions and other writings.

If the Rev. Canon were sincere in his advocacy of historical truth, and if he had applied to the proper quarters for correct information, he should have acknowledged that his theory is all wrong about St. Patrick having derived his mission from Eastern sources independent of Rome. Dishonest writers of history delight in general terms such as "Eastern sources." What "Eastern sources" besides Rome could St. Patrick have approached? Possibly Rome's would-be rival, Constantinople, where the Christian religion flourished in all its pristine glory in the days of St. Patrick. But at the very time St. Patrick came to preach in Ireland, the patriarch of Constantinople, Nestorius was condemned (A..D 431) in the General Council of Ephesus for maintaining that the blessed Virgin Mary "should not be called the mother of God." St. Patrick was then in Rome and a witness of the public rejoicings in honour of the great event, and the same pope who called the Bishops of the world together — St. Celestine—consecrated St. Patrick, and commissioned him to preach the Christian faith in Ireland. (A. D.) 432 Canon Dann should have mentioned something more definite than "Eastern sources," while denying that St. Patrick had his mission from Rome. He could not have from Alexandria, in North Africa, a different mission and message from the mission he received in Rome. St. Cyril, Archbishop of that city, represented Pope Celestine at Ephesus, and was the most strenuous and most eloquent upholder of Apostolic and Catholic teaching, viz, that Mary is mother of the person of Jesus Christ, Who is God.

Canon Dann mentions as sources of information "Manuscripts from St. Patrick's own handwriting of his Confessions and other writings.

The other writings are principally rules or canons which St. Patrick commanded to be observed in Armagh and other dioceses, for the propworship of God in the Holy Sacrifice of the mass, for the administration of the sacraments, the reading and copying of Holy Scripture, and for the preservation of unity and discipline in the Irish church.

The following manuscript in Latin from the handwriting of St. Patrick is still most carefully preserved in the Book of Armagh. It completely upsets all Canon Dann's assertions of St. Patrick holding his mission from "Eastern sources, independent of Rome."

"Quaecumque causa valde difficilis exorta fuerit atque ignota cunctis Scottorum gentis Judicis, ad cathedram Archiepiscopi Hibernensium, atque hujus antistis examination em recte referenda. Si vero in illa cum sapientibus facile senari non poterit talis causa praedictae negotiationis ad adem Apolicam decrevimus esse mittendam, id est, ad Petri Apostoli cathedram auctoritatem Romae urbishabentem."

("Should any case arise that is very difficult of solution, and that is without our precedent decisions of the Irish Church, let such a case be referred to the Archiepiscopal See of Ireland (Armagh) and duly examined by the Prelate of this church. If the Bishop, however, with his counsel, cannot easily settle the difficulty, we hereby decree that any and all such cases be laid before the Apostolic See, that is before the chair of Peter the Apostle, exercising authority in the city of Rome.")

This canon of St. Patrick does not date from the eighth century, as Canon Dann would ask us to believe, but from an early date in the fifth century. Cardinal Manning, in his Essays on Religion and Literature, quotes the above canon with the remark that

"It would be difficult to show so early, so emphatic and so complete a recognition of Papal authority in the ecclesiastical legislation of any other national Church" (Manning's Essays, birth place of St, Patrick, Page 107.)

Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption. She bought a bottle and to her delight found herself benefitted from first dose. She continued its use and after taking six bottles found herself sound and well; now does her own housework and is as well as she ever was.—Free trial bottles of this Great Discovery at J. Lynch's Drug Store. Only 50 cents and $1, every bottle guaranteed.

THE PACIFIC CABLE.

British Government Open to Argument on the Question.

BRITISH COLUMBIA'S OFFER.

The Pacific Province May Be the Means of a Profitable Reopening of the Question Between the Imperial and Colonial Governments—Some Interesting News Received by Cable.

London, May 10.—In the House of Commons yesterday Mr. James Francis Hogan, Home Ruler, asked if, in view of British Columbia's offer to bear one-ninth of the cost of the Pacific cable, the Government would reconsider its own proposals, and endeavor to bring them in harmony with the wishes of the Canadian and Australian Governments.

The Secretary of State for the Colonies, Mr. Joseph Chamberlain, said that he had not yet received the replies of the Colonial Governments, but if representations were made on their behalf with reference to Great Britain's offer, they would be considered.

AMERICAN TENDERS LOWER.

English Manufacturers Cannot Compete Against Yankees in Iron.

London, May 10.—Replying to a question in the House of Commons yesterday as to whether the Indian Government had given an order for the Gokteik viaduct in Burmah to an American firm, and why British manufacturers had not been asked to make a tender, the Secretary of State for India, Lord George Hamilton, replied that the Indian Government had nothing to do with the contract. It was given, he said, by the Burmah Railway Company, which invited six English and two American firms to make a tender. Four of the former refused to bid, and the most favorable English tender required three years for completion of the work, at a cost of $590,000, while the best American tender proposed to complete the work in one year, at a cost of $300,625. The company had, in these circumstances, accepted the tender of the American company. Lord George Hamilton added that the Indian railways always gave preference to British manufacturers, but he was sorry to say that this was not the first contract in which there was a marked difference in the price and time of delivery between British and American tenders.

THE SAMOAN SITUATION.

British Soldiers Recover the American Machine Gun Lost at Vailima.

Apia, Samoa, May 4 (via Auckland, N.Z., May 10).—Everything is quiet on the island. Operations have been suspended pending the arrival of the joint commissioners from San Francisco.

After the cessation of hostilities a detachment of British soldiers visited the battlefield of Vailima, where they recovered an American machine gun that had been captured by the rebels. The country is being scoured by British and American soldiers in search for lead from which the natives might make bullets. A British planter, who had been a prisoner in the hands of the rebels for six weeks, has arrived at Apia. His experiences during his captivity were frightful, and many times he was threatened with beheading.

KENSIT BOBBED UP AGAIN.

The Anti-Ritualist Made a Disturbance at Lambeth Palace.

London, May 10.—There was a scene during yesterday's sitting of the Archiepiscopal Court which convened the day before for a hearing of the charges of ritualistic practices against the Rev. Henry Westall, vicar of St. Cuthbert's, Philbeach Gardens, and the Rev. John Ram, vicar of the Church of St. John, Timberhill, Norwich. During the proceedings John Kensit, the noted anti-ritualist, arose from his seat at the back of the guard room of Lambeth Palace, where the court is sitting, and shouted: "I wish to protest against the holding of this court."

Mr. Kensit then began to read a written protest against the "so-called spiritual court," and especially against an inquiry "by your graces, who for years have deliberately set at naught your solemn ordination vows and allowed and often promoted well-known law breakers in the church."

A storm of hisses greeted the protest, and the Archbishop of Canterbury, the Most Rev. Frederick Temple, cut Mr. Kensit short by adjourning the court for luncheon amid cheers and derisive laughter.

A MOTORMAN'S VICTORY

Over Diabetes, Gained by the Power of Dodd's Kidney Pills.

Toronto, May 8.—In a large city like Toronto, there is always much sickness, kidney disease largely predominating. The street railway employees, exposed as they are to all the inclemencies of the weather are particularly liable to kidney disease. But they all know how to conquer this enemy.

For instance; Mr. T. H. O'Reilly, 27 Niagara street, motorman, No. 624, was for three years a great sufferer from Diabetes. Every remedy failed to help him, till he began to use Dodd's Kidney Pills. Three boxes cured him.

It is cases like this, where the patient and the cure are equally well known, that are the test of a remedy, and Dodd's Kidney Pills have always stood it successfully. They cure all kidney complaints.

Soudan Open to Everybody.

London, May 10.—The Cairo correspondent of The Times says: "Gen. Lord Kitchener intends to open the Soudan to all traders on the completion of the railroad to Khartoum, and foreign goods will be admitted free of duty."

Morocco Has Settled.

Tangier, Morocco, May 10.—The claims of the United States against the Government of Morocco have been settled. The United States cruiser Chicago sailed from this port yesterday.

A SURE CATARRH CURE.

No matter what your experience has been with so-called catarrh "remedies," your ultimate, complete recovery can surely and positively be effected. Don't suffer any longer. Don't trifle with a distressing and dangerous disease when a sure cure is within your grasp. Thousands of sufferers whose condition was worse than yours have been cured and are now in perfect health. Their enthusiastic and unsolicited testimonies above beyond the shadow of a doubt that

Dr. Agnew's Catarrhal Powder

is the most wonderfully effective remedy ever compounded. It relieves the most severe case in from 10 to 60 minutes; it effects a full cure in a short time. The most eminent nose and throat specialists in the world have given it their unqualified endorsement. In all cases of catarrh, colds, sore throat, asthma, hay fever and influenza it acts like magic. It is easy and pleasant to use. It never fails to do precisely what is claimed for it. In less than an hour it will prove its worth if you will but give it a chance. A prominent evangelist gives testimony:

Rev. Warren Bentley, writes:—"While in Newark, N. J., conducting religious services, I was troubled with catarrh and used Dr. Agnew's Catarrhal Powder. It gave me great relief and I have recommended it to many among whom I have labored." Hon. David Mills, Minister of Justice of Canada, has used this remedy and highly recommends it over his own signature. At all druggists.

Dr. Agnew's Cure for the Heart cures all cases of organic and sympathetic disease of the heart. Relieves in 30 minutes. Dr. Agnew's Liver Pills are at once a mild cathartic and an invigorator, system renovator and blood maker and purifier. 30c. for 40 doses. Dr. Agnew's Ointment relieves in a day and cures eczema, tetter and all skin diseases. Cures piles in 6 to 5 nights. 35c.

LAST NIGHTS CONCERT.

The Charlotte St. Entertainment Proved a Great Success.

There was a large attendance of young people at the entertainment given in the Charlotte street church school house last night, and the programme was particularly bright and interesting.

The Rev. Mr. Crossley in a few well chosen words expressed the wish that everyone would keep order so that all might have a chance of hearing the younger performers, who were very small, one indeed being a perfect little tot, Miss Edith Williams, who gave her ecitation in a clear, unfaltering voice.

Little Lola Olstrom got a well merited encore to her recitation; and Mr. Mulligan's solo, "Will o' the Wisp," was greeted with heaty applause. The tableaux were well arranged and the groups showed up splendidly in the ruddy light so cleverly effected by Mr. Paker Crossley.

The progamme was as follows:

Chorus... ... ... "Count You Blessings"
Recitation... ... ...Miss Aggie Collins
Motion Song, "Chick-a-dee"... ... ...
Recitation... ... ...Miss Daisy Shaw
Recitation... ... ...Miss Edith Williams
Cantata and Tableau... ... ...
Intermission.
Violin Solo... ... ...Miss Maude
Recitation... ... ...Miss Austin
Duett, "Birds of the Wild Woods... ...
Recitation... ... ...Miss Florence Piece
Song... ... ...Mr. Mulligan
Tableaux, "The Three Graces... ... ...
Recitation... ... ...Miss Lola Ostrom
Recitation, "Bill's in Trouble"... ... ...
Miss Ruth.
Song... ... ...Miss Lola Ostrom
Chorus and Tableau, "Evening Payer"

FARMERS PICNIC.

To Bobcageon on Tuesday January 6th.

A farmers' picnic and excursion will be held on June 6th from Ennismore, Galway, Harvey, Emily and Smith to Bobcaygeon.

The steamer will leave Lakefield at 7 a.m., sharp, the charges being as follows: From Lakefield 60c, Young's Point 60c, Burleigh Falls 50c, Lovesick 50c, Buckhorn 50c, other points 40c. These prices include admission to the grounds.

On arriving at the grounds addresses will be delivered by Mr. J. R. Stratton, M.P.P., and others. In the afternoon a game of football will be played between Douro and Bobcaygeon for a silver cup. A long list of sports will then be run off.

Short Talk With Baby's Mother.

Your baby deserves a new carriage. A neat, well got-up carriage is an evidence of good taste, a credit to all concerned, and does baby justice. See the stock at the Peterborough Bookstore before placing the baby on wheels. You can always buy baby rigs and children's wheeled goods at this store with that comfortable feeling that you are getting the best your money can buy. A fair profit is all we ask—not too much, not too little. We sell goods cheap, but we don't sell cheap goods. Warm weather suggests hammocks. Like to show you our different styles and make you a pleased customer.

It Will be Fine.

The Measurement Party to be given by the Ladies' Aid of George Street church in the school room on Tuesday evening, May 16th, is developing in capital shape. The programme promises to be unique and very interesting, as everything, programme, refreshments, etc., will be provided by the married ladies. All available material has been pressed into service. In fact the ladies are going to show what the original idea, of a social sprang from.

Admission 15 cents. Social begins at 8 o'clock. 1d

A Dust Blast From Rubidge Stree.

The residents on Rubidge street, south of Charlotte, are preparing to go out on strike against the town water cart that is supposed to cover that beat. Unless some good cause like a water famine exists, they want this portion of the street watered and watered decently. They pride themselves on having the swellest street in town, and don't kick about paying their share of the watering tax; but there will be a kick, and perhaps Bludgets used too, if this thing goes on much longer. Since Saturday last, the street has been the scene of dust blasts that came up like monsoons.

TO CURE TOOTHACHE IN A MINUTE Use NERVOL. One application cures; if not, your money back. Equally good for Neuralgia and Headache. 25c, at all Druggists.

FUNERAL OF THE LATE THOMAS CONNAL.

His Remains Laid at Rest This Afternoon.

The funeral of the late Thomas Connal took place from his father's residence, Brock street, at 3 o'clock this afternoon to the Little Lake Cemetery, and was one of the most largely attended that has taken place in Peterborough for years.

The funeral services were conducted by Otonabee Lodge, I.O.O.F., who were represented to the number of eighty.

The floral tributes were many and beautiful and included wreaths from the officers of the 57th Battalion, The Peterborough Hardware Company and Otonabee Lodge, I.O.O.F.

The pall bearers were Messrs. F. McKay, W. H. Meredith, and W. Higgins representing Otonabee Lodge, I. O.O.F., of which the deceased was a member, and Messrs. Fred Dixon, John Brown and Thomas Ferguson, personal friends of the deceased.

The funeral services at the house were conducted by Rev. J. G. Potter, of St. Andrew's church.

DEATH OF A. V. R. YOUNG.

His Demise Occured in Yonkers New York State.

Word was received in town last evening of the death of Mr. A. V. R. Young, at Yonkers, N.Y. No particulars are yet to hand regarding the cause of his demise.

The deceased leaves a mother and one sister, Mrs. Charles Ranney, both of whom reside in Peterborough. In 1891 he was a member of the Town Council, and for several years prior to leaving town in 1892 was the local consular agent. Interment will take place at Yonkers.

HIS KINDNESS ACKNOWLEDGED

Mr. Percy Ownes Presents the Boy's Choir With Medals.

The members of the Boy's Choir of St. John's church, who were recently presented with medals by their organist and choir master, have acknowledged the receipt thereof in the following manner:

Peterborough, May 10, 1899.

To Mr. P. Owens, Organist and Choir Master, St. John's church, Peterborough:

Dear Sir—We, the undersigned members of the Boys' Choir, St. John's church, desire to express to you, our esteemed organist and choir master, our sincere thanks for the beautiful medals which you presented to us as a recognition of our regularity in attendance and generally satisfactory conduct during the special lental services for 1899.

We shall ever cherish them among our most valued treasures.

John Cookson. Hague Sawers.
F. Sawers Gordon Earl.
George Armstrong.

Changed Hats

Will the brother Forester who took another brother Forester's hat in mistake for his own, at the meeting of Court Littlejohn on Monday evening, kindly call at this office, and he will hear something that may help to encourage more "Liberty, Benevolence and Concord," with the brother who is minus his best hat.

St. Paul's Choir Annual Concert, Thursday Next in the Church. A Musical Treat.

FELL FROM A SCAFFOLD.

Mr. Wm. Cook Badly Shaken up at Downer's Corners.

Mr. Wm. Cook, carpenter, of Ashburnham, met with a bad accident yesterday through falling from the scaffolding of a house which he is erecting for Mr. Van Norman at Dormer's Corners. The scaffolding is about twelve feet high, and as he fell on some stones, Mr. Cook was bruised considerably and badly shaken up.

NEWS NUGGETS.

Paragraphs Picked Up and Pencilled for Public Perusal.

—The Snowden House 'bus is being newly painted.

—The work on the Matthews siding is proceeding slowly.

—Additional local news on second, third and eighth pages.

—The ladders of the fire department have received a coat of paint.

—The steamer Eclipse arrived in port last night with a scow load of hardwood lumber.

—The Wm. English Canoe Co. today shipped two fine canoes to the French River Boom Co.

—There was a quantity of hay on the market this morning at eight and a half and nine dollars a load.

—Marks Bros. Dramatic Co. play a return engagement of three nights, May 15, 16 and 17 at the Opera House. New Plays, popular prices.

—Owing to St. Paul's choir concert to-morrow night the choirs of the Charlotte street and George street churches will hold their weekly practice on Friday evening.

—You and your lady can have a sitting to-night, up till ten o'clock, at J. W. Green & Son's studio, where photographs are taken beautifully by electric light.

—The amount paid by the distillers of Ontario under the new revenue bill amounts to about $36,000, which is $2,300 more than expected. The largest fee amounts to $6,000, paid by Messrs. Gooderham & Co., Walker & Co., and H. Corby.

—The sad intelligence was received on Monday by Mr. Geo. Brummell, of North Harvey, of the death of his daughter Hannah. About a year ago she was married in Lakefield to Josiah Hunter, and went out to Rugby, Dakota. She was 28 years of age. The particulars of her unexpected death have not been received.

BRUSH BINDING DEMONSTRATION

S. H. & M. Bias Brush Edge

The wear of all other binding put together will not outwear the wear of its indestructible durability. Rich in soft dressy elegance, wear and beauty both in one, and the natural curve perfectly fits your skirt-roundness. If you buy a ready-made skirt it will pay you to be sure that it is bound with it.

S. H. & M. is stamped on every yard.

COMMENCING THURSDAY, OUR BARGAIN DAY.

Come and see the reason why the S. H. & M. Brush Binding is so much superior to other Brush Bindings.
